MINUTES OF THE NOTTINGHAM TOWN MEETING

MARCH 14, 1987

The Annual Nottingham Town Meeting was held at the Nottingham Elementary School, March 14, 1987, and was called to order by Moderator, Earle B. Rourke, at 10:05 A.M. Rev. George T. Fisher gave a prayer and led the group in a salute to the flag.

Philip Fernald, Selectman, presented Donald Perkins with a gift of a cultivator and a gift certificate for Churchill's Garden Center in Exeter from the Town in appreciation for being Tax Collector for the last 35 years. Mr. Perkins thanked the Town and said he would make good use of these gifts in his garden.

Mr. Rourke introduced Frank Torr, our State Senator, who stayed for the meeting. The Moderator read the results of the Town Voting held March 10, 1987, at the Town Hall, at which Articles 1 through 16 were voted upon, with the polls open from 10:00 A.M. to 7:00 P.M.

ARTICLE 1: To choose all necessary Town Officers for the ensuing year.

The following officers were elected:

Selectman	Dick Joy	3 years

ARTICLE 11: Are you in favor of adoption of Amendment No. 10 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article X. NONCONFORMING USE which now reads:

A. Any nonconforming use which was legal prior to adoption of the Zoning Ordinance or of an amendment thereto may continue, except as provided herein.

B. An existing nonconforming use may be expanded or converted to another nonconforming use if approved by the Planning Board. Such approval shall be given only after a public hearing at which it is established that such change will not compromise further the spirit of the Ordinance and that state energy conservation requirements are met.

C. Whenever a lot which is nonconforming due to insufficient area, frontage or setback abuts other property either owned in common or having one or more owners in common, all such property or lots shall be considered as a single tract for purposes of further development or for the sale of any

portion thereof. This provision may be modified by the Planning Board, if it is established that substantial development has created vested interests which make change to conformity unreasonable or unjust.

D. Whenever a structure which is nonconforming due to setback or size is razed due to damage or obsolescence, no nonconforming replacement shall be permitted unless hardship is established, no increased detriments to abutters or to the neighborhood will result, and a building permit is obtained.

To be changed to read as follows:

A. Any nonconforming use which was legal prior to adoption of the Zoning Ordinance or of an amendment thereto may continue, except as provided herein.

B. Whenever a lot which is nonconforming due to insufficient area, frontage or setback abuts other property either owned in common or having one or more owners in common all such property or lots shall be considered as a single tract for purposes of further development or for the sale of any portion thereof. This provision may be modified by the Planning Board, if it is established that substantial development has created vested interests which make change to conformity unreasonable or unjust. (Planning Board Recommended Approval)

VOTED in the AFFIRMATIVE. Yes - 256, No - 103.

ARTICLE 12: Are you in favor of adoption of Amendment No. 11 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article VI by adding Paragraph C, REGULATIONS, to read as follows:

1. No more than five (5) building permits shall be issued per year per subdivision, cluster, or open space development. For purposes of this regulation, lots located in a resubdivision of a parcel that is already part of a subdivision shall be counted as part of the original subdivision when counting the number of permits issued.

2. This regulation shall expire at the earliest of the following occurrences:

One year after its adoption by the Town; at such time as same is repealed or amended by the Town; or upon the effective date of an ordinance adopted under N.H. RSA 674:22. (Planning Board Recommended Approval)

VOTED in the AFFIRMATIVE. Yes - 273, No - 92.

ARTICLE 13: Are you in favor of adoption of Amendment No. 12 as proposed by the Planning Board for the Nottingham Building Code as follows:

Amend Article XX, FLOODPLAIN DEVELOPMENT REGULATION, Paragraph 7 which now reads:

7. In unnumbered "A" zones, as defined on the community Flood Insurance Rate Map, the Building Inspector shall obtain, review, and reasonably utilize any 100 year flood elevation data available from a Federal, State, or other source, as criteria for requiring that (i) all new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level, and (ii) that all new construction and substantial improvements of non-residential structures have the lowest floor (including basement) elevated or flood-protected to or above the 100 year flood level.

To be changed to read as follows:

7. In unnumbered "A" zones, as defined on the community Flood Insurance Rate Map, the Building Inspector shall obtain, review, and reasonably utilize any 100 year flood elevation data available from a Federal, State, or other source, as criteria for requiring that (i) all new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the base flood elevation, and (ii) that all new construction and substantial improvements of non-residential structures have the lowest floor (including basement) elevated to or above the base flood elevation. (Planning Board Recommended Approval)

VOTED in the AFFIRMATIVE. Yes - 271, No - 91.

ARTICLE 14: Are you in favor of adoption of Amendment No. 13 as proposed by the Planning Board for the Nottingham Building Code as follows:

Amend Article XX, FLOODPLAIN DEVELOPMENT REGULATION, Paragraph 8, which now reads:

8. Mobile homes shall be anchored to resist flotation, collapse, or lateral movement by providing over-the-top and frame ties to ground anchors. Specific requirements shall be that (i) over-the-top ties be provided at each of the four corners with two additional ties per side at intermediate locations and mobile homes less than 50 feet long shall require one additional tie per side; (ii) frame ties be provided at each corner with five additional ties per side at intermediate points and mobile homes less than 50 feet long shall require four additional ties per side; (iii) all components of the anchoring system shall be capable of carrying a force of 4,800 pounds; and (iv) any

additions to the mobile home shall be similarly anchored.

To be changed to read as follows:

8. Mobile homes shall be elevated above the base flood level and anchored to the elevated foundation to resist flotation, collapse, or lateral movement by providing over-the-top and frame ties to ground anchors. Specific requirements shall be that (i) over-the-top ties be provided at each of the four corners with two additional ties per side at intermediate locations and mobile homes less than 50 feet long shall require one additional tie per side; (ii) frame ties be provided at each corner with five additional ties per side; (iii) all components of the anchoring system shall be capable of carrying a force of 4,800 pounds; and (iv) any additions to the mobile home shall be similarly anchored. (Planning Board Recommended Approval)

VOTED in the AFFIRMATIVE. Yes - 277. No - 85.

ARTICLE 15: Are you in favor of adoption of Amendment No. 14 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article XX, FLOODPLAIN DEVELOPMENT REGULATION, by adding the following new paragraph:

9. Electrical heating, ventilation, plumbing, and air conditioning equipment and other service facilities shall be designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding. (Planning Board Recommended Approval)

VOTED in the AFFIRMATIVE. Yes - 281, No - 84.

ARTICLE 16: Are you in favor of adoption of Amendment No. 15 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article VII, BUILDING PERMITS, Paragraph C., Inspections, by adding the following new subparagraph:

7. Final Inspection for Certificate of Occupancy:

a. Purpose - The purpose of a Certificate of Occupancy is to provide a mechanism by which it can be verified that conformance to the provision of our Building Code and Zoning Ordinance have been met.

b. Applicability - No person shall use or permit the use of any building, structure or premises or part thereof hereafter erected, relocated, altered, repaired, converted or extended until a Certificate of Occupancy is issued by the Building

Inspector.

c. Temporary Occupancy - Upon the request of the holder of a building permit, the Building Inspector may issue a temporary Certificate of Occupancy for a building or structure, or part thereof, before the entire work covered by the permit shall have been completed, provided such portion or portions may be occupied safely prior to full completion of the building or structure without endangering life or public welfare.

d. The Building Inspector shall within fifteen (15) working days of receipt of request, render a decision either granting a Certificate of Occupancy, a temporary Certificate of Occupancy, or denying such application. (Planning Board Recommended Approval)

Amend Article VI GROWTH MANAGEMENT: Paragraph B. Residential Lot Requirements and Setbacks, by adding a new subparagraph 8 which will read as follows:

A single one bedroom accessory apartment of not more than 420 square feet may be constructed on a lot not less than 2 acres in area which has 200 contiguous feet of frontage, provided that the accessory apartment is directly connected to the primary single family dwelling unit.

(Planning Board Recommended Approval)

ARTICLE 12: Are you in favor of adoption of Amendment No. 9 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article VI GROWTH MANAGEMENT: Paragraph B. Residential Lot Requirements and Setbacks, and Article XII DEFINITIONS by deleting subparagraph 7 which reads as follows:

7. Single family structures may be clustered, after recommendation from the Planning Board, by Special Exception to Article VI B-1, 2 and 4b, c, and d. The number of dwelling units to be clustered on a tract will be restricted to no more than could be sited if single two acre lots with frontage of 200 feet and having a 200 X 200 foot square fit for building were used for each dwelling unit.

To be changed to read as follows:

9. A. Purpose

The purpose of the Cluster Development Ordinance is to permit a procedure for development which will result in improved living environments; which will promote more economic and

efficient subdivision layout; which will promote ingenuity, flexibility and originality in subdivision design; and which will preserve open space to serve recreational, scenic, conservation, and public service purposes, and which will protect environmentally sensitive areas and natural resources, and other purposes related thereto within the densities established for the gross tract.

