2015 ANNUAL TOWN REPORT DEDICATION

Pelham Community Spirit

A certain and very special sense of community spirit developed in Pelham in 1996 as we all celebrated the 250th anniversary of the founding of the Town. Many events took place involving so many people as participants or viewers that a sense of loss was real and sad as the anniversary year came to an end. Shortly after that a small group of citizens came to the rescue - to keep the spirit achieved during the anniversary - by founding Pelham Community Spirit, an organization that was to succeed in keeping the anniversary community togetherness alive and well.

Several years ago, Sherburne Hall Committee began a renovation of Sherburne Hall. This project began to turn the old Sherburne School cafeteria/gym/auditorium (affectionately known as the “cafe-gym-a-torium”) located in the Municipal Building, from its rustic state to a carpeted, painted and nicely finished space to be used for board & committee meetings as well as functions and rental space for non-profit organizations. Pelham Community Spirit graciously donated a new stage curtain to the Town to top off the renovation of the hall. But this is not all they have done.

Currently Pelham Community Spirit sponsors many activities and events. One of their popular events is Concerts on the Green during the summer where families can enjoy the summer evening outside as they gather on the beautiful Village Green listening to a variety of genres of music. Concert nights may also include an antique car show or face painting adding to the excitement of the evening.

In 2009, Pelham Community Spirit started a new tradition with their Southern New Hampshire Festival of Trees at Christmas time. Area businesses and private entities donate a beautiful tree or wreath that is fully decorated and some with cash and prizes. Visitors come by to view and take chances on winning one of these trees to take home and enjoy in their own homes.

Scavenger hunts for children, entertainment every night as well as a special visit from Santa & Mrs. Claus are a few of the attractions you can plan on seeing. There is fun for every age and has quickly become a family Holiday Tradition in Pelham.

Independence Day celebration is a very exciting day for young and old as well. At the Pelham Elementary School and Harris Field, food vendors, music, organizations and activities are set up for all to enjoy until the spectacular fireworks begin.

What a great way to start of the Summer Season with a “BANG” while enjoying the company of all of your friends and neighbors.

A new Pelham Community Spirit event began this year. After a lot of organization, hard work and anticipation, Pelham Community Spirit introduced the Pelham Farmer’s Market. Local farmers and crafters gathered on the Village Green every Wednesday in the summer and fall to offer their products to happy

shoppers looking to support local merchants

while listening to some live music and visiting with their Pelham neighbors.

This first year was very successful and we all look forward to having the farmers market back in 2016.

In addition, with the funds from these events, Pelham Community Spirit gives cash grants to needy organizations in the community and awards an annual scholarship to a worthy student who has proven their commitment to their community.

For its entire history, Pelham Community Spirit has survived solely on the efforts of volunteers who have dedicated their personal time and hard work to its success. In addition, Pelham Community Spirit has enjoyed wide support from businesses and individuals in the community who recognize their work as a major contributor to what makes Pelham such an excellent community in which to live.

Today we are proud to dedicate this Town Report to Pelham Community Spirit, Inc. as they mark over fifteen years of generously and selflessly serving the community.

Important Events in 2015

- 2015 Town's share of tax rate did not increase. Overall tax rate increased by 1.7%

*- Two new Selectmen, **Paul Leonard & Amy Spencer** are welcomed to the Board, as long-time selectmen **Edmund Gleason & Robert Haverty** step down*

-Two major utility projects impacting our Town, MVRP and NED

-Town working proactively in dealing with issues of substance abuse in Pelham. Together with the School, Police & Fire Departments we are implementing new programs and protocol

-Exploring options to improve water quality and availability to some residents in the southwest part of Town

On behalf of the Pelham Board of Selectmen we thank the Town voters for their continued support. We would also like to thank the employees of the Town for their professional and dedicated service to the Town.

We are pleased that we are able to report the Town's share of the tax rate did not increase in 2015 and that the overall tax rate was up by 1.7% despite absorbing the full impact of the high school addition bond. The Town continues its progress forward while holding the line on costs.

We welcomed two new selectmen to the Board - Paul Leonard and Amy Spencer. We thank Ed Gleason and Bob Haverty for their many years of dedicated service and wish them and their family well. We wished our long-serving Highway Agent, Don Foss, the very best in his retirement after 35 years of dedicated service to our Town.

We are seeing greater utilization of Sherburne Hall and the Village Green by and for members of the Pelham community including a Farmers Market.

The Town continued its efforts to maintain our vehicle fleet through a planned vehicle replacement program. This year we added a new combination rescue/pumper fire truck and a new full-size highway truck with a corrosion resistant, stainless steel body. We also established a highway/transfer garage study committee for the purpose of determining the cost/benefits of a building to house and clean our vehicles while providing permanent office quarters for the departments.

Liberty Utilities has approached the Town with a plan to service a limited area of Town with natural gas from the existing gas pipelines in Town. This would involve a "take-down" station on land to the west of Rte. 38 and would bring low pressure gas up Rte. 38 to the back side of the Plaza and also down Rte. 38 to Willow St., going up Marsh Rd and terminating near the center of Town. The Town has expressed its support for this project because for the potential cost benefits to us. We have also been granted full intervener status before the state's Public Utilities Commission (PUC) to assure Pelham truly benefits from this project.

We are dealing with two major utility projects impacting our Town; the Merrimack Valley Reliability Project (MVRP) that would bring a 345kV power-line through Town on an existing right-of-way and the North East Direct (NED) 30", high pressure gas pipeline through Town also. Numerous meetings on these projects have been conducted in Town. Both projects will be decided on by regulatory agencies beyond the Town's control.

The Selectmen have taken a position in opposition to the NED project because we see no benefit to NH and there will be a significant disruption to many of the Town's residents. The Town has joined a seventeen-town coalition in opposition to the line. At the same time, we are working with representatives of the NED project to minimize the potential impacts to the Town should the project be approved by the Federal Energy Regulation Committee (FERC).

We are exploring possible options to improve water quality and availability to some residents in the southwest portion of Pelham. We are working to determine the feasibility of various options. Whatever the outcome, any costs will be only shared by those that benefit from the project.

The Town is also being proactive in dealing with the issues of substance abuse in Pelham. On the prevention end we have proposed an extension of the DARE program to seventh grade students and are working cooperatively with the Pelham school district on its implementation. At the other end of the spectrum we are exploring opportunities to reach out to those that have had over-dose experience and survived for the purpose of getting them started on to the road to recovery. The Fire Department has developed a follow up protocol for those that are transported to an ER after overdose incident and we are exploring options with aid organizations such as Hope for NH Recovery.

Dedicated to serving our Town and on behalf of the Board of Selectmen,

Harold Lynde,
Chairman, Pelham Board of Selectmen

**Pelham Town
Administrator**

Important Events in 2015

- Voters overwhelmingly supported Firefighters and support union's contract

- Selectmen opposing NED Pipeline

- Retirement of Road Agent, Donald Foss, Sr.

- Frank Ferreira named Acting Road Agent

- Evaluated staff and changes to increase efficiency

- Town employees began new training program

2015 proved to be a challenging but rewarding year for the Town of Pelham. Starting the New Year off with last January/February's snow storms that chronicled record snow fall amounts for New Hampshire challenged our staff and resources. Police, Fire and Highway departments worked around the clock during these storms to maintain the high level of service we have grown accustomed despite the challenging elements. All departments and Town employees are to be commended for their efforts during these snow events. Their dedication and service to our community is greatly appreciated.

The results of the Town meeting in March were a great example of the Town's support for our infrastructure and operational needs. Voters overwhelmingly supported the fire fighters contract, the support union contract, the Willow Street Bridge project and a number of other important warrant articles that will address the community's needs for today and into the future. All of these approved warrant articles will improve the Town's efficiency and provide the highest level of service to all of our citizens for many years to come.

The Northeast Energy Direct Pipeline has been on all of our minds and very challenging on all levels to understand and evaluate. The Board of Selectmen have opposed this project from its inception and agree that there are energy needs in the future for New Hampshire that will need to be addressed however this project is not the solution. The collaboration of citizen community groups with the New Hampshire Pipeline Coalition and the Board of Selectmen have allowed a large number of citizens to look at this project from every conceivable angle to ensure the health, safety and welfare of our citizens is protected.

We saw the retirement of our Road Agent Donald Foss Sr. after thirty-five years of service to our community. Don did a great job for all those years and he will be sorely missed. On June 1st, Acting Road Agent Frank Ferreira was tasked to replace Don until a permanent replacement could be found. The position of the Road Agent is a very important and unique position in any community and it was imperative that we selected the right person for the position. One of my biggest concerns for replacing Don was finding an individual who had the much-needed institutional knowledge of the workings of the Town, its roads, its citizens and knowledge of the highway departments operations. In the last six months, Frank has done an outstanding job in this position and has demonstrated the needed skills for this position. Having grown up in our community and worked for the Town and alongside Don for over twenty-five years, Frank was the natural selection for the position. Frank has the best interest of the community and its citizens at heart and I know he will do a great job.

One of my goals for 2015 was to evaluate the staff and implement some changes that will increase efficiency, accountability and ensure transparency at all levels of our government. I have started that process and made some necessary changes to the staff and some of our operational procedures. I will continue the process of self-analysis to ensure we are working to the best of our abilities and continue to provide a high level of service to our citizens. Our new training program for all Town employees began this year and has had great results. Our Department Heads and employees have experienced a number of training classes that will improve our services to the community and allow our employees to grow in their positions.

Lastly, since my appointment as your Town Administrator, I continue to have conversations with citizens while in the office or out in the community that I have really enjoyed and will continue to do. Your input is important to me and I need to hear from the community so that I can address issues and find solutions to problems. If anyone has a question, comment or suggestion about anything we do as a Town, please feel free to contact me at my office or stop in if you're visiting Town Hall. My door is always open for any citizen who wishes to be heard on any issue and I enjoy having the opportunity to meet new citizens in our community.

Respectfully Submitted,

Brian McCarthy,
Town Administrator

HB 316

NOTICE

If you own real estate lots that were involuntarily merged by municipal action, you may be able to have those lots restored to their pre-merger status.

Your property may qualify if two or more lots were merged for zoning, assessing, or taxation purposes and the merger occurred:

- During your ownership, without your consent; or
- Prior to your ownership, if no previous owner consented to the merger.

To restore your property to pre-merger status, you must:

- Make a request to the local governing body
- No later than December 31, 2016.
-

Once restored:

- Your properties will once again become separate lots; however, they must still conform to applicable land use ordinances. Restoration does not cure non-conformity.

This notice must be:

- *Posted continuously in a public place from January 1, 2012 until December 31, 2016, and*
- *Published in the 2011 through 2015 Annual Report.*

Read the full statute at [RSA 674:39-aa Restoration of Involuntarily Merged Lots](#).

Services Offered:

- Boat Registrations
- Dog Licenses
- Hunting & Fishing Licenses
- Marriage Licenses
- Notary Public
- Voting Registration

2015 Highlights

- One-check and E-Reg system has been very successful

- Important Dates:

- April 30th of each year, dogs must be licensed

- July 1 & December 1 tax bills are due

I am pleased to present the Annual Report for the Fiscal Year 2015 for the Town Clerk/Tax Collector's Office. This department is responsible for the collection of property taxes, boats and motor vehicle registrations, vital (birth/marriage/death/divorce) records, dog licensing, hunting and fishing licenses, voter registration, as well as conducting Town and State Elections as governed by the laws of the State of New Hampshire.

We continue to have a great response since we introduced the one-check system for registrations at the TownClerk's office. The E-Reg system for on-line registrations, property taxes, vital records and dog licensing has been very successful.

The success of the Town Clerk/Tax Collector Department is directly attributed to my outstanding Clerks; Deputy, Linda Newcomb, Kelly Salois and Regina Malloy. Their vast knowledge that is required of the motor vehicle procedures, and the New Hampshire laws that pertain to our office can sometimes be overwhelming; but these employees are highly appreciated for their hard work and dedication to serving the public which helps to make the department a success. It is a great team effort and I cannot thank them enough for all that they do.

I would like to thank Philip Currier, Town Moderator, Supervisors of the Checklist, Ballot Clerks, Pelham Police, Highway Department and the Pelham School Custodians for all their hard work in making our Town Election run smoothly and without incident.

Finally, I would like to thank the Town Administrator, Board of Selectmen and the many dedicated Town employees for their continued support throughout the year. It has been my pleasure serving as your Town Clerk and I thank you for your continued support.

Respectfully Submitted,

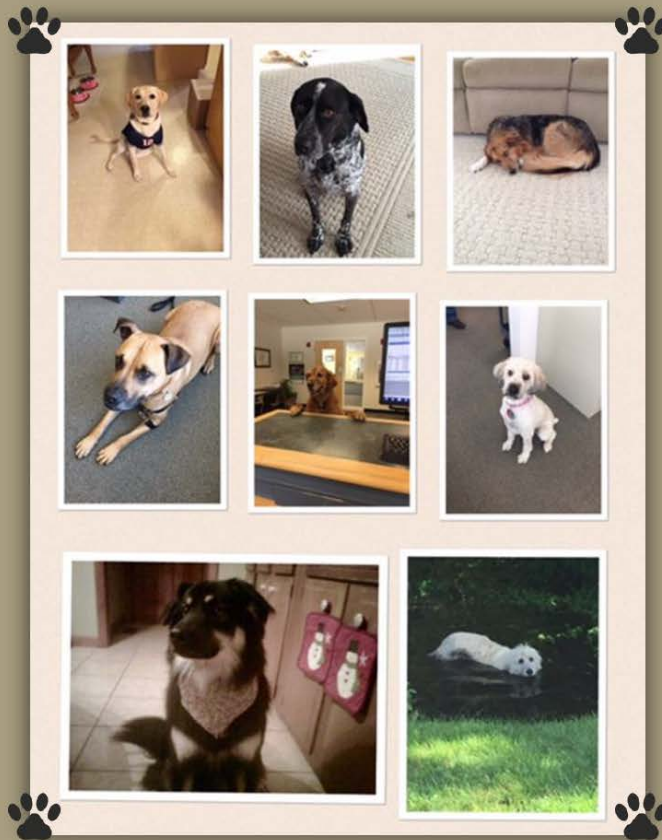

Dorothy A. Marsden
Town Clerk/Tax Collector

To Pelham Dog Owners

2016 DOG LICENSES ARE NOW BEING ISSUED AT THE TOWN CLERK'S OFFICE. PROOF OF RABIES VACCINATION IS REQUIRED*. PLEASE STOP BY, MAIL OR USE E-REG AT www.pelhamweb.com/town-clerk-tax-collector

Town of Pelham

The State of New Hampshire

2015 Town Deliberative Session Minutes

**TOWN OF PELHAM
DELIBERATIVE SESSION
SHERBURNE HALL
PELHAM MUNICIPAL BUILDING
FEBRUARY 3, 2015**

The Town Moderator, Philip Currier, opened the Deliberative Session of the 2015 Town Meeting at 7:00 p.m. at the Sherburne Hall in the Pelham Municipal Building on Tuesday, February 3, 2015. He explained that this session shall consist of explanation, discussion and debate of warrant articles numbered 3 through 20. Article 2 is a Zoning Amendment which cannot be discussed or amended this evening. The Planning Board held public hearings previously to discuss this article. Warrant articles 3 through 20 may be amended subject to the following limitations: (a) warrant articles, the wording of which is prescribed by law shall not be amended and (b) warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended. The second session of our annual Town Meeting will be held at Pelham High School, 85 Marsh Road, on Tuesday, March 10, 2015 between the hours of 7:00 a.m. and 8:00 p.m. to vote by ballot to choose all necessary Town Officials for the ensuing year and to vote on all warrant articles numbered 2 through 20.

All registered voters were checked in with the Supervisors of the Checklist and given a voter registration card for hand count voting. Mr. Currier then stated that we operate under the official ballot law, also known as Senate Bill 2. He explained that you can amend a warrant article at this session but we do not vote on any of those warrant articles, whether amended or not, until March 10, 2015. You cannot make a motion to remove an article from the warrant and you also can't make an amendment to eliminate the subject matter of that warrant article; but you can amend the dollar amount. Mr. Currier then set the rules and regulations to be followed during the meeting, including an explanation of restricted reconsideration on an article. He explained that if you wish to speak, you are to come forward, announce your name and address, there would be a limit of three minutes and the persons wishing to speak a second time would need to wait until all first time speakers had spoken.

Mr. Currier called the 2015 Town Meeting to order. He asked Bill Scanzani to lead in the Pledge of Allegiance. He then introduced the Assistant Town Moderator, James Hogan; Selectmen Chairman, Edmund Gleason, Vice Chairman, William McDevitt, Hal Lynde, Douglas Viger and Robert Haverty; Town Administrator, Brian McCarthy; Town Clerk, Dorothy Marsden; Deputy Town Clerk, Linda Newcomb; Budget Committee Chairman, Daniel Guimond; Vice Chairman, David Cate; Finance Director, Cynthia Kelley and Town Counsel, John Ratigan.

Article 2

Are you in favor of the adoption of Amendment No. 1 as proposed by the Pelham Planning Board for the Town of Pelham Zoning Ordinance as follows: amend the Impact Fee Enabling Ordinance, Sections F, G, I, K and L to clarify that only the current property owner(s) may apply for a refund of impact fees and to clarify the rights and responsibilities of an "applicant"? (Recommended by the Pelham Planning Board).

Article 3

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth herein totaling \$13,773,308? Should this article be defeated, the default budget shall be \$13,518,996 which is the same as last year with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). Budget Committee Chairman, Dan Guimond stated that the Town did an excellent job in submitting their budget. The submitted budget was \$13,876,014. The Budget Committee, during deliberations, reduced it by \$5,549. At reconsideration the Town came in with some additional deductions, resulting in a budget of \$13,773,308. I direct the Clerk to place Article 3 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

Article 4

Shall the Town vote to raise and appropriate the sum of \$266,100 for repair, maintenance and upgrading of Town roads, to be offset by the State Highway Grant? This will be a non-lapsing account per RSA 32:7, IV. (Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). I direct the Clerk to place Article 4 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

A motion was made and seconded to Restrict Reconsideration on Article 3 and 4.

Article 5

Shall the Town vote to raise and appropriate the sum of \$25,000 to be placed in the Senior Center Bus Capital Reserve Fund established in 2003 for the replacement of the Senior Center Bus? This is a Special Warrant article. (Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). I direct the Clerk to place Article 5 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

Article 6

Shall the Town vote to approve cost items included in the five (5) year collective bargaining agreement ratified by the Board of Selectmen and the Professional Firefighters of Pelham, The International Association of Fire Fighters, Local 4546, which calls for the following increases and benefits and to further raise and appropriate the sum of \$35,844 to fund the first year of this agreement, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels? This is a Special Warrant article.

Year	Cost	Accumulated Cost
2015	\$35,844	\$35,844
2016	\$45,580	\$81,424
2017	\$36,958	\$118,382
2018	\$37,696	\$156,078
2019*	\$48,111	\$204,189

*includes 3 months of 2020

(Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required).

I direct the Clerk to place Article 6 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

A motion was moved and seconded to Restrict Reconsideration on Articles 5 and 6.

Article 7

Shall the Town vote to approve cost items included in the four (4) year collective bargaining agreement ratified by the Board of Selectmen and the Pelham Public Works and Municipal Employees, Local 1801 of the American Federation of State, County and Municipal Employees (AFSCME), which calls for the following increases in salary and benefits and to further raise and appropriate the sum of \$16,624 to fund this year of the agreement, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels? This is a Special Warrant article.

Year	Cost	Accumulated Cost
2015	\$16,624	\$16,624
2016	\$30,019	\$46,643
2017	\$22,930	\$69,573
2018*	\$23,380	\$92,953

*includes 3 months of 2019

(Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). I direct the

Clerk to place Article 7 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

A motion was made and seconded to Restrict Reconsideration on Article 7.

Article 8

Shall the Town vote to raise and appropriate the sum of \$30,000 to be placed in the Compensated Absence Trust Fund for the purpose of distributing accrued time (annual earned and paid time off) to terminating employees as required by law or negotiated contracts? The balance of the fund is \$162,000 and the unfunded liability is \$594,335. This is a Special Warrant article. (Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). I direct the Clerk to place Article 8 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

Article 9

Shall the Town vote to raise and appropriate the sum of \$65,016 for the purpose of hiring and equipping a Communications Center Supervisor? The amount raised covers costs from April through December 2015 after which the position, if approved, will be funded through the Police Department operating budget. The sum of \$65,016 includes a salary of \$38,485 plus benefits and equipment. (Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). Police Chief, Joe Roark spoke saying this is an important position we are asking for. The department handles fire, police and ems calls 24 hours a day, 7 days a week and 365 days a year. Right now it is being staffed by four full time dispatchers which is supervised by a sworn officer. He stated that we need to move that position to a civilian position that is more effective and allow that sworn officer to do their job that is more related to the patrol side of the police agency. This will improve our efficiency as a dispatch center and it will ultimately reduce

overtime. Chief Roark said that the way they came up with the salary is they took the median salary from the NHMA salary audit for that position in other Towns. He explained that the salary being funded for this year is from April 1 through December 31, 2015. I direct the Clerk to place Article 9 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

A motion was made and seconded to Restrict Reconsideration on Articles 8 and 9.

Article 10

Shall the Town vote to raise and appropriate the sum of \$36,000 from the Forest Maintenance Fund for the purpose of forest management, stewardship, security, public education and other costs associated with the maintenance and care of Town Forests? Funds requested come from the revenues produced by timber harvesting, not property taxes. This is a non-lapsing account per RSA 32:7. This is a Special Warrant Article. (Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). I direct the Clerk to place Article 10 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

Article 11

Shall the Town vote to raise and appropriate the sum of \$27,000 from the Raymond Park Capital Reserve for the purpose of forest management, trail maintenance, security and other costs associated with the maintenance and care of Raymond Park? Funds requested come from the revenues produced by timber harvesting, not property taxes. This is a non-lapsing account per RSA 32:7. This is a Special Warrant Article. (Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). Paul Gagnon, Member of the Forestry Committee, stated that the following statements pertain to Article 10 as well as Article 11. He explained that in addition to developing trailhead parking, and signage one of the things these timber harvesting funds do is pay for surveying of properties we have acquired or plan to acquire. He said that a high percentage of the Raymond Park funding in the coming year is going to survey a parcel that we hope to acquire. Selectmen, Hal Lynde stated that this is a great benefit to the Town. It allows us to acquire and maintain land. He said that we have a lot of trails built on acres under forest management. He also stated that we are on our third timber harvesting of lots. Paul Gagnon said that we have just under 2,000 acres of Town owned property and miles and miles of trails. He also said that they are working on trying to connect two large lots which would give us 600 acres of contiguous conservation land which you could hike from Sherburne Road all the way to Hinds Lane and Gumpus Pond without ever leaving Town land and never crossing a paved road. I direct the Clerk to place Article 11 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

A motion was made and seconded to Restrict Reconsideration on Articles 10 and 11.

Article 12

Shall the Town vote to raise and appropriate the sum of \$2,657,500 for the purpose of design engineering, permitting, and replacement of the Willow Street Bridge? Of the \$2,657,500 appropriation, up to \$2,126,000 will come from New Hampshire Department of Transportation (NHDOT) State Bridge Aid, \$74,804 from the existing Willow Street Bridge Capital Reserve Fund, \$175,000 from the existing 2013 Willow Street Bridge Warrant Article and **\$281,696 (requested herewith) from general taxation**. Any funds required for the on-going cost of construction will be taken from the existing fund balance pending receipt of the final NHDOT reimbursement at project completion. This is a non-lapsing Article and will not lapse until 12/31/2020 or until the project is completed, whichever comes first. This is a Special Warrant article. (Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). Selectman, Edmund Gleason described this warrant article as "complex". He said that the bridge replacement was a "safety issue" given that there are flooding issues. In addition, a study commissioned by the Town shows the current size and shape of the bridge contributes to upstream flooding. In 2013 voters approved an engineering study that has been completed and results in the \$2,657,500 maximum cost reflected in this warrant article. The State of NH will reimburse the town 80% of the funds spent to replace this bridge but Pelham must first raise and appropriate the expenditure. The New Hampshire State Department of Transportation (NHDOT) has scheduled this work for 2020 but has given some assurances that if Pelham raises the funds now they will reimburse the Town sooner, thus getting the project completed earlier than currently scheduled. I direct the Clerk to place Article 12 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

Article 13

Shall the Town vote to raise and appropriate the sum of \$190,000 for the purpose of municipally managing a New Hampshire Department of Transportation (NHDOT) State Bridge Aid grant for engineering design and permitting for scour protection and hydraulic improvements to Old Bridge Street (Abbott) Bridge? Of the appropriation, up to \$152,000 will be reimbursed from NHDOT State Bridge Aid, and \$38,000 will be funded with general taxation. This is a non-lapsing Article

and will not lapse until 12/31/2025 or until the project is completed whichever comes first. This bridge is the oldest double-arched stone bridge to survive in New Hampshire and has been red-listed by the NHDOT. This is a Special Warrant article. (Recommended by Board of Selectmen) (Recommended by Budget Committee) (Majority Vote Required). Selectman, Ed Gleason stated that there is no intent to replace or significantly modify the existing structure; but rather to investigate ways to eliminate scouring that is taking place and improve water flow. All studies to date indicate that the Abbott bridge, as constructed, creates a damming effect contributing to the flooding issues creating scouring at the base of the structure destroying it. NHDOT has identified this bridge as "Red Listed" which places a priority on its repair. Upon completion of the engineering study, an improvement cost will be determined and brought forth to the voters for reconsideration. Selectman, Hal Lynde explained that the process we have gone through with the Willow Street Bridge and Abbott Bridge is an example what can happen when agencies really work together. Normally, the State would only look at that one bridge. Currently we have three bridges involved. The State is going to replace the bridge up by St. Patrick's, the Abbott bridge and the Willow Street bridge. He went on to say that we have funded an engineering study so it could determine flow rates and data on Beaver Brook as it affects the water flow and then we can develop a model which will be a model the State is going to use for the flow of water coming down Beaver Brook all the way into Dracut, Mass. Attorney, John Ratigan spoke saying that he just noticed something that might warrant an amendment. He stated that under RSA 32:7, it says in the middle of the article that this is a non-lapsing article and will not lapse until 12/31/2025. He further explained that the limit on having a non-lapsing article is 5 years after the end of the fiscal year for which the appropriation has been made. So like the article above, the latest you can do is 2020. He suggested that someone might want to make an amendment to this article to change the year 2025 to 2020. Selectman, Ed Gleason made the amendment to change the date at end of line 5 to 12/31/2020. The amendment was adopted. I direct the Clerk to place Article 13, as amended, on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

A motion was made and seconded to Restrict Reconsideration on Articles 12 and 13.

Mr. Currier made an announcement to thank Jim Greenwood and his staff – Tyler Viger, Adam Paquette, Cyran Willis and Owen Poumakis for all the work they did setting up for the meeting, doing the microphone system and working the audio and visual. He then asked Assistant Moderator, Jim Hogan to take over the remaining Articles.

Article 14

Shall the Town vote to enact a Town Noise Ordinance per RSA 31:39 to regulate the making, creation, or maintenance of excessive, unnecessary or unusually loud noises that, in their time, place and manner adversely affect and are a detriment to public health, comfort, safety and welfare of the residents of the Town of Pelham, NH? (Recommended by Board of Selectmen) (Majority Vote Required). Police Chief, Joseph Roark explained that as it currently stands there is no ordinance for excessive noise on the books and that if neighbors complain about noise, the police will "nicely" ask the person to reduce the noise. If there is a non-compliance and the police have to return, the issue becomes a criminal one with a disorderly conduct charge that may include arrest. He said that this ordinance would allow us to avoid a criminal level charge and keep it a civil matter. He also stated that the police would not be monitoring decibel levels and that the Selectmen would have to give guidance on enforcement. Selectman, Ed Gleason said that this ordinance would enable us to do that and we would then have an invitation to the public to come in and submit recommendations. He went on to say that they would then work with Police Chief Roark to finalize an ordinance that is appropriate for the circumstances. Atty. Ratigan stated that under New Hampshire law, the authority to enact this is set forth in RSA 31:39, which says Towns may make by-laws for and which includes regulating noise. This article is asking for direction at Town Meeting to commence the process. There would then be a public process and then it would be brought back next year at Town Meeting for a final vote. I direct the Clerk to place Article 14 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

Article 15

Shall the Town vote to authorize the Board of Selectmen to grant, from time to time, one day approval for the serving of alcohol at all Town Buildings (to exclude Fire and Police Department buildings) for fundraising purposes by non-profit organizations? Prior to final approval being granted, the Selectmen shall require the sponsor of the activity to have obtained all training, permits, and approvals required by the State of New Hampshire in this regard. (Recommended by Board of Selectmen) (Majority Vote Required). Town Administrator, Brian McCarthy stated that this Article seeks to clear up some confusion and go back to the approvals the voters granted years ago. In 1978, Town Meeting voted to ban consumption of alcoholic beverages on all town owned property, but allowed exceptions upon a permit being granted by the Selectmen. In 1988, according to the minutes of the discussion at Town Meeting, voters were asked to approve a minor change in the ordinance. The change had nothing to do with the permits. The voters approved the change, but the official text of the approved article deleted all references to the permit, leaving the Town uncertain in 2015 as to what the voters in 1988 meant to do. He said what we are trying to accomplish here is just to put something in place for any non-

profit organization wishing to hold a function that will be able to serve alcohol. They would have to seek approval from Board of Selectmen and comply with all regulations and mandates. Selectman, William McDevitt stated that the request came from the Library Trustees. They were interested in having some kind of a wine tasting fundraiser. He told them they may have a problem with the regulations that Mr. McCarthy just pointed out. What this seems to do is go back to the original intent of the voters in 1978. Charlene Takesian asked if this included the Parks and Village Green in addition to Town Buildings. She was told that it did not. She asked to make an amendment to include the words “and to include the Village Green,” after (to exclude Fire and Police Department buildings) in the first sentence of this article. The amendment was adopted. I direct the Clerk to place Article 15, as amended, on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

A motion was made and seconded to Restrict Reconsideration on Article 15.

Article 16

Shall the Town vote to authorize the Board of Selectmen to sell through public auction, Town owned property shown on Tax Map 22 Lot 7-277 on .69 acres located on 14 Atwood Road? Said property will be sold by the Town on such terms and conditions as the Selectmen deem prudent with cost of survey and land transfer to be borne by the purchaser. (Recommended by Board of Selectmen). Selectman, William McDevitt spoke saying that this a very rare thing for the Town to take property for non-payment of taxes. He said that the Town and Board of Selectmen go to extreme lengths so that this does not happen. Anything that we can possibly do we do under the law. This particular parcel owes about \$28,000 in taxes and fees going back a number of years. So what we will do with this and the other two parcels is have them auctioned off by a New Hampshire licensed auctioneer at a public auction advertised. The money will go back to the General Fund. The laws covering this are long and convoluted with exceptions. He also stated that all three properties are unoccupied; two of which have houses on it. Bill Scanzani asked if the auction price comes in higher than the taxes owed, would the Town get the tax dollars and the owners end up with the difference. Mr. McDevitt answered by saying that it depends on how long the Selectmen took the property and in this case it was taken in 2008 so the entire proceeds would go to the taxpayers. I direct the Clerk to place Article 16 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

Article 17

Shall the Town vote to authorize the Board of Selectmen to sell through public auction, Town owned property shown on Tax Map 15 Lot 8-243 on 2.0 acres located on 181 Hobbs Road? Said property will be sold by the Town on such terms and conditions as the Selectmen deem prudent with cost of survey and land transfer to be borne by the purchaser. (Recommended by Board of Selectmen). Selectman, William McDevitt stated that the same comments apply to this article as the previous article. He said that this property owes \$32,000 in back taxes and fees from 2010 to the present. This property is also unoccupied. He also stated that this property is different because of the timing in when it was taken. We only have the option to keep the money that is owed to us so the Town doesn't make any profit on this parcel. I direct the Clerk to place Article 17 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

A motion was made and seconded to Restrict Reconsideration on Articles 14, 16 and 17.

