## TOWN WARRANT

---

### STATE OF NEW HAMPSHIRE

Cheshire, ss:

To the inhabitants of Alstead qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on the fourteenth (14th) day of March, A. D. 1944 at nine o'clock in the forenoon to act on the following articles.

Art. 1. To choose the following town officers,—town clerk, town treasurer, one selectman for three years, tax collector, overseer of poor, one or more road agents, auditors, constables, library trustees, trustees of trust funds, fence viewers, sextons, cemetery committee, park commissioner, measurers of wood and surveyors of lumber, and other town officers required by law or as the voters may direct.

Art. 2. To see what sums of money the town will raise for ordinary town charges, old age assistance and for the support of the poor.

Art. 3. To see what sums of money the town will raise for highways and bridges.

Art. 4. To see what sum of money the town will raise to oil the village streets; including the street past William Hayes' residence to the Langdon town line.

Art. 5. To see if the town will raise \$400 for the control of white pine blister rust and apply for state aid.

Art. 6. To see if the town will raise \$273.74 for class V roads and call for state assistance, the state to contribute \$1,094 96.

Art. 7. To see if the town will authorize the selectmen to sell real estate acquired by tax sale.

Art. 8. To see what sum of money the town will raise for the care of cemeteries.

Art. 9. To see if the town will raise \$25.00 for water rent for the town hall and watering trough.

Art. 10. To see what sum of money the town will raise for the support of the library.

Art. 11. To see if the town will raise \$30.00 for Memorial Day.

Art. 12. To see what sum of money the town will raise for care of parks and playgrounds.

Art. 13. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

Art. 14. To see if the town will raise \$1,158.34 to reduce state aid construction notes.

Art. 15. To see if the town will raise \$500.00 to reduce the Fire Engine note, so-called.

Art. 16. To see if the town will raise \$862.00 for street lights.

Art. 17. To see if the town will vote to raise and appropriate the sum of \$76 to the Monadnock Region Association of Scenic New Hampshire for the issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the town in cooperation with the other thirty-seven towns in the Monadnock Region.

Art. 18. To see how much money the town will raise to dig and maintain water holes throughout the town for fire protection and for the support of the fire company and for the purchase of fire fighting equipment.

Art. 19. To see if the town will vote to accept a trust fund of \$500.00 to be known as the Willis E. Crabtree fund;

a trust fund of \$100.00 to be known as the George E. Porter fund; a trust fund of \$100.00 to be known as the George E. Cater fund; a trust fund of \$100.00 to be known as the Newell-MacLane fund; a trust fund of \$100.00 to be known as the Willobé F. Gilman fund; to be held by the town as Cemetery Trust Funds.

Art. 20. To see if the town will vote to raise the sum of \$25.00 for the care of the Town Clock, so-called, owned by the Universalist Church, and to authorize the selectmen to appoint a caretaker for the same.

Art. 21. To see what action the town will take to purchase or rent and maintain land for a public dump.

Art. 22. To hear and allow accounts.

Art. 23. To transact any other business that may come before the meeting.

Given under our hand and seal this 20th day of February, A. D. 1944.

BURTON G. DANA,  
ROBERT M. BRACKETT,  
BENJ. H. BRAGG,

Selectmen of Alstead.

A true copy of warrant—Attest:

BURTON G. DANA,  
ROBERT M. BRACKETT,  
BENJ. H. BRAGG,

Selectmen of Alstead.

**REPORT OF LIBRARIAN OF THE  
SHEDD-PORTER MEMORIAL LIBRARY  
For the Year ending January 31, 1944**

---

As your librarian I hereby submit my first annual report.

In September, Miss Harriet Whitton resigned her position as librarian and I was elected to take her place, beginning September 20. Miss Maud Edney is the assistant librarian and has worked in the library every Friday through the winter.

Book Week was observed this year by special displays of new books and on Nov. 19 I told the story "Derry the Wolf Hound" to 15 children of the first and second grades and Miss Cleo Duncan told "The First Thanksgiving" to 25 of the third and fourth graders. We had planned to hear a book review by Rev. Jenkins of Walpole on Nov. 20 but due to illness he was unable to give it.

