TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Lancaster qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To chose a Town Clerk, a Town Treasurer, one Selectman for three years, one Trustee of Trust Funds for three years, one Library Trustee for three years, three members of the Col. Town Spending Committee for three years and other necessary officers for the ensuing year.

2. To raise and appropriate such sums of money as may be necessary for Town officers' salaries and expenses, for election and registration, Municipal Court, Town Hall, Police department, Fire department, Legal expenses, Health department, Vital Statistics, Sewer maintenance, Town maintenance, Street lighting, Garage repairs, Library, Town Poor, Old Age Assistance, Memorial Day, Parks and Playgrounds including Band concerts, Cemeteries, Regional Development, Civic & Trade Association, Pruning Trees. Lease of land for Timber Salvage, Interest on Temporary Loans, on Bonded debt, on Long Term Notes, for Town Road aid, Sidewalk construction, New Equipment, Payment on Bonds. Long Term Notes, Sewer construction and for all other town expenses.

3. To direct how money raised for the above purposes be expended.

4. To see if the town will vote to authorize the Selectmen to hire money on temporary notes in anticipation of taxes, covering period from March 14, 1939 to the Annual Meeting of 1940.

5. To see if the town will authorize the Selectmen to administer or dispose of any real estate acquired by the town thru Tax Collector's deeds.

6. To see if the town will authorize the Selectmen to distribute the blank inventories at the time they examine and appraise the property to be taxed.

7. To transact any other business which may legally come before said meeting.

Given under our hands and seal at Lancaster, this 27th day of February, 1939.

ARTHUR F. STICKNEY.

GEORGE E. STONE.

WM. R. GALBRAITH,

Selectmen of Lancaster.

A true copy of the warrant—Attest:

ARTHUR F. STICKNEY.

GEORGE E. STONE.

WM. R. GALBRAITH,

Selectmen of Lancaster.

CHAIRMAN'S REPORT

One of the aftermaths of the World War has been the introduction into the English language of many new words, each with a distinctly new meaning—the definition of these new words varying as widely as there are individuals using them. Prominent among these new words is the word COMMUNITY, which the Colonel Town Spending Committee has used rather freely in designating their various enterprises.

No doubt each person has a very definite definition for this word. From the Committee's point of view, we like to think of a community as meaning an effort on the part of the people to make a certain section or area function as a family. If Colonel Town had this thought in mind and visualized the town of Lancaster as one family, an analysis of the happenings in an average family might present to us a picture of the plan and dream Colonel Town had when he made his bequest to the Town of Lancaster.

Every family has a certain definite income which must be distributed among its members for the mutual welfare of all. A certain percentage of this income must be used for the sustenance of life, in which all members of the family participate. Parts of the income can be and often are used for individual members of the family while the other members of that same family receive only indirect benefit or pleasure in seeing the joy and happiness manifested by the recipient. The boy in the family derives a great deal of pleasure out of a pair of skates, a ball bat, and other pieces of equipment common to boys. Frequently the father and mother have gone past the period where these pieces of equipment are of any direct source of pleasure to them. Still the father and mother are willing to buy them for the boy out of the family in-

come and feel amply repaid in the pleasure and happiness they give their son. A doll, doll-carriage, and similar things are the source of a great deal of pleasure to the daughter of the family, while the son, the father or mother cannot personally derive much pleasure in using them themselves. Sometimes a percentage of the income is used for the purchase of tobacco to fill the father's pipe, buy him cigars, etc., and more often than otherwise he is the only member of the family who derives any pleasure from this particular pastime. However, the family as a whole are happy to make their sacrifice in the family income for something personal for Dad and are amply repaid in the comfort he gets from smoking. Mother derives considerable pleasure from her visits to the beauty parlor where she receives permanents, marcel, etc., purely personal for mother alone to which the other members of the family derive pleasure only in so far as they know Mother is happier and hence they are willing that a certain percentage of the family income should be used for this purpose. Sometimes parts of the income are used to purchase such things as automobiles, improvements to the home, radio, etc., of which all members of the family can and do derive their proportionate share of pleasure.

In other words, this family makes a very definite division of the family income. First, part in which all members of the family participate in the pleasures purchased—and second, certain amounts which are purely personal and from which only one receives the direct use or benefit but for which all members of the family are willing to pay because of the pleasures they render to the individual receiving the direct benefits.

