SUMMARY OF ACTION TAKEN ON ARTICLES IN

1981 TOWN WARRANTS

March 10, 1981

The annual Town Meeting for the purpose of balloting was held on March 10, 1981 at the Northwood Town Hall. Polls were opened at 10:00 A.M. until 7:00 P.M. Absentee ballots were opened and cast at 3:00 P.M. 1324 names were on the check list and 725 voted. The warrant that was read and the official count are on the preceding pages.

March 14, 1981

The annual Town Meeting for discussion of the warrant was held March 14, 1981 at Coe-Brown Academy. Moderator Robert A. Johnson opened the meeting at 9:00 A.M. The warrant as posted and published was accepted as correct so the moderator dispensed with the reading of the entire warrant first. He announced that each person may speak only twice on each issue, but can always ask a question. He would not entertain a motion to extend the meeting to another day until later in the day.

ARTICLE 1 To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

Budget Committee Chairman Donald Post moved that the sum of \$148,073.59 be raised to defray Town charges for the coming year. Robert Bailey seconded. True W. Chesley, Chairman of the Board of Selectmen, announced some changes, amending the amount to \$151,856.09. The explanation follows: \$200.00 more needed for auditing, \$3,000.00 more for Public Welfare, \$2,000.00 less for Old Age Assistance, \$2,000.00 more for damages, \$1,000.00 more for Legal Expense, \$332.50 less for Social Security and \$85.00 less for Unemployment Comp. Walter Crandall seconded. Vincent Bane spoke about the Tax Collector's salary, noting that last year the motion to change the salary from \$3,000.00 to 1/2 of 1 percent did not pass. He then asked why the selectmen did pay her \$4,800 plus? Mr. Chesley replied that he believes it was a decision of the Town Attorney. Mr. Bane then moved the \$5,500.00 in the budget this year be amended to \$1,050.00 to make up for the overpayment of last year (not seconded). Mr. Chesley's amendment was adopted by a show of hands: 89 yes and 56 no. Now Mr. Bane asks how much the reassessment will cost this year. Mr. Chesley suggests maybe \$1,200.00 to \$1,500.00, maybe \$2,500.00 to cover all of it. After discussion Mr. Bane now moves to further amend the main motion by reducing the amount to \$146,856.09 by deleting \$5,000.00 from town officers salaries, taking \$2,500.00 from the tax collector's salary and \$2,500.00 from the selectmen's salaries. Robert Bailey seconded. Mr. Morse reminds us that these jobs never pay what they are worth but are public service jobs. Charles Johnson thinks we ought to put an upper limit on each selectman's salary. Mr. Bailey says they aren't really cutting salary, just taking out the extra used last year to re-evaluate. Mr. Ahlgren thanks Mr. Bane for shedding a little light on the subject, but thinks it better to wait until next year and put an article in the warrant. Mrs. Marion Knox asks if both salary

changes are in the same motion? Answer: yes. Mrs. Helen Sherman spoke about the amount of money she collected last year, the hours she spends in collecting over \$1,000,000.00 and the responsibility of handling this amount of money. Mr. Sherman says both tax collector and selectmen deserve all they get and more. Mr. Bane says he only meant to correct the amount that was paid. Mr. Sherman asks for a yes and no ballot. The amendment passed by 215 yes, 32 no.

Now the main motion passed by a voice vote.

ARTICLE 2 To see if the Town will vote to raise and appropriate the sum of \$13,875.00 as the 9 month portion of an annual salary of \$15,000.00 plus benefits for a full-time Police Chief (full year cost \$18,500.00).

James Small moved to raise and appropriate \$13,875.00 as the nine month portion of an annual salary of \$15,000.00 plus benefits for a full-time Police Chief (full year cost \$18,500.00). Mr. William Shafer seconds. W. E. Bryant, Jr. asks for a yes and no ballot. The moderator asked the present Chief, Raymond Hearn, to explain. He explained that some of this is already in hand from a State agency, \$12,491.00, so that all he would need is \$1,384.00 now. Full-time officer is recommended for every 1,500 population and we have over 2,000 now. He promised not to ask for another full-time officer until our population hit 3,000. He further stated he would work in the schools, give more training to his men and give greater visibility. Marcia Tasker asked how many were now on the force and he stated 8, but the chief is the only one working over 32 hours a week. Ann White asked how much this would cost in future years and the chief gave figures for the next three years. He stated that all officers must live within the town by December of this year. We can be sure of the grant as the money is already in a bank for this. Fred Holmes asked if the job would go to our present chief. Some wondered if he could and would patrol back roads or the unplowed private roads. Many more questions were asked and the mileage on the two cruisers was given and saving on new one shown. Fred Holmes amends the article to read that if passed the new full-time position would be opened to applicants. John Schlang seconded. Amendment passed by voice vote. Stephan Putnam felt that economic conditions indicate the need of more police so it would be wise to use this money that is now available and at such times later when the grant runs out, we can act again. John Newman, Bonnie Hibbard, Alan Thomson and Douglass Briggs spoke against the full-time officer. James Small, Wayne Corson, Robert Bailey, and Ellis Ring spoke in favor. The yes and no ballot followed. 126 yes, 151 no. Motion defeated. Recessed for lunch.

Reconvened at 1:00 P.M. with a note of humor by the moderator. He noted that during the recess one of the selectmen, Walter Crandall, had computed that at the rate of doing business during the morning we will finish this town meeting in 11 days or three months!

A pleasant interlude was provided as Allan Clark of the Fire Department presented a plaque to Mr. Robert Chadbourn as an award to some member of the community who had given special service to

the Fire Department. Mr. Chadbourn thanked the people.

ARTICLE 3 To see if the Town will vote to raise and appropriate the sum of \$31,772.49 as its 1981 share of the capital cost with interest for the construction of an incinerator and energy recovery facility as set forth under the Agreement for Formation of the Lamprey Regional Solid Waste Cooperative, and to allow the Selectmen to accept Federal or State, and other grants that may be available to the Town in providing its share in the project.

Charles Johnson moved to raise and appropriate the sum of \$31,772.49 as the Town's share of the capital cost with interest for the construction of an incinerator and energy recovery system as set forth under the Agreement for Formation of the Lamprey Regional Solid Waste Cooperative, and to allow the Selectmen to accept Federal or State and other grants that may be available to the Town in providing its share in the project. Ray Hearn seconded. True Chesley amended the amount to read \$24,206.72 as another town has joined the group. James Small seconded. Amendment passed by unanimous voice vote. Mr. Frary asks why Article 4 isn't the same as Article 3. Mr. Post explains that now Revenue Sharing funds can be used for more things, so that rather than allocate it to several departments as in the past, the Budget Committee thought it just as well to put it all under one item that would reduce the cost of running the Town. More discussion of our dump system followed and Mr. Norman Nary asked if we pay this each year. Answer: Yes. We are obligated to help pay this bonded construction. Then the main motion was adopted by unanimous vote.

ARTICLE 4 To see if the Town will vote to appropriate \$25,911.45 and authorize the withdrawal of \$25,911.45 from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, for one of the following purposes or take any other action it deems necessary: Lamprey Regional Solid Waste Cooperative - New Construction.

Vincent Bane moved that the Town appropriate the sum of \$25,911.45 and authorize the withdrawal of same from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for one of the following purposes or take any other action it deems necessary: Lamprey Regional Cooperative Solid Waste - New Construction. Clarence Ahlgren seconded the motion. Marion Knox amended Article 4 to include Article 5. Mr. Post said the Budget Committee meant it to be used first for Lamprey Regional, then the balance of \$1,704.73 could be used for new construction of Town roads. Mr. Corson wonders why they couldn't have left the Revenue Sharing Fund money in separate places as they have before. Mr. Bane explained that the Budget Committee thought they had a mandate from the Town to save money this year so they took this way to do it and let each department stand on its own merits. Motion was adopted by voice vote.

ARTICLE 5 To see if the Town will vote to raise and appropriate the sum of \$10,000.00 to establish a Capital Reserve Fund for a future addition to the Northwood Town Hall. (Not recommended by the Budget Committee)

N. James Morse moved the article be indefinitely postponed. David Behm seconded. Motion adopted by voice vote.

ARTICLE 6 To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes and vote to raise and appropriate the sum of \$20,000.00 for interest on same.

Charles Johnson moved to authorize the Selectmen to borrow money in anticipation of taxes and raise the sum of \$20,000.00 for interest on same. N. James Morse seconded. Gordon Smart asked why with double billing was it necessary to be short of money. The answer is that the schools need to have their money in June before the tax bills are out. Mr. Smart amends the article to read \$1,000.00. Gary Smart seconded. The Selectmen told how they borrowed more than needed last year but made money by re-investing it in short term notes. Mrs. Helen Johnson asked why if they made money wasn't that used this year. Marion Knox explained they made about \$14,000 in interest but the costs were \$15,000 so with the \$2,500 in the budget for interest, the balance went into the general fund. Joann Bailey, the treasurer last year, said that they might not need the \$20,000, but certainly the \$1,000 wouldn't be enough. Mrs. Knox said we will have to borrow earlier this year and Mrs. Helen Sherman explained that some do not pay their taxes because with interest only 9% it is cheaper for them to owe the Town than to pay on time. Amendment defeated by voice vote. Now the main motion adopted by voice vote.

ARTICLE 7 To see if the Town will vote to raise and appropriate the sum of \$10,049.00 for the Northwood Public Libraries.

Robert Herron moved to have the Town raise and appropriate the sum of \$10,049.00 for the Northwood Public Libraries. Thomas Madson seconded. Angela Darienzo asked for a quick explanation of how the money would be spent. Mrs. Herron mentioned insulation for the Chesley Library and then Jean Johnson read each item in their budget. Motion adopted by a voice vote.

ARTICLE 8 To see if the Town will vote to raise and appropriate the sum of \$11,490.00 for Parks and Playgrounds.

Robert Herron moved to raise and appropriate the sum of \$11,490.00 for Parks and Playgrounds. Douglas Briggs seconded. Motion adopted by voice vote.

ARTICLE 9 To see if the Town will vote to raise and appropriate the sum of \$950.00 for the care of cemeteries.

James Small moved to raise and appropriate the sum of \$950.00 for the care of cemeteries. Robert Bailey seconds. Motion adopted by voice vote.

ARTICLE 10 To see what sum of money the Town will vote to raise and appropriate for Town Highways.

A mix-up in figures made it wise to omit this article for now and go on to Article 11.

ARTICLE 11 To see if the Town will vote to raise and appropriate the sum of \$4,500.00 for the purpose of street lighting.

Charles Frary moved the sum of \$4,500.00 be raised for the purpose of street lighting. Charles Johnson seconded. Mr. Herron feels we only need lights at public places. This sum is not for any new lights. Motion adopted by voice vote.

ARTICLE 12 To see if the Town will raise and appropriate the sum of \$5,074.16 for the purpose of Town Road Aid, the State's Share to be \$4,412.31 and the Town's share to be \$661.85.

Clarence Ahlgren moved the sum of \$5,074.16 be raised for the purpose of Town Road Aid, the State's share to be \$4,412.31 and the Town's share to be \$661.85. Charles Frary seconded. Motion adopted by voice vote.

ARTICLE 13 To see if the Town will vote to raise and appropriate the sum of \$4,375.00 for the Northwood Rescue Squad - Ambulance.

Theresa Herron moved the sum of \$4,375.00 be raised for the Northwood Rescue Squad - Ambulance. Robert Herron seconded. Ed Shinn inquires how the ambulance can get in on unplowed private roads. Mr. Morse says if road is plowed they will get there. Motion adopted by voice vote.

ARTICLE 14 To see if the Town will vote to raise and appropriate the sum of \$6,369.00 for the Town's per capita share of the Rural District Health Council, Inc.

Charles Johnson moved the sum of \$6,369.00 for the Town's per capita share of the Rural District Health Council, Inc. Clarence Ahlgren seconded. Motion adopted by voice vote.

ARTICLE 15 To see if the Town will vote to transfer \$1,500.00 from the revenue of the Municipal Court to the Highway Safety Equipment Capital Reserve Fund.

James Small moved to have the Town transfer \$1,500.00 from the revenue of the Municipal Court to the Highway Safety Equipment Capital Reserve Fund. Ray Hearn seconded. Mr. Post explained that this went for police safety equipment and amended the article to add that the Town Budget Committee be assigned as agent for activating the fund in case of emergency. W. E. Bryant, Jr. seconded. Mr. Hearn asked if this limits the purchase of new cruiser in years to come. Answer: No. Amendment adopted by voice vote. Then main motion adopted by voice vote.

ARTICLE 10 Now going back to this article which was passed over earlier. Robert Bailey moved the sum of \$68,425.00 be raised and appropriated for Town Highways, of this \$33,200.00 be for Summer Maintenance, \$32,000.00 for Winter Maintenance and \$3,225.00 for General purposes. Herbert Sherman seconded. Marilyn Metcalf asked if work on Harvey Lake Road will be completed this year. Mr. J. Perry Richardson said, Yes, early snow last Fall kept it from being finished last year. In response to Arthur Slade III's query, Mr. Richardson said the Town will surface the entrance of Harvey Lake Road on to Rt. 4 but not the entire width of the road. Motion adopted by voice vote.

ARTICLE 16 To see if the Town will vote to raise and appropriate the sum of \$35,000.00 for new construction of Town roads. The \$35,000.00 is comprised of \$15,921.56 of Town money, \$10,861.60

Highway Subsidy and \$8,216.84 Special Highway Subsidy Funds.

| Mountain Road - tar | 4,500.00 |
| Jeness Pond Road - tar | 6,500.00 |

Herbert Sherman moved to raise and appropriate the sum of \$35,000.00 for new construction of Town roads, comprised of \$15,921.56 of Town money, \$10,861.60 Highway Subsidy and \$8,216.84 Special Highway Subsidy Funds. This would be used as follows: Old Pittsfield Road (\$12,000.00); Blake's Hill Road - tar (\$8,000.00); Gulf Road - tar (\$4,000.00); Mountain Road - tar (\$4,500.00); Jenness Pond Road - tar (\$6,500.00). Robert Bailey seconded. Mrs. Houle asked about the \$4,000.00 appropriated last year for Gulf Road. Mr. Chesley said that Public Service didn't move poles in time to get in to do the work, but the road will be done up to the mailboxes. Mr. Richardson says some of the money was used to cut brush. The motion was adopted by voice vote unanimously.

ARTICLE 17 To see if the Town will vote to raise and appropriate the sum of \$15,000.00 for the operation and maintenance of the Northwood Recycling and Reclamation Area. (Dump)

Robert Bailey moved the sum of \$10,400 be raised and appropriated for the operation and maintenance of the Northwood Recycling and Reclamation Area. (Dump) Alan Thomson seconded. Mr. Richardson told of the trials at the dump and the need of the second man, although Mr. Morse felt that a second man would be nice but that we ought to economize. Mr. Crandall answered the questions about the salvage sales by saying that the glass about paid for itself. Mr. Post feels that as a matter of safety, two men should be there when the compactor is being used. Mr. Bailey suggested that maybe the hours that the dump are open could be cut. Motion prevailed by a show of hands. 94 yes, 17 no.

ARTICLE 18 To see if the Town will vote to raise and appropriate the sum of \$4,475.00 for the Planning Board's expenses.

Clarence Ahlgren moved that the Town raise and appropriate the sum of \$4,475.00 for the Planning Board's expenses. Joseph Grano seconded. Mr. Behm asks how much goes to lawyer's fees so Mr. Crandall explained some pending cases, such as illegal subdivisions, illegal trailer, and illegal sale. Then he made an amendment to increase the amount of money to \$6,475.00. Mr. Post seconded. Amendment defeated by show of hands: 45 yes, 61 no. Now main motion was adopted by unanimous voice vote.

ARTICLE 19 To see if the Town will vote to raise and appropriate the sum of \$225.00 for the Board of Adjustment's expenses.

Robert Herron moved to raise and appropriate the sum of \$225.00 for the Board of Adjustment's expenses. James Small seconded. Motion adopted by voice vote.

ARTICLE 20 To see if the Town will vote to raise and appropriate the sum of \$280.00 for the Conservation Commission's expenses.

