HEALTH OFFICER'S REPORT

The past year Henniker has been free from the more serious diseases of the epidemic type.

At the time of the flood our water supply was in jeopardy. Notices were sent to boil all water for drinking until further notice. While this was an inconvenience we were fortunate that no epidemic resulted.

I have sent samples of water to be analyzed and the report was good. Also samples of milk from all dairies retailing milk in town.

I have inspected all toilets in Schools and Rest Rooms.

I have investigated all complaints and all requests have been complied with.

Respectfully submitted,

WILLIAM H. CARR,

Health Officer.

Willis Cogswell, Standard Catalog "Coins of the World" 20th century issue.

Lena B. Merrick, "Cheerio" of Radio fame.

N. B. Fanning of Norwich, Conn., autographed copy of her book, "Uncle Gideon".

Mrs. B. E. Chapman, "Science and Health" with key to the scriptures, by Mrs. Eddy.

Miss Mary Parker, From Charles H. Carter Est., Town Reports from date 1883.

Miss Helen F. Sawyer, "Millbrook" by Lutes.

Miss M. E. Whitcomb, Journal of the House of Representatives June Session 1827.

Norman Parmenter, Sixteen local pictures showing damage done by the flood and hurricane on Sept. 21-22.

Mr. John Clark, Beverly, Mass., Preserved in a pint jar, a pear grown from the oldest fruit tree in the U. S. also a small piece of the tree. These were given in memory of the late James Howe.

Mr. John Clark, also gave some Indian Spearheads, in memory of his friend Charles Favor, who was a member of the Henniker Town Band.

Professor Francis L. Childs and Wife, while in Europe, were able after some effort to procure the picture of the son of the John Henniker, for whom Henniker was named. This picture of John 2nd Baron Henniker is Beautifully framed and hangs on the wall in the reading room.

Mr. Alberto D. Huntoon, presented the well known "Huntoon Collection" which has been of so much interest in the Library. With this gift is a fine framed portrait of the donor. This is placed directly over the Collection.

We are very grateful for all the gifts and appreciate the efforts made to improve and increase the usefulness and attractiveness of the library.

The last two gifts mentioned are of great value and are among our most highly prized attractions.

Miss Helen Edwards has given up a year's subscription to the McCall's magazine.

Albert Norton Jr., gave us some children's books, which we use on the children's table.

If we have failed to mention any gifts, please do not think they are not appreciated.

Annual Book-week was observed, and this is the opening of the children's story hour every Saturday afternoon for the winter months. On the last afternoon a party is given to which all who have attend-

ed the story-hours are invited. Mrs. Wilbur Parmenter is still our popular "story-Teller" and we depend on her for the children's party entertainment.

The Librarian spent a very pleasant and profitable week at the Eastern Library Conference held at Manchester, Vermont, in July.

We thank you every one and welcome you to the Library at all times.

Respectfully submitted,

FANNIE W. BENNETT,

Librarian.

MARION B. GARLAND,

Assistant Librarian.

From the tabulation of the general statistics above it will be noted that the only school to have its full quota of 360 half-days was Quaker Street. All others lost two half-days. The average number of pupils attending the schools of the district was about 13' less than in the previous year. The percent of attendance remains low. To some extent this is due to whooping cough and measles, but in many cases parents have probably allowed their children to remain out of school for insufficient reasons. Every day's absence means a loss to the pupil and a loss of time for going ahead while back work is made up.

The amount of tardiness per pupil was particularly large at Quaker Street and in Grade 8, of the Junior High School. We hope that this defect may be remedied this year. The total unrepeated registration in the schools of the district was 316. Of these, eight were tuition pupils, four elementary and four high school. This makes a total of 308 pupils residing in the district and attending public school.

The need for improvement of equipment at the Central School remains about the same as indicated in our last report. —New toilets should replace the old and unsatisfactory equipment now in use, and black boards should be lowered so that small children can use them.

At the high school building the room used by the mechanic arts classes is now too small to accommodate the larger classes, and give room for work on an automobile as is required in the class in Auto Mechanics. The quarters of this department should be enlarged. Possible an entrance to the basement under the Central building could be made at small cost, and some of the unused space there utilized for this

purpose. If additional space cannot be furnished it probably would be necessary to drop sections of the work now given in Mechanic Arts. However, we feel that there is great need of the practical instruction given in this department and that measures of advancement instead of retrenchment should be adopted. Considerable money is already invested in the equipment of this shop, and an increasing number of students should be permitted to avail themselves of the benefits to be derived from its use under proper instruction.

During the year the schools have made good progress. We wish to thank the school board, teachers, and parents for their cooperation and assistance.

Respectfully submitted,

JOHN A. SINCLAIR,

Superintendent of Schools.
