Sect. 11. Any state license may be surrendered for cancellation at any time. Upon the expiration and return or surrender of any state license, the secretary of state shall cancel the same, endorse the date of delivery and cancellation thereon and place it on file. He shall thereafter hold the special deposit herein-before mentioned for the period of sixty days, and after satisfying the claims made upon the same under section 12, shall return the balance of said deposit to the licensee.
Sect. 12. Each deposit made with the secretary of state shall be subject, so long as it remains in his hands, to attachment under trustee process and execution in behalf of creditors whose claims arise in connection with the business done in the state, and he shall pay over, under order of court, or upon execution, such sum as he may be charged with upon his disclosure.

Said deposit shall also be subject to the payment of all fines and penalties incurred by the licensee for violations of this act, and the clerk of the court in which such fine or penalty is imposed shall thereupon notify the secretary of state of the name of the licensee against whom such fine or penalty is adjudged and the amount thereof. The secretary of state, if he has in his hands a sufficient sum, shall pay the same to said clerk, and if he shall not have a sufficient sum he shall make payment as aforesaid of so much as he has in his hands. All claims upon the deposit shall be satisfied after judgment in the order in which notice thereof was received by the secretary of state until all claims are satisfied or the deposit exhausted; but no notice filed after the expiration of said sixty (60) days shall be allowed. D. or Dr. (or any title which shall show or tend to show that the person using the same is a practitioner of any of the branches of medicine) in New Hampshire, after September 1, 1897, unless previously registered and authorized, or unless licensed and registered as required by this chapter; nor shall any person practice medicine and surgery whose authority to practice is suspended or revoked by the regent of a state board.

SECT. 2. Within sixty days after the passage of this act, the governor and council shall appoint three separate state boards of medical examiners, of five members each, so appointed that the term of office of one member shall expire each year, and the
members thereafter appointed shall hold office five years, or until their successors are appointed and qualified. One board shall represent the New Hampshire Medical Society, one the New Hampshire Homeopathic Medical Society, and one the New Hampshire Eclectic Society. Each of these three societies shall nominate annually twice the number of examiners to be appointed in that year on the board representing it. The names of such nominees shall be annually transmitted under seal by the president and secretary to the governor and council, who shall appoint from such lists the examiners required to form the boards and to fill any vacancy that may occur from expiration of office or otherwise. Each nominee, before appointment, shall furnish to the governor and council satisfactory proof that he has received the degree of doctor of medicine from some registered medical school, and that he has legally practiced medicine in this state for at least five years. If no nominees are presented from a society to the governor and council, they may appoint from members in good standing in such society without restriction. The governor and council, upon recommendation of the board, may remove any examiner for misconduct, incapacity, or neglect of duty.

Sect. 3. Every medical examiner shall receive a commission of appointment from the state, and before beginning his term of office shall file with the secretary of state the constitutional oath of office. Each board, or any member thereof, may take testimony and proofs concerning all matters within its jurisdiction. Each board may make any by-laws and rules, not inconsistent with law, necessary in performing its duties.

Sect. 4. The superintendent of public instruction, ex officio, shall be the regent of the state boards of medical examiners, and shall perform such duties as are herein specified.

Sect. 5. From the fees provided by this act, the regent may pay all proper expenses incurred by its provisions, except compensation to medical examiners; and any surplus at the end of any year shall be apportioned equally among the three boards; and the state shall not pay the expenses of said boards, or either of them, or compensate them, or either of them, for services rendered under their commissions.

Sect. 6. Each board shall annually elect from its members a president and a secretary for the year, and shall hold one or more meetings each year pursuant to call of the regent, who may also call joint meetings of the three boards or of their officers. At any meeting a majority shall constitute a quorum; but questions prepared by the boards may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the boards.

Sect. 7. The regent shall admit to examination any candidate who pays a fee of $10 and submits satisfactory evidence, verified by oath, if required, that he

v. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country.

Students who matriculate in a New Hampshire medical school before January 1, 1898, on the prescribed study of medicine, shall be exempt from this preliminary education requirement.

Sect. 8. Each board shall submit to the regent, as required, lists of suitable questions for thorough examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics, including practice and materia medica. From these lists the regent shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that in therapeutics, practice, and materia medica, all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate, and shall be in harmony with the tenets of that school as determined by its state board of medical examiners.