Veronica Post moved to raise and appropriate the sum of \$280.00 for the Conservation Commission's expenses. Robert Herron seconded. Motion adopted by voice vote.

ARTICLE 21 To see if the Town will vote to raise and appropriate the sum of \$60.00 in support of the Rockingham Child and Family Services.

Theresa Herron moved to raise and appropriate the sum of \$60.00 in support of the Rockingham Child and Family Services. W. E. Bryant, Jr. seconded. Motion adopted by voice vote.

ARTICLE 22 To see if the Town will vote to raise and appropriate the sum of \$300.00 in support of the Child and Family Services of New Hampshire. (Not recommended by the Budget Committee)

Theresa Herron moved to indefinitely postpone this article. Veronica Post seconded. Motion prevailed by voice vote.

ARTICLE 23 To see if the Town will vote to raise and appropriate the sum of \$2,000.00 in support of the Seacoast Regional Counseling Center. (Not recommended by the Budget Committee)

Robert Herron moved to indefinitely postpone this article. Ileana Marshall seconded. Mrs. Herron says this agency is partially funded by the State Mental Health. Motion prevailed by voice vote.

ARTICLE 24 To see if the Town will vote to raise and appropriate the sum of \$700.00 in support of the Newmarket Regional Health Center.

Norman Nary moved the Town raise and appropriate the sum of \$700.00 in support of the Newmarket Regional Health Center. Helen Frary seconded. Motion adopted by voice vote.

ARTICLE 25 To see if the Town will vote to raise and appropriate the sum of \$50.00 in support of the Merrimack Day Care Center. (Not recommended by the Budget Committee)

V. Post moved to indefinitely postpone this article. James Small seconded. Greg Pitman who works at this center explained the reason for asking for a contribution. Motion prevailed by a show of hands. 89 yes, 22 no.

ARTICLE 26 To see if the Town will vote to receive and spend up to \$7,000.00 from Southern New Hampshire Services Employment and Training Program for the CETA Program, Title VI.

True Chesley moved the Town to receive and spend up to \$1,300.00 from Southern N. H. Services Employment and Training Program for the CETA Program, Title VI. R. Bailey seconded. Motion adopted by voice vote.

ARTICLE 27 To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in R.S.A. 31:95-6.

N. James Morse moved that the Town authorize the Selectmen to apply for, accept and expend money from the State, Federal or

another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in R.S.A. 31:95-6. Charles Johnson seconded. Motion adopted by unanimous voice vote.

ARTICLE 28 To see if the Town will vote to authorize the Selectmen to convey property acquired by the Town by Tax Collector's deed, by public auction or by advertised sealed bid or in such other manner as determined by the Selectmen as justice may require.

Jean Johnson moved that the Town authorize the Selectmen to convey property acquired by the Town by Tax Collector's deed, by public auction or by advertised sealed bid or in such other manner as determined by the Selectmen as justice may require. True Chesley seconded. Mr. Chesley explained that this is to get property not going back to the original owners, back into becoming taxable property again. Mr. Behm asked when this sale would be and the answer was next summer when more people would be around. Motion prevailed by unanimous voice vote.

ARTICLE 29 To see if the Town will authorize the Selectmen to dispose of the land and buildings thereon formerly of David and Beulah Gagne, acquired by Tax Collector's Deed, to the present occupant, David Gagne for the sum of \$1,397.59.

Herbert Sherman moved the Town authorize the Selectmen to dispose of the land and buildings thereon formerly of David and Beulah Gagne, acquired by Tax Collector's deed, to the present occupant, David Gagne for the sum of \$1,397.59. C. Ahlgren seconded. Marilyn Metcalf wondered if Town could add a penalty fee. Motion adopted by unanimous voice vote.

ARTICLE 30 To see if the Town will vote to raise and appropriate the sum of \$1,464.72 to support the Strafford Regional Planning Commission. (Not recommended by the Budget Committee)

Charles Frary moved that the Town raise and appropriate \$1,464.72 to support the Strafford Regional Planning Commission. Charles Johnson seconded. Mr. Frary says their help is needed as you can read in the Town Report and that also the Conservation Commission has found them to be of great help. The motion was defeated by show of hands. 31 yes, 66 no. A motion then followed to indefinitely postpone the article. Motion made by Mr. Behm and seconded by Mr. Morse. This motion adopted by voice vote.

ARTICLE 31 To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to establish a Capital Reserve Fund for the replacement or major repair of the equipment at the Northwood Recycling and Reclamation Area. (Not recommended by the Budget Committee)

Veronica Post moved to indefinitely postpone this article. Robert Herron seconded. Motion adopted by voice vote.

ARTICLE 32 To see if the Town will vote to establish a Capital Reserve Fund to be called Town Ambulance Capital Reserve Fund, for the purpose of accruing monies received from donations, billings and appropriations for the replacement of the present Town Ambulance.

Mr. Robert Herron moved to have the Town establish a Capital Reserve Fund to be called the Town Ambulance Capital Reserve Fund, for the purpose of accruing monies received from donations, billings and appropriations for the replacement of the present ambulance. Wayne Corson seconded. Donald Post amended the article to read that the budget committee be assigned as agents in emergency to release these funds. James Small seconds. Amendment adopted by voice vote. The main motion adopted by voice vote. (Unanimous)

ARTICLE 33 To see if the Town will vote to authorize the Selectmen to invoice all persons transported by the Town Ambulance, either directly or through their insurance providers, and to deposit all monies received in the Town Ambulance Capital Reserve Fund.

Robert Herron moved to authorize the Selectmen to invoice all persons transported by the Town Ambulance, either directly or through their insurance providers, and to deposit all monies received in the Town Ambulance Capital Reserve Fund. Alvah Hubner seconds. Motion adopted by voice vote.

ARTICLE 34 To see if the Town will vote to raise and appropriate the sum of \$3,397.00 to be placed in the Town Ambulance Capital Reserve Fund.

James Morse moved that the Town raise and appropriate the sum of \$3,397.00 to be placed in the Town Ambulance Capital Reserve Fund. Donald MacCord seconds. Motion adopted by voice vote.

ARTICLE 35 To see if the Town of Northwood will require that all cemetery lots sold in the Town of Northwood shall include perpetual care.

Adrian Smith moved that the Town require all cemetery lots sold in the Town of Northwood shall include perpetual care. Donald Post seconds. Mr. Wilson asked when the effective date would be and the answer would be from this time on. Motion adopted by voice vote.

ARTICLE 36 To see if the Town of Northwood shall set the fee for perpetual care of cemetery lots at \$300.00 for a full lot, \$150.00 for a half lot, and \$50.00 for a single grave lot.

Donald Post moved that the Town set the fee for perpetual care of cemetery lots at \$300.00 for a full lot, \$150.00 for a half lot, and \$50.00 for a single grave lot. True Chesley seconds. Motion adopted by voice vote.

ARTICLE 37 To see if the Town of Northwood will require that no burial shall be made in any cemetery lot in the Town unless said lot is placed in perpetual care.

Donald Post moved that the Town require that no burial shall be made in any cemetery lot in the Town unless said lot is placed in perpetual care. Mr. Behm says this is too restrictive. Gladys Emerson asks if this means she could not be buried in a lot she already owns, and if she were already paying someone to care for the lot, would that cover this rule? Answer: No. Mr. Frary suggested an amendment but since the original motion had not been seconded, Mr. Post restated his motion to read: To see if the Town will require no burial shall be made in any organized

cemetery in the Town unless the lot is placed in perpetual care. This provision excludes small cemeteries within the bounds of private property. Bruce Farr seconds. Mr. Burt asks if his ancestor waiting burial in Fairview Cemetery would have to have perpetual care paid on the lot before burial? Answer: Yes. Motion adopted by show of hands. 52 yes, 18 no.

ARTICLE 38 To see if the Town of Northwood will vote to allow the Board of Selectmen to dispose of all but four of the wooden Town Hall benches to the highest bidders from professional antique dealers and others, by sealed bid, proceeds of which are to be used to purchase additional folding chairs for the Town Hall.

Helen Fogg moved that the Town allow the Board of Selectmen to dispose of all but four of the wooden Town Hall benches to the highest bidders from professional antique dealers and others, by sealed bid, proceeds of which are to be used to purchase additional folding chairs for the Town Hall. Mrs. Bonnie Hibbard seconded. Jean Johnson warns local people of their poor condition. Motion adopted by unanimous vote.

ARTICLE 39 To see if the Town will vote to authorize the treasurer, with the approval of the Board of Selectmen, to appoint a deputy treasurer.

Charles Frary moved that the Town authorize the treasurer, with the approval of the Board of Selectmen, appoint a deputy treasurer. Jean Lane seconds. Mrs. Thomson asked if this was a paid position? Answer: Only paid by the treasurer out of her salary. Motion adopted by voice vote.

ARTICLE 40 To see if the Town will vote to authorize the tax collector, with the approval of the Board of Selectmen, to appoint a deputy tax collector.

Jean Lane moved to authorize the tax collector, with the approval of the Board of Selectmen, to appoint a deputy tax collector. Charles Bailey seconds. Motion adopted by voice vote.

ARTICLE 41 To see if the Town will vote to approve an official Town Map, as approved by the Northwood Planning Board.

Mrs. Helen Fogg moved that the Town approve an official Town Map as approved by the Planning Board. W. E. Bryant, Jr. seconds. Mr. Crandall says this map is done and ready to go to Exeter. In response to many errors that some pointed out, Mrs. Fogg accepted an amendment to her original motion that 60 days be allowed to accept corrections to the map. Motion adopted by unanimous vote.

ARTICLE 42 To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in spending by the state or any city, town, or other governmental unit of the state to five percent. (By Petition)

Mr. Robert Herron moved to indefinitely postpone this article. Jean Lane seconds. Motion prevailed by show of hands 53 yes, 36 no.

ARTICLE 43 To see if the Town will vote to discontinue a portion of Mountain Road, so-called, a Class VI highway, in the said Town of Northwood. The portion of said Mountain Road that is to be discontinued has as its easterly termini a point which is the intersection of the northerly side of said Mountain Road and a stonewall which represents the southeast corner of the Caswell lot, so-called (now owned by M. Edward Burtt). The westerly termini of said proposed discontinued road is a point at the intersection of the southerly side of said Mountain Road and a stonewall which is the northwest corner of the Brown Lot, so-called (now owned by Robert Low). The requested roadway to be discontinued is all that between the above stated easterly and westerly termini. (By Petition)

Joann Bailey moved that this article be indefinitely postponed. J. Lane seconds. Mr. Edward Burtt, not a resident but a taxpayer and the initiator of the article, asked if he could speak to explain his reasons for wanting this road closed: Stop theft of his stonewalls and would help him keep it rural, otherwise he may have to sell to an interested buyer who plans to put in cheap housing. Mr. Behm says people have had right to pass over this road since 1790. Mr. Chesley says the landowners on the other side of the road are not in favor of closing the road. Motion to postpone carried by unanimous voice vote.

ARTICLE 44 To transact any other business that legally may come before said meeting.

Mr. Charles Johnson moved that beginning with the calendar year 1982 each Selectmen's compensation for service be established so as not to exceed \$2,600.00 per year with an additional \$500.00 per year for chairman. This to be paid on a bi-weekly basis. Clarence Ahlgren seconds. Mr. Douglas Briggs believes this would start the Selectmen on the road to full-time office, making it impossible for anyone to run for the office. Mr. Charles Johnson says the work has to be done and if you don't want the Selectmen to do it, then you must pay for a town manager. Motion defeated by voice vote.

Mr. William Johnson moves that the Town commend the Moderator and the Town Clerk for a job well done here today. Vincent Bane moves that if Mrs. Sherman continues as tax collector she be paid only \$1,050.00, or reimburse the Town the \$1,950.00 she was overpaid last year. Mr. D. Briggs seconded. Motion adopted by voice vote. Mrs. Helen Sherman said she only got \$1,500.00 and \$1,900.00 last year. Mr. Bane asked Mrs. Knox, Selectmen's secretary, if the \$4,900.00 figure paid to Mrs. Sherman in the Town records was correct. She said it was but then added the explanation that few were aware that the tax collector's salary is usually paid on the previous year's tax warrant. She was quite sure the \$3,000.00 paid Mrs. Sherman was for the 1979 salary. Mr. Bane said if she didn't get the \$4,900.00, he wasn't trying to make her pay for it. He was just trying to find out if she was paid. Charles Bailey says he would hope the Selectmen correct the situation.

James Small moves we adjourn. Gordon Smart seconded the motion. Meeting adjourned at 6:45 P.M. with everyone thankful that for the first time in several years we were able to accomplish the Town's business in one day, long and tiring though it was.

The State of New Hampshire

The Polls will be open from 10:00 A.M. to 7:00 P.M.

To the Inhabitants of the Town of Northwood in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Northwood on Tuesday, the ninth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will vote to adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax.
3. To see if the Town will vote to adopt an ordinance relative to a prohibition of camping.
4. To see if the Town will vote to adopt an ordinance concerning damages to Town Roads.
5. To see if the Town will vote to adopt an ordinance concerning loud, unusual or other unnecessary noise.
6. To see if the Town will vote to adopt an ordinance concerning the discharge of firearms within 300 feet of an occupied building in the Town of Northwood.

Given under our hands and seal, this 16th day of February, in the year of our Lord nineteen hundred and eighty-two.

TRUE W. CHESLEY Selectmen
WALTER M. CRANDALL, JR. of
ROBERT E. BAILEY Northwood, N.H.

A True Copy of Warrant - Attest:

TRUE W. CHESLEY
WALTER M. CRANDALL, JR.
ROBERT E. BAILEY

Notice: Absentee Ballots will be opened at 3 P.M.

Robert A. Johnson, Moderator

TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Northwood in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Coe-Brown Northwood Academy in said Northwood on Saturday the 13th day of March next at nine of the clock in the forenoon to act upon the following subjects:

1. To raise such sums of money as may be necessary to defray Town Charges for the ensuring year and make appropriations of the same. (\$166,490.79)

2. To see if the Town will vote to establish the Northwood Rescue Squad as a dempartment of the Town.

3. To see if the Town will vote to fix the compensation of the Tax Collector at \$3,600.00 per year, payable monthly, as a salary for the collection of property, bank and yield taxes, interest and penalties.

4. To see if the Town will vote to place the Town Clerk on an annual salary of \$3,000.00, payable monthly, instead of the current fee compensation system for auto and boat registrations, dog licenses, monthly recording fee, and hourly election and town meeting salary.

5. To see if the Town will vote to appropriate \$32,368.17 and authorize the withdrawal of \$32,368.17 from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, for the following purposes, or take any other action it deems necessary:

| | | |
|-------------------|---|-------------|
| Cemetery Trustees | - ground preparation for road construction at Pine Grove Cemetery | \$ 2,500.00 |
| Records Committee | - Microfilming approximately five years of records and the tax map. (State Law) | 1,512.00 |
| Police Department | - Communications Equipment | 4,800.00 |
| Libraries | - Cataloging of collection at Chesley Library | 1,500.00 |
| Town Hall | - Construction of a cement block addition for record storage | 10,000.00 |
| Rescue Squad | - Training Equipment | 3,500.00 |
| Town Hall | - Insulating of hall ceiling | 1,052.00 |

| | | |
|-------------------|--|-----------------|
| Fire Department - | Insulating and siding of Ridge Fire Station | \$ 5,750.00 |
| Fire Department - | Equipment | <u>1,754.17</u> |
| | | \$32,368.17 |

6. To see if the Town will vote to raise and appropriate the sum of \$16,100.00 as its share of the capital cost, with interest, for the construction of an incinerator and energy recovery facility as set forth under the Agreement for Formation of the Lamprey Regional Solid Waste Cooperative, and to allow the Selectmen to accept Federal or State, and other grants that may be available to the Town in providing its share in the project.

7. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes and vote to raise and appropriate the sum of \$10,000.00 for interest on same.

8. To see if the Town will vote to raise and appropriate the sum of \$10,908.00 for the Northwood Public Libraries.

9. To see if the Town will vote to raise and appropriate the sum of \$5,500.00 for the expenses of the Northwood Fire Fighters.

