WARRANT
THE STATE OF NEW HAMPSHIRE
SULLIVAN, SS **TOWN OF PLAINFIELD**

To the inhabitants of the Town of Plainfield in said County of Sullivan in said State, qualified to vote in Town affairs.

You are hereby notified to meet at the Plainfield School Gymnasium on Tuesday, the eighth day of March next at 10 o'clock in the forenoon to act upon the following subjects:

ARTICLE I: To choose by ballot, one Selectman for three years, one Selectman for one year, one Moderator for three years, one Town Clerk for three years, one Treasurer for three years, one Tax Collector for two years, one Trustee of Trust Funds for three years, one Auditor for two years, one Library Trustee (Meriden) for three years, one Library Trustee (Philip Read) Plainfield for three years, and any other necessary town officers.

ARTICLE II: To see what action the town will take with regard to the following questions, said questions being on the following amendments proposed by the Planning Board for Zoning and Mobile Home Ordinances, as well as one proposed by petition:
(Indicate by a yes or no whether you favor the amendments).

ZONING ORDINANCE

Question 1. (By petition) Do you favor amending Article II Section 2.5, Schedule A. Rural Conservation I (RC—I) and Rural Conservation II (RC—II) by adding the following Special Exception: COUNTRY INN

Yes () No ()

Question 2. (By Petition) Do you favor amending Article VIII, Section 8.7 Definitions by adding the following definition: COUNTRY INN: a permanent structure of residential character which, as distinguished from a hotel, is small, having not more than 10 guest rooms and having dining facilities seating not more than 20 diners.

Yes () No ()

Question 3. Do you favor amending Article II Section 2.1 Zoning Districts to read as follows: (7) Regulatory Floodway as delineated on the Flood Insurance Rate Maps and Flood Boundary and Floodway Maps of the Town of Plainfield dated April 18, 1983 as prepared by the Federal Emergency Management Agency, Federal Insurance Administration.

Article II Section 2.3 Wetlands Floodlands Cons. Dist. by adding a new part E. to read: E. Regulatory Floodway. Within the Regulatory Floodway any development or encroachment (including fill) which would result in any increase in flood levels during the base flood discharge is prohibited. For the purposes of this part, "development" is defined to mean "any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

Yes () No ()

Question 4. Do you favor amending Article VIII, Section 8.7 Definitions by adding the following: Regulatory Floodway means the channel of a river or other water-course and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot.

Question 5. Do you favor amending Article 8.7 Definitions by changing the definition to read as follows:

MOBILE HOME PARK—any tract of land a) subdivided to provide prepared locations and accomodations for mobile homes under single ownership, and where sites are rented or leased to tenants for the location of a mobile home or where sites together with a mobile home are rented or leased to tenants; or b) subdivided and developed for the sale of lots for the location of mobile homes exclusively. Mobile homes together with their accessory buildings shall be allowed only within a mobile home park. Mobile home

parcs developed for the sale of lots shall submit to the Planning Board as part of their plan for development a proposed Declaration of Restrictions and Covenants which shall dedicate the use of such lots exclusively to the use and occupation by mobile homes and such Declaration of Restrictions and Covenants shall be subject to review and approval as part of the subdivision review prior to recording.

Yes ()

No ()

MOBILE HOME ORDINANCE

Question 6. Do you favor amending the following sections to read as follows:

Section 3. Mobile Home Parks

Change 3.1 (b) There shall be provided for each mobile home in a Mobile Home Park a site or lot having an area of not less than 10,000 square feet in V.R. Zone and 35,000 square feet in R.R. Zone which shall be plainly marked with suitable permanent boundaries at each corner. There shall be a minimum distance of 25 feet in V.R. Zone and 40 feet in R.R. Zone between mobile homes as actually set up at their assigned locations:

Change 3.1. (c) There shall be within the site or lot provided, in association with each mobile home space, a space not less than 8 1/2 feet wide and 20 feet long for convenient off-street parking of at least one motor vehicle. Such off-street parking space shall be not closer than 20 feet to any mobile home other than the mobile home with which it is associated;

Change 3.1 (d) Roadways in mobile home parks shall comply with the road requirements set forth in the subdivision regulations:

Change complete 3.2 Any permit granted for the development of a mobile home park shall be issued upon the continuing condition that the proprietor of a mobile home park dedicated to the lease of space, or the owners association of a mobile home park in which lots are individually owned, its roadways, common parking areas, and common facilities including common water distribution systems which are not part of the public system, in a good sanitary and safe condition at all times:

Section 4.2

Change 4.2. The following procedures shall govern all applications for permits for the use of premises for a mobile home park:

(a) Application shall be made in writing upon a form prescribed by the Board of Adjustment, stating the location and legal description of the mobile home park for which permit is sought, the approximate number of mobile homes to be accommodated, the proposed method of sewage, waste and garbage disposal, the proposed lighting system, and the names and addresses of the proprietors or developers of the park:

(d) If, after such public hearing, the Board of Adjustment finds that all requirements and standards imposed by the Ordinance are met by the proposed application, it shall grant its preliminary permit for the construction or development of the proposed park area, and the applicant may thereupon commence the improvement of the proposed area as a mobile home park in accordance with the application submitted. Any such preliminary permit shall be valid for one year from the date of the decision authorizing it.

(e) Upon the completion of development of a proposed mobile home park and when the same is ready for occupancy, the holder of a preliminary permit shall notify the Board of Adjustment which shall thereupon make such investigation of the completed project as it deems proper to ascertain that all requirements and standards of this Ordinance and all conditions of the preliminary permit have been met. Upon its finding that there is such compliance, the Board of Adjustment shall thereupon issue its definitive or final mobile home park permit embodying such permanent requirements and conditions as are hereinabove provided for. No mobile home units shall be occupied at any mobile home park until a final mobile home park permit has been issued for it.

Delete Paragraphs F, G. and H.

Section 5. Continuing Supervision and Licensing of Proprietary Mobile Home Parks.

Change Section 5.1. The Board of Selectmen and Town Health officers shall be responsible to periodically, but not less often than annually, inspect proprietary mobile home parks to determine that the proprietor has maintained the park in accordance with the terms of its license and that the health and safety of the tenants and of the general public shall be properly safeguarded, and it shall be the duty of the proprietor of the mobile home park to afford to the Board of Selectment and the Town Health Officers free access to such premises at reasonable time for the purpose of inspection.

Change Section 5.3. It shall be the duty of the owner of a mobile home park to notify the Board of Selectmen of the date of intended departure of a mobile home from his park as soon as he learns of the intent of the owner of a unit to remove it.

Change Section 5.4 Mobile Home Park Permits.

(a) A final proprietary mobile home park permit shall be for a term of 10 years. It shall be subject to renewal for additional five year terms upon application duly filed, but only in the event that after such investigation as the Board of Adjustment may deem proper to make, it finds that the park continues in all respects to meet all standards and requirements for a definitive permit hereunder. A renewal permit fee of \$50 shall be charged for each five-year renewal term;

(b) No proprietary mobile home park permit shall be transferable, and there shall be no refund if a permit is not used for its full term. Every person holding such a permit shall give notice in writing to the Board of Adjustment at least fifteen (15) days before any transfer of an interest in, or control of, a mobile home park, other than a transfer in mortgage as security for a bona fide loan. If upon such a transfer of any interest in or control of a mobile home park, the Board of Adjustment is satisfied that the transferee is a proper person to hold a mobile home park permit, it may cause a new permit to be issued to said transferee for the unexpired term of the existing permit, upon payment of the sum of \$25. The transferee, however, must conduct the mobile home park at the same location at which it was originally licensed. This provision is not to be interpreted to allow new mobile home parks or the extension of any existing ones;

(c) Any mobile home park permit may be revoked upon complaint by the Selectmen at any time, if, after hearing, the Board of Adjustment finds that the holder thereof has violated any of the provisions of this ordinance or that the mobile home park is being maintained in an unsanitary or unsafe manner or is a nuisance.