Article 18

Shall the Town vote to authorize the Board of Selectmen to sell through public auction, Town owned property shown on Tax Map 35 Lot 6-100 on 1.0 acre located on 18 Chagnon Lane? Said property will be sold by the Town on such terms and conditions as the Selectmen deem prudent with cost of survey and land transfer to be borne by the purchaser. (Recommended by Board of Selectmen). Selectman, William McDevitt explained that this parcel of land has been vacant for years and years. He stated that the land could not be developed and that the owner moved away and stopped paying taxes. The Selectmen deferred taking this land for a long time. There is \$16,000 owed in back taxes at this time and the idea would be to auction it off. He said that it may be of some use to an abutter. I direct the Clerk to place Article 18 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

It was moved and seconded to Restrict Reconsideration on Article 18.

Article 19

Shall the Town vote to authorize the Board of Selectmen to sell certain Town owned property shown on Tax Map 4 lot 9 - 144-13, approximately a 16 acre parcel and Map 4 lot 9-145 approximately a 0.31 acre parcel, both located off of William Drive, to Christopher Mertz for the sum of \$16,000 with the proceeds from the sale to be deposited into the Conservation Fund? Said property will be sold by the Town with the condition that both parcels remain undeveloped and on such terms and conditions as the Selectmen deem prudent with cost of survey and land transfer to be borne by the purchaser.

(Recommended by Board of Selectmen). Selectman, William McDevitt spoke saying that the abutter to these two parcels approached the Board of Selectmen to buy one of the parcels but because the other lot was so small and it would be landlocked the Board suggested to him to buy them both. He explained that the Conservation Commission was asked if there was any reason why we would want to keep this land. The response was "No" there was no reason as long as in the Deed it stated that it could not be developed by the person who buys it. Paul Gagnon spoke saying that this property is not like the others in regards to non-payment of taxes. This land was donated to the Town as part of a large development and rarely does a Conservation Commission divest themselves of a parcel as big as 16 acres, but this parcel is surrounded by development. It can never be connected to any other Town land. Planning Director, Jeff Gowan, looked into it to see if there was any restrictions on the property that it could never be developed and he couldn't find any. So the abutter offered to purchase it with the restriction that it can never be developed. This keeps it as open space and gets the \$16,000 into the Conservation Fund so that we can buy more open space. I direct the Clerk to place Article 19 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

Article 20

Shall the Town vote to authorize the Trustees of the Trust Funds to pay for capital reserve fund investment management services and other related expenses from the Town's capital reserve funds, as is authorized by N.H. RSA 35:9-a, II? No vote by the Town to rescind this authority shall occur within five (5) years of the original adoption of this article. (Recommended by Board of Selectmen) (Majority Vote Required). Ed Gleason, Liaison to the Trustee of the Trust Funds, explained that currently the Trustees of the Trust Funds are only allowed to invest those funds in investment portfolios which are trusts. They have not been able to invest any Capital Reserve funds and over half of the trustee portfolio is Capital Reserve funds. Under RSA 35:9-a II, which was enacted by the Legislature last year, they are now authorized to invest Capital Reserve funds in higher yielding investment portfolios, provided that the voters authorize this article. Under this warrant there is no requirement that the Trustees must invest Capital Reserve funds; it only provides them with the capability of investing those funds. I direct the Clerk to place Article 20 on the official ballot to be voted on at the next session of this meeting on March 10, 2015.

A motion was made and seconded to Restrict Reconsideration on Articles 19 and 20.

The Deliberative Session was adjourned at 8:30 p.m.

Respectfully Submitted,

Dorothy A. Marsden
Town Clerk

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Pelham, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Town of Pelham, New Hampshire, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

The Town's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such

opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Town of Pelham, New Hampshire, as of December 31, 2014, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Pelham New Hampshire's basic financial statements. The schedules of Nonmajor Governmental Funds appearing on pages 38 - 43 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other

records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Melanson Heath

September 25, 2015

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Pelham, New Hampshire we offer readers this narrative overview and analysis of the Town's financial activities for the year ended December 31, 2014.

A. OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Town's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., uncollected taxes and earned but unused vacation leave).

The governmental activities include general government, public safety, highways and streets, sanitation, health, welfare, culture and recreation, conservation, and debt service.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the Governmental Funds Balance Sheet and the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

An annual appropriated budget is adopted for the general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs.

Notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which is required to be disclosed by accounting principles generally accepted in the United States of America.

B. FINANCIAL HIGHLIGHTS

- As of the close of the current year, the total of assets exceeded liabilities by \$32,125,514 (i.e., net position), a change of \$587,544 in comparison to the prior year.
- As of the close of the current year, governmental funds reported combined ending fund balances of \$5,745,941, a change of \$1,692,854 in comparison to the prior year.
- At the end of the current year, unassigned fund balance for the general fund was \$2,695,655, a change of \$1,135,801 in comparison to the prior year.
- Total long-term debt (i.e., bonds payable and capital leases) at the close of the current year was \$3,564,387, a change of \$(2,911) in comparison to the prior year.

C. GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following is a summary of condensed government-wide financial data for the current and prior years.

NET POSITION

	<u>Governmental Activities</u>	
	<u>2014</u>	<u>2013</u>
Current and other assets	\$ 18,573,298	\$ 16,931,141
Capital assets	<u>29,517,864</u>	<u>30,741,754</u>
Total assets	48,091,162	47,672,895
Current liabilities	12,479,361	12,658,121
Noncurrent liabilities	<u>3,486,287</u>	<u>3,476,804</u>
Total liabilities	15,965,648	16,134,925
Net position:		
Net investment in capital assets	26,501,285	27,174,456
Restricted	1,838,210	1,753,062
Unrestricted	<u>3,786,019</u>	<u>2,610,452</u>
Total net position	<u>\$ 32,125,514</u>	<u>\$ 31,537,970</u>

CHANGES IN NET POSITION

	<u>Governmental Activities</u>	
	<u>2014</u>	<u>2013</u>
Revenues:		
Program revenues:		
Charges for services	\$ 1,093,371	\$ 1,193,893
Operating grants and contributions	595,907	256,387
Capital grants and contributions	328,719	296,241
General revenues:		
Property taxes	9,778,557	8,693,204
Interest, penalties and other taxes	241,496	167,174
Motor vehicle permit fees	2,476,429	2,337,824
Grants and contributions not restricted to specific programs	625,294	574,067
Capital contributions	-	257,300
Investment income	15,293	19,497
Miscellaneous	<u>26,581</u>	<u>2,627</u>
Total revenues	15,181,647	13,798,214

(continued)

(continued)

	Governmental <u>Activities</u>	
	<u>2014</u>	<u>2013</u>
Expenses:		
General government	5,272,340	4,681,434
Public safety	4,751,363	4,416,148
Highways and streets	2,571,356	2,684,030
Sanitation	584,193	622,809
Health	90,950	86,235
Welfare	41,588	91,549
Culture and recreation	1,120,789	1,072,422
Conservation	21,628	53,869
Debt service	139,896	144,414
Total expenses	<u>14,594,103</u>	<u>13,852,910</u>
Change in net position	587,544	(54,696)
Net position - beginning of year	<u>31,537,970</u>	<u>31,592,666</u>
Net position - end of year	<u>\$ 32,125,514</u>	<u>\$ 31,537,970</u>

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent year, total net position was \$32,125,514, a change of \$587,544 from the prior year.

The largest portion of net position \$26,501,285 reflects our investment in capital assets (e.g., land, construction in progress, buildings and improvements, vehicles, machinery, and equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net position \$1,838,210, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position totaling \$3,786,019 may be used to meet the government's ongoing obligations to citizens and creditors.

Governmental activities. Governmental activities for the year resulted in a change in net position of \$587,544. Key elements of this change are as follows:

General fund operations, as discussed further in Section D	\$ 906,158
Nonmajor funds change in fund balance	786,696
Capital assets funded with operating funds	534,263
Capital lease proceeds	(635,220)
Depreciation expense in excess of principal debt service	(1,274,585)
Other	<u>270,232</u>
Total	<u>\$ 587,544</u>

D. FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the year.

As of the end of the current year, governmental funds reported combined ending fund balances of \$5,745,941, a change of \$1,692,854 in comparison to the prior year. Key elements of this change are as follows:

General fund operations, as discussed further below	\$ 906,158
Nonmajor funds change in fund balance	<u>786,696</u>
Total	<u>\$ 1,692,854</u>

The general fund is the chief operating fund. At the end of the current year, unassigned fund balance of the general fund was \$2,695,655, while total fund balance was \$3,287,731. As a measure of the general fund’s liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Refer to the table below.

<u>General Fund</u>	<u>12/31/14</u>	<u>12/31/13</u>	<u>Change</u>	<u>% of Total General Fund Expenditures</u>
Unassigned fund balance	\$ 2,695,655	\$ 1,559,854	\$ 1,135,801	20.4%
Total fund balance	\$ 3,287,731	\$ 2,381,573	\$ 906,158	24.9%

The total fund balance of the general fund changed by \$906,158 during the current year. Key factors in this change are as follows:

Local revenues in excess of budget	\$ 455,500
Expenditures less than budget	756,862
Use of fund balance as a funding source	(235,000)
Expenditures of prior year encumbrances	(531,294)
Current year encumbrances	423,352
Change in capital reserves	(46,332)
Other	<u>83,070</u>
Total	<u>\$ 906,158</u>

Included in the total general fund balance are the Town’s capital reserve funds with the following balances:

	<u>12/31/14</u>	<u>12/31/13</u>	<u>Change</u>
Capital reserve funds	\$ 163,724	\$ 210,056	\$ (46,332)

E. GENERAL FUND BUDGETARY HIGHLIGHTS

There was no difference between the Town’s original and final budget in 2014.

F. CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. Total investment in capital assets for governmental activities at year end amounted to \$29,517,864 (net of accumulated depreciation), a change of \$(1,223,890) from the prior year. This investment in capital assets includes land, construction in progress, buildings and improvements, vehicles, machinery and equipment, and infrastructure.

Major capital asset events during the current year included the following:

- \$425,027 for various road infrastructure improvements.
- \$93,862 in building improvements, including the completion of the new fire station and pump control system for public works.
- \$131,702 for vehicles, machinery and equipment, including public safety communications upgrades and planning department vehicle.
- \$38,235 for projects in process, including the Willow Street bridge and deposits for the purchase of conservation land.
- \$(1,912,716) for current year depreciation expense.

Long-term debt. At the end of the current year, total bonded debt outstanding was \$2,975,000, all of which was backed by the full faith and credit of the government. In addition, total capital lease obligations outstanding at the end of the current year were \$589,387.

Additional information on capital assets and long-term debt can be found in the Notes to Financial Statements.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Town of Pelham's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

TOWN OF PELHAM, NEW HAMPSHIRE

Notes to Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Pelham, New Hampshire (the Town) conform to generally accepted accounting principles (GAAP) as applicable to governmental units. The following is a summary of the more significant policies:

A. Reporting Entity

The Town is a municipal corporation governed by an elected Board of Selectmen. As required by generally accepted accounting principles, these financial statements present the government and applicable component units for which the government is considered to be financially accountable. In year 2014, it was determined that no entities met the required GASB 14 (as amended) criteria of component units.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as is the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes and motor vehicle registration fees.

Fund Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers property tax revenues to be available if they are collected within 60 days of the end of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The Town reports the following major governmental fund:

- The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

D. Cash and Short-Term Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are recognized in

the general fund. Certain special revenue, trust, and fiduciary funds segregate cash and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits and savings accounts. A cash and investment pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and short-term investments". The interest earnings attributable to each fund type are included under investment income.

E. Investments

State and local statutes place certain limitations on the nature of deposits and investments available. Deposits in any financial institution may not exceed certain levels within the financial institution. Non-fiduciary fund investments can be made in securities issued by or unconditionally guaranteed by the U.S. Government or agencies that have a maturity of one year or less from the date of purchase and repurchase agreements guaranteed by such securities with maturity dates of no more than 90 days from the date of purchase.

Investments managed by the Town Treasurer consist of bank certificates of deposit that are fully protected by FDIC insurance.

Investments managed by the Trustees of Trust Funds consist of various fixed income and equity mutual funds. Investments are reported at market value.

F. Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the year are referred to as "due from/to other funds" (i.e., the current portion of interfund loans).

G. Inventories

The Town maintains nominal gasoline and diesel fuel inventories that are reported with other current assets in the government-wide Statement of Net Position and governmental funds Balance Sheet. Inventories are valued at cost using the first-in/first-out (FIFO) method.

H. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or

constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	10 - 40
Vehicles, machinery, equipment	5 - 20
Infrastructure	20 - 50

I. Compensated Absences

It is the Town's policy to permit employees to accumulate earned time, a single benefit that combines absences for vacation, personal days, sick leave, and military leave. All vested earned time is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of voluntary employee terminations or retirements.

J. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position.

K. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

Fund Balance – Generally, fund balance represents the difference between current assets/deferred outflows and current liabilities/deferred inflows. The Town reserves those portions of fund balance that are legally segregated for a specific future use or which do not represent available, spendable resources and therefore, are not available for appropriation or expenditure. Unassigned fund balance indicates that portion of fund balance that is available for appropriation in future periods.

The Town's fund balance classification policies and procedures are as follows:

- 1) Nonspendable funds are either unspendable in the current form (i.e., inventory or prepaid items) or can never be spent (i.e., cemetery perpetual care).
- 2) Restricted funds are used solely for the purpose in which the fund was established. In the case of special revenue funds, these funds are created by statute or otherwise have external constraints on how the funds can be expended.
- 3) Committed funds are reported and expended as a result of motions passed by the government's highest decision making authority (i.e., Town Meeting).
- 4) Assigned funds are used for specific purposes as established by management. These funds, which include general encumbrances, have been assigned for specific goods and services ordered but not yet paid for, or have been designated for a specific future use.
- 5) Unassigned funds are available to be spent in future periods.

When an expenditure is incurred that would qualify for payment from multiple fund balance types, the Town uses the following order to liquidate liabilities: restricted, committed, assigned, and unassigned.

Net Position - Net position represents the difference between assets/deferred outflows and liabilities/deferred inflows. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remaining net position is reported as unrestricted.

L. Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures for contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of the revenues and expenditures/expenses during the year. Actual results could vary from estimates that were used.

2. Stewardship, Compliance, and Accountability

A. Budgetary Information

The Town's budget is originally prepared by the Town Administrator and Board of Selectmen, with the cooperation of the various department heads. It is then submitted to the Budget Committee, in accordance with the Municipal Budget Law. After reviewing the budget, the Committee holds a public hearing for discussion.

The final version of the budget is then submitted for approval at the annual Town meeting. The approved budget is subsequently reported to the State of New Hampshire on the statement of appropriation form in order to establish the current property tax rate.

The Board of Selectmen cannot increase the total of the approved budget; however, they have the power to reclassify its components when necessary.

Departments are limited to their budgets as voted. Certain items may exceed the line item budget as approved if it is for an emergency and for the safety of the general public.

Formal budgetary integration is employed as a management control device during the year for the General Fund. At year end, appropriation balances lapse, except for certain unexpended capital items and encumbrances which will be honored during the subsequent year.

B. Budgetary Basis

The general fund final appropriation appearing on the "Budget and Actual" page of the fund financial statements represents the final amended budget after all transfers and supplemental appropriations.

C. Budget/GAAP Reconciliation

The budgetary data for the general fund is based upon accounting principles that differ from generally accepted accounting principles (GAAP). Therefore, in addition to the GAAP basis financial statements, the results of operations of the general fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison with budgetary data.

The following is a summary of adjustments made to the actual revenues and other sources, and expenditures and other uses, to conform to the budgetary basis of accounting.

<u>General Fund</u>	<u>Revenues and Other Financing Sources</u>	<u>Expenditures and Other Financing Uses</u>
Revenues/Expenditures (GAAP Basis)	\$ 14,087,900	\$ 13,181,742
Subtotal (GAAP Basis)	14,087,900	13,181,742
Adjust tax revenue to accrual basis	(94,279)	-
Reverse beginning of year appropriation carryforwards from expenditures	-	(531,294)
Add end-of-year appropriation carryforwards from expenditures	-	423,352
Recognize use of fund balance as a funding source	235,000	-
Reverse effects of nonbudgeted audit adjustments	11,209	-
Reverse effect of combining capital reserve funds with general fund	(34,028)	(80,360)
Budgetary Basis	<u>\$ 14,205,802</u>	<u>\$ 12,993,440</u>

D. Deficit Fund Equity

The following funds reflected deficit balances as of December 31, 2014:

Special Revenue Funds:

Firearm license fees	\$ (874)
State grants	(6,239)
Other special revenue funds	<u>(4,910)</u>
	<u>\$ (12,023)</u>

These deficits will be eliminated through future departmental and inter-governmental revenues and transfers from other funds.

3. Cash and Investments

A. Custodial Credit Risk

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. New Hampshire RSA 41:29 directs that Town funds be deposited "in participation units in the public deposit investment pool established pursuant to RSA 383:22 or in federally insured banks chartered under the laws of New Hampshire or the federal government with a branch within the state, except

that funds may be deposited in federally insured banks outside the state if such banks pledge and deliver to a third party custodial bank or the federal reserve bank collateral security for such deposits of the following types:

- (a) United States government obligations;
- (b) United States government agency obligations; or
- (c) Obligations of the State of New Hampshire in value at least equal to the amount of the deposit in each case.”

In addition, RSA 41:29 allows excess funds “which are not immediately needed for the purpose of expenditure” to be invested in the “public deposit investment pool established pursuant to RSA 383:22, or in deposits, including money market accounts, or certificates of deposit, or repurchase agreements, and all other types of interest bearing accounts, of federally insured banks chartered under the laws of New Hampshire or the federal government with a branch within the state, or in obligations fully guaranteed as to principal and interest by the United States government.”

As of December 31, 2014, none of the Town’s bank balance of \$15,254,035, which is in the custody of the Town Treasurer, was exposed to custodial credit risk as uninsured, uncollateralized, or collateral held by pledging bank’s trust department not in the Town’s name.

The Town also maintains various trust and fiduciary funds managed by the Trustees of Trust Funds (Trustees). These funds are collateralized through a third-party agreement. Therefore, as of December 31, 2014, none of the Trustees’ short-term cash and investment balances totaling \$945,873 was exposed to custodial credit risk as uninsured, uncollateralized, or collateral held by pledging bank’s trust department not in the Town’s name.

Custodial Credit Risk – Investments. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the Town may not be able to recover the value of its investment or collateral securities that are in the possession of another party.

As of December 31, 2014, all of the Town’s investments were held in FDIC-insured certificates of deposit and were not exposed to custodial credit risk.

As of December 31, 2014, all of the Trustees’ investments were held in fixed income and equity mutual funds registered in the Trustees’ name and were not exposed to custodial credit risk.

B. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. State law employs the prudent

person rule whereby investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

As of December 31, 2014, the Town held investments totaling \$350,803 in various certificates of deposit. These investments are exempt from rating disclosure and were fully insured by the FDIC.

The Trustees manage and invest funds in accordance with the Prudent Investor Rule under NH RSA 564-B:9-901 and 564-B:9-906. Monies are invested to protect principal, provide for growth above inflation, and provide earnings and liquidity for the beneficiaries named in the various trust instruments. At December 31, 2014, the Trustees held investments in various fixed income and equity mutual funds valued at \$906,233. All of these investment types are exempt from rating disclosures.

C. Concentration of Credit Risk

The Town does not have a formal investment policy for concentration of credit risk. At December 31, 2014, all of the Town's investments were held in FDIC-insured bank certificates of deposit with maturity dates not exceeding one year.

The Trustees' investment policy defines asset allocation ranges of 40% - 60% for fixed income and equity securities. The policy for fixed income investments stipulates that concentrations in any one issuer shall not exceed ten percent, except in obligations of the United States and/or of the State of New Hampshire and its subdivisions. The Trustees' investment policy for equity assets stipulates that the maximum exposure to any one industry section should not exceed twenty-five percent without prior approval of the Trustees. In addition, at the security level, the purchase of a single security should not exceed five percent of the equity portion of the portfolio.

As of December 31, 2014, none of the Town's or Trustees' investments were subject to concentration of credit risk.

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

As of December 31, 2014 all of the Town's investments were held in six-month or one-year certificates of deposit with interest rates fixed until maturity.

As of December 31, 2014, interest rate risks associated with the Trustees' investments in various fixed income mutual funds cannot reasonably be determined. All of these investments are in compliance with the Trustees' investment policy and NH RSAs.

4. Taxes Receivable

Property taxes are levied based on tax rates set by the NH Department of Revenue Administration. The Town bills property taxes semi-annually, in May and November. Property tax revenues are recognized in the year for which taxes have been levied. Property taxes billed or collected in advance of the year for which they are levied are recorded as a prepaid tax liability.

Property taxes are due on July 1 and December 1. Delinquent accounts are charged interest at a rate of 12%. In May of the following year, a lien is recorded on delinquent property at the Registry of Deeds. The Town purchases all the delinquent accounts by paying the delinquent balance, recording costs and accrued interest. Accounts that are liened by the Town are reclassified from property taxes receivable to unredeemed tax liens receivable and are charged interest at a rate of 18%. The Town annually budgets amounts (overlay) for property tax abatements and refunds.

Taxes receivable at December 31, 2014 consist of the following:

Property taxes		
2014 levy		\$ 1,056,860
Unredeemed tax liens		
2013 levy	226,162	
2012 levy	<u>129,884</u>	
		356,046
Land use change taxes		61,984
Yield taxes		1,138
Tax dedeed properties		<u>71,658</u>
Total taxes receivable		<u>\$ 1,547,686</u>

Taxes Collected for Others

The Town collects property taxes for the Pelham School District and the County of Hillsborough. Payments are normally made to the school district throughout the year and payment to the county is normally made in December. However, ultimate responsibility for the collection of these taxes rests with the Town.

As of December 31, 2014, the Town owed \$11,166,733 in committed property tax revenues to the Pelham School District. This amount is reported as Due to School District in both the government-wide Statement of Net Position and the governmental funds Balance Sheet.

5. Allowance for Doubtful Accounts

The receivables reported in the accompanying entity-wide financial statements reflect the following estimated allowances for doubtful accounts:

	<u>Governmental</u>
Property taxes	\$ 26,422
Unredeemed tax liens	<u>8,901</u>
Total	<u>\$ 35,323</u>

6. Intergovernmental Receivables

This balance represents reimbursements requested from Federal and/or State agencies for expenditures incurred in 2014.

7. Interfund Fund Receivables/Payables

Although self-balancing funds are maintained, most transactions flow through the general fund. In order to obtain accountability for each fund, interfund receivable and payable accounts must be utilized. The following is an analysis of the December 31, 2014 balances in interfund receivable and payable accounts:

<u>Fund</u>	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
General Fund	\$ 40,641	\$ 518,737
Nonmajor Governmental Funds:		
<u>Special Revenue Funds:</u>		
Ambulance revolving	85,000	-
PD/FD Special Detail Fund	-	8,926
Park & Recreation Revolving Fund	87,855	-
Firearm License Fees	-	8,755
Drug Forfeiture Fund	-	3,205
Conservation Fund	114,649	-
FEMA Fund	80,155	-
Village Green Tree Fund	549	-
Cable Equipment Fund	30,261	-
Skate Park	46,747	-
Road study funds	20,500	-
Town grants	29,304	11,148
Fire Impact Fees	10,469	-
Senior Center Impact Fees	768	-
Cemetery General Maintenance Trust	<u>12,480</u>	<u>-</u>
Subtotal	<u>518,737</u>	<u>32,034</u>
Fiduciary Funds:		
<u>Agency Funds:</u>		
Escrow deposits	<u>-</u>	<u>8,607</u>
Total	<u>\$ 559,378</u>	<u>\$ 559,378</u>

8. Capital Assets

Capital asset activity for the year ended December 31, 2014 was as follows (in thousands):

	<u>Beginning</u> <u>Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending</u> <u>Balance</u>
Governmental Activities:				
Capital assets, being depreciated:				
Buildings and improvements	\$ 10,066	\$ 270	\$ -	\$ 10,336
Vehicles, machinery and equipment	4,801	132	-	4,933
Infrastructure	<u>60,834</u>	<u>548</u>	<u>-</u>	<u>61,382</u>
Total capital assets, being depreciated	75,701	950	-	76,651
Less accumulated depreciation for:				
Buildings and improvements	(2,044)	(256)	-	(2,300)
Vehicles, machinery and equipment	(3,429)	(226)	-	(3,655)
Infrastructure	<u>(47,039)</u>	<u>(1,431)</u>	<u>-</u>	<u>(48,470)</u>
Total accumulated depreciation	<u>(52,512)</u>	<u>(1,913)</u>	<u>-</u>	<u>(54,425)</u>
Total capital assets, being depreciated, net	23,189	(963)	-	22,226
Capital assets, not being depreciated:				
Land	7,254	-	-	7,254
Construction in progress	<u>299</u>	<u>38</u>	<u>(299)</u>	<u>38</u>
Total capital assets, not being depreciated	<u>7,553</u>	<u>38</u>	<u>(299)</u>	<u>7,292</u>
Governmental activities capital assets, net	<u>\$ 30,742</u>	<u>\$ (925)</u>	<u>\$ (299)</u>	<u>\$ 29,518</u>

Depreciation expense was charged to functions of the Town as follows (in thousands):

Governmental Activities:	
General government	\$ 91
Public safety	287
Highways and streets*	1,455
Sanitation	9
Culture and recreation	<u>71</u>
Total depreciation expense - governmental activities	<u>\$ 1,913</u>

*Note: Highways and streets includes depreciation costs for infrastructure.

9. Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities represent 2014 expenditures paid after December 31, 2014.

10. Tax Refunds Payable

This balance consists of an estimate of refunds due to property taxpayers for potential future abatements. These cases are currently in litigation or are pending with the Board of Tax and Land Appeals.

11. Other Liabilities

This balance consists primarily of various employee payroll withholdings.

12. Capital Lease Obligations

The Town is the lessee of certain equipment under capital and operating leases expiring in various years through July 25, 2023. Future minimum lease payments under the capital and operating leases consisted of the following as of December 31, 2014:

<u>Fiscal Year</u>	<u>Capital Leases</u>	<u>Operating Leases</u>
2015	\$ 109,941	\$ 122,071
2016	77,367	37,151
2017	72,117	30,517
2018	72,117	8,373
2019	72,117	-
Thereafter	<u>288,468</u>	<u>-</u>
Total minimum lease payments	692,127	198,112
Less amounts representing interest	<u>102,740</u>	<u>-</u>
Present Value of Minimum Lease Payments	<u>\$ 589,387</u>	<u>\$ 198,112</u>

13. Long-Term Debt

A. General Obligation Bonds

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds currently outstanding are as follows:

<u>Governmental Activities:</u>	<u>Serial Maturities Through</u>	<u>Interest Rate(s) %</u>	<u>Amount Outstanding as of 12/31/14</u>
Conservation land	03/10/16	4.15%	\$ 195,000
Municipal complex	08/15/22	4.11%	2,240,000
Conservation land	10/15/23	2.99%	<u>540,000</u>
Total Governmental Activities:			<u>\$ 2,975,000</u>

B. Future Debt Service

The annual payments to retire all general obligation long-term debt outstanding as of December 31, 2014 are as follows:

<u>Governmental</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2015	\$ 470,000	\$ 120,798	\$ 590,798
2016	405,000	102,425	507,425
2017	340,000	87,736	427,736
2018	340,000	74,018	414,018
2019	340,000	60,159	400,159
2020 - 2023	<u>1,080,000</u>	<u>95,485</u>	<u>1,175,485</u>
Total	<u>\$ 2,975,000</u>	<u>\$ 540,621</u>	<u>\$ 3,515,621</u>

C. Changes in General Long-Term Liabilities

During the year ended December 31, 2014, the following changes occurred in long-term liabilities (in thousands):

	Total Balance <u>1/1/14</u>	<u>Additions</u>	<u>Reductions</u>	Total Balance <u>12/31/14</u>	Less Current Portion	Equals Long-Term Portion <u>12/31/14</u>
<u>Governmental Activities</u>						
Bonds payable	\$ 3,475	\$ -	\$ (500)	\$ 2,975	\$ (470)	\$ 2,505
Other:						
Capital leases	92	635	(138)	589	(89)	500
Compensated absences	<u>590</u>	<u>19</u>	<u>(2)</u>	<u>607</u>	<u>(126)</u>	<u>481</u>
Total	<u>\$ 4,157</u>	<u>\$ 654</u>	<u>\$ (640)</u>	<u>\$ 4,171</u>	<u>\$ (685)</u>	<u>\$ 3,486</u>

14. Deferred Inflows of Resources

Deferred inflows of resources are the acquisition of net assets by the Town that are applicable to future reporting periods. Deferred inflows of resources have a negative effect on net position, similar to liabilities.

The following is a summary of deferred inflow of resources balances as of December 31, 2014:

	<u>Fund Basis</u>	
	<u>Governmental Funds</u>	
	<u>General Fund</u>	<u>Nonmajor Fund</u>
Unavailable revenues:		
Committed taxes	\$ 662,543	\$ 46,488
Tax liens	340,016	-
Tax deeds	<u>71,658</u>	<u>-</u>
Total	<u>\$ 1,074,217</u>	<u>\$ 46,488</u>

15. Restricted Net Position

The accompanying entity-wide financial statements report restricted net position when external constraints from grantors or contributors are placed on net position.

Permanent fund restricted net position is segregated between nonexpendable and expendable. The nonexpendable portion represents the original restricted principal contribution, and the expendable represents accumulated earnings which are available to be spent based on donor restrictions.

16. Governmental Funds - Balances

Fund balances are segregated to account for resources that are either not available for expenditure in the future or are legally set aside for a specific future use.

The following types of fund balances are reported at December 31, 2014:

Nonspendable - Represents amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. This fund balance classification includes general fund reserves for fuel inventory and nonmajor governmental fund reserves for the principal portion of permanent trust funds.

Restricted - Represents amounts that are restricted to specific purposes by constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation. This fund balance classification includes unspent capital lease proceeds, various special revenue and expendable trust funds, and the income portion of permanent trust funds.