**B. Permitted Uses**

1. Single family residential (excluding manufactured housings)

2. Accessory buildings

3. Outdoor recreational facilities, such as hiking trails, swimming pools, beaches, golf courses, riding stables, skating rinks, docks and piers, tennis courts, playing fields, and other forms of outdoor recreation, except shooting ranges, provided:

(1) Said facilities are for the exclusive use of the homeowners and residents of the cluster development and their guests, are incidental to the residential use tract, and are not operated as a business.

(2) The area developed for recreation shall not be within 100 feet of any residential lot line and the actual siting of all outdoor facilities is subject to Planning Board Approval.

4. Accessory service buildings and structures incidental and pertinent to outdoor recreation, as set forth in paragraph three above, where said accessory service buildings and structures are necessary to the pursuit of a permitted recreational use of the common usable space.

5. The keeping of personal riding horses or other animals not generally considered household pets is prohibited on individual lots.

6. Common water and sewerage facilities.

**C. Development Requirements**

1. **Permitted Density** - The number of dwelling units in the development shall not exceed the number allowed using the conventional lot requirements as set forth in Article VI Growth Management B 1. Such number shall be determined by dividing the net developable tract area by conventional lot size. The net developable tract area is determined by deducting 10% of the total subdivision acreage for streets and utilities and, then deducting the acreage of all wetlands and unbuildable areas.

2. **Minimum Dimensional Requirements** - Lot size shall

be 40,000 square feet (with individual well and septic systems) and 20,000 square feet (with community wells and/or sewerage facilities.)

3. Frontage - The minimum frontage on a State or Town maintained road of Class V designation or Planning Board approved road or better, shall be 150 feet.

Internal - 75 feet.

4. Buffer - Exterior - 100 feet shall be maintained on State Highways and or Town Class V Highways.

Interior - 50 feet shall be maintained around the side and rear perimeter of the tract.

Building Location - No structure shall be closer than 30 feet from the right-of-way of a proposed street or 30 feet from lot lines.

5. Maximum building height - 34 feet measured from grade.

#### D. Common Land

1. A minimum of 25% of the land identified as total "Net Tract Area" shall be set aside as common usable space intended for the use and enjoyment of the residents of the development. This common usable space shall be permanently restricted for recreation use and shall be protected by a homeowners association. Such common usable space shall not be subdivided further but may contain accessory structures.

2. Common Conservation land shall include irreplaceable natural features located in the tract (such as, but not limited to, stream beds, significant size, rock outcroppings, wetlands, drainage ways and unique wildlife habitats.)

These resources should be distributed throughout the development visually and functionally and to buffer the development from surrounding land uses.

3. Common usable space intended for recreational use shall be easily accessible to pedestrians. Such open space shall be linked to residential areas by walkways which shall meet the needs of the elderly and the physically handicapped.

4. The buffer zone around the perimeter shall be included in the common conservation land and shall be comprised of vegetation, either natural or planted. No dwellings, structures, accessory buildings, septic systems, wells, utility boxes, or service roads shall be permitted within the buffer zone.

5. Common land area within the Cluster Development tract will be established and maintained in accordance with the

following requirements:

(1) The applicant or developer shall provide for and establish a mandatory, "Homeowner's Association" as a legal entity under the laws of the State of New Hampshire for the ownership, care and maintenance of all such land and improvements. Its articles shall be approved in writing by the Planning Board, after review by the Town Attorney, prior to subdivision approval. The cost of such legal review shall be borne by the applicant or the developer. Any changes in such article of association or incorporation shall require the prior written approval of the Planning Board.

(2) Such association shall be created by a covenant. Such association shall be composed of all persons having ownership within the development and shall be responsible for the perpetuation, maintenance, and uses and functions of all common lands and facilities.

(3) All common lands and improvements shall be described and identified as to location, size, use and control in the covenant. Such covenant shall set forth the method of assessment for the maintenance of such land. The covenant shall be written so as to run with the land and become part of the deed to each lot or dwelling unit within the development.

(4) Such covenant and association shall continue in effect so as: to control the availability of facilities and thereby provided; to maintain the land and facilities for their intended function; and to protect the development from additional and unplanned densities. Such association shall not be dissolved, nor shall such association dispose of any common area by sale or otherwise except to an organization conceived and organized to own and maintain such areas without the prior written consent of the Board of Selectmen.

(5) In the event that the association, or any successor organization or any owners of the dwelling units located within the development which owns said open space, fails to maintain the open space in reasonable order and condition in accordance with the final plan, the Board of Selectmen shall serve written notice upon such association or dwelling unit owner(s) setting forth the deficiencies in the maintenance, order, and condition of the common land. Such notice shall include a demand that said deficiencies be cured forthwith and that statement of intent to comply and a date of compliance shall be filed with the Board of Selectmen within fourteen (14) days of said notice. If such maintenance shall not have been performed or said statement of intent shall not have been filed by the stated time, the Town, in order to preserve the taxable values of the properties with the Cluster Development and to prevent nuisance, may enter upon the common lands and maintain such for a period of not more than one (1) year. Said entry and maintenance shall not vest any right in the general public as to the use and enjoyment of the common lands. Before the expiration date of the

period, the Town shall, upon its initiative or upon the request of the association theretofore responsible for the maintenance of the common area, call a public hearing to be held by the Board of Selectmen. Notice of such hearing shall be given to such association and the residents for the development. At such hearing, such association or the residents of the development shall show cause why such maintenance by the Town shall not, at the election of the Town, continue for a succeeding year or other designated period. If the Board of Selectmen shall determine that such association is not ready and able to maintain said common area in a reasonable condition, the Town may, in its discretion, continue to maintain said common land during the next succeeding year and subject to a similar hearing and determination, during each succeeding year thereafter. The decision of the Board of Selectmen in any such case shall constitute a final administrative decision. The cost of such maintenance by the Town shall be assessed against the properties within the development in direct relation to their proportionate interest in the common land, and shall become a tax lien on said properties. At the time of entering on said common land, for the purposes of maintenance, notice of such lien shall be filed in the Office of Rockingham County Registry of Deeds.

(6) Parking - A minimum of two (2) off-street parking spaces shall be provided on each lot.

(7) Streets - Internal streets shall be designed and constructed in accordance with the standards specified in the Town of Nottingham Subdivision Regulations. All streets within a cluster development shall have only one entrance/exit onto any existing road. Roads within the development shall be private and shall be maintained by the Home Owner's Association until such time as the Town accepts the roads.

(8) Utilities - All utilities shall be underground.

#### E. General Provisions

1. All provisions of the Town of Nottingham Subdivision Regulations shall be complied with including but not limited to: street design and construction specifications, the posting of bonds or other approved form of surety to cover required improvements; public hearings, special studies and filing fees, and plat preparation and submission requirements.

(Planning Board Recommended Approval)

ARTICLE 13: Are you in favor of adoption of Amendment No. 10 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article VI GROWTH MANAGEMENT: Paragraph C. Regulations, subparagraph 1 and 2 which now reads:

1. No more than five (5) building permits shall be issued per year per subdivision, cluster, or open space development. For purposes of the regulation, lots located in a resubdivision of a parcel that is already part of a subdivision shall be counted as part of the original subdivision when counting the number of permits issued.

2. This regulation shall expire at the earliest of the following occurrences:

One year after its adoption by the Town; at such time as same is repealed or amended by the Town.

OR

Upon the effective date of an ordinance adopted under N.H. RSA 674:22.

To be read as follows:

1. No more than five (5) building permits shall be issued per year per subdivision, cluster, or open space development. Amend Article VI GROWTH MANAGEMENT by adding new paragraph D. Building Height which now reads:

Building Height - Building height shall be 34 feet measured from grade.

(Planning Board Recommended Approval)

ARTICLE 15: Are you in favor of adoption of Amendment No. 12 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article XII DEFINITIONS Section B. No. 22 which now reads:

**Mobile Home** - A mobile home is a structure, transportable in one or more sections, which exceeds either eight body feet in width or 32 body feet in length, is built on a permanent chasis and foundation when connected to the required utilities, and includes the plumbing, heating and electrical systems contained therein. A double-wide mobile home is a mobile home consisting of two sections combined horizontally at the site while still retaining their individual chasis for possible future movement. An expandable mobile home is a mobile home with one or more room sections that fold, collapse or telescope into the principal unit when being transported and which can be expanded at the site to provide additional living area.

To be changed to read as follows:

**Manufacturing Housing** - Manufacturing housing means any structure, transportable in one or more sections, which, in the traveling mode, is 8 body feet or more in width and 40 body feet or more in length, or when erected on site, is 320 square feet or more, and which is built on a permanent chasis and designed to be used as a dwelling with or without a permanent foundation when connected to required utilities, which include plumbing, heating and electrical heating systems contained therein. Manufacturing housing as defined in this section shall not include presite built housing as defined in RSA 674:31-a.

