TOWN WARRANT

To the Inhabitants of the Town of Merrimack in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Merrimack High School Auditorium in said Merrimack on Tuesday, the ninth day of March, next at six of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To choose all necessary School District Officers for the year ensuing.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

- a. Town Officer's Salaries
- b. Town Officers' Expenses
- c. Election and Registration Expenses
- d. Municipal Court Expenses
- e. Town Hall Expenses
- f. Employees' Retirement & Social Security
- g. Police Department
- h. Fire Department
- i. Blister Rust
- j. Insurance
- k. Planning and Zoning
- l. Health Department
- m. Sewer Maintenance
- n. Town Dump Maintenance
- o. Town Highway Maintenance: Summer, Winter
- p. Street Lighting
- q. Town Road Aid
- r. Library
- s. Town Poor
- t. Old Age Assistance
- u. Memorial Day
- v. Parks and Playgrounds
- w. Cemeteries
- x. Civil Defense
- y. Interest on Temporary Loans
- z. New Equipment
- aa. County Tax
- bb. School Tax

4. To see if the Town will vote to adopt the provisions of the Municipal Budget Law.

5. To see what action the Town will take regarding the acceptance of new streets.

6. To see if the Town will vote and appropriate the sum of \$150.00 for the Merrimack Valley Region Association.

7. To see if the Town will vote to authorize the Selectmen to utilize the revenue from building permits to pay the Building Inspector.

8. To see if the Town will vote to authorize the Planning Board and the Selectmen to take any action necessary to enable the Town of Merrimack to carry out a planning project by participating in the Federal Urban Planning Assistance Program; and, further, to see if the Town will vote to raise and appropriate the sum of \$4,000.00 as the Town's share of the cost of such program.

9. To see if the Town will require property owners to number their houses.

10. To see what action the voters will take regarding the construction of a sewer system.

11. To see if the Town will vote to authorize the Selectmen to file in behalf of the Town an application (in form and manner required by the United States and in conformity with P. L. 560, 83rd Congress) and do whatever else may be required for an advance, in the amount of \$12,000.00, to be made by the United States to the Town of Merrimack to aid in defraying the cost or revising the preliminary report and plan for sewerage and sewage treatment facilities for the Town of Merrimack, and, further, to see if the Town will make the necessary arrangements to provide such additional funds as may be required to defray the cost of preparation of the report and plans.

12. To see if the Town will vote to authorize the Selectmen in behalf of the Town an application (in form and manner required by the United States and in conformity with P. L. 560, 83rd Congress) and do whatever else may be required for an advance, in the amount of \$100,000.00, to be made by the United States to the Town of Merrimack to aid in defraying the cost of final plan preparation for sewerage and sewage treatment facilities for the Town of Merrimack, and, further, to see if the Town will make the necessary arrangements to provide such additional funds as may be required to defray the cost of preparation of the report and plans.

13. To see what action the voters desire to take in conjunction with the report of the special committee on the Twin Bridge area.

14. To see if the Town will vote to accept trust funds offered to the Town for the care of cemetery lots.

15. To see if the Town will vote to continue the 20-cent penalty on Poll Taxes not paid on or before September 1st.

16. To see if the Town will vote to allow a discount for the early payment of taxes.

17. To transact any other business that may legally come before this meeting and take any action relating thereto including the making of appropriations to cover the same.

POLLS FOR VOTING WILL BE OPEN FROM SIX O'CLOCK IN THE MORNING UNTIL SIX-THIRTY O'CLOCK IN THE EVENING.

ARTICLES OF THE WARRANT WILL BE TAKEN UP BEGINNING AT 7:30 P. M.

Given under our hands and seal, this seventeenth day of February, in the year of our Lord nineteen hundred and sixty-five.

SELECTMEN'S REPORT

During 1965 the Town Road Aid funds in the amount of \$9,048.75 were expended on re-construction of the Peaslee Road which is about one-half completed. It is proposed to use the 1965 TRA funds in completion of this project as it is a school bus road.

The construction of the fire-proof vault in the Town Hall, as authorized at the last Town Meeting, has been completed and is now in use for the storage of permanent Town records.

The construction of a new ready mix concrete plant known as Pre-Mix of New Hampshire, was started in the fall of 1964 and it proposes to commence operation early in 1965. The construction of this plant represents the latest addition to Merrimack's growing industrial community.

The Planning Board, appointed in accordance with your vote at the last Town Meeting, has been working throughout the year. The results of its year's efforts are represented by the zoning ordinances adopted at the Special Town Meeting on November 10, 1964 which are being consolidated with previous zoning regulations and will be available for distribution in printed form early in March.

During 1964 there were issued 90 residential building permits and 6 permits for the construction of industrial or commercial property.

Our community was one of those that voted to retain its Municipal Court under the District Court Act of 1963. The work load handled by our Municipal Court is explained in the special report in subsequent pages. The maintenance of our Municipal Court in Merrimack results in a substantial contribution to the Town's income.

HERSCHEL W. COX
EDWARD J. HASELTINE
HAROLD V. BUKER

MERRIMACK POLICE DEPARTMENT

This department with the cooperation of the Town's people ran two successful whist parties for the purpose of procuring funds to purchase a resuscitator. This unit is stored in the cruiser and its use is available to all. We want to extend our thanks particularly to Office Arthur Timmins, Chairman of this committee, who devoted many hours to make this successful. To Father Denis Downey for the use of Our Lady of Mercy Church and his participation. To Ronald Farland who headed the special donations and to everybody that contributed to this worthwhile and needy cause.

