REPORT TO CITIZENS

Following are 1989 highlights in town government and is provided for informational purposes only.

Progress on rubbish disposal has been slower than expected. We have gone to contracted rubbish pickup through the town. It is expected that the 1990 town meeting will further address the waste disposal issue in regards to a transfer station/ recycling center. It is anticipated that funds left over from the 1989 budget will help offset the costs for 1990 capital improvements.

At this writing the town is under contract with an engineering firm to prepare a presentation for the 1990 town meeting in regards to handling the town's water quantity and quality problems. The required improvements must be in place by 1992 as required by federal law. We will present to the voters a two-year/two phase project funded through a combination of loans, grants and increased fees. This work has been put off for many years but its time has come.

The Northumberland Village Road erosion problem has been completed and is holding fine. The trade off was that no road resurfacing was completed during 1989. We will try to play catchup in the coming years.

The upgrading of facilities at Centinnial Field is progressing. The fence work is now complete. The construction of a second girls field for field hockey and soccer and the improvements to the baseball field are planned. There are some funds left over for this project but more funds will be needed to complete the project.

The water line extensions on Route 3 South and Lost Nation were completed at significant cost overruns due to ledge and other technical concerns.

The year 1990 will mark the beginning of semiannual tax billing. Property owners will receive two tax bills, the first of which will be based on the current year's appraisal times $\frac{1}{2}$ the previous year's tax rate. The bills will be mailed no later than June 15 and due not later than July 1. The second bill will cover the remainder of the tax year's obligation.

A new ambulance was purchased with funds approved and the Meeting House repairs were completed.

The town's new master plan is nearly complete and will be available soon and the street light replacement project is presently getting started. The project is proving to be less costly than expected and our monthly bills are being reduced significantly. We would hope to complete the project in not more than two additional years.

With significant environmental concerns facing the town, we find ourselves in need of extraordinary funding requests. With your continued cooperation we will succeed in meeting these mandates.

Ronald J. Gilbert
Town Manager

ELECTED OFFICIALS

Selectmen (3-year term)	Shepard Mahurin (1990) John Normand (1991) Daniel Dupuis (1992)
Town Clerk/Tax Collector (3-year term)	Theresa Books (1990)

TRANSMITTAL AND COMMENTARY LETTER

Board of Selectmen
Town of Northumberland
Groveton, New Hampshire 03582

Members of the Board:

We have examined the financial statements of the various funds and account groups of the Town of Northumberland for the year ended December 31, 1988 and have issued our report thereon, dated May 8, 1989. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extents of other such auditing procedures that are necessary for expressing an opinion on the financial statements. Such study and evaluation disclosed no material weakness in internal controls.

We came across one item discussed below that we would like to comment upon. Our following remarks are being made in the hope that they will improve existing procedures and are in no way a criticism of Town Personnel.

1) Develop Formal Sick Pay Policy

Presently unused sick days can be accumulated up to 120 days; however, there is no formal policy relative to employee compensation if the employee terminates their position with the town either voluntarily or involuntarily or retires.

Recommendation

The Selectmen and Town Manager should establish a formal policy.

The policy could stipulate that as long as the employee is employed sick leave can accumulate up to the 120 days and could stipulate that upon retirement or termination of the employee's position the employee would be compensated for a maximum of 20 or 40 days or not at all.

We extend our thanks to the officials and employees of the Town for their assistance during the course of our audit.

It is our opinion that the Selectmen, Town Manager and employees are doing an excellent job administering the Town of Northumberland.

Very truly yours,

Francis J. Dineen, CPA

LIBRARY REPORT

1989 brought to close a very exciting decade at the Northumberland Public Library. A look through the past decade shows many changes.

1989 was the year the Northumberland Public Library initiated the use of Library cards. Feelings about this State mandated requirement have been mixed. But, by now most patrons have come to accept our use of Library Cards. Remember, the Library is required to issue patrons a number, but will always treat patrons as our valued friends. The previous patron file was discarded and patrons registered since July is 560

The circulation of books, records, and magazines was 12,948. Books borrowed through Inter-library Loan was 90. We purchased 726 books, received 247 books as gifts, discarded 566 and lost 17. We receive 27 magazine subscriptions.

With the opening of the elementary school library, all but four classes have stopped visiting the public library. We wish the elementary school much success in their library, but we certainly miss our visits with the children.

We had 25 children that participated in our Summer Reading Program. Over 300 hundred books were read by the children.

The D. Chandler Matthews fund was used to purchase Oak barrister bookcases to preserve and protect our collection of New Hampshire History Books. For many years the D. Chandler Matthews Fund has been instrumental in enhancing our reference collection. It seems a fitting memorial to such a good friend of the Library to use a part of his generous bequest to purchase a set of practical and beautiful bookcases.

Patrons will soon be able to see new books purchased with the Irving Dice Fund. The principle of this fund was invested, but now the interest is available for the purchase of new books.

Again this year, the Library hosted Beth Katz and her Red Rug Puppet Theatre. Beth Katz put on a fabulous show that was enjoyed by all who attended.

