Additional information with respect to Old Age Assistance is not available under the law. Payments are made to the State of New Hampshire for 25% of the total amount of grants made to persons for whom the town is responsible. The town's share this year was \$1,021.09.

The following list of persons in Candia who have received county assistance is believed to be correct. The town pays no share of this cost directly, but a considerable part of the large county tax paid by Candia this year of \$3,749.90 helps meet these costs. The local relief agent is called upon to help administer this type of aid to a very large extent.

With respect to supplementary forms of assistance, the town has been very fortunate. Through the Work Projects Administration many persons have been employed on the Bear Brook Project throughout the year. Two blister rust crews were operated in Candia during the usual season. A project was reopened in the fall by which further improvements were made on the grounds of the Moore School. Following that a considerable number of men have secured work under a road project operated in Candia Village and at the Depot. In addition many persons with low incomes have been materially assisted by the federal programs of distribution of surplus food and clothing.