Committed - Represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority. This fund balance classification includes general fund encumbrances for non-lapsing, special article appropriations approved at Town Meeting and capital reserve funds set aside by Town Meeting vote for future capital acquisitions and improvements (now reported as part of the general fund per GASB 54).

Assigned - Represents amounts that are constrained by the Town's intent to use these resources for a specific purpose. This fund balance classification includes general fund encumbrances that have been established by various Town departments for the expenditure of current year budgetary financial resources upon vendor performance in the subsequent budgetary period.

Unassigned - Represents amounts that are available to be spent in future periods.

Following is a breakdown of the Town's fund balances at December 31, 2014:

	General Fund	Nonmajor Governmental Funds	Total Governmental Funds
Nonspendable			
Reserve for fuel inventory	\$ 5,000	\$ -	\$ 5,000
Nonexpendable permanent funds	<u>-</u>	<u>759,786</u>	<u>759,786</u>
Total Nonspendable	5,000	759,786	764,786
Restricted			
Special revenue funds	-	999,135	999,135
Capital project funds	-	620,000	620,000
Expendable permanent funds	<u>-</u>	<u>91,312</u>	<u>91,312</u>
Total Restricted	-	1,710,447	1,710,447
Committed			
Article carryforwards	373,352	-	373,352
Capital reserve funds	<u>163,724</u>	<u>-</u>	<u>163,724</u>
Total Committed	537,076	-	537,076
Assigned			
Budgetary encumbrances	<u>50,000</u>	<u>-</u>	<u>50,000</u>
Total Assigned	<u>50,000</u>	<u>-</u>	<u>50,000</u>
Unassigned			
General fund	2,695,655	-	2,695,655
Special revenue fund deficits	<u>-</u>	<u>(12,023)</u>	<u>(12,023)</u>
Total Unassigned	<u>2,695,655</u>	<u>(12,023)</u>	<u>2,683,632</u>
Total Fund Balance	<u>\$ 3,287,731</u>	<u>\$ 2,458,210</u>	<u>\$ 5,745,941</u>

17. General Fund Unassigned Fund Balance

The unassigned general fund balance reported on the balance sheet is stated in accordance with generally accepted accounting principles (GAAP), which differs in respect to how unassigned fund balance is reported in accordance with the budgetary basis for reporting for the State of New Hampshire for tax rate setting purposes. The major difference is the State of New Hampshire considers revenues in connection with property tax receivables to be available to liquidate liabilities when billed rather than received.

The following summarizes the specific differences between the GAAP basis and the budgetary basis of reporting the general fund unassigned fund balance:

GAAP basis balance	\$ 2,695,655
Deferred inflows of resources	<u>1,074,217</u>
Tax Rate Setting Balance	<u>\$ 3,769,872</u>

18. Subsequent Events

Debt

Subsequent to December 31, 2014, the Town has incurred the following additional debt:

	<u>Amount</u>	<u>Interest Rate</u>	<u>Issue Date</u>	<u>Maturity Date</u>
Capital lease	\$ 464,950	2.72%	05/20/15	05/20/17

19. Commitments and Contingencies

Outstanding Lawsuits - There are several pending lawsuits in which the Town is involved. The Town's management is of the opinion that the potential future settlement of such claims would not materially affect its financial statements taken as a whole.

Grants - Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

20. Post-Employment Healthcare and Life Insurance Benefits

In July 2004, the Governmental Accounting Standards Board (GASB) issued Statement No. 45, *Accounting and Financial Reporting by Employers for Post-employment Benefits Other Than Pensions*, which requires governmental employers that provide employees with post-employment benefits other than pension benefits to measure, recognize, and report the value of these benefits in their financial statements.

The Town does not directly provide other post-employment benefits (OPEB) to its current or retired employees; however, the Town participates in a community-rated plan administered by the Local Government Center, in which insurance premiums reflect the health claim experience of all participating employers. As a result, it is appropriate for the Town to use the unadjusted premiums as a basis for projecting retiree benefit costs. Since the Town does not currently provide direct other post-employment benefits to its retirees, and it is reasonable for the Town to project benefits using unadjusted premiums, the Town does not have an OPEB liability at December 31, 2014.

21. Retirement System

The Town follows the provisions of GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, (as amended by GASB 50) with respect to its employees' retirement funds.

A. Plan Description

The Town contributes to the New Hampshire Retirement System (the System), a cost-sharing, multiple-employer, contributory public employee defined benefit pension plan qualified under section 401(a) of the Internal Revenue Code and funded through a trust which is exempt from tax under Internal Revenue Code section 501(a). The System was established in 1967 and is governed by New Hampshire RSA 100-A, rules and regulations, federal laws, and policies adopted by its Board of Trustees. Membership in the System may be mandatory or optional, depending on employment position. Members are required to make regular contributions to the System. Member contribution rates are established and may be amended by the New Hampshire State Legislature.

System membership is divided into two groups. *Group I* includes full-time state employees (except police officers and firefighters) and teachers, as well as employees of a political subdivision (i.e., school district, county, town or other unit of local government) that has elected to participate in the System. *Group II* includes permanent police officers and firefighters. Membership is a condition of employment and System contributions are mandatory for both *Group I* and *Group II* employees who meet specific eligibility requirements.

Additional information on System eligibility requirements, membership parameters, funding policies, benefits, and the System's annual financial report may be obtained from the New Hampshire Retirement System, 54 Regional Drive, Concord, New Hampshire, 03301-8507, or from the System's website at www.nhrs.org.

B. Funding Policy

The System is supported by member contributions, employer contributions, and net earnings on the investments of the trust fund. Member contribution rates are set by statute at 7.00% of member's compensation for *Group I* members (employees and teachers), 11.55% of member's compensation for *Group II* Police, and 11.80% of member's compensation for *Group II* Fire. Employer contributions are set by the System's Board of Trustees based on biennial actuarial valuations prepared as of June 30th on the odd numbered years (2011, 2013, etc.).

In 2014, the Town was required to contribute 10.77% to the System for its eligible *Group I* employees, 25.30% for its eligible *Group II* police employees, and 27.74% for its eligible *Group II* fire employees.

The Town's total contributions to the System for the years ended December 31, 2014, 2013, and 2012 were \$1,057,679, \$921,085, and \$799,385, respectively, which equaled its annual required contributions for each of these years.

22. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Town carries commercial insurance. There were no significant reductions in insurance coverage from the previous year and have been no material settlements in excess of coverage in any of the past three years.

23. Implementation of New GASB Standards

The Governmental Accounting Standards Board has issued Statement No. 68, *Accounting and Financial Reporting for Pensions*, which the Town will be required to implement in 2015. Management's current assessment is that this pronouncement will have a significant impact on the Town's basic financial statements by requiring the Town to recognize, as a liability and expense, its applicable portion of the New Hampshire Retirement System's actuarially accrued unfunded pension liability.

Pelham

Tax Commitment Verification

2015 Tax Commitment Verification - RSA 76:10 II	
Description	Amount
Total Property Tax Commitment	\$33,255,107
1/2% Amount	\$166,276
Acceptable High	\$33,421,383
Acceptable Low	\$33,088,831

If the amount of your total warrant varies by more than 1/2%, the MS-1 form used to calculate the tax rate might not be correct. The tax rate will need to be recalculated. Contact your assessors immediately and call us at 603.230.5090 before you issue the bills. See RSA 76:10, II

Commitment Amount	\$ 33,254,905
Less amount for any applicable Tax Increment Financing Districts (TIF)	
Net amount after TIF adjustment	

Under penalties of perjury, I verify the amount above was the 2015 commitment amount on the property tax warrant.

Tax Collector/Deputy Signature: *Dorothy Q. Massden* **Date:** *11/5/2015*

Requirements for Semi-Annual Billing

Pursuant to RSA 76:15-a

76:15-a Semi-Annual Collection of Taxes in Certain Towns and Cities - I. Taxes shall be collected in the following manner in towns and cities which adopt the provisions of this section in the manner set out in RSA 76:15-b. A partial payment of the taxes assessed on April 1 in any tax year shall be computed by taking the prior year's assessed valuation times 1/2 of the previous year's tax rate; provided, however, that whenever it shall appear to the selectmen or assessors that certain individual properties have physically changed in valuation, they may use the current year's appraisal times 1/2 the previous year's tax rate to compute the partial payment.

Pelham	Total Tax Rate	Semi-Annual Tax Rate
Total 2015 Tax Rate	\$23.26	\$11.63

Associated Villages

2015 TOWN OF PELHAM – TAX RATE CALCULATION (page 4)

Fund Balance Retention

Enterprise Funds	\$0
General Fund Operating Expenses	\$40,581,253
Final Overlay	\$149,499

DRA has provided a reference range of fund balance retention amounts below. Please utilize these ranges in the determination of the adequacy of your municipality's unrestricted fund balance, as currently defined in GASB Statement 54. Retention amounts, as part of the municipality's stabilization fund policy [1], should be assessed dependent upon your governments own long-term forecasts and special circumstances. Please note that current best practices published by GFOA recommend, at a minimum, that "...general purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures." [2],[3]

[1] The National Advisory Council on State and Local Budgeting (NACSLB), (1998), *Framework for Improved State and Local Government Budgeting: Recommended Budget Practices (4.1)*, pg. 17.
 [2] Government Finance Officers Association (GFOA), (2009), *Best Practice: Determining the Appropriate Level of Unrestricted Fund Balance in the General Fund*.
 [3] Government Finance Officers Association (GFOA), (2011), *Best Practice: Replenishing General Fund Balance*.

2015 Fund Balance Retention Guidelines: Pelham	
Description	Amount
Current Amount Retained (7.44%)	\$3,019,872
17% Retained (<i>Maximum Recommended</i>)	\$6,898,813
10% Retained	\$4,058,125
8% Retained	\$3,246,500
5% Retained (<i>Minimum Recommended</i>)	\$2,029,063

2015 RSA 198:4-b II School Fund Balance Retention Guidelines: Pelham

If a school district has adopted RSA 198:4-b II by a vote of the legislative body, the school district may retain year-end unassigned general funds in an amount not to exceed, in any fiscal year, 2.5 percent of the current fiscal year's net assessment pursuant to RSA 198:5, for the purpose of having funds on hand to use as a revenue source for emergency expenditures and overexpenditures under RSA 32:11, or to be used as a revenue source to reduce the tax rate. This retained fund balance is not cumulative. The maximum allowed fund balance retention has been calculated as:

	Net Assessment	2.5% of Net Assessment
Local School	\$18,274,345	\$456,859

Town of Pelham – 2015 Town Employee Wages

- Important Note Regarding Overtime & Special Wages -

Department heads and the Town Administrator are not eligible for overtime pay (“OT”). In the Police Department, the Chief (a department head) and Lieutenants may be paid overtime for work under grants which specify overtime must be paid. Any member of the Police Dept. may be paid for “Details”. These are performed for third parties. These are fully reimbursed to the town although the offsetting revenue does not appear here. “Special Wages” may include longevity, education, or other payments required by contract. These explanations are as comprehensive as possible. If you have questions on any matter herein, please contact a member of the Board of Selectmen.

of-the-trust-funds**

Meeting Information:

The Trustees Meet:

The 3rd Wednesday of each month

Location:

*Police Community Room
Police Department
14 Village Green
Pelham, NH 03076*

2015 Highlights:

- Revised Investment Policy and Code of Conduct documents
- Long-time Trustee, **Mary Gleason** stepped down and former Trustee, **Edmund Gleason** volunteered and was appointed by the Selectmen to fill the board vacancy
- **Cindy Ronning** elected Chairman
- Trustee **John Kachmor** had to step down from the Trustees and will be sorely missed
- **Demetra Bergeron** appointed to Trustee by the Selectmen to replace position left by **John Kachmor**

2015 was a year of change for the Trustees of the Trust Funds. In March, Mary Gleason chose not to seek re-election and former Trustee Ed Gleason volunteered to fill this vacancy and was appointed by the BOS for the 3 year term.

Also, John Kachmor, longtime Trustee and assigned Bookkeeper, resigned because of his personal employment requirements. The Trustees certainly thank him for his dutiful participation and financial and organizational skills. He will be missed. Demetra Bergeron volunteered to fill the open slot and was appointed by the Board of Selectmen to fill this vacancy.

In April, Cindy Ronning was elected to serve as Trustee Chairperson and Ed Gleason appointed Trustee Bookkeeper. Upon appointment, Trustee Bergeron volunteered and was appointed Trustee Secretary.

A revised Investment Policy and Code of Conduct, as well as, Trustee Internal Operating Procedures were posted to the Trustee of the Trust Funds website in early 2015.

Total Funds Held in Trustees of the Trust Funds Accounts as of December 31, 2015 (unaudited):

Citizens Investment Management Service	\$900,465.61
Citizens Bank Government Account	\$1,128,210.72

Looking forward to 2016 the Trustees are planning to consolidate Trustee documentation onto a Town provided computer so that all accumulated Trustee history, trust records and financial data are centrally located in an accessible location. This will also ensure that continuity will be maintained as future changes in the election or appointment of Trustees take place.

The Trustees will continue to closely monitor Citizens Investment Management Services to ensure that the funds invested under the Prudent Investor rule are being managed appropriately.

The Trustees would like to express our appreciation to the Selectman’s office for its continued administrative support, and specifically to the BOS Secretary for her coordination of our meetings, correspondence, and other matters of interest.

As always, the Trustees invite all citizens to visit our website and to contact any one of the Trustees if you have any questions.

Sincerely,

Cindy Ronning

Cindy Ronning, Chairman
Edmund Gleason, Bookkeeper
Demetra Bergeron, Secretary

To the Residents of Pelham:

The Board of Selectmen has statutory authority as the Board of Assessors. The Board of Assessors has ongoing support from Corcoran Consulting of Wolfeboro Falls, NH.

A full measure and list revaluation has many goals. One of which is to bring property values in line with the current fair market. Similar properties should reflect similar values taking into account age and quality of construction. A full revaluation *of the entire town in one year* is cumbersome, time consuming and costly.

The Board of Selectmen decided in 2007 to maintain values on an annual basis versus a whole Town revaluation every five years. This entails the measuring and listing (complete inventory of real property) of all properties on a cyclical basis, over a five year period. Statistical updates will be performed when fair market sales and assessed values differ by 10% or more. 2011 was the end of our *first* 5 year certification cycle. We continue to maintain values within 10% of fair market values as recommended by the NH Assessing Standards Board.

For 2015 the total valuation for the community is up from \$1,421,477,260 in 2014 to \$1,444,612,241. This excludes all exempt properties. Excluding utilities, our 2015 valuation is \$1,400,263,541.

Our tax rate for 2015 increased \$.39 to 23.26 from \$22.87 in 2014 & 2013. The rate is broken down into: local school at \$12.65, County at \$1.29, Municipal at \$6.90 and State Education rate at \$2.42.

Once the tax bills are mailed, property owners are eligible to seek an abatement. It is the responsibility of the property owner to prove or show how their assessment is disproportionate to similar properties or that the value varies greater than 10% from the current year fair market value or there is some material data error which affects the assessed value.

Our equalization rate for 2014 is confirmed to be 96.3%. The equalization value for 2015 is pending review and approval from the Department of Revenue Administration. The Assessing Standards Board (ASB) allows, as a test of Uniformity of Assessment, a coefficient of dispersion (COD) of 20. When calculating the COD for 2014 using the fair market sales for residential properties from October 1, 2014 to September 30, 2015 our COD is at 6.02.

Efforts to maintain a COD under 20 as set by the ASB requires annual valuation activity. When we find ourselves in a position where the COD is approaching 15 or greater and our equalization rate 90% or greater than 110% we will be directed by the DRA, to take efforts to bring our community values back into range. To that end we contract with Corcoran Associates to assist us in the collection and *data analysis of our values*.

Attached is the updated version of tax rates and equalization values per year since 1965.

The office is open Monday through Friday 8am to 4pm. Persons wishing to apply for an Elderly exemption, Veteran's Credit, Wood Burning exemption, Solar Heat exemption and/or abatement can review information and applications on line at www.nh.gov/revenue or www.pelhamweb.com, 'Assessing Department' or stop by the office to pick up applications and information. Applications are due no later than **15 April for exemptions and credits** and **March 1st for Abatements**.

Respectfully submitted,

Susan Snide, Assessing Assistant

2015 brought more technology upgrades; we added a new 200 inch diagonal rear projection screen and short throw projector for use mainly for Sherburne Hall productions but can be used at other indoor locations if needed. Although we only broadcast in Standard Definition (SD), we added a new High Definition (HD) Camcorder to enhance our HD productions with a total of 5 HD Camcorders to cover all the angles at an event. PTV has also begun to post most special events on its You Tube channel and shared on local social media forums.

PTV and its production team continue to provide Cable Coverage of all Town and School District governmental meetings with the exception of sub-committees, Town Meeting Voting results, School Graduations, Academic Award Ceremonies, School Concerts, Memorial Day, Fourth of July, Old Home Day, Horrible's Parades, Yuletide, and much more. We also accept and schedule for playback several productions and shows that are produced outside of PTV but sponsored or submitted by Pelham residents.

PTV also provides a community TV Bulletin Board for The Town, Schools and Pelham residents to post announcements of up-coming events. Contact Linda Doherty at PTV for information on file formats and sizes accepted.

As always the PTV equipment e.g. digital camcorders, tripods, live equipment at PES, Sherburne Hall and the Studio are available for all Pelham residents to use for live shows and/or the taping of and playing back of any other shows. If you are interested in learning more about producing your own show please contact Jim Greenwood or Linda Doherty at PTV.

Important Events in 2015:

- Maintenance building is up and running. It is a truly professional building with great work space and office. It also has a much needed room for planning and record keeping.

Important Dates:

- April 15, 2016 all plastic flowers and decorations must be removed

- All graves must be brought into compliance with the Cemetery By-laws

To the Board of Selectmen and the Residents of the Town of Pelham,

At our April 2015 Trustees meeting, election of officers was held with the results being:

David Provencal, Chairman
 Donna Smith, Vice Chairman
 Walter Kosik, Secretary
 Timothy Zelonis, Trustee
 Nate Boutwell, Trustee

Once again, thanks to our Sexton Dave Slater and our three dedicated staff members, Brandon Bonnell, Jay Law and Paul McAweeney, Jr. The Town of Pelham continues to have one of the best kept cemeteries in the area. To maintain the upkeep of our cemetery grounds, extensive tree pruning and tree removal has been done. Also, several large maples, oaks and spruce trees have been removed due to rot and disease. New landscaping has been done around the new building and grass is growing. Three new flower beds have been planted with perennials and annuals. Flowers will be added each Spring. Each bed is decorated with a traditional white arbor along with vines to grow over it. The stone walls at Atwood Cemetery have been repaired in several spots and rebuilt.

As a reminder to everyone, all plastic flowers and decorations are to be removed by April 15, 2016. Any borders must be flush with the grass. The dimensions to the outside of the borders are 10 inches on the sides and 16 inches in front.

The cemetery Sexton shall have the authority to remove all floral designs, flowers, weeds, trees, shrubs, or herbage of any kind as soon as, in his judgment or judgment of the trustees, they become unsightly or dangerous, detrimental, or diseased, or when they do not conform to the standards maintained by the cemetery.

The revenues taken in from the sale of lots and opening and closing of the graves in 2015 were:

Lots Sold	24	\$10,800	Returned to General Fund	\$34,120
Openings & Closings	34	\$20,650	Returned to Maintenance Fund	\$6,480
Cremations	26	\$9,150		
	Total	\$40,600	Total	\$40,600

There are six (6) cemeteries maintained in Town: Gibson Cemetery, Center Cemetery, Gumpas Cemetery, North Pelham Cemetery, Atwood Cemetery, and Lyons Cemetery.

Respectfully Submitted,

David Provencal

**Important Events in
 2015:**

- *Community outreach programs are in place with CPR and First Aid Courses offered to our community. Since the inception of the program we have conducted 10 classes and trained over 130 residents*
- *Hired a part-time Deputy Chief/Paramedic, Paul Leischner*
- *Replacement rescue pumper arrived*
- *2015 worse narcotics overdose epidemic in the state. Pelham treated 17 with 2 fatalities from narcotic overdoses*
- *2015 saw increase in ambulance revenue*
- *Ambulance revenue increased again for 2015. Majority of revenue returned to general fund to aid in offsetting the tax rate*

**Pelham NH Fire
 Department**

To the Honorable Board of Selectmen and the Citizens of the Town of Pelham:

It is with great honor that I submit to you this review of the accomplishments of my department and its members for 2015. As with each passing year we set our goals for the coming year and strive to improve the delivery of services to the residents of Pelham. This year was no exception to attaining those goals while being presented with our highest call volume ever.

This past year we have been continuing with our community first aid and CPR training to improve the survival of out of hospital cardiac arrest. Since starting this program my personnel have conducted 10 classes and trained over 130 residents in first aid and CPR. This past year we were able to place automatic defibrillators at the Transfer Station, Highway Department and Parks and Recreation for use during events. These areas were chosen because of the amount of resident interaction that occurs within these departments. These improvements help to strengthen that chain of survival of out-of-hospital cardiac arrest.

This past year we were able to hire a part-time Deputy Chief/Paramedic, Paul Leischner with over 30 years of experience as a fulltime firefighter and Deputy Chief. This position was funded by consolidating positions that were previously allocated in the budget on 7 call department officers, from assistant chief to lieutenants, but have retired. This now gives us a manager with consistent hours in the office during normal business times. This person is able to be assigned projects and tasks that call department officers could not be assigned. Since his start he has increased ambulance fee recoupment and redesigned our billing policy. He has also cut our contract costs on ambulance billing and oxygen delivery by over \$10,000 per year.

In 2014 the Town voted to approve the purchase of a new rescue pumper that replaced a 24 year old rescue that served a single purpose with limited capabilities. In August of 2015 we took delivery of the replacement which functions as a Rescue and a Pumper. This consolidation takes the function of two vehicles and merges it into one vehicle while increasing the capabilities of the department. This vehicle was built to be in service for the Town for over 20 years.

At the Annual Town Meeting in 2015, the residents supported the fire fighters' contract. The last contract agreement dated back to 2011 and gave the firefighters a 1 ½ % raise the first year and nothing the second or third year. Having been in the 2011 negotiations, I will tell you the firefighters readily agreed to freeze their wages because of the financial crisis we were in. In 2014 the firefighters' contract was defeated and for the third year there was no raise. This multi-year agreement provides for a 2% raise per year. This agreement was the work of many meetings and was very fair to the taxpayer and to the firefighters that provide service to the citizens every day.

Unfortunately 2015 will be remembered as the year of the worst narcotics overdose epidemic our state has ever seen. Some of the statistics in this epidemic are staggering. In Nashua alone there have been 153 overdoses and 8 deaths in 9 months from narcotics with Manchester's numbers being 50% higher. The Town of Pelham has treated 17 with 2 fatalities from Narcotic overdoses. Two of these overdoses resulted in major motor vehicle accidents requiring helicopter transport to a Boston trauma center. This epidemic crosses all demographics from wealthy to poor, men women and teens. The total cost to our society is beyond calculating because it impacts so many parts of our society. People suffering from addiction steal to feed

their addiction. They steal from family, business and homes. The cost to the health care industry is astronomical because many people are uninsured and are repeat users of the system. As their addiction progresses, they lose their jobs and health insurance. In the wake of this epidemic is the family which is left to try to manage their family member's addiction. This problem has been increasing every month over the last year and it will take us as a community to change the direction this problem is headed.

In the fall of last year I attended an opioid epidemic summit in Nashua to bring together members of the community to look at ways that we can effect a change in this epidemic. The members of the community that attended, because they are impacted, was over whelming, from clergy, police, fire, local and state government, school districts, drug courts, hospitals, social workers, psychiatric services, public health, pharmacies and drug addiction center just to name a few. When you have this many community services being impacted by a problem, it is truly an epidemic. What was quickly realized was that we are all affected and we are all a part of the solution. We have already been working to address many identified areas where we can pool our strengths in the community. Only time will tell if we are having an effect and hopefully we will see the numbers of overdoses and deaths drop in 2016.

In 2015 our ambulance transport revenues reached \$289,000. This again is another milestone in ambulance transport recoupment costs. The majority of this revenue is returned to the Town's general fund to help offset the tax rate.

In closing I would like to remind residents of the programs offered at the fire department for our residents. For several years we have been offering residential smoke detector inspections. This consists of testing each device and its batteries. In addition we offer free smoke detectors for homes that do not have any. Our goal is to have detectors in every home in Pelham. One fire stopped prevents property loss, possible loss of life and saves the taxpayer thousands by not having the fire department needing to respond to a major incident with multiple personnel and apparatus. We encourage more members of the public to take one of our First Aid/ CPR classes for \$20 which covers the cost of the book and the CPR card. This 2 evening course will teach you to save a life, possibly one of your family members.

I would like to thank the residents of Pelham who have continually supported my efforts and the efforts of my members to keep our families, homes and businesses safe. Thank you for taking the time to read my 2015 annual report and as always, please feel free to stop by the department and take a tour and meet your firefighters.

Respectfully,

James Midgley, Fire Chief

The Pelham Fire Department responded to 1470 incidents from 1/1/2015 - 12/31/2015

Annual Report of the Southeastern New Hampshire Hazardous Materials District

Bruce Breton
Selectman, Windham
Chairman, Board of Directors

Chief Thomas McPherson, Jr.
Windham Fire Department
Chairman, Operations Committee

About the District:

The Southeastern New Hampshire Hazardous Materials Mutual Aid District's membership is comprised of 14 communities, covering approximately 350 square miles with a population of over 175,000 people. The District was formed in 1993 to develop a regional approach for dealing with the increasing amounts of hazardous materials being used and transported within these communities. This District is recognized by the State of New Hampshire as the Regional Emergency Planning Committee (REPC) for the member communities. The REPC, consisting of representatives from local government, industry, and the general public, works with industry to insure their compliance with federal regulations for the reporting of chemicals used within and traveling through the District.

The District draws its funding from an annual assessment from each community as well as from grants and donations. The 2015 operating budget for the District was \$116,151.00. Additionally, in 2015 the District applied for and received federal grants for equipment, training, and operational expenses totaling \$75,662.04. The Fire Chiefs from each of the member communities' make-up the Operations Committee of the District. The Operations Committee is overseen by a Board of Directors consisting of elected representatives from each community. It is the Board of Directors who approves the budget and any changes to the bylaws of the District. The Executive Board of the Operations Committee, which consists of the Chairman, Vice-Chairman, Treasurer, Technician Team Liaison, and one Member at Large, manages the operations of the District within the approved budget. The District employs a part-time REPC Director to manage the administrative functions of the District, including grants management, financial management, and emergency planning.

District Facility

The District maintains a facility in Windham that provides space to house two response trucks, technician trailer, and operations trailer, as well as provide office and meeting space for the REPC Director. In addition, the District is able to utilize the facility for monthly training for the Emergency Response Team.

The Emergency Response Team:

The District operates a Technical Emergency Response Team. This Response Team is overseen by one of the member community's Chief Fire Officer who serves in the Technical Team Liaison position. The Team maintains a three level readiness response posture to permit it to immediately deploy an appropriate response to a District community's request for help involving an unplanned release of potentially dangerous chemicals within their jurisdiction. While the Team primarily prepares for response to unplanned accidental chemical releases it is also equipped and trained to deal with a variety of Weapons of Mass Destruction (WMD) scenarios. The team maintains a host of specialized response equipment to deal with chemical and environmental emergencies.

The Emergency Response Team is made up of 31 members drawn from the ranks of the fire departments within the District. The Team consists of 6 Technician Team Leaders, 17 Hazardous Materials Technicians, 3 Communication Specialists, 1 Information Technology Specialist and 2 Support Specialists. In addition to these personnel, the team also includes an industrial chemist from a local industry and a local police officer.

The Team maintains a fleet of vehicles and specialized equipment with a value of approximately \$1,000,000. The vehicles consist of a Mobile Command Support Unit, two Response Trucks, three Spill Trailers, a Technician Trailer, an Operations/Spill Trailer and a Firefighting Foam Trailer.

This mobile apparatus carries the team's equipment which includes chemical detection and identification instruments, containment supplies, plugging, patching and intervention supplies, communication equipment, computer based and other chemical reference guides as well as chemical protective equipment. The two Response Trucks along with the Technician and Operations Trailers are housed in our Windham facility, while spill trailers are located in Derry, Hooksett and Plaistow, allowing for rapid deployment. The Command Support Unit is housed at Londonderry Fire and the Foam Trailer is housed by Salem Fire. Activation of the team is made by the request of the local Incident Commander through the Derry Fire Department Dispatch Center.

Response Team Training

In 2015 the Emergency Response Team completed 1020 hours of training consisting of monthly training drills and specialized classes attended by team members. These specialized classes included Computer Aided Management of Emergency Operations (CAMEO), Chemical Protective Clothing Testing and Maintenance, Emergency Incident Rehabilitation, and Advanced Air Monitoring.

The Team also provided 33 hours of instruction to member fire departments, in various subjects, including use of the Emergency Response Guidebook, basic spill control and containment, air monitoring and response to suspicious/unknown packages or substances.

Emergency Responses

In 2015 the Team responded to 23 incidents. These included, an ammonia gas leak, assisting local fire departments with advanced air monitoring, spill trailer responses for hydrocarbon fuel spills, assisting the local police departments with identifying unknown substances, as well as requests for technical assistance for member departments where a Response Team Leader provided consultation to the fire department on the handling of an incident. In December the Team also responded to mutual aid with specialized detection equipment to assist the Keene Fire Department with a large propane gas emergency.

**Important Events in
2015:**

- 2015 fire season was the most recorded fires since 1989

- Largest fire in the State was on May 5th in Ossipee affecting 275 acres

- NH Civil Air Patrol continued assistance with fire spotting

Important Notes:

- Contact your local Fire Department before doing any outside burning. Permits are required

- Burning of household waste is prohibited

- See www.firewise.org for recommendations on how to keep your home safe

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The ability to obtain fire permits on line was initiated in 2015. Approximately 120 towns participated in the online system with over 4,000 permits issued. To obtain a permit on line visit www.NHfirepermit.com. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-3503 or www.des.nh.gov for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdf.org.

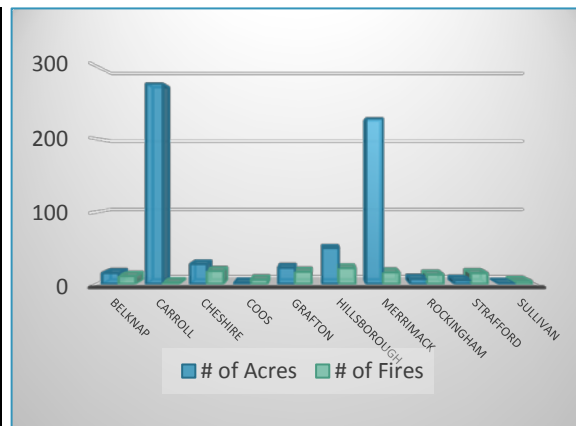

This past fire season burned **635 acres** which was the most recorded since 1989 when 629 acres burned. The fire season began in early April with the first reported fire occurring on April 8th. The largest fire was the 275 acre Bayle Mountain fire in Ossipee. This fire started on May 5th and burned for several days. The Bayle Mt. fire was also the largest individual fire in NH in over 25 years. There were also a number of other sizable fires in May which definitely kept NH's wildland firefighting resources stretched to the limit. These larger fires increased the average wildland fire size to 5.12 acres. As usual our higher fire danger days correlated well with the days that there were fires actually reported. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting capability was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2015 season threatened structures, and a few structures were burned, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

2015 FIRE STATISTICS

(All fires reported as of November 2015)

(figures do not include fires under the jurisdiction of the White Mountain National Forest)

**Important Events in
2015:**

- Update sewage disposal and well regulations have allowed for the quick replacement of failed septic systems

Important Items:

- Contact Paul Zarnowski at 603-624-1602 directly for questions or information on the following:

- *Health ordinances
- *Witnessing of soil testing
- *Sewage disposal system design, installation and applications
- *Daycare & foster home inspections (done by appointment only)

- Mosquito spraying is done by Municipal Pest Management Services, Inc. Please call 603-431-0008 if you would like any information regarding areas treated, etc.