Add Section 5.5 CONTINUING SUPERVISION OF MOBILE HOME PARK SUBDIVISIONS:

Upon completion of development of a mobile home park and the sale of 75% of the lots therein, the responsibility of the developer for compliance with maintenance of common facilities shall be assigned to an Owners Association which shall thereafter become the responsible party for maintaining the park common areas in accordance with the terms of the development permit and to assure the health and safety of the owners therein. Until such time the developer shall continue to remain responsible to comply with the conditions of the permit, the subdivision approvals, this Ordinance and any other state or local regulations applicable thereto. In the event the developer shall fail to comply herewith then the development permit shall be suspended until such time as the developer shall have corrected those items specified in the notice of suspension. Such permit shall be suspended only upon complaint by the Board of Selectmen to the Board of Adjustment which may after hearing suspend the permit if it finds that the holder thereof has violated any of the provisions of this Ordinance or that the mobile home park is being maintained in an unsanitary and unsafe manner or is a nuisance.

A suspension of the development permit shall suspend the right to continue construction in the expansion of the park and/or the sale of unsold lots but shall not be construed to prevent the use or resale of lots previously purchased.

Upon assumption of the obligations of the developer by the Owners Association the requirements hereof shall be enforced by a fine of \$100 per day for each day of violation after notice thereof to the Association by the Board of Selectmen.

Nothing contained herein, however, shall be construed to prevent the Board of Selectmen from pursuing any other legal or equitable remedy to correct any violations.

Yes () No ()

Question 7. Do you favor amending the following section to read as follows:

Section 1. Add a new part 1.3: The placement of mobile homes is prohibited within the designated Regulatory Floodway, as defined in the Zoning Ordinance, except in existing mobile home parks.

Yes () No ()

BUILDING CONSTRUCTION ORDINANCE

Question 8. Do you favor amending the Building Construction Ordinance by adding a new Section B as follows:

B. FLOODPLAIN DEVELOPMENT REGULATIONS

The following regulation shall apply to all lands designated as flood hazard areas by the Federal Emergency Management Agency in its "Flood Insurance Study for the Town of Plainfield, N.H." together with the associated Flood Insurance Rate Maps and Flood Boundary and Floodway maps of the Town of Plainfield, dated April 18, 1983 which are declared to be a part of this ordinance.

1. All proposed development in any special flood hazard area shall require a permit. The term "development" is defined to mean "any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations."

2. The Building Inspector shall review all building permit applications for new construction or substantial improvements (meaning any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either (a) before the improvement or repair is started, or (b) if the structure has been damaged, and is being restored, before the damage occurred) to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including pre-fabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent floatation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage, and (iii) use construction methods and practices that will minimize flood damage.

The term "substantial improvement" does not include either:

a) any project for improvement of a structure in order to comply with existing State or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions, or

b) any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

3. Where new and replacement water and sewer systems (including on-site systems) are proposed in floodprone areas the applicant shall provide the Building Inspector with assurance that new and replacement sanitary sewage systems will be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters and on-site waste disposal systems be located to avoid impairment to them or contamination from them during flooding.

4. The Building Inspector shall maintain for public inspection and furnish upon request, any certification of flood-proofing, and information on the elevation (in relation to mean sea level) of the level of the lowest flood (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement, and if the structure has been floodproofed, the elevation (in relation to mean sea level) to which the structure was floodproofed. This information must be furnished by the applicant.

Warrant, March 8, 1983 Town Meeting (continued)

5. The Building Inspector shall review proposed developments to assure that all necessary permits have been applied for and/or received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution control Act Amendments of 1972, 33 U.S.C. 1334. It shall be the responsibility of the applicant to certify these assurances to the Building Inspector.

6. In riverine situation, prior to the alteration or relocation of a watercourse, the applicant for such authorization shall notify the N.H. Office of State Planning and Wetlands Board and submit copies of such notification to the Building Inspector and the Federal Emergency Management Agency. Further, the applicant shall be required to submit copies of said notification to those adjacent communities as determined by the Building Inspector.

Within the altered or relocated portion of any watercourse, the applicant shall submit to the Building Inspector, certification provided by a registered professional engineer assuring that the flood carrying capacity of the watercourse has been maintained.

The following requirements shall apply in specific zones designated on the Flood Insurance Rate Maps:

7. In unnumbered "A" zones, as defined on the community's Flood Insurance Rate Map, the Building Inspector shall obtain, review, and reasonably utilize any 100 year flood elevation data available from a Federal, State, or other source, until such other data has been provided by the Administrator, as criteria for requiring that (i) all new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level, and (ii) that all new construction and substantial improvements of non-residential structure have the lowest floor (including basement) elevated or flood-proofed to or above the 100 year flood level.

8. In zones "A1 through A 30," as defined on the community's Flood Insurance Rate Map, for new construction and substantial improvements, the Building Inspector shall require that:

a) Residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level.

b) Non-Residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level; or together with attendant utility and sanitary facilities, to be designed so that below the 100 year flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.

9. In zones "A1 through A30," where floodproofing is used in lieu of elevation, a registered professional engineer or architect shall certify to the Building Inspector that the floodproofing methods used are adequate to withstand the flood depths, pressures, velocities, impact and uplift forces and other factors associated with the 100 year flood.

10. In zones "A1 through A30" for new, substantially improved or expanded mobile home parks, and for mobile home placement not in existing mobile home parks, the Building Inspector shall require that:

a) Stands or lots are elevated on compacted fill or on pilings so that the lowest floor of the mobile home will be at or above the 100 year flood level:

b) adequate surface drainage and access for a hauler are provided: and,

c) In the instance of elevation on pilings:

1. lots are large enough to permit steps;

2. Piling foundations are placed in stable soil and are no more than ten feet apart; and,

3. reinforcement is approved for pilings that extend more than six feet above ground level.

11. In unnumbered "A" zones and in zones "A1 through A30," mobile homes shall be anchored to resist floatation, collapse, or lateral movement by providing over-the-top and frame ties to ground anchors. Specific requirements shall be that (i) over-the-top ties be provided at each of the four corners with two additional ties per side at intermediate locations and mobile homes less than 50 feet long shall require one additional tie per side; (ii) frame ties be provided at each corner with five additional ties per side at intermediate points and mobile homes less than 50 feet long shall require four additional ties per side; (iii) all components of the anchoring system shall be capable of carrying a force of 4,800 pounds; and (iv) any additions to the mobile home shall be similarly anchored.

You are further notified to meet at the Plainfield School gymnasium on Saturday the twelfth day of March next at one o'clock in the afternoon to act upon the following subjects;

ARTICLE III: To see if the Town will vote to raise and appropriate a sum not to exceed \$125,000 for the purpose of constructing a Town Garage and storage facilities to replace the structure lost as a result of fire on October 23, 1982, such sums to be raised by issuance of Serial Bonds or Notes, the face amount not to exceed \$125,000, under and in compliance with the provisions of the Municipal Finance Act, (RSA 33:1 et seq, as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other action as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Plainfield, for a term not to exceed the useful life of the facilities constructed, and to allow the Selectmen to expend such monies and pass any vote relating thereto.

ARTICLE IV: To see if the Town will vote to raise and appropriate the sum of \$95,000 for the purchase of vehicles and highway equipment (3 trucks, a loader, grader, tools and equipment) destroyed by fire on October 23, 1982, such sum to be raised by the issuance, under the provisions of the Municipal Finance Act (RSA 33:1 et seq. as amended) of notes or bonds in the face amount of \$95,000 or a series of notes or bonds for various categories of equipment, provided that the face amount of said series notes or bonds does not exceed \$95,000 and authorize the Selectmen to issue and negotiate such notes or bonds and to determine the rate of interest thereon, and to take such other action as may be necessary to effect the issuance, negotiation, sale and delivery of such notes or bonds as shall be in the best interest of the Town of Plainfield, the term of each series note or bond not to exceed the useful life of the vehicles and/or equipment.

