Superintendent's Report

To the Superintending School Committee and the Citizens of the Stewartstown School District:

FOREWORD

Today, we are engaged in total war. Total war reaches into every phase of a nation's life. Total war is waged not only on the battle front, in the factory and in the home, but also in every schoolroom throughout the nation.

In wartime, good teaching is more important than ever. The special contribution which education can make to national defense and to the prosecution of the war is a matter of serious thought for teachers. Isn't it harder to build than to destroy?

We have our quota to meet. 27,000,000 world citizens of the decade beginning in 1950 are being prepared in our public schools. We need to train these 27 million for living as adequately as we train the 3,000,000 for war industry. We need to teach as efficiently as we gather scrap. We need to inspire and guide with as much contagious enthusiasm as we pass out rationing cards.

The part that the schools can play in educating the coming generation is great. To fail will cost us bitterly in terms of juvenile delinquency now and in the defeat of our high hopes for tomorrow. How futile our every war effort if these citizens of tomorrow are not fitted for their places.

Each teacher has his part to play. Each should strive to rise to the demands of a tremendous present, of a fateful future. The immediate war contribution of an individual teacher, in the class room, may seem slight but the combined effort of 31 million teachers
and pupils who constitute the schools of our country is a force of enormous power.

**Teachers**

There have been several changes in the teaching personnel of the district. On the west side; Mae Drew, Plymouth Normal, was selected for grades 5 and 6, Mary Durkee, Plymouth Teachers' College, filled the grade 3-4 vacancy, and Marjorie Doe, Gorham Normal, was elected teacher of grades 1 and 2.

Dorothy Whitten, Gorham Normal, filled the vacancy at Cedar Brook, and Rose Parrish, Castleton Normal, took over the teaching duties at Bear Rock. Mrs. Drew and Mrs. Parrish have had previous teaching experience.

**Notes on the Budget**

The School Board's budget for 1943-44 totals $18,451.50 as compared with $18,559.00 for last year. The budget is reduced by the estimated income of $5,775.00 so that the requested appropriation is $12,676.50.

The appropriation in March 1942 was $12,608.50 plus $800. in the school debt for a total of $13,408.50

**Buildings and Equipment**

The buildings are for the most part in quite good condition. The Cedar Brook, Bear Rock and West Stewartstown buildings were painted outside. New seats were installed at the Hollow, the classroom redecorated at Cedar Brook, the Bear Rock room papered and new cloth curtains hung at South Hill. Numerous other minor repairs and improvements were also made.

All the old double seats have now been replaced except on South Hill. Steel constructed seats are not available now so replacements there will need to be postponed.
Enrollment and Attendance

There are 92 enrolled at West Stewartstown, 53 in the four rural schools and 31 tuition pupils for a total of 176. This represents a decrease of 10 since the report a year ago. The decrease is almost entirely accounted for by the drop in tuition pupils.

The percentages of attendance are on the whole much improved over last year. The average for the district is 95.54%. Grade 3 and 4 at West Stewartstown had the best record with 97.96%. Bear Rock and the Hollow had the lowest percentages.

The Hollow and grade 7-8, West Stewartstown, had the best tardiness record with 27 each. Cedar Brook had by far the worst with 189.

School Debt

The school board found it possible to add $100 out of surplus to the $800 special appropriation and thereby decrease the debt by $900. This leaves a balance of just $900 which I am sure we would all like to see completely wiped out.

Tuition

There are at this writing 31 tuition pupils attending school outside the district. This represents a decrease of 8 from the corresponding period last year. We have seven tuition pupils from other districts in our schools.

Health

The present emergency emphasizes the need for a citizenry that is physically fit to serve. A person is said to be physically fit when he is free from defects and disease, practices good mental hygiene, and has the knowledge, skill, strength, and endurance to engage successfully in the activities which life demands of him. Obviously, these elements of fitness have a
direct relationship to national defense whether the individual is at the battle front, in industry or at home. Shouldn't we all aim to be physically fit for war and peace?

War Bonds and Stamps

The pupils and teachers of this Union (Clarksville, Colebrook Town, Colebrook Special, Columbia Pittsburg and Stewartstown Districts) up to December 15, 1942 had invested $22,422.50 in United States War Bonds and Stamps.

Conclusion

In this crisis the schools should devote themselves directly to the great fundamental purposes of education—the preparation of intelligent citizens who understand, believe in, and practice the ideals of democracy; the preservation of national unity; the safeguarding of health; the training for vocational competence; the development of a sense of responsibility for common welfare; and the maintenance of sound, wholesome community life.

I take this opportunity to express my appreciation to the members of the school board, parents, teachers, and citizens for the support and cooperation they have given to the schools during the past year.

Respectfully submitted,

ALBERT P. KNIGHTLY,
Superintendent of Schools