Once again we bring to your attention the teenage drinking and driving after drinking problem. While this problem is still a small one it is a very serious one. Since it would be costly to discuss this in this report the Police Department would be very happy to discuss this with any individual or group organization. Please feel free to contact us.

The curfew law is working out very nicely. However, it is too early to determine its full effect on our younger population. During the winter months, Mother Nature discourages outside activities and we don't have so many problems. On the other hand, when Mother Nature opens the Gates during the warm months we do anticipate some problems.

The Juvenile Court sessions that are held in the Judge's Chambers of the Municipal Court room are very effective. Mr. Charles Morrill is to be commended for his part in dealing with the few who go astray. Mr. Morrill is very fair and understanding and is extremely interested in our youth.

The Police Department of Merrimack and members of the Department of State Police are very proud; not only of our Court room and procedures but also of the way Justice is handled.

In conclusion we would like to inform you that we have throughout our Township a very good group of teenagers. A group that the Police Department is proud of and for teenagers that read this report and our complaint and investigation list, you will get a lot of satisfaction in knowing that you represent a small part of it.

FRANK R. FLANDERS

During the past year we experienced a very dry season. Through this crucial period with the co-operation of the public, we were very fortunate in not having any serious fires. However, the fire department did receive many calls requesting the fire department to use its equipment and men to fill wells and carry water for other purposes. Much to our regret, we had to refuse these requests due to the fact that being a volunteer fire department it is difficult to find men who are available to go out on these calls; also, that it would be unwise to use the equipment for any other than emergency purposes.

Below are listed a few helpful hints that may help prevent fires in the home:

Keep large, noncombustible ashtrays handy, and use them. Never use plastic coasters.

When emptying ashtrays, make sure all tobacco and matches are out. You might even sprinkle water over the contents, or empty it in the toilet.

NEVER SMOKE IN BED! You might fall asleep and drop your cigarette. This might start a fire; the toxic gases from it could asphyxiate you before the heat woke you up.

Check lamp and extension cords frequently. Replace any which are worn or broken. Don't use multiple outlets. Unless qualified, don't try to repair your TV set. It's much too complex for "tinkering." Fire or severe shock could result. If your set needs fixing, call a TV repairman.

In case of fire dial 4-5571. State location of fire. Do everything you can to keep the fire from spreading. Keep buildings closed as much as possible, and upon arrival of fire department, give them information which may be of help to them.

Please keep all roads open so trucks can go and come at will, without being hindered by cars parked in the road.

GEORGE J. ALLGAIER
Fire Department Chief

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

LIBRARY HOURS —	
Monday evening	7 to 9 pm
Wednesday	9:30 am to 12 noon 2 to 5 pm
Saturday	7 to 9 pm 2 to 5 pm

REGULATIONS REGARDING BOOKS:

New books and best sellers — One Fiction and One Non-fiction only, will be allowed each borrower WITHOUT RENEWAL, while such books are in demand.

OVERDUE BOOKS:

Reminder cards will be sent for one week overdue.

Second cards will be sent for two weeks lapse. Then a bill will be presented for the price of the book or books, and library privileges will be cancelled until such time as the book or books are returned and the fines paid, or the price of the books refunded.

The fine is one cent per day for each day overdue.

1,238 books were borrowed from the Bookmobile. Our source of supply from now on will be from the Exeter Bookmobile.

36 books were also borrowed from the State Library, Concord. The borrower is expected to pay the return postage.

The Schools by classes are still welcomed at the library on Wednesdays. We again request that Students requiring reference material submit their requests in advance — this will enable the librarians to search for fuller details not presently at hand, and in so doing be of greater assistance to the students.

“Children’s Book Week” was observed from November 16th to the 21st.

Open House was held in the evening of November 16th so that parents and friends could see our new Children's room in the basement. Refreshments were served with Mrs. Ethel Mitchell Smith as pourer.

The new room is very light, well equipped with ample book space. Members of the Extension Group made and gave curtains for the windows. Mr. Hobart Carlton made four small stools to be used by the younger children.

During that week we had on display many new books purchased and donated for children and adults.

We take this opportunity to state our appreciation to Mrs. Ethel Smith for her able assistance in our work of repairing, mending and re-covering the numerous books needing repair that pass through our hands during the course of the year.

REPORT OF THE BOARD OF HEALTH

There was the usual run of infectious diseases with no case of Polio reported; in fact there were about 125 cases of Polio reported in the entire United States. This fact is probably due to the mass inoculations against Polio. I would urge parents to take advantage of Measles vaccine now available and perhaps Measles will be as well controlled as Polio.

Due to the continuing building program in Merrimack there was a large number of sewage systems to be inspected.

Several homes were inspected as to the desirability as foster homes.

Several people called because of lack of water in their wells. This of course was beyond the scope of the Health Department.

LUTHER A. MARCH, M.D.
Health Officer

CIVIL DEFENSE

A few meetings were held during May and June then were suspended due to lack of interest on the part of the townspeople. The radio purchased for Civil Defense is used each week, except for the summer months, for a County Net Drill. This Net meets each Tuesday night at 7:30 P.M. on a frequency of 147.38 MC. This is strictly an emergency Net and only meets on regular schedule or during an emergency. It is possible, with the addition of another radio set, to be able to contact either the Manchester Police or Fire Departments on a 24 hour basis.