10. To see if the Town will vote to raise and appropriate the sum of \$11,765.00 for Parks and Playgrounds.

11. To see if the Town will vote to authorize the hiring of a full-time lifeguard for the Northwood Lake Public Beach. (By Petition)

12. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 for the salary of a full-time lifeguard for the Northwood Lake Public Beach. (By Petition) (Not Recommended by the Budget Committee)

13. To see if the Town will vote to raise and appropriate the sum of \$475.00 for the care of cemeteries.

14. To see if the Town will vote to raise and appropriate the sum of \$77,115.00 for Town Highways. (Summer - \$40,700.00, Winter - \$32,000.00, General Expense of Highway Department - \$4,415.00)

15. To see if the Town will vote to remove the street lights from poles numbered as follows: (22 lights)

East Northwood

- | | |

16. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 for street lighting.

17. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the Northwood Rescue Squad.

18. To see if the Town will vote to raise and appropriate the sum of \$4,090.00 for the Northwood Town Ambulance expenses.

19. To see if the Town will vote to raise and appropriate the sum of \$5,110.05 for the purpose of Town Road Aid, the State's share to be \$4,443.52 and the Town's share to be \$666.53.

20. To see if the Town will vote to raise and appropriate the sum of \$6,573.00 for the Town's per capita share of the Rural District Health Council, Inc.

21. To see if the Town will vote to transfer \$2,000.00 from the revenue of the Municipal Court to the Highway Safety Equipment Capital Reserve Fund.

22. To see if the Town will vote to raise and appropriate the sum of \$39,500.00 for new construction. The \$39,500.00 is comprised of \$24,139.88 of Town money, \$7,348.05 Highway Subsidy,

and \$8,022.07 Special Highway Subsidy Funds.

New Construction Breakdown:

| | |
|--------------------------------------|--------------------|
| Lower Deerfield Road to Bigelow Road | \$8,000.00 |
| Old Pittsfield Road to Dimes Drive | 6,800.00 |
| Mountain Road (brush | 8,000.00 |
| Pender Hill Road (ditch, shim | 7,700.00 |
| Blake's Hill Road (resurface | 9,000.00 |
| | <u>\$39,500.00</u> |

23. To see if the Town will vote to raise and appropriate the sum of \$10,294.00 for the operation and maintenance of the Northwood Recycling and Reclamation Area (dump).

24. To see if the Town will vote to raise and appropriate the sum of \$3,630.00 for Planning Board expenses.

25. To see if the Town will vote to raise and appropriate the sum of \$225.00 for Board of Adjustment expenses.

26. To see if the Town will vote to raise and appropriate the sum of \$458.00 for Conservation Commission expenses.

27. To see if the Town will vote to raise and appropriate the sum of \$750.00 for the Newmarket Regional Health Center.

28. To see if the Town will vote to raise and appropriate the sum of \$3,397.00 to be placed in the Town Ambulance Capital Reserve Fund

29. To see if the Town will vote to raise and appropriate the sum of \$750.00 for the fee compensation and expenses of the Building Inspector.

30. To see if the Town will vote to raise and appropriate the sum of \$1,464.72 to support the Strafford Regional Planning Commission. (Not Recommended by the Budget Committee)

31. To see if the Town will vote to raise and appropriate the sum of \$50.00 for the Merrimack Day Care Center. (Not Recommended by the Budget Committee)

32. To see if the Town will vote to raise and appropriate the sum of \$238.00 in support of the Rockingham Child and Family Service. (Not Recommended by the Budget Committee)

33. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the support of the Seacoast Regional Counseling Center. (Not Recommended by the Budget Committee)

34. To see if the Town will vote to raise and appropriate the sum of \$2,410.00 for spraying and care of the Berry Elm. (Not Recommended by the Budget Committee)

35. To see if the Town will vote to raise and appropriate the sum of \$1.00 for Gypsy Moth Suppression. (Not Recommended by the Budget Committee)

36. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be added to the Highway Equipment Capital Reserve Fund. (Not Recommended by the Budget Committee)

37. To see if the Town of Northwood will approve a resolution to the New Hampshire Housing Finance Authority regarding the construction of low income family and elderly housing units, as follows:

Be it resolved by the Town of Northwood that the New Hampshire Housing Finance Authority be and is authorized to operate in the Town of Northwood, State of New Hampshire, that said New Hampshire Housing Authority is authorized to sponsor a project for low income and elderly persons under Section 8 of the U. S. Housing Act of 1937 as amended, for the following accommodations: newly constructed housing, ten (10) 2-bedroom low income family units, five (5) 1-bedroom elderly units.

The project, as proposed, shall be subject to the granting of required Federal, State and Town approvals for the development.

38. To see if the Town will vote to place the fees charged for the use of the lagoon at the Northwood Reclamation Area in a Capital Reserve Fund. The monies from said fund to be used for lagoon maintenance, repairs and future replacement of present lagoons.

39. To see if the Town of Northwood will vote to express approval of a Broad Base Tax, and to present the results to our State Representative and State Senator. (By Petition which states vote shall be by "yes" and "no" ballot.)

40. To see if the Town will authorize the Selectmen to dispose of the land and buildings thereon, formerly of Philip M. Carr, Jr. and Joyce M. Carr, acquired by Tax Collector's Deed, to the said Philip M. Carr, Jr. and Joyce M. Carr, for the sum of \$2,281.08.

41. To see if the Town will authorize the Selectmen to dispose of the land and buildings thereon, formerly of Michael E. Ames, acquired by Tax Collector's Deed, to the present occupant, Michael E. Ames, for the sum of \$1,171.87.

42. To see if the Town will authorize the Selectmen to dispose of the land and buildings thereon, formerly of Leon E. Jock, acquired by Tax Collector's Deed, to the present occupant, Leon E. Jock, for the sum of \$1,733.35.

43. To see if the Town will authorize the Selectmen to dispose of the land and buildings thereon, formerly of M. Jessica Loy, acquired by Tax Collector's Deed, to the present occupant, M. Jessica Loy, for the sum of \$1,570.30.

44. To see if the Town will vote to prohibit any member of an elected or appointed committee of the Town from becoming a paid employee of that Committee and the Town of Northwood. This prohibition shall not apply to a Town employee who by virtue of his knowledge of his particular employment is asked to serve on a committee as a consultant.

45. To see if the Town will vote to authorize the Selectmen to convey property acquired by the Town by Tax Collector's Deed, by public auction or by advertised sealed bid, or in such other manner as determined by the Selectmen as justice may require.

46. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-6.

47. To see if the Town will vote to authorize the Selectmen to execute Quit-Claim Deeds, and by so doing to ratify and confirm various deeds executed by previous Selectmen, which cite as their authority a vote of the March 14, 1933 Town Meeting and Which convey various tracts of land and buildings acquired by the Town by Tax Collector's Deeds.

48. To see if the Town will vote to authorize the Selectmen to convey property acquired by the Town by Tax Collector's Deed, by public auction or by advertised sealed bid or in such other manner as determined by the Selectmen as justice may require and further, to approve, confirm and ratify the acts of the Selectmen of the Town of Northwood conveying various properties bought by the Town at tax sales and which deeds recite that the authority for those conveyances is a 1933 vote of the Town of Northwood and particularly to approve, confirm and ratify the acts of the Selectmen in issuing a deed from the Town of Northwood to Joseph C. Rogers and Madelienne M. Rogers dated November 28, 1964 conveying Lot #327, Harvey Lake Estates, recorded on January 15, 1965 at Volume 1750, Page 229, Rockingham County Registry of Deeds which recites the authority of said March 14, 1933 Town Meeting vote.

49. To see if the Town will vote to authorize the Selectmen to execute a quitclaim deed on behalf of the Town of Northwood, to Elizabeth M. Aldrich, conveying whatever interest the Town of Northwood has in three lots of land shown as Lots #304, #306, and #308 of Harvey Lake Estates, as shown on a plan recorded in the Rockingham County Registry of Deeds as Microfilm Plan #01709, which quitclaim deed will also serve to ratify and confirm two deeds from the Town of Northwood by its Selectmen, or any of them, to Raymond H. Wilson and Mary E. Wilson, conveying said lots, which deeds are dated July 16, 1959, and are recorded in the Rockingham County Registry of Deeds at Book 1546, Page 385 (Lot #304), and Book 1546, Page 474 (Lots #306 and #308).

50. To transact any other business that legally may come before said meeting.

Given under our hands and seal this 16th day of February in the year of our Lord nineteen hundred and eighty-two.

Charles B. Johnson

Auditors

February 18, 1982

REPORT OF CEMETERY TRUSTEES

For the year ending December 31, 1981

REPORT OF SALE OF LOTS IN TOWN CEMETERY, PINE GROVE:

| | | |
|--------------|---------------------------------------|---------|
| 1/2 Lot 148E | Julia Slade | \$85.00 |
| Lots 270-271 | Dorothy Milligan | \$70.00 |
| Lot 267 | Frederick & Barbarann Anniskiwickz | \$35.00 |

WORK ACCOMPLISHED

Considerable grading of the right side and rear of the cemetery was accomplished this year. The road money was used to grade and prepare the road bed. It became apparent that much work needs to be done before the rear of the cemetery will be in a proper condition for use.

The trustees plan to accomplish this work over an extended period of time, bringing the land up to proper standard as it is needed.

We wish to thank those who worked to make our cemeteries look nice, gave funds for their care, or merely gave words of support and appreciation for our efforts.

Respectfully submitted,

Lawrence Elliott, Chairman
Donald E. Post
Herbert A. Sherman

NORTHWOOD CONSERVATION COMMISSION 1981 REPORT

In observation of Arbor Day on April 25th, a lilac tree donated by the Harvey Lake Woman's Club was planted at the Town Parade and instruction was given on pruning shrubs. The previous years' plantings at the elementary school were checked and plans were made for transplanting. Also, a scholarship was established to send a high school student from Northwood to the N. H. Youth Conservation Camp at Interlocken for a week every summer.

The Commission sponsored the second Mountain Day Program in October. The program has been so successful, about 90 people attended, that the Commission voted to observe Mountain Day annually.

To secure representation on the Planning Board, the Commission has assigned a member to attend each meeting of the Planning Board.

The Commission donated money to the Playground Committee for grass seed to be planted at the playground of the elementary school.

Other activities of the Commission this year included checking dredge and fill forms for possible violations; discussion of possible uses of town-owned property; discussion of a local program to save the loons; exploration of acid rain damage in New Hampshire; further investigation of the algae problem in Northwood Lake; attendance at a meeting on spraying of gypsy moths; and discussion on saving the Berry elm.

NORTHWOOD FIRE DEPARTMENT REPORT

The year 1981 was a busy year for the Fire Department with the total number of emergency responses increasing over previous years. The Fire Department responded to 170 emergency calls which do not include the 153 medical calls that the ambulance responded on.

BREAKDOWN OF CALLS

| | <u>1981</u> | <u>1980</u> | <u>1979</u> |
|-------------------------|-------------|-------------|-------------|
| Structural | 21 | 12 | 16 |
| Chimney | 19 | 21 | 15 |
| Motor Vehicle | 4 | 7 | 3 |
| Motor Vehicle Accidents | 28 | 23 | 20 |
| Mutual Aid | 44 | 43 | 39 |
| Smoke Investigation | 9 | 7 | 2 |
| Brush or Grass | 17 | 13 | 27 |
| Dump | 2 | 9 | 8 |
| Wires Down | 5 | 4 | 6 |
| Rescue | 8 | 1 | 7 |
| Assist Public | 7 | 7 | 12 |
| Miscellaneous | <u>6</u> | <u>18</u> | <u>2</u> |
| TOTAL | 170 | 165 | 157 |

During 1981, fire prevention has been stressed under the leadership of Deputy Chief Colby. The Department has worked closely with the school board on the Brookside School and continues to work with them on upgrading the alarm system at the Ridge School. All properties in Northwood can be tied directly to the Fire Department Dispatch Center for a minimal charge.

The Department has continued to emphasize training under the leadership of Deputy Chief Clark. During 1981, two additional firefighters have obtained State Certification for a total of four and one firefighter is now certified as a State Instructor. The training program has utilized in-house training and has sent firefighters to outside schools and seminars. An aggressive training program is required if the Department is to provide the level of protection that the Town deserves.

The Department has been able to maintain 1982's operating budget at the same level as 1981's due in part to energy saving measures. The Department is requesting \$5,750 to complete the insulation of the Ridge Station and to side the station which should further reduce energy consumption.

During 1981, the Department accepted delivery of a 1,000 gpm fire engine which is housed in the Narrows. The engine will provide additional protection and is expected to serve the Town well.

The Department has initiated a review of the Town fire protection with the Insurance Service Office in an effort to improve

the insurance ratings. The efforts of the Department to improve the water supply capability during the past five years, which included joining the Mutual Aid Compact, new equipment and training, should result in an improved rating.

The most rewarding experience during 1981 was the successful search efforts for Christopher Vincent who wandered from his home on Blakes Hill Road. The search was a testimony to mankind as volunteers came to search from as far as Manchester and Salisbury. At the height of the search, over 300 people were involved.

The fact that the search was controlled and organized and that no one was hurt during the search, reflects on the quality officers and organization of your Department. The cooperation and efforts of all too numerous to mention, reflects on the character of the Town of Northwood.

The Fire Department is particularly proud of the cooperation that has been received from the Police Department and Road Agent but most importantly citizens of Northwood.

I would like to express my sincere appreciation to the officers and firefighters for the dedication in serving the Town. I especially commend the wives and families of the firefighters for their sacrifices during 1981 and thank the Town for their continued support.

Sincerely,

Donald E. Bassett
Chief of the Department

NORTHWOOD BOARD OF LIBRARY TRUSTEES

ANNUAL REPORT 1981

The Bryant-Chesley Libraries continue to be an important activity in the lives of many people in the town of Northwood. Circulation of materials totaled 20,720 items. Through purchase from town appropriated monies, income from trust funds, book sales and donations, 752 books were added to the collections.

Tangible recognition for 45 years of service as trustee to the libraries by the late Dr. Alfred Mihachik was made possible by memorial donations from friends and other sources. A 12 drawer card catalog cabinet was purchased for the Chesley Library. Two sugar maple trees, to be known as the Mihachik Maples, were planted in front of the Bryant Library. A dedication was held June 14, 1981, with the doctor's widow, Ruth, the Librarian and the trustees present.

The two libraries are now open 20 hours a week, with the additional hours being on Sunday and Saturday. The Bryant Library at Northwood Narrows is open Fridays 1-5 and Sundays 2-4; the Chesley Library on U.S. Route 4 is open Wednesday 12:30-4:30, 6-9 and Saturdays 10-12, 1-6.

The Librarian continued monthly film programs for children at both libraries with an average attendance of 18. The craft program on Friday afternoons at the Bryant Library has the participation of numerous school children. The Little Red Wagon, a live theater/puppet program from the University of New Hampshire, again came to Northwood performing for more than 90 individuals on the lawn at the Bryant Library one morning in July.

Through the cooperation of the New Hampshire Library Association, the New Hampshire Council for the Arts and Humanities and the University of New Hampshire, the program "The New Hampshire Writer Looks at the Small Town" was given to a capacity audience at the Town Hall on May seventh. An active discussion, led by Dr. Charles Clark of the UNH History Department, was held after the showing of the film. Financial assistance from the Harvey Lake Woman's Club and the Northwood Historical Society aided in the publicity for the program.

Children from the Centre School and kindergarten classes made visits to the libraries during National Library Week in April and Children's Book Week in November. The Librarian, Gladys Gardner, created a booklet of the history of the Brookside School and copies were given to each child when classes from the school visited the Bryant Library.

The Librarian prepared special programs for the Northwood Day Extension Group and the Harvey Lake Woman's Club. She also presented a film and story hour to more than 50 children who accompanied their parents to a special Parent Teacher Association function at the Northwood Elementary School.

Meetings of the District Area Councils, displays of children's books and the fall meeting of the New Hampshire Library Association were attended by the Librarian as well as participating with two trustees at the spring conference of the New Hampshire Library Council.

Evaluation, up-dating, and cataloging of materials at the Chesley Library continues with the assistance of the Consultant from the State Library. The Librarian and Jean G. Johnson have volunteered more than 150 hours to this project. Material of any value that has been withdrawn from the collection has been distributed to other libraries, appropriate organizations, sold at the Lion Club Flea Market or purchased by book dealers.