Sect. 9. Examinations for license shall be given at Concord in this state, and at least twice annually, and shall be exclusively in writing and in English. Each examination shall be conducted by the regent or a competent examiner appointed by him, who shall not be one of the medical examiners. At the close of each examination the regent or examiner in charge shall deliver the questions and answer papers to the board selected by each candidate, or to its duly authorized committee, and such board, without unnecessary delay, shall examine and mark the answers and transmit to the regent an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average, and whether the board recommends that a license be granted. Such report shall include the questions and answers, and shall be filed in the public records of the regent. If a candidate fails on first examination, he may, after not less than six months' further study, have a second examination without fee. If the failure is from illness or other cause satisfactory to the boards they may waive the required six months' study.
Sect. 10. On receiving from a state board an official report that an applicant has successfully passed the examinations and is recommended for license, the regent shall issue to him a license to practice medicine. Every license shall be issued by the regent under seal and shall be signed by each acting medical examiner of the board selected and by the regent, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education, and all other matters required by law, and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other state examining boards registered by the regent as maintaining standards not lower than those provided by this chapter, and applicants who matriculate in a New Hampshire medical school before January 1, 1898, and who receive the degree M. D. January 1, 1903, may, without further examination, on payment of $5 to the regent and on submitting such evidence as may be required, receive an indorsement of their licenses or diplomas conferring all rights and privileges of a regent license issued after examination.

Before any license is issued it shall be numbered and recorded in a book kept in the regent’s office, and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sect. 11. This chapter shall not be construed to affect commissioned medical officers serving in the United States army, navy, or marine hospital service, while so commissioned, or any one while actually serving on the resident medical staff of any legally incorporated hospital, or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs, or orthopedic instruments or trusses in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other states or countries meeting legally registered physicians in this state in consultation; or any physician residing on a border of a neighboring state and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this state, and who does not open an office or appoint a place to meet patients or receive calls within this state; or to the regular or family physicians of persons not residents of this state, when called to attend them during a temporary stay in the state, or to the hotel physician regularly employed by the landlord of the summer hotel in the care of his guests or employees; neither shall the provisions of this act apply to clairvoyants or to persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science, so called, or any other method of healing, if no drugs are employed or surgical operations are performed; provided such persons do not violate any of the provisions of this act in relation to the use of M. D. or the title of doctor or physician.

to law, shall hold himself out to the public as a physician and
surgeon, or advertise as such, within this state, without lawful
registration or in violation of any provision of this chapter; and
any person who shall buy, sell, or fraudulently obtain any medi-
cal diploma, license, record, or registration, or who shall aid or
abet such buying, selling, or fraudulently obtaining, or who shall
practice medicine under cover of any medical diploma, license,
record, or registration illegally obtained, or signed or issued un-
lawfully or under fraudulent representations or mistake of fact
in a material regard; and any person who shall append the let-
ters M. D. to his or her name; or shall assume or advertise the
title of doctor (or any title which shall show or tend to show
that the person assuming or advertising the same is a practi-
tioner of any of the branches of medicine) in such a manner as
to convey the impression that he or she is a legal practitioner of
medicine, or of any of its branches, without having legally re-
ceived the medical degree, or without having received a license
which constituted at the time an authority to practice medicine
under the laws of this state then in force, shall be guilty of a mis-
demeanor, and on conviction thereof shall be punished by a fine
of not more than $100, or imprisonment for three months, for the
first offense; and on the conviction of any subsequent offense,
by a fine of not more than $250, or imprisonment for not less
than six months, or by both fine and imprisonment.

Sect. 13. Every person who is a practitioner of medicine and
surgery in this state prior to the passage of this act shall be,
upon satisfactory proof thereof to the regent and upon the pay-
ment of a fee of one dollar, entitled to registration; and the said
regent shall issue to him a certificate signed by himself and the
chairman and secretary of such board of medical examiners as
the applicant may elect; and said certificate shall state the facts
and the cause of said registration, and shall entitle the said per-
son to practice medicine legally in the state of New Hampshire.

Sect. 14. The first meeting of the boards may be called by
any one of the members by a notice in writing, stating the time
and place of meeting, sent by mail to each of the other members
at least one week prior thereto.