Note: This sum of \$95,000 was raised and appropriated at the November 20, 1982 Special Town Meeting but must be reappropriated at this meeting to satisfy New Hampshire Bond Counsel for the issuance of Bonds.

ARTICLE V: To see if the Town will vote to authorize the Selectmen to borrow on the credit of the Town, such sums of money as may be necessary to meet current expenses in anticipation of Taxes.

ARTICLE VI: To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund, established under the provisions of the State and Local Assistance Act of 1972, the following sums of money for use as set-offs against operating budget appropriations: Ambulance Service, \$1,500, Nursing Service \$4,000, Libraries, \$2,000, Welfare, \$2,000, Highways, \$2,000, and Cemeteries, \$488.

ARTICLE VII: To see what action the Town will take with respect to reports of Town Officers.

ARTICLE VIII: To raise and appropriate such sums of money as may be necessary to defray Town charges for the 1983 fiscal year. The Selectmen propose the following budget.

1. Town Officers Salaries	\$ 11,775
2. Town Officers Expenses	12,500
3. Election and Registration expense	1,500
4. Cemeteries	5,700

ARTICLE II. Do you favor the adoption of an ordinance known as "The Town of Plainfield Refuse Disposal Ordinance"?

**AN ORDINANCE
REFUSE DISPOSAL**

Be it Ordained By The People of the Town of Plainfield that:

Section 1. **Title.** This ordinance shall be known and may be cited as the Town of Plainfield Refuse Disposal Ordinance.

Section 2. **Acts Prohibited** No person shall place, deposit, dispose of, store, accumulate, or allow to be placed, stored, deposited, disposed of or accumulated, any rubbish, refuse, garbage, scrap, waste or junked and/or dismantled machinery, equipment, furniture, fixtures, appliances, automobiles, or any part or parts thereof, on any property, whether owned by such person or not, within the Town of Plainfield, except if contained entirely within a building or enclosed structure or except in proper containers designed for the collection of such material or except within a junk yard located in conformance with the Town of Plainfield Zoning Ordinance and licensed under R.S.A. 249-B or within a dump or sanitary landfill operated by or for the Town of Plainfield.

Any accumulation of rubbish, refuse, garbage, scrap, waste or junk and/or dismantled machinery, equipment, furniture, fixtures, appliances, automobiles, or any part or parts thereof, on any premises other than licensed junk yards or authorized dumps or land fills is a nuisance and is declared to be detrimental to the health and safety of the public.

Any person who shall own, occupy or control any property upon which there exists an accumulation of rubbish, refuse, garbage, scrap waste or junk and/or dismantled machinery, equipment, furniture, fixtures, appliances, automobiles, or any part or parts thereof, on the effective date of this ordinance shall remove the same within one hundred eighty days (180) after the effective date of this Ordinance, or such person shall be deemed in violation of this Ordinance.

Section 3 Collection by Town Any person who shall have accumulated within any building within the Town of Plainfield any scrap, waste, or junked and/or dismantled machinery, equipment, furniture, fixtures, appliances, automobiles, or any part thereof, and who shall desire to dispose of the same, shall be responsible to collect, convey and dispose of the same either within a licensed junk yard or within a dump or sanitary landfill authorized by the Town of Plainfield. The Town of Plainfield may from time to time convey and dispose of such refuse, rubbish, garbage accumulated and collected in approved and authorized containers. Nothing herein contained shall be construed to require the actual producer of rubbish, refuse or garbage to be disposed or the owners of the premises upon which rubbish, refuse or garbage has accumulated to personally convey and dispose of such refuse for so long as the Town of Plainfield shall provide such service provided such producers or owners comply with the provisions of this Ordinance relating to providing and using proper containers.

Section 4 Refuse Containers The owner, tenant, lessee or occupant of the premises shall be responsible to provide appropriate containers for the accumulation of all rubbish, refuse and garbage and shall be responsible to maintain such containers in good and sanitary condition. Any container that does not conform to the provisions of this ordinance or that may have any other defect which is liable to hamper or injure the person collecting the contents thereof shall be properly replaced upon notice. If the containers are not maintained in good condition or promptly replaced, the Town of Plainfield may refuse collection service for failure to comply herewith but the Town's refusal shall not constitute a defense to violations of the Ordinance for the unauthorized accumulation of such rubbish, refuse or garbage.

Section 5 Penalty Whoever shall violate the Ordinance shall upon conviction, pay a fine of not more than (\$100) One hundred dollars. Each day that such violation shall continue unabated shall constitute a separate offense.

Section 6 **Definitions** "Garbage" is putrescible animal or vegetable waste resulting from the handling, preparation, cooking and consumption of food. "Refuse" is all putrescible solid waste (except body waste) rubbish, and non-putrescible solid waste. "Scrap" means all solid metal, cloth, paper, dismantled or unusable products of any kind. "Waste" means discardable liquid or viscous material. Any question arising about the definition of terms contained herein shall be resolved by reference to R.S.A. 147:24 and R.S.A. 249-B.

Section 7. This ordinance shall take effect upon its passage by majority vote of the Town of Plainfield at its annual meeting on March 9, 1982.

Yes 100 No 218
The ordinance was declared defeated.

SELECTMEN'S REPORT

Sherry W. Kelley was elected, as the first woman, to the Board of Selectmen at the March election to fill the unexpired term of Paul B. Franklin.

The Board accepted, with much regret, the resignation of T. Paul Amidon effective March 31, 1982. Paul's expertise will be missed by those who had the privilege of working with him. Best of luck in your retirement from Goodyear and the Board, Paul. Peter W. Haubrich was appointed by the Board, to fill the unexpired term of Paul.

Personnel Changes

Because of State law mandating it, our part time patrolmen have attended Police Standard and Training School and are now certified as part time police officers. Assisting our Chief, Timothy Crotts, are Lawrence Dore, John Nugent, David Yendell, Stuart Adams and Bruce Plummer.

Dorothy McNamara retired as Tax Collector on December 31, after serving the town for some 14 years. Beverly Dore was appointed by the Selectmen to fill the position until March 1983 town elections.

Dot will also retire as secretary to the Selectmen effective March 31, 1983. Her work for the Selectmen and devotion to the town will be missed by all. Best of luck to you and Basil on your and his retirement, Dot.

Road Agent Clayton Hutchins left the employ of the town effective December 6, 1982. Best of luck in whatever you choose to do in the future, Clayt.

The Hart Island Dam Project took up much time of those involved before being dropped by the proposed builder as not being feasible at this time.

Old maps of Plainfield and Grantham were presented to the town by Rev. Harold Jones and will be preserved and on loan to the Historical Society and on view to the public. Many thanks, Dewey.

The new 1982 Police Cruiser was put into service in June, replacing the 1979 cruiser owned by the town.

Hayward Road Culvert arch, Westgate Culvert arch and Penniman Road Culvert arch approaches were sealed with added Highway Subsidy funds.

Meriden Hill, west side and Chellis Road were shimmed and Methodist Hill, Chellis Road and Meriden Hill, west side were sealed with TRA and Highway Subsidy funds.

Old County Road, Eaton Road, and Daniels Road Bridge and culvert arch were built with the assistance of Duncan Fund money.

On the morning of October 23rd at 3:30 A.M. the Town garage burned, along with 3 trucks, the grader, loader, snow plow equipment, chain saws, sander, welder, torches, air compressor, culvert steamer and tools of all kinds, causing an estimated damage of some \$350,000.

A Special town meeting was called and money appropriated on Nov. 20th to purchase 3 trucks, plow equipment, a grader, a loader, equipment and tools so the town could operate in its usual manner.

It is hoped that funds will be appropriated at the 1983 town meeting to build a town garage to house town equipment and to furnish facilities for the town crew.

The Selectmen wish to thank all the people who came forward with gifts of equipment and tools, their time and help, in our hour of need. Its a great feeling to know that so many care about their town.