- Please check the Health Department link above for additional information and helpful links to other important sites

The Deputy Health Officer/Health Agent performed inspections of public and private facilities, communicated directly with the State of New Hampshire Department of Health and Human Services, the Department of Environmental Services and acted as chairperson for the Pelham Board of Health when required.

Complaints were investigated relative to unsanitary site and living conditions, mold issues, food service, septic system failures, surface water quality and well issues.

Inspections and reports for various licensing requirements of child daycare facilities, foster homes and the local schools were completed.

As always we will gladly answer any questions from the public regarding health, drinking water supply and waste water disposal issues.

Thanks to all of the administrative staff at the Town Offices for the assistance they have provided us throughout the years.

Respectfully submitted,

Paul W. Zarnowski
Town of Pelham
Deputy Health Officer/Health Agent

Highway Department

**Important Events in
2015:**

- After over 40 years of service to the Town of Pelham and 26+ years with the Highway Department, **Donald E. Foss Sr.** retired on June 1st, 2015

- **Frank Ferreira** named Acting Highway Agent

- **Kody Ferreira** was hired part time and **Matthew Waldren** was hired full time to the Highway Department Staff

Important Information:

- For any problems, questions or concerns regarding our State Highways, please contact the State Highway Department, District 5 at (603) 666-3336

To the Board of Selectmen and the Residents of the Town of Pelham,

The following roads were repaved in 2015:

Morgan Avenue	Westview Terrace	Birch Lane
Valley Hill Road	Berkley Street	Michelle Avenue
Lisa Terrace	Meadow Lane	Koper Lane <i>(old portion)</i>

Again this year we reconstructed 600 feet of Hinds Lane. This was Stage 4 of this project with 2 inches of binder coarse of asphalt.

The following roads were crack sealed in 2015:

Valley Hill Rd.	Scenic View Dr.	Old County Rd.	Lisa Terrace	Michelle Ave. <i>(portion)</i>
Koper Ln. <i>(old part)</i>	Kennedy Dr.	Berkley St.	Ponderosa Dr.	Spruce St.
Meadow Ln.				

We repaired the catch basins that were in need of repair and raised some before paving was done. We also dug out the rocks that were visible and replaced the old culvert pipe at the intersection of Westview Terrace and Jericho Road. We replaced a culvert across Tallant Road and a 48" culvert across Brookview Drive which was a major project. Block grant funds were used to pay for these two culvert jobs. We also rebuilt 23 catch basins and replaced 2 new ones this year.

General maintenance of all the Town roads consist of snow and ice removal, road sweeping, line painting, brush cutting, replacing signs, cleaning and replacing/repairing catch basins, replacing failed culverts, patching roads, crack sealing ,road side mowing, paving the roads and picking up roadside trash.

The Highway Department plows, sands and salts 106.77 miles of Town owned roads, 5.03 miles of unaccepted new subdivisions roads and 1.3 miles of private roads. The Highway Department is also responsible for plowing, sanding and salting the driveways and the parking lots at the three schools, the Town parks and all of the Town Building parking lots (with the exception of the Fire Department and the Transfer Station). The Fire Department and Transfer Station do their own plowing we just sand and salt them.

The New Hampshire Department of (NHDOT) is responsible for the maintenance, salting, sanding and plowing of the following roads in the Town of Pelham:

Sherburne Rd.	Route 38	Windham Rd.
Mammoth Rd.	Old Gage Hill Rd.	Keyes Hill Rd.
Main Street (from Old Bridge Street to Route 38)		

If there are any concerns about these state maintained roads, please call the NHDOT District 5 at (603) 666-3336.

I would like to take this time to thank all the residents of Pelham for their patience when calling with concerns or issues. We have been shorthanded by two men this year and just hired one new employee in December.

In closing, I would like to thank my staff for their outstanding and devoted work during the very long hours this year. While being down two men all year, keeping up with the demand of maintaining safe roads for the public is a tall order, but they all did a great job!

Respectfully submitted,

Frank Ferreira
Acting Highway Agent

Parks & Recreation

Department Head:

Brian Johnson, CPRP
Director
Kathy Carr,
Office Manager

pelham-parks-and-recreation](http://www.pelhamweb.com/pelham-parks-and-recreation)

Important Events in 2015:

- Pelham named Playful City USA for 3rd year in a row.
- Improvements at Pelham Veterans Memorial Park
- Zombie Apocalypse Halloween Event
- Raymond Scout Lodge gets a makeover
- U13 Lady Outlaws win State Championship
- Long time Parks & Recreation "fixtures" retire:

Janet Daigle,
Phyllis Morris,
Dave Parola,
Peggi Sawicki

Important Information:

- To sign up for programs, or apply for any of our part time, seasonal positions please see our link above

Parks and Recreation continued to improve facilities and add programming in 2015. Director, Brian Johnson, and Office Manager, Kathy Carr, continue to work hard so Pelham can play.

For the third year in a row, Pelham received national recognition by being named a Playful City USA. There were 274 cities throughout the nation chosen, Pelham being one of 2 in NH. In addition to the National recognition, Playful City status allowed us to apply for grants that are only open to cities and Towns that received this recognition.

Improvements to facilities continued in 2015. A tire swing was added to the playground at Veterans Memorial Park as well as several picnic tables. The interior of the lodge at Veterans Park also got upgraded. The kitchen got a complete makeover with a new counter and appliances. New exterior doors were installed and air-conditioning was added to the office. At Newcomb Field, the old seating area was removed and a concrete pad with picnic tables replaced it.

2015 Parks and Recreation Halloween Event saw the creation of the Pelham Zombie Patrol. Participants were drafted into the Zombie Patrol, trained by our drill sergeants and taken on a guided mission to rid Veterans Memorial Park of the zombie problem using laser tag weapons. Great fun was had by both participants and staff. The production could not have happened without the help of many local businesses and residents. Parks and Recreation would like to thank the following businesses and individuals for their help and generosity: Our awesome cast of over 50 - Brussard General Contractors – Woody’s Automotive – Jean-Guy Bergeron – Chunky’s Theatre – Budget Theatre 4 U – Bob’s Tees – Hirsch Lumber – Pelham Police - Loic Jussaume – Heidi and Joe Farris – PHS students – Jim Greenwood, Cable Coordinator – Robotics Team.

Steve Brussard of Brussard General Contractors kept true to his word and continued his generosity with Parks and Recreation in 2015. The Raymond Scout Lodge suffered some water damage from the extreme winter. Brussard General Contractors stepped in to fix the damage and as a result renovated the entire building. They replaced the roof, windows, rotted walls, floors, entire kitchen, handicap ramp, and replaced the heating system and added central air-conditioning, plus so much more. The building will be enjoyed by residents for years to come.

Parks and Recreation said goodbye to four people in 2015 that have made a huge impact in the community over the years.

Janet Daigle has been the P&R Theatre Director with Pelham Community Theatre program for several years. Janet moved this year to be nearer to her daughters who are attending college. She put her extensive talents into our theatre program as director of numerous productions. We wish Janet all the happiness at her new location and are truly grateful for her time with us.

Phyllis Morris, a USTA certified tennis instructor, has offered lessons through PP&R for youth, teen and adults for nearly 3 decades at the high school courts. Her talents and expertise have been well known throughout Pelham. Phyllis has moved on from this time-consuming summer activity but is still following her lifelong love of tennis. We are grateful to have had her involvement all these years.

Dave Parola, a/k/a Mr. Basketball, has retired with his wife after many, many years in Pelham and working in every capacity for our youth basketball program. Dave has been invaluable to our popular winter program and he will certainly be missed. Our appreciation and gratitude follow him.

Peggi Sawicki coached our spring Hershey Track and Field program sharing extensive experience and knowledge across numerous seasons. She volunteered her time and talents to Pelham students to ready them for both state and regional competitions. Her involvement led to PP&R being asked to host the state meet at Harris Family Track last year. Peggi will be missed and we thank her very much.

U13 Lady Outlaws 2015 State Champions

Our website, <http://www.pelhamweb.com/pelham-parks-and-recreation> continues to be the best source for information on all our programs as well as online registration, pictures, and videos. In addition to the website, we post all registration on our Facebook page, Pelham Cable TV and Twitter.

Thanks to all the volunteers and staff who made 2015 such a great success. We have plans to continue to improve our facilities as well as add and improve programming. We look forward to another great year in 2016.

Brian, Kathy and Diane

NRPC –

www.nashuarpc.org

With no less than a dozen residential and commercial projects under development during 2015, it has been the busiest year for the Planning Department of any year during my ten year tenure as Planning Director. In 2015 we saw the completion of the Tractor Supply store, the beginning of the R&B Superette project, construction of the Pelham High School addition, four residential conservation subdivisions, two senior housing projects and three conventional residential subdivisions all building steadily. We have newly approved residential projects that have not yet begun to build homes and those will carry into 2016 and beyond as may several projects in the Planning Board pipeline.

The result of all this activity is 56 new residential units being permitted, built and inspected (46 single family houses, 4 duplexes and 6 adult housing units) as well as many new additions, decks, pools and sheds. This level of activity is much higher than 2014 and has resulted in a significant increase in departmental revenue. This level of building requires a commensurate number of inspections and has kept my staff, our inspectors and the Planning Board's plan compliance monitoring consultants jumping.

Deserving special recognition are my two full-time staff members, Jennifer Hovey, Office Manager and Sandra Dufresne, Code Administrative Assistant for their outstanding work as they efficiently handled this increased workload. Our capable part-time inspectors also deserve accolades for meeting the increased inspection demands without additional compensation. These inspectors include Roland Soucy, Tim Zelonis and Walter Kosik. Our Health Agent, Paul Zarnowski is also a key contributor. This department relies heavily on the expertise of our inspectors who are an integral part of our team.

2015 was the first full year of service from John Lozowski Pelham's part-time Code Compliance Official. John has brought his previous lengthy and very broad police experience to code compliance and has set a new bar for investigating, documenting, following-up and successfully resolving a multitude of zoning and building code violations. During 2015 CCO Lozowski investigated 118 complaints and after detailed investigation he resolved 107 of those cases and will soon close those that remain active. John has earned the respect of his colleagues at Town Hall and from the comments I have received the citizens of Pelham also hold him and his engagement and conduct in the field in high regard.

I would also like to thank Pelham's Planning Board, Board of Adjustment, and Conservation Commission for their hard work and dedication and for attending so many evening meetings throughout the year. In 2016 we will be working together on an update to Pelham's Master Plan, a project that will afford the public multiple opportunities to provide input and feedback throughout the process.

Additionally, the Pelham Economic Development Committee (PEDC) continues to meet twice monthly to find ways to support existing Pelham businesses and to help identify and assist future business who may wish to be located in Pelham. I urge any Pelham business person or resident to attend a PEDC meeting to see what our group does and to add your insights to those represented by our membership. Please contact me directly if you are interested in attending a meeting or to learn more about the PEDC.

I am honored to serve as your Planning Director, and I look forward to working with Town Administrator McCarthy, the Pelham Board of Selectmen, our land use boards, committees, federal and state agencies, my fellow department heads and Pelham residents as we continue to plan for our Town's future.

Respectfully submitted,

Jeff Gowan, Planning Director

PLANNING DEPARTMENT

OFFICE HOURS:

Monday through Friday 8:00 A.M. – 4:00 P.M.

All work performed in the Town of Pelham must meet the current versions of the ICC International Building Code, National Electrical Code and International Plumbing Code. All inspections are arranged through the Planning Office staff.

Planning Office Staff

Jeff Gowan, *Planning Director, Zoning Administrator*

Jennifer Hovey, *Planning Office Manager*

Sandra Dufresne, *Code Administrative Assistant*

Value Yesterday. Enhance Tomorrow. Plan Today.

NRPC 2015 ANNUAL REPORT OF SERVICES FOR THE TOWN OF PELHAM

In a region with a long and storied history, the Nashua Regional Planning Commission strives to honor the past and preserve its historic traditions while working to make the region the best possible place to live, work, and play both today and for the benefit of future generations. The NRPC provides comprehensive planning services for local land use, transportation, and environmental planning efforts, and delivers extensive mapping and data assistance utilizing the latest technologies. Membership in NRPC allows communities to access customized services by request as well as resources such as:

- **Transportation Planning:** Grant writing, custom traffic counts and data, transportation modeling, intersection analysis, road safety audits, road surface management system, parking studies.
- **Land Use Planning:** Customized land use board training and materials, draft ordinance and regulation review, special projects and research assistance, fact sheets, guidebooks and educational resources, master plan consultation, and project scoping.
- **Data and GIS Mapping:** Demographic data and analysis, mapping data and standard map sets, GIS community needs assessments, production of annual tax maps and NRPC Live Maps.
- **Environment and Energy:** Group energy purchase for municipal and school facilities, consultation for local Energy Committees, MS4 Permit coordination, household hazardous waste collections.

In 2015, NRPC launched our new website at www.nashuarpc.org. The site is intuitive to navigate and information is easier to find. It promotes understanding about NRPC: our mission, our services, and the value we provide. The site contains a wealth of data resources presented in a modern, creative, and interactive manner to meet the evolving expectations of our communities. For each of our core planning areas, Transportation, Land Use Planning, GIS, and Environment, there are pages that summarize our service offerings with illustrative work examples. In addition, there is a transportation data viewer, a searchable Document Library and new flagship application called Live Maps that allows users to create their own parcel level maps.

In 2015, NRPC provided the following services to the Town of Pelham:

TRANSPORTATION

Traffic Data Collection – NRPC collected traffic counts at 16 locations within Pelham in 2015. These counts were collected in cooperation with NH Department of Transportation to support the Highway Performance Monitoring System. NRPC staff has also collected data at other locations in recent years to support various town requests. Historical data for all locations may be found at:

<http://www.nashuarpc.org/trafficcount/index.htm>.

Transportation Improvement Program (TIP) – NRPC develops and maintains the TIP so that federal highway transportation dollars are available to Pelham and the rest of the region. Throughout 2015, NRPC carefully monitored the status of Pelham projects in the TIP to ensure that project information and changes initiated by NHDOT were communicated to the Town planning staff. These include:

- Main Street: Bridge Replacement over Beaver Brook

NRPC also monitored progress on the Town Center roundabout project to ensure project funding was available.

2016-2040 Metropolitan Transportation Plan (MTP) - NRPC develops and maintains the MTP so that federally funded and regionally significant transportation projects can be advanced towards design and construction. The MTP lists multimodal projects over a 25-year planning horizon and is the source from which specific projects are identified, prioritized and selected for funding through the Ten Year Plan and TIP. This is a critical step to ensure federal highway transportation dollars are available to Pelham and the rest of the region.

GEOGRAPHIC INFORMATION SYSTEMS (GIS)

Data Services – NRPC continues to maintain an authoritative digital GIS basemap for the region. In addition to an ongoing program of data maintenance for roads, parcels, zoning boundaries, and conserved lands, NRPC completed a region-wide set of building footprints in 2015, and initiated a project of inventorying existing trail data. NRPC added Pelham roundabouts and town center data into our streets and parcel layers.

Custom Hard-Copy Maps and Analysis – NRPC continues to provide ad-hoc mapping services. In 2015, NRPC created a Mixed Use District map with building footprints, town landmarks, and the existing Tennessee Pipeline for community planning sessions, and also a town-owned property map for the Pelham assessing department.

Applications – MapGeo, NRPC’s award-winning Live Maps App, is a public-facing resource for property information in the region. NRPC’s Transportation Data Viewer hosts the most up-to-date traffic counts and transportation project information, in an easy-to-use Google Interface.

Training and Workshops – For town employees, NRPC hosted a well-attended Live Maps demo onsite in Pelham. Later in the year, NRPC hosted the free, instructor-led classroom training, “Introduction to American Factfinder with Thematic Mapping.” We also continued the quarterly GIS Brownbag Lunch Series, an informal knowledge-exchange among GIS users in the region. Geared towards municipal GIS users and open to the public, each meeting features general news and announcements, followed by a guest speaker or open group discussion on a particular GIS project or topic. In 2015 NRPC developed expertise in CommunityViz scenario planning software and presented a regional build-out model to our towns.

LAND USE AND ENVIRONMENT

Capital Improvements Plan - In 2015 NRPC staff assisted the Planning Board in completing a comprehensive update to the Pelham Capital Improvements Plan. The last major update was completed in 2007 so the 2015 update included a significant overhaul to remove irrelevant information and streamline the document to produce a useful tool for the Budget Committee.

Household Hazardous Waste Program - On behalf of the Nashua Regional Solid Waste Management District, NRPC conducts six HHW collections each year to allow residents to properly dispose of hazardous products. Five of the events were located at the Nashua Public Works Garage and one was held in Milford. Residents of Pelham may attend any of the six events.

In 2015, a total of 1,623 households participated in the HHW collections District-wide; 17 households came from Pelham. District-wide, participation rates in 2015 were the 3rd highest they have been in the past 10 years and the highest they have been since 2007.

The Solid Waste District manifested a total of 84,799 pounds of waste during the 2015 collection season. Non-latex paint is the most common item received (50.3%). Solvents and thinners were the second most common item (37.9%). Lawn and garden products were the third most common item (25.3%). In comparison, Pelham residents brought 70.6% non-latex paint and 41.2% lawn and garden products.

Electricity Supply Aggregation - The Town of Pelham is a member of the Nashua Region Electricity Supply Aggregation. The goal of the Aggregation is to purchase electricity as a group from a competitive supplier at a lower rate than each member could receive on its own. By purchasing as an aggregation, municipalities and school districts can offer electricity suppliers a larger demand than if they each tried to purchase electricity individually. The larger demand, in turn, allows suppliers to offer a better rate to the aggregation than it could to individual members.

The Nashua Regional Planning Commission serves as an aggregator to facilitate a bid process among competitive electricity suppliers licensed with the NH Public Utilities Commission. Each aggregation member signs its own contract with the supplier for a fixed electricity supply rate. Rates and contracts are identical for each member within a given electric distribution territory.

In 2015, NRPC worked with aggregation members to obtain a 9-month competitive electricity supply contract running from February to November 2015. Savings among aggregation members varied based on usage. Individual 9-month savings resulting from the 2015 bid process ranged from \$863 to \$35,201; the Town of Pelham is anticipated to save \$10,707. Total combined 9-month savings for members of the aggregation are \$165,781 or 19.4% compared to the utility rate.

To the Honorable Board of Selectmen and my fellow Pelham Neighbors,

My first order of business is to thank the Board of Selectmen, Town Budget Committee and most of all the citizens of Pelham for the continued support of our police department. We as a department are keenly aware of the difficult financial decisions that must be made in operating a Town like Pelham and thus we truly appreciate the financial emphasis the Town places upon public safety.

I would also like to thank Officer Dennis Mannion, our police prosecutor, who retired from full time employment after 20 years of faithful law enforcement service. Best of luck Dennis with all your future endeavors!

We continue to evolve in our structure as a police department to meet the changing needs of our community. With the retirement of our prosecutor, we took the opportunity to restructure the prosecution division. As such, we completed a transition from a sworn police officer being assigned as the Town's legal prosecutor to a bar certified attorney taking over the position. Although this task was done very well by police officers for many years, the position just became too difficult and complicated to do effectively without a law degree.

To fill the prosecutor's position we were fortunate enough to hire Attorney Michael McCall. Attorney McCall came to us from the Milford New Hampshire Police Department where he had been prosecutor for over 10 years. Attorney McCall's credentials are quite impressive including advanced collegiate degrees in both law and computer science. He has also been appointed the Town Moderator in Chelmsford Massachusetts as well as completing past stints on that Town's Board of Selectmen and Finance Committees.

In 2016 with support from the Pelham School Board, we are hopeful to try to implement a middle school specific DARE program into the Pelham Memorial School. From the feedback I have received from parents, educators and kids, I truly feel the DARE program has had a tremendous positive impact on our elementary school students. The DARE curriculum is academically vetted and adheres to relevant National Institute of Health *Lessons from Prevention Research* principles. To learn more about the DARE program and these principles please check out www.dare.org and www.drugabuse.gov.

The opiate abuse epidemic in New Hampshire continues to be my greatest concern in terms of the safety and quality of life of Pelham citizens. Not only does heroin and prescription opiate abuse destroy the life of the person addicted it also destroys the families of those addicted. Opiate abuse is the root problem of most of our property crimes as well as contributing significantly to numerous serious motor vehicle accidents in the past several years. Lastly and plainly, opiate related overdoses have killed several of our citizens this past year.

As a department, we will continue to work toward viable and sustainable solutions to this health crisis amongst us. If you are interested in finding out more information about this matter or possibly volunteering your time to it, please check out all the work the Pelham Community Coalition has been doing at www.pelhamcoalition.com.

If you or a loved one has substance abuse problems, recovery is possible. Please talk to your doctor, visit www.nhtreatment.org or call 211 to find an outpatient counselor for an assessment. Community and family support groups are also available at www.nhtreatment.org under the "Resources" tab.

Overdose reversal medication (Narcan/Naloxone) is available via prescription for anyone concerned about someone's overdose risk. Ask your doctor or pharmacist about a prescription or visit www.anyoneanytimenh.org for a list of community health centers with free Naloxone for patients and loved ones.

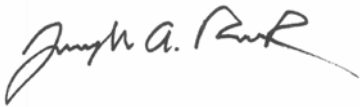

We continue to further our efforts at achieving National Accreditation through the Commission on Accreditation for Law Enforcement Agencies (CALEA). More information about accreditation and its benefits is available at the CALEA website. <http://www.calea.org> . This has been an ongoing team effort throughout the department over the past several years in order to ready ourselves for the actual certification process. This is an important goal for us as an agency and I am hopeful to fully complete it in the very near future.

As part of our efforts to stay connected with our community, we continue to strengthen our social media presence and availability. If you would like to know what is happening with the police department in Town please sign up for official email and/or text alerts at www.citizenobserver.com. Information about all of the other social media outlets we participate in is available at our website <http://www.pelhampolice.com>

In closing, I would like to thank all of the men and women of the Pelham Police Department, both sworn and civilian, who dedicate themselves to safety and well-being of the citizens of our great Town. I am very proud of our Town and feel it deserves the highest level of law enforcement services my team and I can provide.

If you should have any questions or comments please feel free to contact me at the above telephone number or at jroark@pelhampolice.com

Respectfully submitted,

Chief Joseph A. Roark

Important Events in 2015:

- *New library hours – open until 8PM Monday-Thursday!*
- *List of active users held steady at 6,091 with digital content usage soaring to 9,254 items downloaded!*
- *Story Hour times moved to 11AM in response to patron feedback*
- *Monday Movies, Teen Crafts and Fandom Fridays were added to the teen program lineup*
- *2nd annual ToshonCon: A Teen Anime Convention took over the library in April with anime programs, panel discussions, art and Japanese food*
- *Jennifer Rafferty promoted to Circulation Manager in April*
- *Adult Services offered 79 programs with 565 attendees*
- *Facebook now has 633 fans!*
- *Ninety-six non library programs were offered by outside organizations using our space*
- *Betsy Vecchi welcomed to the Head of Children's Services position*
- *We said good bye to Lucie Gratton, Jo-Ann Beauregard and "Miss Debbie" Debbie Laffond*
- *Most circulated: Book – The Girl on the Train by Paula Hawkins, DVD was a tie – Big Hero 6 and Into the Woods*

Pelham Public Library
New Hampshire

The year 2015 was one for the books, literally and figuratively! An unrelenting winter did not deter our patrons from accessing e-books and audiobooks via the NH Downloadable Consortium at a brisk pace. Pelham Public Library patrons downloaded 9,254 items! Again this year, we saw an increase in usage, as more patrons have become comfortable with this format. Still not connected? Afraid to ask for help? Please come and see us at any of our technology drop-in sessions for a tutorial on how to use this terrific service from virtually anywhere.

We also tried a few new things in 2015. Some were hugely successful. The library rolled out the service WOWbrary in January. Wowbrary is an email notification system that alerts you to all the new books, DVDs and audios we add to our collections each week. Sign up and you will receive an email every Saturday morning with a short summary of the titles and an option to place a hold directly from the email. The number of holds placed on items in 2015 was 2,331, an average of 44 titles per week. This is a 25% increase over 2014. We feel this increase was largely due to the WOWbrary launch.

In an effort to meet the needs of people who work outside of Pelham, we adjusted our operating hours in July. We are now open until 8 PM, Monday through Thursday. This shift has been incredibly well received by commuters, students and civic groups. However, during the summer months, the additional evening hours came at the expense of Saturday hours. The feedback from you, our patrons was loud and clear: Please remain open on Saturdays year round! The circulation data supports this feedback; even in the summer, Saturday seems to be a very popular library visit day. We are hopeful to offer Sunday hours, as a trial, during part of 2016.

In the fall, local teen Michael Porter began designing and constructing a Garden Shed for our Children's Garden and outdoor programs as part of his Boy Scout Eagle Project. Michael's vision was to create a convenient place to store garden tools, harvesting buckets, tables, chairs, and supplies for our Summer Reading Program.

I would like to extend a big thank you to the Friends of the Library in Pelham (FLIP) for their continuing financial support of the library. Through fundraising and memberships alone, FLIP funded museum passes to the Museum of Fine Arts, Museum of Science, New England Aquarium, Zoo New England and added a new pass – the Isabella Stewart Gardiner Museum. One visit to any of these fine museums, and you will recoup your annual FLIP membership of \$10. Additionally they provide supplemental funding for library programs like Summer Reading, NH Humanities Council presenters, and teen anime programs not covered by the municipal appropriation. Please consider joining FLIP today!

And finally, I would like to congratulate Rebecca Crockett (Adult Services Librarian) and Nicole Goolishian, (Technical Services/Young Adult Librarian) on completing their Master's Degrees in Library and Information Science from Simmons College. This is quite an accomplishment while juggling their full time positions at Pelham Public Library. Their energy, knowledge and commitment to the field of librarianship will benefit the patrons of Pelham for years to come.

We look forward to another great year serving the residents of Pelham in 2016.

Respectfully submitted,

Irja Finn.

Irja Finn, MSLIS,
 Library Director

Important Events in 2015:

- Trips to New York City, Casco Bay & Kennebunkport ME to name a few of the many popular trips

- Almost every trip in 2015 was sold out

- St. Joseph's Community Services provides meals for our seniors aged 60 & over

Important Dates:

Please check our calendar on our webpage for important dates throughout the year

The Senior Center continues to be a busy active place! We have many ongoing weekly programs such as social events, coffee hours, cards, core fit fitness class, senior fitness, computer access, chair exercise, bingo (for seniors 55 and over), tai chi, lunches (for seniors age 60 and over), puzzles, Ladies Hats social opportunities, art classes, movies, tea, etc. In addition to these ongoing programs, the Center offers availability to health clinics such as hearing screenings, blood pressure clinics, flu shot clinics, diabetic shoe clinic and foot clinics; transportation services to and from the Senior Center, Monday grocery shopping trips and access to New Hampshire's senior outreach program such as Service Link.

In 2015 the Senior Center had a well-attended Trips program. Groups visited New York City, Casco Bay and Kennebunkport, Newport RI, Sunday River, the Hobo Railroad in Lincoln NH, Portland Maine and the Log Cabin in Holyoke Ma! There were four visits to Foxwoods Casino, almost everyone was sold out! We plan to add a trip to Mohegan Sun for next summer!

New York Trip & Mystery Destination Trip 2015

The Senior Center works with St. Joseph's Community Services to provide congregate meals for our seniors, aged 60 and over. St. Joseph Community Services is funding our kitchen manager position. This employee and many volunteers allow our nutrition program to run smoothly. The Center serves lunch four days per week, Tuesday-Friday.

The Senior Center continues to have a strong working relationship with the Pelham NH Council on Aging, Corp.(PCOA). The Senior Center Director attends monthly meeting of the PCOA Board of Directors. The PCOA funded several improvements to our Town's

Senior Center program. In 2015, the PCOA subsidized two trips for our seniors, February winter pancake breakfast, a St. Patrick's themed luncheon, the Volunteer Appreciation Luncheon, as well as the Annual Christmas party at Harris Pelham Inn.

2015 Strawberry Festival

2015 Christmas Party

Every June, the Pelham NH COA works with the Senior Center Director to put on the Annual Strawberry Festival which brings in over 200 individuals to our center.

This year we had many families join in the fun!

The Senior Center staff includes a full time Director and one part-time office assistant. The Senior Center staff also includes a part-time driver for our Center's bus. The staff; along with several committed senior volunteers (these volunteers assist with general maintenance, running Shirley's Boutique- COA's thrift store, meals, etc.) keep the Center on track. The Center is fortunate to have such dedicated and hardworking employees and volunteers. The hope is to hire a part-time travel assistant to manage our very busy travel program. The current travel assistant is funded through the Senior Able program. This Senior Able program will no longer be funding that position in 2016.

As our senior population increases in our community so do the needs. Many requests come into the Senior Center for transportation services, financial assistance and homecare service advice. Pelham's biggest challenge over the next few years will be to adequately meet the needs our home bound seniors. Limited transportation options for those Pelham residents are of concern to the Senior Center and will be a focus of our efforts.

To join the Pelham NH Council on Aging, Corp. you must be 50 years old and pay annual dues of \$10.00 for Town residents and \$15.00 for nonresidents.

There is always something fun happening at the Senior Center, so stop on by and check us out!

Respectfully Submitted,

**Important Events in
2015:**

- Refurbished both 75 yard Transfer Trailers with new floors, suspensions and rear doors
- Replaced 23 year old 10 foot by 50 foot employee/office trailer with rebuilt 12 foot by 60 foot
- Rebuilt Crush Master 2 oil filter crusher and applied for a grant from DES for reimbursement
- Trial program for plastic bag recycling
- Secured Household Hazard Waste Collection day to be held in Pelham in 2016 at no extra cost to the Town

Important Link:

Hazardous Waste Disposal

[http://nashuarpc.org/hhw/
index.htm](http://nashuarpc.org/hhw/index.htm)

In the year of 2015 the Pelham Transfer Station and Recycling Center handled a total of 4,458 tons of municipal solid waste from the residents of the Town. A total of 3040 tons of trash was hauled away to the Covanta Waste to Energy plant in Haverhill, Ma. The remaining 1,418 tons were sent to various recycling end markets where the materials are processed for re-use. That equates to a 32 % recycling diversion rate for the Town of Pelham which is the same as last year.