In the last or right hand column of each ballot there shall be no circle or device, but there shall be printed in the regular order the political designation of each office, as "For Governor," "For Senator," and the like, and beneath each designation there shall be left as many blank lines as there are persons to be elected to such office. Above each column or list of candidates shall be printed in large plain letters the name of the political party by which the candidates in such column were nominated. Above the party designation shall be printed a circle not less than three fourths of an inch in diameter, and such circle shall be surrounded by the following words printed in plain letters, "For a straight ticket make a cross (\(\times\)) within this circle."

Whenever the approval of a constitutional amendment or other question is submitted to the vote of the people, such question shall be printed upon the ballots after, or beneath, the lists of candidates. The ballots shall be so printed as to give to each voter an opportunity to designate by a cross mark \(\times\) in a square his answer to the question submitted.

The ballots shall be printed on plain white paper, in weight not less than that of ordinary printing paper, and there shall be no impression or mark to distinguish one ballot from another. The names of all candidates shall be printed in uniform type, and the ballots for each town or ward shall be so folded that
their width and length when folded shall be uniform. Upon the back of each ballot shall be printed, "Official ballot for," followed by the name of the town or ward for which the ballot is prepared, the date of the election, and a facsimile of the signature of the officer who prepares the ballot.

Sect. 11. There shall be furnished each town and ward at each election conducted under the provisions of this act, not less than sixty ballots for each fifty and fraction of fifty voters therein. The officer who prepares the ballots shall cause to be printed for each town and ward fifteen ballots, printed on tinted paper and without the facsimile indorsement, which shall be known as specimen ballots. These shall be forwarded as soon as printed to the clerk of the town or ward, who shall immediately post five copies in the most public places in the town or ward. On the morning of the day of election he shall cause ten copies to be posted outside of the guard-rail in the room in which the election is held. The officer who prepares the ballots shall also prepare full instructions for the guidance of voters at such elections, as to obtaining ballots, the manner of marking them, the method of gaining assistance, and as to obtaining new ballots in place of those accidentally spoiled, and shall cause the same to be printed in clear type, on separate cards, to be called cards of instructions; and he shall furnish a suitable number of the same to each town and ward.

Sect. 12. The secretary of state shall send in a sealed package the ballots printed by him to the several city and town clerks, so as to be received by them twelve hours, at least, prior to the day of election. The same shall be marked on the outside, clearly designating the town or ward for which they are intended and the number of ballots of each kind inclosed; and the city and town clerks shall, on delivery to them of such package, return receipts therefor to the secretary. The secretary shall keep a record of the time when and the manner in which the several packages were forwarded.

Sect. 13. The several city and town clerks shall deliver to the election officers, before the opening of the polls on the day of any election under this chapter, the sealed package aforesaid. At the opening of the polls in each town or ward, the seal of
the package shall be publicly broken by the ward or town clerk, and the ballots shall be delivered by him to the ballot clerks hereinafter provided for. The cards of instruction shall be immediately posted at or in each marking shelf or compartment provided in accordance with the provisions of this chapter for the marking of the ballots, and not less than three such cards shall be immediately posted in or about the polling room, outside the guard-rails. In case the ballots to be furnished to any town or ward, in accordance with the provisions of this chapter, shall fail for any reason to be duly delivered, or in case after delivery they shall be destroyed or stolen, it shall be the duty of the city or town clerk, as the case may be, to cause other ballots to be prepared substantially, as far as may be, in the form of the ballots so wanting: and upon receipt of such other ballots from him, accompanied by a statement under oath that the same have been so prepared and furnished by him, and that the original ballots have so failed to be received or have been so destroyed or stolen, the election officers shall cause the ballots so substituted to be used in lieu of the ballots wanting, as above.

Sect. 14. The mayor and board of aldermen of each city, and the selectmen of each town, at some time between the first and tenth day of October preceding the biennial election, shall appoint as additional election officers, to act with the clerk, moderator, and the selectmen at each polling place, four inspectors. Such officers shall be qualified voters at the said polling place, and shall be appointed from the two political parties which cast the largest number of votes for governor in the state at the biennial election next preceding their appointment, and two of the inspectors shall be of a different political faith from that of the clerk and the other inspectors. The aforesaid appointments shall be made from nominations of caucuses of the two parties above named, holden by the ward or town, provided such nominations were made on or before the first day of October. If any appointment shall not be made within the specified time, then, on the application of six qualified voters, a justice of the supreme court shall appoint. Each of said officers shall be sworn to the faithful performance of his duties, and shall hold office for two years from the first day of November in the year in which he is appointed, and until a successor is appointed and qualified.