One of our problems is to locate a fall-out proof room for Civil Defense Communications. The National CD Agency has stated that until such time as this is done, there will be no matching funds available for Police or Fire Dept. radios.

CD meetings will be resumed on January 29, 1965 and will be held regularly on the last Friday of each month. The meetings will be held at 7 P.M. in the CD room in the Town Hall . . . Please enroll with your Local CD. There is a lot of organization to be done and we need your help to make the Merrimack CD a success.

MERRIMACK TOWN PLANNING BOARD

REPORT FOR 1964

At the 1964 Annual Meeting, the Town voted to establish a Planning Board under the provisions of Chapter 36 of the New Hampshire Revised Statutes Annotated, and the Selectmen thereafter appointed seven members to serve on the Board. In this, its first report to the Town, the Planning Board would like to do three things: (1) outline the activity in which it has been engaged since March, 1964; (2) comment on the importance of implementing and enforcing existing laws and ordinances of concern to the Planning Board; and (3) indicate the direction in which the Board feels it should proceed in carrying out its responsibilities.

Soon after its organization, the Planning Board decided that there were certain specific problem areas which needed prompt attention and voted to prepare recommendations for Town action to meet these problems. Among other things, the Board felt that the proper development of the Town required more adequate regulation of lot and yard sizes, mobile homes, junk yards, and building practices. Many meetings were held during the spring and summer to prepare recommendations for Town action, and two public hearings were held in September. On November 10th, the Board's recommendations were presented to a special Town Meeting, at which all of the recommendations were adopted.

It is not enough to adopt ordinances. We must work toward implementing the changes voted on November 10th and cooperate in seeing that the provisions of the zoning ordinance and building code are complied with. The Planning Board feels that the following actions are particularly important and that they will, when accomplished, be of significant value to the Town:

1. Appointment of a building inspector;
2. Appointment of a board of adjustment;
3. Making copies of the amended zoning ordinance and the building code available; and
4. Taking steps to license junk yards and enforce junk regulations, which become effective May 10, 1965.

The Planning Board is directed by law, among other things, to make and perfect "a master plan for the development of the municipality." According to the statute, the master plan shall be made with the purpose of accomplishing a development of the municipality "which will, in accordance with existing and probable future needs, best promote health, safety, morals, order, convenience, prosperity, or the general welfare, as well as efficiency and economy in the process of development." The Board feels that it should proceed to prepare such a master plan. It also feels that it cannot effectively exercise its zoning and subdivision regulation powers until the surveys and studies which would form the basis for the preparation of such a master plan have been made. Having been advised, and believing the advice to be true, that expert help is necessary in making a comprehensive survey and study, the Board recommends that sufficient money be appropriated to obtain such help. Specifically, the Board recommends that the Town appropriate \$4,000 to be used to pay the Town's share (one-third) of the cost of a planning project under the Federal Urban Planning Assistance Program. If such an appropriation is made, the Board will be in a position to proceed with the planning work which it feels is vitally necessary to the orderly development of our rapidly growing town.

In attempting to carry out its responsibilities in the future, the Board needs and will welcome the cooperation, help, and encouragement of the Townspeople and the various governmental and non-governmental town organizations. Planning for the future of our Town is really the concern of everybody.

Respectfully submitted,

MADLYN R. CLAY
H. W. COX
HERBERT L. DUXBURY, JR.
GERARD R. LAVIGNE
MORRIS LIFFMAN
CLAYTON J. MOORE
RALPH H. WOOD, Chairman
Merrimack Town Planning Board

REPORT OF SEWAGE STUDY COMMITTEE

MERRIMACK, N. H.

February 17, 1965

As a result of action taken by the voters at the March, 1964 town meeting, a committee was formed to study the town's needs for sewage collection and disposal. This committee was comprised of the following members: Mrs. Mary Moriarty, Franklin Haseltine, J. Wilson French, Bernard Quinney and John Lyons. At its first meeting, John Lyons was elected chairman.

The committee had available, as a basis upon which to begin its study, a preliminary report of sewerage needs for the town as prepared by the consulting engineering firm of Anderson-Nichols & Co. Inc. This report was the result of a study authorized at the 1963 town meeting and was paid for through a loan from the Housing and Home Finance Agency Community Facilities Administration. This loan is repayable without interest by the Town at such time as construction of a sewerage system might be undertaken. The committee was aware that no money was available for their effort and hence their work was limited to that which could be done by volunteer effort of the committee members.

Early in the study it was agreed that a simple agreement with the findings of the report was not in the best interests of the community. This is principally due to the fact that Merrimack has grown so rapidly in recent years that the area covered in the report does not correspond to the area of the Town now developed or presently under development. Further, the population forecasts thru the year 2,000 seem to be too conservative. The committee feels that Merrimack, due principally to its location, is going to continue to experience fairly rapid population growth and consequent housing expansion. It seems unrealistic to recommend the construction of a sewerage system that would be inadequate even before construction was started. Meetings have been held with principals of the Engineering Firm who made the study and they now agree that enlargement of the scope is wise at this time.