Looking ahead to 1983 plans are to repair Farm Road Bridge, Camp Road Bridge and Cutler Road Bridge, gravel some of the several roads in need of it, shim and seal sections of River Road, High Street, Westgate Road, Penniman Road and Hayward Road and install railings on bridges and approaches to make for safer traveling.

(continued)

The Plainfield town hall is in need of roof repairs at an estimated \$5,000.00. This is budgeted for 1983.

A new Caterpillar #930 Loader, 2 new International Model S1954 and 1 Demo Model S1954 dump trucks with snow plow equipment have been delivered and are in use. A new Gallion A 500 grader is expected to be delivered in February. Tools and equipment to replace that lost in the fire are being replaced as needed.

The Board of Selectmen wish to thank those serving on boards and committees and for the support of the townspeople in some trying times.

CORNISH RESCUE SQUAD 1982 ANNUAL REPORT

1982 completes our ninth year of Emergency Medical Services to the town of Cornish and Plainfield. This has been a better year so far as medical emergencies are concerned.

We had a total of III calls during the year. These included auto accidents, medical emergencies in the home, mutual aid to Windsor and Claremont for fires and ambulance coverage. Injuries at the Cornish Fair were down about 10% over last year.

Our expenses for the year were held down to \$5,000. This does not include the new Rescue Station. We anticipate a budget of about \$6,000. for the coming year. The fund raising project for the new station brought in a little better than \$13,000. Every cent is being used and we are about 98% finished. We plan to hold an open house this Spring so that everyone can see how their donations were used.

The Cornish Rescue Squad would like to thank each and everyone who donated money, labor, equipment and vocal support to make this building more than just a dream. Thanks Folks.

Respectfully Submitted,
Dale Rook, President

REPORT OF PLAINFIELD BOARD OF ADJUSTMENT

Special Exceptions were granted during the year 1981 to:

1. Kimball Union Academy to allow the Academy to establish a Day Care Center in Baxter Hall in the V.R. Zone.
2. George W. West to allow him to operate a garage on Route 12-A in the V.R. Zone.

Variances were granted in 1982 to:

REPORT OF COMMISSIONERS MERIDEN VILLAGE WATER DISTRICT

Water Department

The Meriden Village Water District supplied the District with a good quantity of water this past year. Maintenance expenses were higher than anticipated due to water line break at the well which flooded both pumps. A lengthy section of an old deteriorated water main was replaced on Main Street with the addition of another water customer.

Sewer Department

On July 1, 1982 the sewer treatment plant and collection distribution system was completed sufficiently to receive sewage.

Michael McNamara was selected as the Sewer Treatment Plant Operator/Water District Maintainer by the Commissioners.

The treatment plant became operational on 1 November 1982 and began discharging. Fifteen private residences and Kimball Union Academy have hooked up to the sewer system which treats 18,000 gallons per day.

PLAINFIELD VILLAGE WATER DISTRICT 1982 ANNUAL REPORT OF COMMISSIONERS

To the Plainfield residents and the Plainfield Village Water District users:

Our pumps were not down at all this year. The water table was fairly low, however, resulting in the curtailment of water use during the early fall and mid winter. Three leaks of substantial size were found this year by the commissioners. One of these probably existed for some period of time. We had one chlorinator failure, which was immediately corrected and replaced.

The mains were flushed in the early winter due to a modest amount of sediment found in suspension in the water. A more regular flushing of the system seems to be necessary. We continue to work on the development of additional water supply. Some encouraging contacts have been made with well drillers and will be commented on more fully at our annual meeting in March of 1983.

Respectfully,
P.V.W.D. Commissioners:
Peter Haubrich
Leonard Koehler
Jon Debuque

THE STATE OF NEW HAMPSHIRE SUPERIOR COURT

SULLIVAN, SS.

SEPTEMBER TERM 1982

DECREE GRANTING THE TOWN OF PLAINFIELD PERMISSION TO HOLD A SPECIAL TOWN MEETING TO PROVIDE FOR THE EMERGENCY APPROPRIATION OF FUNDS FOR THE CONSTRUCTION OF GARAGE AND STORAGE FACILITIES AND FOR THE PURCHASE OF VEHICLES AND HIGHWAY EQUIPMENT

The above-entitled Petition came before the Court for hearing and the Court, having considered the evidence, finds that an emergency has arisen within the Town of Plainfield which may require an immediate expenditure of money.

It is hereby ordered, adjudged and decreed that the said Town of Plainfield is authorized to hold a special Town meeting on November 20, 1982, at 7:00 p.m., for the purpose of acting upon the articles set forth in the accompanying petition, and the Town shall have the same authority as that of an annual Town meeting.

The above approval is conditioned upon compliance with all statutory requirements relating to posting and notice which control such a special meeting.

This decree is made solely for the purpose of permitting the special meeting to be held, and it is not to be construed nor interpreted in any other manner nor for any other purpose whatsoever.

DATED the 29th day of October, 1982.

REPORT OF REPRESENTATIVE SARA M. TOWNSEND REPRESENTATIVE TO THE NEW HAMPSHIRE GENERAL COURT

1982 was an "off-year" for the House of Representatives so far as regular sessions go. However, it was necessary for the Legislature to meet in Special Session in order to attend to the usual budgetary gaps as well as to accept the Federal Block Grant money. The state agencies are now operating under a different system of funding when it comes to Federal monies, and are supposed to have much more leeway and less red tape. What N.H. and other states are finding is that, although there is indeed more flexibility in planning etc., there is much less funding. So, when the Federal government turned these programs back to the states, it omitted to include the same amount of dollars as under the old method. N.H. did not need that!

Our revenues continue to be under what we need in order to serve the people of this state. The result for many towns and cities is that the state is keeping more and sending less back to them. New Hampshire is still the fastest growing state in the East, and with more population naturally come added demands for state services.

The Education foundation aid is increasingly being cut back. N.H. has never lived up to its commitment in that regard. Even building aid is suffering. Grantham (for one) which is in the process of building a school, faces the prospect of a shortfall in what the state agreed to provide, unless a special supplemental bill is passed immediately upon opening the 1983 session.

Plainfield is now one of four towns in Sullivan County #1 with two Representatives representing it, Grantham, Cornish and Springfield. Everett Reney (Grantham) joined me as your other "Rep", having been elected in November. "Mike" is well respected and will make a considerable contribution, I feel sure.

An overriding problem for N.H. is the increase in health care costs. The Department of Health and Welfare has planned for various ways to cut costs, none of which are very popular. The situation is the same across the country, especially in the medicaid field. Every state is doing the same sorts of things. We have to understand the need to control where possible.

I shall be serving as the Majority Whip once again. Also, on the Rules, State-Federal Relations, Legislative Administration and Executive Departments committees. Government reorganization is a legislative priority, and our committee spent last summer working on legislation designed to accomplish this.

Thank you for re-electing me. If I can be of service to you in your dealings with the state, please call 469-3313. I am anxious to help.

1982 ANNUAL REPORT

CONSERVATION COMMISSION

Conservation of our Town's natural resources is a responsibility of all people. All are dependent upon natural resources. All share in their development, use and care. Conservation is everybody's business. With this premise in mind we sincerely hope that our townspeople will give us some input and become more active conservation wise.

During the past year the Commission has completed a nature trail on the Town Conservation land. Jim Rowan did the work as part of an Eagle Scout service project. This was a continuation of the study that was made by Debbie Rein, a Dartmouth student in 1981. All are welcome to make use of this interesting and informative self-guiding nature trail. Please sign in at the registration box.

The Annual Clean Up Day was held again in April but needs a lot more support from our townspeople. We could use a lot more "People Power" — in '83 let's show our pride in Plainfield by helping in this worthwhile civic project.

The Commission provided scholarships for two students, Sarah Fletcher and Darrell Beaupre, to attend the Youth Conservation Camp for a week of conservation experience. In 1983 we hope to be able to award a scholarship to one of the Plainfield faculty.