(Planning Board Recommended Approval)

ARTICLE 16: Are you in favor of adoption of Amendment No. 13 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article XII DEFINITIONS Section B. No. 23 which now reads:

**Mobile Home Park** - Any tract of land on which two or more mobile homes are located for the use as living quarters, whether occupied or not, except where two (2) acres of that tract of land are associated with each mobile home as in a regular subdivision or open space development.

To be changed to read as follows:

**Mobile Home Park** - Any tract of land on which two or more manufacturing homes are located for use as living quarters, whether occupied or not, except where two (2) acres of that tract of land are associated with each mobile home as in a regular subdivision or open space development.

(Planning Board Recommended Approval)

ARTICLE 17: Are you in favor of adoption of Amendment 14 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article XII DEFINITIONS by adding the following new definitions:

Cluster Development - A residential single-family subdivision of a tract where, instead of dividing the entire tract into house lots which meet the minimum requirements of Article VI, Growth Management Paragraph B 1., a similar number of dwelling units may be clustered on lots of reduced dimensions. The remaining land in the tract is not to be built upon and is reserved as common land to be held in perpetuity by a mandatory home-owners association which will legally prevent the common land from ever being further subdivided or developed.

Homeowners Association - A homeowners association is a private, non-profit corporation, association, or other non-profit entity established by the applicant or the developer for the purposes of managing and maintaining all common land, open space and natural areas. Membership in said association shall be mandatory for all property owners and made a required covenant in any deed issued or passed.

Common Land - Any land and all portions of tract other than the individually owned lots.

Common Conservation Land - Common land area within the cluster development which shall not be built upon and shall forever remain in its natural state to include wetlands, flood plains, steep slopes, buffer zones, and other environmentally sensitive areas.

Common Usable Space - All other common land.

(Planning Board Recommended Approval)

ARTICLE 18: Are you in favor of adoption of Amendment No. 15 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article XII DEFINITIONS by adding the following:

Presite Built Housing - As used in this subdivision, "presite built housing" means any structure designed primarily for residential occupancy which is wholly or in substantial part made, fabricated, formed or assembled in off-site manufacturing facilities in conformance with the United States Department of Housing and Urban Development minimum property standards and local building codes, for installation, or assembly and installation, on the building site. For the purpose of this

subdivision, presite built housing shall not include manufactured housing, as defined in RSA 674:31.

REPORT OF THE  
PLANNING BOARD

The Planning Board has had a typically busy year, meeting every Wednesday night at 7:00PM. We extend our invitation to the public to attend all meetings and this year a few members of said public have been attending.

With our Master Plan, Site Plan Review and Capital Improvements Plan all revised in 1986-7 the Board has attempted to iron out some of the inevitable glitches that accompany new documents. Our major undertaking this year was to end the ping pong effect that accompanied application and achievement of a Clustered Housing subdivision. Previously an applicant had to deal with both the Planning Board and the Zoning Board of Adjustment and go through two notification processes and at least three hearings. With the new ordinance the Planning Board will handle the whole process with only one notification and one public hearing.

The Planning Board is presently looking into the possibility of multi-use zoning on Route 4. The multi-uses would be commercial, residential and agricultural. The commercial use of property along Route 4 would still require Site Plan Review but our hope would be to attract more businesses to town with a zone set aside for that use. This multi-use zoning would not preclude residential or agricultural use. We see that kind of mix as being desirable.

The Planning Board approved 30 subdivisions this year creating 150 new lots in town. A breakdown of the lot distributions follows:

Route 4 - 48	Mitchell Road - 21
Priest Road - 20	Route 156 - 9
Lucus Pond Road - 9	Smoke Street - 8
Stevens Hill Road - 7	Route 152 - 6
Gebig Road - 6	Gile Road - 6
Case Road - 5	Ledge Farm Road - 2
Deerfield Road - 2	

The Planning Board and the Town suffered a great loss this year when Leslie Bryce died suddenly of a heart attack. She was a tireless advocate of planning the town and she served the town well in any number of positions. Her voice will be missed by us all even though her legacy will be with us for some time.

Respectfully submitted,

Charles S. Evans  
Chairman

\* These figures had not been separated out in past years.

The state summary of dwelling units shows a 28% decline for 1987. 1986 had 11,969 and 1987 shows 8,577 units. Nottingham indicates a 20% increase over 1986 for new homes.

Please apply for building permits on Saturdays from 9 AM until noon at the Town Hall only.

Werner E. Sachs  
Building Inspector

## REPORT OF THE LIBRARY TRUSTEES

During the past year the library experienced an increase in activity in both the number of books circulated and in programs presented. The library circulated 6,405 books to the general public and 13,504 books to the school.

The story hour program was continued and several new programs were added. On Wednesday mornings there is a playgroup. This is an informal time for mothers and children to get together and visit.

The summer reading program offered incentives to encourage children to continue reading during the vacation months. As children read books, they received gift certificates from Demmons Store, Liar's Paradise, McDonalds, and Pizza Hut. Thirty-four children participated in the program and 24 of them completed the program. Allison Beaumier won the Grand Prize of a new 10-speed bicycle. Domino's Pizza of Durham helped contribute to our end of summer pizza party. Bayhead Machinery, Central Hydraulic Service, Fernald Lumber, The Insurance Place, Lineweber and Giffin and Perkins Insurance all contributed to make the summer reading program so successful.

The library worked with other organizations to bring additional programs to town. In April, the library and the Rockingham County Extension Service put on a gardening workshop and offered free pH testing of residents' soil. Those attending learned a lot about new gardening techniques from Nancy Adams, County Extension Agriculture Agent.

In August the library and the Recreation Commission co-sponsored a performance of Little Red Wagon, the traveling children's theater from UNH. Over 50 children plus their parents, enjoyed this event.

The library is fortunate to receive a great deal of community support in the form of volunteers and donations. Before school started, volunteers gave the inside of the library a badly needed fresh coat of paint. Robert and Ben Badger made new legs for a table, giving us additional seating for the school classes. Trudi Griswold, June Chase, Priscilla Johnson and Ariel Parent volunteered on a weekly basis and many people donated books and magazines. The Librarian and the Trustees wish to thank everyone for their tremendous support.

Ariel Parent

REPORT OF THE  
CEMETERY COMMISSION

The Cemetery Commission met formally on four occasions during 1987. Following the move of William Hurley to Florida in July the Selectmen appointed Web White to fulfill Bill's term. The Committee met at and walked the grounds of all three cemeteries, South Side, Old North Side, and New North Side. The cemeteries have been carefully maintained at a cost of \$4,232.49. Of this total amount \$1,329.00 was spent on Perpetual Care and \$355.00 for New North Side plot plans.

Policies established in 1987 include:

1. All bills directed to the Commission must be itemized and submitted in writing before being paid.
2. Committee approval must precede major purchases.

In the 1988 year your Cemetery Commission hopes to: Survey and provide permanent markers for new lots, especially in the New North Side Cemetery, initiate the repair of old iron fences at South and Old North Side, to loam and seed exposed areas at New North Side Cemetery to enhance it's appearance and prevent further erosion, and to develop a policy manual.

## REPORT OF THE CHIEF OF POLICE

As Chief Executive in the Police Department, it is my extreme pleasure to be of service in this community. I wish to thank all of you who have made the effort to welcome my family to your neighborhood. The aggregated co-operation shown from the town fathers down through the openly expressed acceptance from the children who attend the Nottingham Public School has made the past year a joy of heart and a labor of love.

In retrospect, the 1987 season has been one of change for this department. We salute the efforts of our previous Police Administrator, Mr. Joseph McGann, for his vision and sacrifice to this community.

The dawning has filtered through our quiet New England community as we embark upon a new era of growth and prosperity through development, which has strained all areas of our town facility and services. Our town fathers have endeavored to keep up with this growing need for Police services by installing a new full-time Chief of Police, a part-time administrative secretary and bolstering our part-time police divisions. Even through this responsible move these changes sum only a temporary solution to the overall problem of continued growth and request for Police services. These challenges are reflected in our increased workload as measured from the 1986 - 1987 statistics. As I will note, these 1987 statistics reflect only the period from July through December. As suggested by these figures, the last one-half of 1987 shows an almost doubling of the department workload. I see the increase not as an expansion of crime in our community, but the factors of better trained, confident, professional enforcement levels, the availability of on-duty officers, the co-operative interactions between Fire, Rescue, and Road Agents, the support and confidence expressed by the community populous and the reduced assistance from outside law enforcement agencies.

Some major goals I shall express are threefold:

1. A new full-time officer for the 1989 season who will share a heavy 24 hour on-call supervisory burden from the Chief of Police and assume the duties of investigations officer.
2. A capital reserve fund for the procurement of a new cruiser in 1990 to replenish our then aging fleet.
3. The refurbishment of the present vehicle storage area into a working Police Department.