Physical improvements to the Bryant Library this year were the insulation of the hot air ducts, a custom built magazine/bookcase and the installation of iron railings at the entry way. The exterior of the Chesley Library was painted, the ceiling insulated and the carpet laid. Volunteer assistance in moving books and furniture and necessary carpentry on the swinging doors (all totaling 35 hours) enabled the Board to keep expenses within the budget allotment. A lamp for the memorial card catalog was purchased and two file cabinets for records and informational material have been added to the Chesley equipment.

Numerous residents researched material at the two libraries during the newspaper contest "Know Your State". Additional historical material has been made available, as well as preserving the originals, when Media Service of the University of New Hampshire made negatives and prints of a library picture collection of old Northwood buildings and residences. This was done at no cost to the Bryant-Chesley Libraries. Individuals can obtain prints by contacting the Librarian or Media Service at UNH.

Exhibits and displays at the libraries continue with special note of the "totem pole" made by Cub Scout Troop #312 and the Christmas decorations on the trees outside the Chesley Library which were done by the Northwood East End Cherokees 4-H Club.

The Board of Trustees and the Librarian wish to thank those individuals, groups and the anonymous donors who have given books, paperbacks, magazines, craft materials, money or labor to the Bryant-Chesley Libraries of Northwood: Thelma Eatough, Dareece Tremblay, Jean & Charles Johnson, Enid Fernald, Elaine Stanley, Edward Ouimette, Avis Small, Louise Wiley, Pauline Hammond, Carl Gustafson, Pat LaFranc, Fern Leather, the American Legion Auxiliary, Harvey Lake Woman's Club, Mark Seaver, Sarah Shaw, Richard Linnell, the Longuiel family, Irene Scribner, Jean and Al Pettengill, Steve Whitaker, Jeffrey Dowst, Mr. & Mrs.

Charles Colpritt, Helen Johnson, Jim & Betsy Colburn, Fran Johnson, Thelma Shaw, Jerry Gammon, Phyllis & Al Thomson, Al Villamil, Steve Marini and Charlie Gardner.

Respectfully submitted,

Theresa M. Herron, Chairman
Peter Stimmell
Jean G. Johnson, Secretary

REPORT OF THE NORTHWOOD PLANNING BOARD

At the 1981 Town Meeting, the Town of Northwood voted in favor of adopting regulations for multiple family dwellings, Site Plan Review and signs, and repealed the 10% set aside required for all subdivisions of over 20 acres. An amendment to increase the widths of right-of-ways was not passed by the voters. In addition, the town lost funding to Strafford Regional Planning Commission and its CETA Planner.

The Planning Board held six subdivision hearings during 1981. Two public hearings were also held; one was the second public hearing for the Proposed Zoning Ordinances prior to the 1981 Town Meeting and one was for revisions to the Subdivision Regulations.

The Town Map was approved by the Planning Board with revisions and reprinted during the year. The Planning Board received input from the Fire Department on street names in question.

The Planning Board approved one Site Plan Review for an addition to an existing commercial building and in 1982 will set up new guidelines for publication into the Subdivision Regulations.

The passage of SB 235 necessitated revisions to the subdivision regulations, which dealt primarily with procedures on hearings, time guidelines, subdivision plan submission requirements, fees, recordkeeping and preliminary review of subdivision plans. The items were approved and recorded with the Town Clerk and Rockingham County Registry of Deeds.

The Subdivision Regulations will be reprinted in 1982 to reflect these revisions and additions. Site Plan and an expedited review procedure will be forthcoming in early 1982 to be included in the new regulations.

The Planning Board accepted with deep regret the resignation of Gardner W. Mills who provided the Planning Board with many years of expertise in the field of planning.

Respectfully submitted,

William G. DeTrude
Chairman

THE NORTHWOOD RESCUE SQUAD, INC.

FINANCIAL REPORT

This statement represents a summarization of the cash-flow of the Northwood Rescue Squad, Inc., which is a volunteer supported non-profit organization, providing a 24-hour emergency medical service and operating an ambulance owned and supported by the Town of Northwood, N. H., and is for the period commencing January 1, 1981 and terminating December 31, 1981.

REPORT OF THE NORTHWOOD ROADS COMMITTEE

The following is a summary of the work that was accomplished on Town roads in 1981:

1. Reconstruct gravel section of Gulf Road.
2. Resurface Gulf Road.
3. Surface Jenness Pond Road.
4. Raked all graveled roads.
5. Surfaced Old Canterbury Road from West Street up to graveled section.
6. Graveled Town roads that needed it.
7. Brush cut on side of roads.
8. One-half of Blake's Hill Road surfaced.

The Committee recommends that the following road improvements be scheduled for 1982, 1983 and 1984:

1982

1. Surface Mountain Road.
2. Surface the other one-half of Blake's Hill Road.
3. Finish the construction on Old Pittsfield Road to Dime's driveway.
4. Reconstruct Pender Hill Road.
5. Reconstruct the rest of Lower Deerfield Road as far as Bigalow Road.
6. If monies available, resurface Old Canterbury Road from Main Street to the entrance of the cemetery.

1983

1. Reconstruct Tasker Hill Road from where surface stops to the Strafford line.
2. Reconstruct Priest Road.

1984

1. Prepare and tar Harvey Lake Estates.
2. Shim and resurface Range Road and Cross Street on tarred area.

Respectfully submitted,

Ron St. Cyr, Chairperson
Stephanie Buzzell, Secretary
J. Perry Richardson, Road Agent
John Lane
Doug Briggs

LAMPREY REGIONAL SOLID WASTE COOPERATIVE

The Directors of the Lamprey Regional Solid Waste Cooperative are pleased to report that the incinerator recovery plant is in operation and producing steam for the University of New Hampshire on a regular 24-hour, 7-day a week schedule. Since reporting to you at the time of your 1981 town meetings, your Directors are able to record substantial accomplishments in the completion of the plant's construction and in placing it in operation in accordance with our long range plans.

The supervision of all operations, including personnel, as well as the preparation of budgets, and overall management, is under the direct control of the Cooperative's Administrator, with the three-member Operations Committee from the Joint Board of Directors exercising general supervisory control. The plant personnel, in addition to the Administrator, includes two mechanics, a truck driver, two daily shifts of 12 hours each involving 8 persons, plus a daily cleanup crew. This organization operates the incinerator system, maintains records, and coordinates with the University's Power Plant staff to monitor the boiler and steam production elements of the plant. The Cooperative's organization also handles the collection of refuse from the transfer stations of five communities, and handles the ash removal and its transfer to the landfill site.

The waste delivery program for the towns in the Cooperative, including both community owned packers and commercial haulers, has been organized for efficient and continuous delivery of waste with all units being weighed on the Cooperative's scales, with tonnage recorded for billing of the tipping fee to each community. To assist all the communities in the collection and delivery program, a series of instructual memorandums were prepared including a complete set of guidelines detailing processable and non-processable waste, i.e., that which can be handled at the plant and that which must be disposed of at the regular dump sites. This latter item, of course, includes brush, construction materials, and other non-organic material. Further, a punch card system enables each community to assign deliveries to either their own vehicles or contract haulers. Guidelines were also developed and issued to all hauling units with instructions for delivery, dumping, and emergency procedures. We have made arrangements with a commercial landfill operator to handle our waste in the event of a major shut-down of all units at the plant.

The Directors, on December 10, 1981, held a public hearing on the Cooperative's proposed budget, which has now been adopted and the appropriate share of each member community for inclusion in their individual budgets.

Two additional programs have been initiated during the past year. These programs, which were noted in the 1980 report, include a CEIP grant of \$18,000, being administered by the State's Department of Energy, and which has now been approved for a study of potential alternate uses of energy from steam, particularly

during the summer months when the University's steam demand is much reduced. Another program which is just developing is the possible selection of the Lamprey Cooperative to store and dispose through incineration the oil spill debris which may result from oil spill contamination on our coast, or even our inland waterways.

The Directors were also pleased, this last year, to have the City of Somersworth join the Cooperative as a full member, bringing the additional waste generated by that community, which was needed to round out our potential capacity for incinerating waste and producing steam.

We are still working with all of the communities and the University in eliminating glass from the waste stream because of the net savings that will result by eliminating hauling it to the plant and processing it through the system.

The Directors of the Cooperative wish to express their deep appreciation for the assistance given their efforts by the University's staff as well as the officers and personnel of the cooperating communities. Every effort will be continued to keep the residents of the region informed of the progress of the collection, processing, and disposal of the waste which is being handled at the plant.

Joint Board of Directors
Lamprey Regional Solid Waste
Cooperative

Malcolm J. Chase, P.E.
Project Coordinator

REPORT OF THE
NEWMARKET REGIONAL HEALTH CENTER

In 1981, the Newmarket Regional Health Center celebrated its 10th anniversary and opened a new medical facility, the Lamprey River Clinic, in Raymond, New Hampshire. At both facilities, a medical program is operated, providing general medical care, preventive health services and an extensive community outreach program, which includes preventive screening clinics, health education and social services. In 1981, the health center initiated a mental health linkage program. Ann Bliss, a counselor, was hired to provide mental health services which consist of initial intake and assessment, short-term counseling linkage and referral to area mental health agencies.

Medical services are provided by Sarah Oxnard, M.D., Michael Lewis, R.P.A., and Barbara Janeway, M.S.N., A.R.N.P. In July, Peter Friedensohn, M.D. joined the staff. Dr. Friedensohn is a graduate of Dartmouth Medical School. The medical team includes registered nurses, medical assistants and community health workers. For more information or to make a medical appointment, call 659-3106 in Newmarket, 895-5531 in Raymond, or toll-free in Newmarket at 1-800-582-7279.

The Community Health Workers coordinate a school health program and preventive screening clinics to detect potential health hazards. They hold informative workshops and act as liaison between the medical providers and the patient.

The Newmarket Regional Health Center also operates a Senior Citizen Transportation Program. In 1981, two new 18-passenger busses (with hydraulic lifts) were purchased, increasing our fleet to three vehicles equipped to provide services to individuals confined to a wheelchair. The transportation service enables seniors to remain independent, self-sufficient and active by providing rides to needed services, including medical, shopping and recreational trips. For more information or to arrange a ride for a senior citizen, call 659-2424 or toll-free at 1-800-582-7279.

The Newmarket Regional Health Center wishes to express its deepest appreciation for the continuing support given by the town of Northwood.

Ann H. Peters
Executive Director

RURAL DISTRICT HEALTH COUNCIL, INC.

ANNUAL REPORT - 1981

As the federal government studies the cost of health care, there is increased interest in home care and preventive medicine as methods of reducing costs and improving health services. The Rural District Health Council continues to qualify as a certified home health agency, implementing procedures to continue to provide quality care.

The priority service is the care of the sick program which provides nursing care, home health aide, physical, occupation, and speech therapy services. This program has provided 4,677 visits to its' member towns from January 1981 to October 31, 1981.

The agency's staff also conducts elderly health screenings on Wednesday afternoon. Adults from the member towns are welcome to attend any of these screenings. The first Wednesday it is held in Farmington at the Town Hall, second Wednesday in Northwood at the Town Hall, the third in Barrington at the Catholic Community Center, the fourth Wednesday in Milton at the Milton Health Center. They all start at 1:00 p.m. and continue until all patients are seen. The screening includes blood pressure checks, diabetes-anemia screenings, nutrition counseling for special diets and weight control. This program has provided services to 627 patients, with 57 new patients enrolled and 23 referrals made.

The child health program is an active program with 738 children enrolled. From January 1981 - October 1981, 58 clinics have been conducted with 1,046 children receiving physicals. This program is offered to all children from any of the member towns and includes physical examinations, immunizations, and counseling for families with children 0-6 years.

A dental program is also held for children ages 3-6 years which includes cleaning and flouride treatments twice a year, with referrals to local dentists for follow-up care when needed. It is funded by the Division of Public Health, Bureau of Pre-School Dental Services. The program provided service to 391 children.

Home visits to mothers of newborns are provided when requested by patient from the hospital. This can be very helpful to the family in the process of adjusting to the newborn. Follow-up visits are also made to assure continuity of care. This program is funded in part by the U.S. Dept. of Health and Human Services, Bureau of Maternal & Child Health Grant and the Rural District Health Council. The agency coordinates services with the Supplemental Food and Nutrition Education Program for Women, Infants and Children (WIC) in conjunction with the Strafford County Pre-Natal Family Planning Program, Inc. Foods supplied are formula, dairy products, fruit juices and cereals.

The Rural District Health Council, with the cooperation of Frisbie Memorial Hospital, provides a discharge referral coordinator who assists the Social Service Dept., at the hospital and the patient's physician to continue care when needed from the hospital to the patient's home. The hospital funds this program in part with the Council. Two hundred eighty-one referrals have been made.

The Council employes dedicated staff who many times devote themselves above and beyond the call of duty reflecting the nurse who cares for people. Staff nurses include: Mary Timmons, R.N., Supervisor; Arlene Thorne, R.N., MCH Coordinator; Paula Davis, R.N., Elderly Screening Coordinator and MCH staff; Jean Germer, R.N., Discharge Coordinator. Staff nurses in care of the sick program are: Betty Coons, R.N.; Myrtle Walsh, R.N.; Alice Ziegra, R.N.; Dotty Demmons, R.N.; Sally Sublette, R.N.; and Joan Menez, LPN. Renee Wormell and Jean Simonton are fulfilling the duties as Home Health Aides, while Junellen Chase handles the office duties as Administrative Assistant.

The Agency receives funds from Grants, United Way, town appropriation, Medicare, Medicaid and private insurances. A bequest to the Council may be made either for unrestricted use in furthering the general purpose of the Rural District Health Council or for such special or restricted purposes as the donor may desire. Memorial gifts become a lasting honor to the memory of someone special such as a relative or friend. An acknowledgment is sent to the family without disclosing the amount of the gift. All gifts to the agency are deductible for estate and income tax purposes.

The Board of Directors has voted to hold the per capita at \$3.00 for the fiscal year 1982. The agency has seen an increase in revenue and will apply that to the town appropriation. With this added revenue the Finance Committee feels the Council can continue to provide the many needed services to its' member towns.

With the increasing aged population our special mission is to provide programs responsive to the community and to coordinate visiting nurses with other health and social service agencies.

During the past year the Council has made for your town 218 nursing visits, 47 home health aide visits and 148 therapy visits; there have been 39 child health home visits and 108 children have attended the child health program.

Anyone interested in additional information or needing services may contact the Rural District Health Council, PO Box 563, 6 South Main Street, Farmington, N. H. 03835 or telephone 755-2202 between the hours of 8:00 a.m. - 4:00 p.m., Monday - Friday.

Ardala Houle, R.N.
Executive Director

PETITION FOR AN ARTICLE IN THE TOWN WARRANT FOR 1982

TOWN OF NORTHWOOD, NEW HAMPSHIRE

We, the undersigned registered voters of the Town of Northwood, New Hampshire, hereby petition the Selectmen of the Town of Northwood to place the following Article in the Warrant for the 1982 Town Meeting:

"To see if the Town will vote to authorize the hiring of a full-time lifeguard for the Northwood Lake Public Beach."

Marjorie E. Boudreau

Truant Officer

Warren P. Hart

School Nurse

Carline Kallgren, R.N.

1981 SCHOOL DISTRICT MEETING REPORT
March 7, 1981

The annual School District Meeting was called to order at 1:15 in the afternoon, at the Northwood Elementary School by Moderator Robert Johnson. The warrant was read by Mr. Johnson.

ARTICLE 1 To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto. Mr. Tom Madson moved that this article be accepted as read. This was seconded by Donald Post. Article passed by voice vote.

ARTICLE 2 To choose agents and committees in relation to any subject embraced in this warrant. Mr. Madson stated that there are no committees, at this time, and that this article be indefinitely postponed, so moved. Seconded by Mrs. DeTrude. Motion was adopted by verbal vote.