Members of the committee also spent much time in discussion of the relative merits of the Stabilization Ponding Sewage treatment as suggested in the preliminary Report as compared to other possible methods of treating and disposing of the collected sewage. This phase of the committee's study led into some preliminary negotiations with the City of Nashua where a large, modern, full treatment

plant has recently been constructed. Nashua city officials have indicated that their plant is adequately sized to receive and treat sewage from Merrimack and further, that they would be happy to contract to do this. Such study as the committee has been able to do without spending money for surveys and other detailed engineering, indicates that the best way for Merrimack to dispose of sewage would be into the Nashua system. To accomplish this a main trunk line sewer would be run southerly through the town paralleling the Boston and Maine R. R. to the Nashua town line where it would discharge into an interceptor line run up to that point by the city of Nashua. Further engineering study will however be necessary to conclusively demonstrate whether or not this method is preferable to construction of a treatment plant in Merrimack.

As of the date of this progress report, the committee has arranged to do two things to bring its findings up for action by the people of the Town of Merrimack. First, a public meeting has been called for Thursday Evening, February 25th, in the School Auditorium at which time a full presentation of the committee's findings and recommendations will be made to the townspeople. It is hoped that as many people as can will be present at that meeting to listen to the report and ask whatever questions they need to in order to appreciate the needs for sewage disposal in our town.

Secondly, the committee is recommending favorable action on two articles that will appear on the Warrant for the Annual Town Meeting, March 9th. The first of these articles would authorize the town officials to hire an engineer to revise and expand the preliminary Sewage Study Report. This could be done, at no immediate cost to the town, on a Federal loan as was the earlier preliminary study. The second article would authorize town officials to hire an engineer after completion of the revised preliminary report to proceed with final planning and cost estimating of a proper sewage system for the town so that the townspeople could vote on their desires to construct sewerage facilities possibly at a Special Town Meeting later in the year.

Respectfully submitted for the committee by:

JOHN LYONS, Chairman

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Merrimack qualified to vote in District affairs;

You are hereby notified to meet at the School Auditorium in said District on the 2nd day of March 1965, at 7:30 o'clock in the evening, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board, Truant Officer, and fix the compensation of any other officers or agent of the District.

2. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.

3. The choosing of Moderator, Clerk, Members of the School Board, and Trustees, Treasurer, Agents, Auditors and Committees will be done at the Town Meeting on Tuesday, March 9, 1965 in accordance with the people's vote at the March 6, 1962, School District Meeting.

4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for School District officials and agents and for the payment of the statutory obligations of the District.

5. To see if the District will authorize the School Board to make application for and to receive in the name of the District such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire or any other federal or state agency.

6. To see if the District will vote to authorize the employment of a Business Administrator for Supervisory Union #27 as provided in RSA 186: 11, XXII, XXIII, XXIV, as amended.

7. To see if the District will vote to change the date of September 30th, as the deadline for children who will attain the age of six years, to December 31st, of the same year, to be eligible for first grade.

8. To see if the District will raise and appropriate the sum of \$495,000.00 for the construction of a new High School, equipment and furnishing of same; whether the District will vote to raise such sum through the issuance of serial notes and bonds upon the credit of the District; and to authorize the School Board to determine the terms and conditions upon which the notes or bonds shall be issued, including their sale and the time and place of payment of interest and principal, in accordance with the provisions of the Municipal Bond Statute N. H. Revised Laws Chapter 72 and any amendments thereto.

9. To see if the District will allow the transfer of \$12,500.00 from the Capital Reserve Fund to reduce the total amount of money to be borrowed under previous article #8.

10. To transact any other business that may legally come before this meeting.

Given under our hands at said Merrimack this 15th day of February 1965.

SCHOOL BOARD'S REPORT

This current year, 1964-1965, of the Merrimack Schools activity has been one of smooth operation to this point. With the beginning of our fiscal year, July 1, 1964, we had a deficit of \$2,001.89 over and above what we anticipated and what was voted at our last Annual Meeting. However, we do not ask for any deficit appropriation this year for we feel we are absorbing this amount by frugal and careful expenditures this current year.

We were fortunate to secure Claude Leavitt as our Superintendent of the Supervisory Union #27. Together with Raymond Edwards, as Assistant Superintendent, these two young men have expended steady impressive application of their talents to Merrimack's problems, as well as to those of the other four school systems in our Union #27. We are advancing our overall school efficiency in an orderly manner.

The joint committee of School Board and Planning and Building Committee have spent much time to bring to you the wisest plan, in their opinion, for the town of Merrimack to pursue. The results have been projected in January to the Community and it is the sincere advice of your School Board that you give favorable consideration to the proposal of building a new high school on the Bruce site at the Annual School District Meeting March 2, 1965. It is to the town's advantage to take all the necessary steps to move forward in the building of a worthwhile Merrimack School System.

The comparison figures of the budget for last year and this year with estimated revenues are:

1964-1965		1965-1966	
Budget	\$458,579.95	Budget	\$501,995.80
Less: Receipts	100,029.92	Less: Receipts	144,464.06
	<u> </u>		<u> </u>

Total to be raised \$358,550.03 Total to be raised \$357,531.74
 The major and only real increase in our budget this year lies again in the advance of our teacher salary schedule program. Experienced teachers' salaries are brought in line with the starting teachers' salaries. We shall employ at least two new teachers in the elementary area.

If the proposed new high school is voted, the extra budgetary costs have been estimated to be about \$58,064.00. Less Building Aid of \$7,260.00 and Less Merrimack Grammar School expenses of \$1,945.00, this would then make a net of \$48,859.00, as the estimated additional cost. This includes principal and interest payments for this new school, as well as an extra teacher in industrial arts, custodial care, heat, light, and other sundry maintenance costs.

Your Merrimack School Board is not asking for any of this in their own behalf, but they are asking for your continued support in the education of your Merrimack youth.