In closing, I would pledge our continued dedication as law enforcement officials toward a safer community environment.

Respectfully submitted,

Angel L. Rodriguez, Jr.  
Chief of Police

REPORT OF THE  
EMERGENCY MANAGEMENT DIRECTOR

Emergency management is dealing with an emergency in an effective and coordinated manner. It's your local government, fire, police, highway department and others reacting promptly to save life and protect property. This year, we protected ourselves from a common peace time disaster, namely floods which were caused by rain storms that wouldn't go away this spring.

It was the heightening of public awareness that enabled Nottingham to sand bag the dam area at Nottingham Lake, to protect both the road and citizens living downstream of us in Lee from the overwhelming surge of water flowing from the Lake. The trick was that somehow we sparked such thinking, so that we could reverse a possible projection before it became a disaster that could not be prevented. Needless to say, our highway department and citizens in the area made this all possible.

We now have a rescue and ambulance service in our Fire Department. What an enormous step ahead to provide emergency services to our citizens. This is what volunteer service can do for our town. Lets hear from more of you towards responding to events that demand a public service response in our effort to save lives and property. It's your town, don't hesitate to help.

Respectfully submitted,

Werner E. Sachs  
Emergency Management Director

REPORT OF THE  
RECYCLING CENTER

Total operating expenses for the Recycling Center for 1987 were \$31,994.52. The Town received a total of \$2,043.36 from the sale of recycled glass and metal. This leaves a net operating cost of \$29,951.16.

We would like to remind all townspeople that TRASH MUST BE SEPARATED into the following categories:

GLASS  
CANS  
CLEAN PAPER  
ALL OTHER (BURNABLE)

AEROSOL CANS, BATTERIES, AND LIGHT BULBS ARE NOT BURNABLE!!!

Our attendant requests that they be recycled with cans. Because these items are HIGHLY EXPLOSIVE, they are very dangerous when they go into the incinerator with other trash. There have been incidents involving aerosol cans in the incinerator which resulted in injury to our attendants. Please take extra care in sorting these items.

Brush, building materials, mattresses, used furniture, tires, scrap metal, etc. all is to be disposed of in the Land Fill area. Individual signs designate the area for each of these types of waste. We also have an attendant in the Land Fill area. He can assist in locating the specified places for your refuse. Please give him and us your fullest cooperation in keeping our Land Fill in proper order. Thank you.

Board of Selectmen

REPORT OF THE  
ANIMAL CONTROL OFFICER

For the year of 1987, I logged 153 calls:

- 44 lost dogs
- 15 found dogs
- 22 strays (12 adopted) dogs
- 9 stray cats
- 14 lost cats
- 42 nuisance dog complaints
- 2 dog bites
- 3 dogs hit by cars
- 2 cases of suspected animal abuse
- 6 horse calls (loose in road)

These numbers reflect a dramatic increase in calls for the past year, corresponding to the growth in Nottingham's population. Though our town is still rural, we can no longer allow our dogs to run at large because they infringe on the property of others.

On March 11, 1986, the Town of Nottingham voted in RSA 466:30-a (the Animal Control Law) making it a violation for a dog to be off the property of its owner unless on a leash. Because of the numerous complaints, the Town has begun to actively enforce this law with warnings, fines, and court action.

I urge everyone to properly license and restrain their dogs if they are at all concerned for the welfare of their pets. The license tag your pet is wearing may well save its life as it a simple way of identifying a lost or injured animal and returning it to its owner.

I would like to give a special thank-you to the kind and generous towns people who donated dog and cat food and helped in responding to loose horses in the road.

If you have any problems or questions or would like to adopt a dog or cat, please call 942-7792 between 9am and 12 noon.

Respectfully submitted,

Judith Doughty  
Animal Control Officer

REPORT OF THE  
NOTTINGHAM RECREATION COMMISSION

December 30, 1987

It is my pleasure to report that the Recreation Commission had nine meetings from March to December. The commission conducted the Summer Swim Program, July 6 thru 31, at the Town Beach from 9am to 12 noon. One hundred and forty-one children took advantage of the Red Cross Approved swim instruction. This program was offered to preschoolers thru adult. The adult swim period was a combination of style, stamina, and exercise.

The Commission participated in a survey conducted by the Office of State Planning, which attempted to assess needs and plans of towns concerning outdoor recreation over the next five years.

On August 10, the Commission co-sponsored The Little Red Wagon to a standing room only crowd of Nottingham residents. From August 3 thru 11, the Commission conducted a Summer Arts and Crafts Program, at the school field from 9:30 am to 11:30am. Fifty youngsters registered for the program, which also included sports and specialized drawing instruction. This year we also provided activities for preschoolers.

In October, about 150 youngsters participated in a fall Childfest held at Nottingham School. Costumes, games and a concert by Police Chief Angel Rodriquez entertained all. Parent volunteers provided a pot-luck dinner for all participants.

The Commission provides many services related to recreational activities. At the Town Beach, public toilet facilities and rubbish removal were provided all summer. Two 12-foot picnic tables were placed under the pavilion at the school field.

Plans to procure hand-held radio transceivers for the Commission's emergency use at the Town Beach and during other programs were unable to be completed. Investigation showed that it was impossible for civilian personnel to gain access to the necessary frequencies. The \$900 budgeted for the radios was therefore returned to the town's general fund. Also, \$200 budgeted for rock removal will be returned due to the necessity of gaining permission from the NH State Wetlands Board. Both amounts will be requested in the 1988 budget.

Future plans for the Commission include rock removal at the Town Beach, consideration of upgrading parking facilities at that location through brush removal, and implementation of the U.S. Soil Conservation Service recommendations concerning the riverbank erosion and ballfield flooding at Nottingham School.

Over recent years, the Nottingham Recreation Commission has suffered from lack of consistent volunteer support in the planning and implementation of its many programs. We have reorganized the management of the Commission to provide equal distribution of workload. However, due to lack of support, the programs enjoyed by townspeople are in jeopardy. Only an increase in volunteers can assure the future continuation of Commission activities.

This is a recap of the new structure. A three-person governing board, will be elected, by interested volunteers. The board will be comprised of a Chairperson (to coordinate overall activities), a Facilities Coordinator (to oversee equipment, supply, and service needs), and a Secretary-Bookkeeper (to oversee financial, budget and correspondence activities). Volunteer Program Leaders who will be responsible for the planning and implementation of the programs (short-term involvement) including hiring and supervision instructors.

Swim Program Leaders two volunteers for six weeks  
Fall Festival Leaders two volunteers for two weeks  
Playground Program two volunteers for three weeks  
Other and New Program Leaders varying numbers of volunteers  
and time commitments.

Anyone interested in more information about the Commission should call Susan Marston 679-8693.

Respectfully submitted.

Susan Marston  
Chairperson

## REPORT OF THE CONSERVATION COMMISSION

The Nottingham Conservation Commission is alive and doing well.

This fall, the Board of Selectmen filled 4 vacancies on the Nottingham Conservation Commission. The newly appointed members who bring a variety of skills, talents, and expertise to the Commission are Kathy Gallant, April Bacon, Paul Krusic, and Margaret Terninko.

Established by the Town Meeting in 1970, the Commission is charged with protecting the Town's natural resources, open spaces and areas of natural, ecological and aesthetic value. These include marsh lands, swamps, wetlands, wildlife habitats, forestlands, prime agricultural lands, endangered species, watersheds, aquifers, rivers, lakes, and streams. In serving this goal, the Conservation Commission may engage in a range of activities, such as receiving gifts of land or easements, maintaining an inventory of natural resources, commenting on development proposals, dredge and fill permits and sand and gravel excavations, or managing a town forest.

The need for conservation has never been greater. The Town is growing at unprecedented rates. Without a balance of conservation and development, the current growth rate threatens our natural resources and the quality of life that makes Nottingham a special place to live.

The time for conservation has never been better. Last year, the NH General Court passed a \$20 million appropriation bill for the Land Conservation Investment Program. This program, administered by the non-profit Trust for New Hampshire Lands provides matching funds for municipalities for the purchase of conservation land. This is the first time in many years the State has made major public funding available for land conservation.

Armed with determination and enthusiasm, the Conservation Commission has been busy preparing for the Town Meeting so that Nottingham may apply for funding. This is a unique opportunity for the Town to preserve special conservation or recreational lands for the enjoyment of present and future generations.

We hope you will support our warrant articles to be presented at the 1988 Town Meeting.

If you have any questions regarding the Conservation Commission or any ideas to share, please feel free to contact any of the members.

REPORT OF THE  
RURAL DISTRICT HEALTH COUNCIL, INC.

During the past year the Rural District Health Council has continued to provide Home Health Care for the sick and preventive medicine to the youth of today who will be healthier leaders tomorrow.