In case of any vacancy, or the absence of any of these officers so appointed from any polling place at any election held under this chapter, the selectmen shall appoint some person qualified as aforesaid to fill said office, and the said appointment shall be made from nominations of aforesaid caucuses, or, in the absence of such nominations, then from similar nominations of the ward or town executive committee of the two parties above named, provided such nominations are made.

Two of the inspectors, one from each of the two political parties above named, shall be detailed by the moderator at the opening of the polls to act as ballot clerks. They shall have the
charge of the ballots therein and shall furnish them to the voters in the manner herein set forth. A duplicate check-list of the qualified voters shall be prepared for the use of the ballot clerk, and all the provisions of law relative to the preparation, furnishing, and preservation of check-lists shall apply to such duplicate list. The other two inspectors shall be detailed by the moderator to assist the illiterate and physically disabled in the marking of their ballots, as provided in section 19 of this act.

Sect. 15. The selectmen in the different wards and towns shall prepare the polling places, or booths therein, and shall cause the same to be suitably provided with marking shelves or compartments at or in which voters may conveniently mark their ballots, so that in the marking thereof they may be screened from the observation of others; and a guard-rail shall be so constructed and placed that only such persons as are inside said rail can approach within six feet of the ballot-box and of such marking shelves or compartments, or within four feet of the ballots in possession of the ballot clerks. The arrangement shall be such that neither the ballot-box nor the marking shelves or compartments shall be hidden from view of those just outside the said guard-rail. The number of such marking shelves or compartments shall not be less than one for every seventy-five voters qualified to vote at such polling place, and there shall not in any case be less than four of these marking shelves or compartments at any polling place. No persons other than the election officers and the voters, admitted as hereinafter provided, shall be permitted within said rail except by authority of the election officers, and then only for the purpose of keeping order and enforcing the law. Each marking shelf or compartment shall be kept provided with proper supplies and conveniences for marking the ballots. Cities and town shall provide suitable ballot-boxes, which shall be used at all elections therein. At the opening of the polls, and before any election under this chapter, the ballot-box shall be publicly opened and shown to be empty, and the election officers shall ascertain that fact by a personal examination of the ballot-box.

Sect. 16. Any person desiring to vote shall, before being admitted within the guard-rail, give his name to one of the ballot clerks, who shall thereupon likewise announce the same, and if such name is found upon the check-list by said ballot clerk, he shall put a check mark against it and again repeat the said name. The voter, unless challenged, shall then be allowed to enter the space inclosed by the guard-rail, as above provided. If his vote is challenged, he must not enter until he makes the affidavit now required by law. After he enters the inclosed space, the ballot clerk shall give him one ballot only. Besides the election officers, no more voters than the number of marking shelves or compartments provided shall be allowed in said inclosed space at one time; but this number shall not include any voter who is engaged in the act of depositing his ballot in
the ballot box, as herein provided. If any voter spoils a ballot, he may successively receive others, one at a time, not exceeding three in all, upon returning each spoiled one. The ballots thus returned shall be immediately marked "canceled" by the ballot clerk, and, together with those not distributed to the voters, shall be preserved.

Sect. 17. On receipt of his ballot, the voter shall forthwith and without leaving the inclosed space, retire alone to one of the voting shelves or compartments, and shall prepare his ballot as follows: He may place a cross (X) within the circle above the party name or designation, in which case his vote shall be counted for all the persons named in the column under such party or designation. In case a voter desires to vote for a candidate whose name is not printed under the circle in which he has marked, he shall erase or cancel the name of the candidate in such column for whom he refuses to vote, and may vote for the candidate of his choice by marking a cross (X) in the square opposite the name of such candidate, or by writing in the name of the person for whom he desires to vote in the right-hand column prepared for the purpose. In such case the vote so marked in the square, or so inserted in the right-hand column, shall be counted, and such ballot shall not be counted for the candidate for the same office whose name is erased. Unless canceled or erased, all names in the party columns under the circle marked by the voter shall be counted, to the exclusion of all others. One mark in the square opposite the names of candidates for electors of president and vice-president shall be counted as a vote for each. Provided, however, that a voter may omit to mark in any circle, and may vote for one or more candidates by marking a cross (X) in the square opposite the names, or he may insert the names of the candidates of his choice in the blank or right-hand column, and such votes shall be counted. In case of a question submitted to the vote of the people, the voter may mark in the appropriate square a cross (X) against the answer which he desires to give.