ARTICLE 3 To see if the District wishes to establish a Study Committee composed of not more than seven (7) members to be appointed by the School Board and charged with the responsibility of a comprehensive study of school district needs with particular emphasis on space requirements, the entire curriculum grades K-12 and the per pupil operating costs and tuition rates of receiving high schools to which Northwood pupils are assigned. Said committee shall submit a written report to the 1982 School District Meeting. Mrs. Herron made this a motion and seconded by Mrs. Post. Mr. Walter Crandall asked for a show of hands, stating that when the Selectmen ask for volunteers there's no response. Mr. Madson made an amendment that a committee of seven (7) be changed to a committee of nine (9). This was seconded by Mrs. Herron. A vote was taken on the amendment only and was passed by a verbal vote. Mrs. Marion Knox made an amendment asking for a written report for the majority and minority opinions of these nine people, for the 1982 School District Meeting. Seconded by Clarence Ahlgren. This motion was passed by a verbal vote. Mr. Ahlgren made a motion, asked for the report to be prepared on or before January 1, 1982, in order for the district to study the report. Seconded by Mr. Smith. Mr. Madson stated that the report has to be available by January 1, 1982. This motion was passed by a verbal vote. Jean Johnson stated that paper and printing, etc. are expensive, but Mr. Madson stated that they have budgeted \$2,000.00 for the committee. A vote was taken on the adoption of the motion as amended. This was passed by a verbal vote. Mr. Madson asked to have volunteers raise their right hand. Nineteen (19) names were given.

ARTICLE 4 To see if the District wishes to vote an amendment to the Capital Reserve Fund which would allow funds to be withdrawn in accordance with the provisions of RSA 35, for Capital Improvements as well as all or part of the cost of new construction for the School District. (This vote constitutes a change of purpose for which the Capital Reserve Fund was originally established.) Donald Post moved that this article be accepted. Seconded by Mr.

Madson. Mrs. Knox asked to have this article include roofing of the school. Mr. Madson stated that he considers the roof as Maintenance, and that \$18,000.00 is in the budget for the roof. The only way money can be spent is at a School District Meeting by vote. Jim Morse asked if these funds could be used for the Brookside School? Gordon Smart stated that these funds should not be used for this, but for defraying expenses for a new addition (not for reducing taxes for repairs). Mr. Don Post spoke against changing this article. Mr. David Teel amended the article to read, "If any Capital improvements are to be made, it should be on Town owned property." Seconded by Janice White. After much discussion, an explanation of the overcrowdedness of the Elementary School, number of meals served, the overload of the sewer system, and many other problems and needs, Mr. Madson asked, "Where else can we go besides the Brookside School?" Mr. Conway explained our involvement with Special Education students and the desire to have them back here rather than transporting them to places such as the Strafford Learning Center. Moderator Johnson asked for a show of hands to the amendment of the main motion, by David Teel. YES 22 NO 101. Motion does not prevail. Mr. Johnson asked for a vote on the main motion, stating this requires a 2/3 vote. A show of hands was called for. YES 125 NO 26. Motion prevails.

ARTICLE 5 To see if the District will authorize the School Board to withdraw, after July 1, 1981, an amount not to exceed nine thousand nine hundred dollars (\$9,900.00) from the Capital Reserve Fund in accordance with the provisions of RSA 35 for the purpose of capital improvements to the Brookside School, as approved by the Trustees of said school. Motion was made by Bonnie Hibbard and seconded by Mike Bane. Vote was taken by a show of hands. YES 118 NO 26. This requires a 2/3 vote. Article was accepted.

ARTICLE 6 To see if the District will vote to raise and appropriate, in addition to the original appropriation for the 1980-81 fiscal year, a sum of eighteen thousand two hundred and forty seven dollars (\$18,247.00) to be made available to the School District prior to July 1, 1981, in order to meet unanticipated obligations caused by Special Education and energy conservation (deficit appropriation). Motion was made by Charles Johnson and seconded by Mrs. Herron. Mr. Madson amended this article to read \$26,762.00. This was seconded by Mr. Post. A verbal vote was taken accepting this adoption of the amendment. The motion as amended was voted on and adopted. A verbal YES.

ARTICLE 7 To see what sum of money the District will raise and appropriate for the support of the school, for the salaries of school district officials and agents, and for the payment of statutory obligations of this District. Mr. Post made a motion that \$917,764.00 be raised for the School Budget. Mr. Madson asked that Line Item #1100 be reduced \$3,050.00, to read \$914,714.00. This decrease is result of a decrease in the tuition that Dover High School will actually be charging. This amendment was seconded by Mrs. DeTrude. Mr. Bennett asked for a breakdown of the Line Items. Mr. Madson suggested that at the end of each total item, that he make a motion. Mr. Allen Thompson asked if

Article 8 be included in the total sum of Article 7. The budget was explained by Mr. Madson who presented the Line Items. Line Item 1100 was recommended to read \$527,224.00 for tuition. This was decreased \$3,050.00 because of a tuition decrease at Dover High School. Line Item 1300 Vocational Programs was increased \$825.00. Line Item 1400 Other Instruction Programs was decreased \$3,500.00. Line Item 2540 Operation and Maintenance of Plant was decreased \$5,000.00. Line Item 1122 Deficit Appropriation was increased \$8,515.00. Total appropriation was \$909,249.00 reduced \$2,210.00 to a final total of \$907,039.00. Mr. Madson withdrew a previous amendment to amend the main motion. Line Item 1400 was corrected by Mr. Madson to read \$3,650.00, making a total of \$907,039.00. Mr. Madson made this motion and Mr. Post seconded. Mr. Madson stated, "That still does not address the problems of high school tuition." All other Line Items remain the same as were recommended by the Budget Committee. Mr. Bennett asked about the tuition of Coe-Brown Academy. Mr. Madson stated that it presently budgeted for \$278,000.00; however, "it is now over \$300,000.00". Mr. Bennett asked if the Coe-Brown Academy budget copy break-up is similar to the format that was handed out at the beginning of this meeting? Mr. Madson stated that their projections were not adequately broken down. Mr. Bennett stated that "it's my intention to get Coe-Brown Academy to tell me where my quarter million is going". Mr. Bennett moved "to reduce the bottom line figure by 10% allowed by law to \$816,335.00". Seconded by John Newman. Mr. Madson stated that you can reduce the budget any amount, but that you can not raise the total more than 10%. Moderator Johnson stated the first motion by Don Post to raise \$917,764.00 and reduced by Mr. Madson be voted on first. Mr. Charles Johnson asked about \$7,000.00 (Article 8) that hadn't been voted on yet. Moderator Johnson said he would accept a motion to lay this motion on table pending disposition of Article 8. So moved by Don Post. Seconded by Tom Madson. This was voted on and passed.

ARTICLE 8 To see if the District will vote to raise and appropriate the sum of seven thousand dollars (\$7,000.00) for a contingency fund as provided by the New Hampshire Revised Statutes Annotated 198:4b. Moved by Don Post. Seconded by Mr. Madson. Mr. Allen Thompson asked if a contingency fund was necessary. This was explained by Mr. Madson that it's for unexpected expenses. Mr. Ahlgren asked what happens if we don't use it? Mr. Madson explained that it goes back to the Town next year to help defray expenses. A verbal vote was taken and the motion was passed.

ARTICLE 7 Mr. Post moved that we take this article from the table. A verbal vote was taken. Motion passed. Don Post moved and seconded by Mr. Madson. Mr. Madson's amendment to raise \$907,039.00 was seconded by D. Post. Moderator Johnson asked for a show of hands. YES 73 NO 0. Amendment prevails. Mr. Bennett amendment was to reduce the bottom Line figure by 10% to read \$816,335.00. Seconded by John Newman. A verbal vote was taken. NO Motion does not prevail. A vote on the main motion as amended, the total budget to read \$907,039.00. Mrs. Jean Johnson commended the School Committee for doing their homework and treat-

ing us well, and urged vote on the recommended total. The Moderator called for a verbal vote, and was taken, the motion as amended was passed.

ARTICLE 9 To see if the District wishes to authorize the Treasurer, with approval of the School Board, to appoint a Deputy Treasurer for the 1981-82 school year and to provide bond for said Deputy Treasurer as provided in RSA 197:22. Don Post moved that we accept the article as read. Seconded by Mr. Madson. A verbal vote of YES was taken. Motion prevails.

ARTICLE 10 To see if the District will authorize the School Board to make application for and to receive and expend, in the name of the District, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forth coming from the United States Government and/or State agencies, private agencies and/or other sources. Charles Johnson moved that we accept this article. Seconded by Bob Herron. A verbal vote was taken and the motion was adopted.

ARTICLE 11 To transact any other business which may legally come before this meeting. Mr. Bennett spoke on the tuition expense of Coe-Brown Academy. He stated that there are concerned people who would like to have a better understanding where their tax dollars are going. Mr. Bennett asked the School Board and Mr. Barry Clough (School Superintendent), "Can we direct the School Board not to assign school children to a certain school?" Mr. Clough stated RSA 193, "The Board shall assign." If the Board chose not to assign (RSA 193) children to Coe-Brown Academy, then the children would not go to Coe-Brown Academy. The law reads, "if you do not have a high school in Town, the School Board must assign students to high school." Mr. Bennett made a motion that the District advise the School Board not to assign any students to Coe-Brown Academy "until they are completely satisfied that it merits the cost." Seconded by Bob Herron. Helen Johnson asked if they (students) were allowed to go to any school they wanted to. The School Board said that they have to be assigned. Mrs. Johnson then asked who would pay the transportation to other towns such as Dover High School? Mr. Madson said that the students and parents would have to pay for this. Moderator Johnson turned the gavel over to John Lane, as Deputy Moderator, while there's discussion on Coe-Brown Academy. Mr. Johnson is Chairman of the Board of Trustees at Coe-Brown Academy. George Pellettieri stated that concerned people would like to have a better understanding of where their tax dollars go. Bob Grant, (a Coe-Brown Trustee), stated that no profit was being made and agreed that the information should be shared. After much discussion, Mr. Lane called for a vote of Mr. Bennett's motion: "That the District advises the School Board not to assign any students to Coe-Brown Academy until they are completely satisfied that it merits the cost." A show of hands was called for by the Moderator. YES 36 NO 19. Motion carries. Mr. Robert Johnson resumed his duties as Moderator following the vote. Moderator Johnson stated that there was no objection to the vote and that Coe-Brown Academy expenses can be justified. Before adjournment, Mrs. Lois DeTrude (the out going

going member of the School Board) was given a vote of thanks for her three years of service to the School Board. Mrs. DeTrude thanked Cathy Jock for baby sitting during this meeting.

The meeting was adjourned at 6:00 p.m.

A True Copy Attest:

Jean W. Lane, Clerk

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Northwood qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 9th day of March 1982, at 10:00 o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
- 3B. To choose a Member of the School Board for the ensuing two years.
- 3C. To choose a Member of the School Board for the ensuing one year.
4. To choose a Treasurer for the ensuing year.
5. To choose Auditors, and all other necessary officers and agents for the ensuing year.

Given under our hands at said Northwood this 11th day of February 1981.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Northwood qualified to vote in district affairs:

You are hereby notified to meet at the Northwood Elementary School in said district on the 6th day of March 1982, at 1:00 o'clock in the afternoon, to act upon the following subjects:

1. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
2. To choose agents and committees in relation to any subject embraced in this warrant.
3. To see if the School District will vote to authorize the School Board to appoint a Building Committee composed of nine (9) members to work in conjunction with and advise the School Board regarding the construction of an expansion program of appropriate size for the School District. This Committee will use the recommendations of the Northwood Educational Study Committee where it deems them advantageous to the District. Said Committee is to submit its findings in a written report to the School Board and to the voters of the School District not later than November 30, 1982.
4. To see what sum of money the School District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.
5. To see if the School District will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) for a contingency fund as provided by the New Hampshire Revised Statutes Annotated 198:4b.
6. To see if the School District wishes to authorize the Treasurer, with the approval of the School Board, to appoint a Deputy Treasurer for the 1982-83 school year and every year thereafter in accordance with the provisions of RSA 197:24a and to provide bond for said Deputy Treasurer as provided in RSA 197:22.
7. To see if the School District will authorize the School Board to make application for and to receive and expend, in the name of the district, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or state agencies; private agencies and/or other sources.

8. To transact any other business which may legally come before this meeting.

Given under our hands at said Northwood this 11th day of February, 1982.

Marjorie E. Boudreau

Auditors
Northwood School District

July, 1981

THE REPORT OF THE SUPERINTENDENT

To the School Board and Citizens of the Northwood School District:

When school opened in September 1981, the Northwood Elementary School was organized as indicated below:

| <u>EMPLOYEE</u> | <u>ASSIGNMENT</u> |
|--------------------|-----------------------|
| Thomas Conway | Principal |
| Nancy Osborne | Kindergarten |
| Barbara Fraser | Grade 1 |
| Cheryl Thurston | Grade 1 |
| Eva Pollard | Grade 2 |
| Linda MacKay | Grade 2 |
| Virginia Gustafson | Grade 3 |
| Susan Demarais | Grade 4 |
| Judith McGann | Grade 4 |
| Eleanor Loewer | Grade 5 |
| Stephanie Davis | Grade 5 |
| Stephen Capistran | Grade 6-8 Math |
| John Bresnahan | Grade 6-8 Science |
| Joanne Kreed | Grade 6-8 Reading |
| Anne Grabowski | Special Education |
| Mary Marini | Special Education |
| Susan Young | Speech/Language |
| George Loper | Music part-time |
| Tobey Harman | Art part-time |
| Carline Kallgren | Nurse |
| Majorie Morrison | Title I Reading Aide* |
| Jane Bates | Secretary |
| Pamela Duffy | Kindergarten Aide |
| Kathy Monaghan | Kindergarten Aide |
| Rhoda Barringer | Teacher Aide |
| Betty Warner | Teacher Aide |
| Edith Cummings | Librarian Aide |
| Laura Josiah | Lunch Program Manager |
| Lorraine Colby | Lunch Worker |
| Angela Darienzo | Lunch Worker |
| Larry Woodward | Custodian |
| Leon Drew | Custodian |

*Funded as part of the Joint Project under Title I for Barrington, Northwood, Nottingham and Strafford.

The enrollment by grades in the Northwood Elementary School as of October 1, 1981 was as indicated on the chart below:

| Grade | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | Total |
|--------|----|----|----|----|----|----|----|----|----|-------|
| Number | 26 | 32 | 39 | 24 | 49 | 35 | 43 | 31 | 28 | 307 |

Northwood pupils attending secondary schools at district expense are listed below:

| School Attended | Special | 9 | 10 | 11 | 12 | Total | Tuition Rate |
|-------------------|---------|----|----|----|-----|-------|--------------|
| Coe-Brown Academy | 43 | 33 | 15 | 29 | 120 | | \$1914.00 |
| Dover High School | 1 | 4 | 2 | 5 | 12 | | 2145.00 |
| Dover Vocational | - | 1 | 1 | 4 | 6 | | 2145.00 |
| Totals | 44 | 38 | 18 | 38 | 138 | | |

In addition there is 1 pupil at the Rochester Child Development Center and 1 each at SLC's TIP and TAC Programs.

As has been the case in many school districts throughout New Hampshire and the Nation, the past year has been one of "belt tightening" and budgetary restraint. The Northwood School Board and the administration have devoted many long hours at "holding the line" concerning budgetary expenditures. This office has attempted to support the School Board's position in this regard by continually reviewing the spiraling cost of special education out-of-district pupil placements with the goal of developing cooperative programming between the school districts in School Administrative Unit #44. The purpose of such intra-Unit program cooperation is to achieve equivalent programming for children with special needs at reduced cost to the taxpayers. The planning process at the Unit level described above will experience initial success in September 1982, when the first intra-Unit special needs program will begin in Farmington.