The agency continues to qualify as a certified Home Health Agency, providing your town with skilled nursing, physical therapy, occupational therapy, speech therapy, medical social worker, home health aide and homemakers; a comprehensive hospice program certified by Blue Cross and G.E. Insurance. The staff has made to date 5,959 visits. A 24 hour answering service is available with a nurse on call 24 hours a day, 7 days a week with home visits made as indicated.

An elderly maintenance health program funded in part by the Division of Elderly and Adult Services and the Rural District Health Council has 239 patients enrolled in the program, which includes health counseling, blood pressure monitoring, diet teaching, and blood testing of diabetes, 550 visits have been provided with 267 influenza shots given.

The child health program has an enrollment of 461 children from ages 0 - 6 years. This includes physical examinations, immunizations, growth development and counseling. The program works closely with the school nurses. Thirty-one school children received immunizations this year. There have been 783 children seen at the clinic with 597 home visits made. The dental program, funded in part by the Bureau of Dental Health and the Rural District Health Council provided 186 children from the ages 3 - 6 years with cleaning and flouride treatment.

A bequest to the Council may be made to further the general purpose of the Rural District Health Council. In lieu of flowers a memorial donation may be made in memory of a loved one. The Board of Directors and Staff would like to thank the families of the following for naming memorial contributions in their names.

Nancy French	Dennis Connell	Jeanne Crowley
Anna Hall	Elida Fessel	Joseph Malolepszy
Marie Spahn	Ed Foss	Annie Tibbetts
Christina Berry	Avis Taylor	Florence Coughlin
Shirley Connell	John Gaydos	Rita Champagne
Elizabeth Spiridigliozzi		

With the increasing growth, the towns have reached a high of 25,828 residents being served by the agency. It was voted by the Board of Directors to hold the per capita at \$3.70 for 1988.

During the past year the Council has made for your town 86

skilled nursing visits, 52 therapy visits, 39 home health aide visits, 100 homemaker hours. There have been 28 child health home visits and 49 child health clinic visits.

Anyone interested in additional information or needing services may contact the Rural District Health Council office at 4 Winter Street, Farmington, N.H. 03835 or call 755-2202 between the hours of 8am and 4pm Monday - Friday.

## REPORT OF THE LAMPREY HEALTH CARE

Lamprey Health Care will mark seventeen years of providing services in 1988.

Two medical offices, one in Newmarket and one in Raymond, provide general medical care, preventive health services, community outreach, social services and short term counseling with referral to mental health agencies.

Services also offered by Lamprey Health Care include Senior Citizen Transportation and Information and Referral Services for Rockingham County.

Lamprey Health Care's medical team consists of six physicians: Sarah Oxnard, MD, Pediatrician; Cynthia Rasmussen, MD, Obstetrician-Gynecologist; and four Family Practitioners, Edward Benoit, MD; Karen Brainard, MD; Paul Friedrichs, MD; and our newest member, Micki Kantrowitz, MD. Also on staff at Lamprey Health Care are Michael Lewis, Certified Physician's Assistant; Barbara Janeway, Nurse Practitioner; Anne Fawcett, Nurse Practitioner; and John Mark Blowen, Nurse Practitioner. Registered and Licensed Practical Nurses round out the Medical Team.

The addition of physicians in recent years allows Lamprey Health Care to respond to the growing demand for services.

Under the direction of Dr. Rasmussen, Lamprey Health Care operates a prenatal program which includes prenatal, delivery and postpartum care along with nutritional counseling, prenatal and parenting classes and social services and/or referral.

Lamprey Health Care continues to operate the Senior Citizen Transportation Program. The transportation service enables senior citizens to remain independent, self-sufficient and active by providing the means to needed services, including medical, food shopping and recreational trips. Three of the five busses operated by Lamprey Health Care are equipped with hydraulic lifts to provide services to the handicapped. For further information, call 659-2424 or toll free 1-800-582-7279.

Lamprey Health Care also operates The Rockingham County Info-Center which provides information and referral services to the residents of the county. Information is available to callers through a toll-free number on a wide range of subjects. The toll free number is 1-800-582-7214.

Tel-Med is a taped library of "non-diagnostic" health information designed to provide basic facts about certain diseases, conditions or health issues. The library contains 200 taped messages which are accessible 24 hours per day seven days a

week by households with touch tone phones and Monday - Friday from 8 am to 4pm by households with rotary dial. The numbers to reach Tel-Med are 433-3232 and 433-3242 and 659-7514 and 659-7516. The Tel-Med program is funded by The Foundation for Seacoast Health of Portsmouth. For more information or for a brochure of Tel-Med tapes you may call toll-free at 1-800-582-7214.

Lamprey Health Care wishes to express its appreciation to the town of Nottingham for its support.

REPORT OF THE  
ROCKINGHAM COUNTY COMMUNITY ACTION PROGRAM, INC.

The Rockinghaam County Community Action Program, Inc. (RCCAP) is a private, non-profit anti-poverty agency which has served residents of Rockingham County since 1965. The Greater Raymond Community Action Center is an outreach office of RCCAP which serves 15 towns in the central part of the county, including the town of Nottingham.

In the 15 towns served by the Greater Raymond Community Action Center, well over 1,200 households are experiencing financial problems serious enough to leave them without the means to provide for basic necessities. Of these, nearly 40% are elderly individuals or couples living on fixed incomes. The remaining 60% include the disabled, the unemployed, the underemployed, single parent families and the working poor. Regardless of their particular situations, all of these people are forced to seek outside assistance to meet their most essential needs.

Community Action plays an important role in meeting these needs by offering direct service programs as well as the help and guidance of our agency's staff. Of the major direct service programs offered by Community Action, the following were provided to the residents of Nottingham:

-35 households received Fuel Assistance, a program which provides a financial grant of up to \$500.00 to assist with energy-related expenses.

-5 homes were weatherized through the Weatherization Program, which provides quality materials and labor to weatherize homes in order to reduce heating costs and conserve energy.

-1 household received the Supplemental Energy Program, which provides for the repair or replacement of furnaces and heating units and home repairs for low-income homeowners.

-7 children were provided meals from private family day care homes which participate in the Rockingham Family Day Care Program.

-12 women, infants and children received help through the WIC Program, which offers supplemental nutritious food and nutrition counseling to pregnant women, nursing mothers and children up to the age of 5 who are nutritionally at risk.

-85 food packets were provided through the Surplus Food Program, which distributes USDA surplus cheese, butter, flour, dry milk, cornmeal and rice.

In addition to these major programs, much of our staff time is devoted to working with people who come to us seeking help. During the past year, we received 70 calls or visits from Nottingham residents, many of which were crisis calls involving fuel or utility problems, the lack of food or clothing or general financial needs. By working closely together with local and state welfare administrators, fuel and utility companies, other human service agencies and interested clergy and civic groups, we are able to link those in need with the services available to them.

Since the services we offer greatly relieve the towns we serve from the full burden of providing for the needs of their low-income residents, we ask every community we serve to make a financial contribution to our agency based upon the level of service we have provided to its residents. The amount we request equals 3.5% of the total dollar value of services provided during the previous fiscal year, which means that we request \$3.50 for every \$100.00 we provide in direct services.

From September 1, 1986 through August 31, 1987, Community Action provided \$39,929 in services to Nottingham residents. We are therefore requesting the town of Nottingham to contribute 3.5% of this amount, or \$1,398. The town of Nottingham has contributed to our agency for many years, and we extend our appreciation to you for your continued support.

Respectfully submitted,

Amy Mueller-Campbell

NOTTINGHAM SCHOOL DISTRICT

ANNUAL MEETING

MARCH 7, 1987

The Nottingham School District Annual Meeting was called to order at 10:00 p.m. by Moderator, Earle B. Rourke. Present for the meeting were Board Chairman, Linda Fernald; Board Members, Gail Rondeau and Richard Schuster; Principal, Linda Parkin; Superintendent, Barry Clough; Acting Moderator, Tom Sweeney; Clerk, Rita Bevins; Ballot Clerks, Judi Thibault and Kathy Gherke; and approximately 85 townspeople.

ARTICLE 1: To hear the reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.

Motion made by Linda Fernald and seconded by Richard Schuster, to accept Article 1 as printed in the Town Report.

Voted in the AFFIRMATIVE by voice vote.

ARTICLE 2: To see if the school district will vote to raise and appropriate the sum of six thousand five hundred (\$6,500.00) dollars for the purchase of five (5) Apple computers.

Motion made by Richard Schuster and seconded by Linda Fernald, to accept Article 2 as read.

Voted in the AFFIRMATIVE by voice vote.

Article 3: To see if the school district will vote to raise and appropriate the sum of eleven thousand five hundred and fifty (\$11,550.00) dollars to completely renovate one bathroom in the original school.

Motion made by Linda Fernald and seconded by Gail Rondeau, to accept Article 3 as read.

Voted in the AFFIRMATIVE by voice vote.

Article 4: To see if the school district will vote to raise and appropriate in addition to the original 1986-87 appropriation, a sum of ten thousand (\$10,000.00) dollars to be made available to the school district prior to July 1, 1987 in order to meet unanticipated obligations caused by mandated high school tuition and special education, transportation expenditures (Deficit appropriation).