The tree planting program at the Plainfield School was continued with the 8th grade and Longacres Nursery. This is working toward the completion of the Master Landscaping plan.

The Commission sponsored its Annual Turkey Trot (a fun run) on Thanksgiving morning, and a ski/snowshoe trip on the Conservation land. We invite your participation in these events.

Several members of the Commission attended the State Association meeting in Concord and were treated to many informative and challenging meetings.

The Commission met several times with representatives from the Connecticut River Valley Watershed Council discussing land acquisition and the pros and cons of the proposed hydro-electric plant.

The Town Map is in the process of revision with some added features and will be available in the town offices in the near future.

We continue to review dredge and fill applications and make recommendations when necessary.

The Commission members urge you townspeople to communicate to us your thoughts and ideas about conservation as well as use us as a source of information on Conservation agreements.

PLAINFIELD COMMITTEE FOR ELDERLY HOUSING

An ad hoc committee of Plainfield residents continued to meet in 1982 to explore the need for senior citizen housing and the ways to meet this need.

Invitations to public meetings in Meriden and Plainfield villages were sent to senior citizens and the committee met with small but interested groups on both occasions.

A Survey of Housing Needs was made. Results indicated that 52% of those surveyed would be interested in alternative housing for senior citizens.

The committee has made significant progress in interesting a local builder to work with us to seek a way to meet these housing needs. We believe that 1983 will bring to fruition the two years of work of this committee and the groundwork laid by those who served before us.

We thank the people in our Town who have been helpful to us and invite the interest and participation of others.

RECREATION COMMISSION REPORT

This was another active summer for the recreation department. The summer recreation program continued to grow in 1982. We had a total of 80 children participate in the two, three week programs this last summer. That number is up from the 66 of 1981 and the forty of 1980.

Along with the swimming program we were able to offer a variety of other activities. Peg Meyette offered nature oriented classes; Alice Hendricks helped the children make books, and Jane Schmeelk offered some exercises of the mind and body through dance and story.

The fall soccer program for 2nd, 3rd, and 4th grade children was very successful. Over 40 boys and girls participated, learning basic skills and rules.

The baseball program again proved to be a popular summer sport. The T-Ball division included 50 girls and boys, with several teams participating. The Little League division had three teams with over 40 children enjoying summer baseball. An all star team was sent to the Claremont Tournament. These ball programs proved to be very popular and successful - thanks to volunteer help in coaching and umpiring from interested parents.

Winter activities this year will hopefully include an outdoor family day of skating, sledding, skiing etc., and a trial movie series mainly for adults. As is evident, most of our time and money has been spent on activities for the children. We are interested in helping to provide some recreation for the grown-up population in Plainfield, but we need some ideas. Please speak with any of us about ideas for the future or suggestions for improving the on going activities.

UPPER VALLEY LAKE SUNAPEE COUNCIL

1982 Report for TOWN OF PLAINFIELD

During the past year the Upper Valley - Lake Sunapee Council has participated in many activities that benefited Plainfield directly or indirectly. Some of these are described below.

The Council staff monitors new and proposed planning related legislation to assess its impact on Upper Valley - Lake Sunapee Council communities and alert town officials to the changes and their possible impact on the town. Much time has been spent this past year reviewing the new solid waste facilities and plan rules proposed by the New Hampshire Solid Waste Bureau, alerting your town officials to staff concerns about them, and testifying in Concord. We have worked closely with Leon Geil, Sullivan County Engineer, and Ted Siegler, NH/VT Solid Waste Project Manager, on this.

This Council is currently assisting a State committee to rewrite New Hampshire planning and related legislation. Staff has reviewed two drafts of a completely recodified version and it is being prepared for introduction as a legislative bill in this session.

Council staff prepared a residential land regulation inventory of all area New Hampshire communities for the New Hampshire Housing Finance Authority so that agency could assess regulation costs on housing prices.

The Council staff, in conjunction with the Sullivan County Engineer, has assisted the Plainfield Planning Board and the Plainfield Board of Selectmen to prepare modifications to the Zoning Ordinance, Subdivision Regulations and Building Code in order for the Town to participate in the Federal flood insurance program.

By chairing the Lebanon Airport Environmental Impact Statement Citizens' Advisory Committee, the Council has helped examine that facility's proposed expansion impacts on Plainfield.

The Upper Valley - Lake Sunapee Council co-sponsored the Municipal Law Lecture Series which was attended by 194 persons from towns throughout the region.

The Council prepared a report, **Economic Profiles**, which analyzed employment, income and demographic trends throughout the region. To date, some three hundred copies have been distributed or purchased by communities, banks, real estate firms and consultants for use in fiscal studies, market analyses and grant applications.

As always, staff members have been available to assist town officials with planning related questions and problems.

Executive Director

REPORT OF THE PLANNING BOARD

The Planning Board met 13 times in 1982 holding a regular meeting at 7:00 p.m. on the third Monday of each month and 1 special meeting. A total of 15 hearings were held with 10 pertaining to minor subdivision requests and 5 relating to changes in the Subdivision Regulations, Zoning or Mobile Home Ordinance. All 10 minor subdivisions were subsequently approved resulting in the creation of 20 new lots and 1 lot for annexation.

While 20 new lots is below the level of activity in the late 1970's, it represents an increase of 25% over last year. Since the Board began reporting this statistic in 1977, a total of 158 new lots have been created in Plainfield.

In addition to administering the Subdivision Regulations, the Board continues to make recommendations to the Z.B.A. on all Variance and Special Exception requests and remains available for informal discussions regarding subdivision proposals.

The early part of 1981 included putting the finishing touches on a number of amendments to the Zoning and Mobile Home Ordinances. These were presented at the Town Meeting and were voted in the affirmative.

The Board then turned its attention to the Subdivision Regulations so that application and review procedures would comply with new State guidelines. The new procedures allow a subdivider the option of a "preliminary consultation" with the Planning Board prior to filing and completed application. Upon "formal submission" of a plat the Board performs a "completeness review", certifies to the subdivider that the plat is complete, and begins its deliberations.

New copies of both the **Zoning Ordinance** and **Subdivision Regulations** booklets were printed after these changes went into effect.

In November the Office of State Planning notified the Board that in order to remain in the flood insurance program as managed by the Federal Emergency Management Agency the town must adopt additional regulations pertaining to floodplains by April 18, 1983. This requires making additions to the Zoning Ordinance, the Building Construction Ordinance, the Mobile Home Ordinance and the Subdivision Ordinance as well as adopting the "Flood Insurance Rate Maps" as supplied by FEMA.

Continuing review of the Mobile Home Ordinance at the request of the Z.B.A. and town council also indicated the need for some additional clarification in the light of changes made recently at the state level.

Finally, an amendment to the Zoning Ordinance was received by petition. A great deal of time was devoted to preparing these proposals for hearings and presentation on the ballot. It is hoped that the amendments to the Zoning Ordinance, Building Construction Ordinance and Mobile Home Ordinance will be ready for Town Meeting and that the necessary changes to the Subdivision Ordinance will soon follow.

Several members of the Board attended talks in Lebanon which were part of the "Municipal Law Lecture Series".

Board member Bea Clark continued to serve with Lawrence Kelly as Plainfield's representatives to the Upper Valley Lake Sunapee Regional Council.

There was only one change in personnel to report this year with Sherry Kelley replacing T. P. Amidon as *ex officio* member.

REPORT OF THE CABLE TV COMMITTEE

Following the vote of the 1982 annual meeting, the Board of Selectmen appointed a committee of three persons to look into the possibility of securing cable television services for the town of Plainfield.

This committee discussed the situation with two local parties which seemed to be possible suppliers of such service, Mr. Maynard Boutin of Twin State Cable TV Co. of West Lebanon and Mr. David Chellis of Meriden Telephone Co.—TDS Inc. of Meriden. The committee also reviewed various materials on cable television and licensing procedures produced by the New England Cable Television Association.