The total tons for the year were up when compared to 2014 by 158 tons which was a combination of the trash up by 25 tons and the recycling up by 133 tons. The single stream recycling has been up year after year by 66 tons and the light iron metal was also up by 78 tons. We also had an increase on our electronics by 10 tons. The other recyclables such as our waste oil, batteries, and clothing were down by a total of 24 tons.

Other recyclables are broken down as follows: light iron and tin total 304 tons; aluminum, brass and copper total 3.75 tons; electronics that include cathode ray tubes total 65 tons; used motor and vegetable oil was 3,400 gallons which equals a total of 12.24 tons; batteries total 5.3 tons; brush 78 tons; used clothing totaled 13.67 tons; used anti-freeze saw a total of 220 gallons; fluorescent tubes totaled 10,075 linear feet and all compact fluorescent tubes had a total of 552 units. We also recycled .31 pounds of mercury manufactured articles and 110 smoke detectors.

Revenues collected for the sale of the recyclables and fees totaled \$44,648.91 as compared to a budgeted number of \$62,280 for a negative variance of \$17,631.09. Our revenues and fees were down compared to last year by \$19,773.58 which was primarily due to the drop in scrap metal pricing. Our average per ton price last year was \$155.00 per ton compared to our average this year of \$65.00 per ton. The export market for scrap metal was weak all year long and continues to remain the same.

We would like to give you an update on the State of Recycling due to the current market conditions. We have seen our recycling volumes grow as stated above but due to the current market conditions we will have some cost increases next year. The current market conditions for our single stream materials are at a very low market rate due to China and Europe's economic conditions. The supply on these materials is at an all-time high which has led to a low demand. When the demand is low, the rebate value is also low. This has led to higher processing cost from the material processors. In the past we were able to have our single stream processed at no charge. In 2016, we will have to pay a processing charge. The price per ton charge will be based upon the current market value minus a seventy-five dollar per ton processing fee.

We have also seen a large increase in our per ton charge of our electronic recycling also due to the slumping commodity markets combined with the units containing fewer precious metals. We were paying two hundred dollars per ton but had two price increases this year. The price went to three hundred and sixty dollars per ton and then two months later went up to four hundred dollars per ton. On the light iron we continue to see the revenue we are paid decrease from the beginning of the year. Last year we were receiving an average of one hundred fifty-five dollars per ton for our light iron. This year revenue has decreased to receiving an average of sixty-five dollars per ton.

In an effort to help offset the large increases due to the recycling commodities market, we have placed a warrant article at next year's Town Meeting for a new fifty foot long by thirty foot wide single stream building. The building will house a new six and a half yard compactor and transfer trailer attached to it. The total cost for the building including the equipment is \$250,000.00. This would allow us to eliminate the six to seven, forty yard container hauls per week to one trailer haul every five days. The project would pay for itself in four years and would yield an annual savings of \$60,000.00 per year. This will also keep our material dry while allowing us to market our material to other facilities making this a more cost effective solution.

We accomplished a lot this year with rebuilding both transfer trailers to include new floors, rear suspensions and rear doors. This rebuild allows us to utilize these two units for another five to seven years. We also upgraded our office and employee trailer by leasing a rebuilt twelve by sixty foot unit. The unit we had was ten by fifty feet. It was twenty-three years old. After a major roof leak we discovered black mold. The cost to remediate it was more than the cost to rebuild the unit over the next five years. We also rebuilt our Crush Master 2 oil filter crusher and applied for a grant from Department of Environmental Services for reimbursement of the total rebuild cost. We also instituted a four month trial program on plastic bag recycling. The program worked well but we had to suspend it due to current market conditions. There aren't any recycling vendors to accept the material. When the commodity markets improve, we will reinstitute the program.

We would also like to announce that next August the Town will hold its own Household Hazard Waste collection day. We were able to get the Solid Waste District, of which we are a member, to agree to add a seventh collection event to next year's schedule at no cost to the Town of Pelham. This will allow all Pelham residents the opportunity to bring any household hazard waste chemicals to the collection site and have them disposed of properly. For more information on how to handle household hazard waste, please check out the Town's website and under Town Departments click on Transfer and Recycling Center. As a reminder, all latex paint can be brought to the Transfer Station as long as it is dried out and mixed with speedy dry or cat litter.

Some of the items we hope to accomplish next year are based on the warrant article passing. We would be relocating the tire recycling trailer and the light iron containers. We would relocate the tire trailer to where the used clothing and electronics items are now located. Those items would be relocated to the area where the overflow bins currently being used for single stream recycling are located. The two metal boxes would be placed in the hole where the two single stream containers are currently located. We will also continue to look at other waste streams for the possibility of recycling programs such as organics.

Once again, we would like to thank all the residents of the Town who utilize the facility for their patience and understanding while we were making changes and upgrades to our operations. I personally would like to thank my staff of Larry Neskey, Bob Long and Steve Belcher. I receive many compliments throughout the year by residents on the assistance they are given and the kind and courteous service they provide. I also want to take this opportunity to personal thank all of the residents for their kindness and generosity throughout the year. All of you make it a lot easier to come to work every day knowing you are appreciated.

BOARD OF ADJUSTMENT 2015 ANNUAL REPORT

The Pelham Zoning Board of Adjustment enjoyed a year where we saw a full board with sufficient alternates so we were able to provide to our citizens timely and complete debate and decisions on all matters before us. We continued our practice of cooperating with the town's Planning Board with joint meetings and site walks providing expedited decisions benefitting applicants and abutters alike. We put added emphasis this year on trying to explain our process and the law and regulations underlying our decisions to the applicants and public. While the job of the board members is not necessarily to say "yes" to every application coming before them, the members are charged with the duty to be of assistance to its applicants and citizens as they attempt to maneuver the "bureaucratic maze" of regulations, ordinances and hearings, while not expressly advising them.

In addition to the responsibility of reviewing Variance requests, the Board is charged with:

- Granting Equitable Waivers
- Special Exceptions
- Appeals of Administrative Decisions

The Board thanks Charity Willis, the Board Recording Secretary, for recording minutes from at times lengthy meetings. We also thank Planning Director Jeff Gowan and his whole department for his attendance at our meetings and their assistance, guidance, and professional input.

Also, special thanks must go to Jim Greenwood for his continued dedication to handling cable coverage and taping our meetings, and to Pelham Community Television (PTV) for providing televised access to Pelham residents. Many of the members attended conferences and workshops provided by the New Hampshire Office of Energy and Planning as well as workshops provided by the New Hampshire Local Government Center in order to stay abreast of new Legislative and Judicially ordered changes to the application of Zoning laws in this state.

The following cases were heard in 2015:

Applications for Variance	21	Applications for Special Exception	6
Applications Approved	18	Applications Approved	6
Applications Denied/Withdrawn	4	Applications Denied/Withdrawn	0
Applications Continued to 2016	1	Applications Continued to 2015	0
Appeal of Administrative Decision	0	Requests for Rehearing	1
Administrative Decisions Upheld	0	Request Granted	0
Administrative Decisions Overturned	0	Requests Denied/Withdrawn	1
Applications for Equitable Waiver	0		
Applications Approved	0		
Applications Denied/Withdrawn	0		

The Board of Adjustment meets on the second Monday of each month at 7:00 P.M. Any resident wishing to bring a matter before the Board should fill out an application at the Planning Department. Information may also be obtained at the Planning Department's web site www.pelhamweb.com/planning

www.pelhamweb.com/capital-improvement-committee

The Capital Improvements Plan (CIP) Committee was established by the Planning Board in the spring of 2015 in order to prepare and adopt a CIP for the years 2016 through 2022. The CIP is an important planning document for Pelham; it is essentially a multi-year schedule that programs a series of municipal projects, the associated cost of each, and a rating of the necessity of each such project. To be considered a capital improvement, the project must cost a minimum of seventy five thousand (\$75,000) dollars and have a useful life of at least three years.

While the CIP is a strictly advisory document, it serves a number of important purposes, including:

- It provides a guide to be used by the Board of Selectmen, Budget Committee, and School Board for their annual budgeting processes (RSA 674:5-8);
- If followed, it provides a forward-looking guide which can contribute to a stable property tax rate;
- It aids the Town's elected officials, appointed committees, and department heads in the prioritization, coordination, and sequencing of major municipal and school improvements;
- It provides a necessary legal basis for the development and administration of any impact fee system.

The CIP Committee was able to update the CIP including the schedule of anticipated municipal and school projects through 2022. This information was presented to and approved by the Planning Board. It was subsequently presented to the Board of Selectmen and Budget Committee.

On behalf of the Committee, I would like to thank all the Town and School Boards/Committees, elected officials, department heads, and various employees who readily cooperated with us and provided the information and documentation on which the CIP spreadsheet was based. We look forward to working with you in the coming year as we continue this process.

Town of Pelham
Capital Improvements Plan
2016-2022

PELHAM CAPITAL IMPROVEMENTS PLAN 2016-2022

A. INTRODUCTION

The preparation and adoption of a Capital Improvements Plan (CIP) is an important part of Pelham's planning process. A CIP aims to identify and resolve deficiencies in existing public facilities and to anticipate and meet future demand for capital facilities based on current and expected population increases and the citizen's use of public services. A CIP is a multi-year schedule that programs a series of municipal projects and their associated costs. Over the seven-year period considered by the CIP, the plan shows how the Town should maintain, expand and renovate facilities and services as needed to meet the growing demands of existing as well as new residents and businesses.

A CIP is an advisory document that can serve a number of purposes, among them:

- To provide the Town of Pelham with a guide to be used by the Budget Committee, Board of Selectman, and School Board for their annual budgeting process (RSA 674:5-8);
- To provide a forward looking planning tool for the purpose of contributing to the creation of a stable real property tax rate;
- To aid the Town's elected officials, appointed committees, and department heads in the prioritization, coordination, and sequencing of various municipal and school improvements;
- To inform residents, business owners and developers of needed and planned improvements;
- To provide a necessary legal basis for the development and proper administration of the Town's impact fee system (RSA 674:21.V.(b)).

The NH Office of Energy and Planning (NHOEP) estimated population of Pelham in 2014 is 13,069, with an estimated density of 493.48 persons per square mile, up from 497.7 in 2013. US Census figures show that Pelham's population experienced rapid growth between 1960 (pop. 2,605) and 1980 (pop. 8,090) and the most recent 2010 Census lists Pelham's population at 12,897. (Table 1, Figure 1). From 1980 to 2000, the rate of growth abated slightly with a notable decrease in the growth rate since 2000. Both the population projections released by NHOEP in 2013 and those conducted by NRPC at the same time, forecast a significantly slower growth rate than in previous decades, with the NRPC figures slightly lower than those prepared by NHOEP. The NRPC projections show that Pelham continues to grow, with a projected population of 15,282 persons by 2040. This is an average of 80 persons per year over the 30-year projection period, or an annualized growth rate of 0.6 percent.

Narrowing in on projected population by age cohort, as shown in Figure 2, like many communities in the State and region, Pelham is forecast to see a decline in the number of children under age 20 between 2010 and 2040. This decrease is estimated to total 241 persons, a change of -6.6 percent. The adult population up to age 64 is projected to remain nearly constant, losing about 42 people, a -0.5 percent change, from 2010 to 2040. All projected growth is in the Town's population age 65+ that is anticipated to grow by 2,667 persons, a 2 percent change.

The NRPC "Region-Wide Buildout Impact Analysis," October 2005, estimates a population at buildout of 24,185 based on zoning current at that time.

Town of Pelham
Capital Improvements Plan
2016-2022

FIGURE 2: POPULATION BY AGE

Sources: U.S. Census, and NRPC

The Pelham Capital Improvements Plan Committee (the Committee) has prepared this report under the authority of the Planning Board and RSA 674:5-8 (Appendix C). It is the Committee’s intention that this report reflects the capital needs of the Town of Pelham for the years 2016 to 2022 and offers critical guidance and practical recommendations to the Board of Selectmen, Budget Committee, School Board, Department Heads and residents of the Town as an integral part of the annual budgeting process.

Information was submitted to the Committee from all Town Departments, Boards and Committees, which helped form the basis of this document. Although this CIP spans a seven (7) year period, the CIP should be updated every year to reflect changing demands, new needs, and routine assessment of priorities and costs. This document contains those elements required by law to be included in a Capital Improvements Plan.

As indicated, the adoption of a CIP by the Planning Board is a statutory prerequisite to the application of impact fees. The adoption of an impact fee ordinance occurred in 1999, when in October of that year an impact fee schedule was approved to fund a portion of the cost to construct a new elementary school. In late 2005 the Pelham Planning Board rewrote the Impact Fee Ordinance in order to take advantage of the updates recently done by the Legislature regarding impact fees. The voters adopted the town’s new impact fee ordinance in March of 2006.

Impact fees, however, have significant limitations. They can only be used to offset the proportion of capital expenses attributed to new development. They may not be used to meet existing capital deficiencies. In addition, impact fees collected must be properly used within six years, or the Town must refund unused funds and accrued interest to the developer(s) who paid them.

For the purposes of this document, a capital improvement is defined by its cost and its useful life. Items included have a cost of at least \$75,000 and generally have a useful life of at least three years. Eligible items include new buildings or additions, land purchases, some studies, substantial road improvements and purchases of major vehicles and equipment. The CIP Committee feels items less than \$75,000 should be placed in the operating budget in order to focus on the more critical needs identified as community development goals. Operating expenditures for personnel and other general costs are not capital items and therefore are not included in this plan. Expenditures for maintenance or

Town of Pelham
Capital Improvements Plan
2016-2022

repair are generally not included unless the cost or scope of a project is substantial enough to increase the capacity of a facility, or an improvement is a major long-term repair that maintains the useful life a capital facility.

A brief description of each project prioritized by the CIP Committee and included in the 2016 to 2022 CIP schedule is provided below. Starting dates are not necessarily provided for deferred projects or those categorized as needing research. Typically deferred projects are not placed on the seven (7) year schedule because of the following:

- 1) There is insufficient information to determine the relative need for a capital improvement and additional research may be required before the Committee would consider allocating the project within the CIP schedule; or
- 2) Based on information available, the Committee has determined there is not a demonstrated need for a project in the next seven years.

The CIP Plan, is required by state statute to identify the needs, costs, and scheduling of capital projects, in the most efficient way possible, for the stakeholders in Pelham's future - the taxpayers and citizens of the community. Pelham is faced with the need to address several important facilities and equipment improvements in the next few years including bridge repairs, new airpaks for the Fire Department and a new animal control shelter. All of these fall within the scope of this seven (7)-year Capital Improvement Plan. The Animal Control Shelter will be funded through a one-time allocation and is currently programmed for 2017. Willow Street Bridge requires significant upgrades as well as additional research at this point in time. In 2015 voters approved a ballot for the 20% local match for engineering of the Willow Street Bridge. Accurately projecting the impacts of so many important and costly items continues to make the actual impact of these projects a "best guess" scenario until final voter approval is forthcoming. The CIP Committee has tried to estimate, as closely as possible, what these impacts will be if funded in the year scheduled.

B. FINANCING METHODS

In the project summaries below, there are a number of different local financing methods referenced. Four of these methods require appropriations; either as part of the Town's annual operating budget or as independent warrant articles at Town Meeting. The **1-Year Appropriation** is most common, and refers to those proposed projects that are to be funded by real property tax revenues within a single fiscal year. The **Capital Reserve** method requires appropriations over more than one year, with the actual project being accomplished only when the total appropriations meet the project cost. The **Lease/Purchase** method has been used by the fire and highway department for vehicle purchases. **Bonds** are generally limited to the most expensive capital projects, such as major renovations, additions, or new construction of buildings or infrastructure, and allow capital facilities requests to be met immediately while spreading out the cost over many years in the future. A more detailed description of each financing method is provided below.

The One-Year Appropriation is most common, and refers to those projects with proposed funding from real property tax revenues within a single fiscal year. The CIP committee recommends this approach for irregular Capital needs that do not exceed \$100,000.

The Capital Reserve method requires appropriations over more than one year, with the actual project being accomplished only when the total appropriations meet the project cost. The CIP committee

Town of Pelham
Capital Improvements Plan
2016-2022

recommends this approach for expenditures over \$100,000 and less than \$1,000,000 and for projects or Capital Assets having a known fixed life such as vehicle replacement, building maintenance and road repair. In conjunction with the Capital reserve method of financing, there may be State or Federal monies available to pay for portions of the project, which require the Town to raise their percentage of matching funds prior to receiving these Federal or State dollars. An example is State bridge aid where the town needs to raise their 20% matching share prior to applying for the State 80% share. Identification of these needs early is critical to starting a Capital Reserve in time to fund projects when needed.

The Lease/ Purchase method has been used in the past for the purchase of Fire trucks and Highway department vehicles. Although this is a valid financing method, the CIP would like to recommend that we get away from this method of payment and stop paying high interest lease payments and start funding vehicle replacement through Capital reserves where the Town pays itself the interest on Capital balances rather than a financing company for the purchase of needed vehicles. The CIP committee feels this would be a substantial tax savings for Pelham residents based on the number of current vehicles and equipment owned by the town along with additional vehicles that will be needed in the future. The annual interest earned or saved on a properly funded vehicle replacement Capital reserve would pay for the cost of certain vehicle replacements when needed.

The Bond or Bank Note method of payment is recommended for Capital Expenditure needs of \$1,000,000 or more. Typically the most expensive projects such as renovations, additions, or new construction of buildings or infrastructure that allow for capital facilities requests to be met immediately while spreading out the cost over several years in the future. We highly recommend this method of payment on all Capital projects scheduled in the CIP costing over \$1,000,000 and obviously based on our review of historical spending patterns in the town, the year we propose it to you.

Impact fees are also a viable financing method for some portion of future capital improvement needs as long as they are placed in a fund until they are either expended within 6 years as part of a project financing or returned to the party from which they were collected. The town has adopted an impact fee ordinance.

Other financing methods available to us for funding projects include gifts, grants and matching funds from any source. All of these can be used to offset the cost of Capital Improvement projects. The CIP recommends that all Department Heads, the School Board and the Board of Selectmen research and use these methods whenever available in order to lessen the burden on taxpayers as much as possible even though they will play a less important role in the overall funding of needed projects.

In addition, if there are instances where fiscal resources from outside the community have been committed to help finance a local capital project, the offsetting revenues are shown in association with the proposed capital project. Typical examples are grants, such as for new education buildings or State Transportation Improvement Plan (TIP) matches.

C. IDENTIFICATION OF DEPARTMENT CAPITAL REQUESTS

The Pelham CIP Committee uses worksheet forms that are completed annually and submitted by department heads and committee chairs, to identify and explain project requests. Forms are tailored by the CIP Committee and the Planning Department to prompt information that defines the relative need and urgency for projects and which enables long-term monitoring of the useful life and value to the community for these projects. The CIP worksheet includes a project description; the departmental

Town of Pelham
Capital Improvements Plan
2016-2022

priority if more than one project is submitted; the facility service area; the rationale for a project; a cost estimate; and potential sources of funding. The form is included in Appendix B. Following submission of written worksheets and supporting documentation for proposed capital projects, department heads or committee chairs are occasionally asked to come before the CIP Committee to answer questions and provide any additional information necessary to explain their capital requests and priority ranking. This “one-on-one” discussion provides an opportunity to explain how capital requests meet community development goals. It also provides department heads, committee chairs and the CIP Committee an opportunity to look at alternative approaches available to fund or meet capital needs that will maximize the value of the Town’s expenditures for capital improvements while maintaining as level a tax rate as possible over the seven (7) year CIP period.

D. PRIORITY SYSTEM

The Committee established a system to assess the relative priority of projects requested by the various departments, boards, and committees. Each project proposed is considered individually by the Committee and assessed a priority rank based on the descriptions below:

- “U”--Urgent** Cannot be delayed. Needed for health or safety.
- “C”--Committed** Part of an existing contractual agreement or otherwise legally required.
- “N”--Necessary** Needed to maintain existing level and quality of community services.
- “D”--Desirable** Needed to improve quality or level of services.
- “F”--Deferrable** Can be placed on hold until after 7-year period, but supports community development goals.
- “R”--Research** Pending results of ongoing research, planning, and coordination. The project may be important, but the CIP Committee lacks all the information to make a definitive decision.
- “I”--Inconsistent** Conflicts with an alternative project/solution recommended by the CIP. The project is contrary to land use planning or established community development goals.

Table 2 contains the projects classified by town specific departments as well as the School Department, considered by the Committee in 2015. The information in Table 2 represents all requests for capital projects submitted by each municipal division to the CIP Committee in 2015. The ‘CIP Committee Priority Recommendations’ in the column to the far right describes the rank assigned by the CIP Committee within the seven categories of relative project priority.

E. LISTING AND DISCUSSION OF PROJECTS BY RECOMMENDED PRIORITY

“U”--Urgent: Cannot be delayed. Needed for health or safety.

- IV. A. **Willow Street Bridge** – This bridge is not on the NHDOT’s red list, but it is deficient in width to handle the significant traffic that crosses it. The Pelham BOS has engaged an engineering firm to design and construct a new bridge with the benefit of a recent and ongoing engineering study by a separate consultant regarding the causes and mitigation of flooding along Beaver Brook. The results of these studies and the costs of improving the Willow Bridge was ascertained in early 2015 and resulted in the voters supporting warrant articles to fund the project which will be partially reimbursed from state bridge aid (80%) for study, design and construction.

“C”--Committed: Part of an existing contractual agreement or otherwise legally required.

- I. A. **Municipal Building / Library – Appropriation by Ballot.** Voters approved the conversion of the Ernest G. Sherburne School into a combined municipal facility in 2003. Town Offices and Police Headquarters are located at the former Ernest G. Sherburne School. The new Library, built on the Mills property, is overlooking a new three (3) acre Town Green.
- I. B. **Bond Bank Note (Private) – 2002-2022.** Voters approved a 20 year bond for conversion of the Ernest G. Sherburne School into a combined municipal facility in 2003. A new library was built on the Mills property. The town opted for a private institution for favorable rates.
- I. B. **Town Buildings Emergency Repair Capital Reserve.** The voters approved starting this Capital Reserve Account in 2004 in order to fund necessary repairs to all of the town buildings. This fund will be used to stabilize the tax rate when funding future repairs and additions to Town facilities.
- X. A. **Pelham High School Addition – 2015.** In March of 2014 Pelham voters approved a new high school addition and renovation of existing space at the current High School location. The total project cost of \$ 20,000,000 is contractually obligated utilizing a 20 year bond for financing. Construction began in September, 2014 with planned project completion in 2016.
- X. B. **Bond Bank Note (Private) – 2015-2034.** High school addition and renovation of existing space at the current High School location. The town opted for a private institution for favorable rates.

“N”--Necessary: Needed to maintain basic level and quality of community services.

- I. C. **Municipal Building Roof - 2017.** The roof of the Municipal building has been patched and repaired several times. It is a rubber roof with several layers. Municipal officials feel that replacing the roof in stages is the best long term action. That work began in

Town of Pelham
Capital Improvements Plan
2016-2022

September 2014 and will continue until the roof has been completely replaced. This project also has a CIP Committee Priority Ranking of R, as additional research must be completed to address this need.

- II. A. **Animal Control Shelter - 2017.** The current animal control facility is at least 35 years old. Due to its age numerous key systems have failed or are on the brink of failure. Many of these systems are substandard to begin with and highly inefficient including HVAC, roofing, fencing, electrical and water. The shelter also does not currently include any type of bathroom facilities for staff or volunteers let alone visitors. Furthermore the shelter does not meet contemporary standards or size for proper sheltering of animals. This project also has a CIP Committee Priority Ranking of R, as additional research must be completed to address this need.
- III.A. **Replace Fire SCBA (Air Packs) Fire Department – 2016.** The current bulk of the SCBAs were purchased in 2003 with additional used packs purchased in 2006, 2008 and 2009 and these used packs were vintage 2003 and 2004. The department currently has 20 SCBAs. The standard for this equipment has been rewritten numerous times since these packs were purchased and the current standard has drastically changed over the years to include an increase in safety for the user. The department is looking to replace the current packs with new packs that meet the current standards. The new packs, meeting the current standards, will provide a safer work environment for fire fighters as it is their main lifeline while operating in a toxic environment.
- III. B. **Replacement Engine 1 – 2018.** The scheduled replacement of the Engine 1 in 2018, with the cost spread over 3 years. Engine 1 will be 21 years old if replaced in 2018. The vehicle was purchased without stainless steel piping which has caused significant corrosion issues. Pipes have already corroded and had to be replaced. In addition, there have been numerous recurring electrical issues and corrosion to the vehicle body and there are currently issues with the pump gear housing. Increased maintenance costs are anticipated.
- III. C. **Replacement of Ambulance 1 – 2017.** Ambulance 1 is in need of replacement. The cost will be \$225,000, offset by \$225,000 to be withdrawn from the Ambulance Fund.
- III. C. **Ambulance Fund - Ongoing.** The continuation of the ambulance capital-reserve account for ongoing funding of ambulance upgrades and enhancements, and new purchases is recommended by the CIP Committee in order to stabilize spending for this item and eliminate taxpayer costs for these vehicles. The Ambulance Fund is funded by user fees.
- IV. B. **Dump Truck/Plow/Sander - 2016.** This is a scheduled replacement of a 2001 vehicle currently being used to plow roads. This new 36,000 GVW truck is proposed for 2016.
- IV. D. **Maintenance and Storage Garage - 2017.** The Highway department has expressed a need for a storage and maintenance facility that could be shared for maintenance of other Town vehicles. A proposed 80' x 120' building that would house 7 dump

Town of Pelham
Capital Improvements Plan
2016-2022

trucks, 2 pick-up trucks and 2 backhoes is proposed for an estimated cost of \$688,000 (cost developed in 2005). While there is currently marginal vehicle storage, the CIP committee ranks this project as “Desirable” due to changing circumstances that need further assessment to provide the best value and use of the facility. This project also has a CIP Committee Priority Ranking of R, as additional research must be completed to address this need.

- V. A. **Solid Waste Disposal – Compactor/Trailer/Building – 2016.** Purchase a rebuilt compactor, new transfer trailer and install them in a new 30’x50’ metal building located where the two metal containers are located now. The area would need site work consisting of digging down seven feet and then pouring concrete walls and a pad. This would now be the area for our single stream material. Currently we have two 40 yard roll off containers that are pulled and emptied six times per week. With the compactor installed and the 75 yard transfer trailer we would be able to eliminate five pulls a week for a yearly cost savings of \$65,000.00. This would also improve our positioning for marketing the single stream and allow us to expand our potential markets were we could see revenue for the material. We do roughly 1100 tons per year and the markets could range from \$10 per ton to \$20 per ton. That would mean another \$11,000.00 to \$22,000.00 in revenue per year.

- X. C. **Repave Memorial School Rear Parking Lot - 2016.** The School Board requests \$125,000 for the repair and repaving of portions of the school parking lot and driveway. Cracks and gaps in the walkways and parking lot require repair. Catch basins and drainage basins need improvement due to damage and wear. Putting these repairs off any longer will significantly increase the cost to correct the problems. The CIP has requested that some of the overhead utilities be relocated underground when this project is done for safety reasons.

- X. D. **PES Roof – 2017.** Replacement of shingled portion of roof at Pelham Elementary School. The existing roof as it stands today is showing signs of wear indicating the end of its useful life is approaching. Leaving the roof in its current condition will ultimately result in multiple leaks, potential mold, structural damages, higher insurance premiums and an increase in maintenance costs. The flat area of the roof seems to be in good shape and does not require replacement at this point in time. This project also has a CIP Committee Priority Ranking of R, as additional research must be completed to address this need.

- X. E. **Memorial School Septic System – 2018.** The project proposes to replace the existing septic system at Pelham Memorial School. The current septic field is showing some preliminary signs of failure and therefore, replacement will be necessary in the near future.

“D”--Desirable: Needed to improve quality or level of services.

- IV. C. **Highway Department 4x4 Backhoe - 2017.** Purchase a new 4x4 backhoe that was put into service on July 8, 2004.

Town of Pelham
Capital Improvements Plan
2016-2022

- IV. E. **GVW Dump Truck - 2018.** This is a scheduled replacement of a 2003 vehicle currently being used to plow roads. This vehicle will need replacing in 2018.
- IV. F. **GVW Dump Truck - 2020.** This is a scheduled replacement of a 2005 vehicle currently being used to plow roads. This vehicle will need replacing in 2020.
- VI. A. **Multi-Purpose Field at Raymond Park - 2017.** The new multipurpose field will relieve some parking demands on the Muldoon parking lot, and go a long way in meeting current and future needs for additional playing fields. The Parks and Rec Director will continue to research costs for this project and seek support from the BOS and Budget Committee in 2017. Until the detailed costing information is provided the project has been ranked as Desirable. This project also has a CIP Committee Priority Ranking of R, as additional research must be completed to address this need.
- VII. A. **Library Renovation – 2017.** The Board of Library Trustees and Library Director have identified several pressing building needs in the library. These include creating additional quiet work space, more public meeting space, and additional useable floor space in the Young Adult (YA) Area. These planned changes are in direct response to requests from our library patrons to make such improvements in the library building. The project involves three major expenses. Fill in the ceiling above the first floor main reading room (Room 107). Supply furnishing for the new floor space including a computer counter, 14 computer chairs, 2 lounge chairs, a library table and a circulation desk. Supply ten new PCs fully equipped with Windows 8 and Microsoft Office Suite licenses. This project also has a CIP Committee Priority Ranking of R, as additional research must be completed to address this need.
- IX. A. **Parking Lot at Senior Center – 2016.** The parking lot is in need of repair and expansion. When the program is busy, parking is at a premium and does not meet current needs. Unfortunately the lot is not wide enough to accommodate the current parking grid and seniors are forced to walk within the parking lines to walk amongst the cars safely. This creates a dangerous parking and pedestrian situation when the Senior Center is busy. The parking lot also has numerous cracks and needs to be resurfaced. This project also has a CIP Committee Priority Ranking of R, as additional research must be completed to address this need.
- X. F. **Harris Track – 2018.** The project proposes to replace the existing track surface at Harris Field. The track was installed in 2004 and the average life of a track is approximately 10 years. It is currently in relatively good shape, but will likely need to be replaced in the next 3-4 years.

“F”--Deferrable: Can be placed on hold until after 7-year period, but supports community development goals.

No projects were ranked as Deferrable in the 2016 – 2022 CIP. However, new projects in subsequent CIPs could receive this ranking if the project is inconstant in terms of project justification or cost analysis.

Town of Pelham
Capital Improvements Plan
2016-2022

"R"--Research: Pending results of ongoing research, planning, and coordination.

- X. E. **School District Security Upgrades - 2016.** With the assistance of the Pelham Fire and Police Departments, we have just recently participated in a security assessment of our PES facility by the NH Office of Homeland Security. We are in the process of scheduling an assessment of PMS and will receive a security assessment report for both schools upon final completion. This report will contain recommendations to improve the safety of both schools as recommended by the Office of Homeland Security. Upon receipt of this report, we will then be able to identify an estimated cost.

"I"--Inconsistent: Conflicts with an alternative project/solution scheduled by the CIP. Contrary to land use planning or community development goals.