Motion made by Linda Fernald and seconded by Richard Schuster, to accept Article 4 as read.

Voted in the AFFIRMATIVE by voice vote.

Article 5. To see if the school district will vote to: a) authorize the School Board to appoint a committee of not more than seven (7) voters including one (1) school board member to conduct a search for a minimum of twenty (20) acres of land to satisfy the future construction/space needs of the district; said committee to report back to the School Board with purchase recommendations; b) further to authorize and direct the School Board, if deemed appropriate, to acquire an option or options on suitable parcel(s) of land in accordance with terms and conditions which the School Board deems necessary and beneficial prior to the March 1988 Annual School District Meeting; and c) to raise and appropriate the sum of twenty thousand (20,000) dollars to be used for the acquisition of said option, soil analysis, legal research, site preparation and all other matters in connection therewith.

Motion made by Linda Fernald and seconded by Richard Schuster, to accept Article 5 as printed.

Motion made by Linda Fernald and seconded by Richard Schuster, to amend Article 5a to include one selectman on the committee.

Voted in the AFFIRMATIVE by voice vote.

Amended Article 5 voted in the AFFIRMATIVE by voice vote.

Article 6: To see what sum of money the school district will raise and appropriate for the support of school, for the payment of salaries and fringe benefits of school district officials, employees and agents, for capital construction and for the payment of statutory obligations of the school district.

Motion made by Linda Fernald and seconded by Harold Hapgood, to move that the district vote to raise and appropriate one million eight hundred thirty five thousand three hundred and seventy eight (\$1,835,378.00) dollars for the support of school, for salaries and fringe benefits of school district officials, employees and agents, for capital construction and for the payment of statutory obligations of the school district.

The Moderator ruled that the motion for the appropriated sum of \$1,835,378 was out of order but later allowed the second and the motion to stand.

Motion made by Sandra Vilchocki that the School Board propose a budget figure of said amount be increased by forty eight thousand (\$48,000.00) dollars for the purpose of establishing a public kindergarten.

Moderator stated that there is no line item proposed for a kindergarten but one has the right to propose a budget increase and ruled the motion out of order.

Motion made by Linda Fernald and seconded by Gail Rondeau, that the people have a chance to overrule the Moderator's decision.

Voted in the AFFIRMATIVE to overrule the Moderator by card vote.  
Yes - 32 No - 28

Motion made by Jack Gardner and seconded by Carl Olsson, that we table any further action on the School Budget until April 4th for the purpose of allowing the School Board and Budget Committee and other interested citizens an opportunity to be sure that the proposal makes sense and can happen in an orderly way and to give everyone an opportunity to get the planning done that should have been done before this meeting - ten o'clock on April 4th.

Voted in the NEGATIVE by paper ballot. NO - 40 YES - 39

Motion that was made by Sandra Vilchocki and seconded by Sue Marston to appropriate the sum of forty eight (\$48,000.00) dollars to initiate a kindergarten program in Nottingham was brought to a vote.

Voted in the AFFIRMATIVE by voice vote. Yes - 42 No 40

Motion made by Linda Fernald and seconded by Richard Schuster, to amend the figure of \$1,835,378 and reduce the total by thirty six hundred (\$3,600) dollars which is salary for the assistant clerk in the office which was taken out. The new figure is one million eight hundred seventy nine thousand seven hundred and ninety eight (\$1,879,798.00) dollars.

Voted in the AFFIRMATIVE by voice vote.

Voted in the AFFIRMATIVE by voice vote.

Motion made by Linda Fernald and seconded by Richard Schuster, that the school district vote to raise and appropriate one million eight hundred eighty one thousand and seven hundred and ninety eight (\$1,881,798.00) dollars for the support of school.

Voted in the AFFIRMATIVE by voice vote.

Article 7. To see if the school district will authorize the school board to make application for and to receive and expend, in the name of the district, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or State agencies and/or other sources accordance with the provisions of RSA 198:20-b.

Motion made by Linda Fernald and seconded by Richard Schuster, to accept Article 7 as printed.

Voted in the AFFIRMATIVE by voice vote.

Article 8. To choose agents and committees in relation to any subject embraced in this warrant.

SPECIAL DISTRICT MEETING WARRANT  
Aug. 25, 1988

To the Inhabitants of the School district in the town of NOTTINGHAM qualified to vote in district affairs:

You are hereby notified to meet at the Nottingham Elementary School in said district on the 25th day of August 1987, at 7:00 o'clock in the afternoon, to act upon the following subjects: (Permission having been given by the Rockingham County Superior Court under the authority of RSA 197:3 and RSA 33:8 to hold a Special School District Meeting having the same authority as an Annual Meeting,) namely:

1. To see if the School District will vote to raise and appropriate the sum of forty-three thousand nine hundred eight dollars (\$43,908) which, when combined with the four hundred seventy four thousand thirty five dollars (\$474,035) raised and appropriated on 7 March 1987 at the 1987 annual school district meeting, would fund all cost items relative to teacher salaries and fringe benefits for the 1987-88 school year, which results from negotiations between the Nottingham School Board and the Nottingham Federation of Teachers, Local #3555 for, and which represents, the negotiated increase over the 1986-87 salaries and fringe benefits.

## TENATIVE

*To the Inhabitants of the School district in the town of* Nottingham  
*qualified to vote in district affairs:*

You are hereby notified to meet at the \_\_\_\_\_ in said district on the  
5th day of March 1988 , at 10 o'clock in the fore noon,  
to act upon the following subjects:

1. To see if the School District will authorize the School Board to acquire by purchase land known as the Fernald property comprised of seventy-seven (77) acres more or less, located within the boundary of Route 152, Priest Road and the power lines in Nottingham; and further to raise and appropriate the sum of three hundred eighty four thousand dollars (\$384,000) for the acquisition of said real estate, all necessary site preparations, soil analysis, legal research and other expenses required to verify the site for school construction; to determine whether such appropriation shall be raised by the issuance and sale of bonds and/or notes upon the credit of the Nottingham School District in accordance with the provisions of RSA ch. 33, as amended; to authorize the Nottingham School Board to invest said monies and to use the interest earned thereon for said project; to authorize the Nottingham School Board to obtain and expend state and other aid which may be available for said project; to authorize the Nottingham School Board to determine the time and place of payments of principal and interest, to determine the rate of interest and the provisions for the sale of notes and/or bonds, and to determine all other matters in connection therewith; or, to take any other action relative thereto (2/3rds vote required).

2. To hear the reports of agents, auditors, committees, or officers chosen and pass any vote relating thereto.

3. To see if the School District will vote to raise and appropriate the sum of three thousand dollars (\$3,000) for the purchase of a free standing storage shed.

4. To see if the School District will vote to raise and appropriate the sum of thirteen thousand two hundred fifty-four dollars (\$13,254) for the removal and replacement of the oil tank located to the left of the original school as per State law, RSA 146-C.

5. To see if the School District will vote to raise and appropriate the sum of five thousand six hundred dollars (\$5,600) for the purchase of four (4) Apple computers.

6. To see if the School District will vote to raise and appropriate the sum of fourteen thousand three hundred seventy dollars (\$14,370) to install a closet sprinkler and fire doors and replace interior finish as required by the report of the State Fire Marshal's Office dated 9 December 1987.

7. To see if the School District will vote to raise and appropriate the sum of thirty eight thousand three hundred ninety-seven dollars (\$38,397) as a deficit appropriation in addition to the 1987-88 appropriation for unanticipated special education tuition and transportation expenses.

8. To see if the School District wishes to establish a committee composed of a minimum of seven (7) members to be appointed by the Board to study the space needs of the district and to raise and appropriate the sum of ten thousand dollars (\$10,000) for architectural, engineering, legal and related expenses. Said committee to submit a written report and recommendations to the 1989 Annual School District meeting.

9. To see of the Nottingham School District will vote to raise and appropriate the sum of fifty-two thousand dollars (\$52,000) for the establishment of a kindergarten program. (By Petition)

10. To see what sum of money the School District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, for capital construction, and for the payment of statutory obligations of the School District.