In taking this point of view, that a community

is a family, the responsibility of the Spending Committee seems to occupy the same position as the responsibility of the member in the family who handles the family funds. As much as possible of the fund should be spent for those things in which all can participate and derive direct benefit. Such expenditures would include the maintenance of the House, Community Field, Community Camp, etc. On the other hand, there are certain expenditures which may be limited in the direct benefits which they render to the community family as a whole, such as bowling alleys, tennis courts, swimming pool, skating rink, scholarships, high school transportation, golf, etc. These expenditures benefit only certain members of the community family while the other members may derive their pleasure in seeing the favored group enjoying themselves. It has been the ambition of the Spending Committee so to administer the funds available to them as far as they were humanly able that Lancaster as a community might function as a community family and that all members of this community family will derive, directly or indirectly, the maximum amount of pleasure from Colonel Town's gift. We all realize that Lancaster is a favored community as the result of the kindness of Colonel Town and can have some luxuries which every town would like.

However, maybe Colonel Town had something bigger and better in mind than those things that can be bought with his money. If that thought was to make Lancaster a big, happy community family, each doing his part and making his sacrifices for the future betterment of the other members of the family, then perhaps the money and what it buys will be only a by-product to his chief ambition—brotherly love and happiness for each person in the town of Lancaster.

DAN A. O'BRIEN,
Chairman,

Secretary's Report

The Committee followed the policy of meeting during the year only on such occasions as were necessary to make appropriations or adopt policies which were timely and urgent. The major part of the appropriations was postponed until all of the income had been received from the Trustees in order that the Committee might work with intelligence in adjusting their appropriations to fit the amount of money which they had available.

Although the Treasurer's Report covers in detail the various appropriations made by the Committee, some comments relative to decisions and reactions of the Committee seem more or less worthwhile. Time has made adjustments both with the Committee and with the people in the town to such a point that the major functions of the Spending Committee are now a part of the regular routine of the town. This has materially reduced some of the problems which the Committee has had to face in the past.

The House is used freely by several groups in town, in some instances as many as three or four organizations taking advantage of its facilities at one time. The gymnasium, although used largely by the school in their athletic and various school functions, also has contributed to many other demands of the community, each year showing more use made of the hall by various organizations and groups.

For a number of years the Committee has faced the problem of trying to maintain a satisfactory temperature in the entire house with the one heating plant. Heating engineers and insulating organizations have each presented their solution to the problem. Before installing a second heating plant, one for the use of the house and one for the hall, the Committee decided to try insulation. After studying the question

of this type of heat-saving, the opportunity for insulation was presented to all the reputable insulating concerns in the area for their bids. The contract has been awarded to the Eagle Rock Company and has not been entirely completed at this date. Although only partially done, definite improvements have been reported regarding the temperature of the hall and some slight fuel savings have also been reported. The improvements in this connection include insulating the ceiling of the gymnasium, insulating the stage with Gold Bond insulation board, and an insulating job of the attic and side walls of the third floor in the main house. Enough storm windows also have been added to provide each window in the building with this type of protection. It is expected by the Committee that a decided improvement will be made both in the amount of fuel consumed and in the comfort of the people in the building as a result of this investment. Inasmuch as it was not found possible to make this until after all the money had been received from the Trustees, which was in March, the insulation job for 1938 was postponed until the winter season was half over.

The tennis courts continue in their popularity and were used freely by local players. Although the courts are sometimes used by people from outside town, the Committee has always maintained the attitude that residents of the town of Lancaster, both rural and village, had preference. One of the most popular spots on the Colonel Town property this year has been the baseball park on the Community Field. To assist the baseball committee in carrying out their plans, a new diamond was built and a grand-stand was constructed. From all reports of players and others, both local and visitors, Lancaster had a relatively satisfactory baseball field as compared with other fields in neighboring towns. As a result of

baseball the Community Field contributed more to the pleasure of the people of Lancaster in 1938 than at any time during its previous history.

The Community Camp continued to maintain its popularity. This camp was under the supervision of Frank Leavitt who has served in the capacity of Superintendent for several years. Many improvements are badly needed at the Camp and it is hoped that in 1939 sufficient funds will be available whereby some of these improvements can be made. If the camp continues to increase in popularity at the rate in which it has for the past three or four years, additional facilities for recreational enjoyment should be added to those that are now available.