Curriculum development and the refinement of education programs have continued to occupy the time and effort of faculty and administration as they strive to meet the everchanging needs of the student population. Mr. Conway has continued to work with the teaching staff toward full implementation of the School Administrative Unit #44 accountability plan. The purpose of this plan is to provide a core curriculum for the school system, a process of reviewing teaching techniques and testing procedures with which to evaluate the program on a periodic basis to insure that children are experiencing an education commensurate with their individual abilities. Specific curriculum areas which this office will be underscoring through the supervisory process will be: a) the continuation of the primary/middle school program approach instituted this year, b) the continuation and refinement of the new elementary science program funded this year through a \$15,000 Federal Title IV, Part C Grant, c) the further refinement of the early childhood program in the primary grades and d) the development of a comprehensive gifted and talented program to further implement the goal of individualized instruction to meet the particular needs of individual pupils. In addition this office will continue to cooperate with Mr. Conway and the teaching staff to insure that program evaluation and curriculum accountability continue to receive the highest possible priority.

While I realize the present economic climate places a low priority on long range plans and future needs of the system, I strongly encourage the voters of the District to review and give serious consideration to the recommendation as submitted in the report of the Northwood Education Study Committee. Implementation of their recommendations will contribute significantly to the communication process which must exist between public school institutions, their respective faculties and the communities which they serve. The members of the Committee are to be commended for their consistent, diligent and objective analysis of the needs of the School District.

As one reviews the past year there is one issue which continues to intrude into the affairs of local school districts and which at some point in time will require a solution. I speak of the continuing practice by our Federal and State Governments of continuing to mandate the development of programs while leaving the bulk of the responsibility of financing such programs to the local taxpayers. Special education is the latest area where school districts have received promises of a specific level of funding from the Federal and State Governments only to end up with far less financial aid than was initially promised. To further underscore the point, Northwood received absolutely no State aid at all under the foundation aid formula which is supposed to be the State's major financial aid to education for local communities. As of the writing of this report, the media is full of reports that State Government further plans to reduce State aid to local school districts through the reduction of Sweepstakes funds and monies from the Business Profits Tax.

On behalf of the Central Office staff, I wish to express our continued appreciation to the members of the School Board, the Principal, teachers and citizens for the cooperation exhibited and progress achieved this past year. We look forward to a long and productive relationship in which our mutual goals will continue to be the best possible education for our young people.

Respectfully submitted,

Barry L. Clough
Superintendent

PRINCIPAL'S REPORT

1981 - 1982

To the Northwood School Board and to the Citizens of Northwood:

The 1981-82 school year has started with our housing problems for our students solved for the present. We are very pleased with the Brookside project where we have been able to relocate three classrooms.

The upper area was totally renovated the past summer, allowing us to have an additional classroom on the second floor. A new rest room was added, and the area has been insulated and new combination windows placed on the second floor.

At the present time we have approximately 60 students who are housed at the Brookside School, two first grades and a second grade. We have been able to supply all the needed services to these youngsters, including hot lunch.

The total enrollment of the school at the present time is as follows:

| | | |
|--------------|---|-------|
| Kindergarten | - | 28 |
| Grade 1 | - | 32 |
| Grade 2 | - | 40 |
| Grade 3 | - | 29 |
| Grade 4 | - | 49 |
| Grade 5 | - | 35 |
| Grade 6 | - | 45 |
| Grade 7 | - | 31 |
| Grade 8 | - | 28 |
| Spec. Ed. | - | 4 |
| | | <hr/> |
| | | 316 |

New Staff Members for this year are:

| | | |
|----------------------|---|-------------------|
| Mrs. Stephanie Davis | - | Grade 5 |
| Mrs. Mary Marini | - | Special Education |
| Mrs. Rhoda Barringer | - | Teacher Aide |
| Mrs. Betty Warner | - | Teacher Aide |

One of our goals this year has been to develop a more diversified program for our students in Grades 6, 7, 8. We have increased our total periods for the day to seven periods, which allows us to offer students a variety of electives during the activity block. Electives presently available to students are as follows: French, Greenhouse, Yearbook, Typing, Chess, First Aid, Home Economics, Great Books and Computers.

One of the goals of the district was to bring back to our school a majority of the students who were being serviced out of

district. We are very happy with this program and we feel that we are providing for the needs of these students at the local level as well as they were serviced out of the district. I feel that if at all possible all of our youngsters should have the opportunity to attend school in their own community.

We were very pleased to receive a federal grant in excess of \$14,000.00 which has allowed us to construct a Greenhouse adjacent to our Science Room, which has allowed our students the opportunity to become involved in greenhouse-outdoor activities. The possibilities for all classes to utilize this new program will allow for a much more diversified Science program.

Another grant received by the school was for the purchase of a computer which is being incorporated into our Math program. Mr. Capistran, our Math teacher, has started students in this computer program starting at the fourth grade level.

Our S.R.A. results have been tabulated for the 1980-81 school year, and our students did an outstanding job in the core areas of Reading, Math and Language Skills. Our scores ranged well above local and national norms in all of these areas.

During the summer there was a continued effort to maintain our present school facility. The heating system was worked on to equalize heat throughout the building, and a project to re-roof our main building was started.

I believe the general condition of the building is in good shape. We hope to continue our program of preventive maintenance each year so as to keep the building in the best shape possible.

This past summer the Northwood P.T.A. worked long and hard to clear and improve our playground area. We now have a much larger area for youngsters to play in than in the past. An outdoor basketball area has been constructed and the students thoroughly enjoy the opportunity to have an area they can be proud of. The P.T.A. will be working to complete the project this coming year. We are hoping to install new playground equipment in the area which should allow students to have a variety of activities for their use. Not enough can be said for all of the hard work put in by the P.T.A. and local citizens in a combined effort to make our playground something we can all be proud of.

In closing I would like to express my appreciation to the Supervisory Union office staff for their assistance this year. Mr. Barry Clough, Superintendent of Schools; Mr. Bernard Davis and Mr. Leon Worthley, Assistant Superintendents of Schools and Mr. Leonard Newman, Director of Special Education. My special thanks to the Northwood School Board who have worked long and hard to maintain quality education in Northwood; but especially, on behalf of the entire staff, I want to thank the citizens of Northwood for their continued support of all of our programs at

the Northwood School.

Respectfully submitted,

Thomas R. Conway

SCHOOL HEALTH REPORT

1980 - 1981

The Health Program for the year 1980-1981 was carried out in the usual manner with an annual physical inspection of each student by the nurse. This involves vision and hearing screening, inspection of teeth, tonsils and cleanliness; scoliosis and blood-pressure screening for students in the Junior High grades. When defects were noted the proper referral was made.

| | | | |
|--|------|---------------------|-----|
| Vision tests | 341 | Heights | 338 |
| Hearing tests | 372 | Weights | 348 |
| Scoliosis | 69 | Physical Inspection | 338 |
| Blood pressure | 69 | Home visits | 7 |
| First Aid | 1049 | Parent conferences | 108 |
| | | Throat cultures | 79 |
| | | (25 positive) | |
| Students transported to Immunization Clinics | | | 28 |
| Dentist | | | 11 |
| Pre-school registration | | | 28 |
| Pre-school Vision and Hearing Screening | | | |
| Vision | | | 111 |
| Hearing | | | 112 |
| Nurse administered 42 doses of medication | | | |

DENTAL PROGRAMS

Eleven students received dental care through the Northwood Matching Funds program. This money was made available through the generosity of many local organizations and the P.T.A. and Harvey Lake Woman's Club. Dr. David Gruette was the participating dentist. Through a program sponsored by the N.H. Bureau of Dental Health, students in grades 1-5 were given the opportunity to participate in a daily dry brushing program and weekly fluoride rinse program. The annual Cleaning and Fluoride Clinic was held in September. Mrs. Linda Sawyer, Epsom, was the hygienist. One hundred and sixteen students participated in this worthwhile program.

IMMUNIZATION PROGRAM

Through the Immunization Program of the Rural District Health Council, many students received vaccines. A total of 44 doses were given to 28 students. These included DT, MMR, Polio and T.B. We are fortunate to have this excellent health program in our community and appreciate all they do for the children.

COMMUNICABLE DISEASES

Because of immunization programs, the incidence of communicable diseases has diminished over the years. However, Chickenpox, Scabies and head lice make an appearance once in a

while. Strep infections also are serious conditions and if not cared for properly, can lead to serious complications.

HEALTH EDUCATION

Weekly visits were made to grades 1-5. Appropriate health related lessons and activities were carried out. The Family Living and Human Sexuality Curriculum is enthusiastically received by students and parents. As part of V.D. and substance abuse education for the Jr. High students, lectures, film-strips, guest speakers and discussion periods were planned and carried out. The Sixth grade students completed the Red Cross Basic First Aid Course.

Monday, February 21, Washington's Birthday, falls during the week of Winter Vacation.

Monday, April 25, Fast Day, falls during the week of Spring Vacation.

REPORT OF THE NORTHWOOD EDUCATION STUDY COMMITTEE

This reported was directed by the Northwood School District at their meeting of March 7, 1981, (referenced Article 3 amended).

Pursuant to Article 3, the School Board appointed the following committee members: Bunny Behm, James Bennett, Douglas Briggs, Laura Josiah, William Lounsbury, Ellis Ring, Richard Shaw, George Sullivan, (subsequently resigned and replaced by Peggy Hopkins), and Phyllis Thomson. Many other people assisted the committee throughout the ensuing months and the committee wishes to recognize their valuable assistance. They include: School Administrative Unit #44 represented by Mr. Leon Worthley, Mr. Greg Pitman, the Trustees of C.B.N.A., and C.B.N.A. Headmaster, Mr. David Smith and his staff, those people who responded to questionnaires and those interviewers who administered the questionnaires, Mr. Conway and his staff of the Northwood Elementary School, and the administrators of the Strafford, Nottingham, Epsom and Barrington Schools.

The study committee was subsequently divided into four sub-committees: Space, Tuition and Costs, Curriculum K-8, and Curriculum 9-12. Each sub-committee researched its special area and submitted a draft report to the full committee which refined that report into the final form, including recommendations.

Following the individual reports is an overall summary and recommendations.

ELEMENTARY CURRICULUM SUBCOMMITTEE REPORT

The Elementary Curriculum Subcommittee has relied heavily on information gathered by means of a questionnaire distributed to 145 parents, students and teachers in Northwood. We were also influenced by the November, 1980, Visitation Report of the N. H. State Department of Education (see Appendix). We have met with the Principal, Mr. Conway, several teachers, parents and students, and have met regularly with Assistant Superintendent of Schools, Leon Worthley.

We did not define our task as an evaluation of specific scope and sequence objectives for individual courses. School Administrative Unit (SAU)44 and Northwood teachers have just completed a two-year curriculum study. Our objective was to evaluate current course offerings and to recommend additions or changes perceived necessary by the sample population of parents, students and teachers we interviewed or who responded to our questionnaire.

The questionnaire was distributed by this subcommittee to 4th and 8th grade parents, 8th grade students, Coe-Brown 10th and 12th grade students and parents, and teachers in both the elementary school and Coe-Brown. 13 Coe-Brown teachers responded, while 5 elementary teachers responded.

Virtually every parent said their children like school, the Principal, and the small school population.

The Math and English programs were rated high by parents and students alike. SRA achievement tests (ranging from 24 percentile to 81 percentile of the national average for individual classes) revealed an overall average 3R Core composite score of 58 percentile, slightly above national average. Both parents and children rated the Math and English programs with a "B" average. The majority of parents polled seem to feel the school is doing a good job in these areas.

High school teachers at Coe-Brown, on the other hand, did report deficiencies in Math and English. The teachers generally agreed that elementary school graduates were strong in class discussion and willingness to express opinions, but were weak in reading comprehension, punctuation, grammar, spelling, writing reports and term papers, outlining main points, study habits; and in math the areas of fractions, problem solving, percent, division, decimal numbers and the metric system. The Coe-Brown student population does include students from Deerfield, Strafford, and Nottingham, as well as Northwood.

Typical teacher survey comments are listed below:

Strengths:

General - Class discussion
Ability to express opinions
Thinking creatively
Working well with hands
Knowledge of local and state government

Math - Basic arithmetic
Introductory understanding of use of variables and symbols

English - Usage
Study habits
Reading and writing "appropriate to their grade"

Weakness:

General - Writing standard English consistently as compared to colloquial or slang (i.e., poor usage)
Poor writing skills
Selecting main points in an outline
Lack of career planning and use of guidance department
Little organization in study habits
Lack of library skills
Awareness of few reference materials other than encyclopedia
Problem solving
Little pride in work
Poor note-taking
Knowledge of U. S. History

Math - Fractions
Problem solving
Study habits
Concentration
Percent
Division
Decimal numbers
Metric system

English - Reading comprehension
Writing skills
Determining fact from opinion
Punctuation
Vocabulary
Grammar and usage
Spelling

In view of the above, we feel that meetings between elementary school teachers and high school teachers at the department level would be beneficial to coordinate curriculum. The administrators should also meet periodically to implement curriculum changes as necessary. The SAU 44 Superintendents Office could consider providing the leadership to initiate such meetings.

The Math and English programs are doing a good job overall in teaching basic skills. A lot of time is spent on reading comprehension which does show up in Northwood students' abilities, high school teachers' comments notwithstanding. Math scores on standardized testing are traditionally good, at 58 percentile. The problem areas identified by high school teachers are fairly universal nationwide, but should not be ignored.

MUSIC AND ART

The Music and Art programs appear to be well-taught considering the resources available. These programs are not available for all students, but should be made available as a required course. Adequate space and full-time teachers would permit a more comprehensive program. Such a program would enrich all students, better stimulate the most talented students, and provide a necessary option for many students who experience little success in academic subjects or athletics.

LIBRARY, PHYSICAL PLANT, SCIENCE PROGRAM

Among the questions included in the questionnaire, respondents rated 17 specific areas of the school and its programs on a scale of A to F. In general, most areas received, a "B" average, with three exceptions: the Physical Plant, the Library, and the Science Program. All received a "C" average, with the Science Program receiving the greatest number of "F" grades.

The deficiencies in the overcrowded physical plant and seriously inadequate library, housed in a hallway, are obvious. There is little we can recommend to improve the library and

physical plant in the absence of adequate space.

We have no library in the Northwood Elementary School. There are books in a corridor which are not catalogued by the Dewey Decimal System. The library is of little use to the teachers. If space were available for a library, a qualified librarian could not only catalogue and order appropriate book and audio-visual materials, but could work with the teachers to select material ahead of time for visiting classes, and help one or two students at a time to find research materials for special projects and reports. (See Appendix)

Before the questionnaire was distributed, the Science Program had received a substantial amount of federal money which is being spent on a new solar greenhouse and equipment; yet the program still was classified by parents and students as no better than the other two areas (Physical Plant and Library) which the administration readily concedes are inadequate. The Science Program is also lacking in the lower grades. Therefore, the administration should carefully review the Science Program to determine exactly where the deficiencies exist and correct them.

GUIDANCE COUNSELOR

Another strong need expressed by parents, students and teachers was the need for an elementary guidance counselor. This need was also expressed by Mr. Conway. In the absence of a public high school, junior-high students and their parents need guidance to determine what kind of secondary school would best suit the children's needs. Coe-Brown, a "conditionally approved" school, historically has not adequately met the educational desires of all Northwood students, some of whom must travel to other high schools.

Most school systems today recognize the need for a guidance counselor at the elementary level, not only for vocational guidance, but also to assist students from Grade 1 through 8 in their social/emotional adjustment. We feel there is a need for a guidance counselor in the school and strongly recommend that a qualified counselor be hired for September, 1982, if space could be made available. (See Appendix)

PHYSICAL EDUCATION

There is no formal physical education program or physical education teacher. A physical education program is necessary to help children develop strength and coordination. Many children do not adequately test their physical limits in their normal play activities. (See Appendix)

INDUSTRIAL ARTS AND HOME ECONOMICS

This committee recommends that industrial arts and home economics programs be established at the elementary level. Industrial arts and home economics are state requirements for an approved middle school.

THE PRINCIPAL

We wish to mention that there were a number of positive comments from the questionnaire regarding the Principal, Mr. Conway. He knows and is sensitive toward the students. He is able to unite most teachers and students. He is present at all school functions. He has worked energetically in the athletic program. His personal efforts at providing physical education instruction in the absence of a physical education teacher are commendable. (See Appendix)

THE BROOKSIDE SCHOOL

The three Brookside School teachers we visited feel that the children are happy there with the smaller school population and private playground removed from the confusion of the elementary school. They would like to see improved communication with the main school regarding meetings, etc. The children enjoy the privilege of attending an old country schoolhouse with a ringing bell in the belfry.