It appears that because Plainfield is so spread out in terms of households that a cable television firm wouldn't be likely to bid on the installation of a complete townwide system. In fact, most cable television firms have as a rule of thumb a need for 28 households per mile of line in order to make an installation financially sound. Only in Meriden Village and Plainfield Plain would we even come close to meeting this, and these two centers are more than six miles by road apart.

On the other hand, there are many small scale entrepreneurs anxious to secure franchises, and since most larger communities have already been developed, it appears Plainfield might have a chance of gaining service from a smaller firm anxious to acquire a territory.

We will never know the answer on this until we formally ask for proposals from firms, however, so that is why the committee has asked for an article to be included in the town meeting warrant to authorize the selectment to issue a Request for Proposals.

Such a request would not bind the selectmen in any way; all it would do is determine if there is any interest on the part of cable television companies in developing service in Plainfield. There is a simple process for the selectmen to follow in issuing a request for proposals developed by the industry and with the approval of state and federal regulatory authorities.

The process requires that public notice be given, that proposals be submitted in writing and that the public have full opportunity to ask questions of potential providers of service. It then places the decision on which firm, if any, to choose with the selectmen and authorizes them to determine the terms and conditions of the franchise, set license fees and make other necessary arrangements.

Many Plainfield residents would very much like to have improved television reception as well as greater variety in viewing fare. Cable television would certainly provide this, but the only way for the town to find out if such service could be obtained is to have the selectmen formally make a request for proposals from service firms.

SULLIVAN COUNTY REGIONAL REFUSE DISPOSAL DISTRICT ANNUAL REPORT OF ACTIVITIES

The Claremont City Council and the voters of all fourteen towns in Sullivan County adopted the District Agreement at March 1982 town meetings. The powers, duties and liabilities of the District are vested in the District Committee. The District Committee is comprised of representatives, appointed by the City Council and Boards of Selectmen, from each member community. The District Committee held its organizational meeting on May 6, 1982. Alston Barrett, Acworth, was elected Chairman and Abraham Hunter, Lempster, was elected Vice Chairman. The Treasurer of the City of Claremont was appointed Treasurer. Susan Laskoske was appointed Secretary. Additional meetings were held on August 12, October 14 and November 15, 1982.

To date, the District Committee has concentrated its activities on continued development of the NH/VT Solid Waste Project. The NH/VT Solid Waste Planning Committee, comprised of the District Committee and its counterpart, the Board of Supervisors of the Southern Windsor/Windham Counties Solid Waste Management District, met bi-monthly during the past year. Efforts have been directed towards sufficient development of the Project so that key information will be available to the member communities by mid January, 1983. Summarized below are the major activities that the District has been working on:

(1) A search for a private firm willing to design, construct, finance, own and operate an energy recovery facility has been completed. Clark-Kenith, Incorporated, Atlanta, Georgia was selected and will submit a detailed proposal on January 7, 1983. The proposal will include a per ton disposal fee bid, or price per ton, that Clark-Kenith proposes to charge the District for acceptance of the solid waste at an energy recovery facility owned and operated by Clark-Kenith.

(2) A land disposal site has been selected in Newport, adjacent to the Claremont/Newport town line. Over 40,000 dollars in hydrogeologic and engineering work will be completed on the site by the first week in January, 1983. Drilling of test wells and the hydrogeologic assessment have been completed to date. The site has been shown to have favorable hydrogeologic conditions for land disposal. Positive discussions with State regulatory agencies have been held. Preliminary design and cost estimates for use of the site either as an ash disposal site or regional landfill are being finalized.

(3) The NH/VT Interstate Solid Waste Compact has been approved by the United States Congress and signed into law by the President. This allows the two Districts to move forward towards cooperatively developing the Project.

(4) A draft transportation analysis has been completed. Cost estimates for construction and operation of transfer stations, where necessary, and transportation of the waste to Claremont have been developed. These costs will be combined with Clark-Kenith's bid, ash disposal costs, and estimated District administrative costs to provide each community with the projected 1985 total costs for participation in an energy recovery facility.

(5) A two week weighing survey was conducted at area landfills during June and September, 1982 to confirm solid waste quantities.

(6) A proposal was solicited and received from Resource Recovery Systems, Incorporated, Branford, Connecticut to operate a glass and can recycling facility in conjunction with an energy recovery facility.

(7) A draft environmental assessment of the proposed energy recovery facility has been completed and is available to interested parties.

(8) Negotiations with Central Vermont Public Service Corporation (CV) ended with a final offer from CV which the Project considers unacceptable. A petition has been filed with the New Hampshire Public Utilities Commission (PUC) requesting the PUC to establish a long term rate. A hearing has been scheduled for February 11, 1983.

(9) Preliminary discussions have been held with communities outside of the District with respect to joining the District. Three New Hampshire communities have expressed some interest.

In summary, the District Committee should be able to make a decision on continued development of an energy recovery facility or regional landfill during January, 1983. Either facility could be operational by 1985. Total estimated costs, based on site specific engineering data and contractor bids will be available to the participating towns and cities by January 20, 1983.

REPORT OF THE NURSING SERVICE

The Lebanon Area Health Council, Inc. continues to supply the Town of Plainfield with Home Health Care Services. We are fortunate to have contracted for this care at the same rate as in 1981: \$2.45 per capita residency fee.

At its tenth anniversary celebration in December, the Lebanon Area Health Council, Inc. announced a name change to Lebanon Area Health Care, Inc. This new name more accurately reflects the services this agency provides, caring for its clients.

During the past year, this caring supplied the Town of Plainfield with 183 skilled nursing, 53 physical therapy and 4 occupational therapy visits. In addition, twenty-one Plainfield children were seen at the monthly well-child clinic for immunizations, physical examinations and consultations. The dental clinic gave preventive care to ten youngsters.

A reorganization of the agency in the spring has placed the homemaker/home health-aid services directly under the supervision of skilled nursing, thereby coordinating all the home care to the patients. Both nutritional and social service consultations are now available to clients who may require them.

It is always interesting to observe which segments of our population utilize this service.

Your town has been well represented on the Board of Directors of the Lebanon Area Health Care, Inc. by Sara Townsend, Penelope Arcone and Gregory Marshall. I wish to thank these members for sharing their time and talents with me in making our community a better place in which to live.

KIMBALL UNION TAX STUDY COMMITTEE

The committee met several times this past year reviewing the status of the KUA exemption.

Using the same formula as for the previous two years including the core services deduction, new calculations were done to arrive at this year's exemption. However, primarily due to the increased number of town students educated at KUA last year and an increased Lebanon High School tuition rate, the assessed amount that would normally be proposed for exemption at town meeting this year (\$1,446,643) exceeds the value of property remaining at KUA. \$1,129,150 that could be exempted under RSA 72:23.

Aware of this situation, Kimball Union has indicated it will still continue to offer financial assistance to town students at least equal to the previous years tuition rate at Lebanon. For a number of reasons Kimball Union feels it is still beneficial for the school to offer this financial assistance, and on the other hand, the Town will benefit from this generous offer.

Consequently, this committee recommends that an exemption of \$1,129,150 be approved for Kimball Union at Town Meeting. This will provide approximately \$36,000 of tax reduction to Kimball Union while the value of the educational services the school presently provides the town is approximately \$89,000 (44 town students presently at KUA X \$2,017 present Lebanon Tuition).

If anyone has any questions or suggestions about this exemption arrangement please contact one of the committee members.

FINANCE COMMITTEE REPORT

The Finance Committee met with the Selectmen in the fall of 1982 prior to the October 23rd fire that destroyed the Town Highway Garage and highway equipment. The Committee met on several occasions after the fire in preparation for the Special Town Meeting. The Committee made written suggestions regarding the purchase of new road equipment, acquiring tools as well as suggestions for a thoughtfully laid-out labor and energy efficient building to be built in the Spring of 1983.

In January, the Finance Committee met with both the Selectmen and the School Board to review in depth their respective budgets.

