Juvenile Court	5

Several burglaries were committed in Town this past year and were cleared by this department. The use of the Radar was increased this past year in hopes cutting down on the speeding problem. We were aware that a lot were beating the Radar by the use of Radar Detecters. In December a used Radar unit was purchased for \$407.24, a new one like it runs about \$1800.00. This one can be used as a moving unit, and also has a squelch feature which defeats the so-called "Fuzz Busters".

This officer was first elected to this office in 1963, the 200th birthday of our town. Now it is 1988 and the town is getting ready to celebrate its 225th birthday. We have noted many changes in law enforcement in the past twenty-five years. One being an officer has to be certified by the Police Standards and Training Council. This can be expensive for a town. For a full-time officer it requires ten weeks at the Academy in Concord. Minimum cost to a town of \$3000.00. For a part-time officer it is required that they have a minimum of eighty classroom hours. This would run a minimum of \$700.00 plus equipment. The selectmen appointed Barry S. MacDonald an officer in town this year. This incurred no expense for training as he had been thru the Police Academy for another town.

Forty-two pistol permits were issued this year at \$4.00 each, totaling, \$168.00. Of this amount \$50.00 was spent for radio installation leaving a balance of \$118.00.

The alloted 500 hours were used up by the end of November. 507 hours were charged to the Town and the 42 hours worked in December were worked gratis.

Respectfully submitted, JOHN H. MacDONALD Chief

ANNUAL REPORT OF MOUNT MOOSELAUKEE HEALTH CENTER - 1987

1987 was a year of continued growth for the Mount Mooselaukee Health Center. The annual number of users increased to 1,215, of which 354 were first-time users. Visits by children, ages 2 months to 6 years, to the Well-Child Clinic (partly funded by the New Hampshire Bureau of Maternal and Child Health) numbered 207 while 64 were enrolled in the twice-a-year dental clinic (provided by the New Hampshire Bureau of Dental Health) for children 3 to 6 enrolled in the Well-Child Clinic. 389 free blood pressure checks and 97 at-cost flu immunizations were administered this year.

In line with this growth our requirements have grown and with the help of a very successful fund-raising campaign plus a generous anonymous matching-fund donation we have been able to replace our outdated phone system with an efficient one, add a much-needed telephone line and enlarge the office/reception area to provide more space for our staff and patients.

With the termination of federal funding in late June of 1988, as reported last year, one of our most serious challenges faces us. At that time Dr. William Hernandez will join practice with Dr. Kevin Young in Plymouth. The doctors have agreed to continue to provide health-care at the Center on a part-time basis. Success of this arrangement will depend upon the support given by the towns of Warren, Wentworth and Rumney, as well as the availability of grant money, which is being investigated. Fund-raising activities and donations will continue to play an important role in maintaining the operation of the Center.

We are indebted to the dedicated people who take part in the day to day operation of Mount Mooselaukee Health Center, such as our unpaid administrator, Faith Mattison, Dr. Hernandez, our staff and volunteers. They are the backbone of the Center. We now ask for your assistance so that we may continue to serve you.

JOSEPH PATCH LIBRARY

Circulation for 1987 totaled 5,065 books and magazines, an increase of more than 12% over the previous year. Of this total 820 represented the books borrowed by Warren School children during their visits throughout the spring and fall. Circulation figures break down as follows:

Adult	Adult	Children's	Children's	Magazines	Total	No. of
Fiction	Non-Fiction	Fiction	Non-Fiction			Borrowers
1844	612	945	568	1096	5065	1895

The library acquired 169 books, 23 by gift. The remainder were purchased with funds provided by the Town, income from the Henry M. Bixby Fund and other invested funds, a state appropriation, fines, book sales, and gifts. Magazine subscriptions total 28.

During the year the State Library discontinued its service of lending books in quantity for extended periods (the successor to the one-time bookmobile service), a severe loss to a library of our size, and particularly to regular readers. The State Library does, however, continue to fill specific requests. This past year over 50 such requests were filled, some for recreational, others for educational purposes, on a wide range of subjects.

The library's collection of print material is augmented by materials supplied by the Baker River Audio-Visual Center. Recently this service has been extended to include a rotating collection of non-commercial video cassettes. The center has also supplied the library with a new cassette recorder/player which may be borrowed by adults.