Story Hour began Jan. 8 and will continue until the first of April. Miss Cleo Duncan, Director of Religious Education is in charge and there has been an average of 18 children present each Saturday from 3 to 4 o'clock.

There are at least 30 qualified readers in the Adventures in Reading contest sponsored by The Congregational-Christian Conference this year and many more have read books on the list, although not enough to qualify. This year there were sections for "young, middle aged and older" children and our juvenile readers increased greatly because of that. The library has 38 of the adult and 22 of the juvenile books available.

We have subscribed to two new magazines. The United States News and Children's Activities and Our Navy is coming to us as a gift subscription.

Mrs. Alice Ball of East Alstead and Mrs. Daniel Bryant of Langdon take books from the library and circulate them

in their own towns. We are very glad of this service as it gets books to many who are unable to avail themselves of the use of the library.

Number of books added by purchase,	256
Number of books added by gift,	7
Number of magazines received,	35
Daily papers,	1
Weekly papers,	2

---

RECORD OF CIRCULATION FOR BOOKS AND  
MAGAZINES

Non-fiction,	1,084
Fiction,	3,741
Juvenile,	1,744
Magazines,	2,059
Total,	8,628

Respectfully submitted,

MARION I, KEMP,  
Librarian.

## SCHOOL WARRANT

---

### THE STATE OF NEW HAMPSHIRE

To the inhabitants of the school district in the town of Alstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall, in said district, on the 14th day of March 1944 at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officer or agent of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors, and committees, in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alterations in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To transact any other business that may legally come before said meeting.

Given under our hands at said Alstead, this 10th day of  
February, 1944.

MAYBELLE H. STILL,  
CHAUNCY J. NEWELL,  
MARY C. BURROUGHS,  
School Board.

A true copy of warrant—Attest:

MAYBELLE H. STILL,  
CHAUNCY J. NEWELL,  
MARY C. BURROUGHS,  
School Board.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Alstead:

I herewith submit my annual report as Superintendent of Schools:

### ORGANIZATION AND ENROLLMENT

After the resignation and release of Mr. Armstrong, it was not possible to employ a permanent instructor with the qualifications necessary to teach all of the courses in mathematics and science. However, we were fortunate in having locally two experienced teachers with unusual latitude in subject qualifications. With some reassignment of courses we were able to complete the year with very little curtailment of work and no sacrifice in the quality of instruction.

Miss Ruth Wilson, a graduate of Keene Teachers College, was this year elected to teach the classes in mathematics and elementary science.

The Vilas High School will always be linked with the personality of its first headmaster, Paul J. Fenton. His keen interest in and understanding of the life and activities of the school and community has assured for the school a firm and lasting foundation.

With the transfer of leadership to Daniel Metcalf, who worked closely with Mr. Fenton during the formative years, I am sure that the work so nobly begun, will continue on successfully.

The acute shortage of teachers in the field of agriculture created another serious problem. This difficulty, however, was surmounted by the willingness of the Walpole School Board to release Mr. Harmon and share his services with Alstead. As the work is organized, Mr. Harmon teaches the agricultural classes in Walpole during the morning session and those in Alstead during the afternoon. This arrangement has in part been made possible by the willingness of the other

members of the teaching staff to accept additional assignments. Mrs. Collins took over the course in chemistry which could not otherwise have been taught, and Miss Ball accepted the course in Physiography. This willingness on the part of our teachers to cooperate in time of emergency, indicates a loyalty and interest in the welfare of the school. It is an example of the general high professional attitude of the Alstead teaching staff.

#### EAST ALSTEAD GARDEN PROJECT

One of the older boys of the Pleasant View 4-H Club of East Alstead, in the spring of 1943, suggested at a business meeting of the club, that the club raise a garden to produce food for the East Alstead School hot lunches for the following winter. This was discussed, and the club voted to raise the garden.

The leader hired a garden plot, bought much seed, some plant sets, and a limited amount of commercial fertilizer. Mr. Willie Wilson contributed ample barn fertilizer for the garden. Mr. Heman Chase had the garden plowed and harrowed free of charge to the club. Mr. Walter Burroughs furnished truck and labor to haul fertilizer. Mrs. Moakley and Mrs. Edith Chase contributed additional plant sets and seeds. The leader, club members and school children planted the garden.

