TOWN WARRANT

State of New Hampshire

To the inhabitants of the Town of Orford, in the County of Grafton, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Orford, on Tuesday, the tenth day of March next, at nine of the clock in the forenoon, to act on the following subjects:

1. To choose all necessary Town Officers for the ensuing year. Also to choose one Selectman, one Trustee of Trust Funds, and one Library Trustee for the ensuing three years.

2. To hear the Budget of the Town and to raise and appropriate any money recommended therein, or to pass any vote relative thereto.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation for the same.

4. To see what sums of money the town will vote to raise and appropriate for Trunk Line Maintenance.

5. To see how much money the town will vote to raise and appropriate to insure town property.

6. To see how much money the town will vote to raise and appropriate for the use of electric lights.

7. To see how much money the town will vote to raise and appropriate for Orford Social Library.

8. To see if the town will vote to instruct the Selectmen to hire money in anticipation of taxes.

9. To see if the town will vote to continue the work of eradicating Pine Blister Rust and to raise and appropriate money for the same.

10. To see if the town will vote to dispense with the distribution of inventory blanks until the Selectmen appraise the property.

11. To see if the town will vote for the removal of snow from the town roads, and raise and appropriate money for the same.

12. To see if the town will vote to discontinue such portions of the Bakers Pond Road, as were not followed in the construction of the new State Highway, between the junction of said road and the Dame Hill Road, so called, and the Orford-Wentworth line.

13. To see if the town will vote to instruct the Selectmen to hire such sums of money, in excess of \$25,000.00 as may be needed to pay the town's portion of the construction of the Bakers Pond Road.

14. To see if the town will vote to turn any unexpended balances of special appropriations into the general funds of the town.

15. To hear the reports of agents, auditors or committees heretofore chosen, and to pass any vote relating thereto, and to transact any other business that may legally come before said meeting.

Given under our hands and seal, at said Orford, this 14th day of February, in the year of our Lord, nineteen hundred thirty-one.

WALLACE W. LUFKIN,
OLIN N. RENFREW,
CHARLES L. CUSHMAN,
Selectmen of Orford.

A true copy of Warrant—Attest:

WALLACE W. LUFKIN,
OLIN N. RENFREW,
CHARLES L. CUSHMAN,
Selectmen of Orford.

SCHOOL WARRANT

State of New Hampshire

To the inhabitants of the School District in the Town of Orford, qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the 10th day of March, 1931, at one o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.
9. To see if the district will appropriate one hundred dollars for administration expense.
10. To see if the district will appropriate seventy-five dollars to paint the hall at the high school.
11. To transact any other business that may legally come before said meeting.

Given under our hands at said Orford this 14th day of February, 1931.

ELLA L. HUCKINS,
ALICE M. BEAN,
FRED. J. SANBORN,
School Board of Orford.

A true copy of Warrant—Attest:

ELLA L. HUCKINS,
ALICE M. BEAN,
FRED. J. SANBORN,
School Board of Orford.

AUDITORS' REPORT

We have examined the books and other financial records of the School Board of Orford, of which this is a true summary for the fiscal year ending June 30, 1930, and find them correctly cast and properly vouched.

CHARLES L. CUSHMAN,
GILBERT M. THAYER,

Auditors.

July 14, 1930.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

January 22, 1931.

To the School Board and Citizens of Orford:

I hereby present my first annual report as Superintendent of the Orford School District.

Survey

The Superintendent assumed supervision of the schools of the district on May 1. It being so late in the year there was time only to familiarize himself with the problems of the district and to start a survey of the educational accomplishment of the schools. This was done at the Orford Street schools and Mt. Cube, and is being continued throughout the district. The Stanford Achievement Test of 762 responses covering a wide range of fundamental subjects is being used for the survey. Hundreds of children throughout the country have taken those same tests and averages determined for each grade so that we have definite standards with which to compare our own grades. These tests are valuable in determining the accomplishments of children within the grades and for prescribing remedial work. Although the survey is not completed, it is very apparent that the emphasis should be directed to increasing the vocabularies and comprehension of thought from the printed page. An authoritative investigation draws the conclusion in general that 80 % of the failures throughout the country above the sixth grade are due to deficiencies in reading ability. The question might be raised, how much does this retardation cost a community? The present policy of the supervision is to introduce "work-type" reading, to familiarize pupils with a working vocabulary, to read more purposefully, to comprehend accurately ordinary reading, and above all to develop a taste for good reading beyond classroom requirements.

Instruction

Three changes were made in the teaching staff this

year. Mrs. Josie F. Bean was appointed teacher of the grammar room and Kathleen Keith transferred from the East Orford school to the primary room. Carrie Bean was appointed to the East Orford school. The ranking of children has been reorganized somewhat this year. Public schools are educating for citizenship. Scholarship is highly desirable for good citizenship, but does not of itself constitute good citizenship. In determining ranks of students, dependability, initiative, promptness, ability to work with groups, etc., have been considered. As a result the good students have really been stimulated to do superior all around work. Experience with this system of marking has decreased non-promotion where installed. With the purpose of securing parent cooperation a notice of possible failure is sent home two weeks before report cards come out. This acquaints the parents with the status of the child in school and gives time for a sustained effort to pass. Cooperation is marked and is gratefully acknowledged.

