WILLIAM F. McNALLY,  
*Town Treasurer.*

Approved:

DAVID G. GRANT,  
 EDWARD J. HUDON,  
 HERBERT W. ANDREWS,  
*Selectmen of Rollinsford.*

The undersigned, auditors of the town accounts, have examined the books of the Selectmen, Town Treasurer and Town Clerk for the year ending January 31, 1925, and find all cash entries sustained by appropriate vouchers, and casting correctly made, and footings agree.

CHARLES A. JOHNSON,  
RICHARD J. COLBATH,  
*Auditors.*

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

*Members of the School Board of the Town of Rollinsford:*

I have the honor of submitting herewith my fifth annual report as superintendent of the schools of your district.

So far as the schools are concerned, the usual matters of interest to the parent and tax payer are the personnel of the teaching force, the housing of the pupils, what is being done to promote the children's health, the quality of the work done in the schools, and last but not least the expense of maintaining the schools. In other words: Are the schools being administered economically and efficiently?

### THE TEACHING FORCE

The present school year began with several changes in the teaching force. Miss Christina F. Chick, teacher of the third grade, resigned, and her place was filled by Miss Mabel C. Golden, who had been teaching for several years in the first grade. Mrs. Clara Roberts Henderson of South Berwick was chosen to fill Miss Golden's former position. Miss Mary Leahy of Somersworth was elect-

ed to teach the Pear Yard school, while Miss Margaret Thomas of Rollinsford was asked to take the Quamphegan school. Possible the most important change, however, was the choice of Mr. Embert U. Allen of Columbia Falls, Maine, as principal of the Franklin school. Mr. Allen has proved himself a strong disciplinarian, a good teacher, and a man with excellent influence over the pupils.

I feel that the town of Rollinsford has an unusually strong teaching force, that every one of them is giving his best efforts to help the boys and girls, and that we are securing good, substantial results.

#### ATTENDANCE

The total registration for the school year 1923-24 amounted to 311. A few left before the end of the year. In June, 1924, 263 pupils were promoted and 41 not promoted. Of the 41 not promoted, 29 were in grades 1, 2, and 3. The percentage of attendance for the school year was 94.4. There were 261 cases of tardiness. The number of visits to all schools by members of the school board was 34; by the superintendent, 420, or an average of 42 visits per teacher; by citizens, 258. The school board held 14 meetings.

#### SCHOOL CALENDAR

During the fall term the schools of the village were closed for five and one-half days owing to an epidemic of scarlet fever. This time will be made up by teaching on Columbus Day and by changes in

the school calendar. The calendar has been changed so that instead of two terms after the Christmas holidays there will be three terms of seven weeks each, thus avoiding holidays on Washington's Birthday and Fast Day. The new calendar gives us  $172\frac{1}{2}$  days for the school year.

This arrangement of four terms has met with very general favor throughout the country. Not only does it give more teaching days, but it breaks up the latter part of the year in such a way that neither teachers nor pupils are tired out in June.

#### REPAIRS AND IMPROVEMENTS

During the summer the desks in all of the schools were scraped and varnished, blackboards repainted as far as necessary and in general the rooms put in good condition for the opening of the schools. It was an agreeable surprise both to the teachers and pupils to find their rooms greatly improved. At the Quamphegan school a new chimney was built at a very reasonable price.

In conformity with the statutes of the State of New Hampshire, new locks have been placed on one of the exits of the Franklin school and Town Hall school.

During the summer the school board made provision for a rest room in the Franklin school by screening off a portion of Miss Raino's room and furnishing it with a table and other necessary fur-

niture. This arrangement fills a long felt need. In modern school buildings the rest room is very generally provided. It usually has not only easy chairs, but a couch where the pupil or teacher may recline when necessary.

The modern school recognizes the physical and educational value of play. With this in view the school board has made a beginning by providing some of the necessary equipment. Swings were erected for the use of the three rural schools and the Town Hall school. A Giant Stride was bought for the pupils of the Franklin school, and the auditorium of the Town Hall equipped for basketball.

Supervised play is not only a benefit to the child physically, but is recognized as a basis for sound morality. This truth is very generally recognized today. "The result of free play is almost always a promotion of bodily functions and an increase of bodily vigor, which we are justified in assuming as a foundation for a healthful morality." With proper supervision, the playgrounds become the cradle of democracy for children. It teaches them to respect the rights of others. Leadership is respected; but "teamwork," especially in the upper grades, is a splendid opportunity to give moral training. The bully, the selfish boy, learns that he must play the game "fair," and that the reputation of the team and the school are far more important than his own individual record.

