By the oddest coincidence, I was at the 42nd TRK Co today for the first time in many, many weeks. But what did I find there? A letter from you addressed to me and post-marked 25 July 1951. I am enclosing the envelope so that you can see it was not sent to the 42nd by mistake. The letter came in about 3 August '51 and was held for me. It was addressed to me at the 42nd. But the odd thing about this coincidence is that on 3 July, the date of your letter's arrival in the 42nd, I was supposed to have reported there for duty. You see, I have again been transferred to the 42nd. I will sign for all property and funds and will assume.

2) Command as of Capt Johnson's departure on 8<sup>th</sup> August for Jaegu where he will report for duty as an instructor in a driver training school there.

I am not too happy about this assignment because I had hopes of coming home early, but now I fear the delay will be longer principally because I will need a replacement now, whereas before I was excess and would likely have gone earlier because of the need for no replacement.

I will move to the 42<sup>nd</sup> tomorrow and you may continue to address your letters to me there.

I am sending my Sears Roebuck radio home. It needs a battery and a few tubes. You

3/ are hereby requested to have it in good playing condition upon my return home as I shall keep it as a relic of my Korean experience. In the box (are also some candy, cigarettes, shaving lotion, chewing gum, soap, etc., items I get in the regular 3-day PX issue which I do not choose to give to anyone but my family. There will be other boxes following at intervals. Three boxes are already in the mails - having been shipped weeks ago.

Although the film has not yet arrived I received your letter stating that it is in the mails. What about the courier?

Received a card from Mother + Daddy Stanton. Please thank them for spreading good cheer. So, little Gretel wants to spank Daddy, eh? Well, make that will be better than jumping up and down

4) on my tummy when I lay down  
to relax.

Give both Gretel and Marilyn  
a big kiss & hug for me.

Tell Marilyn I shall be very  
proud of her progress in school.  
In fact when she learns to  
tell time, I shall buy her a  
watch — also Gretel when she  
learns.

Wish so much to see my  
entire & swell family, Mother  
and both daughters