ELEANOR M. HASELTINE
ALEXANDER F. HUJSAK
F. J. O'GARA, JR.

School Board

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Merrimack:

Today, more than ever before, improvement in the quantity and quality of public education is necessary. Better education demands an expanded and upgraded curriculum to meet the needs of every child. Adequate building facilities are required to meet the needs of curriculum changes and increased enrollments. These needs serve to point the need for continued understanding and respect for the mutual responsibilities of voters, school boards and educators. It is only by the combined efforts of all people that our educational problems can be resolved.

Every effort is made to attract and hold highly trained and qualified teachers. We are pleased to note the following additions to the instructional staff.

Miss Yvonne Caron of Gorham, a graduate of Rivier College, is teaching Math and Science at the High School.

Miss Frances Dubuc, Nashua, graduate of University of N. H., and additional courses at Rivier College is teaching grade 6.

Mrs. Rita Gobin, Manchester is teaching English at High School. Mrs. Gobin graduated from Keene State College.

Miss Judith Joncas, Old Orchard Beach, a graduate of Merrimack College, teaches English and Library Science at High School.

Miss Regina McArdle, Manchester, grade 4, attended both Mt. St. Mary and Notre Dame College.

Miss Francine Noga, Manchester, grade 2. Miss Noga graduated from Notre Dame College, also studied at University of N. H.

Miss Alice Pratte, Bedford, grade one, graduated from Notre Dame College.

Miss Constance Couture, Nashua, graduate of Rivier College, additional teacher grade 4 level.

Mrs. Rhoda Lambert, Hudson, graduate of Rivier College, is teaching grade 6.

Raymond Seamans, Milton, Massachusetts, graduate of Boston State College and additional courses at Univ. of Mass., is teaching grade 4.

Mrs. Carole Coutris, Manchester, graduate of Keene State College, is teaching grade 3.

Mrs. Camille St. Paul, Reeds Ferry, additional teacher grade one, graduate of Framingham State College.

Mrs. June H. Sampson, Francestown, graduate of Casleton Teachers College, teaches grade one.

The total school enrollment for Merrimack in 1954-55 was 522 pupils. This year, ten years later, our enrollment has reached 1,125. It is estimated that in 1974-75 the figures will approximate 1,800. If Merrimack continues to grow at the rate of the past ten years one might project 2,400 pupils by 1974-75. This indicates a doubling of school enrollment every decade. This year each of our 43 elementary and secondary classrooms is filled. By quick calculation we may project the need for 86 by 1974-75 just to accomodate our present educational program. Our needs for continued school construction is apparent.

Our needs appear to be two fold. First, we need additional elementary classrooms. Second, we need adequate facilities to allow for curricular changes, at the secondary level, which will permit Merrimack High School to become a comprehensive school as evaluated by the State Department of Education.

We would do well to consider construction of a secondary unit which would provide for needed curriculum expansion, thereby freeing present classrooms for necessary elementary expansion. These and related problems have been discussed at great length by the School Board and Joint Planning and Building Committee. It is our hope that the voters of Merrimack will give every consideration to the recommendations of these committees.

In conclusion I'd like to take this opportunity to express my appreciation for the cooperation and support that has been extended to this office by the instructional staff, school board, joint planning and building committee and the citizens of Merrimack. The educational future of the children of Merrimack is in responsible hands.

Respectfully submitted,

CLAUDE H. LEAVITT
Superintendent of Schools

REPORT OF
THE ASSISTANT SUPERINTENDENT OF SCHOOLS

Mr. Claude H. Leavitt
Superintendent of Schools
Merrimack, New Hampshire

Dear Mr. Leavitt:

The following paragraphs constitute my report as Assistant Superintendent in the School District of Merrimack, New Hampshire.

Once again we have maximum utilization of the Masticola School. Enlarged by ten classrooms just two years ago, increased enrollment has filled this building to capacity.

In September of 1965, there will be need for a minimum of two additional elementary classrooms making necessary the utilization of the Merrimack Grammer School for elementary children. This will necessitate the relocation of the high school music program to the basement of the Grammer School.

Continued growth is inevitable. Additional elementary classroom space must be made available by September, 1966. The Masticola School currently houses five sections of grade 1, four sections of grades two through four, and three sections of grades 5 and 6. It is important to note that, even without additional growth, additional sections will be needed each year.

The pattern and history of the enrollment growth suggests that in a short time first grade sections will number 6. This would represent one quarter of the available space in this large elementary school. Three years after this occurs, the Masticola School will house only grades 1 through 4. Obviously, space must be provided to house grades 5 and 6.

In that a portion of the present junior and senior high plant was constructed with upper elementary pupils in mind, a decision to locate grades 5 and 6 in that building would be a logical one. Furthermore, the utilization of the remainder of this building by grades 7 and 8 would provide these students with laboratory facilities not available to them at this time. To move in this direction would allow the Merrimack School District the opportunity to implement long-range plans for adequate comprehensive high school construction.

Despite the inevitable pressures brought about by constant growth in enrollment at the Mastricola School, instructional standards have been maintained at a high level. The efficiency with which this school facility is being operated is a credit to Principal Frank Garrahan and the collective action and attitude of the entire school staff. The people of Merrimack have reason to be exceedingly proud of the high calibre instructional program being offered their children.

During the current school year the children of Merrimack have been the recipients of the excellent services of our new Speech Therapist, Mr. David Meltzer. Mr. Meltzer serves the Merrimack schools one-half day each week. Because of increased enrollment, it is recommended that Mr. Meltzer's instructional time be extended to a full day each week beginning next September.

