The financial statement shows the county free and clear of debt which must please the tax payers of the county.

The county buildings are in first class condition throughout, and have recently been thoroughly inspected by the State Board of Health, who having no criticism to make, complimented the county that for facilities and apparent comfort of the inmates it stands second to no similar institution in the state.

The stock upon the county farm has been carefully overhauled, the oldest cows have been exchanged for younger and more profitable ones, the old work horses replaced by a young and heavy pair. These changes together with the purchase of some needed farm implements and the partial failure of the farm crops, made the cost of maintaining the farm slightly in excess of last year.

The farm and almshouse have been under the supervision of Mr. and Mrs. Meloon, who by their judicious management and careful attention to the needs of the poor people under their control have fully sustained their enviable reputation.

We wish to thank their able assistants, who, by their faithfulness, have in no small degree contributed to the welfare of the county and comfort of its poor.

We are pleased to state that we have had the support and co-operation of the selectmen in the various towns in keeping the expense of supporting the county's poor away from the farm to a very low figure.

We earnestly invite every citizen of the county to visit the county farm, and inspect the management, of which they are taxed to support.

Respectfully submitted,

EDWIN F. BROWN.
STEPHEN W. CLOW.
FRANCISCO W. BARKER.