Before leaving the voting shelf or compartment, the voter shall fold his ballot without displaying the marks thereon, in the same way it was folded when received by him, and he shall keep the same so folded until he has voted. He shall immediately give his name to the ward or town clerk, who shall likewise repeat the same and place a check mark against it on his checklist. The voter shall forthwith present his ballot with the official indorsement uppermost to the moderator, who shall then deposit the same in the ballot-box. He shall mark and deposit his ballot without undue delay, and shall quit said inclosed space so soon as he has voted. No voter shall be allowed to occupy a voting shelf or compartment already occupied by another, nor to remain within said inclosed space more than ten minutes, nor to occupy a voting shelf or compartment for more than five minutes, in case all of such shelves or compartments are in use, and other voters are waiting to occupy the same. No voter, not an election officer, whose name has been checked on the list by the
ballot clerks, shall be allowed to re-enter said inclosed space during said election, unless another balloting is had. It shall be the duty of the moderator to secure the observance of the provisions of this section, and of other sections relative to the duties of election officers.

Sect. 18. If a voter votes for more names for any one office than there are persons to be elected to such office, or if, for any reason, a disagreement occurs among those present at the counting of the ballots, as provided in this act, as to the voter's choice for any office to be filled, and a majority of those so present shall decide that it is impossible to determine the voter's choice for that office, his ballot shall be regarded as defective therein, and shall not be counted with reference to that office.

No ballot without the official indorsement shall, except as herein otherwise provided, be allowed to be deposited in the ballot-box, and none but ballots provided in accordance with the provisions of this act shall be counted.

All ballots not counted in whole or in part, on account of defects, shall be marked "defective" on the back thereof by the moderator, and shall be sealed with the other ballots cast and returned to the city or town clerks.

Immediately after the polls are closed the ballots shall be examined, and the votes for the several candidates and on the questions submitted shall be counted by the moderator, in the presence of the town clerk, the selectmen, and the other election officers herein provided.

The counting shall be public, but within the guard-rail, and shall not be adjourned nor postponed until it shall have been completed, and the whole number of ballots cast for each person and on each question submitted to the voters shall have been publicly announced. While being counted, no ballot shall be placed nearer than four feet of the guard-rail which forms the inclosure in which the counting is done, during which time only the aforesaid officers shall be allowed within said inclosure.

The check-lists and all ballots cast shall be preserved, according to existing laws for the preservation of ballots.

Sect. 19. Any voter who declares to the moderator that he cannot read, or that, because of blindness, or other physical disability, he is unable to mark his ballot, shall, upon his choice and request, receive the assistance of either of the election officers detailed for that purpose by the moderator; and such officer or officers shall certify on the outside thereof that it was so marked with his or their assistance, and shall thereafter give no information regarding the same.

A plurality of votes shall elect representatives to the general court, and all city, ward, and town officers elected under the provisions of this act. In case of a tie vote, or other failure to elect the aforesaid officers, the balloting may be continued until the requisite number of persons are chosen. Such subsequent balloting shall be by an open ballot in the same manner that representatives to the general court were chosen previous to 1892,
and in such case no balloting shall be begun between sunset and sunrise.

Sect. 20. It shall be a misdemeanor for any person engaged in preparing or printing the official ballot to purloin, or give away, or allow to be removed any of such ballots. A voter shall not allow his ballot to be seen or examined by any person, except as prescribed in this act, nor shall any person interfere with any voter when such voter is within the inclosed space, or attempt in any manner to influence or change his vote. No person shall destroy any certificate of nomination or nomination paper, or sign any such certificate or nomination paper, or sign the name of any other person to such certificate or nomination paper, except as provided in this act. Whoever willfully violates any of the provisions of this section shall be fined not exceeding five hundred dollars, or be imprisoned not exceeding six months. Any and all fines imposed by this section shall be paid to the county in which the person is prosecuted.

Sect. 21. Chapter 33 of the Public Statutes, and all acts and parts of acts inconsistent with this act, are hereby repealed.

[Approved March 24, 1897.]