I would like to emphasize that maintenance of high educational standards has been in large part due to Merrimack's insistence that instructional groups be kept to reasonable size. It is my sincere hope that this policy will be a continuing one. Well trained and conscientious teachers placed in charge of reasonably sized groups of children are the primary prerequisites of excellent educational opportunities.

Respectfully submitted,

RAYMOND G. EDWARDS
Assistant Superintendent

HIGH SCHOOL PRINCIPAL'S REPORT

From July 1, 1963 to June 30, 1964

In making this annual report of the highlights of the Merrimack High School activities, I would like to thank the many parents and towns-people who have contributed so much toward the success of the activities.

The first extra-curricular activity of the school year was the participation of the Merrimack School Band in the Band Competition at the Deerfield Fair. Our school band was awarded Grand Prize in the parade and placed first in concert competition.

October — The entire student body of Merrimack Junior and Senior High School enjoyed an assembly program (lecture and demonstration) sponsored by National Aeronautics and Space Administration.

November — The Seventeenth Annual Harry Watkins Prize Speaking Contest was held on the 1st of the month. The program was as follows:

1. Marilyn Longa "China Blue Eyes"
by Alma Prudence Foss
2. Allen Penrod "Penny"
by Leota Hulse Black
3. Julie Lochren "In Case of Fire"
by Clara Lewis Seeman
4. Karen Ryan "Going Down"
by Elizabeth P. Brant
5. Pamela Johnson "Patsy"
by Kate Douglas Wiggin
6. Martha Price "The End of a Perfect Week-End"
by Leota Hulse Black
7. Kathleen Keith "The Broken Doll"
by Frances R. Sheffield
8. Joyce Harvey "The School Program"
by J. L. Harbour
9. Deborah Malette "White Lilacs"
by Leota Hulse Black
10. Merry Hanson "At the Employment Agency"
by J. L. Harbour
11. Andrea Barlow "The Noel Candle"
by Clement Moore
12. Richard Skoglund
"The Outstretched Hand of Democracy"
by Ross Fish

* * * * *

Awarding of Prizes Mr. Harry Watkins, Donor
introduced by Mr. H. Dana Taylor, Principal

* * * * *

Judges

Mr. Larry Hatfield Principal, Litchfield Elementary School
Miss Luella Blakeslee Pinkerton Acedemy
Mr. Francis Clish Pembroke Academy

The Winners and Prizes were:

1st	Kathleen Keith	\$30.00
2nd	Deborah Malette	20.00
3rd	Allen Penrod	10.00
4th	Marilyn Longa	5.00
5th	Martha Price	1.00

December — The Merrimack High School Voice of Democracy Contest, sponsored by the Veterans of Foreign Wars, was won by Jane Shorey. Jane was presented with a trophy and a cash award from the Merrimack Post. A tape of her speech was submitted at the district level and placed second.

January — Barbara Monte was chosen by classmates and faculty members to be the recipient of the D. A. R. Good Citizenship Award.

On January 18th the Merrimack Masques presented the first of a series of plays, "Murder Takes the Stage". The group enjoyed a very successful performance. Major roles were played by Jane Shorey, Deborah Liffman, Richard Wright and Jeffrey Kent.

On January 31, being undefeated in league play, the Merrimack High School Basketball Team was declared Champions of the Monadnock League for 1963-64.

February — The varsity basketball team entered the New Hampshire State Class M Basketball Tournament and was defeated by Groveton.

March — The Merrimack School Band provided the music at the dedication program for Indian Head National Bank on March 2nd.

April — The Seventh Annual Watkins Spelling Contest was held on the 21st. Mr. Raymond Edwards, Teacher Consultant of Supervisory Union #27 was the pronouncer.

The winners were:

1st Prize	Donna McKenney	\$15.00
2nd Prize	Robert Hanson	10.00
3rd Prize	Gilbert Burelle	5.00
4th Prize	Deborah Malette	1.00

May — The Merrimack Booster Club, a group of parents, friends and faithful folks of our athletic teams, sponsored the First Annual Athletic Banquet on May 2. The evening program included dinner, talks by “Artic” Gore and “Bob” Murray, nationally known sports figures, and presentation of awards to all team members.

It was a most enjoyable evening and our many thanks go to those who made it possible. The “Merrimack Masque”, under the direction of William Moisescu, presented a three-act play. “Pure as the Driven Snow”. Leading roles were played by Donna Alber, Warren Meehan, Jeffrey Kent and Donna Lessor.

The Junior Prom was held on May 22nd and was well attended by both participants and spectators.

Dorothy Miner was crowned Queen of the Junior Class by Pamela Arno'd, queen of the 1963 Prom.

The Annual Junior High School Science Exhibit, under the direction of Mrs. Elsie Johnson and Mr. Demetrios Perdikis, was held on May 28th.

June — Commencement Week began on June 8th with the Senior Banquet at the “88” Restaurant in Manchester.

Presentation of awards took place in conjunction with the Class Day exercises on June 9th.

Graduation Exercises were held on Saturday, June 13th. The Commencement Address was delivered by Mr. George T. Davidson, Jr.

Deborah Liffman, sponsored by the American Legion Auxiliary attended Granite Girls State at the University of New Hampshire following the close of school in June.

Michael O’Leary and Richard Davis, sponsored by the American Legion attended Profile Boys State which was also held at the University of New Hampshire.