To improve the library's financial situation, the trustees in the course of the year effected the sale of some long-held Canadian stock on which the library was paying a non-resident tax as well as losing income on the rate of exchange. The funds have been reinvested in a certificate of deposit.

The year also saw the completion of the basement renovation project. An independent savings account of 265.89 was transferred to the library account and a final bill of 321.54 was paid at a net cost to the library of 55.65. All other funds for windows, walls, floor, lighting, and shelving were raised from private donors.

The library welcomes suggestions and recommendations for additions to its book collection and magazine subscriptions. All ages, all interests are welcome. We urge you to make use of your library.

GRAFTON COUNTY COMMISSIONERS' REPORT

Budget for the current fiscal year is \$8,947,343. Town taxes to the County average 6.7% or \$2.21 per \$1,000, of the property owner's tax bill. The major portion of county expenses goes to the operation of the Nursing Home (39.69%) and to human services programs for the elderly, disabled, nursing care and children (26.86%).

REGISTERY OF DEEDS had gross income of \$3,630,159 in 1987. The total number of documents processed in 1987 was 29,983. \$3,184,982 was received in transfer tax, of which 96% or \$3,057,584 went to the State of NH and 4% or \$127,398 was retained as county income. Other receipts include recording and copy fees in the amount of \$445,177. Total income to the County was \$572,575 compared to a total of \$3,057,584 paid to the State, although the County is liable for 100% of all operating costs.

HUMAN SERVICES: Old Age & Disabled grant programs remain fairly constant with the elderly program averaging 100 cases at \$4,800 per month and the disabled averaging 225 cases at \$21,000 per month.

<u>Intermediate Nursing Care</u> case load increased with SB-1 where the County became responsible for all INC cases and eliminated town liability. INC cases now average 255 at \$110,000 per month, a rapidly increasing cost to the counties with savings to the towns.

Children and Youth Services also became a county liability under Senate Bill 1, with counties reimbursing the State 25% for all child service costs. It is impossible to give accurate figures for child expenses, as they are rapidly increasing monthly. Current accounts reflect 130 to 150 cases costing from \$64,000 to \$75,000 per month. (At the beginning of this fiscal year, we had approximately 120 cases at about \$50,000 per month.) The County has 25% funding liability of child placement costs and we are taking an active interest in the needs of children in Grafton County.

Social Service agencies receive \$247,217 or \$4.03 per capita, to provide much needed services for home health, mental health, developmentally disabled, senior citizens transportation and nutrition and many other valuable programs.

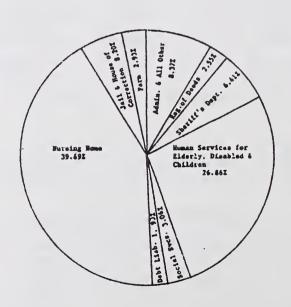

CORRECTIONAL FACILITY is increasingly over populated, now averaging 58 inmates per day and frequently housing 60+. The current cost of operation is \$28.63 per inmate per day. We have contracted with an architect to present design and cost for a 34 bed addition. Schematic designs and price estimates are expected by mid-January to go out for bid by late January with bid results due in by the end of February. Funding issues should go to the delegation and public in March with anticipated ground breaking in April.

GRAFTON COUNTY NURSING HOME for intermediate nursing care is licensed for 136 beds and is about 80% reimbursable. FY 87 cost per patient day was \$68.78 with \$58.87 reimbursed by Medicaid.

GRAFTON COUNTY FARM continues to be self-supporting and provides work for inmates as well as offering access for experimental agricultural projects. This is primarily a dairy farm with an average herd of 170, but also grows produce for the nursing home.

GRAFTON COUNTY COMMISSIONERS meet weekly on Wednesdays. We encourage public attendance and welcome facility tours. We are deeply saddened by the deaths of Commissioner Arthur E. Snell, Dist. #2, and Commissioner Leonard Anderson, Dist. #3, early this year.

GRAFTON COUNTY COMMISSIONERS: Dorothy Campion-Corcoran, Chairperson Everett Grass, Clerk Betty Jo Taffe, Commissioner

NORTH COUNTRY COUNCIL ANNUAL REPORT

North Country Council was extremely busy in 1987 as it continued to provide a wide range of assistance to North Country communities.