No projects were ranked as Inconsistent in the 2016 – 2022 CIP. However, new projects in subsequent CIPs could receive this ranking if the project is inconstant in terms of project justification or cost analysis.

Town of Pelham
Capital Improvements Plan
2016-2022

F. CONCLUSIONS

The Program of Capital Expenditures herein provides a guide for budgeting and development of Pelham public facilities. The Planning Board will review and update the CIP each year prior to budget deliberations. The CIP may be modified each year based on changes in needs and priorities.

The CIP Committee is striving to improve the effectiveness of the capital facilities programming process, in order to have a greater impact on the current year's budget cycle. In the future, the CIP Committee will initiate the CIP planning process earlier in the calendar year. This will enable individual departments to use this information to prepare preliminary budgets for submission to the Town.

The CIP Committee seeks to accurately evaluate the fiscal impacts of projects, and return on investment of public funds in capital facilities replacement and development. One piece of information the Committee seeks to understand is how a project's funding is proposed and whether specific funding sources have been identified. This data is presented in the Cost Estimate section of the Project Worksheet. The Impacts on Operating & Maintenance section of the Project Worksheet is also important in assessing the cost/benefit of one solution versus another to meet a department's needs.

There also may be merit in attempting to track the performance of investments in facilities renovation or upgrades and also monitoring and forecasting when future replacements or upgrades may be necessary. One recent external development that could affect the municipality is the Government Accounting Standards Board (GASB) adoption of Statement 34 protocols for reporting infrastructure assets. The program's objective is to promote consistent evaluations of municipal financial conditions by providing more detailed and relevant information on the characteristics and conditions of capital equipment. The CIP planning process may provide a forum for encouraging the development of capital asset inventories, accounting for the value of these assets and tracking the useful life and depreciation of municipal equipment and infrastructure. The CIP recommends that all Town and School assets be tracked for life expectancy so that future capital needs may be better anticipated and planned. Updated information regarding the age of existing Town road surfaces will help with that planning in the highway department. Future meetings with the Board of Selectman and School Board regarding better long term planning could result in tax savings.

Capital Improvements Program

Section 674:5

674:5 Authorization. – In a municipality where the planning board has adopted a master plan, the local legislative body may authorize the planning board to prepare and amend a recommended program of municipal capital improvement projects projected over a period of at least 6 years. As an alternative, the legislative body may authorize the governing body of a municipality to appoint a capital improvement program committee, which shall include at least one member of the planning board and may include but not be limited to other members of the planning board, the budget committee, or the town or city governing body, to prepare and amend a recommended program of municipal capital improvement projects projected over a period of at least years. The capital improvements program may encompass major projects being currently undertaken or future projects to be undertaken with federal, state, county and other public funds. The sole purpose and effect of the capital improvements program shall be to aid the mayor or selectmen and the budget committee in their consideration of the annual budget.

Capital Improvements Program

Section 674:6

674:6 Purpose and Description. – The capital improvements program shall classify projects according to the urgency and need for realization and shall recommend a time sequence for their implementation. The program may also contain the estimated cost of each project and indicate probable operating and maintenance costs and probable revenues, if any, as well as existing sources of funds or the need for additional sources of funds for the implementation and operation of each project. The program shall be based on information submitted by the departments and agencies of the municipality and shall take into account public facility needs indicated by the prospective development shown in the master plan of the municipality or as permitted by other municipal land use controls.

674:7 Preparation. –

I. In preparing the capital improvements program, the planning board or the capital improvement program committee shall confer, in a manner deemed appropriate by the board or the committee, with the mayor or the board of selectmen, or the chief fiscal officer, the budget committee, other municipal officials and agencies, the school board or boards, and shall review the recommendations of the master plan in relation to the proposed capital improvements program.

II. Whenever the planning board or the capital improvement program committee is authorized and directed to prepare a capital improvements program, every municipal department, authority or agency, and every affected school district board, department or agency, shall, upon request of the planning board or the capital improvement program committee, transmit to the board or committee a statement of all capital projects it proposes to undertake during the term of the program. The planning board or the capital improvement program committee shall study each proposed capital project, and shall advise and make recommendations to the department, authority, agency, or school district board, department or agency, concerning the relation of its project to the capital improvements program being prepared.

LOCAL LAND USE PLANNING AND REGULATORY POWERS**

Zoning

Section 674:21

674:21 Innovative Land Use Controls. –

I. Innovative land use controls may include, but are not limited to:

- (a) Timing incentives.
- (b) Phased development.
- (c) Intensity and use incentive.
- (d) Transfer of density and development rights.
- (e) Planned unit development.
- (f) Cluster development.
- (g) Impact zoning.
- (h) Performance standards.
- (i) Flexible and discretionary zoning.
- (j) Environmental characteristics zoning.
- (k) Inclusionary zoning.
- (l) Accessory dwelling unit standards.
- (m) Impact fees.
- (n) Village plan alternative subdivision.

[Paragraph (o) effective July 1, 2017.]

(o) Integrated land development permit option.

II. An innovative land use control adopted under RSA 674:16 may be required when supported by the master plan and shall contain within it the standards which shall guide the person or board which administers the ordinance. An innovative land use control ordinance may provide for administration, including the granting of conditional or special use permits, by the planning board, board of selectmen, zoning board of adjustment, or such other person or board as the ordinance may designate. If the administration of the innovative provisions of the ordinance is not vested in the planning board, any proposal submitted under this section shall be reviewed by the planning board prior to final consideration by the administrator. In such a case, the planning board shall set forth its comments on the proposal in writing and the administrator shall, to the extent that the planning board's comments are not directly incorporated into its decision, set forth its findings and decisions on the planning board's comments.

III. Innovative land use controls must be adopted in accordance with RSA 675:1, II.

IV. As used in this section:

(a) "Inclusionary zoning" means land use control regulations which provide a voluntary incentive or benefit to a property owner in order to induce the property owner to produce housing units which are affordable to persons or families of low and moderate income. Inclusionary zoning includes, but is not limited to, density bonuses, growth control exemptions, and a streamlined application process.

(b) "Accessory dwelling unit" means a second dwelling unit, attached or detached, which is permitted by a land use control regulation to be located on the same lot, plat, site, or other division of land as the permitted principal dwelling unit.

V. As used in this section "impact fee" means a fee or assessment imposed upon development, including subdivision, building construction, or other land use change, in order to help meet the needs occasioned by that development for the construction or improvement of capital facilities owned or operated by the municipality, including and limited to water treatment and distribution facilities; wastewater treatment and disposal facilities; sanitary sewers; storm water, drainage and flood control facilities; municipal road systems and rights-of-way; municipal office facilities; public school facilities; the municipality's proportional share of capital facilities of a cooperative or regional school district of which the municipality is a member; public safety facilities; solid waste collection, transfer, recycling, processing, and disposal facilities; public library facilities; and public recreational facilities not including public open space. No later than July 1, 1993, all impact fee ordinances shall be subject to

Town of Pelham
Capital Improvements Plan
2016-2022
Appendix C

the following:

(a) The amount of any such fee shall be a proportional share of municipal capital improvement costs which is reasonably related to the capital needs created by the development, and to the benefits accruing to the development from the capital improvements financed by the fee. Upgrading of existing facilities and infrastructures, the need for which is not created by new development, shall not be paid for by impact fees.

(b) In order for a municipality to adopt an impact fee ordinance, it must have enacted a capital improvements program pursuant to RSA 674:5-7.

(c) Any impact fee shall be accounted for separately, shall be segregated from the municipality's general fund, may be spent upon order of the municipal governing body, shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of town moneys, and shall be used solely for the capital improvements for which it was collected, or to recoup the cost of capital improvements made in anticipation of the needs which the fee was collected to meet.

(d) All impact fees imposed pursuant to this section shall be assessed at the time of planning board approval of a subdivision plat or site plan. When no planning board approval is required, or has been made prior to the adoption or amendment of the impact fee ordinance, impact fees shall be assessed prior to, or as a condition for, the issuance of a building permit or other appropriate permission to proceed with development. Impact fees shall be intended to reflect the effect of development upon municipal facilities at the time of the issuance of the building permit. Impact fees shall be collected at the time a certificate of occupancy is issued. If no certificate of occupancy is required, impact fees shall be collected when the development is ready for its intended use. Nothing in this subparagraph shall prevent the municipality and the assessed party from establishing an alternate, mutually acceptable schedule of payment of impact fees in effect at the time of subdivision plat or site plan approval by the planning board. If an alternate schedule of payment is established, municipalities may require developers to post bonds, issue letters of credit, accept liens, or otherwise provide suitable measures of security so as to guarantee future payment of the assessed impact fees.

(e) The ordinance shall establish reasonable times after which any portion of an impact fee which has not become encumbered or otherwise legally bound to be spent for the purpose for which it was collected shall be refunded, with any accrued interest. Whenever the calculation of an impact fee has been predicated upon some portion of capital improvement costs being borne by the municipality, a refund shall be made upon the failure of the legislative body to appropriate the municipality's share of the capital improvement costs within a reasonable time. The maximum time which shall be considered reasonable hereunder shall be 6 years.

(f) Unless otherwise specified in the ordinance, any decision under an impact fee ordinance may be appealed in the same manner provided by statute for appeals from the officer or board making that decision, as set forth in RSA 676:5, RSA 677:2-14, or RSA 677:15, respectively.

(g) The ordinance may also provide for a waiver process, including the criteria for the granting of such a waiver.

(h) The adoption of a growth management limitation or moratorium by a municipality shall not affect any development with respect to which an impact fee has been paid or assessed as part of the approval for that development.

(i) Neither the adoption of an impact fee ordinance, nor the failure to adopt such an ordinance, shall be deemed to affect existing authority of a planning board over subdivision or site plan review, except to the extent expressly stated in such an ordinance.

(j) The failure to adopt an impact fee ordinance shall not preclude a municipality from requiring developers to pay an exaction for the cost of off-site improvement needs determined by the planning board to be necessary for the occupancy of any portion of a development. For the purposes of this subparagraph, "off-site improvements" means those improvements that are necessitated by a development but which are located outside the boundaries of the property that is subject to a subdivision plat or site plan approval by the planning board. Such off-site improvements shall be limited to any necessary highway, drainage, and sewer and water upgrades pertinent to that development. The amount of any such exaction shall be a proportional share of municipal improvement costs not previously assessed against other developments, which is necessitated by the development, and which is reasonably related to the benefits accruing to the development from the improvements financed by the exaction. As an alternative to paying an exaction, the developer may elect to construct the necessary improvements, subject to bonding and timing conditions as may be reasonably required by the planning board. Any exaction imposed pursuant to this section shall be assessed at the time of planning board approval of the development necessitating an off-site improvement. Whenever the calculation of an exaction for an off-site improvement has been predicated upon some portion of the cost of that improvement being borne by the municipality, a refund of any collected exaction shall be made to the payor or payor's successor in interest upon the failure of the local

Town of Pelham
Capital Improvements Plan
2016-2022
Appendix C

legislative body to appropriate the municipality's share of that cost within 6 years from the date of collection. For the purposes of this subparagraph, failure of local legislative body to appropriate such funding or to construct any necessary off-site improvement shall not operate to prohibit an otherwise approved development.

(k) Revenue from impact fees imposed upon development and collected by a municipality under RSA 674:21, V for construction of or improvement to municipal road systems may be expended upon state highways within the municipality only for improvement costs that are related to the capital needs created by the development. Such improvements may include items such as, but not limited to, traffic signals and signage, turning lanes, additional travel lanes, and guard rails. No such improvements shall be constructed or installed without approval of the state department of transportation. In no event shall impact fees be used for any improvements to roads, bridges, or interchanges that are part of the interstate highway system. Nothing in RSA 674:21, V shall be construed as allowing or authorizing additional impact fees merely by virtue of having approved the expenditure of collected fee revenue for construction of or improvement of state highways, nor shall it be construed as allowing the adoption of new impact fees devoted to assessing impacts to state highways.

(l) No later than 60 days following the end of the fiscal year, any municipality having adopted an impact fee ordinance shall prepare a report listing all expenditures of impact fee revenue for the prior fiscal year, identifying the capital improvement project for which the fees were assessed and stating the dates upon which the fees were assessed and collected. The annual report shall enable the public to track the payment, expenditure, and status of the individually collected fees to determine whether said fees were expended, retained, or refunded.

VI. (a) In this section, "village plan alternative" means an optional land use control and subdivision regulation to provide a means of promoting a more efficient and cost effective method of land development. The village plan alternative's purpose is to encourage the preservation of open space wherever possible. The village plan alternative subdivision is meant to encourage beneficial consolidation of land development to permit the efficient layout of less costly to maintain roads, utilities, and other public and private infrastructures; to improve the ability of political subdivisions to provide more rapid and efficient delivery of public safety and school transportation services as community growth occurs; and finally, to provide owners of private property with a method for realizing the inherent development value of their real property in a manner conducive to the creation of substantial benefit to the environment and to the political subdivision's property tax base.

(b) An owner of record wishing to utilize the village plan alternative in the subdivision and development of a parcel of land, by locating the entire density permitted by the existing land use regulations of the political subdivision within which the property is located, on 20 percent or less of the entire parcel available for development, shall grant to the municipality within which the property is located, as a condition of approval, a recorded easement reserving the remaining land area of the entire, original lot, solely for agriculture, forestry, and conservation, or for public recreation. The recorded easement shall limit any new construction on the remainder lot to structures associated with farming operations, forest management operations, and conservation uses, and shall specify that the restrictions contained in the easement are enforceable by the municipality. Public recreational uses shall be subject to the written approval of those abutters whose property lies within the village plan alternative subdivision portion of the project at the time when such a public use is proposed.

(c) The submission and approval procedure for a village plan alternative subdivision shall be the same as that for a conventional subdivision. Existing zoning and subdivision regulations relating to emergency access, fire prevention, and public health and safety concerns including any setback requirement for wells, septic systems, or wetland requirement imposed by the department of environmental services shall apply to the developed portion of a village plan alternative subdivision, but lot size regulations and dimensional requirements having to do with frontage and setbacks measured from all new property lot lines, and lot size regulations, as well as density regulations, shall not apply.

(1) The total density of development within a village plan alternate subdivision shall not exceed the total potential development density permitted a conventional subdivision of the entire original lot unless provisions contained within the political subdivision's land use regulations provide a basis for increasing the permitted density of development within a village plan alternative subdivision.

(2) In no case shall a political subdivision impose lesser density requirements upon a village plan alternative subdivision than the density requirements imposed on a conventional subdivision.

(d) If the total area of a proposed village plan alternative subdivision including all roadways and improvements does not exceed 20 percent of the total land area of the undeveloped lot, and if the proposed subdivision incorporates the total sum of all proposed development as permitted by local regulation on the undeveloped lot, all existing and future dimensional requirements imposed by local regulation, including lot size, shall not apply to the proposed village plan alternative subdivision.

Town of Pelham
Capital Improvements Plan
2016-2022
Appendix C

(e) The approving authority may increase, at existing property lines, the setback to new construction within a village plan alternative subdivision by up to 2 times the distance required by current zoning or subdivision regulations, subject to the provisions of subparagraph (c).

(f) Within a village plan alternative subdivision, the exterior wall construction of buildings shall meet or exceed the requirements for fire-rated construction described by the fire prevention and building codes being enforced by the state of New Hampshire at the date and time the property owner of record files a formal application for subdivision approval with the political subdivision having jurisdiction of the project. Exterior walls and openings of new buildings shall also conform to fire protective provisions of all other building codes in force in the political subdivision. Wherever building code or fire prevention code requirements for exterior wall construction appear to be in conflict, the more stringent building or fire prevention code requirements shall apply.

[Paragraph VII effective July 1, 2017.]

VII. In this section, "integrated land development permit option" means an optional land use control to allow a project to proceed, in whole or in part, as permitted by the department of environmental services under RSA 489.

The Conservation Commission's responsibilities to the Town of Pelham, as established by RSA:36-A, are to assure the proper utilization and protection of natural resources including the watershed resource, wetlands, open space, surface and ground waters.

The Conservation Commission members, working together with the Forestry Committee, Planning Board, Zoning Board and Board of Selectmen continue to make progress towards comprehensive protection of our environment and natural resources.

Highlights of our activities during the year 2015 include:

-We welcomed Louise Delehanty and Kaela Law as new members of the Commission. Both love the outdoors and are passionate about the environment. For the first time in several years, we now have a full seven member board.

-We hired a wetland scientist and have spent countless hours in an effort to stop the proposed Northeast Energy Direct gas pipeline. Should the pipeline be approved, we will insure that the environment is protected as much as possible and that which is damaged, gets mitigated, within the Town of Pelham.

-Our web page, entitled Pelham Recreation and Conservation Lands, accessible from the Pelham home page, has been updated and includes brochures and trail maps, as they are created.

-We worked with the developers, members of the Planning Board and members of the Zoning Board to minimize the impact of these developments on our environment. Paul Dadak is the Conservation Commission's representative on the Planning Board. In addition to Paul's efforts, joint site walks and written/verbal communications assure that we work in cooperation with the other boards.

-The Forestry Committee, led by Deborah Waters, had another very active year of timber harvesting and trail building. Please see their annual report for details. Paul Gagnon is the Conservation Commission's representatives on that committee.

Thank you, to all the members of the Conservation Commission, Forestry Committee, Board of Selectmen, Planning Board, Zoning Board and to all those who have volunteered their time to preserve and protect the environment in the Town of Pelham.

Respectfully submitted,

“STEWARDS OF OUR TOWN FORESTS AND CONSERVATION LANDS”

Since 1980 your Town Forestry Committee, together with the Conservation Commission, Planning Board, Board of Selectmen and Parks and Recreation Department has voluntarily worked to plan, preserve and protect public forested Town owned lands, the scope of which ranges from forests, parks, open space, water courses, wetlands, wildlife habitat, scenic venues and other forested natural resources.

The Forestry Committee continues to implement forest management plans utilizing the principals of wood, wildlife, water and recreation.

This year we finalized projects on the Costa Family Conservation Area, completing a parking area and beginning the marking of a trail system.

Drainage issues were addressed at Raymond Park, trail connectivity established between the Merriam Cutter Conservation Area and Gumpas Pond Conservation Area and a new trail system created on the Calitri Family Conservation Area.

Plans to open the Woven Conservation Area are underway.

This fall the Forestry Committee hosted a seminar at the Gumpas Pond Conservation Area, organized by the New Hampshire Timberland Owners Association. Leaders of the seminar included the Hillsborough County Forester, wildlife biologist from UNH Cooperative Extension and NH certified forester from Bay State Forestry Service. It was well attended and represents an important step in the attraction of this property as a teaching tool.

Respectfully submitted,

Deborah Waters

Friends of the Library in Pelham

The Friends of the Library in Pelham (FLIP) are an all-volunteer, non-profit organization that has been providing support services to the library since 1976. Our mission is to promote understanding and appreciation for the services and programs the library offers. We actively seek fundraising opportunities so we may sponsor programs and help to support new library services, programs, technologies, and special presenters the library could not normally afford with their limited budget. The Friends of the Library in Pelham, Inc., is a tax-exempt 501(c)(3) charitable organization. Your contributions to the Friends are tax-deductible under section 170 of the Internal Revenue Code.

Meetings are held the second Tuesday of the month at the Library. See our website for updated information: <http://pelhampublicLibrary.org/friends-of-the-Library/>. Joining FLIP is not a huge commitment and we are a fun group to spend time with!

Friends of the Library in Pelham submit an annual report to the Office of the New Hampshire Attorney General Charitable Trusts Unit. The report documents the monies collected through membership and book sales, grants received and the distribution of the monies to the library from the Friends of the Library in Pelham for programs which included in 2015, but not limited to; our Museum Pass Program: \$2,045.00, Daddy & Donuts, Young Adult Programing, Arts and Crafts, Children's Programs, Robotics: \$1,967.10 and two scholarships awarded to Pelham residents: \$1,000.00.

To Join the Friends, annual membership costs just \$10.00. You must be a FLIP member to enjoy the Museum Pass program. Check out our website or visit the Library to find out how you can Join Us in 2016!

Fax # 603-635-6954

Email:

Planning@pelhamweb.com

Website:

www.pelhamweb.com/planning-board

Meeting Schedule:

Day:

The Planning Board meets on the 1st and 3rd Monday of the month @ 7PM

Location:

*Sherburne Hall
Municipal Building
6 Village Green
Pelham, NH 03076*

2015 Highlights:

- *Submission of three new residential conservation subdivisions*
- *P.J. Keating submitted a site plan for improvements to include storm water management facilities*
- *Established a Capital Improvements Plan Committee which submitted a CIP to the Board of Selectmen and Budget Committee*

Of note this year for the Planning Board was the submission and approval of three residential conservation subdivisions: an eight lot subdivision on Dutton Road, a sixteen lot subdivision on Gumpus Hill Road, and a forty six lot subdivision on Garland Lane. The latter is particularly significant in that it allowed development of a large, historically significant parcel while preserving a large area of the parcel, protecting an historical view shed and allowing expansion of existing trail systems in the area. The conservation subdivision ordinance, passed by voters in 2008, provides for responsible development of sites while preserving various types of land which would otherwise be lost in a traditional subdivision. The Board continues to be grateful to Pelham’s voters for their support of this forward-thinking approach to development.

On the commercial/industrial side, the P.J. Keating plant on Route 38 submitted a site plan proposing improvements including upgraded storm water management facilities and further wetland protection. After months of work, an amended and improved site plan was approved by the Board. The Board also approved the first submittal under the new Mixed Use Zoning Ordinance, the Boutwell building at 57 Old Bridge St. and Woodbury Ave. Another larger MUZD development on Windham Rd. is, as of December, 2015, currently pending before the Board.

With regard to administrative matters, the Board approved revised subdivision and site plan regulations, made a slight alteration in the Senior Recreation Impact Fee, and once again established a Capital Improvements Plan (CIP) Committee, which submitted a CIP to the Selectmen and Budget Committee. The Board also amended the Impact Fee Enabling Ordinance in response to a decision of the New Hampshire Supreme Court.

On behalf of the Board, I’d like to thank Planning Director Jeff Gowan and the entire staff for their professional work in support of the Board. In addition, thanks go to Steven Keach, the Board’s Engineering expert, for his meticulous and thoughtful review of submitted plans and to Keach-Nordstrom’s Jeff Quirk for his plan compliance monitoring services on behalf of the Board. Finally, thank you to Jim Greenwood and his crew for their hard work in broadcasting and taping the Board’s meetings, and to Charity Landry for her minutes transcription work.

Respectfully submitted,

Peter J. McNamara, Esq
Chair, Pelham Planning Board

2016 TOWN WARRANT

TOWN OF PELHAM
STATE OF NEW HAMPSHIRE
WARRANT
2016 TOWN MEETING

To the inhabitants of the Town of Pelham, in the County of Hillsborough and the State of New Hampshire, qualified to vote in Town affairs. You are hereby notified of the following annual Town Meeting schedule:

First Session of Annual Meeting (Deliberative)

You are hereby notified to meet at Sherburne Hall in the Pelham Municipal Building, 6 Village Green, Pelham, New Hampshire on Tuesday, February 2, 2016 at 7:00 PM. This session shall consist of explanation, discussion, and debate of warrant articles numbered **2** through **14**. Warrant articles may be amended subject to the following limitations: (a) warrant articles the wording of which is prescribed by law shall not be amended and (b) warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended.

Second Session of Annual Town Meeting (Official Ballot Voting)

You are hereby notified to meet again at the Pelham High School, 85 Marsh Road, Pelham, New Hampshire on Tuesday, March 8, 2016 between the hours of 7:00 AM and 8:00 PM to vote by official ballot to choose all necessary town officials for the ensuing year and to vote on warrant articles numbered **1** through **14**.

Article 1

To see what action the Town will take in the election of the following Officers: two (2) Selectman for a term of three (3) years; one (1) Town Clerk/Tax Collector for a term of three (3) years; one (1) Town Moderator for a term of two (2) years; three (3) Budget Committee Member for three (3) years; two (2) Budget Committee Members for two (2) years; one (1) Cemetery Trustee for three (3) years; two (2) Library Trustees for three (3) years; one (1) Library Trustee two (2) years; one (1) Trustee of the Trust Funds for three (3) years; one (1) Trustee of the Trust Funds for one (1) one year; two (2) Planning Board Members for three (3) years; and one (1) Planning Board member for two (2) years.

Article 2

Are you in favor of the adoption of Amendment No. 2 as proposed by the Pelham Planning Board for the amendment to the Pelham Zoning Ordinance, Article VI, *Mixed-Use Zoning Overlay District (MUZD)* for Pelham Center. This amendment would modify the language within the existing MUZD ordinance. The proposed changes are to section 307-25-3 *Table of Uses within the MUZD* eliminating the *Prohibited Uses* column from the Table leaving the *Allowed Uses* intact, also to remove "Town Houses" from the list of allowed uses and to add the following words at the bottom of the table "ANY USES NOT LISTED ABOVE ARE PRHIBITED WITHIN THE MUZD". Additionally, in section 307-25-6 *Setbacks* the building setbacks are increased from ten (10) to fifteen (15) feet and in section 307-25-7 *Building Height* the maximum building height is reduced from forty (40) feet to thirty (30) feet with the Planning Board having discretion to allow taller heights for cupolas and other unoccupied architectural features. (Recommended by the Planning Board)

Article 3

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the amendment of the Pelham Zoning Ordinance, Article XV, *Residential Conservation Subdivision by Special Permit*. The proposed language changes to this existing ordinance are: Section 307-95 *Application Procedure*, requires all applicants to provide a conceptual conservation subdivision plan along with their yield plan, Section 307-97 *Special Permit Review* relocates a portion of language formerly located in 307-102 *Density offsets* replacing references to "density offsets" with "special permits" and adding new wording that the Planning Board may require a HOA for a conservation subdivision, Section 307-100 *Parcel Requirements* increases the minimum land area for a conservation subdivision from ten (10) acres to fifteen (15) acres, Section 307-102 *Density Offsets* adds the requirement of sidewalks and connectivity to a Pennichuck East water system when feasible, Section 307-103 *Standards for Approval* requires protection of existing trail systems, and 307-106 *General Requirements* adds several additional requirements, including: In the case of a community water system the HOA docs must prohibit irrigation wells; Roads within a conservation subdivision may be private roads and existing trail connectivity must be protected and if relocated must be within the development parcel. (Recommended by the Planning Board)

Article 4

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately. The amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth herein totaling Fourteen Million, Two Hundred and Twenty-Nine Thousand , Eight Hundred and Eighty-Seven Dollars (\$14,229,887)? Should this article be defeated, the default budget shall be Thirteen Million, Eight Hundred and Thirty thousand and Six Hundred and Seventeen Dollars (\$13,830,617) which is the same as last year with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

Article 5

Shall the Town vote to raise and appropriate the sum of Two Hundred and Fifty Thousand Dollars (\$250,000) for the purpose of purchasing a new compactor and trailer to include a 50 foot by 30 foot wide new steel building to contain them in. The breakdown is as follows: new compactor; Forty Eight Thousand and Five Hundred Dollars (\$48,500), new 45 foot compactor trailer; Sixty-Nine thousand and Eight Hundred and Seventy Dollars (\$69,870) and the steel building and site work; One-Hundred and Thirty One Thousand and Six Hundred and Thirty Dollars (\$131,630). This will be installed for the purpose of collecting and processing our single stream recyclables. The \$250,000 required for the cost of construction for this project will come from unassigned fund balance. No amount to be raised by taxation. This is a non-lapsing Article and will not lapse until 12/31/2020 or until the project is completed, whichever comes first. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

Article 6

Shall the Town vote to raise and appropriate the sum of Three Hundred, Three Thousand and Twenty One Dollars (\$303,021) for repair, maintenance and upgrading of Town roads, to be offset by the State Highway Grant? This is a non-lapsing Article and will not lapse until 12/31/2021 or until the project is completed, whichever comes first. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

Article 7

Shall the Town vote to raise and appropriate the sum of Twenty-five Thousand Dollars (\$25,000) to be placed in the Senior Center Bus Capital Reserve Fund established in 2003 for the replacement of the Senior Center Bus? (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

Article 8

Shall the Town vote to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) to be placed in the Compensated Absence Trust Fund for the purpose of distributing accrued time (annual earned and paid time off) to terminating employees as required by law or negotiated contracts? The balance of the fund is One Hundred and Ninety-two Thousand Dollars (\$192,000) and the unfunded liability is Four Hundred and Fifty-Six Thousand, Three Hundred Thirty-five Dollars (\$456,335).

Article 9

Shall the Town vote to establish a Highway Department Capital Reserve Fund and to raise and appropriate the sum of \$50,000 to be placed into that fund for the purpose of constructing a highway maintenance facility to house office and equipment with the Board of Selectmen as agents to expend with one public hearing? (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

Article 10

Shall the Town vote to raise and appropriate the sum of Thirty-six Thousand Dollars (\$36,000) from the Forest Maintenance Fund for the purpose of forest management, stewardship, security, public education and other costs associated with the maintenance and care of Town Forests? Funds requested come from the revenues produced by timber harvesting, not property taxes. This is a non-lapsing account per RSA 32:7. This is a Special Warrant Article. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Recommended by the Conservation Commission) (Majority Vote Required).

Article 11

Shall the Town vote to raise and appropriate the sum of Forty-Nine Thousand (\$49,000) to be expended at the discretion of the Board of Selectmen in opposition to the proposed Northeast Energy Direct high pressure gas pipeline and/or to minimize the impact thereof on the land and people of the Town, including, but not limited to, expenditures for legal representation and consultants, land use planning and consultation, public information purposes, administrative and court filing fees, participation in multi-town coalitions, and any and all other expenses reasonable related to opposing Kinder Morgan pipeline project and/or mitigating the effects thereof. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until December 31, 2020. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

Article 12

Shall the Town vote to authorize the Board of Selectmen to sell a certain Town owned property shown on Tax Map lot 30 -11-164, approximately a 0.78 acre parcel, located off of Andover Road, to Kevin and Constance Crooker for the sum of Thirteen Thousand and Three Hundred Dollars (\$13,300)? Further to raise and appropriate the sum of \$13,300 to be added to the Conservation Fund with \$13,300 to come from the sale of this property. Said property will be sold by the Town on such terms and conditions as the Selectmen deem prudent with cost of survey and land transfer to be borne by the purchaser. (Recommended by the Board of Selectmen) (Recommended by the Conservation Commission) (Majority Vote Required)

Article 13

Shall the Town vote to authorize the Board of Selectmen to sell a certain strip of unbuildable land, Town owned property shown on Tax Map 16, Lot 13-88-4, approximately 0.83 acre parcel, located off of St. Margaret’s Drive, to J & S Investments for the sum of Five Thousand Dollars (\$5,000)? Further to raise and appropriate the sum of \$5,000 to be added to the Conservation Fund with \$5,000 to come from the sale of this property. Said property will be sold by the Town on such terms and conditions as the Selectmen deem prudent with cost of survey and land transfer to be borne by the purchaser. (Recommended by the Board of Selectmen) (Recommended by the Conservation Commission) (Majority Vote Required)

Article 14

Shall the Town vote to replace the current 20 year old Exemption with a new Elderly Exemption from property tax in the Town of Pelham, based on assessed value, for qualified tax payers as follows: For a person 65 years of age up to and including 79 years of age, \$103,200.00; for persons 75 up to and including 79 years of age, \$133,200.00 and for persons 80 years of age and over, \$233,260.00. To qualify, the person must meet the requirements of State Law as designed in RSA 72:39-a and 72:39-b. In addition, a qualified taxpayer must have a net annual income of not more than \$37,740.00 if single, or if married, a combined net annual income of not more than \$47,760.00, and own assets excluding the value of the persons residence, of not more than \$132,340.00. The adoption of these figures bring us closer to what the 5 surrounding towns of Pelham offer. (Not recommended by the Board of Selectmen) (Article Submitted by Petition)

Given under our hands this 25th day of January, 2016

Harold Lynde, Chair

William McDevitt, Vice Chair

Paul Leonard, Selectman

Amy Spencer, Selectman

Douglas Viger, Selectman

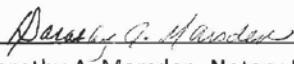

I, the undersigned, Brian McCarthy, serving as the Town Administrator, do hereby certify that on the 25th day of January, 2016, I did post signed copies of the 2016 Annual Town Meeting Warrant at the Pelham Town Hall, located at 6 Village Green and the Pelham High School, located at 85 Marsh Road and at the Pelham Public Library, located at 24 Village Green, of said Town.