Advantages:

- Student-teacher ratio of 18-1 in three classes
- Most of Grades 1 and 2 are removed from the central elementary school with its crowded confusion at lunch-time, which is relatively difficult for young children to cope with
- Private playground

Disadvantages:

- Transportation is cumbersome. Many Brookside children who live within 1 mile of Brookside must ride to the elementary school and back to Brookside - almost an hour's ride with stops
- The nurse is not available full time
- Limited contact with the principal
- Putting tax money into a church-owned building
- Children must be transported to the elementary school for special assemblies at additional cost.
- Additional cost to hot lunch program for transportation of lunches
- No library
- No physical education facilities
- Lack of specialists services

Children and parents seem satisfied with the school as an acceptable, even charming, temporary measure in the structurally sound, old borrowed building which the Advent Church has loaned back to the town. The town has invested approximately \$12,000 in renovations.

Unfortunately, its size, combined with the elementary school, is not adequate to meet the present pupil population of the town.

COMMENTS OF THE ELEMENTARY CURRICULUM SUBCOMMITTEE

We wish to commend SAU 44, Northwood Elementary School and the teachers, particularly Eleanor Loewer and Barbara Fraser, for their successful efforts in establishing a Kindergarten through 8th Grade curriculum to meet State accountability requirements. The new curriculum contributes to the continuity and logical scope and sequence of all academic programs, a vital function in education which helps all teachers.

Special efforts have been made this year, particularly by Steve Capistran, to develop a computer science program and a solar greenhouse. A number of children have enjoyed a rewarding enrichment opportunity to work with Mr. Capistran in building the new greenhouse, learning about construction and solar design. Ultimately, they will learn about horticulture, use practical math, and operate a small business selling plants they have grown.

We hope a Gifted and Talented or Enrichment program will develop to include other areas of interest to the brightest students, including those in the primary grades. These children often have time on their hands in the classroom and need additional challenging activities. Community volunteers could help children gather resources for individual projects.

We wish to acknowledge the recently established special education program which includes learning disabilities, occupational therapy, and speech remediation services.

Besides textbooks and workbooks, there are few "hands-on" supplementary materials. There is very little to help children whose thinking is more concrete than abstract. Less verbal children learn better through visual channels and performance tasks than through auditory channels and language-oriented tasks.

Teachers' salaries for the Northwood Elementary School are considerably below other schools in the area. Salaries on the whole for SAU 44 are found to be low statewide (within 25th percentile). We recommend that the school board make the salary schedule competitive to attract more teachers with high qualifications and experience. At the same time, we wish to encourage professional development and for more staff members to pursue advanced degrees. This would tend to improve the quality of education, exceed minimum staff development requirements, and permit teachers to take advantage of the existing salary schedule which rewards graduate study.

SUMMARY OF RECOMMENDATIONS

- Comprehensive programs in Music and Art should be available for all students throughout the school year.
- Adequate space for a library should be provided, the library expanded, and a qualified librarian hired.
- In view of strong dissatisfaction, make an intensive review of the Science Program.

- A Guidance Counselor should be hired by September 1982.
- Establish a Gifted and Talented Enrichment Program to include the primary grades and be responsive to diverse areas of student interests. All community resources including volunteers should be considered to help in this program.
- Additional instructional materials and audio-visual materials should be made available to classroom teachers.
- Review faculty salary schedule.
- Schedule regular departmental meetings between high school and elementary school teachers and administrators to identify strengths and discuss problem areas in the education of elementary school graduates.
- Establish a Physical Education Program and hire a physical education teacher.
- Increase size of physical plant.
- Establish Industrial Arts and Home Economics programs and facilities.

Clearly, the overwhelming obstacle to a more comprehensive elementary curriculum is a lack of space. Unless space is increased, important educational services itemized above, including art, music, guidance, physical education, and a library, will remain deficient. Our children will not receive the type of educational program they could receive in other school districts.

Respectfully submitted,

Laura Josiah
Richard Shaw

APPENDi

On November 21, 1981, the State Department of Education conducted a visitation to the Northwood Elementary School. Their "Summary of Viewpoints" is reproduced below:

A Summary of Viewpoints by State Dept. of Education

COMMEND:

1. The school principal for his outstanding professional leadership and for the high morale of the staff; he is respected by the staff and children.
2. The staff for the high regard they reflect for children and cooperation of the administration; and their very good morale.
3. The excellent discipline and behavior of the children; the staff and administration are commended for their high expectations.
4. The local school board and community for the excellent support of the new kindergarten program; and the improvement

made with minimum standards since 1974, particularly with good pupil-teacher ratios.

5. The staff for the very attractive classrooms.
6. The custodians for the maintenance of the school.
7. The school board and community for the teacher aid program, particularly in the heavy enrollment classes.

RECOMMEND:

1. Continue to review the need for additional teacher aid help, particularly in grade 2 and/or primary level.
2. Restudy and re-examine the present minimum standards not met and develop a local priority commitment to improve the present needs, and forward this information to our office.

MINIMUM STANDARD(S) NOT ACHIEVED:

Standard #6, p. 7, Physical Education
Standard #8, p. 13, Physical Education Teacher
Standard #1, p. 14, Guidance Counselor
Standard #2 (c), p. 17, Library Space (Limited)
Standard #3, p. 18, Certified Librarian

SECONDARY EDUCATION STUDY

The Secondary Curriculum Subcommittee has been charged with investigating secondary education for Northwood students. We found that the majority of students attend Coe-Brown, with the second largest group attending Dover High School. Thus, we have tried to point out advantages or strengths and disadvantages or limitations of each school.

In preparing our study of curriculum at the 9th through 12th grade level, this subcommittee has met with Trustees of Coe-Brown Academy and with its headmaster, David Smith. We have talked on an informal basis with faculty members and students, and have toured the facility. We have visited Dover High School, studied its programs and facilities and interviewed a number of its students as well as their parents. We have visited the town library and talked with the librarian. Information on both Coe-Brown and Dover High School has been supplied by the Superintendent's Office of School Administrative Unit 44 as well as from the school administrators. We have also relied heavily upon information taken from questionnaires distributed to parents, students at the 10th and 12th grade levels, 1980 graduates and teachers.

We recognize that we are in no way experts in the field of education, but we do believe that we have gathered enough information to be well informed on the current situation in Northwood. Our findings and recommendations are based on the above named sources and on our own carefully considered observations.

After much thought and study, we have reached the conclusion that the situation, as it presently exists, does not offer a satisfactory long-term solution to the town's secondary education needs.

This is not meant as a direct criticism of individuals, nor do we mean to minimize the work and efforts of either of the secondary schools our children attend. We recognize strong points at both Dover and Coe-Brown, and will point them out, but we also believe it necessary to make suggestions for improvements.

Coe-Brown Academy is strongly supported by many area residents, not a few of whom are graduates of the Academy. They take pride in the fact that their children, and even their grandchildren have attended or are attending the school. Parents and students praise the school's small classes and close-knit spirit. The fact that it is an in-town school is important to many people. In a town so widespread geographically, the school can and should be an important focus of community activity.

Dover High School, with its large and varied curriculum, accelerated academic and strong vocational programs, and extensive physical facilities also has much to offer area students. It is not without disadvantages, however -- principally its large size and distance from Northwood. The fact that it is an out-of-town school inhibits social contact with both current and former classmates and also makes participation in extra-curricular activities extremely difficult.

ACCOUNTABILITY

It is our finding that the major problem, the basis of much confusion and frustration among many town residents, is the lack of accountability to the town for education at the secondary level. There is no one assuming responsibility at the town level to ensure that our children are receiving quality education.

Northwood spends in excess of \$300,000 each year educating its high school students. Yet despite this large expenditure of tax dollars, residents have no control over what the curriculum will be, how it will be taught, what types of facilities and equipment will be provided, what sorts of guidance and counseling the students will receive, what policies of discipline will prevail, or how much teachers will be paid. In many respects, it is a case of taxation without representation. Up until 1982 tax payers received no itemized accounts of how their tuition money was being spent. However, the submission of an itemized budget to the Budget Committee in January 1982 as well as a firm tuition figure presented to the School Board prior to the Board compiling its budget was a positive step taken by the Board of Trustees.

The situation has evolved gradually over many years, with beginnings in a smaller and less complex world. But times have changed, and if the town is to adequately prepare its children to deal effectively with their future, it must come up with a

better comprehensive plan for secondary education.

COE-BROWN BOARD OF TRUSTEES

As it exists today, membership on the Board of Trustees consists of a lifetime appointment, made by current members of the board. This committee believes that a greater cross section of the community should be represented including a larger number of women and professional people.

Although there is a certain advantage to long-time membership on a governing body, particularly in terms of acquiring expertise, and the maintenance of continuity, we believe these are outweighed by advantages of new and varied ideas, opinions, and interests one gains from a rotating membership.

In the opinion of this committee, voting representation, with members appointed or elected by voters of the contributing towns, is needed on the Coe-Brown Board of Trustees. For example, each town could be allotted a certain number of voting trustees or representatives, based on the number of students attending from those towns.

We realize that this approach is a substantial departure from existing policy, and we are not suggesting that Coe-Brown immediately restructure its board in a wholesale manner. However, if, as board members resign, or through some other progressive formula, they could be replaced by the above or a similar method, more direct representation on the part of the contributing towns would be achieved.

Such broad-based representation would serve as a starting point for building the Academy up to a standard which would serve all our students; better meeting academic, vocational, general and special needs.

COMMUNITY COUNCIL

Respondents to the Study Committee questionnaire indicated by a total of 108 to 47 that a need exists for a Coe-Brown Community Council. The trustees agree that more input from contributing towns is needed, and, are beginning to study possible solutions. The committee believes that a council composed of parents, concerned townspeople, and perhaps students, all appointed in some agreed-upon fashion, would increase the board's responsiveness to the towns' needs.

SPECIFIC PROBLEMS AND RECOMMENDATIONS

This section deals primarily with Coe-Brown Academy for several reasons: 1) It is the school most Northwood students currently attend, and thus where most of the town's money for secondary education is channeled. 2) It is the school about which questions were raised at the School District meeting. 3) It is located in our town and is the logical place to send our children, provided their needs can be met.

While we will be pointing out a number of areas which need improving, we also note that the school has been working to make constructive changes in recent years. After a succession of four headmasters in five years and a heavy turnover of faculty, David Smith was hired in 1980, and is now in his second year as headmaster. Students, parents, trustees and this committee all cite his excellence as a fair and able administrator, and credit many positive changes to his first year and a half as headmaster.

It is in light of this improved atmosphere that we make the following statements, many of which concur with the views expressed by the trustees at the joint Education Study Committee/Board of Trustees meeting held in September, 1981.

I. Academic Programs:

For its size, Coe-Brown offers a fairly wide curriculum. But it is this size which limits the scope and intensity of specialization. The lack of advanced courses for college-bound students is a definite limitation. In the science department, for example, chemistry and physics are offered on only a single, introductory level.

In the English department A and B courses (for college preparatory and general students) are offered. We believe, however, that English A is not as intensified as an advanced course should be. Further subdivision of this department would provide a varied program, tailored to the needs of all students.

In the fall of 1981, two significant advances were made -- the introduction of Spanish I as a second foreign language offering, and the acquisition of a computer, which could eventually be used for a number of courses.

The lack of programs in art and music has been a deficiency upon which most people agree. It has been one of the factors preventing the school from achieving "Comprehensive" status. However, it now appears that art will be taught beginning in the fall of 1982. Music is taught only on a part-time basis, consisting of a choral music class and some individual instruction for musical instruments.

A number of respondents to the questionnaire indicated a belief that too much emphasis is placed on athletics, to the detriment of academic programs. This committee agrees. There seems to be an imbalance between the relative importance of the academic and athletic programs at Coe-Brown. We do not mean that athletics should be down-graded, but the academic program should be up-graded, and more public recognition should be given to those who excel in academics.

It should be noted that a "Comprehensive" school, such as Dover, offers a much wider curriculum, and by virtue of its size, also offers honors and advance placement courses for those students who qualify. Dover also offers a variety of art and music courses, including band.

II. Vocational Programs:

On the questionnaire a number of adults and students cited a need for more vocational courses at Coe-Brown. This committee, however, believes that this is not possible at this time due to lack of space, finances and the small student population. The vocational-agricultural program is quite extensive and is the only vocational program available other than home economics. Therefore, the committee believes that students desiring vocational courses in other areas should be encouraged to attend Dover High School which has been designated as the Area Vocational Facility. Many parents do not realize that transportation costs for vocational students are paid for by the state. Therefore, this should not be a deterrent.

III. Guidance:

At the moment there is a little professional guidance offered to eighth grade students faced with choosing a high school. This committee believes that all eighth grade students should be evaluated in terms of interests, aptitude and abilities. A joint conference with the counselor, parents and student should be held to review student expectations. Options for obtaining secondary education should be explored and a plan developed, which would include visits to several schools, to best meet the individual student's educational needs.

It is our distinct belief that students with specialized academic or vocational needs, as well as students with special talents in art or music, strongly consider placement at institutions other than Coe-Brown, until the facilities and programs can be up-graded to meet these needs.

IV. Library:

The library at Coe-Brown is a serious source of concern. The State Department of Education has notified Coe-Brown that the library is severely lacking, and if drastic measures are not taken, the school is in danger of losing its current "Approved" status. It should be noted that should the school lose this "Approved" status, the town of Northwood could no longer legally send students there.

According to state standards, a minimum collection of volumes for a school of Coe-Brown's size should be at least 6,000 to 8,000. Coe-Brown currently has between 500 and 800 books available to students.

Coe-Brown Trustees have hired a certified full-time librarian for the first time this year, and have increased annual expenditure on books from \$1,000 to \$4,700 (1981-1982), \$6,000 proposed 1982-83. Trustees estimate that to implement the state's requirements, expenditures could run as high as \$200,000. This is an expense, the trustees report, that they cannot afford.

Headmaster Smith also expressed concern to this committee that the school library floor may not be able to support the additional weight which would be added by increased numbers of books and audio-visual equipment.

Mr. Smith has suggested that other means of alleviating the situation might involve arrangements with the local and state libraries for book sharing or borrowing programs.

The committee has visited the Northwood Library and talked with its librarian, Miss Gladys Gardner. We agree, that with increased co-ordination between the school and the town library it can be a useful supplement in the interim until Coe-Brown upgrades its own. However, it is a small library, and cannot be expected to meet more than a small portion of the school's needs. Transportation to and from the library would be a problem for many students. Since the town library is not in close proximity to the school, it cannot serve as an integral part of class structure on a day to day basis.

V. Present Facilities and Future Expansion:

Questionnaires received from high school students, parents and faculty all cite the need for a larger number of advanced courses, as well as a greater variety of subjects offered. There seems to be no lack of willingness to make these changes, but due to limitations in the size of Coe-Brown's facility, as well as the size of the student body, it is presently impossible to substantially enlarge the selection of courses. To do so, would probably require doubling the size of both the student population and the facility.

At the present time the school is close to maximum capacity. Every available space within the main building is being utilized. Trustees said, at the meeting in September, that art and more extensive music programs are not offered at the present time due to lack of space. The current space for the guidance office and the teachers lounge is inadequate. According to the Trustees, Wiggin Hall, the building adjacent to the school on the west side, has been approved for use, but for now, remains vacant.

As the cost of transportation has risen, and increasing numbers of surrounding towns have found themselves faced with similar problems of educating students at the secondary level, there have been suggestions for forming a regional high school. Coe-Brown, with its existing facilities and central location, might well -- with expansion -- present itself as an attractive solution. The problem, for the moment, according to the school's trustees, is that the Academy cannot expand without definite contractual commitments from the sending towns.

VI. Transportation

Inadequate transportation is one of the foremost problems facing Northwood secondary students. Bus routes to Coe-Brown are extremely limited - to Dover, nonexistent. Parents pay

approximately \$80 per child, per year, for bus transportation to Coe-Brown, if fortunate enough to live on a bus route -- those who do not, pay more in terms of inconvenience and private travel costs. Although the town is not required to provide transportation for students to high school, most towns within the state do. We recommend that the possibility of town supplied transportation for Northwood students be explored.

