TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Lancaster qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Lancaster on the second Tuesday of March, next at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose a Town Clerk, a Town Treasurer, one Selectman for three years, one Trustee of Trust Funds for three years, one Library Trustee for three years, three members of the Col. Town Spending Committee for three years and other necessary officers for the ensuing year.

2. To raise and appropriate such sums of money as may be necessary for Town Officers' salaries, Town Officers' expenses, Election and Registration expenses, Municipal Court expenses, expenses of the Town Hall, Police Department, Fire Department, Damages and legal expenses, Health Department, including Dental Clinic, Vital Statistics, Sewer Maintenance, Town Maintenance, Street lighting, Town Road Aid, White Mt. Regional Association, Library, Town Poor, Old Age Assistance, Memorial Day, Parks and playgrounds, Cemeteries, Garbage Collection, Defense, Interest on Temporary Loans, Interest on Long Term Notes, Sidewalk Construction, Repairs to Mechanic Street Barn, New Equipment, Payment on Long Term Notes, and other town expenses.

3. To direct how money raised for the above purposes be expended.

4. To see if the Town will vote to authorize the Selectmen to hire money on temporary notes in anti-

icipation of taxes, covering period from March 14, 1944 to the Annual Meeting of 1945.

5. To see if the Town will vote to authorize the Selectmen to administer or dispose of any Real Estate acquired through Tax Collector's deeds.

6. To see if the Town will authorize the Selectmen to distribute the blank inventories at the time they examine and appraise the property to be taxed.

7. To see what action, if any, the Town wishes to take in regard to the wood situation for the ensuing year.

8. To see if the Town will vote to close the Fred Libby road from the main road near Carl Rickle's to the end of the road on the Libby Farm, making this road subject to Gate and bars.

9. To bring in your votes for the election of Delegates at Large, Alternate Delegates at Large, Delegates and Alternate Delegates to the National Conventions of the various political parties to be held to nominate party candidates for President and Vice-President of the United States.

10. To transact any other business which may legally come before said meeting.

Given under our hands and seal at Lancaster, this 26th day of February, 1944.

District Nursing Service

1st January, 1943, to 1st January, 1944

To the Board Members of the Public Health

Nursing Committee:

The Board Members met very often during the last year in order to reorganize the Public Health Nursing Service, as due to the pressure of war work. The Red Cross Nursing Service withdrew from its supervision.

The new contracts were drawn up, accepted by the Selectmen, School Boards, Medical Advisory Committee, and same was signed and recorded in the Town Books.

The work has been carried on with the same spirit as other years "To Serve."

CHAIRMAN'S REPORT

One of the traditional American customs is for the individual to start early in life in making a provision for a rainy day. This tradition has been handed on from generation to generation for a number of years. While Americans are blessed with the highest standard of living of any group in the world most parents have inculcated into the minds of the younger generation the wisdom of laying aside part of their earnings for that time in their life when either they can no longer earn, or to meet a misfortune such as sickness. This type of philosophy has

made America what it is and has developed in its citizens two great characteristics. First is the wisdom of thrift and second the wisdom of security. While not all individuals accomplish this objective, practically everyone strives toward it and their success or failure in life is frequently measured by their fellow citizens by the degree to which they accomplish this objective.

Those of the older generation realize keenly the wisdom of this philosophy, having either experienced or witnessed misfortune among their fellow men, or the necessity of a financial reserve for old age.

A community is nothing more or less than a group of individuals and a philosophy which is sound for an individual is equally sound for a community. A reserve in a community is so rare that very few communities have one. Its value, however, in meeting emergencies for groups in a community is just as valuable as meeting emergencies for an individual.

Lancaster was extremely fortunate in finding itself in possession of such a reserve endowed in such a fashion that this reserve will continue over an indefinite period of time. Our community like other communities has been and still is passing through a rainy day. Because of the reserve made available by one of its former citizens, Lancaster has been able to maintain and enjoy some of the things that might not have been possible without this reserve.

Prudence in the exercise of the use of this reserve is extremely essential. While it has been in existence only a matter of a few years, the citizens of Lancaster have learned to use it as it was intended, something that was left not to a group, not to a committee, but to each resident of the town. It is their fund, not someone elses.

While the town felt that the way to administer this fund was through a committee of nine, the committee's actions have been and will continue to be influenced by two forces. One is the exact stipulation as outlined by the benefactor in his will and the other the wishes of the majority of the people toward a given project.