Given under our hands at said Nottingham this 5th day of March 1988

Nottingham School District  
Nottingham, New Hampshire

We have examined the general purpose financial statements of the Nottingham School District for the year ended June 30, 1987, and have issued our report thereon dated September 16, 1987. As part of our examination, we made a study and evaluation of the internal control systems, including applicable internal administrative controls, used in administering federal financial assistance programs to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards, the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, issued by the U.S. General Accounting Office, the Single Audit Act of 1984, and the provisions of OMB Circular A-128, Audits of State and Local Governments. For the purpose of this report, we have classified the significant internal accounting and administrative controls used in administering federal financial assistance programs in the following categories:

- (1) Accounting Applications
  - (a) Cash Receipts
  - (b) Cash Disbursements
  - (c) Purchasing and Receiving
  - (d) Accounts Payable
  - (e) Payroll
  - (f) Receivables and Billings
  - (g) Property and Equipment

(2) Controls Used in Administering Federal Programs

General Requirements

- (a) Political Activity
- (b) Davis-Bacon Act
- (c) Civil Rights
- (d) Cash Management
- (e) Relocation Assistance and Real Property Acquisition
- (f) Federal Financial Reports

Specific Requirements

- (a) Types of Services
- (b) Eligibility
- (c) Matching Level of Effort
- (d) Reporting
- (e) Cost Allocation

The management of the Nottingham School District is responsible for establishing and maintaining internal control systems used in administering federal financial assistance programs. In fulfilling that responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of internal control systems used in administering federal financial assistance programs are to provide management with reasonable, but not absolute, assurance that, with respect to federal financial assistance programs, resource used is consistent with laws, regulation, and policies; resources are safeguarded against waste, loss and misuse; and reliable data are obtained, maintained, and fairly disclosed in reports.

Because of inherent limitations in any system of internal accounting and administrative controls used in administering federal financial assistance programs, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the systems to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study included all of the applicable control categories listed above. During the year ended June 30, 1987, the Nottingham School District, had no major federal financial assistance programs.

With respect to the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Nottingham School District, our study and evaluation was limited to a preliminary review of the systems to obtain an understanding of the control environment and the flow of transactions through the accounting system. Our study and evaluation of the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Nottingham School District, did not extend beyond this preliminary review phase.

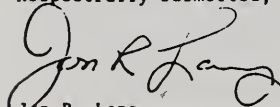

Our study and evaluation was more limited than would be necessary to express an opinion on the internal control systems used in administering the federal financial assistance programs of the Nottingham School District. Accordingly, we do not express an opinion on the internal control systems used in administering the federal financial assistance programs of the Nottingham School District.

Also, our examination, made in accordance with the standards mentioned above, would not necessarily disclose material weaknesses in the internal control systems used solely in administering nonmajor federal financial assistance programs.

Our study and evaluation and our examination disclosed no condition that we believe to be a material weakness in relation to a federal financial assistance program of the Nottingham School District.

This report is intended solely for the use of management and the cognizant audit agency and other federal and state audit agencies and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report, which, upon acceptance by the Nottingham School District is a matter of public record.

Respectfully submitted,

As I observe the number of housing developments and subdivisions in the area, the rapid growth being experienced in adjacent communities and the current elementary school site developed to maximum capacity, the need for extensive planning with regard to the future classroom and program needs of the School District becomes not only evident, but critical.

Articles One, Eight and Eleven of the Warrant represent responsible attempts to address the growth issue and I strongly urge your support for these articles. As the present school site cannot handle additional construction, the land acquisition proposed in Article One is an essential step to insure that the District possesses the necessary resources to provide for the education of the children served by the District. The study committee proposed in Article Eight, and the extension of the current Cooperative School Planning Committee set forth in Article Eight, simply represent sensible planning.

The question of Kindergarten is before the voters once again in the form of Article Nine of the Warrant. As you know from previous reports, I am a strong advocate of public Kindergarten programs as I believe them to be educationally vital, necessary and financial cost-effective based on extensive research conducted throughout the country. For these reasons, I once again share with you a summary of this research. In an article entitled WHAT'S AHEAD FOR EDUCATION, Harold L. Hodgkinson, former Director of the National Institute of Education, refers to the tendency in modern American society to think in terms of the Norman Rockwell concept of the working husband, the housewife and two school children as the typical American family. Hodgkinson goes on to state that this traditional description of the family unit holds true for only 7% of American households; 14% of American children today are illegitimate, 40% will be living with a single parent by their eighteenth birthday, 30% are latch key children and 15% have physical or mental handicaps. These statistics underscore the importance of publicly funded preschool programs and in particular, kindergarten programs. I urge the voters of the District to consider funding such a program as there is considerable research such as the Ypsilanti Perry Preschool Project, the Minnesota Early Learning Design in Minneapolis/St. Paul and other studies which underscore the

importance not only to the child, but to the taxpayer and society, of public preschool education. According to the Ypsilanti Perry Project report, for every \$1,000 that was invested in the preschool program, at least \$4,130 has been returned to society in the form of reduced costs for special education, legal processing for delinquent behavior and increased earnings of participants. Students who experienced the preschool program subsequently averaged 1.8 years of special education, whereas those that did not have it averaged 3.8 years. For every 100 pupils who had the program 35 dropped out of high school, whereas 55 of every 100 students attended college or took job training courses while of those pupils without the program, only 21 did so. Clearly, the research underscores the importance of making a commitment to public kindergarten programs.

The current Legislative session merits our attention with regard to at least one particular piece of legislation. House Bill 645 would increase the State's portion of school construction costs from 30% to 40% and would decrease the vote total needed to pass a school construction bond issue from the current level of 66-2/3% to 51%. School Districts experiencing rapid growth would benefit greatly from this legislation. I strongly urge you to contact your representatives in support of this bill.

A stronger State role in education and more accountability at the local level is necessary if we are to retain the present level of decision-making as opposed to an increased Federal role. Present Federal budget decisions reflect a trend away from funding programs which are less accountable such as State block grants and toward increased funding for more accountable programs such as the National Assessment of Educational Progress (NAEP) which analyzes student performance in specific subjects. Such experts as Dr. Porter from Harvard maintain that the local control of education associated with an earlier era in our nation's history is no longer sufficient for an economically interdependent world. If we are to prove such a thesis wrong, we must support our schools at the State and local level by providing clear leadership and adequate financial support.

The School Administrative Unit staff is prepared to assist the District with what I view to be an increased need to study the implications of regional growth and will continue to assist in such areas as curricula review and revision, staff selection and supervision, business management, transportation, special education and legal matters.

On behalf of the members of the School Administrative Unit #44 staff, I wish to thank the members of the School Board, and key community people for their untiring efforts and continued support on behalf of our children.

Respectfully submitted,

Barry L. Clough  
Superintendent of Schools

## Report of the Principal - 1987-88

The last year has been a busy one at Nottingham Elementary School. We have set goals in several areas, and are working as a staff, with parents, to reach them. The current staff is:

Grade 1	Mrs. Joan Hart and Ms. Marian Tucker
Grade 2	Mrs. Kathy Conway-Frangione and Ms. Cynthia Sutton
Grade 3	Mrs. Arleen Ruffner and Mrs. Jill Craig
Grade 4	Ms. Rosemary Breslin and Mrs. Judith Sterndale
Grade 5	Ms. Nancy Murphy and Mr. Richard Andersen
Grade 6	Mrs. Ellen Schwarz and Mrs. Rebecca Jentes
Grade 7	Ms. Elaine Franz
Grade 8	Ms. Elizabeth Lynch and Mr. Wesley Lavin
Reading	Mrs. Suzanne Dolan
Spec. Ed.	Ms. Diane St. Germain and Ms. Katherine Harris

Nurse	Mrs. Jean Fernald
Secretary	Mrs. Pam Twombly
Clerk	Mrs. Pam Schaaaff
Custodians	Mr. John Evans, Mr. Dale Elliott, and Mr. Duane Elliott

Our first Parent Conference Day was held in November. We were delighted to have the opportunity to meet with the parent/parents of all but four of our students. Follow-up surveys of the parents and teachers indicated that a vast majority found the conferences very worthwhile. We appreciate the cooperation which enabled us to have such a successful day.

Ten of our staff members attended four days of computer training during the summer through the Governor's Initiative for Excellence in Education. Computer hardware was also part of the grant, and, as a result, the school will next year be able to use the computers with students.

Diane St. Germain served on the S.A.U. 44 Math Curriculum Committee during the summer. The new curriculum has been drafted and distributed to teachers. The final form will be written after input from classroom teachers is

obtained. A similar curriculum was written for Language Arts.

Rosemary Breslin and Richard Andersen served as instructors in the S.A.U. 44 Summer Institute, a program designed to teach through real problem solving. Several of our students also took part.

Our Nottingham School Volunteers won another Blue Ribbon Award during the 1986-87 school year. Without the volunteers, running the school lunch program would be impossible. Several volunteers help in the classrooms and library on a regular basis. We are extremely grateful for all their help. Special thanks go to Ruth Bellitti for coordinating all the volunteer activities.

Our students enjoyed a week with Pontine Movement Theater this fall through the Artists in the School program. Eighty per cent of our upper grade students participated, and learned to express themselves through movement. The show which concluded the residency was proof positive that the children had learned a great deal in a short time.

Our regular program continues to work to meet the needs of each of our students through classroom curriculum, and that which goes beyond the curriculum. We are lucky to have an exceptional staff whose members work well together for the benefit of the students. We feel that education has three participants: student, teacher, and parent. We welcome your involvement. A group of concerned parents has organized to learn more about the school system and how it works. We appreciate the efforts of the Parents That Care Group.