As a regional non-profit, public agency chartered under NH RSA 36:45, the Council is responsible for assisting its member communities in local town planning, regional planning, economic development and numerous other community services. In addition to the direct assistance the Council provides each member community, it is an advocate for all North Country towns in legislative and funding issues with the state and federal governments.

The North Country is experiencing tremendous growth and development pressures. The Council is dedicated to assisting towns with the impacts associated with these pressures. In order to more efficiently serve its membership, the Council has assigned a staff person to respond to each town's request for assistance. In this way, continuity between the town and the Council is ensured and the overall effectiveness of the Council is increased.

In Warren, the Council coordinated the Pemi-Baker Solid Waste District planning efforts and provided information regarding recycling. In addition, NCC provided the Planning Board with information regarding subdivision review.

The Council again provided information and guidance to many towns on federal and state grant and loan programs. This past year the Council administered over \$6.7 million in Community Development Block Grant funds in fifteen communities. The funds were used for housing rehabilitation, downtown revitalization, public facility improvements, business revolving loans, and feasibility studies for housing rehabilitation and public facility improvements.

The Council has taken an active role in addressing the affordable housing issue in cooperation with member communities. The Council is presently administering a regional housing rehabilitation program which is making 358 housing units available to eligible North Country residents.

Community planning assistance has emphasized master planning and improvement in local and use controls. New state mandates and commercial and residential growth in several towns have created busy work loads for planning boards. The Council's assistance takes many forms: regional workshops, newsletters, regulation review and update, and assistance on a regular or onetime basis for subdivision and site plan applications.

The Council sponsored four industrial development workshops for local economic officials. The workshops provided information on business recruitment, marketing and working cooperatively with federal and state officials to promote community economic development.

The Council again co-sponsored the Municipal Law Lecture series with the NH Municipal Association. The Law Lecture this year covered local planning board procedures, administration and enforcement of ordinances, growth management and review of recent court cases and state law changes regarding local land use planning.

Overall, the Council's major objective is to work with North Country towns in solving local and regional problems. We rely on and appreciate the involvement of town officials and residents and look forward to assisting your town this coming year.

TRI-COUNTY COMMUNITY ACTION

January 13, 1988

Warren Selectmen Warren, NH 03279

Dear Selectmen,

I would like to take this opportunity to thank you for the support that you and the Town of Warren has shown our agency through the funding support that we received from your town in 1987.

Because of the funds that we received from your town and those of the other towns in the Woodsville Outreach area, we were able to keep the Outreach open full time and therefore continue helping people in your town with programs such as Fuel Assistance, Weatherization, Green Thumb, Cheese and Butter Distributions and other Outreach services.

Again this year, we would like to ask for your support. Because we have experienced a drastic budget cut federally, we would like to ask that the amount of \$600.00 be appropriated to Tri-County Community Action for our 1988 expenses.

During the 1986-87 fuel assistance program, 28 Warren families received \$13,059.00 in fuel assistance benefits.

We want to be able to continue to provide these services as efficiently as possible. I will be very happy to hear from you if you have any questions. Please let me know if you would like to attend a Selectmen's meeting in order to better outline our agency and the services we offer.

Sincerely yours,

DANA FULLERTON
Outreach Coordinator

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with <u>your</u> help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest tax law may be violated, call your Forest Fire Warden, or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

The past year was one of minimum expenses. Our cash balance is very good. Hopefully, the South Main Street Water District users will not be taxed again. This could have been taken care of with cooperation as this was a first since 1945. Hope to see more faces at the Annual Meeting.

WHITE MOUNTAIN MENTAL HEALTH & DEVELOPMENTAL SERVICES 1987 Director's Report

We are pleased to announce that, during this past year, we received a three-year J.C.A.H. (Joint Commission on Accreditation of Hospitals) accreditation for all programs offered through our agency. In addition to the work involved in "gearing up" for the accreditation, we have also initiated several program changes. They include the following:

- Expansion of Respite Services We offer a period of respite to families of developmentally disabled or mentally ill clients. This is done by assuming the responsibility of care of the client for a brief period of time (usually 24-48 hours). This is done either in the client's home or in the home of the individual who is providing the respite service.
- Initiation of Apartment Supervisors During this past year, we have been involved in the screening and hiring of individuals to assist clients currently living in the community. This creative program involves staff working with clients in their own homes or apartments in an effort to enhance their ability to live independently.
- Expanded Work Sites We have increased the number of work sites within the community in which we have clients placed. The expansion of this program has afforded us the ability to offer more variety of work to our clients.
- Transitional Employment This is a new program which has been initiated through a Vocational Rehabilitation grant. The program involves working individually with clients who are job ready. We locate suitable employment and provide support to help them transition into jobs which they will maintain independently from our agency.
- These program efforts have been made in addition to our existing and very active services. Our activity in the more traditional services remains very constant.

