REPORT OF FOREST FIRE WARDENS

In the past year your local forest fire organization did a very fine job of pre-suppression and suppression of forest fires. Our early spring was very dry and with extra high winds and all our fires were during that period. We find that the general public is still very careless with matches and cigarettes.

In the "Keep America Green" program there is a story of two bad boys who cause most of our forest fires. The first one we call, "I don't care," he is the person that builds fires anywhere, never gets a permit to burn brush or has a safe place for his home incinerator. He is also very careless with matches and cigarettes. The other one is called, "I don't know any better," and the best way to describe him is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our pretty and valuable woodland to be destroyed by fire. Even your own home can be burned by them.

It is up to you and you alone to report these two characters to your local forest fire warden whenever you see them operating. To have our woodlands green and our mountain streams clear, your cooperation is needed by:

1. Seeing that your incinerator is tight and is sitting on clean ground.
2. Always clean a space about any open fire to prevent it from spreading.
3. Never burn in dry windy weather.
4. In all cases a written permit is required from your local town fire warden.

5. Be sure that your matches, cigarettes and pipe ashes are out before discarding.

It is with your cooperation that this shameful waste of timber and money can be stopped.

EVERETT ROCKWELL

B. REPORT OF THE SUPERINTENDENT

Your school is being conducted efficiently again this year under the direction of Mr. Rockwell. Your children are fortunate to have Mr. Rockwell, Mrs. Colby and Mrs. Brooks as their classroom teachers again this year. Mrs. Armstrong, Mr. Guarino and Mr. Marrer come to your school one half day each week. Mr. Guarino replaces Miss Hand who left in September to be married. Mrs. Armstrong has been able to teach cooking, as well as sewing this year, in the new kitchen built last summer. The two new stoves, one electric the other gas, paid for from the Brewster Trust Funds are a fine addition to the facilities for the teaching of home economics. Instrumental instruction has been added for those children who have instruments.

Miss Wiggin and Mrs. Smith with the assistance of so many of you are again providing the pupils with excellent noon lunches. The new kitchen facilities have made their job easier. The deep freeze purchased through Hot Lunch funds serves as a place to store food and permits Mrs. Armstrong to teach your children to use this modern addition to the home.

Your board trusts that the big hole dug last fall may take care of your septic tank problems for many years to come.

The enrollment in your school has been growing slowly. In September you had 85 pupils in attendance. This is 13 more than you had two years ago. The school census indicates that the enrollment will continue to increase for several years. As the number grows larger the teachers will have less time for each pupil. This brings us to the problem of how large the classes can become before we add another teacher.

When the history of education is written for this last year, two items will no doubt have a prominent place. The first might be entitled, "NOW IT CAN BE TOLD."

For several years a number of organizations have been publishing and distributing material harmful to our schools. Some of these materials have been prepared by persons known to be subversive by the F.B.I. while other materials have come from individuals who have for years made their livelihood by attacking some special group. In September, 1951, the McCall Magazine published an article by Arthur D. Morse entitled "Who's Trying to Ruin Our Schools," which exposed the great movement against our public schools.

This should serve as a warning to all of us. While we all know that good schools are necessary in a democracy, sometimes we take them for granted. Constructive criticism is always desirable, but material which attempts to destroy must not be tolerated. New Hampshire citizens have been receiving their share of this material.

Toward the close of the year, the second thing happened. The National Association of Manufacturers announced a program which they would carry on for the support of our public schools. The cooperation of this powerful organization should be a distinct help to public education. The resolution passed recently by this group sums up the responsibility of business men in these words: "Business enterprises must find a way to support the whole educational program effectively, regularly, and now."

The supply of teachers continues to decrease and the demand grows greater each year. No less an authority than the United States Chamber of Commerce

reveals these facts in their December, 1951 bulletin, "News and Cues."

"Teachers colleges suffered the largest over-all decrease—11%—and the largest drop in freshmen enrollment—16%. These figures suggest that teaching continues to be less attractive to young people than other professions. All citizens who believe in compulsory public education should be concerned about the continuing shortage of elementary teachers which, as this survey shows, may grow worse."

Satisfactory pay and pleasant working conditions are the only things which will change this trend.

Your continued support of your schools is essential to their success.

AUXILIARY ACTIVITIES AND REPORTS

A. REPORT OF SCHOOL NURSE FOR 1951

Number of physicals by Dr. Gregory			49
Number examined by Nurse			78
Defects found at physicals:			
Orthopedic	2	Overweight	3
Tonsils	4	Skin	2
Heart Ailments	1		

I would like to take this opportunity to congratulate those who help with the hot lunch program. It is certainly a program to be proud of and those of you who have not had the opportunity to see or have one of these good meals have a treat in store.

It is very hard to report on School Nursing for it is nearly all routine work. A very successful dental clinic was held and, of course, the Fluorine treatment in Wolfeboro. Physicals were done this year in only the first, third, fifth and seventh grades, which is the usual procedure in most school systems.

In January, Mrs. Armstrong of the Home Economics Department, and I will start a personal hygiene class for the upper grade girls. These classes include posture, grooming and good health habits, with movies to accompany them.

My thanks to the School Board, Superintendent and teachers for their help and cooperation.

Respectfully submitted,
 AVIS McAULEY, R. N.,
 School Nurse

WARRANT, SCHOOL DISTRICT MEETING

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Tuftonboro, N. H., qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 11th day of March, 1952 at 2:00 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees

in relation to any subject embraced in this Warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town. (\$34,471.00 figures of the Budget Committee.)

9. To transact any other business that may legally come before said meeting.

Given under our hands at said Tuftonboro, N. H., this 16th day of February, 1952.