Respectfully Submitted,

Brian McCarthy, Town Administrator

ARTICLE 4 WILL NOW READ: Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately. The amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth herein totaling Fourteen Million, Two Hundred and Twenty-Nine Thousand, Eight Hundred and Eighty-Seven Dollars (\$14,229,887)? Should this article be defeated, the default budget shall be Fourteen Million, One Hundred Eighty-Seven Thousand, Five Hundred and Twenty-Four Dollars (\$14,187,524) which is the same as last year with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting in accordance with RSA 40:13,X and XVI, to take up the issue of a revised operating budget only. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

ARTICLE 5: SELECTMAN, WILLIAM MCDEVITT, MADE A FRIENDLY AMENDMENT TO ELIMINATE THE WORD "IN" AT THE END OF THE FIRST SENTENCE.

ARTICLE 5 WILL NOW READ: Shall the Town vote to raise and appropriate the sum of Two Hundred and Fifty Thousand Dollars (\$250,000) for the purpose of purchasing a new compactor and trailer to include a 50 foot by 30 foot wide new steel building to contain them. The breakdown is as follows: new compactor; Forty Eight Thousand and Five Hundred Dollars (\$48,500), new 45 foot compactor trailer; Sixty-Nine Thousand, Eight Hundred and Seventy Dollars (\$69,870) and the steel building and site work; One-Hundred and Thirty-One Thousand, Six Hundred and Thirty Dollars (\$131,630). This will be installed for the purpose of collecting and processing our single stream recyclables. The \$250,000 required for the cost of construction for this project will come from unassigned fund balance. No amount to be raised by taxation. This is a non-lapsing Article and will not lapse until 12/31/2020 or until the project is completed, whichever comes first. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

ARTICLE 8: TOWN ADMINISTRATOR, BRIAN MCCARTHY, MADE A FRIENDLY AMENDMENT TO ADD (RECOMMENDED BY THE BOARD OF SELECTMEN) (RECOMMENDED BY THE BUDGET COMMITTEE) (MAJORITY VOTE REQUIRED) AT THE END OF THE ARTICLE.

ARTICLE 8 WILL NOW READ: Shall the Town vote to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) to be placed in the Compensated Absence Trust Fund for the purpose of distributing accrued time (annual earned and paid time off) to terminating employees as required by law or negotiated contracts? The balance of the fund is One Hundred and Ninety-Two Thousand Dollars (\$192,000) and the unfunded liability is Four Hundred and Fifty-Six Thousand, Three Hundred Thirty-Five Dollars (\$456,335). (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

ARTICLE 11: SELECTMAN, WILLIAM MCDEVITT, MADE A FRIENDLY AMENDMENT TO CHANGE THE WORD REASONABLE TO REASONABLY IN THE FIRST SENTENCE.

ARTICLE 11 WILL NOW READ: Shall the Town vote to raise and appropriate the sum of Forty-Nine Thousand (\$49,000) to be expended at the discretion of the Board of Selectmen in opposition to the proposed Northeast Energy Direct high pressure gas pipeline and/or to minimize

2016 TOWN WARRANT

(Amendments to Warrant after Deliberative Session, 2/2/16)

the impact thereof on the land and people of the Town, including, but not limited to, expenditures for legal representation and consultants, land use planning and consultation, public information purposes, administrative and court filing fees, participation in multi-town coalitions, and any and all other expenses reasonably related to opposing Kinder Morgan pipeline project and/or mitigating the effects thereof. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until December 31, 2020. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (Majority Vote Required)

ARTICLE 12: TOWN ADMINISTRATOR, BRIAN MCCARTHY, MADE AN AMENDMENT TO CHANGE THE NAME OF THE ROAD IN THE FIRST SENTENCE FROM ANDOVER TO METHUEN.

ARTICLE 12 WILL NOW READ: Shall the Town vote to authorize the Board of Selectmen to sell a certain Town owned property shown on the Tax Map lot 30-11-164, approximately a 0.78 acre parcel, located off of Methuen Road, to Kevin and Constance Crooker for the sum of Thirteen Thousand and Three Hundred Dollars (\$13,300)? Further to raise and appropriate the sum of \$13,300 to be added to the Conservation Fund with \$13,300 to come from the sale of this property. Said property will be sold by the Town on such terms and conditions as the Selectmen deem prudent with cost of survey and land transfer to be borne by the purchaser. (Recommended by the Board of Selectmen) (Recommended by the Conservation Commission) (Majority Vote Required)

ARTICLE 14: TOWN ADMINISTRATOR, BRIAN MCCARTHY, MADE AN AMENDMENT TO CHANGE 79 YEARS TO 74 YEARS IN THE FIRST SENTENCE. SELECTMAN, WILLIAM MCDEVITT, MADE AN AMENDMENT TO ADD THE WORDING "SHALL THE TOWN DIRECT THE SELECTMEN TO APPOINT A COMMITTEE TO DETERMINE IF THE CURRENT ELDERLY EXEMPTION SHOULD BE REPLACED" AT THE BEGINNING OF THE FIRST SENTENCE IN THE ARTICLE. HE ALSO MADE AN AMENDMENT TO TAKE THE WORDS (NOT RECOMMENDED BY THE BOARD OF SELECTMEN) AND REPLACE WITH (RECOMMENDED BY THE BOARD OF SELECTMEN) AT END OF ARTICLE.

ARTICLE 14 WILL NOW READ: Shall the Town direct the Selectmen to appoint a committee to determine if the current Elderly Exemption should be replaced with a new Elderly Exemption from property tax in the Town of Pelham, based on assessed value, for qualified taxpayers as follows: For a person 65 years of age up to and including 74 years of age, \$103,200.00; for persons 75 up to and including 79 years of age, \$133,200.00 and for persons 80 years of age and over, \$233,260.00. To qualify, the person must meet the requirements of State Law as designed in RSA 72:39-a and 72:39-b. In addition, a qualified taxpayer must have a net annual income of not more than \$37,740.00 if single, or if married, a combined net annual income of not more than \$47,760.00, and own assets excluding the value of the person's residence, of not more than \$132,340.00. The adoption of these figures bring us closer to what the 5 surrounding towns of Pelham offer. (Recommended by the Board of Selectmen) (Article Submitted by Petition)

Respectfully Submitted,

Dorothy A. Marsden
Town Clerk

2016 School WARRANT

2016 PELHAM SCHOOL DISTRICT WARRANT STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Pelham in the County of Hillsborough and the State of New Hampshire, qualified to vote upon district affairs:

FIRST SESSION OF ANNUAL MEETING (DELIBERATIVE)

You are hereby notified that the first session of the annual meeting of the School District of the Town of Pelham will be held at Sherburne Hall, 6 Village Green, in said Pelham on Wednesday, February 3, 2016, at 7:00 P.M. for explanation, discussion, and debate of warrant articles number 1 through number 4. Warrant articles may be amended subject to the following limitations: (a) warrant articles whose wording is prescribed by law shall not be amended, (b) warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended, and (c) no warrant article shall be amended to eliminate the subject matter of the article.

SECOND SESSION OF ANNUAL MEETING (OFFICIAL BALLOT VOTING)

You are hereby notified that the second session of the annual meeting of the School District of the Town of Pelham will be held at Pelham High School, 85 Marsh Road, in said Pelham on Tuesday, March 8, 2016, at 7:00 A.M. for the choice of School District Officers elected by official ballot, to vote on questions required by law to be inserted on the official ballot, and to vote on all Warrant Articles from the first session on official ballot per RSA 40:13, VII. The polls for the election of School District Officers and other action required to be inserted on said ballot will open on said date at 7:00 A.M. and will not close earlier than 8:00 P.M.

ARTICLE A

To elect by ballot the following School District Officers:

School Board Member	3-Year Term
School Board Member	3-Year Term

ARTICLE 1

Shall the Pelham School District vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by the vote at the first session of the annual school district meeting, for the purposes set forth herein, totaling Thirty Million, Six Hundred Ninety-Two Thousand, Forty-Four dollars (\$30,692,044)? Should the article be defeated, the default budget shall be Thirty Million, Three Hundred Thirty-Six Thousand, Six Hundred Eighty-Seven dollars (\$30,336,687), which is the same as last year, with certain adjustments required by previous action of the Pelham School District or by law; or the School Board may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. *(Majority vote required).*

*Recommended by the School Board
(5-0-0)*

*Recommended by the Budget Committee
(9-1-0)*

ARTICLE 2

Shall the Pelham School District vote to approve the cost items included in the collective bargaining agreement reached between the Pelham School District and the Pelham Education Association (PEA) which calls for the following increases in salaries and benefits over the amount paid in the prior fiscal year at current staffing levels:

Year	Estimated Increase
2016-2017	\$ 245,454
2017-2018	\$ 283,660
2018-2019	\$ 283,660

and further to raise and appropriate the sum of Two Hundred Forty-Five Thousand, Four Hundred Fifty-Four dollars (\$245,454) for the 2016-2017 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement that would be paid at current staffing levels? *(Majority vote required).*

*Recommended by the School Board
(5-0-0)*

*Recommended by the Budget Committee
(6-3-0)*

ARTICLE 3

Shall the Pelham School District vote to raise and appropriate the sum of One Hundred Fifty Thousand, Nine Hundred Ninety- three (\$150,993) dollars for the installation of alarms and security cameras, at Pelham Elementary School and Pelham Memorial School? *(Majority vote required).*

*Recommended by the School Board
(5-0-0)*

*Recommended by the Budget Committee
(6-2-0)*

ARTICLE 4

Shall the Pelham School District vote to raise and appropriate the sum of Forty-five Thousand (\$45,000) dollars for architectural and engineering fees for the redesign of main entrances for security improvements at Pelham Elementary School and Pelham Memorial School? (*Majority vote required*).

*Recommended by the School Board
(5-0-0)*

*Recommended by the Budget Committee
(7-1-0)*

Important Events in 2015:

- 2015 saw the opening of the 26 classroom addition onto PHS

- PSD implemented new state accountability assessment, SBAC in the spring in grades 3-8 and 11

- All students in grades 9, 10 & 11 took the PSAT test

- School Messenger alert system now sends messages via phone, email, SMS text and through social media to parents and community

- PSD explodes on Twitter

“The Pelham School District, in collaboration with our community, provides high-quality instruction with rigorous expectations in a supportive and safe environment. We prepare all our students for life-long learning and critical thinking, inspiring them to become contributing citizens of the ever-changing global community.”-Pelham School District Vision Statement

In 2015, the Pelham School District has continued to forge new ground in its quest to ***“Inspire success one mind at a time.”*** The district strategic plan focuses on four major areas: curriculum, communication, technology and facilities, in order to drive our progress to accomplishing our mission. Our exceptional staff continues to work diligently to prepare our students to be career and college ready. This requires us to teach in different ways, expose our students to new and innovative techniques and opportunities, and evaluate our progress along the way. We have done all of these this school year and will continue along this path in order to deliver the best educational product to the Pelham Community.

The year 2015 saw the opening of the new 26-classroom addition onto Pelham High School. Opening day in Fall of 2015 was a very exciting and motivational day, when our students could enter the walls of the school and begin creating new memories and traditions for the Pelham School District. This addition has provided us with state-of- the art science laboratories, multi-media rich teaching spaces as well as collaboration learning centers; all designed to provide unique and challenging opportunities to move our students toward college and career readiness. Construction continues into 2016 at Pelham High School to renovate the existing building through a phase process that will see a new wing housing classrooms, art, and business and media center spaces opening at the end of 2015.

The Pelham School District implemented the new state accountability assessment, Smarter Balanced Assessment Consortium (SBAC) this past spring in grade 3-8 and 11. First time results continue to show our overall scores above the state average in our K-8 program in both reading and mathematics. In an effort to align our assessment with our expectations of being career and college ready, we have instituted the College Board assessment program at Pelham High School. This fall all students in grades 9, 10, and 11 took the Preliminary Scholastic Aptitude Test (PSAT) in preparation for the Scholastic Aptitude Test (SAT) that all students in grade 11 will take this coming spring as part of the state’s new accountability system. The addition of the College Board program allows us to monitor individual student progress yearly on career and college ready expectations in order to make instructional adjustments to the educational program to better prepare them for both the SAT and post-graduation endeavors.

The district continues to work to provide relevant and timely communication to parents and the community. This year, has seen the change to School Messenger as our alert system that has the capacity to send messages via phone, email, SMS text and through social media to parents as well as the larger community. This is an upgrade from our past system that was restricted to just phone and email to parents of the district only. The Pelham School District has also exploded onto the Twitter scene with several messages such as #inspiringsuccess, #connect2psd, and #ballyhoo.

We are preparing to transition from a “Bring Your Own Device” (BYOD) approach in all three schools to a 1:1 Chromebook initiative for students in grades 7-12 for the

2016-17 school year. The preparation involves high-quality professional development and training for our staff by our technology integrators and technology staff, as well as digital curriculum development in order to transition from the traditional textbook to digital environments to gain up-to-date information and resources. Our IT staff continues to monitor and assess the effectiveness of our infrastructure to ensure it can support this new focus on learning for the district.

In closing, this has again been a very progressive and busy year for the Pelham School District. I look forward to another year of continuous improvement and collaboration with the Pelham Community to inspire success one mind at a time.

Respectfully Submitted,

Amanda Lecaroz

OFFICIAL BALLOT SCHOOL DISTRICT WARRANT

ARTICLE 1

Shall the Pelham School District vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by the vote at the first session of the annual school district meeting, for the purposes set forth herein, totaling Thirty Million, One Hundred and Five Thousand, and Eighty-Eight dollars (\$30,105,088.00)? Should the article be defeated, the default budget shall be Thirty Million, Fifty-Eight Thousand, Five Hundred and Seventy-Three dollars (\$30,058,573.00), which is the same as last year, with certain adjustments required by previous action of the Pelham School District or by law; or the School Board may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. (Majority vote required).

Recommended by the School Board (5-0-0)
Recommended by the Budget Committee (10-0-0)

970 YES
755 NO

ARTICLE 2

Shall the Pelham School District vote to raise and appropriate the sum of up to One Hundred and Twenty-Five Thousand dollars (\$125,000.00) to be added to the Capital Reserve Fund for educating educationally disabled children previously established in 2014? This sum to come from the June 30, 2015 unassigned fund balance available for transfer on July 1, 2015. No amount to be raised from taxation. (Majority vote required).

Recommended by the School Board (5-0-0)
Recommended by the Budget Committee (10-1-0)

1187 YES
535 NO

ARTICLE 3

Shall the Pelham School District vote to raise and appropriate the sum of up to Twenty-Five Thousand dollars (\$25,000.00) to be added to the Capital Reserve Fund for school building maintenance previously established in 1999? This sum to come from the June 30, 2015 unassigned fund balance available for transfer on July 1, 2015. No amount to be raised from taxation. (Majority vote required).

2015 PSD Deliberative Session Minutes

**PELHAM SCHOOL DISTRICT
Deliberative Session of Annual
Meeting Wednesday, February 4, 2015**

School District clerk Melinda Bastoni called the session to order at 7:02 p.m., at the Sherburne Hall. The reason she opened the meeting is because the School District Moderator, Paul Leonard, was unable to attend. The first order of business was to nominate a temporary School District Moderator. Dan Guimond nominated Phil Currier. Phil Currier was unanimously voted in as Temporary school district moderator. Melinda Bastoni swore in Mr. Currier as Temporary School District Moderator.

Temporary Moderator Currier then opened the deliberations:

To the inhabitants of the School district of the Town of Pelham in the County of Hillsborough and the state of New Hampshire, qualified to vote upon district affairs:

FIRST SESSION OF ANNUAL MEETING (DELIBERATIVE)

You are hereby notified that the first session of the annual meeting of the School District of the Town of Pelham will be held at Sherburn Hall, 6 Village Green, in said Pelham on Wednesday, February 6, 2015, at 7:00P.M. for explanation, discussion, and debate of warrant articles number 1through 4. Warrant articles may be amended subject to the following limitations: (a) warrant articles whose wording is prescribed by law shall not be amended, (b) warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended, and (c) no warrant article shall be amended to eliminate the subject matter of the article.

SECOND SESSION OF ANNUAL MEETING (OFFICIAL BALLOT VOTING)

You are hereby notified that the second session of the annual meeting of the School District of the Town of Pelham will be held at Pelham High School 85 Marsh Rd, in said Pelham on Tuesday March 10, 2015, at 7:00A.M. for the choice of School district Officers elected by official ballot, to vote on questions required by law to be inserted on the official ballot, and to vote on all Warrant Articles from the first session on official ballot per RSA 40:13, VII. The polls for the election of School district Officers and other action required to be inserted on said ballot will open on said date at 7:00A.M. and will not close earlier than 8:00P.M. With that Temporary Moderator Currier called this School District meeting to order. We began with the pledge of allegiance, Mr. Sherman lead us with the Pledge of allegiance.

Temporary Moderator Currier introduced the panel, to his right, Pelham School District Superintendent Amanda Lecaroz, School Board Chair Brian carton, School Board Vice-Chair Debbie Ryan, School Board Member Megan Larson, School Board Member Thomas Geller and School board Member David Wilkerson. To his immediate left School District Clerk Melinda Bastoni, School District Business Administrator Stephen Martin, School District Attorney Mike Elwell, Chairman of the Budget Committee Dan Guimond, Budget Committee Vice-Chair Dave Kate.

Temporary Moderator Currier went over the rules before we proceeded, He directed the attention to the handout that will help to follow the deliberations plus the warrant articles will display on the screen behind Mr. Currier. We do not have town reports available yet. They should be available March 1, about 10 days before the election. When you rise to speak or ask a question come take the mike telling us your name and address, so we can get to know each other. He asked to limit remarks to a reasonable length of time about 3 min, if you wish to speak a second time he will recognize you after others have spoken a first time.

Every article will be on the ballot unless amended

Superintendent Lecaroz took some time to explain how the budget is developed, these are the key points:

- The Superintendent communicates guidelines to the administrative Team (ex. Inflation rates,

% increase/decrease)

- The building Principals and Directors develop budgets with the exception of salaries & benefits & presents them to the Superintendent for feedback.
- The Business Administrator and Human resources Directors develop the salaries & benefits.
- Each building department presents the individual budget to the School Board
- The school Board listens and asks for more information if needed
- The Superintendent reviews all budgets and makes a 2nd level cuts and/or additions
- The School Board approves a recommended budget.
- The Business Administrator and Superintendent present the School Board's to the budget committee.
- The Budget committee makes reductions and/or additions
- The Budget committee approves a budget to be placed on the warrant article for consideration at this Deliberative Session.

Temporary Moderator Currier read article 1:

ARTICLE 1

Shall the Pelham School District vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by the vote at the first session of the annual school district meeting, for the purposes set forth herein, totaling Thirty Million, One Hundred and Five Thousand, and Eighty-Eight dollars (\$30,105,088.00)? Should the article be defeated, the default budget shall be Thirty Million, Fifty-Eight Thousand, Five Hundred and Seventy-Three dollars (\$30,058,573.00), which is the same as last year, with certain adjustments required by previous action of the Pelham School District or by law; or the School Board may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. (Majority vote required). Recommended by the School Board Recommended by the Budget Committee

(5-0-0)

(10-0-0)

Budget committee Chair Dan Guimond spoke on behalf of the Budget Committee and felt that the School Board did an excellent job on presenting the budget. All of the \$1,336,345 increase in the General Fund operating budget is due to the \$1,349,775 increase in the debt service for the PHS bond which is 95% of the increase. The School Board and the Administration, after consideration, found \$36,640.00 to be reduced in the budget. After reconsideration they came back and made some other adjustments like decreases in salaries and benefits of \$186,638.00, decrease in insurance of \$93,263.00, increase of electricity of \$21,209. The items they decided to pass off until next year were then brought back into the budget:

PHS Weight Room Equipment- increase of \$19,996

Scanning of seven years' worth of Student archived Records for an increase of \$9,336

Increase of PES HVAC Elliot control software \$8,675

PMS Science Department upgrades increase of \$10,000

For a total of \$30,105,088.00. Remember that 66% of the budget is salaries and benefits, 6.5% debt, 3% facility related expenses which only leaves 24% for books, supplies etc.

The School Board & Administration were commended for the excellent job in bringing a great budget to the Budget Committee.

The Chairman of the School Board Brian Carton was next to explain what major factors impacted the recommended 2015-2016 operating budget by fund.

Out of the General fund, food service fund & grants fund it is only the general fund that affect taxation. The food Service fund and grant funds are self-funding.

Next, a high level break down of where the costs are within the budget by area. The biggest was the debt service on the PHS upgrade of \$1,349,775.00 & a moderate increase in Health Insurance came in less than was anticipated. There was a voter approved increases in PEA & PESPA costs and other areas that are generally anticipated increases that we often see, such as, Special Education and Fuel costs.

Budget Committee Chair Guimond also explained the Reconsideration Adjustments, that totaled a reduction of \$210,685. These are the Key factors:

- Salaries & Payroll Benefits – Reduction of \$186,638
- Recalculation of PEA salaries and payroll benefits
- Reduction in teacher retiree separation payments
- Salary and grade change adjustments identified since the original budget was developed.
- Medical and Dental Insurance – Reduction of \$93,263 • Initial budgeted premiums were higher than the Guaranteed Maximum Rates (GMR) • Offset by other adjustments identified
- Reduction in teacher retiree separation payments
- Salary and grade change adjustments identified since the original budget was developed.
- Medical and Dental Insurance - Reduction of \$93,263
- Initial budgeted premiums were higher than the Guaranteed Maximum Rates (GMR)
- Offset by other adjustments identified since the original budget was developed.
- Electricity - Increase of \$21,209
- Updated recommendations from our energy consultants looking at the current forward market pricing.
- PHS Weight Room Equipment – Increase of \$19,996
- Replace current updated weight room equipment with modern and safer equipment
- Major benefits: expanded curriculum; ability to engage more students including those students with various limitations; increase the safety of the space; and additional training opportunities for athletes.
- Scanning of Student Archived CUM Records - Increase of \$9,336
- Contract and the scanning of archived PHS student CUM records to reduce storage space.
- Elliott Control Software Upgrade - Increase of \$8,675
- Upgrade the computer automated logic controller for the PES HVAC system as current version is no longer supported.
- PMS Science Department Upgrades - Increase of \$10,000
- Provides two (2) teacher workstations at \$5,000 each

Better equips the classrooms so all of our science teachers will have access to adequate lab facilities.

These were initially left out, but, we felt with the significant savings in Insurance and salaries, it was important to put these items back in.

Default budget which is very close to the proposed budget, shows significant items that are left out of the default. There were expenses that were one-time expenses from the current year and not included on the default budget.

Temporary Moderator Currier called for questions from the floor.

Hal Lynde, Jeremy Hill Rd. came forward, he wanted clarification on the page that listed all of the increases was that before or after the reconsiderations numbers, is that net after the reconsideration numbers? Or before.

School Board Chair Carton responded that this is net after the reconsiderations.

Budget Committee Chair Guimond moved to vote to restrict reconsideration

Temporary Moderator Currier asks for a second, all voted in favor of.

Article one is subject to restricted reconsideration

Temporary Moderator Currier reads ARTICLE 2

ARTICLE 2

Shall the Pelham School District vote to raise and appropriate the sum of up to ONE HUNDRED AN TWENTY-FIVE Thousand dollars (\$125,000.00) to be added to the Capital Reserve Fund for education educationally disabled children previously established in 2014? This sum to come from the June 30, 2015 unassigned fund balance available for transfer on July 1, 2015. No amount to be raised from taxation. (Majority Vote Required)

**Recommended by the School Board
Committee (5-0-0)**

**Recommended by the Budget
(10-1-0)**

School Board Member Meg Larson spoke to Article 2. She stated that last year there was a similar article approved by the voters. Our Special Ed costs are very unpredictable this is an important warrant. Special Ed is federally mandated so we have to pay the Special Ed costs. Last year the budget was over spent by \$243,000. We were fortunate last year as there was available money to cover those costs. This Budget is much tighter than it has been in previous years, we will not have \$243,000 available for special Ed if we over spend again. Adding \$125K will bring the fund up to \$ 200,000 which we feel is adequate. Costs can range anywhere from \$10,000 to \$100, per student depending on their needs. We have had students move in to the District that has been already outplaced therefore we have to follow their previously written IEP's, until we can we can evaluate ourselves. Outplacement can cost anywhere from \$SOK to \$100k all-inclusive with transportation. Therefore we think 200k is a good cushion. This will only be funded if there is an unfunded balance at the end of the year so there will be no additional amount added to taxation. Again it is very difficult to estimate Special Ed expenses when it is months out. We were happy the voters voted for it last year and hope they will do the same this year.

Temporary Moderator Currier asked for any discussion, comments or questions.

Lynne Aboujaoude, Longview circle, would like to say she is in support of this as she does have a child with special needs. She thinks this is a very valuable warrant. It is hard to predict the cost of the special Ed program. Food for thought: She has asked the Special Ed teachers and administrators about writing grants. She says there are tons of grants out there. Has anybody thought about doing that? Do we have anybody who specializes in that area that can write a grant?

Superintendent Lecaroz responded that we have federal entitlement grants which are funded federally by the state. Often there is a lot of grant money out there but you have to qualify for certain conditions. Pelham qualifies for some and not others. We have written grants for a variety of things some we have gotten and some we have not. We do not have a grant writer on staff nor do we have someone with the amount of time it takes into writing the grants.

Charlene Takesian, Jeremy Hill Rd took the mic. And asked if this is putting money into a capitol reserve fund, how to we get the money out of the capitol reserve fund? Can we take it out in the school year when we need it or do we have wait until the next year? How do we get it out of there to use it?

Business administrator Martin responded to the question. The school board has been designated as agents to expend, they have to vote on it then make a written application to The Trustees of the Trust Fund. As long as the request is for the purposes of the capitol reserve they would send a check to the School Board upon request. We do not have to wait until the following year.

Charlene Takesian, so then the funds would be available when needed we do not have to wait for the following year!

Temporary Moderator Currier then moved on to article 3

ARTICLE3

Shall the Pelham School District vote to raise and appropriate the sum of up to Twenty-Five Thousand dollars (\$25,000.00) to be added to the Capital Reserve Fund for school building maintenance previously established in 1999? This sum to come from the June 30, 2015 unassigned fund balance available for transfer on July 1, 2015. No amount to be raised from taxation. (Majority vote required).

Recommended by the School Board Recommended by the Budget Committee

(5-0-0)

(10-1-0)

School Board Vice chair Debbie Ryan spoke to article 3

This gives us funds available in case of emergencies or unplanned situations that could possible affect the Districts facilities. The current balance in that fund is \$212,046.00 this is not funded by additional taxes. The money is only set aside if there is a surplus in the current budget. We have used this fund in 2008, we used SSK for a boiler at Pelham High School, these things can happen, we are fortunate in that we have a newer building for the Elementary School and obviously we are going through an addition and remodel at the High School so things will be modernized but we still have a 48 year old building in the Middle School so as we try to be cognoscente in fixing and replacing things as we go along but the building is old and a lot of times you can't anticipate what may happen. A boiler could go, septic could go, because the budget is going to be so lean this year we will need the ability to access funds to take care of unplanned emergencies. This would benefit the district and that money would not have to come from the 24% that is for school books and supplies.

Temporary Moderator Currier asked for questions comments and discussion on Article 3, no hands were displayed.

Temporary Moderator Currier then moved on the Article 4

ARTICLE4

Shall the school district vote to authorize, indefinitely until rescinded, to retain year-end unassigned general funds in an amount not to exceed, in any fiscal year, 2.5 percent of the current fiscal year's net assessment, in accordance with RSA 198:4-b, II? Such fund balance retained may only be used to reduce the tax rate or for emergencies to be approved by the Department of Education under RSA 32:11. (Majority vote required).

Recommended by the School Board Not Recommended by the Budget Committee

(5-0-0)

(2-8-0)

School Board Member Tom Gellar spoke to Article 4

Here are the key points:

- It allows the district to retain unexpended (surplus) balance remaining at the end of the fiscal year, for one year.
- The amount is limited to either the unexpended balance, or 2.5% of the district Net Assessment, whichever is lower.
Net Assessment = Gross Appropriations (MS-27) less Revenues (MS-24) less Education Grants
- Retained funds balance is returned to the taxpayers at the end of the following year if the school board takes no action
- If the board decides to retain funds again, the process is repeated with limits based on the Net Assessment and surplus for that year, by school board decision.
- If there is no year-end surplus, zero funds are retained.

IT CAN BE USED TO REDUCE THE TAX RATE.

- Funds that have been retained in the previous year can be returned to the general fund to help reduce the tax rate. For example, if the retained fund balance is at the maximum allowed (2.5% of net assessment), the board could decide to retain 1% the following year, utilizing the other 15% to reduce the tax rate.
- This reduces swings in the tax rate from year to year.

May be expended only in Emergency circumstances

- Expenditure of the fund starts with a request by the SAU with a description of the emergency. An emergency "...shall mean a sudden or unexpected situation or occurrence, or combination of occurrences, of a serious and urgent nature, that demands prompt or immediate action, including an immediate expenditure of money. Such as and overspending for Special Ed.
- Before funds can be expended it requires School Board approval, then, Budget Committee approval, and finally, DOE approval
- It is an alternative to calling an emergency meeting and ballot vote under RSA 197:3 (presuming retained funds are sufficient to meet the emergency).

The differences between this article and the two before is that before we could expend anything for emergency circumstances the District would have to go to the School Board with an emergency and describe what remedies would be. The School Board would have to approve it, then, the Budget committee would have to review it and approve it. Then finally it would go to the Department of Education and be approved by them. It is an alternative to calling a special emergency meeting & ballot vote assuming there were funds enough to meet the emergency.

Budget Committee Chair Guimond stated that the Budget Committee had a problem with the wording "indefinitely until rescinded, the concept seems ok but indefinitely until rescinded was a problem.