<u>Mental Health Services</u> – We operate one full-time and three part-time offices. The full-time office is located in Littleton at 16 Maple Street. The part-time offices are located in Woodsville at Woodsville Clinic, in Lincoln at the Lin-Wood Medical Center, and in Lancaster at Weeks Memorial Hospital.

Last year, we provided the following services to our twenty-two town catchment area:

- Children's Services Evaluations of children and/or their families, as well as treatment (therapy).
- Adult Outpatient Services Psychiatric, psychological evaluations, treatment (therapy) including individual, conjoint, family and group services. Annually, we do

60% of our treatment with this population. We recorded 5,674 visits for children and adult services.

- Emergency Services We operate a 24-hour-a-day phone line to respond to psychiatric emergencies. Last year, we responded to 700 crisis calls through our emergency services.
- Inpatient Services We provide inpatient services through local general hospitals and a psychiatric inpatient unit (8 beds) in Berlin. We also make referrals to private hospitals and New Hampshire Hospital.
- Case Management Services which help to keep clients in the community who otherwise might need institutional care. We had over 2,000 contacts in this supportive service program.
- Alcohol Services Individual and group services to individuals with alcohol or drug problems.
- Partial Hospitalization A day program for clients in need of more intensive services, including: therapy, vocational training, skills for independent living, and working with the clients to integrate into the community. This past year, we provided 4,742 hours of service to clients in this program.

Developmental Services

- Early Intervention Home based service for 0-3 year old children who are delayed in their development. Services include: screening, assessment, treatment, and referral. Last year, we served over sixty-five families and provided over 1800 hours of direct service.
- Day Habilitation Program Provides instruction to our most severely impaired adult population. The program works in conjunction with their residential programming as well as providing training and instruction in self care skills, prevocational skills, paid work, and other therapeutic services such as speech therapy and physical therapy. This program has been primarily used by former Laconia State School residents; however, we have or have had community clients who have been in the local school systems.

It is planned that by January 1988 a Day Habilitation Program, to be located in Pike, will be operating to provide services to the Haverhill area. Currently, it is planned that it will serve six individuals from that area.

• Supported and Competitive Employment – Provides training, instruction, and work adjustment for vocational and job needs. Paid work opportunities for the individuals can take place either in the community or in the Workshop itself. The programs have been successful in meeting their objectives and are popular with the individuals who have participated. Respectfully submitted,

DENNIS C. MACKAY Area Director

MASCOMA HOME HEALTH SERVICES

For nineteen years Mascoma Home Health Services has provided home and community health care. We have attempted to meet the needs of the residents of the communities we provide care to, but also to be circumspect in how resources were used to accomplish this goal.

This year in recognition of the need young mothers living in isolated areas had for support, education and help with parenting, a Mother's Support Group was started. It meets twice monthly at the Mt. Mooselaukee Health Center. Here young mothers can learn and share ideas about child care and parenting. The Child Health nurse leads the group and prepares the programs with help from a volunteer. Thirteen families have attended the group sessions.

Parent Aides have also been made available to families in the Warren-Wentworth area. Parent Aides can model healthy parenting skills through a one-to-one nuturing relationship, home management skills can be developed, and community resources explored. The parent aides have made 79 home visits to 4 families.

The visiting nurses, therapists, home health aides and homemakers have made 101 home visits to 8 individuals in the town of Warren. It is this kind of care that has delayed and often prevented the need for institutional care, and allowed people to remain in the security of their own homes.

Thank you for your support of the programs Mascoma Home Health Services offers. Working together to provide quality care for your community is what we strive to do.