The organization of a basketball team has aroused great interest among the pupils. The selectmen granted the pupils use of the town hall, the school board put up the necessary screens and baskets. Consequently the pupils have an excellent floor on which to play. Under Mr. Allen's leadership a team has been organized and several games played. We are looking forward to a good baseball team in the spring.

In case the children are physically unable to use the apparatus or to play basketball, the parent should notify the teacher to that effect.

#### EXPENSES

The taxpayer is also interested to know whether the money raised for school purposes is being spent economically. Fortunately the facts to answer this question are supplied by the official reports sent out by the State Board of Education. These reports give in order the amounts which each school district spends for education during the current year, based upon equalized valuation. For the school district of Rollinsford we have the following facts:

Year	Number in order of lowest expenditures	Total cost of education per \$1,000.00 valuation
1920-21	94	\$ 7.65
1921-22	87	7.73
1923-24	42	6.43

The above table shows conclusively two facts:

First, that for the four years the expenses of the school district of the Town of Rollinsford have been relatively very much reduced in comparison with other school districts.

Second, the actual money cost of education per \$1,000.00 of equalized valuation has been materially reduced.

In the meantime the salaries of the teachers have been raised, the rural buildings have been put in good repair and the pupils have been provided with the necessary books and supplies.

#### EXTENT OF INSTRUCTION

The instruction under our present organization is largely restricted to the so-called fundamentals. This is very good as far as it goes. These graduates of the eighth grade who have continued their education in high school or Academy have done very satisfactory work, much above the average. On the other hand there is urgent need of manual training and domestic arts for all boys and girls in grades seven and eight, but especially for those who do not continue their education. A man to teach the eighth grade and manual training, and a woman to teach the seventh grade and domestic arts, would solve the problem and add greatly to the efficiency of the schools. This would relieve the congested situation in the seventh and eighth grades. To make these changes, however, a new school building would be necessary.

Music and drawing are taught by the teachers regularly, but a special teacher one day a week in each of these subjects would be of great value.

#### HEALTH

Under the direction of Miss Annetta Collishaw, R. N., substantial progress has been made in medical inspection. Miss Collishaw has been faithful and efficient in her work and is securing good results. The epidemic of scarlet fever during the fall term required close attention, but with the co-operation of the Board of Health was held in check.

The mid-morning milk lunch not only secures better health, but it enables the pupil to do better work in the school. Interest in securing funds to provide this lunch for children whose parents cannot pay for it has been very gratifying, for no money for school milk is paid out of the school money. The funds for this purpose have to come from a moving picture benefit and from very generous private contributions. The members of the school board took the school census and turned the money received for doing so into the milk fund.

In conclusion I wish to say that the splendid spirit of service existing in your schools is due to mutual co-operation of all parties concerned working for the best good of the boys and girls.

Respectfully submitted,

WALTER H. YOUNG,  
*Superintendent of Schools.*

## AN APPRECIATION

---

The members of the school board wish to extend their thanks to the teachers who have so willingly co-operated in all matters pertaining to the welfare of the schools; to Miss Collishaw, the school nurse, for her splendid services—and especially to Mr. Young, whose faithfulness to his duties has been an important factor in maintaining our schools at a standard of which we feel we have reason to be proud.

RICHARD J. COLBATH,  
KATHERINE C. ROBERTS,  
BERTHA A. J. NUTTER.

## STATE OF NEW HAMPSHIRE

---

*To the Inhabitants of the Town of Rollinsford, qualified to vote in town affairs:*

You are hereby notified to meet at Town Hall in said town on the second Tuesday of March next, at 10 o'clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To choose a Town Clerk for the ensuing year.

ART. 2. To choose a Town Treasurer for the ensuing year.

ART. 3. To choose one selectman for a term of three years.

ART. 4. To choose all other necessary Town Officers for the ensuing year.

ART. 5. To raise such sums of money as may be necessary to defray town charges for the ensuing year.

ART. 6. To see if the town will vote to pay the Firemen a sum of money in addition to that required by law.

ART. 7. To see what sum of money, if any, the town will vote to raise and appropriate for Band Concerts.

ART. 8. To see what sum of money the town will vote to raise and appropriate for decorating the soldiers' graves and paying the expenses of Memorial Day.

ART. 9. To see what percentage, if any, the town will vote to discount on all taxes paid on or before the first day of July next.

ART. 10. To see what sum of money the town will vote to raise and appropriate for electric lights.

ART. 11. To see if the town will vote to establish a public library and accept the provision of Chapter VIII, Sections 21 and 26 of the Public Statutes and raise and appropriate a sum of money for the same.