The Committee continued some projects which they have been interested in for the past few years; namely assistance to the skating rink, Juvenile department of the Library, assistance to the Hospital Auxiliary, contribution to the golf course for which was made available one free day of golfing for any resident in the town of Lancaster, transportation of high school pupils, etc.

The scholarship fund, one of the most satisfying of all appropriations, has now reached a point where the repayments on past loans are sufficient to provide funds for the demands made for new loans. This fund has been administered by D. M. White, the only person serving that is not a regular elected member of the Committee. Mr. White and his committee are to be complimented on the efficient manner in which this fund has been administered.

Following the regular appropriations the Trustees received payment on some holdings which they had that had previously been passing their dividends. As a result of these back payments they turned over to the Spending Committee three thousand dollars late in January, 1939. The Committee, after carefully

weighing the matter, decided that inasmuch as all appropriations for the year had been made that the wisest use for this money might be applying it on the loan against the property. As a result, an additional three thousand dollars was paid on the loan this year. This act, in the estimation of the Committee, would liquidate the loan one year earlier and make possible the amount paid on the loan for annual expenditures in the town at an earlier date.

The Committee has met all requests made to them by people in the town for all projects that would conform to the stipulation of the Will and have used such surplus as they had available for making improvements that they felt were most demanded by the people of the town and the trends in the use that was being made by the townspeople of the Colonel Town property.

EVELYN MOYLE,
Secretary.

A fairly accurate survey of the use made of the building discloses:

(A) Patrons paid for and rolled 6222 strings on the alleys. Women rolled free of charge 1388 strings. (These do not include the vast number rolled by school pupils for which no charge is made.)

(B) The Hall has been used for Basketball activities a total of 485 hours.

(C) The building has been used for other special purposes an aggregate of 400 hours.

(D) Parties 35, Dances 11, Basketball games 48, Committee meetings 179.

Unity Club meets twice a month except during the summer. Eighth Grade Graduation, Prize Speaking Contest, High School Graduation and Reception were held in the auditorium.

The Tennis Courts were opened May 25th and closed Nov. 1st, 1938. Seventeen hundred persons played tennis during that time.

Many visitors have been shown through the building the past year.

I wish at this time to extend to the citizens of Lancaster our appreciation for the many kindnesses shown during the past year. Especially do we thank our young people who use the building nearly every day for their splendid co-operation.

Respectfully submitted,

M. J. DALEY,

Superintendent.

REPORT OF SCHOOL COMMITTEE

At the annual meeting of the Town School District in March, 1938, Mr. William R. Galbraith was re-elected for the three-year term.

Since only four pupils resided in the Great Rock District, it was considered wise to transport these pupils to the Grange School.

A matter that should receive the serious consideration of the citizens is the problem of aiding in the transportation to the high school. Unless some help is made available, it will mean that some worthy

pupil will be denied a high school education. It is recommended that this matter be given definite consideration at the next school meeting.

WILLIAM GALBRAITH—Term Expires 1941

RALPH D. SHUTE—Term Expires 1940

CHESTER MARSHALL—Term Expires 1939

School Board.

REPORT OF THE SUPERINTENDENT

To the Honorable School Board and Citizens of the Lancaster Town District:

Seven rural schools are in operation this year. As groups of children from Grange Village were attending three of the other schools, it was decided to close the Great Rock school and reopen the Grange school. Eighteen pupils are now registered at the Grange with Mrs. Morse in charge.

Enrollment

The enrollment this year shows an increase for the first time in several years, due almost entirely to county children. Gore school continues to be the largest with an enrollment of twenty-seven.

Repairs

The usual cleaning and painting was performed last year. A new fence was built at No. 6 and a new door installed at No. 11. Four of our rural schools are now provided with electric lights.

Industrial Arts

The most popular course at the Academy for the boys from the town district is the Manual Training Department. As the majority of the boys will return to the farm after graduation, the three years spent in the shop provide a most valuable training. The work of the first year is termed Practical Mechanics. This covers not only the fundamentals of wood working, but simple electric wiring, forge and cement work

as well. The second year course is devoted almost entirely to cabinet making, while in the third year, the principles of Mechanical Drawing are taught. The citizens are urged to attend the open night of this department which is held in the spring and see the boys at work.