(continued)

In 1982 the town of Plainfield experienced a marked decrease in the number of burglaries and auto thefts. We feel that this is a result of an increased awareness and concern on the part of everyone in Plainfield. During 1982 we investigated a total of 690 crimes and complaints. This is an increase of 245 over 1981. We encourage the support of all Plainfield citizens to reduce these crimes in 1983. The past year was marred by a tragic homicide and an incidence of arson along with an alarming increase in the number of offences against family and children. Please stay involved in the safety of your town by reporting any suspicious persons or happenings to this department immediately.

During 1982 all members of the Police Department became certified by the State of New Hampshire Police Standards Training Council. Each officer attended over 40 hours of intense training and instruction to better serve the people of Plainfield. The Plainfield Police Department is made up of Officers David Yendell, John Nugent, Larry Dore, Bruce Plummer and Stewart Adams also Animal Control Officers Robert Orr and Donald Jordon. Their efforts and time contribute to the overall effectiveness of the department. I would like to extend my thanks to these officers, the Board of Selectmen and to the people of Plainfield for their cooperation and support in 1982.

A special thanks to Dorothy McNamara for her effort in helping the department and to wish her luck in her retirement for which she has truly earned.

Respectfully Submitted,
 Timothy J. Crofts
 Chief of Police

REPORT OF TOWN FOREST FIRE WARDENS AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the NH Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.

WELFARE REPORT

1982 was a year of great expense in the welfare department because of a court ordered placement of a juvenile. Over \$15,000 was expended on this case alone and we trust that the child has been helped to a great extent. Also a family that was the responsibility of Sullivan County was issued checks from our office and these were later refunded by the county. This expenditure is shown under payments but is merely a bookkeeping item. Deducting these amounts would show that a relatively small amount was needed for the emergency situation that we assisted with. All the forms that must be completed before assistance is granted are a deterrent in some cases. This shouldn't discourage the really needy from requesting help as it is expected that there are times the town must assist some people with financial aid.

Liens are placed on any real property owned by those getting assistance and those who do not own property are urged to repay the town as soon as they are able to.

Dorothy McNamara,
Welfare Director

MERIDEN FIRE DEPARTMENT ANNUAL REPORT - 1982

The Meriden Volunteer Fire Department answered a record 42 calls during the twelve months of 1982.

The most serious fire in recent town history was the loss of the Town Garage and equipment on October 23, 1982.

As part of our Equipment Maintenance Program, our Engine #2 was sent out for a partial pump and complete major overhaul of the braking systems on the truck which included replacing all lines and wheel cylinders.

The Meriden Volunteer Fire Department would like to take this opportunity to thank all townspeople who have supported us by attending our Wild Game Dinners and Chicken/Lobster Bar-be-ques and general support during the last year.

As Chief, I would like to offer a special thanks to all the Firefighters, their families and to the KUA Fire Brigade members for all their work and continued dedication.

Douglas C. Grearson, Jr.
Chief, MVFD

REPORT OF THE PLAINFIELD VOLUNTEER FIRE DEPARTMENT

This year has been a generally quiet one for us until the year's end. We had the town sheds, Mrs. Gray's, a couple of chimney fires, and mutual aid to Cornish.

We have up-graded our Scotts from demand type to pressure-demand at a cost of \$3,598.03. We also purchased a new 2,100 gallon drop tank for \$840.00. The Department is replacing the 1800 gallon tank on our tanker with a new 3,000 gallon tank from Boston Steel & Mfg. Company of Malden, Mass. The cost of the tank is \$8,100.00. This new piece of equipment will be operational as of the first of the year.

Beginning in January the Plainfield Fire Department will be conducting a N.H. State Certification Course for Plainfield, Meriden, Cornish & Lebanon Firefighters.

All persons having an outside fireplace are required by N.H. Forest Fire Law to obtain a seasonal permit. These permits can be obtained from either Deputy Warden G. Gardner MacLeay or Warden Peter A. Berry.

I would like to extend my thanks to Emma Spalding, department members and the Ladies Auxiliary for their continued support on the Saturday night social. A very special thanks for Gerald Wilder for his many years of time and devotion to the P.V.F.D.

Respectfully submitted,
Peter A. Berry,
Chief P.V.F.D

REPORT OF THE MERIDEN LIBRARY TRUSTEES

Libraries in general, and the Meriden Library in particular, are no longer dark, dismal citadels containing dusty tomes to be read in enforced silence. The programs and services at the Meriden Library are varied, the rooms are bright and warm, and our book volume is increasing steadily. As our librarian, Betty Ann Dole says, "everything from Art to Zoology".

Our happiest achievement this year has been the moving of the children's section down-stairs to the Miller Room. Here the young people have easy access to their books, due to new shelving units, can enjoy games and music, or sit and read.

The upstairs is now entirely devoted to the adult section. Here you will also find a section devoted to the Meriden Bird Club and the Chellis showcase. This latter is always an interesting feature and the past year has displayed glassware, needlework, Mericrafters and Bird Club exhibits, antique Valentines, trains and more.

There is also an extensive classical record collection which is much enjoyed. You will also find a pattern, coupon and plant swap.

The children's summer reading program was very successful with sixteen girls and boys participating. Gift certificates to the Dartmouth Book Store were given to those who read the most books. The adult reading program is done on the same basis with the same rewards.

A very successful open house was held in September to acquaint the Townspeople with the improvements to the library. It was decided to do this annually.

At the October meeting of the Friends of the Meriden Library it was voted to deactivate the group until interest is again evidenced.

New this year is the coffee hour (and snack) served on Thursday mornings. This offers mothers a chance to brouse in peace while the youngsters are enjoying the Miller Room. Just coffee is served on Monday and Saturday. The Library hours are Monday, 2 - 8; Thursday, 10 - 1 and 2 - 6; Saturday, 10 - 12.

This report cannot be concluded without expressing thanks to Peggy Williamson for her story hours for pre-schoolers; to John and Doris McNamara for the new flag to be flown when the library is open; to Sue Carver, retiring from the Trustees, for her faithful service in many capacities; to Betty Ann Dole, who keeps us all happy and runs a tight ship.

PHILIP READ MEMORIAL LIBRARY

Trustees Report

Circulation increased by 21% this past year as more and more people are discovering what the library has to offer.

Adult programs included a gardening information session led by Ruth Wheeler, slides of Alaska shown by Susan and Carl Woodward, and a discussion on making wills with Judge Jean Burling.

Children's activities included free films on the 2nd Friday of each month, a "bedtime" story hour, the annual Easter party with a baby goat as guest of honor, and a summer reading program which concluded with a pizza party.

The Friends of the Library, led by Diane Rogers, created another beautiful quilt which was raffled to benefit the library. Mrs. Rogers and Sharman Wilder also organized the 2nd annual Plainfield Community Auditions talent show.

The library received some much needed interior decorating last spring. Two rooms were painted, and volunteers organized by Sarah Longacre made curtains for the 16 windows. This project was completed in time for the "appreciation tea" held in honor of Lucia Bryant who established a trust fund to benefit the library. Also, four new bookcases were built for the middle room, and a rocking chair was purchased for the children's room with donations received in memory of Zachary Rogers.

Thank you to librarian Nancy Norwalk and to all who contribute in so many ways to making a successful library.

Library hours are Wednesday evenings 7 - 9, Friday afternoons 1 - 5, Saturday mornings 9 - 12.

Why don't you call lots of people
and ask them would shovel the roads
and the town too?

They should try to make it again. I think you should put plows on pickup trucks
and have the people plow the streets and then
you won't have to pay for the trucks.

You should use the pickup trucks to plow.

You should see if you can borrow some trucks.

Why don't you borrow trucks.

Forget the snow machines and just
buy a whole bunch of snow-shoes for
the town.

Why don't you raise people to plow the
roads and collect money for the trucks
and then buy them. I have a question.
How did it burn down?
Why don't you buy a snow blower with a
tractor.

Buy some trucks so you can plow the roads.