The leader and some of the club members cared for the garden during the growing season. Mrs. Edith Chase, Mrs. Mary Burroughs, and Mrs. Florence Batchelder contributed labor then, also.

The leader, members, and school children all helped in harvesting the garden. The leader, Mrs. Mary Burroughs, Mrs. Florence Batchelder, Mrs. Sophie Spurr, and Mrs. Blanche Fread all helped in canning the produce, resulting in over one hundred quart jars for the school hot lunch program.

In addition to the above, the school children ate about two bushels of raw ripe tomatoes, some raw cabbages, cucumbers and watermelons. A few cabbages and winter squashes were sold, to be paid for with maple syrup this next sugar season.

So many people have contributed time and labor, and have in other ways shown a keen interest in this venture that the project which was primarily intended to be representative of the Pleasant View 4-H Club, became a community interest, even almost a community project, and has netted splendid returns in health-giving foods for the boys and girls of East Alstead School.

#### SUMMARY OF ENROLLMENT, JANUARY 15, 1944

Vilas High School,	70
Vilas Junior High,	52
Village Primary 1-2,	17
Village Elementary 3-4,	20
Village Elementary 5-6,	28
East Alstead,	16
Total,	<hr/> 203

Tuition pupils are enrolled as follows:

	High	Junior High	Elementary
Acworth,	17	28	4
Langdon,	8	1	3
Marlow,	6	0	0
Stoddard,	2	0	0
Total,	<hr/> 33	<hr/> 29	<hr/> 7

Elementary pupils enrolled in schools outside of the district:

Gilsum Village,	7
West Gilsum,	2

In view of the very acute shortage of teachers, we were fortunate in starting the school year with a qualified teaching staff. Some adjustments were necessary in order to meet emergency situations, but in every case, the teachers were well prepared for the work assigned to them.

The problem of finding teachers for our rural schools has become very difficult. The few new teachers who are available early in the season, seek positions in larger towns

which are convenient to public transportation. The positions in these communities usually offer the added inducement of higher salaries and fewer grades.

Many schools in the state opened last fall with teachers approved only because of the emergency. The supply of this type of teacher is also very limited and vacancies occurring during the year have been practically impossible to fill. The situation next year will be even more serious.

Our teachers have worked unusually hard this year and have willingly accepted all of the increased work and responsibility placed upon them as a result of the special war time activity.

We must continue to operate our schools at the present high standard, if possible. The children now attending school cannot relive their school years or make up for the loss of benefits to which they are entitled. A good teacher, qualified by training and experience, is the most important single factor in maintaining standard schools. Each district, I believe, should give attention to the seriousness of the teacher supply situation and should make every possible effort to retain the teachers who are now in service in the district.

The plan of uniformity of text book adoptions, which was established several years ago, has been continued. Under this plan new books are purchased within budget limits according to a definite list of book adoptions. The books on the list are adapted to the grades for which they are selected and conform with the outline of studies prescribed in the State Program. In most cases the books on the list of adoptions have been selected by groups of teachers or recommended after trial by some of our more experienced teachers. This plan of introducing new books tends to secure a uniformity of instruction in the schools of the supervisory union and benefits those pupils who move about from school to school.

In practically all of the districts of the union the budget limit for books is established each year at the state average cost per pupil. This amount is usually sufficient to purchase the additional books for new pupils and to replace worn-out

copies. It does not, however, permit much expansion into new or additional material. Our pupils would benefit if the usual budget amount could be supplemented occasionally with an additional appropriation for the replacement of out dated books. This situation is especially necessary in the field of social science and the language arts where unusually rapid changes in content and instructional method have occurred.

### VILAS HIGH SCHOOL

The school activities have been curtailed to some extent by the War but we have made an attempt to retain as many as possible. The first social was the annual freshman reception held in the auditorium—a husking bee in charge of the seniors. The Annual Athletic Association Dance was a success in all ways. In January we had three one-act plays.

Many interesting Thursday morning assemblies have been conducted by the members of the senior class. We wish more parents and friends would visit school on these mornings.

The moving picture machine is used regularly for educational pictures and a discussion of these pictures is held in the classroom.

