Warrant

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Errol in the County of Coos in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Errol on Tuesday, the fourteenth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see what sum of money the town will vote to raise for the public library.
4. To see what sum of money the town will vote to raise for the fire department.
5. To see what sum of money the town will vote to raise for the police department.
6. To see what sum of money the town will vote to raise for the town poor.
7. To see what sum of money the town will vote to raise for Old Age Assistance.
8. To see what sum of money the town will vote to raise for the cemetery.

9. To see what sum of money the town will vote to raise for the White Mountains Region Association.
10. To see what sum of money the town will vote to raise for the health department.
11. To see what sum of money the town will vote to raise to paint and repair the town hall.
12. To see if the town will vote to buy an electric pump and sufficient pipe to pump water from Clear Stream for town use in case of failure of local system supply.
13. To see what sum of money the town will vote to raise for the services of a resident physican.

Given under our hands and seal, this 25th day of February, in the year of our Lord, nineteen hundred and fifty.

MERIT W. BEAN

FOREST FIRES—OUR MOST SHAMEFUL WASTE

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire loses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forest provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.

3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

1949 Fire Record: Number of fires, 2; acreage burned, 114; number of fire permits issued, 11.

BERT BRAUN
Forest Fire Warden

E. R. BUCKLY
District Chief

REPORT OF THE SCHOOL DISTRICT

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Errol, in the County of Coos, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said District on the 14th day of March, 1950, at 1:30 o'clock in the afternoon, to act upon the following articles:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.
6. To choose an Auditor for the ensuing year.
7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are

estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

8. To transact any other business that may lawfully come before said meeting.

Given under our hands at said Errol this 6th day of February, 1950.

IVAN W. ARNO
LUCILLE GARROW
MARGARET HAWKINS

<hr style="border-top: 1px solid black;"/>					
	6	9	9	7	14
<hr style="border-top: 1px solid black;"/>					
Total	62	61	65	68	75

Mr. Philip Pratt, a graduate of the University of N. H., and with teaching experience in West Lebanon, was elected as headmaster and teacher of Mathematics and Science in grades seven through ten. Mr. Pratt replaced Mr. William E. Bigelow, who resigned to accept a position in Littleton, N. H.

Miss Beverly McCarthy, a graduate of Keene Teachers' College, was elected to fill the vacancy caused by the resignation of Mrs. Lila Nutbrown.

Miss McCarthy teaches English and Social Studies in grades seven through ten.

Mrs. Shirley Hawkins and Mrs. Esther Bean returned to teach in the primary and intermediate grades. Mrs. Bean attended summer school at the University of N. H.

Once again our noon lunch program is fortunate in having the capable services of Mrs. Bragg. Practically all the children in school eat their noon lunch at the cafeteria where they are assured a well balanced nutritious meal.

A change from coal to an oil burning unit will, over a period of years, prove most beneficial. It is generally conceded that oil heat is a little more expensive. However, this expense will be offset by the saving in expenditures for janitorial service.

Teachers from this entire "north country" area met in Groveton on September 30th to participate in a program designed to illustrate the many uses of audio-visual aids in classroom work. At the request of many teachers an in-service course in Audio-Visual Education sponsored by the University of N. H. Extension Service and taught by Mr. Austin V. Olney, has been offered during the first semester.

In the last half century, public education has more nearly portrayed the best in democratic practices than any other single agency. The structure of public schools is indicative of this practice since education is available through public support to all children and youth from kindergarten through senior high school and in many states from nursery school age through junior colleges.

The tremendous progress in the fields of art, science, medicine, business, government—yes and even of fighting wars and subsequently of establishing and maintaining a just and durable peace—to all

these—public education has been the greatest single contributor.

Public education has been alert to the many changes in social and scientific progress and has continuously been striving to provide every boy and girl with full opportunity for growth and development for citizenship in a democratic society. The role of public education has been expanded and a sincere effort has been made to meet the requirements of this changing social order. How well schools have succeeded in meeting these requirements is revealed in the remarkable development of our nation.

The early leaders of our country agreed that the success of our democratic form of government was dependent upon the education of all the people, thus free public schools were established. State constitutions placed responsibility upon future generations for the continuing development of education, and education became a function and responsibility of the state, since it alone could best overcome the wide variances among local school districts to adequately support education. Throughout our nation, states have accepted this responsibility and have increased substantially the amount of state funds redistributed for school purposes. Our state of New Hampshire embarked upon an austerity program and decreased the amount of state support by over one and a half million.

Errol, unlike most communities in the state, has received a little more in state aid this year, but the overall objective of providing educational opportunities for the welfare of all the children in the state has not been achieved.

I wish to express my appreciation to the citizens of Errol for their liberal support of our schools, to the School Board members for their guidance and assistance in the administration of school affairs, and to

the teachers for their splendid cooperation and conscientious service.

Respectfully submitted,

DAVID APPLETON

Superintendent of Schools

SCHOOL CALENDAR

1950-1951

Fall term begins September 6, ends December 20.
 Winter term begins January 2, ends February 16.
 Spring term begins February 26, ends April 20.
 Summer term begins April 30, ends June 15.
