SUMMARY

**Of an Audit and Examination of the Accounts of the
Town of Salisbury, Made By State Auditors.**

During the ten year period from January 31, 1929, to January 31, 1939, the Net Debt (excess of Total Liabilities over Total Assets) of the town increased from \$2,162.84 to \$6,066.20. During the same period, long term notes in the amount of \$3,300.00 were paid, but outstanding temporary loans in anticipation of taxes increased from \$1,000.00 to \$8,500.00. Unredeemed taxes increased from \$1,823.52 to \$2,827.60. No uncollected taxes were reported on either date as it has been the policy to hold the tax sale for delinquent current year's taxes prior to the close of the town fiscal year.

A small decrease was noted in the assessed valuation, and the town tax rate decreased from \$3.10 per hundred in 1928 to \$2.95 in 1938, as compared to an increase in the average state tax rate in the same years from \$2.81 to \$3.48.

The chief problem seems to have been the accumulation of temporary loans, which have been refunded during the current year through the issuance of long term serial notes amounting to \$9,000.00. This refunding was accomplished under authority of the provisions of Chapter 9 of the Laws of 1939.

This accumulation of temporary loans has been due to several reasons which are enumerated herewith in the order of their importance:

1. Deduction of cash on hand and other non-revenue items as credits in the budget and determination of the tax rate.
2. Overdrafts of appropriations in some years (although such overdrafts were largely offset by unexpended appropriation balances in other years).
3. Increase in unredeemed taxes bought by town.

The tax warrants of Collector Holmes for the levies of 1937, 1938 and 1939 were audited and balanced. Unredeemed taxes from the tax sales on account of the tax levies of 1935, 1936, 1937 and 1938.

The motor vehicle permits and dog license accounts of the town clerk were examined and audited.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the accounts of the School Treasurer for the year ending June 30th, 1939, and find them correctly cast and properly vouched.

GEORGE C. EMERSON, Auditor.

July 18, 1939.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

The total amount which the School Board asks for in its estimates for the coming year is \$420.78 less than asked last March.

The increase under item Minor Repairs, etc., is intended to cover cost of repairing or replacing the heater at the Heights School.

Last year \$150.00 was raised for extra transportation during the winter, which was not included in the School Board's estimates. Similar action may be taken this year if desired.

As this Budget is the lowest in seven years, it seems an opportune time to raise a sum adequate to put the Heights schoolhouse in better condition. The room would be somewhat small for the present number of pupils if some method of ventilating were provided, but it is much too crowded to allow satisfactory ventilation through the windows and doors.

The old double seats are very unsatisfactory. At the South Road School, a short time ago, second hand single seats were installed; and in this room, larger than was needed for the small school, it was possible to place the children so as to use the light from the windows to better advantage than could have been done if it had been necessary to use all the floor space for seats as at the Heights School. Windows should be re-arranged to give light on the pupils' left and back, but the present small windows would then give only half light enough.

Plans for remodeling are being considered and an estimate of amount of money needed will be presented at the annual meeting.

The need of these improvements is recognized not only by school officials but some parents are much dissatisfied with present conditions.

The usual statistical tables are included in this report.

A drop in number of pupils is shown in the attendance table for 1938-39, but for the first half of the current year the number is the same as before this decrease.

Respectfully,

GEORGE W. SUMNER.

February 23, 1940.