Twenty-three boys and twenty girls aided in the harvesting of farm crops last fall. Some picked apples, some picked up potatoes, and a few gave their attention to filling silos. Richard Rogers of the junior class picked up over 1,000 bushels of potatoes and received third prize from the New Hampshire Horticultural Society.

The school entered the Triple Threat Bond and Stamp campaign in September with a goal set at \$500. By the second week in October the quota had been exceeded and raised to \$1,165 or the price of a jeep. When the drive ended December 7th., the grand total was \$1,182.90. Our largest sale was \$247.90.

Each class had a cashier and a pep manager. The cashiers sold stamps and bonds to the students every Tuesday and the pep managers gave pep talks to their respective classes every Monday before school closed. We have asked that a jeep be named "Vilas."

### Home Economics:

Foods class: During the fall months emphasis was placed on food preservation, including canning, dehydrating and freezing.

On December 15, the girls served a Christmas dinner. This gave them experience in planning menus and decorations for special occasions.

Hot lunches are served during the winter months to approximately sixty people.

Family and Its Members: The members of this class served a tea to their mothers and friends, at the High School. Social affairs of the home and community are emphasized in this course.

### Agriculture:

At the beginning of the school year the Agricultural Department had an enrollment of eighteen; eight in the upper group and ten in the lower. One older boy was soon called into service. During the fall months the majority of these boys were assisting in the harvesting program. Where possible their work was supervised and credit in agriculture given them.

The course of study is based on a four year plan which emphasizes the farm enterprises of the locality. We have altered the course to a certain extent to try to adjust the work to current situations. Considering the unbalanced and confusing agricultural picture it is difficult to offer sound advise. Of one thing we can be certain, however; these boys must have faith in their occupation in order to succeed. They must learn during their school days to work with each other in order that a habit of cooperation will carry on into their work in the future.

One of the requirements of a Smith Hughes Agricultural course is that each boy carry out an approved supervised farming program in order that he may gain certain practical knowledge and learn to work with a goal in view.

Shop experience is an important phase of each boy's work and we wish to stress the importance of shop practices regarding care and repair of farm machinery, tools and equipment.

Some equipment has been brought to the school shop for repair. It is our wish that more will follow. We are exceedingly fortunate in having adequate space and facilities. Although our labor is unskilled it is felt that providing us with such work will benefit both parties.

#### Girls' Physical Education :

The girls' sports program was organized early in the fall with the election of a student leader for each of the major activities in which the student group will participate throughout the year. Out-door exercise is emphasized and while fall weather permitted the girls played soccer, base soccer, and softball, learning skills and techniques in gym classes and developing good sportsmanship. Cooperation was developed through intra-mural competition both in class and during the noon period.

A similar indoor program has been carried on since the opening of the basketball season and the girls' team has also played two alumni games. A basketball play-day is being planned at which girls from several other schools, including Keene Teachers College will be guests of the Vilas High girls.

Volleyball, tennis, and softball will be leading activities of the spring season.

The variety of sports throughout the year provides an opportunity for each girl to enjoy enthusiastic participation in several activities with the resulting development of valuable character traits of good sportsmanship, cooperation, and leadership as well as growth of good health habits and physical stamina through vigorous exercise.

#### Boys' Physical Education :

The boys' physical education program has been based upon certain requirements made by the Army through the Victory Corps program. The need of calisthenics and a play program has been proven in Army reports. The general objectives have been followed as in past years; good discipline, fair play and sportsmanship are strongly stressed. The fact that each student takes an active part in each program shows the cooperation of the parents with the school.

Due to the gasoline situation the father-son or mother-daughter night was not held this past year.

The regular intra-mural games were held in touch football last fall and the basketball team is having a successful season this winter.

### MUSIC

At the village school special holiday music was prepared by each room.

The general music course in the junior high school and the high school chorus have been continued. The high school glee club has been increased in size and has received new books. The girls' glee club has appeared in several programs including a church service, a wedding, and at a public program in the auditorium.

At Christmas time the 5th. and 6th. grades sang carols in two parts in connection with their play. A brass quartet and a tuba solo added to the entertainment.

