REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Benton :

I herewith submit my fourth annual report as Superintendent of Schools.

The total enrollment of the school in 1945-46 was 11, the average membership 10.83, the percentage of attendance 95.66, the number of tardinesses was 2. There was one pupil attending the Haverhill Academy, there were 2 elementary pupils at Pike School and 1 at Glencliff.

This year the total enrollment is 15. There are no pupils attending high school. One pupil is attending elementary school outside of the district.

The new playground apparatus is an excellent addition to the school equipment. A new set of encyclopedia has been added. Your teacher, Mrs. Katie Paige is to be commended for her interest and assistance in the procurement of these articles.

The future of your school is very uncertain. It appears that for the next few years, there will not be enough teachers to fill positions in the smaller towns. The teacher's colleges are graduating about one-third the demand. Many married teachers are giving up teaching. To exist, the small school must be prepared to make their positions more attractive than those of the large school. The answer to this problem is high salaries and good working conditions for those teachers who enjoy working in small communities.

Benton has a comfortable modern building and an excellent teacher. I am glad that the School Board and community are cooperating to retain their teacher and to support good education for its children.

Respectfully submitted,

RONALD A. PERHAM,

Superintendent.