The first course is rather definite and clean cut. The second carries more opportunity for difference of opinion. It is absolutely impossible for any committee to establish a project that will satisfy everyone. The likes and dislikes of the young differ from the likes and dislikes of the elders. The likes and dislikes of the athletic-minded differ from the likes and dislikes of the literary or classic. The committee has up to the present endeavored to establish a variety of projects some one of which might appeal to every citizen of the town. It is possible that some people might be interested in more than one project. It is the committee's ambition that everyone might be interested in at least some one project. Remember that while you may see no merit in some appropriation that others may wonder why the committee aids in the project that interests you. In short we have to consider all the community and its varied special interests.

The townspeople have been extremely generous and charitable in their cooperation with the committee in its effort to carry out this program. Whether or not the committee's effort has entirely measured up to the citizens' expectations, the fact remains that we are a favored group in being privileged to have anything at all in the line of luxury during this strained period.

This privilege extended to the Town of Lancaster, we owe to the Town's greatest benefactor, Colonel Francis L. Town.

Respectfully submitted,

DAN A. O'BRIEN,
Chairman.

Secretary's Report

The Colonel Town Spending Committee for 1943 was composed of Miss Evelyn Moyle, Enos G. Fay and Dan O'Brien, whose term of office expires in 1944; Mrs. Katherine Lane, Carroll Stoughton and Elmer Dickey, whose term of office expires in 1945; Dr. William M. Bronson, Louis E. Bragg and O. Leo Connary, whose term of office expires in 1946.

At the first meeting of the Committee, the following officers were selected for 1943: Dan A. O'Brien, Chairman; Enos G. Fay, Treasurer; and Miss Evelyn Moyle, Secretary. The following subcommittees were appointed to serve for the ensuing year: House Committee, Dr. William Bronson, Chairman, Enos Fay, Miss Evelyn Moyle; Field Committee, Carroll Stoughton, Chairman, O. Leo Connary, Dan A. O'Brien; Camp Committee, Louis E. Bragg, Chairman, Mrs. Katherine Lane, Elmer J. Dickey; Scholarship Committee, D. M. White, Chairman, Enos G. Fay, Carroll Stoughton. The contract with the Daleys as superintendent and matron of the house was renewed for the year.

Largely due to the war, the activities of the Spending Committee during the year were probably the least active in its history. While the Committee had some rather concrete plans, particularly in relation to improvement of the physical properties at the camp, the war restrictions made such action impos-

sible. In 1942 the house at the camp had been removed, the ground had been graded and certain developments planned for 1943. These improvements were not missed as much as would have been the case had people been granted all the necessary gasoline which would have made the use of the camp more a part of the life of the people of the town.

In 1942 in cooperation with the OPA the heating equipment in the house was converted from oil to coal and the house was operated with coal during the winter of 1942 and 1943. Due to the fact that there was more oil available in 1943 than coal, the heating equipment in the house was re-converted to oil. Because the amount of oil available has been definitely restricted, the facilities at the house have had to be correspondingly restricted such as closing the third floor and temporarily closing the basement which houses the bowling alleys and pool tables. However the main portion of the house has been maintained in operation during the year.

During the year Mr. Grondin, who originally established and has maintained the skating rink in Lancaster, passed away. While the Spending Committee had assisted Mr. Grondin with the rink, the responsibility as far as maintenance, supervision, etc. had been assumed wholly by Mr. Grondin. With the passing of Mr. Grondin during the summer of 1943, the continuation of the skating rink was a problem which faced the town. It was the feeling of the Spending Committee that it could be assumed by the Col. Town Fund. At a meeting of the Committee it was voted to assume this responsibility and endeavor to find some group or organization in the town that would assume the management and supervision of the rink with the Colonel Town Spending

Committee providing the necessary finances. The Lancaster Board of Trade accepted this responsibility and the rink has been operated during the winter under the leadership of this group.

The Scholarship Committee under the able guidance of D. M. White has performed one of the most useful functions of the Committee. The group of young people it has assisted in the past are now repaying loans at a faster rate than the demands on the Committee for future scholarships. This Committee has been able to carry on its work for quite some years without making any demands upon the general fund. The experience of the Scholarship Committee in relation to the re-payments has been extremely satisfactory and indicates the high type of young people who live in the town of Lancaster.

The Committee has not passed through this war period without experiencing the effect of demands for men in the Armed Services. Elmer J. Dickey, a member of the Committee, was called into the Armed Services. His place was not filled during his absence, the Committee carrying on with eight members. During the year Mr. Dickey was honorably discharged and has resumed his responsibility as a committee member.

Respectfully submitted,

EVELYN MOYLE,

Secretary.

HOME FOOD PRODUCTION

Patriotism, prudence, and protection of health combine to urge that in 1944 every family produce and preserve for home consumption as much of the family's yearly food supply as possible. Home food production will assure our own food supply, will release more foods for the armed forces and lend-lease, will help meet the national goals, and will relieve transportation, labor and equipment shortages.

