REPORT OF THE FIREWARDS
1962

During the year 1962, we had twenty-eight calls as follows:

- 8 General Alarms
- 4 Chimney Fires
- 4 False Alarms
- 4 Town Dump Calls
- 5 Grass Fires
- 3 Car or Truck Fires

We are pleased with the results, so far, of the Fire Mutual Aid Alarm System. It simplifies the reporting of a fire

from that of the Red Network System, and the Mutual Aid Center is manned twenty-four hours a day.

The present call number we have with the Mutual Aid System is 5-2-1, and in a short time we anticipate having four or five additional calls to alert our Fire Department as to what type of fire it is.

This Mutual Aid System is less expensive than our former Red Network Call System.

Many of our firemen have taken classes in the art of mastering the Scott-Air-Pack which will be a credit to our department and all those concerned.

Again this year we want to extend sincere thanks and appreciation to the Troy Mills, Inc., for their interest and continued servicing of the fire alarm system. We also appreciate the fine help from the members of the Red Network.

We feel that our equipment is in very good condition, and serviceable without any major repairs or additional equipment needed.

Our sincere thanks to all members of the Fire Department for their continued efforts and support.

For the coming year, we are asking for an appropriation of \$2,500.00.

Respectfully submitted,

GEORGE K. RIPLEY,
CHARLES A. LEPISTO,
EDWARD R. LANG,

Firewards of Troy, N. H.

REPORT OF WAR MEMORIAL COMMITTEE

Summer Program Staff:

Timothy Fitzgerald, director
Marylen MacQueston, assistant
Richard Oman, assistant.

The program committee agrees that the 1962 summer season was very successful. The director and his assistants have done a wonderful job with the children, and the care of the property.

The erection of a bath house by Mr. Allen Wheeler and his helpers at a very low cost, was a great improvement to the program.

Preventing Forest Fires Is Our Responsibility

Cost of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control — pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep Our Town Safe From Fire.

In 1962 we had 1 fire.

We burned 1/16 acre.

W. A. PARKER, Forest Fire Warden.

CORNELIUS WOOD, District Fire Chief.