PLYMOUTH AREA TASK FORCE Against Domestic Violence

January 12, 1988

Budget Committee Town of Warren Warren, NH 03279

Dear Budget Committee Members,

On behalf of the Plymouth Area Task Force Against Domestic Violence I would like to thank you for your past support. Last year your generous contribution helped to provide direct services including legal advocacy (assisting victims in obtaining temporary and permanent restraining orders), temporary emergency shelter, transportation and food.

The Task Force was formed because of the growing need for a group that could provide direct services to adult victims of domestic violence. These services include but are not limited to advocacy, 24-hour crisis line, child care, safe homes and transportation. We are also committed to promoting public awareness of the problem of domestic violence. Currently, we are investigating adding rape services and as of July 1987 we hired a legal advocate to assist our clients with court procedures. At the close of last year we had served over 230 victims of domestic violence and their families.

This year we are again requesting \$200.00 from the town of Warren to further support our services to adult victims of domestic violence. It is our hope that we may only improve our future services to your community.

If you have any questions or need further information please feel free to call me at 536-3423.

Again, thank you for your continued support.

Sincerely,

ANDREA LEE Director

The Plymouth Area Task Force Against Domestic Violence is a non-profit volunteer organization which has been in existence since July 1981. The Task Force serves 18 towns; Alexandria, Ashland, Bridgewater, Bristol, Campton, Dorchester, Groton, Hebron, Holderness, Plymouth, Rumney, Thornton, Waterville Valley, Warren, Wentworth, North Woodstock and Littleton. The Task Force is a member of the New Hampshire Coalition Against Domestic and Sexual Violence.

The first priority of the Task Force is to provide direct services to the victims of domestic violence. These services include advocacy, maintaining a 24-hour crisis line, emergency transportation, and providing a safe place for the victim. We also feel a commitment to educating the public about the history, causes, and methods of dealing with domestic violence.

PATFADV currently has 23 active volunteers. The Task Force also has two paid staff; the Director (full-time) and Assistant Director (part-time @ 15 hrs.). Many of our volunteers are full-time students or hold full-time jobs (or both!). In the past year these volunteers have donated over 10,000 hours.

In the six years the Task Force has been in existence it has answered over 1,000 calls. Though at time some areas generate more calls than others we have received calls from ALL of the towns that we service. Many of these calls have been referred to us by the local police departments, the court, area physicians and counselors/therapists. We also have the support of District Court Judge Edwin Kelly. Recently the Task Force hired a Legal Advocate to assist our clients with court procedure but volunteers are still welcome to be Legal Advocates if they so desire.

All of our services are free and strictly confidential. Volunteers and staff are required by NH law (RSA 173-B:21) to maintain confidentiality with regard to persons served by them and files kept by the organization. As of January 1, 1986 this law was expanded (RSA 173-C Privilege Bill) to include all information received by a volunteer or staff member in the course of the relationship with the victim. This expansion of the law also prevents the Task Force from making its location and street address public.

The Task Force welcomes those who wish to help in any way. For more information about volunteering we ask that you call our office at 536-3423.

WE ASK FOR YOUR SUPPORT BECAUSE...

WARREN SCHOOL DISTRICT MEETING - MARCH 7, 1987

Moderator, Lyle Moody, opened the meeting at 7:40 PM with 78 people in attendance. The three School Board members, Sandra Hair, Don Bagley and Peter Gregori along with Mr. Haskins Assistant Superintendent were present.

- Article 1: Don Bagley reported the corrections to be made. He also reported that in regards to the resolution made last year to check into the feasibility of getting some of the money back from double bussing, the School's attorney advised the School Board to "stay clear" as it would cost more than the money spent to get it back. Also it was reported that the school reports were hand delivered to the printers at 4 o'clock in the afternoon on the day of deadline. Don Bagley made a motion to accept the Warren School District Report with corrections made. Peter Gregori seconded the motion. Motion carried and Moderator so declared it.
- Article 2: Sandra Hair made a motion to table this until later. Donna Hopkins seconded it. Motion carried and Moderator so declared it.
- Article 3: Don Bagley made a motion to pass over this and to kill it for further discussion. Donna Hopkins seconded it. A show of hands was requested. 29 voted yes, 6 voted no. The motion was passed and the Moderator so declared it.
- Article 4: Peter Faletra made a motion to bring the 7th and 8th grade back to Warren. Bud Ray seconded it. Motion lost and the Moderator so declared it. Arthur Heath made a motion to kill Article 4 with no further discussion at this meeting and Mr. Greenleaf seconded it. Motion carried and Moderator so declared it.
- Article 5: Peter Gregori made a motion to move Article 5 and Sylvia Newton seconded it. Flora Mauchley asked for a show of hands. 35 voted yes, 17 voted no. Motion carried and Moderator so declared it.
- Article 6: Peter Gregori made a motion to move Article 6. Jean Erickson seconded it. Discussion on this motion started at 9:12 and ended at 10:03 with Donna Hopkins calling the question. The balloting started at 10:05 and closed at 11:05 pm. 78 ballots were cast with 52 votes necessary for a two thirds vote. 43 votes in the affirmative, and 35 no. Motion lost. Flora Mauchly made a motion to reconsider Article 6, Cathy Oikle seconded it. Motion carried and Moderator so declared it. Date decided on to be 3/28/87 at 7:30 pm.