Temporary Moderator Currier called for questions, comments or discussion from the floor.

Charlene Takesian, Jeremy Hill Rd took the mic. She had a couple of questions, what is the net assessment? What is that number? She was asking, where does that number come from.

School Board Member Tom Gellar referred to the hand out: The amount is limited to either the unexpended balance, or 2.5% of the district Net Assessment, whichever is lower. Net Assessment = Gross Appropriations (MS-27) less Revenues (MS-24) less Education Grants.

Charlene - so it is basically what you are raising from taxes? School Board Member Gellar responded –yes.

Charlene then asked what happens to that fund balance now. What has been happening to the fund balance in the past?

Pelham School District Business Administrator responded the balance is used to reduce taxation on the school side. It's used to lower the school tax rate.

Charlene responded, so if it used to lower the school tax rate now all you are doing here is determining when you want to use it, not the whole balance?

School Board Member Gellar this gives us the option for a certain amount to decide if we keep it the next year. We have to take action each year, so each year we could keep up to the limits take out that amount instead of giving the whole amount back to the tax payer, this will reduce swings in the tax rate from year to year.

Charlene responded so each year it can only be 2.5% of the net assessment regardless? So it is not something that will keep accumulating from year to year. School Board Member Gellar responded no.

Budget Committee Chair Guimond explained that the town has a surplus amount in reserve from the state, the state sets the tax rate so they can do that. The school district does not have that flexibility.

Doug Vincent Arleen Dr., spoke next, he want to know if there were any towns locally that do this now and have done it successfully if it, School Board Member Gellar responded there were about 11 towns in the area that are doing this now.

Doug Vincent, asked was this something that ever was done in Pelham. Budget committee Chair Guimond responded that no one knows. Mr. Vincent wanted to know what makes this year a good time to do this. Budget Committee Chair Guimond stated that the state started to do this several years ago, previously no town had that availability.

Doug, so if there is no surplus no action is taken

Budget Committee Chair Guimond responded again it is just to stabilize the tax rate.

Lynne Aboujaoude, Longview circle she is confused as to why the Budget Committee doesn't support it.

Budget Committee Chair Guimond said that the biggest problem that once it is approved, the wording cannot be changed, indefinitely until rescinded is the language they do not agree with. It's indefinite!

Lynne Aboujaoude asked, but, we can always change that with a new article correct? Budget Committee Chair Guimond states that is correct.

Lynne Aboujaoude felt it is a great idea.

School Board Member Meg Larson spoke to say that the School Board struggled with the language also. The town already has that ability whereas the School District does not at this time. Now we would have the opportunity to stabilize the school side. It was a lot for the School Board to digest.

Lynne, agreed it is a lot for the town to digest as well but reiterated that it is a good idea.

Mr. Viger, Valley Hill Rd. Doesn't article 4 give us the same flexibility as article 3. Do we need both of them? If we retain money in article 4 could that be the same as the capitol reserve fund?

Superintendent Lecaroz responded that The Capitol Reserve in article 3 was strictly for building maintenance. We would not be able to use it to offset the tax rate. Article 4 is about retaining unexpended funds to reduce the tax rate. There could be an emergency that isn't building or special Ed. Related. That is what the language is in the RSA.

Amy Spencer, Honor Roll Rd., wanted to know that in addition to the indefinite language giving discretion to the School Board to retain part of that money that would otherwise go back to the tax payers to reduce the tax rate, only when the School Board wants to turn it back to the tax payers. As a tax payer we can't know who will be in the School Board positions on 10 to 20 years from now. Right now we have an excellent School Board that did a great job with the budget

We can't know what future School Boards will do and whether future School Boards will have the same discretion. 2.5% of 10 million is a lot of money that would otherwise go back to the tax payers. The tax payers will need to think good and long before voting for this article.

Hal Lynde, Jeremy Hill Rd, He is in favor of this article as he has been trying to deal with the sudden lurches in the tax payer rate for many years. He cited a situation that happened many years ago when the Governor gave the town a lot of money and we lowered that tax rate significantly and then the next year it shot right up again. People were irate, we learned from that that it is better that we moderate and the selectman have been doing that. Now that we have the ability to use the fund balance to moderate the tax rate, we try to project what will happen in the next year or two so we are not getting sudden increases in the tax rate. A concern is, what if the school district had a huge surplus. The rate would bounce up and down again. He defiantly supports this article. If we deleted the words indefinitely and rescinded would the Budget committee support this?

Budget Committee Chair Guimond responded that it would take another budget committee meeting to find out what the others would say.

Hal, responded he did know why we don't just take that wording out unless it is required by statute.

Pelham School District Lawyer Mike Elwell responded to say that there is a legal problem with what he is suggesting because the law is specifically written, it specifies indefinite and rescinded.

School Board Member Meg Larson wanted to speak to Amy's point that ultimately it does get turned back to the tax payers unless it is used for an emergency.

Ed Gleason, Bush Hill Rd, He is in favor of this, wants be sure everyone understands what it means, it means for the first year it could possibly have a negative effect on the tax rate, we may not get as much back, but, that money if not spent will come back next year. If not approved then we would be forced to go back to the old process that is very rigorous. There are adequate safeguards to make this work.

School Board member Tom Gellar spoke next to say that we can't budget assuming that is available to us. We want to balance two things, one that we have emergency funds and that we stabilize the rate.

Charlene Takesian, Jeremy Hill, does anyone know how much money we are talking about?

School Board Member Gellar said about 400 to 500 thousand

She is also very much for this article, likes the idea she can rescind it if we don't like it.

Doug Vincent, Arlene Dr., the wording indefinite and rescinded is the only way the mechanism will work

Budget Committee Chair Guimond reiterated that the concern is that if the School Board many years down the road will not have the same kind of communication and working relationship as we do now.

Phil Scanzani, Victoria Circle, as the way it stands now the School Board and Town can't do anything without the states approval, the Towns and cities in NH have had the ability to use this for a few years now. Having both the school board & town hold funds for a short period of time will keep us from having an emergency town meeting which would be a cost to the taxpayers, it makes sense to go forward with this. Having funds made available from two different sources for emergencies makes sense.

Thanks were made to the media crew whom were volunteers from the High School by Temporary Moderator Currier.

Articles 2-4 were voted to be restricted reconsideration by Phil Scanzani, Budget Committee Chair Guimond seconded the motion. The motion was approved. Articles 2-4 are restricted reconsideration.

Temporary Moderator Currier went on the read Article 5.

ARTICLE 5 (BY PETITION)

To see if the Pelham School District will vote to raise and appropriate the sum of Thirty-Two Thousand, and Ninety-three dollars (\$32,093.00) to provide Child Benefit Services to 55 Pelham school children (Grades K – 8) attending Saint Patrick Catholic School? (Majority vote required).

No Position was taken by the School Board Not Recommended by the Budget Committee (0-10-0)

Hank Golec, Winterberry Rd, was recognized to speak on behalf of the article. Mr. Golec, Principal at St. Pats, advised how they come up with this figure, as enrollment has been going up and down. It was down for this year. Most of the money goes to Nurses salary approximately \$28K the article was not passed last year so they have been trying to get by with part time substitute nurses. There has been no continuity in care and it has caused a few issues this year. The second part of the money would go to nursing supplies, they also have computerized nursing records so money has to be paid out to that resource for maintenance and updating. The rest of the money would go to testing which is required by the Diesis testing has gone up, it has gone up so much that the Diesis is considering doing testing every other year. It is only 1/10th of one percent of the entire school budget, but is a big help to the school.

Budget Committee Chair Guimond explained their position, they did not recommend this because there was no one to present it to them and answer their questions the night that they voted.

Phil Scanzani, Victoria Circle, nurses and testing is a class of services that do not have any affiliation with a Private School. It has to do with state requirements. This article passed in the 1980's with 100% in agreement. In previous years sometimes it passed sometimes it didn't. Average cost to educate a student in is roughly \$5,500.00 per student. If a student decides not to go to Saint Pats and goes to the district schools that cost is transferred to the School District. So it makes sense to support this article. It is the right thing to do.

Lynne Aboujaoude Longview circle, explained why she does not support this fund because of a personal experience, She had two children attending St. Pat's and was told by the Priest that she would have to pay tuition as well as additional funding to the Church.

Father Vaughn, Main St, apologize for the bad experience. That policy is not in place, currently not their policy that children can't go to the school if they don't support the Parrish.

Charlene Takesian, Jeremy Hill Rd, we absorbed several children from St. Pat's into the district school, do we know what kind of impact there was?

Superintendent Lecaroz responded that we absorbed 63 students this year at PES we did not increase our staff. We did not go over enrollment in the elementary school where we needed additional staff.

Charlene, the argument that St. Pats is saving the tax payers money by not attending Public Schools is not a viable argument. We should approve the article as a Good Neighbor.

Hal Lynde, Jeremy Hill Rd., wanted to make his stance know that it is the least we can do for the children of Pelham.

David Cronin, Westview terrace, wanted to know if we change the figure on the article would the Budget Committee reconsider.

Budget Committee Chair Guimond, Yes they will.

Mr. Cronin suggested changing it to \$32,095.00

Temporary Moderator Currier advised it was not significant enough amount change it.

Mr. Cronin then said to change it to \$34,000.00

It was moved to second it.

The vote was 21 in favor and 14 not in favor.

The amendment was adopted and the new article to appear on the ballot was for \$34,000.00.

There was a motion to restrict reconsideration of article 5, it was seconded and approved.

Temporary Moderator Currier then adjourned the meeting at 8:14 PM.

Respectfully Submitted

A handwritten signature in cursive script that reads "Melinda Bastoni".

Melinda Bastoni School District Clerk

A Culture of "Proud."

It's a thrilling time to be involved with the Pelham School District. As citizens of this great community we reside in, we are ALL part of our school district! We are very fortunate to be witnessing the fruition of many wonderful initiatives, from the addition/renovation project to technology improvements to curriculum adjustments. Our schools are a great community resource and are utilized not only by our school children, but by many community programs. I can only see the utilization growing broader with the addition of the new high school auditorium, the enlarged cafeteria, and the modern classrooms.

It has been very pleasing to see the enhanced areas of collaboration between our schools and many community programs. This year, our 5th Grade students donated 429 Christmas gifts to the Toys for Tots Program coordinated by our Police and Fire Departments. Our middle school made Christmas a little brighter for 44 families at the Nashua Children's Home through the Grant A Wish Program. The high school made blankets for people in our community and donations to the Good Neighbor Fund at Christmas time. You have likely seen a lot of high school students volunteering at Old Home Day, for the Parks and Recreation Department, The ACES/PTA Holiday Fair, Pelham Community Spirit Group's Festival of Trees, and the like. As a requirement for graduation, Pelham High School expects each student to volunteer a minimum of 40 hours in the community. Pelham as a community functions and thrives in large part due to an exorbitant amount of volunteer hours by our citizens. The school district feels a sense of pride that we encourage that spirit of volunteerism amongst our students. We are so pleased that they have contributed greatly to the culture of giving to their community.

The district as a whole kicked off the year with the annual staff breakfast. I was happy to be a part of that day and kick off our #ballyhoo (praise or publicize extravagantly) and let's be #pelhamproud campaign. We are a district that is leading the way in our state in communication, technology, and curriculum. Our communication plan is comprehensive and has served as a model for other districts. We were one of the first districts to sign onto the Future Ready Pledge (a commitment by our Superintendent to foster a culture of digital learning). This dovetails nicely with our new initiative in using Twitter to communicate with each other and the community at large. If you want to get real time information, student success stories, ingenious teacher initiatives, updates on daily activities, insight into best educational practices, and just be "in the know," consider following our Superintendent, Amanda Lecaroz on Twitter (@ALecarozSUPE). Next year we will see all students in grades 7-12 be part of a 1:1 Chromebook initiative. This not only saves taxpayers money with reduced textbook costs but will provide students with immediate access to up-to-date online resources and educational apps. In regards to curriculum, many hours have been spent by our Director of Curriculum, Instruction and Assessment, our teachers, and administrators on aligning our assessment program from grades K-12. This program gives us consistent summative and progress monitoring information on all students and will aid in transitions from grade to grade.

These are just a few of the many wonderful things going on in the Pelham School District. I invite you to attend plays, concerts, educational awards nights, and athletic events. Our students and staff are bright, talented, and creative. You have contributed to their success! I hope you feel a sense of pride as you drive by our schools. We as a community have served ourselves well, they function modernly, are well kept, are a great resource, and educate our children brilliantly.

Take a moment to be #pelhamproud and to #ballyhoo to others about YOUR school district!

Respectfully Submitted With Much Pride

Deb Ryan

Important Events in 2015:

- **Mrs. Celine Jordan** retired after many years at PES
- New teachers this year are: **Miss Kelsey Lamoureux, Mrs. Leeann Merrill, Mrs. Kathryn Boilard**
- New staff members, **Mrs. Tracy Gamble, Kristen Cunha, Tracey Hussey, Amy Michaud, Crystal Hatziamanolis, Sandy Hurley, Mark Baker, Beth Knight, Jessica Gluck, Bev Perry and Kevin Carleton**
- Professional development for teachers continues with effective RTI and differentiated instruction strategies
- Technology Integration has been a focus
- **Mr. Bolduc** arranged for student participation in the Jump Rope and Hoops for Heart program, raising money for the American Heart Association
- **Ms. Green** ran Scholastic Book Fair. **Mrs. Weigler's** 5th grade band participated in two concerts. **Ms. Vanaskie's** 4th grade band played in the winter and spring concerts.
- Chorus sang America the Beautiful at a Fisher Cats game. **Mr. Tselios** shared student artwork at Community Night. **Mrs. Slaton's** students programed Finch Robots. **Mr. Bolduc and Mrs. Weigler** were certified as Drums Alive instructors

This year, Pelham Elementary School's enrollment including pre-school and kindergarten is 866 students. Class sizes vary from grade to grade, and the projected 1st grade enrollment for 2015-16 is expected to be 118 students. Pelham Elementary is continuing preschool programming to include typical peers and enrollment for 2014-2015 projects to 49 students. We continue to have an extended day program for kindergarten students who qualify for a full day program. Here at Pelham Elementary, we have utilized every space in the building and continue to include such programs as Title I, ESOL, Enrichment and Special Education. This includes a program in its fifth year for students in kindergarten through grade five called "PALS", which stands for Pelham Alternative Learning Setting. The goal of this program is to increase meaningful access to the modified, general curriculum and to improve students' social interactions and communication skills.

Last year, Mrs. Celine Jordan left us as she retired after many years here at Pelham Elementary. New to our teaching staff this year are: Miss. Kelsey Lamoureux, Preschool Teacher, Mrs. Leeann Merrill, Special Education Teacher, and Mrs. Kathryn Boilard, Speech/Language Pathologist. Also new to the building is Mrs. Tracy Gamble, Library Media Specialist. New to our Nurse's Office is Kristen Cunha, who joins us as our Part-Time Nurse. Tracey Hussey and Amy Michaud join us as our Literacy Tutors and Crystal Hatziamanolis joined our Title I staff. Sandy Hurley was hired as an Instructional Assistant, with a few new members to our lunch and recess staff including, Mark Baker, Beth Knight, and Jessica Gluck. New custodians Bev Perry and Kevin Carleton joined the Pelham Elementary team. While our retirees are always missed, it is exciting to have new team members to join our veteran staff.

All teachers continue to work very hard to improve their instructional practices. This past year we implemented new building goals in the areas of Communication, Technology, and Curriculum, Instruction, and Assessment to align with our five year District Strategic Plan. As a school that consistently strives for improvement, we have thoroughly implemented our new curriculum, which has been aligned to the Common Core Standards. The Math and English/Language Arts curriculum are now consistent throughout all grade levels within the building. Teachers continue to work in conjunction with Natasha Kolehmainen, Director of Curriculum, Instruction and Assessment, to interpret, continuously revise, and implement curriculum and the Common Core Standards within the classrooms in all academic disciplines, as well as developing Standards Based Report Cards in grades Kindergarten through grade 5. Currently, all grades, K – 5 have implemented Standards Based Report cards.

This year, professional development for teachers within the Pelham School District has continued with effective RTI and differentiated instruction strategies to engage students in learning across the curriculum, but also has focused on implementing Student Learning Objectives and Common Core Literacy. Technology Integration has also been a focus as is training with iReady, an assessment tool new to Pelham Elementary this year in grades 3 – 5. Training with Natasha Kolehmainen has continued throughout this past summer and school year to improve curriculum, learn strategies to improve literacy instruction, and fine tune Student Learning Objectives.

This year in Unified Arts, Mr. Bolduc arranged for students to participate in the Jump Rope and Hoops for Heart to raise money for the American Heart Association. Ms. Green ran another successful Scholastic Book Fair for the school. Mrs. Weigler's 5th grade band participated in two concerts as well as at Community Night. Ms. Vanaskie's 4th grade band played in the winter and spring concerts. The chorus was invited to sing America the Beautiful at a Fisher Cats baseball game in the spring and ended the year with a Spring Concert. Mr. Tselios brought some outstanding student art work to Community Night to display with the other schools art department. Mrs Slaton's students had the opportunity to program Finch Robots thanks to a loaner program from Birdbrain Technologies. Mr. Bolduc and Mrs Weigler got certified as Drums Alive instructors and shared that program with students in grades 2-5 as well as numerous faculty members.

We know how much the teachers and students enjoy the help from parent volunteers. Volunteers are always welcome at PES. The PTA and their volunteers are always involved throughout the Pelham Elementary community with various activities including evening drop off events for all grade levels, Family Bingo Nights, Winterfest, and all fund raisers to name a few. They, in partnership with our School Council have also been instrumental with our recycling program in the building to provide educational support to our teachers and students. The Pelham Elementary PTA generously provided our school with an outdoor classroom to be utilized by classroom teachers as an additional space for educational enrichment opportunities.

Pelham Elementary School remains committed to excellence, and our goal is to give every child the foundation necessary to succeed and become career or college ready in the 21st century, coupled with our Vision Statement – **“To provide guidance, resources, and support to all members of the Pelham Elementary Community to facilitate life-long learning”**. This summer, we will again be suggesting students to continue reading over the summer and remind them that the more they read, the better they become. We ask parents to continue to support, encourage and model the habit of reading. Thank you all for your continued support of education.

Important Events in 2015:

- *PMS welcomes new Principal, John Safina*
- *First Memorial dedication was held on Oct. 9, 2015 dedicating two trees by the outside classroom*
- *Each classroom was equipped with a ceiling mounted LCD projector & speaker systems*
- *Mrs. Jess Reills applied for a set of Chromebooks as a pilot 1:1 classroom*
- *In November, NJHS and Class Representatives teamed up to lead a can drive for the Pelham Food Pantry*
- *Service learning project adopts children in need from the Nashua Children’s Home, collected donations for each for a wonderful holiday season*
- *8th Grade sold over 1100 pies to help raise funds for the annual Washington, DC trip*
- *6th to 8th grade students have taken the i-ready diagnostic testing*
- *Girls’s soccer & field hockey teams secure playoff spots with the field hockey team making it to the championship game*

Pelham Memorial has been striving to provide the best education and learning environment for the children of Pelham. This is my first year as Principal and I’ve truly been impressed with the caliber of professional educators I’ve met. I’ve also been impressed with the wonderful students at PMS. It’s truly been a great experience getting to know Pelham Memorial and the Town of Pelham. Here are some highlights of activities and accomplishments for the 2015-2016 school year.

Memorials

One of my first questions was why is the school called Pelham Memorial as opposed to Pelham Middle. I was pleased to find that our school has the honor of serving as a Memorial to the Town of Pelham. The dedication plaque in the front lobby states, “Dedicated to Those Citizens of Pelham, Who by Their Deed Are Recognized for Their Unselfish Service to the Progress of Our Community.” Our goal for this school year is to remind the community of the importance of our school as a memorial to the Town. Our 8th grade students will be developing a website and/or catalogue of all the memorials presently at PMS. This will act as a permanent record for the school and town. We will involve the school and Pelham community in the dedication of new memorials placed at Pelham Memorial School.

Our first memorial dedication was held, October 9, 2015 when we dedicated two trees near our outside classroom. One tree was for a student who passed away several years ago and the other was for a teacher who taught at PMS for more than 30 years.

Technology News

Technology continues to grow at Memorial School! Over the summer, each classroom was equipped with a ceiling mounted LCD projector and speaker system. This allows more flexibility for the teachers as they use the projector, laptops, and DVD players in the classroom. Additionally, Mrs. Jess Reills, 8th grade English, applied for a set of Chromebooks as a pilot 1:1 classroom and was granted the opportunity. Twenty five Chromebooks and a cart arrived in early December. Activities such as blogging, book shares, and creating web pages have taken place in the classroom. This has been an exciting opportunity for both students and teacher. The implementation of using these technology tools within the classroom has been seamless on the part of both teacher and students.

Service Projects

In November, the Leadership team, NJHS, and Class Representatives teamed up to lead a can drive for the Pelham Food Pantry. Each advisory class collected and counted canned goods in friendly competition. We were able to donate several much needed baskets of food and household items to the pantry. The amount of cans collected was amazing. We had to enlist the assistance of Salem 66 Auto Sales for the use of their flatbed truck to deliver the cans. In December, as a service learning project within our middle school advisories, each advisory adopted a child in need from the Nashua Children’s Home and collected donations to help make their holiday season something to remember! We were able to donate tons of gifts and hundreds of dollars in gift cards. Our school community truly took on the spirit of giving through this service learning activity. It was a most wonderful time of year!

Fun Fitness Day and our PTSA

On September 18 we held our Tiger Challenge. The weather was great and students had a fantastic time and learned a lot as well. Special thank you to Kim Hunt and Mary Collins, our PTSA presidents, for all of your hard work in making this day a success. Our PTSA also facilitated the annual Pie Sale and Calendar Sale to raise funds for our Washington, DC trip. The 8th grade sold over 1100 pies. I want to thank Mary Collins and Kim Hunt for all of their hard work and support of our students. They have been leading our PTSA since its inception, and we appreciate all that they have done for us!

They are moving on and will be officially retiring from the Pelham Memorial PTSA. Heartfelt thanks for all that you have done!

i-Ready Testing

All students in grades 6-8 have taken the i-Ready diagnostic testing. This is our new district wide (K-8) testing replacing our prior assessment tool from Northwest Evaluation Association (NWEA). Built for the Common Core, i-Ready combines a valid and reliable growth measure and individualized instruction in a single online product that saves teachers time at a fraction of the cost of similar products. For more information you can check out their website: www.i-ready.com

Sports

The Pelham Memorial Tigers are off to a roaring start for the 2015 school year. The fall season started with all teams having competitive and successful seasons. The girls' soccer and field hockey teams both secured playoff spots, with the field hockey team making it to the championship game for the second time. Unfortunately, the Tigers came up short with a 2-1 loss to the Derryfield School, however the future certainly looks bright for both programs.

The decision was made last year to move up in the Tri-County League from Division 3 to a more competitive Division 2 for our basketball programs. Division 3 includes schools with 7th and 8th grade populations between 200 and 349 students while Division 2 includes schools with populations between 350 and 549 students. Pelham Memorial currently has a population of 330 seventh and eighth graders and given the school's past successes in athletics, a conscientious decision was made to offer student athletes the opportunity to compete at a higher level.

As the winter season is in full swing, the move to D2 appears to have been a wise choice. Both the boys and girls basketball teams were the D3 Tri-County champions last year. This year, their winning ways continue. Both teams were undefeated at 4-0 at the time of this submission, and look to pursue another championship season. Good luck to all winter programs!

Important Events in 2015:

- Class of 2016 cut the ceremonial ribbon and opened the doors to the new 24 classroom building

- 25 collegiate level courses taught with 184 registrations in these courses

- **Lauryn Putnam and Shannon Morin** selected as state finalist by the NH Supreme Court for their Constitution Day essays

- **Dr. Holden's** Students created community awareness of the Kinder-Morgan pipeline

- 2015 Volleyball team earned the New Hampshire Volleyball Coaches Academic Award

- **Bryan Doherty** was the recipient of the NHIAA Walter Smith Award

It is my pleasure to reflect on the status of Pelham High School.

August 31, 2015 marked a new beginning for Pelham High School. On this date the seniors of the Class of 2016 cut the ceremonial ribbon and opened the doors to a new 24 classroom building. The space is home to six science classrooms and several general class spaces for English, Math, World Languages, and Health.

Phased renovations continue in the original building, with completion intended for the fall of 2016. A renovated media center and a new auditorium highlight the planned work. New art and music classrooms compliment CAD, technology, and business labs. An innovative makers' space will provide work stations for students exploring ideas, creative thoughts, and possibilities.

Within our new walls the faculty and staff are focused on delivering a competency driven curriculum that provides multiple opportunities for students to demonstrate their ability to think critically, think creatively, to collaborate, and to communicate. These are skills necessary for success in their chosen post-secondary education and careers.

To this end, PHS offers students collegiate level experiences in 25 college courses taught by Pelham teachers. This fall semester PHS had 184 registrations in these courses. This compares to the 218 student athletes who wore the PHS colors and competed in multiple challenges.

Other points of Python Proud extend to:

- Lauryn Putnam and Shannon Morin for selection as state finalists by the NH Supreme Court for their Constitution Day essays.
- Dr. Holden's students for creating community awareness of the Kinder-Morgan pipeline.
- The 2015 Volleyball team for earning the New Hampshire Volleyball Coaches Academic Award.
- Bryan Doherty, recipient of the NHIAA Walter Smith Award at the annual fall meeting.

We, in cooperation with the community, remain true to our mission of educating students as life-long learners to meet the challenges of the 21st century so that they may pursue life goals, participate fully as active citizens, and be socially, responsible members of the global community.

Website:

www.pelhamsd.org

Important Events in 2015:

- *During the 2014-2015 school year, PSD provided specialized instruction to over 317 students ages 3 to 21*
- *17 students had to be placed out of district due to an unanticipated financial deficit*
- *Supplemental federal funding used to boost District's capacity to serve students with challenging behaviors*
- *89 students with accommodation plans*
- *Parent group worked with Pelham PD to create SOAR, promoting accessibility for individuals with disabilities within the Pelham community and with our Police Department*
- *Parent group awarded the Governor's Accessibility Award*

The mission of the Pelham School District special education department is to provide a Free Appropriate Public Education to students who qualify for special education services. During the 2014-15 school year, Pelham School District provided specialized instruction and related services to over three hundred (317 students in October of 2015) students ages three to twenty-one.

Escalating costs during the 2014-15 school year produced another unanticipated financial deficit in the area of Out of District Placements. This year, there were 17 special education students placed outside the District. To address our student's needs, we began a re-visioning of our special education programs for those students who have significant disabilities and also for those students who have a social emotional disability. In this process, we focus on building our capacity to provide appropriate education programs for all our students so they can remain in the Pelham School District where they will receive their appropriate education. Another unanticipated financial deficit impacted our budget as we provide special services to 5 students who are attending Charter Schools.

During the fiscal year 2015, supplemental federal funding was used to boost the District's capacity to effectively serve students with challenging behaviors in specific disabilities. Our staff continues to utilize the strategies designed by our Behavior Specialist to further develop their skills so that students can be educated with their age appropriate peers in the least restrictive environment. Supplemental funding was also used to increase the District's capacity to provide reading and math instruction to our students so that they can access the general education curriculum.

We continue to provide typical peers in our Preschool programs and our Kindergarten Extended Day program. In these programs, students are exposed to positive role models both socially and academically. By including typical peers, we decrease the need to tuition students into area preschool settings. This past year we had 31 students in our typical Preschool Program and 9 students in our typical Kindergarten Extended Day. There is a screening process and a nominal fee for attendance which creates revenue for the district. Our typical peers program has proven to be a positive, worthwhile endeavor this year.

In addition to providing for the needs of special education students, the District provides appropriate support services to many other students who experience unique challenges. There are currently 89 students with accommodation plans as required under Section 504 of the Rehabilitation Act of 1973. English Language Learners are also served well by our District. The Pelham School District was recently notified by the NH Department of Education that we met our Annual Measureable Academic Objective in the area of Annual Progress (84% of students met). We also met the ALAO in the areas of reading and math. In fact, over 20% of the English Language Learners in our program last year attained the basic level of English proficiency to exit them from the ESOL Program.

Our Special Education Parent Focus Group continues to meet monthly. We have parent representatives from every level; Preschool, Elementary, Memorial and High School. Our primary goal is to increase communication between parents of students receiving special education services and the school administration. This year, each school held an Open House for special education parents prior to the general open house so parents could meet their child's special education teacher and staff.

Our parent group worked closely with the Pelham Police Department to create Special Outreach and Resource Registry (SOAR) Program. The program promotes accessibility for individuals with disabilities within the Pelham community and also with our Police Department. I am proud to share that this summer, our parent group was

awarded the Governor’s Accessibility Award on behalf of the impact they created within the Pelham community for all people who have disabilities.

This year, the District hired a full time Speech Pathologist to work in the Elementary School. This position replaced a full time consultant who provided those services.

In accordance with SAU 28’s local Child Find Program, referrals for students between the ages of 3 and 21 who are suspected of having an educational disability can be made at any time by contacting the Director of Student Services. A special education referral form is available at www.pelhamsd.org. Also available on the District website is information regarding Section 504, special education, bullying and home education.

Thank you to all our staff who work together to support our Special Education students and English Language Learners. Counselors at every level of our school system work to support and guide our students as they learn, meet the challenges of growing up, and set goals for the future. Professional and support staff members across our District continue to work hard to ensure that the needs of every Pelham student are properly met so that each will be prepared to transition successfully into adult life. You all continue to inspire success one mind at a time.

It has been a pleasure and an honor serving as the Director of Student Services this year. I have a wonderful staff and want to recognize the hard working staff in the Special Services Department for their dedication to our students.

I appreciate your dedication and demonstration of support for quality education for all students in Pelham.

Special Services Notation:

On August 30, 1999, New Hampshire RSA 32:11(a) became effective. This law requires that each school district provide in its annual report an accounting of actual expenditures by the district for special education programs and services for the previous two fiscal years, including offsetting revenues from all sources. The following constitutes the required information for FY ’13 and FY ’14.

**Statement of Actual Expenditures for
Special Education Programs and Services**

	<u>2013-2014</u>	<u>2014 - 2015</u>
<u>EXPENDITURES</u>		
Instruction	\$ 4,393,830.71	\$ 4,765,345.56
Related Services	\$ 982,125.37	\$ 888,142.81
Administration	\$ 196,248.92	\$ 206,492.73
Legal Services	\$ 26,725.04	\$ 26,096.12
Transportation	<u>\$ 499,945.50</u>	<u>\$ 459,118.23</u>
Total Expenditures	\$ 6,098,875.54	\$ 6,345,195.45
<u>REVENUES</u>		
NH Catastrophic Aid	\$ 226,991.59	\$ 190,261.99
IDEA Grant	\$ 343,871.65	\$ 424,055.00
Other Federal Grants	\$ 3,166.20	\$ 7,928.00
Medicaid	<u>\$ 193,013.21</u>	<u>\$ 174,759.95</u>
Total Revenues	\$ 767,042.65	\$ 797,004.94