The committee also believes that co-ordination of transportation to Dover High School, the Area Regional Vocational Facility, should be the responsibility of the school district. At the present time all arrangements must be made privately. We believe that no student should be forced to rule out Dover, as a choice, due to lack of or inadequacy of transportation.

SUMMARY OF RECOMMENDATIONS

In order to improve secondary education for Northwood students, we recommend that:

1. The town take the responsibility and accountability for the education of its high school age students. This means developing a comprehensive, long-range plan which will ensure a quality education and better meet academic, general and special needs.
2. Voting representation on the Coe-Brown Board of Trustees be achieved on a proportional basis from each sending town, with those members appointed or elected by town voters for three (3) year terms.
3. A Community Council composed of parents, concerned townspeople and students be organized to increase the school's responsiveness to its needs and the needs of the town.
4. Parents and students recognize that Coe-Brown cannot currently meet the needs of most vocationally oriented students, and therefore consider a designated area vocational high school.
5. More advanced courses be offered, and a greater variety of subjects be taught at Coe-Brown.
6. Coe-Brown institute an in-depth art program and a more comprehensive music program.
7. The school district provide free bus transportation for all Northwood Coe-Brown students.
8. The school district assume responsibility for co-ordinating transportation to Dover High School.
9. Coe-Brown's library be up-graded to meet state standards.
10. Guidance and counseling services at all grade levels be improved, with greater emphasis placed on individual student

needs.

11. Academic programs and students who excel academically receive more extensive recognition.
12. Coe-Brown explore the possibility of becoming the core for a regional high school.
13. The Northwood school district establish a standing committee for secondary education; members to be appointed by the school board to oversee expenditure of tuition and insure accountability to the town.

The Secondary Education Sub-committee especially wish to thank Mr. David Smith for his willingness to meet with us whenever asked and in allowing the students to fill out their questionnaires during class time.

SPACE SUB-COMMITTEE REPORT

Bunny Behm, Chairman
Bill Lounsbury

The purpose of the Space Sub-Committee of the Northwood Education Study Committee was to review in depth the present space situation in the entire Northwood school system and to make recommendations to the town of Northwood on how we can improve our educational system as far as space is involved.

Within this report, you will find the following categories that were acted upon:

1. Study of the Current Situation
2. Study of the Past and Future Population Data
3. Study of the Alternatives to Present Situation
4. Study of the Curriculum Committees Questionnaires
5. Recommendations
6. Summary of Recommendations
7. Closing Statement

I. STUDY OF THE CURRENT SITUATION

In order to gain prospective in our study of Northwood's schools, we first visited surrounding towns to see what they were doing or had done to alleviate their space problems. The towns visited were Nottingham, Barrington and Epsom.

In the summer and fall of 1980, Nottingham built an additional 6 classrooms and a multi-purpose room to their existing structure for \$600,000. This has alleviated their immediate space shortage with no extra room for growth.

Barrington built a middle school in 1976 consisting of 8 regular classrooms, 4 larger rooms, a multi-purpose lunch/assembly room, and 4 small rooms, which alleviated their critical space shortage at the grammar school brought on by a sharply rising population at the time. They are already strapped for space in the middle school and there is a critical shortage of space at the grammar school. They are now in the midst of studying that problem.

Epson is in the process of building a \$550,000 addition to their present structure consisting of 4 classrooms, a library, new administrative offices, reception area, library workroom, and renovations to existing building. After three years of struggling to pass a bond issue, they are building an addition that will alleviate their present space shortage with one extra classroom available for growth.

We then studied the Northwood schools and learned the following:

The elementary school is operating under extremely cramped conditions. Every nook and cranny is being used, with overcrowding in many areas. The stage has been sacrificed for the teachers' room, the library is in a hallway, the lunchroom is crowded, the administrative offices are very cramped, and the storage areas consist of one closet, a corner of one classroom, part of the principal's office, and underneath the stage. Three classes of students are being housed 6 miles away at the Brookside school. There are no vocational courses available for older students because of lack of space. As of the fall of 1982, the school will have one added class of students with no space to put them.

Coe-Brown Northwood Academy is operating on a near level with some crowding in the Voc-Ag. area as well as on the third floor. There is, on the whole, ample room for what is now being offered, and there is room for expansion, either by using the empty building or by building an addition, if the present curriculum were expanded.

II. STUDY OF THE PAST AND FUTURE POPULATION DATA

The school population has remained essentially stable, with highs and lows, for the past ten years except for the addition of kindergarten. The latest school census of the town (fall of 1981) indicates a possible decrease in enrollment in the next five years, although this may not be a complete picture as everyone is not on the census cards. There are 30 four year olds listed on the census, which indicates at least one full kindergarten class for next year.

According to the New Hampshire Office of State Planning who did a computer printout on Northwood school population projections, the expected enrollment by the year 1991 in kindergarten through 8th grade will be 370. It is now 320.

III. STUDY OF THE ALTERNATIVES TO PRESENT SITUATION

In our study of the alternatives to the present space situation, we looked into the feasibility of new building construction, temporary classrooms, continuation of Brookside, and an addition to the present building. We took into consideration as well, information gathered from the Curriculum Committee's Questionnaires.

The following two examples of neighboring towns' building programs in recent years:

Nottingham built a \$600,000. addition to their existing school in 1980 consisting of:

- 6 new classrooms
- multi-purpose room 40' x 60'
- 2 lavatories
- copy room
- supply room
- renovations to the nurses' room and 2 bathrooms
- paving and grading

Epsom is in the process of building a \$550,000, 9,300 sq. foot addition to their existing school, consisting of:

- 4 classrooms
- library
- administrative offices, reception area and library workroom
- renovations to the existing building which will include:
 - fire escape windows
 - a new boiler system
 - conversion of 3 classrooms to a multi-purpose room

We believe that an addition to the existing building is not feasible as it would require using most of the playground which has recently been improved by the PTA, and because of the limitations on the septic system.

IV. STUDY OF THE CURRICULUM COMMITTEES' QUESTIONNAIRES

Elementary

The parents polled who have children at the elementary school have indicated overwhelmingly that there is a lack of space at the school. They have pinpointed several areas such as the cafeteria, the poor condition of the physical plant, the dislike for two separate locations (Ridge and Brookside), and a desire for separation of elementary and middle school-aged children. The majority have also indicated that they would be willing to have their taxes raised to build another school building or an addition.

Coe-Brown Academy

The overwhelming majority of high school students and parents polled indicated that they would like to have a cafeteria with a hot lunch program, and a vocational educational program, with many also indicating a need for an art program. Obviously, these programs would all take added space, and many indicated a need for a school addition and/or use of existing unused buildings.

V. RECOMMENDATIONS

We believe that the most desirable solution to the elementary school's space problems would be to house all of the children in one central area, separating the younger grades from the middle grades, preferably in separate buildings.

We recommend the construction of a permanent building consisting of a minimum of 8 classrooms and resource center, to house kindergarten through 4th grade, either built into the banking behind the present building or in the lower field, with consideration given to a passive solar-structure.

We also recommend that the present building be used as a middle school (grades 5-8) with renovations to include a wood-working shop, a home economics room, a library/resource center, art and music rooms, a teachers' room, and a guidance center.

It should be noted that there is a 30% reimbursement of the bond issue from the state (over a period of ten years) if renovations are made to the existing building or in conjunction with new construction.

We recommend the discontinuation of the Brookside School and therefore, for the phasing-out period, would recommend no further upgrading of the building except where health and safety are concerned.

Our recommendations for Coe-Brown are based on the fact that we have no control over what is actually done there. We can only state what we would like to see done and pass these recommendations on to the Board of Trustees.

Based on both our own findings after studying Coe-Brown, and on the answers to the questionnaires, we recommend that more space be made available for permanent art and music programs, a vocational program including woodworking, auto mechanics and expanded business program i.e., business machines. We also recommend space be made available for, at the very least a lunch-room, and at best a cafeteria.

We believe that art and music programs could easily be in existence by the fall of 1982 by using the existing empty house (Wiggin Hall) west of the high school building.

VI. SUMMARY OF RECOMMENDATIONS

Elementary School

1. Build a separate building, either in the lower field or behind the existing school, to house K-4.
2. Look into alternative types of construction (i.e. solar).
3. Create a middle school at the existing grammar school for grades 5-8 by renovating the facility. Include space for a woodworking shop, home economics, art and music, a library/resource center, a teachers' room, and a guidance department.
4. Discontinue using the Brookside School. In the interim period, do not add structurally to the existing church building.
5. Appoint a Building Committee at the 1982 School District Meeting.

Coe-Brown Academy

1. Utilize available space for a permanent music program by the fall of 1982.
2. Utilize available space for a permanent art program by the fall of 1982.
3. Create space for a vocational program (see paragraph on recommendations).
4. Create space for a lunchroom or cafeteria.
5. Actively begin to use existing unused space and seriously look into building an addition for added programs.

VII. CLOSING STATEMENT

Although the school population has not risen dramatically over the past ten years, more space is needed because of changes that have occurred over these years. The addition of a kindergarten has necessitated the need for one extra room this year, and possibly two rooms in the future. The addition, about 1972, of a Learning Center took up another room. Last year we voted to return most of our special needs children to the local school system. Again, another room was needed. As of the fall of 1982, the grammar school will again be one room short because of a one-room 8th grade leaving, and a two-room 7th grade taking its place. The use of Brookside School which houses three classes of children, is viewed by many as a temporary measure; this represents another three classrooms which would be needed.

The total recommendation for a new building would be 10 classrooms, i.e. 2 classrooms per grade plus a kindergarten and a resource room for special education.

This committee believes that the best alternative to our space problem is to construct a building with ample room for the lower grades (K-4). If nothing permanent is done now, we can foresee our children scattered all over town in makeshift classrooms.

We believe it is important to create a middle school with the additional space that would be available at the existing building, to be used for vocational courses, art, music, library, guidance, etc. In the few years before high school, children should be introduced to subjects other than the academics. These courses may help them decide what path they will follow after graduating from the eighth grade.

Coe-Brown Academy should plan for space to carry on these changes at the grammar school, so that students will be assured of being able to continue the same interests at the high school level.

If we want to strive for a quality education in Northwood, we must have the space available to carry out these positive changes.

PER PUPIL COSTS OF EDUCATION

The purpose of this committee was to examine the costs of education in the Northwood School District to see how we compare with others in the surrounding towns. We wanted to see if we were receiving the quality of education we want for our children and if we are paying enough, or more than necessary. To arrive at a conclusion, we looked at the following:

1. The highest elementary per pupil cost in New Hampshire \$4,423.52; second \$3,992.11; third \$2,677.30, while the lowest is \$741.48.

Northwood's costs are \$1,143.39 while the state average is \$1,724.00.

If we were to offer a complete elementary education to include -- Physical Education, Library and Guidance our per pupil costs would more closely approach the state average.

2. The cost of secondary education is also wide ranged. The highest per pupil cost secondary or high school 9-12 is \$3,240.73; second \$2,621.77; third \$2,566.01. The lowest is \$1,206.75. The state average is \$1,914.00. We are paying Oyster River \$1,914; Portsmouth \$1,903; Dover \$2,145; Coe-Brown Academy \$2,100.

It is obvious that the better educational program and the smaller the student body the higher the cost will be.

A cost effective student body at the high school level is 400 to 600 students. This allows for a complete academic,

industrial arts, and business education program at a reasonable cost.

3. Northwood is developing a special education program within the space available. The school board has made an admirable commitment to special education which is cost effective over the expense of tuitioning the students out-of-district.
4. Northwood is the only community in the area that offers public kindergarten. This service could encourage a gradual increase in our school population in the future. This trend could change the relatively no growth pattern Northwood has experienced in the last ten years.
5. There has been little effort on the part of the community and the school board for a number of years to determine if the high school education offered at Coe-Brown meets the needs of our students competing in this changing world.
6. It would be advantageous for Northwood if the school board would negotiate a curriculum at Coe-Brown that meets the needs of today's world. This would allow the school board to then enter into a long term contract to send students to Coe-Brown. The Vocational Education students would be sent to Dover either full or part time as the program dictates. Dover is the designated area regional vocational school.

To provide quality education for our students, there are a number of options to consider, among them are:

1. Consider building at the elementary school area to provide space for the programs needed to qualify Northwood as an approved elementary school with no deficiencies.
2. Form a cooperative high school district with other interested towns. Build a high school facility for the education of secondary school students.
3. If the Coe-Brown Board of Trustees become a more representative body, establish a cooperative high school district with other interested towns using Coe-Brown as a core.
4. Consider investigating an agreed upon course of study and contract students to Coe-Brown for ten years. The course of study part of the contract would be reviewed annually.
5. Explore the concept of a secondary school housing grades 7 through 12 with opposite wings to separate grades 7 and 8 from 9 through 12, except for the common use of core facilities. It has the advantage of reducing duplication of facilities.

SUMMARY

The purpose of this report was to study the status of education as it currently exists. The foregoing sub-reports have attempted to accomplish that. Each report has ample information to justify its associated recommendations. However, the committee would like to emphasize some points.

In the elementary school the positive attitude and stability of the staff are commendable. We also commend the much improved janitorial services and school lunch program. Weak areas include a lack of the following: an adequate library, a physical education program, an introductory industrial arts and home economics program, guidance counseling, and coordination with Coe-Brown Northwood Academy, (CBNA), and space at the elementary school necessitating the use of Brookside School. The basic reason for most of these deficiencies is a lack of classroom space. Although there is no assurance of an increased student population, it is highly unlikely that any significant or sustained decrease will occur and the school is already woefully short of space. This committee recommends to the Northwood School District that a building committee be appointed at the 1982 district meeting for the express purpose of suggesting to the district an expansion program of appropriate size. We further recommend that the building committee report its findings to the school district by November 1982.

In the area of secondary education, the report deals primarily with CBNA because 85% or more of our children attend that institution. The remainder, with an occasional exception, attend Dover High School and the Area Regional Vocational High School usually to take advantage of studies and/or activities that CBNA up to now has not offered. In an effort to determine how to improve the offerings of CBNA, a joint meeting of this committee and the trustees of CBNA was held. It was recognized that it would be advantageous for all Northwood students to attend CBNA. That would occur if the academy would expand its offering to the extent that there would be no need for a student to attend a high school elsewhere. It is to that end that most of our recommendations are directed.

CBNA has an improved staff, largely attributed to Mr. Smith's efforts. Here too, the janitorial services are excellent. Additionally, it is noted that the board of trustees shows signs of hiring more responsive teachers than in previous years. The committee feels that CBNA is lacking in areas similar to the elementary school, i.e., library, vocational training (notwithstanding a good vocational agriculture program), guidance and counseling, special education, and additionally art and music. According to the trustees, the primary reasons for these deficiencies are a lack of space, small student population and inadequate funds. The space problem does not appear as acute as is the elementary school because CBNA has unused space available. Financial support may be lacking but the committee was unable to determine to what extent because the CBNA trustees have not seen fit to release such information. That fact in itself is regret-

able. The Northwood School District pays tuition money to CBNA currently approaching one quarter of a million dollars annually with no detailed fiscal accounting forthcoming. There has never been a detailed fiscal report from the Board of Trustees showing the amount and source of income, including that of the trust fund, or where that income is being spent.

The Northwood School Board and SAU #44, in the opinion of this committee, have not been forceful enough to assure that such accounting is available. Considering that the school district is a "customer" of CBNA, and considering the number of businessmen on the board of trustees, it seems inconceivable that such accounting, itemized bill if you will, is not routinely provided. When such accounting is provided and the board becomes more representative, then this committee foresees that a contractual arrangement between the school district and CBNA could be negotiated whereby the needed funds might be assured and an expansion program could be undertaken. Necessarily, such a program should be carried out with the close coordination of both parties in a fashion similar to that recommended in the sub-committee report, secondary education study.

In closing, the committee realizes that most of its recommendations will represent considerable expense. With the uncertainty of our economy, it would be easy if not convenient to disregard our responsibility to our children. As money gets tighter and unemployment increases, those most affected are the poorly educated or unskilled. Therefore, we must do our best to enable OUR children to achieve their fullest potential for the hard and competitive days ahead.
