REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Auburn:

SCHOOL HOUSE ENLARGEMENT

In my report last year it was suggested that the school house in District No. 1 ought to be enlarged to meet the rapid increase in pupils in that part of the town. The District Meeting, acting under a special article in the Warrant, voted the sum of \$300 to make such alterations as seemed necessary.

Auburn is a state-aided town and as such is required to consult the State Department as to plans for such major repairs.

The local school authorities, after several consultations with the State Board, decided to add ten feet in length (instead of the eight first considered). This change and some extra work in toilets and woodshed made new plans and bids necessary. The contract for this work was awarded to E. W. Smith for the sum of \$350. This did not include painting, curtains, and other expenses incurred in getting the school house ready for use.

The total expense involved in this necessary improvement was \$424.

That this was a necessary outlay is shown by the fact that the enlarged school room has been filled to its full capacity since it was opened. I desire to congratulate the Town of Auburn on this job of school house improvement and to thank the contractor, Mr. Smith, for his faithfulness in giving a full dollar's worth of service for every dollar he received.

The balance of cost above the appropriation made has been met from savings in other budget items.

HIGH SCHOOL TUITION

In one item of last year's budget the estimate was too small and as School Superintendent I frankly admit the full responsibility for this error. I fully believed that \$3,000 was ample but we now know that the amount should have been greater.

The special appropriation of \$350, to become immediately available, if provided, will balance the budget for the year ending June 30, 1936.

BUDGET FOR NEXT YEAR

For the year which will end June 30, 1937 re-	
quires	\$12,331.15
The total income aside from the tax levy.....	3,420.65

The balance to be raised by taxation is.....	\$8,910.50