I think you should build a garage
for about 5,000\$ if you think that's
a good price.

Get all the people in the town to give money
to the town shed to buy new trucks.

I think you should buy a new truck
for the winter. A plow truck.

If there is a big snow storm you should
have to make a bulldozer with a big back
like a dump truck and it carries a boat
that brakes the ice and it has a steam
roller.

Get metal for the roof and boards for
the building.

I think you should pick up the mess
in there.

You could borrow some trucks and plow
roads. Then when you are done with
it you could bring it back.

Why don't you rent an elephant from the zoo.
You can feed the elephant snow and that's all.

You could get some state trucks and plow the
roads with them and that's all.

Because the trucks got burnt in the fire the
town should take all the little at home snow
blowers and use them until the town gets new
trucks.

With a cover letter from their teacher, Mr. Larry Wolkin, these notes came to the
Selectmen from the second grade; their first opportunity to aid town government
in decision making.

**PLAINFIELD SCHOOL DISTRICT
WARRANT**

State of New Hampshire

Sullivan, ss:

School District of Plainfield

To the inhabitants of the School District of Plainfield, in the County of Sullivan, and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Plainfield School in the Village of Meriden, in said Plainfield, on Saturday, March 5, 1983, at 2:00 P.M. in the afternoon to act on the following subjects:

ARTICLE I. To hear the reports of agents, auditors, committees, and other officers heretofore chosen and to pass any vote relating thereto.

ARTICLE II. To see if the District will vote to accept the AREA Agreement among the school districts of Grantham, Lebanon, and Plainfield as revised and recommended by the area school plan review board, said revision being establishment of tuition rates based on the estimated per pupil cost determined from the approved budget (MS-22) and actual enrollment on October 1 for the year immediately preceding that for which the charge is being made plus an adjustment of one-half the average difference in per pupil cost for the two years preceding.

ARTICLE III. To see what sum of money the District will raise, appropriate, and expend for the support of schools, for the salaries of the School District officials and agents and for the payment of statutory obligations of said District and to authorize the application against said appropriation of such sums as are estimated to be received from the state and federal governments, together with other income, the School Board to certify to the Selectmen the balance to be raised by taxation.

ARTICLE IV. To see if the District will authorize the School Board to make application for, to accept on behalf of the District, and to expend for the purpose intended, any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private foundations, trusts or individuals.

ARTICLE V. To transact any other business that may legally come before said meeting.

NOTE: Election of School District Officials will take place at the same time and place as the election of Town Officials on March 8, 1983. (See separate warrant)

Given under our hands and seals at said Plainfield on the 18th day of February 1983.

PLAINFIELD SCHOOL DISTRICT
Minutes
Annual Meeting - March 6, 1982

At a legal meeting of the voters of the School District of the Town of Plainfield, qualified to vote in the District affairs, Moderator, Stephen H. Taylor, called the meeting to order at two o'clock in the afternoon of March 6, 1982 at the Plainfield School, in the village of Meriden, in said Plainfield.

ARTICLE I. The following resolution was presented, moved and seconded it be adopted. Resolved: That the reports of Officers, Agents, and Auditors be accepted as printed in the Annual School Report. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE II. The following resolution was presented, moved and seconded it be adopted. Resolved: That the District vote to authorize the School Board to enter into a five (5) year lease/maintenance contract for school buses. The vote taken by a show of hands resulting in 137-Yes and 1-No was in the affirmative and it was so declared by the Moderator.

ARTICLE III. The following resolution was moved and seconded it be tabled because it did not pass in Grantham: Resolved: That the District vote to accept the AREA Agreement among the school districts of Grantham, Lebanon and Plainfield as revised and recommended by the School Board acting as the area school plan review board, said revision being establishment of tuition rates based on the estimated per pupil cost for the current year. The resolution was tabled by a voice vote in the affirmative and it was so declared by the Moderator.

ARTICLE IV. The following resolution was presented, moved and seconded it be adopted. Resolved: That the District vote to raise, appropriate and expend the sum of \$862,562.00 for the support of schools, for the salaries of the School District officials and agents, and for the payment of statutory obligations of said appropriation of such sums as are estimated to be received from the state and federal governments, together with other income, the School Board to certify to the Selectmen the balance to be raised by taxation.

The following amendment was presented, moved and seconded it be adopted. Resolved: That the District amend the proposed School District budget by a 5% decrease bringing it down to \$819,434.00. The vote on the amendment was taken by paper ballot resulting in 84-No and 58-Yes. The vote was in the negative and it was so declared by the Moderator.

The vote on Article IV was then taken by a hand vote with a tally of 94-Yes and 22-No. It was in the affirmative and it was so declared by the Moderator.

ARTICLE V. The following resolution was presented, moved and seconded it be adopted. Resolved: That the District vote to authorize the School Board to make application for, to accept on behalf of the District, and to expend for the purpose intended, any or all grants or other funds which may now or here-after be forthcoming from the United States Government, from the State of New Hampshire, or from other private foundations, trusts or individuals. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE VI. The following resolution was presented, moved and seconded it be adopted. Resolved: That the School District annual meeting for 1983 be held after the 1983 annual Town Meeting. The vote by voice was in the affirmative and it was so declared by the Moderator. A motion to adjourn the meeting was made and seconded and a verbal vote as in the affirmative. The Moderator adjourned the meeting at five-thirty P.M.

Respectfully submitted,
Sarah T. Longacre
School District Clerk

PRINCIPAL'S REPORT PLAINFIELD SCHOOL

For the year 1981-82, six educational objectives were established. The emphasis was to incorporate these ideas into the school program as readily as possible and with concentrated study by those involved. Several of the objectives, due to their area of concern, will continue to be operative into next year. Community members with either expertise or questions involving any of the following areas are asked to make concerns known to the school. The six are:

1. To establish an effective program of communication with the community.
2. To organize the science curriculum for grades 1 - 6.
3. To develop within the science program, a specialized focus on utilizing the school's outdoors.
4. To study and revise where necessary, the social studies for grades 1-6, capitalizing on the interests and capabilities of both students and teachers, while presenting a comprehensive six year program.
5. To study ways of further meeting needs of gifted and talented students, both via specialized activities and extensions of classroom work.

The youngsters participating in Plainfield's athletic events were much involved this year and both boys and girls were at the top of their leagues in all seasons of activities.

Five students participated in the Olympics of the Mind, winning first place at the state level and third place in the international finals in New Jersey. Sara Townsend, New Hampshire State Representative, presented the school with a commendation for their accomplishment.

The school thanks the members of The Friends who have volunteered their help and suggestions over the year. Plainfield School also takes this opportunity to thank Marie Steinsieck. Marie has been our energetic school nurse for several years. She, by way of example and knowledgeable planning, has run a strong and effective health program.

HEALTH REPORT PLAINFIELD SCHOOL

During the 1981-82 school year the health records of all enrolled students were obtained, updated and maintained by the school nurse. A pre-school screening was planned and implemented in preparation for school entrance. Vision, hearing, weight and height (nutrition) screenings were done on all enrolled students. One hundred and seven students were also screened for B/P and scoliosis. Necessary referrals and parent conferences were made. Guidance and direct counsel was made in reference to nutritional needs.

One hundred and sixty-four health related accidents were seen and recorded; 12 of these required additional medical attention and were referred. Three hundred and twenty health related complaints were handled; 204 required attention and 8 warranted further medical treatment. The nurse made 2 home visits, had conferences with 15 parents and had a total of 204 health related conferences with teachers concerned with their students physical and mental well-being.

The dental program was cut from the budget this year, leaving this program unfunded. Nine students were treated for dental problems, finishing the program.

The school physician completed 53 sports physicals and 26 other students had physicals by private doctors.

The nurse spent one third of her time in health education in the classroom and was always available as a resource for the teachers.

After many years of dedicated service as the school nurse, Marie Steinsieck, R.N., M.A., retired at the end of the school year in June 1982.

Janette G. Perham, R.N.