With the growth in the area, it will be only a short time before we outgrow our current quarters. Our Middle School facilities do not enable us to offer many of the programs called for in the new State Standards for Middle Schools. We look forward to planning with all of you to meet the needs of the children of Nottingham, and continue to improve the programs we offer.

Respectfully submitted,

Linda L. Parkin, Principal

NOTTINGHAM SCHOOL BOARD  
ANNUAL REPORT

This year has been one of difficult decision-making and long-range planning for the Nottingham School Board.

The Board set the following as areas of emphasis in 1987-88: middle school organization, thinking skills, community involvement, high school preparation, and public awareness of early education. We are pleased to have begun work in almost all areas.

The Board has been especially active in educating itself to the ever-more-complicated job of school boardsmanship. We have been represented at the N.H. School Boards Association conferences and delegate assemblies, as well as at workshops on negotiations, school law and parliamentary procedure.

Significant ongoing issues continue to involve the Board. In June, a two-year mediated contract settlement was reached between the school district and the Nottingham Federation of Teachers, after eight months of negotiations. The agreement included salary and teacher worktime increases. A special school district meeting in August defeated the proposed salary increases, but approved a lesser amount which was used to help reach a subsequent re-settlement in October. The new agreement is for one year with no teacher worktime increase. Contract negotiations for 1988-89 began in October.

Increasing teacher salaries state- and district-wide have made Nottingham's among the lowest in N.H. Given the recent difficulties Nottingham has had attracting and retaining quality teachers, the Board is committed to educating the community about the need for competitive teacher salaries in our district.

Due to issues surrounding funding approval, the Board voted in June to delay the implementation of a public kindergarten. Legal action taken against the district by the Nottingham Selectmen, at the request of the Budget Committee, will result in a nonbinding judgment in Rockingham Superior Court this January. The Selectmen contend the kindergarten appropriation at the 1987 annual School District Meeting was illegal.

The Board appealed in December the Department of Revenue Administration's disallowance of the \$48,000 appropriation in setting the tax rate, and is awaiting the hearing officer's determination. The Board contends the appropriation was in order and feels obligated to represent the action of the voters.

Future school space needs are currently under consideration by the Board, and we plan to map out facility and program needs for the district for the next several years. Both the Cooperative School District Planning Committee and

S.B. Report, p. 2

the Land Search Committee are working actively with the Board on this matter. Input from the Selectmen and Planning Board will also be important.

Since the creation of the Parents That Care organization this fall, School Board meetings have been attended by visitors from the community. The Board is pleased at this public interest and encourages its continuance.

The School Board would like to express its appreciation of Principal Linda Parkin, our faculty and staff, the Nottingham School Volunteer Program (under the direction of Mrs. Ruth Bellitti), and all those from the community who take the time to support the district. A special thanks goes to Superintendent Barry Clough and his S.A.U. #44 staff for their continued guidance.

The school district faces a difficult task meeting state educational standards and special education mandates, attracting and retaining staff, maintaining the school grounds and physical plant, resolving tuition, transportation, and legal issues, and providing quality education for our youngsters. As Nottingham grows and the needs of our students expand, the town will continually face the question of how best to finance education. The School Board is committed to providing the best schooling within our means, and welcomes input from the community it works for.

REPORT OF THE SCHOOL NURSE  
Nottingham School District

To the Superintendent of Schools:

The school nurse's office, during the 1986-87 year, was covered by Mrs. Waleryszak and Mrs. Fernald.

Routine hearing and vision screenings were done. Those requested by a staff member or a parent were notified of the results. A tympanometer was available for students with a hearing problem.

All students in grades 5-8 were screened for scoliosis.

Cases of head lice were minimal. Frequent head checks were made on admission and following vacations.

Health instruction was covered according to grade level. Personal hygiene problems were discussed privately. "Here's Looking at You, 2000", a drug and alcohol abuse prevention program, was implemented.

Films were used with some subjects. These were supplied by the Cancer Society, N.H. Lung Association, and the State Library.

The Exeter Hospital Pediatrics Division sent nurses to explain what happens on admission to the hospital. Fire prevention material was displayed.

The Rural District Health Council is used for pre-school screenings and up-dating immunizations.

The school nurses attended the S.A.U. workshops and others, as time permitted. They served on the PSMT team.

I wish to thank the superintendent, the School Board, the principal, and the staff for their cooperation.

Respectfully submitted,

Jean B. Fernald, R.N.

## SCHOOL VOLUNTEER PROGRAM

1986-1987

The year started with thirteen classroom volunteers, three library volunteers, and twenty-four (including substitutes) serving on the lunch program: with a total of forty volunteers. Additional volunteers helped in other areas such as; managing the sale of books, taking children through the historical museum in town, typing material for the bi-monthly school newsletter, collecting money from students and keeping records, typing recipe book material for one class's money-raiser, helping a classroom teacher in the production of maple syrup; when it was collected, cooked down, and bottled for each child.

The coordinator helped as a resource person who compiled a list of townspeople successful in an interesting career who would be willing to bring into the school a new insight. This was not a total "career day", but an on-going project through the year.

Channel 9 TV from a Manchester station interviewed the coordinator at the school in February, and promoted the school lunch program at the same time, by having the cameras photograph the children filing by in the lunch line with volunteers shown serving. We hope this event underlined the importance of a well-balanced lunch as an aid to child's learning ability.

The first week of February saw us holding a "getting to know each other" appreciation tea. The coordinator attended workshops in Manchester and was accompanied by a volunteer. A math workshop held in Exeter was attended by three from Nottingham. Eight volunteers registered for the conference in May and we all enjoyed the all-day workshops.

Whenever recognition was earned by the volunteers, we've tried to give it coverage in the local papers; especially as recipients of the "Blue Ribbon Award" for an exceptional volunteer program, and publicity for one of our volunteers, Pamela Schaaff, who won one of this year's "Outstanding Volunteer" state awards.

During the summer, seven volunteers who had been enrolled in the Seacoast Retired Senior Program in Portsmouth, were invited to a "free of charge" luncheon at a local restaurant where they were honored with certificates of appreciation and the school was honored as a station for volunteering for three years with a plaque.

Our teachers have been very supportive of the volunteer program, as have the school committee and our principal, Linda Parkin. As coordinator, I feel a great satisfaction

in what I can do for the town in it's school to make things run easier, and I am grateful to all the volunteers who offer to help. If it were not for volunteers here, we would not have one of the book fairs or the very necessary school lunch program.

Ruth Bellitti,  
Coordinator

## COOPERATIVE SCHOOL DISTRICT PLANNING COMMITTEE

The Town of Nottingham voted to form a Cooperative School Planning Committee at the March 1985 School District Meeting, for a three year period. This committee is comprised of one school board member and two members of the community, appointed by the school board moderator. During the last three years, this committee has met several times with cooperative school committees from other towns in our School Administrative Unit and other neighboring towns. Until this year, there has been a lot of discussion, but no definite interest from any other towns.

However, Nottingham, as well as most surrounding towns, is now facing a rapid population growth, more children in our schools, and at the same time a warning from area high schools to which we tuition that space for our children may no longer be available.

Thus, this year the Nottingham Cooperative School District Planning Committee has begun to talk seriously with the Barrington School Cooperative Planning Committee about the advantages and disadvantages of forming a Cooperative High School.

We are asking that another three year term for this committee be voted in, so that we may continue to study the feasibility of forming a cooperative high school with neighboring towns.

Nottingham School Board

## REPORT OF THE LAND SEARCH COMMITTEE

The Land Search Committee has met regularly since late spring of 1987. In the course of our work, we established the following guidelines that any piece of land suitable for a school building should meet:

a. Since land available for purchase might be limited in the future, it is best that we consider the purchase of parcels larger than 20 acres.

b. Any parcel that we consider should have access to the major roads of our town - i.e. Routes 152, 156 and 4.

c. A central location is preferable to an outlying one.

Local tax maps were consulted to identify locations of parcels, and letters were sent to the property owners indicating our interest. In addition, a more general request was made through the media, in the event that other property owners might wish to have their land considered.

In all we reviewed five parcels; two on Route 4, two on Route 152, and one on Route 156. Committee members walked and evaluated each parcel according to criteria provided by the state department of education and other sources. Three of the five parcels were then selected for more serious evaluation; the Comstock property on Route 152; the Fernald property on Route 152; and the Macdonald property on Route 4.

Each of these three parcels were reviewed on site with Mr. Ward D'Elia of Samyn-D'Elia, P.A. of Ashland. Site inspection indicated that the Fernald property on Route 152 is the most useful of the three in terms of potential site development costs. The committee then made arrangements to conduct further engineering studies of subsoils, surveys, and title searches.

Although at the present time, much of this work is still in progress, barring no unforeseen problems, we will recommend that the school district purchase the Fernald property on Route 152.
