Commissioners Report.

Agreeably to the laws of State of New Hampshire the Commissioners of the County of Strafford submit their Annual Report, together with the reports of the Superintendent of County Farm, Chaplain, Physician, Sheriff, Jailor, Solicitor, Treasurer, Auditor and Clerk of Supreme Court.

The net indebtedness of the County has been reduced nearly \$10,000 during the year (see Treasurer's Report.) With not an outstanding bill against the county to our knowledge, and upwards of forty thousand dollars in the Treasurer's hands, we see no reason why the five thousand dollars of bonds due December 1, 1886, and the twenty-five thousand due Dec, 1, 1891, which may be called in, cannot be paid.

The law passed at the last Session of the Legislature for the benefit of disabled soldiers has served to increase our Pauper account outside of the County Farm. Many applications have been made to the Overseers of the Poor of the several towns which will materially increase the Pauper account for the coming year. The Commissioners have made a personal visit to nearly all the paupers supported off the County Farm. Some of these have been ordered to the Farm, some rendered more aids, while others have been cut off from all assistance. In this work we have been kindly assisted by the Overseers of the Poor and Selectmen.

The amount of money paid out for the support of paupers at the County Farm has been \$18,629.59 for the year ending May 1, 1886, nearly two thousand dollars less than the year ending May 1, 1885.

The cost of the support of the inmates per week has considerably increased over what it was stated to be one year ago. When this Board took charge of the County Farm in July 1885, a careful and systematic inventory was made of the personal property at the Farm, and farm products, implements, furniture, etc., were estimated at what we believed they were actually worth. Again in May of this year we made another equally careful estimate of all the personal property at the Farm. Its amount and value have not materially changed since the inventory of last summer. This Board has arrived at the conclusion that there has been a disposition on the part of somebody in the past, to place an enormous value on this property, purposely reducing the price per week, and they have taken upon themselves the responsibility to place a bona fide value on the same, and while believing the amount of personal property on hand at the present time is fully equal to that of one year ago, its actual value is upwards of five thousand dollars less than that shown by the inventory of April 30, 1885. (For Statistics see Superintendent's Report.)

The Board has directed that the Farm be charged with the inventory of April 30, 1885, and credited with what we believe to be as high an estimate as can be honestly placed upon the property. This reduction having been made, the price per week has apparently, materially advanced. From the examinations carefully made the Board has doubts whether the personal property could have been at any time during the last two years anywhere near the value at which it has been estimated. If this be true then the price per week for each of those years has been given lower than it actually was. This Board knows of no other way to get the inventory back to somewhere near its actual value except by fixing an unusually high price per week this year which should have been distributed, in our opinion, through the last two years.

The services of Mr. and Mrs. Wentworth have been retained for the coming year. Mr. Calef has resigned his care of the Asylum to Mr. Gero; Miss Minnie Meserve as teacher, retired in favor of Miss Eva Merrill; Drs. Smith and Chamberlain were superseded by Dr. Daniels. Mr. Garmon has cared for the boilers during the winter months. The amount of coal on hand May 1, some sixty tons, substantially proves that there has been a great saving of fuel by employing experienced help instead of depending solely on the inmates. Those able to labor were employed hauling sand a part of the winter covering those portions of the farm where the land was of a clayey nature, and many loads were mixed with the manure.

A number of improvements have been made at the County Farm during the year past. The cemetery has been enclosed by a substantial post and board fence. Outside buildings have been shingled. A privy, nine by thirty, and two stories high, connected with the Asylum has been erected for the benefit of the insane, not only giving more room but purer air to those unfortunate people. A Silo has been built which will save from twenty to thirty tons of hay annually. Upwards of three hundred dollars has been spent for ashes. Five hundred dollars has been paid for the standing growth of a lot near the Farm, which will supply all the necessary wood and lumber for several years to come. With farm buildings in good repair, no outstanding bills against the institution, the personal property brought down to a hard pan basis, and a little more practical use of the old fashioned words *economy* and *frugality*, we have reasons to believe the year to come will be fairly prosperous.

JOHN F. TORR,
BENJAMIN F. HANSON,
JOSEPH D. ROBERTS,

Commissioners of Strafford County.

Balance cost for support of paupers..... \$21,423 14
 Number of weeks support furnished..... 9,331 4-7
 Dividing \$21423 14 by 9331 plus, it gives \$2.29 plus, as
 the cost per week for support of paupers.