 While balloting was going on Bud Ray made a motion to go to Article
- 7 with Sara Lester seconding it.

 Article 7: Sandra Hair made a motion to move Article 7 and Don Bagley
- seconded it to raise the amount of \$505,486.36. Motion passed and Moderator so declared it.

Article 2: Committee formed to work with School Board on New Addition.

Peter Faletra Robert Newton Michael Horton Arthur Heath Debbie Wetherbee Cathy Oikle

Article 8: Donna Hopkins made a resolution. To Lyle Moody in appreciation for the many years of dedicated service to the Warren School District, we stand, applaud and salute you – Thank you Lyle!

A motion was made by Peter Gregori and seconded by Arthur Heath to recess until March 28, 1987 at 7:30 pm at the Warren Town Hall. Motion passed and Moderator so declared it.

Recessed at 11:22 PM.

REPORT OF SCHOOL NURSE

During the 1986-87 school year it was my pleasure to be the Warren Village School Nurse. Due to the very part-time nature of the position, most of my hours were devoted to the annual vision, hearing, height, weight, blood pressure and scoliosis (grades 5 & 6) screenings. When indicated, further evaluation was recommended to the parents and these students were seen by an appropriate medical specialist. These screenings gave me a valuable opportunity to address the unique needs of each student. With a strong focus on prevention of health problems be it physical, emotional, social or intellectual, many of the barriers to learning can be either modified or eliminated. This can continue to be ensured by open communication between parents, school personnel and medical care providers.

Such support and cooperation was demonstrated when physical examinations were offered to students in grades three and six. Many thanks to Dr. Hernandez and his staff.

Other services that were provided during the year include routine head checks for pediculosis, review and update of immunization records and a comprehensive Dental Health Program. Classroom discussions included head lice, scoliosis, and first aid. It was my intention to encourage students to take age-appropriate responsibility for their own health values and to develop a positive self-image.

Working as a team the school nurse, parents, teachers and medical care providers have a responsibility to promote an optimal level of wellness for (and with) each student. Good health is vital to successful social skills and academic achievement! The school health service can be instrumental in enhancing the educational process with continued support from the community.

Respectfully submitted, SUSAN EMORY, R.N. School Nurse

SCHOOL ADMINISTRATIVE UNIT -23

REPORT OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire requires that school district annual reports show the total amount paid to the superintendent and assistant superintendents.

One-half of the School Administrative Unit expense is prorated among the several school districts of the Unit on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of S.A.U. – 23 during the 1987-88 school year will receive a salary of \$55,000.00 prorated among the several school districts. The Assistant Superintendents will receive a salary of \$44,086.00 and \$43,000.000 prorated among the several school districts.

The table below shows the proration of salaries to each school district:

SUPERINTENDENT'S REPORT

To the School Board and voters of the Warren School District, I submit my first annual report.

There are many reasons for a town to maintain quality schools. I believe the most important is to offer our students an education that will prepare them for the future. What children learn in school today must prepare them for what they will face tomorrow. The brunt of that responsibility lies with our teaching staff. It takes dedicated teachers with an eye to the future to accomplish this task. It also takes a community, school board and administration committed to excellence in education.