Lawrence White	Employed — White's Oil Heating Service

JAMES MASTRICOLA SCHOOL Principal's Report

With the opening of this school year, the elementary school once again was faced with the prospect of a full house with an enrollment of over 600 children. Because of the large enrollment in the first grade, it became necessary to add another section giving us 5 sections of grade one, 4 each of grades two through four, and 3 sections each of grades five and six, plus the remedial reading room, filling all 24 rooms. Due to this increase in room requirements, it will again be necessary to seek two additional rooms for the next school year for the additional second grade and fifth grade teachers who will be required.

Modern mathematics was continued into the fifth grade, and the program will soon be completed for the first six grades. A comparison of various mathematics programs points out the fact that we are presenting a sound, modern program which includes many topics which were not previously taught in the elementary grades.

The American Book Company reading series was introduced into the second grade and this is now our second year with this series. This year, we have obtained the services of a reading consultant, offered as a service of the American Book Company, who has offered helpful advice to the teachers concerning this new program. This new reading series will continue to be introduced to a new grade level each year until it is complete throughout the first six grades. In connection with our reading program, the remedial reading program continues to offer additional help (besides daily reading lessons) to those children who have a particular reading problem.

Elementary school children of grades three through six continue to take advantage of the facilities offered by the Town Library. Classes are assigned library times on a bi-weekly basis and children who might not otherwise have the opportunity to visit the library are afforded the chance to go. Children also continue to visit the elementary school library which is open on a daily basis. Our library was enriched this year with the purchase of three new sets of encyclopedias.

Many gains have been made in bringing our textbooks up to date in the social studies and language areas. We are also making progress in acquiring an additional science series. We are fortunate in having townspeople who recognize the need for education and are willing to contribute to a sound educational system.

Respectfully submitted,
LEO F. GARRAHAN, Principal

GUIDANCE REPORT

The primary general difference between an elementary school guidance program and a secondary school guidance program is post-graduate assistance. The elementary program is concerned with the early identification of children's abilities. Counselors and classroom teachers are apt to work more closely together in the elementary program. Both programs are concerned with children who may be having learning difficulties, particularly in the elementary program. In the secondary program, there is additional effort to include educational and vocational plans.

In both the elementary and secondary schools the most important and primary activity employed in a guidance program is counseling, the process by which a pupil is helped by conferences to understand himself in relation to his developing and changing world. An important part of this process may include conferences with teachers and parents and the use of other school and community resources when available.

Counseling provides professional assistance by helping the individual to be more objective and realistic as he seeks self-understanding and self-development. Individual counseling helps the pupil interpret and relate facts about himself, school, family, friends, his world, and to apply this knowledge in solving everyday problems and to learn how to solve problems for the future.

Conferences with teachers and administrators are conducted to assess the pupil's progress and development. The teacher helps the counselor better understand how the child performs in the classroom and the counselor helps the teacher know and understand the child's abilities, special concerns, goals and problems.

Counselors also work with parents in interpreting the pupil's progress in school and thereby help to find ways for fully developing the child's capabilities. Parents and counselors share information so that both can understand the pupil better and guide him in making maximum use of his talents.

Tests serve as one means of knowing the individual, his abilities, achievements, and interests. At best, tests represent only a sampling of behavior. They facilitate the gathering and utilization of objective information about the pupil for use by counselors, teachers, and parents. Tests, in conjunction with counseling and conferences with teachers and parents, can more effectively bring about the objectives of education, both as a program and as a process.

The Testing Program for 1963-1964

- Gr. 7 Stanford Achievement Tests
- 8 Stanford Achievement Tests and Otis Mental Ability Test
- 10 School and College Ability Test and Cooperative Reading Test
- 11 The Preliminary Scholastic Aptitude Test and the National Merit Exam
- 12 for those seniors interesting in further schooling arrangements were made for the College Board Exams, the American College Test and the Pre-Nursing Exam
- for those interested in employment the General Aptitude Test Battery was administered by the Office of Unemployment Security
- for those interested in the Armed Services the Armed Services Tests

Conferences were held with pupils, teachers, and parents and in many cases this information was used with college admissions officers and employers.

Throughout the year students had the opportunity to see films and hear tape recordings on the qualifications, training, and responsibilities of a variety of occupations and careers. There were also many opportunities to meet and discuss with representatives from trade and technical schools, junior colleges, business schools, nursing programs, and colleges of liberal arts and engineering, as well as recruiters from the Armed Services.

Respectfully,

NORMAN E. BROWN
Guidance Director

REPORT OF THE MUSIC SUPERVISOR

All State Music Festival was held in Portsmouth with Donna Johnson, soprano and Edward McCann, bass, representing Merrimack High School.

The string program did not proceed as had been expected so, therefore, a short period of rest from this program is suggested.

The first joint band concert was held here with Milford. Due to our heavy schedule we were unable to reciprocate.

A beginners band is now being formed and from this group will be chosen, very carefully, those to enter the marching band.

The Band Association presented an award to the outstanding senior, who had done the most in Music, either in band or choral. It was won by Donna Johnson and a second award was given to Pamela Arnold.

The following has been the band schedule.

February — Franklin Ski Carnival

April — Joint Concert with Milford

May 27 — Brookline, N. H. — Memorial Parade

May 30 — Memorial Day — Merrimack and Hudson

June 30 —

July 2 — World's Fair — New York

July 4 — Merrimack

September — Rochester Fair — Tied second place with Somersworth High in marching

October — Deerfield Fair — Grand prize and third in concert.