The Commissioners, believing that the amount of personal property at the County Farm, May 1, 1886, equal to that of May 1, 1885, have deemed it their duty not to set a fictitious value on the same for the purpose of reducing the price per week for support of paupers, but to place this property at its actual value in dollars and cents, and by so doing have reduced it from the enormous sum of \$19,211 67 to that of \$14,068 34, making a shrinkage of \$5,143 33, which taken from \$21,423 14, shown above as balance, will

leave as actual cost of support of paupers, \$16279 81 ; this divided by the number of weeks, 9331 4-7, gives as actual expense per week, \$1.74 1-2.

Respectfully submitted,

WILLIAM T. WENTWORTH.

Chaplain's Report.

The chaplain's work at the County Farm has gone on much as in past years. Services have been held every Sunday for the past year with only occasional omissions and the chaplain has for the most part officiated in person. The sick have been visited and ministered to, as necessity demanded, the dead have been buried and the school visited now and again. The deaths at the farm have been more frequent than in years past. This fact is sufficiently explained by the unusual severity of our Spring for the sick and aged everywhere; then it ought to be remembered that many who are sent to the farm are sent there to die; it is very much of the nature of a hospital; when one considers all the circumstances of the case, it is a wonder that no more are taken away; that it is not so is largely owing to the healthfulness of the situation, the care they receive and the drainage and ventilation of the institution.

The school has been faithfully administered by Miss Merrill and shows as much improvement as could be well expected under the circumstances. The usual Christmas Festival was held on New Years' Day, under the charge of the young ladies who have carried it on so successfully for the past years. It was a very pleasant and happy occasion and was much enjoyed by all who participated in it. In addition to this festival an entertainment was given for the

benefit of the inmates by the social society of the Universalist church and a concert by the Dover Glee Club. Both were duly appreciated. I have distributed tracts and reading matter generally among the inmates and are indebted to the Dover Magazine Club for magazines and to friend David Hestor for packages last month of his admirable publication, "The Tract Repository."

Respectfully submitted,

ITHAMAR W. BEARD,

Chaplain at the County Farm.

Physician's Report.

TO THE COMMISSIONERS OF STRAFFORD COUNTY :

Gentlemen: I herewith submit my first report as County Physician, commencing September 1st, 1885, and ending May 1st, 1886, a period of eight months. Very few changes have been made at the County farm since I assumed the duties of Physician. The medicine was formerly kept in a small closet in the Superintendent's office. At my suggestion the Commissioners set apart and fitted up a room in the main building for an office and laboratory which afforded much better facilities and made my labors much less burdensome. Recently a much needed improvement was made at the asylum for the insane, the vaults have been changed as recommended by the State Board of Health in their report for 1884, and removed some distance from the main buildings and connected by covered walks which have much improved the sanitary conditions of the asylum. There are at this time thirty-seven inmates in the asylum, fourteen males and twenty-three females, mostly middle-aged persons. The inmates at the asylum have, I believe, been tenderly cared for by those having charge. A large number of chronic cases, as is usual at such institutions, exist at the alms house, and many deaths, as most of them are aged people and have been there for several years. There have

been twenty deaths since May 1st, 1885; eleven of that number were over fifty years of age, ten over seventy years and three over eighty years, as will be seen by the following list of deaths and the causes of the same.

NAME.	AGE.	WHERE FROM.	DATE OF DEATH.	CAUSE OF DEATH.

George Keith	30	Dover	Feb. 18, '86	Consumption
Daniel Waldron	79	Strafford	Mar. 25, '86	Consumption

The average age I find to be fifty-three years. I appreciate very much the many favors which I have received by the Commissioners, also the Superintendent and matron, also to the inmates who have been able to assist in the discharge of my duties as County Physician.

Respectfully,

J. S. DANIELS, M. D.

Reports of the County Convention.

Agreeably to an act of the Legislature passed June Session 1885, relating to the reports of the county officers and providing for the publication of the proceedings of County Conventions, we submit the following report :

CONCORD, N. H., June 10, 1885.

Stafford County Convention met in convention agreeable to previous notice.

Meeting was called to order by James A. Edgerly of Somersworth.

Andrews of Somersworth was chosen chairman and Hall of Farmington was chosen clerk of the convention.

The County Commissioners were present and offered their estimate for the county taxes for the ensuing two years for the consideration of the convention.

The County Commissioners presented the report of County Treasurer which was read by the clerk and accepted by the convention.

Voted that the commissioners estimate for county taxes for the ensuing two years be laid on the table for future action.

Voted to adjourn at the call of the chairman.

JOHN F. HALL, CLERK.

CONCORD, N. H., June 30, 1885.