To help families with their plans for food production and preservation at home, the University of New Hampshire Extension Service lists the following free bulletins for your use:

REPORT OF THE SUPERINTENDENT

To the Honorable School Board and Citizens of Lancaster School District:

Teachers

Three of our teachers resigned last year after several years of faithful service. Mrs. Dorothy Barnett left in March and Mrs. Evelyn Howe took her place. Mrs. Howe is a graduate of Plymouth Normal and has had two years experience in the Laconia schools. In June, Rena B. Savage and Helen S. Martin resigned to join their husbands who were working in defense areas. Mrs. Ella M. Underwood, a former Lancaster teacher, took charge at Elm Ridge, and Mrs. Lawrence Hall, a graduate of Plymouth Normal, at South Lancaster.

Enrollment

The number of pupils in the rural schools continues to drop, but the number attending in the Union district shows an increase due to the families living on the upper end of Summer Street and the Causeway. The exact enrollment figures are shown in Table II.

Repairs

Only minor repairs were made last summer due to shortage of labor. Major repairs on foundations will be made as soon as possible.

The War Situation

The teachers and pupils have taken an active part in the war effort, by helping in a commendable manner during the rationing programs, the drives for scrap, and the purchase of war stamps and bonds. Schools have operated this year under severe winter conditions with much sickness due to colds and grippe.

Conclusion

The Superintendent wishes to express his appreciation to all concerned for the helpful cooperation in maintaining the schools under the trying conditions of the present day.

Respectfully submitted,

WM. G. FULLER,

Superintendent.

REPORT OF SCHOOL COMMITTEE

At the annual meeting of the Town School District in March, 1943, Ralph D. Shute was re-elected for the three year term. The rural schools have performed in a commendable manner under difficult conditions caused by a severe winter and the impact of the war situation.

Librarian's Annual Report

There is very little to report of Library activities for 1943. The circulation is not up to the mark, owing in part, to the lessened population of the town due to World War enlistment. One hundred and five books were added to the Library, eight being gifts. Of this number 65 are fiction, and 40 non-fiction, as the list is given in the Town Report. War books predominate, and most of the fiction are war stories.

A most useful and much needed acquirement is a set of 30 volumes of the Encyclopedia Americana.

The circulation has totaled 9,777 for the year, 2,242 being non-fiction. One outstanding book is "A Sense of Humus" by Bertha Damon, who surely has a sense of humor. A beautifully written book is, "And They shall Walk". It is the life story of Elizabeth Kenny, an Australian nurse, who has evolved a new treatment of Infantile Paralysis.

Since January 1st, owing to shortage of coal the Library closes at 6 P. M. and is not open in the evening except on Saturday.

In November the Christian Scientists engaged Wingate Hall to hold their meetings in during the winter months. French doors have been put in the entrance from the stairway to the hall, shutting out much cold air from the outside door, a much needed improvement.

There has also been a change in the Board of Trustees, the retirement of Mr. James L. Dow, Treasurer for 25 years, and his place filled by Rev. Wm. H. Crouch. Also Mrs. Emily Holton, who is making her

home in Boston for the present is succeeded by Mrs. Louis Bragg.

Fines turned over to the Treasurer amounted to \$80.00.

Juvenile Library Report 1943

From the sum of \$150.00 given the Juvenile Department of the Weeks Memorial Library, 83 new books were bought the past year. Of these 13 were replacements of standard books worn out. There were also 13 gift books received and greatly appreciated.

Children's Book Week celebrated its 25th anniversary this year during the week of November 15-20. New books were on display in the Juvenile room, where there was also a large map of the world with each of the allied countries made outstanding by the use of miniature flags and books telling the story of each country, written especially for the younger and teen age boys and girls.

Because of the transportation problem no district library meetings were held this year, although the different librarians carried on considerable correspondence to exchange ideas and suggestions.

The mothers of the pre-school age children are coming to the library more frequent than ever to borrow books for their younger ones. The district school teachers continue to use the library to borrow books to circulate among the children of their schools who are unable to come themselves to enjoy the library.

The Bookmobile continues to come at various intervals to loan to us books we want and do not have, which of course is greatly appreciated by the librarians and public alike.

Our circulation for the children's library this year was 6,423, which we feel is worthy of comment, taking into consideration the number of families which have moved, and we do hope that as many, if not more, children will take advantage of the chance to enjoy our library this coming year.

Fines turned into the Treasurer amounted to \$10.00.

Respectfully submitted,

BARBARA S. MAHURIN,

Juvenile Librarian.