Ours is a rapidly changing society. If we in public education, are to serve you, the citizens and children of this community, we must try to keep up with a changing world. We must change along with society in order that we may continue to play an important role in the world for which we prepare our children. It is the schools of this nation, in close and vital cooperation with our nation's parents and the community at large, that will assume the job of educating todays' children for that world of tomorrow. As your new superintendent I hope that we can work together to prepare our children to face that world armed with the knowledge and the skills they will need.

Our goal is to provide a quality education experience for all our students and I hope that if you have any questions, concerns, problems or suggestions you will not hesitate to contact us.

Respectfully submitted,
DOUGLAS B. McDONALD
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

I herewith submit my eighteeth annual report to the voters of the Warren School District.

This year health issues are very much the focus of attention for your schools both locally and nationally. The emphasis on this area of our curriculum is threefold. First we are concerned with child abuse, an issue that has been highlighted locally in recent months. In the fall a well attended public meeting was held and an excellent presentation was made by Dr. Anna Salter from Dartmouth which presented information on the frequency of this problem among school aged children and the wealth of instructional materials available. As a result we were able to obtain an excellent program called "Breaking the Silence", which presents the information younger children need to know in an effective and appropriate manner.

A second major area of concern is AIDS education. On December 1, 1987 a public meeting was held and presented by Ms. Laural McKernan, R.N., Dartmouth Medical Center and Tom Mock Instructor of Psychiatry at the Dartmouth Medical School. The presentation was entitled AIDS in New Hampshire, Issues for Parents. This presentation served as the starting point in our efforts to familiarize our upper grade students (7 through 12) with the few facts that are available about the AIDS virus. We feel that it is critical that children in the fourteen to eighteen year old age group know what the virus is, what it does to people, how it is spread and most of all how to avoid it. Elements of this type of instruction are on going at the present time in most of our schools. The prognosis or a cure for this dreaded disease is not good at the present time but I'm sure you agree that our children should learn about it without delay.

Drug and alcohol education has received strong impetus from the Federal Government under the Drug Free Schools and Communities Act of 1986. This program will provide funding of all of our schools in S.A.U. #23 and will cover a period of up to three years. Recipients are required to coordinate their efforts with appropriate state and local drug and alcohol abuse and law enforcement agencies in order to effectively conduct education, intervention and referral for the student population. In anticipation of receiving this funding we will be forming a committee composed of individuals who are parents, teachers, officers of local government, medical professionals, representatives of law enforcement and other groups with interest and expertise in the field of drug education and prevention. Alcohol and drug related problems have been a concern of the schools for a long time. I suspect that our efforts will both result in an immediate and dramatic turn around of events. I am certain however that we will have made a good beginning.

I call your attention to the Bond article on this year's school warrant. The article calls for the voters approval to allow the school district to borrow money for new construction. At this writing there are two alternatives being discussed to be presented at the bond hearing on February 5, 1988. One plan calls for some renovations to the existing building and the addition of four classrooms. A second

plan allows for the separate construction of a new building on the land behind the present school. As most of you know we presently have our first grades housed in the St. John Vianney Parish Hall. The situation while adequate for this year can hardly be called ideal. In view of continued pressure from future enrollments, of state minimum standards and just plain safety, it is imperative that we find a solution soon. Not only will the space afforded under either plan of construction give us the needed rooms for our increased numbers but it will help us to give our children many important educational benefits that they do not presently enjoy. As a school administrator it is difficult for me to see how we can conscienciously meet our obligations to the education and safety of our children under the present circumstances. Please give this year's bond proposal your favorable consideration.

I believe that a thank you is in order to Father Nolin and the parishioners of St. John Vianney for helping us in this emergency.

My thanks, as always, to the School Board, the Staff and the voters of the Warren School District for their continued support.

Respectfully submitted, HAROLD J. HASKINS Assistant Superintendent

WARREN SCHOOL DISTRICT

The advisory committee was formed to investigate a solution for the increased number of grammar school children. The need for additional school space was brought to people's attention when the school was forced to house one grade in the Catholic church rectory. To address the problem thoroughly a volume of information was gathered concerning; student population changes, space needs, educational requirements, construction costs, various designs, and government regulations for both safety and handicapped accessibility. These requirements were then incorporated into a solution which would not only result in the smallest tax increase but also serve the long term educational needs of our town's children. Ultimately the committee came to the conclusion that a new school of approximately 10,000 square feet, built at the rear of the present school would be the most feasible solution.