Health

The district is fortunate in having a school nurse. Miss Underhill reports 62 home visits in addition to school visits. It is lamentable that so many parents apparently are unconcerned as to the notices of physical defects. According to the report of the nurse there were 176 instances of underweight, defective vision, defective teeth, diseased tonsils, defective breathing, etc. and only 43 of these were corrected. This is a correction of less than 25%. Children cannot do best work when suffering physical discomfiture, and furthermore, neglect of all these important matters often lead to physical handicaps throughout life. Is it fair to a child or a teacher to expect good scholastic results when a child is in poor physical condition? I venture the prediction that if the majority of physical defects were corrected it would act favorably on the scholarship of the district. *

Financial

It is reasonable to expect that the Board will have revenue sufficient to finish out the year, but the balance will be very small, and in my judgment too small a margin for the amount of business done. The budget for the

coming year has been carefully prepared and should be accepted, assuming that the district wishes to furnish modern equipment and first-class instruction to its children.

As a matter of fact it is impossible to efficiently operate the schools of the district very much cheaper. Five percent of the equalized valuation must be raised to secure State Aid. Approximately two-thirds of the budget is required directly or indirectly by law. Thirty-eight percent of the budget goes for teachers' salaries. In order to attract and hold good teachers the district cannot pay less than they can receive elsewhere for similar services. These teachers must present definite qualifications before they can be hired by law and with these qualifications they can command and are entitled to such salaries as they are receiving. Sixteen percent of the budget is for high school tuition. The district is required to furnish high school instruction and the present arrangement is efficient and at a moderate cost. Twelve percent of the budget is for transportation and obligatory. The contracts are put up for bids and there seems very little expectancy of reducing this charge. Two percent is for per capita tax, definitely fixed by law. Accordingly, as stated before, about 43 percent of the school budget is practically stable for legal and economic reasons.

The repairs and up-keep of buildings is, of course, large for the plants of the district. The high school building is very old and depreciation fast. In estimating repairs what seems to be a small job often develops into a larger one when work is started. It is reasonable to anticipate that until such time as the district can finance a modern building it must expect to appropriate an ample sum for repairs and up-keep.

I am of the opinion that the School Board is endeavoring to handle the finances carefully and conservatively, having in mind the efficiency of the school organization and the taxpayers.

Property

During the summer the assembly room and one small room of the high school were painted throughout. This improves the general appearance and light very

much. The East Orford school was painted inside and a new heater was installed at the Mt. Cube school. The heating equipment of the Orfordville school was put in good shape. A fire escape was installed at the Orford Street school. This leads from the primary room. It would be well to install another leading from the grammar room. Since the last report the district exchanged land with Mr. Mann so now there are good playgrounds in the rear of the Orford Street building.

Recommendations

It is the recommendation of the Superintendent that the Orfordville building be installed with a water supply not only adequate for the present enrollment, but also for the pupils at East Orford and Mt. Cube schools. At present sufficient water is only available for a fraction of the time. These three schools in my judgment should be consolidated. Two teachers could give the instruction of the three at present, and furthermore, teachers who have trained especially for upper and lower grades could be appointed. Larger classes would ensure more competition and possibilities for group work. As a general thing children do better work and get a broader education in a village than in a small rural school. There is a large room available at the Orfordville school. It would be reasonable to expect that there would be financial gain in the operation of the consolidated school. The objection of difficulty of winter transportation will be brought up. Drift fences will keep the roads open most of the time. Undoubtedly a day might be lost now and again, but this could be offset by special effort in attendance during good weather.

High School

The report of the Headmaster follows this. The work of the school is, in my judgment, motivating efficiently. The young people of the district and nearby towns are very fortunate to have the opportunity to pursue secondary education at home and under such competent instruction. This is greatly due to the personal supervision of the Headmaster, Gladys P. Twitchell, whose interest in every boy and girl in the school is

unique. The unqualified success of the Orford High School has grown largely out of the personality of Miss Twitchell.

Respectfully submitted,

ALLAN M. McCURDY.

To Supt. Allan McCurdy, Members of the School Board,
and Citizens of Orford:

I herewith submit my annual report of the Orford High School:

The high school opened last fall with a registration of 53, divided among the classes as follows: 9 Seniors, 11 Juniors, 13 Sophomores, and 20 Freshmen. Of that number 24 came from Orford, 16 from Fairlee, 10 from Lyme, 1 from Vershire, Vt., 1 from East Orange, Vt., and 1 from Washington, Vt. Since the opening of school two have moved away, two have left because they were unable to find a means of transportation from Lyme, and one left because of illness.

As we look back to the end of the first year when we had but 14 pupils we realize that the school has grown. In proportion to growth in numbers there has been an increase in equipment. Each year new reference books have been added and more supplies bought for the laboratory.

We greatly appreciate the improvement made during the summer in the main room and in one class room. The new paper and white paint make the room much lighter and greatly improve appearance. Dr. Viotor gave us some very good pictures which do much to make the room more attractive.

The boys both of the high school and the grades have appreciated the playground which was acquired by an exchange of land with Mr. Mann. It needs to be levelled off. The Rondo Club of Fairlee gave \$15 to be used for that purpose. We hope to raise more money so that the project of levelling it can be carried through.

We gave a play in November which was well supported by both Orford and Fairlee. The proceeds are to be used to defray the expenses of graduation.

One Saturday last spring the entire school was invited to Plymouth Normal School for a Field Day meeting, as Dr. Silver called it. At this meeting were present also the members of Hampstead and Dalton high schools, which are connected with Plymouth in the same way that this one is. Each school made a contribution to a literary program, and they also took part in athletic contests. It was an occasion which was much enjoyed by all. An invitation has been extended for a similar meeting this spring.

At the present time two of our graduates are at Plymouth Normal School, three at New Hampshire University, and one at a business college in New Jersey.

The first semester of this year we had four cadet teachers from Plymouth and one from Keene. This last semester all are from Plymouth. As I stated in my last report this plan of running the school as a training school is working out very well.

Respectfully submitted,

GLADYS P. TWITCHELL, Headmaster.
