**REPORT OF THE
SUPERINTENDENT OF SCHOOLS**

1947-1948

I herewith submit my first annual report of the Errol School District.

Pupil Enrollment

The grade distribution in the Errol Central School as of September, 1947, is as follows:

Grade	Errol	Went. Loc.	Mills- field	Total
1	9	0	1	10
2	2	3	0	5
3	4	1	0	5
4	5	2	0	7
5	4	0	0	4
6	9	1	0	10
7	4	1	0	5
8	3	1	1	5
9	6	0	0	6
10	0	2	0	2
Totals	46	11	2	59

The following pupils had a record of perfect attendance: Nancy Hawkins, Sherry Lane, Donna Travers, and Eugene Verratti.

Teaching Staff

Mr. William E. Bigelow was appointed to the position of Headmaster to succeed Mr. Robert Owens. Mr. Bigelow, a graduate of Plymouth Teachers' College, came to Errol from Center Sandwich, N. H., where he taught in the elementary school.

Mrs. Esther Bean and Mrs. Shirley Hawkins returned to teach in the primary and intermediate grades.

General Information

The regular work of the school in all grades has progressed steadily and effectively. Despite the shortage of one teacher in the ninth and tenth grades, the minimum standards were achieved through the conscientious effort of Mr. Bigelow and the high school program was approved by the State Department of Education.

Through the assistance of the Parent Teachers Association, who contributed generously towards the purchase of a new 16 m.m. projector, the pupils are now assured the many advantages of educational films which will aid in the entire learning process as well as providing wholesome entertainment.

One of the outstanding and most important features of the school program has been the addition of a hot lunch program, which provides for a well balanced, nutritious meal for 20 cents. This low price is made possible through federal subsidization of 9c per meal per child. Out of a total enrollment of 59 pupils, between 50 and 55 pupils eat regularly at the School Cafeteria under teacher supervision where the children learn the importance of eating the right kind of foods, good table manners, and the development of habits of consideration for others.

Much credit is due the School Board and interested parents for their efforts in aiding in the establishment of the school lunch program.

A testing program has been planned and is being carried out with a view toward the achievement of a better and more complete understanding of each pupils weaknesses and capabilities so that the teaching of each individual may be more effective.

New text books were purchased for most grades and most of the out-moded books have now been replaced.

Recommendations and Conclusions

Once again the problem of including the ninth and tenth grades in the Central School must be decided. The complete budgets for grades one through ten and grades one through eight have been included in this report so that you may compare the cost of education to Errol for either program.

Because of the difficulty in obtaining labor, very little repair work was done on the school this year. The school house should be painted and minor repairs made.

A health program is one of the most essential parts of the school program. Each pupil should be thoroughly examined by a school physician at least once a year and treatments and corrections made whenever necessary. Provision should also be made for complete dental inspections for all children.

In closing I wish to express my appreciation to the School Board for their help in the administration of school affairs, to the residents of the town for their efforts in behalf of education and to the teachers for their loyal and conscientious service.

Respectfully submitted,

DAVID APPLETON