November 11 — Veterans Parade — Manchester and sponsored by V.F.W. of Merrimack

December — Christmas Parade — Nashua

The Band Association has supplied each member of the band with parkas for winter parades and each parent has purchased white boots which are to be left as band equipment.

At this time I wish to thank the townspeople and Band Association for their tremendous support in sending the band to the World's Fair. I also want to comment on the fine work done by the chaperones. The band parents can be very well proud of the conduct of their children as they were a credit to the town.

Respectfully submitted:

Signed: Mary C. Donnelly
MARY C. DONNELLY
Music Supervisor

Community Council	2
-------------------	---

I wish to take this opportunity to express sincere thanks and appreciation to all who have cooperated in helping carry out our school health program successfully. A special thanks is extended to Dr. Lavoie, Dr. March and Dr. Sheehan who have participated in our school clinics. Their time and service rendered was very much appreciated.

ELEANOR MONTE, R.N.
School Nurse

MERRIMACK SCHOOL DISTRICT
RULES AND REGULATIONS
PERTAINING TO USE OF SCHOOL FACILITIES

1. The principal of the school is responsible for the schedule of the use of any school facility.
2. No school facility is to be used when it interferes with the educational schedule or creates a hardship on school personnel.
3. The use of alcoholic beverages on school property is prohibited.
4. Smoking will be permitted in restricted areas, namely the Front Lobby and lavatories only.
5. Requests for use of facilities are to be acquired from the building principal and stated in writing.
6. All payments for the rental of facilities shall be payable to the Superintendent of Schools, Hudson, N. H.
7. All payments for personnel services shall be made directly to the personnel involved.
8. The three OUTSIDE EXITS in the Auditorium shall be used in case of emergency only. The entrance and exit to the Auditorium shall be through the main lobby only.
9. There shall be no decorations of any kind affixed to any permanent part of the Auditorium. The use of any scenery or props on the stage shall be first approved by the school board.
10. No requests will be considered if a school sponsored or Town government activity is scheduled during the same period requested by an organization.
11. Statement that the organization or function will in the event of damage to the building or equipment, reimburse the school District within a 30 day period from the date of the damage, the full amount of the cost of repairs or replacement.
12. District organizations may use school facilities free of rental charge provided no admission is charged or donation requested.
13. When admission is charged or donations required the following rental charges will prevail:
 - A. Use of auditorium \$25.00
 - B. Use of auditorium and kitchen \$35.00
 - C. Use of single classroom \$4.00

14. Kitchen facilities may be used only during the presence of an approved person who shall be reimbursed at the rate of \$1.50 per hour.
15. Custodial service shall accompany the use of all rented facilities at the rate of \$1.50 per hour.
16. The sponsoring organization will make arrangements for a Town Policeman and a School Janitor to be present at their activity.
17. When a single classroom is used by a non-profit organization the school board may request a maintenance fee of \$2.00.
18. The board reserves the right to amend any of these statements, when in its best judgement, it serves the best interest of the schools.

SCHOOL DISTRICT
SCHOOL BUS REGULATIONS
REGULATIONS FOR SCHOOL PUPILS

1. The school bus driver is in complete charge of the school bus and the pupils and shall have the same authority in maintaining discipline as a teacher in the classroom under the supervision of the school board and superintendent of schools.
2. The pupils must be on time at the designated bus stops to meet the school bus. Since the school bus is operating on a schedule, it cannot wait at any bus stop for children who are not within sight of the stop when the bus arrives.
3. Any unnecessary talking with the school bus operator is prohibited.
4. While ordinary conversation between pupils is permitted, loud, vulgar and other improper language will not be tolerated.
5. Smoking may not be permitted in the school bus. Waste paper or other articles may not be thrown on the floor or out of the windows while the pupils are in the bus.
6. Pupils are not permitted to get on or off the bus while it is in motion. The center aisle shall be kept free at all times.
7. Lunch boxes, books and any other bundles carried by the pupils shall be kept on their seats or in a place designated by the school bus operator.
8. Pupils shall go to the rear of the bus when getting on unless assigned to a seat near the front by the school bus driver.
9. The rear emergency door shall be used only in case of emergency.
10. All pupils must be seated in the bus while it is in motion.
11. Any violation of the above approved rules or safety measures made by the school board will be reported to the school authorities who can forbid the offender temporarily or permanently from riding on the school bus.

“NO SCHOOL” SIGNAL

If school is to be called off for any reason there will be notice read over stations WOTW and WSMN in Nashua and WFEA in Manchester 7:30 o'clock in the morning.

Because of the required 180 days of school brings the closing of the school year well into the month of June, it is the feeling of the School Board, that it would be unwise to call off school unless it is impossible for the busses to negotiate their routes. We are asking all parents to use their own discretion sending children to school during a bad storm.

SCHOOL BOARD MEETINGS

The regular monthly meeting of the School Board is held at the James Mastricola School on the third Tuesday of each month at 7:30 P.M. The meeting is open to anyone with complaints or suggestions on the operation of our school system. The only way that the School Board can act on any situation is as a body.

CLOSED SCHOOL YARD

School Street adjacent to the High School and all drive-ways leading to both the High School and Mastricola Elementary School are closed to all traffic except School Busses between the hours of 8:00 A.M. to 9:00 A.M. and 2:30 P.M. to 4:00 P.M. when schools are in session.