Respectfully submitted,
WILLIAM G. FULLER.

PUBLIC HEALTH NURSE'S REPORT

To the School Board of Lancaster's Town District:

This report includes a part of two school years. Seven rural schools are now open.

Number of children examined by Dr. Bronson	124
Number of children absent for this examination	5
Number of visits made by School Nurse	82

Kind and Number of Defects Found:

Vision	7
Pupils with defective teeth	57
Diseased tonsils and adenoids	27
Enlarged glands	2
Skin diseases	13
Cardiac murmur	1
Pediculosis	4

Kind and Defects corrected or treated:

Skin diseases	13
Tonsils and adenoids	9
Pupils with teeth corrected	47
Enlarged glands under treatment	1
Vision	1
Pediculosis	4
Arranged and attended tonsil clinics	2
Arranged and attended dental clinics	6

Work accomplished on Nurse's Visits — Children weighed and measured, vision and hearing tests given, skin inspections made, cod liver oil placed in all schools, parents notified about Toxoid and T. B. clinics and Child Health Conference, homes visited in interest of tonsil correction or other necessary work.

Respectfully submitted,

MARY H. CAREY,
Public Health Nurse.

Auditors' Report

Feb. 13, 1939. Audited and found correct with proper vouchers.

A. J. KENNEY,
L. B. HOLTON,
Auditors.

Librarian's Annual Report

The Weeks Memorial Library has, in its adult department, 9,303 books which include Reference books and bound magazines—although for the past two years we are binding only the National Geographic. This magazine, together with the Atlantic Monthly, are the highest grade magazines in the library, and are read to a great extent. An addition to the periodicals for 1939 is the Catholic Digest donated by the Daughters of Isabella, which is of value.

The money assigned for books by the town is not what it was in former years, and we have only 115 added this year, 14 being gifts, for which we to the donors are very grateful.

The Bookmobile, from Concord, is a new institution, beginning its career last June in Northern New Hampshire counties. This "Parnassus on wheels" plans to visit the rural district at least six times a year, and while we are not able to make all selections required by many of the readers, still this project helps out.

The English teachers select, from time to time, many of our best books both fiction and non-fiction, hoping to stimulate a taste for good literature. The Reference books in the reading rooms are used daily

by the students. This year the output of books has numbered 15,496, of that number 2,860 are non-fiction, an average of 50 a day.

Our guest book, which has been on duty for the past two summers for visiting tourists, records 158 names last year.

Seventy-two dollars has been received for fines and turned over to the Treasurer.

PERIODICALS—American Magazine, American Boy, American Girls, American Forests, Atlantic Monthly, Better Homes and Gardens, Child Life, Cosmopolitan, Good Housekeeping, Hobbies, National Geographic magazine, Nature magazine, News Week, Popular Mechanics, Popular Science, Readers Digest, Saturday Evening Post, Scribners Magazine, St. Nicholas, Stamps, Time and Wee, Wisdom.

Respectfully submitted,

MARTHA W. BRACKETT,

Librarian.

Juvenile Library Report

Many interesting exhibits were to be seen in the Children's room this past year, among them being a stamp collection, dolls from many lands model airplanes, and posters depicting book characters.

The institution of a Book truck by the State Library Commission was an important innovation. Used to supplement the book supply, the libraries are privileged to borrow approximately 30 books each visit, which occurs every six weeks, and to exchange for others at that time.

Book Week activities were carried on as usual with the High School and Grammar grades co-operating. Several story hours were held for the children of the Primary Grades, with Mrs. Louis Bragg as story-teller.

There is an urgent need for replenishing the book stock, especially books for the youngest readers. Once the interest in good books is gained, there is no bounds for the appetite of the child, therefore it is most necessary to keep him supplied with plenty of material. As the wear and tear on most juvenile books is so great, the additional books bought each year hardly keep up with the worn out ones. It is suggested that a certain sum be granted to build up the Juvenile collection to give a stimulation to greater reading, and better service.

Special thought has gone into choosing books loaned to the teachers of the District schools, and to parents. Aid was given to people desiring to buy books for the children's own use, also.

Number of books added—55, among these 23 being gifts. Circulation—6,506.

ELAINE F. HICKEY,
Juvenile Librarian.