The new band group now includes fourteen players. All lessons are given free of charge and some school-owned instruments are loaned to the students. The band appeared during the one-act plays in January. Seven violin players are studying in order to build up the school orchestra which was depleted by the graduation of several leading players.

In April there will be a music program featuring all of the vocal and instrumental organizations.

### HEALTH

Good health is a vital factor in constructive, happy, and cooperative living. Health education is an integral part of the school curriculum. The teacher has innumerable opportunities to contribute to the healthy growth of children through the development of a working health education program.

A physical examination of each pupil is made annually by the school nurse. When necessary, frequent check-ups are made. A record of defects is kept and every possible effort is made to direct serious attention to correcting them promptly.

Health inspection showed the following defects:

200 pupils were inspected.

2 pupils showed defective vision—uncorrected.

135 pupils were in need of dental care.

3 pupils were unvaccinated—without proper excuses.

13 pupils were advised to have a throat and nose examination by a physician.

14 pupils were underweight.

16 pupils showed poor posture.

Dental clinics were held February 12th to 19th, March 11th to 15th, 1943, and October 5th, 1943. Work done as follows.

Number of pupils treated,	82
Number of pupils having teeth cleaned,	60
Number of pupils having porcelain fillings,	38
Number of pupils having silver fillings,	135
Number of pupils having extractions,	23
Number of pupils having treatments,	14

42 pupils had their teeth cared for privately.

5 pupils were treated privately for tonsils and adenoids.

3 pupils had special eye examination and defect corrected.

Hearing tests were given to all pupils from the 3rd to 12th grades. Three pupils showed defective hearing.

## BUILDINGS AND EQUIPMENT

Repairs and improvements were made at the school buildings as follows:

Alstead Village School:

The walls in both school rooms and hallways were painted and the ceilings were whitened. Repairs were made on the woodshed and bulkhead.

East Alstead:

The schoolroom ceiling was scraped and whitened. The desk tops were varnished. A sink and cupboard were installed in the classroom. A recess for outer garments was built in. Minor repairs were made on the playground apparatus and screens.

Vilas High School:

All broken shingles on the roof were replaced. A coal stoker was installed. The boys locker room and the hand stair rails were painted. All entrance door locks were overhauled and broken springs replaced. Several broken chairs were repaired. The double doors in the farm shop were repaired and painted. The electric master clock was cleaned and oiled.

All school buildings were thoroughly cleaned during the summer and floors were treated.

STATISTICAL REPORT 1942-1943

Total registration,	235
Average membership,	202.51
Percentage of attendance,	92.4
Cases of tardiness,	197
Number of pupils not absent or tardy,	11

The registration record indicates an increase of eighteen pupils. There is this year a decrease of ten in the number of tuition pupils enrolled in the high school.

I wish to make grateful acknowledgment of the following manifestations of interest in our schools:

The \$10.00 Christmas gift for the pupils of the village elementary school.

The contribution of flowers to the village primary room at times during the fall term.

The lumber donated to the East Alstead school for use in the manual arts projects.

The contribution of labor, garden produce, and money for the hot lunch program at East Alstead.

I wish to express my appreciation for the excellent cooperation and support received from the members of the School Board, teachers, parents, and pupils.

Respectfully submitted,

CHARLES D. DALZELL,

Superintendent of Schools.

**REVISED AND CORRECTED FINANCIAL REPORT**  
**For the Year Ending January 31, 1943**

---

Various mistakes were discovered in the financial report as entered in the 1943 Town Report, as printed. As suggested by the Division of Municipal Accounting of the State Tax Commission, a Revised and Corrected Financial Report, including reports of the Town Treasurer and Tax Collector, is included in this (1944) report; as follows:

**REVISED AND CORRECTED**  
**FINANCIAL REPORT**  
**OF THE TOWN OF ALSTEAD**  
**For the Fiscal Year Ended January 31, 1943**

---

**CERTIFICATE**

This is to certify that the information contained in this report was taken from official records and is complete to the best of our knowledge and belief.  
 February 1943.

BENJ. H. BRAGG,  
 BURTON G. DANA,  
 ROBERT M. BRACKETT,  
 Selectmen.

DON W. MOORE,  
 Treasurer.