If you've come in the library from the back door, you've probably noticed our new back door. The library is in the process of replacing all external doors with new insulated doors that have up-graded panic hardware.

One of the most noticeable additions to the library was moving the computer upstairs. This was done to aide in the computerizing of library records. Currently we maintain a computer patron file as well as a computer book acquisition record.

We at the Library would like to thank all of our patrons for their support through 1989 and look forward to serving you in 1990.

Respectfully submitted,
Nancy Scroggins, Librarian

REPORT OF THE NORTHUMBERLAND CONSERVATION COMMISSION

Regarding Bag Hill Property

It is the opinion of the Groveton Conservation Commission that the Bag Hill property, purchased by the Town through tax deed in the late 1930's, be preserved into perpetuity for the use of the citizens of Northumberland. This would be accomplished by designating Bag Hill as a town forest under state RSA 31:110, thus allowing for multi-use management. As well, this area should be held in trust for future generations of Northumberland citizens by granting a conservation easement on this property in the deed.

The following are suggested names for the Bag Hill property: Northumberland Citizens Forest, Northumberland Town Forest, Bag Hill Preserve, Bag Hill Tree Farm. It is suggested to place a wooden sign listing the chosen name at the entrance to the property. A small parking area could be created to increase citizen access to Bag Hill.

The Conservation Commission recommends that Bag Hill be set aside and protected as a Town Forest for several reasons. These 200 plus acres of woods have good timber value as a continuing revenue source for the Town. We can take pride in our Town Forest as an example of good forest management. Bag Hill has varied recreational use--snow-mobile trails, cross-country ski trails, walking paths, hunting, bird watching. Our schools could make use of these woodlands for continuing field studies. Lastly, such designation of the Bag Hill area upholds the desire of Northumberland citizens to support the preservation of open space areas (as indicated in the Community Attitude Survey).

This is essentially a cost-free venture for the Town as it already possesses the Bag Hill property. Any loss in potential tax value is offset by the value of the timber to be stewarded over the years.

We recommend a five year, multiple-use management plan be prepared for Bag Hill by a professional forester, the approval of which would be under the jurisdiction of the Conservation Commission. Clearcutting practices should be limited unless done for silviculturally-sound reasons, as in the case of a blowdown or vast insect damage. Good stewardship and access for all citizens should be stressed on this property.

Report submitted by:

Michael Phillips, Secretary
Northumberland Conservation Commission
January 17, 1990

REPORT OF THE NORTHUMBERLAND CONSERVATION COMMISSION

The Conservation Commission, which was reactivated by the town last year after a long dormant period, undertook a busy agenda.

Heading that list was a mandate to develop a management plan for the 200-acre parcel of town-owned property on Bag Hill. That plan has been developed and appears elsewhere in this town report.

Another major project was the development of bylaws governing the organization and operation of the Commission. Those bylaws were presented and approved by the board of selectmen.

The commission formed a task force to consider possible sites in Northumberland for inclusion in the state Land Conservation Investment Program. One possible site was examined but was later rejected for a variety of reasons. The Commission will continue to look at parcels in the town containing unique natural resources for possible inclusion in the state program.

Other projects undertaken include the planting of several tress on the green near the covered bridge, reviewing the natural resources chapter in the town master plan, and attending an informational meeting on the proposed statewide Heritage Trail.

The commission also agreed to work on a pilot program with the University of New Hampshire Cooperative Extension Service to hand out land owner information kits to large landowners in the town. The commission has developed a list of large landowners and are waiting for the kits to become available.

At present, the commission is in the process of developing an inventory of natural resources within the town. The commission is also working with local teachers to plan activities for an Earth Day fair in April.

The commission meets the third Wednesday of every month at 4 p.m. in the town office. All meetings are open to the public.

NORTHUMBERLAND AMBULANCE CORP

The members of the ambulance corp would like to take this opportunity to thank the residents of Northumberland for the purchase and delivery of the new ambulance to the corp. It is a super piece of equipment and being much larger, much heavier and up to the minute in modern design and manufacture, it rides and handles much better, has a lot more room to store supplies and equipment that we need to do our job better and is less expensive to operate.

I reported last year that our corps members were putting in a lot of their time to further their education. I would like to thank the town for paying for the course and I would also like to tell you people that each one of the people who took that course invested two-hundred plus hours of his or her time to complete the course. They also have to take time to train to use other equipment used in the course of their duties. They also have to attend seminars and workshops to keep their licenses which are required by law to hold so they can work on the ambulance.

I also told the residents at town meeting that I felt that we would have an increase in the number of calls, but I did not think it would increase as much as one-hundred percent from just over 200 in 1988 to just under 400 in 1989.

The members of the Corps are paid approximately one-half of what they get on their regular job and on occasion they leave their regular job to answer a call on the ambulance. That is true dedication, and I am extremely proud of these people.

The corp owns a lunch wagon which is used to serve hotdogs and hamburgers at various happenings around the area. The corp paid for the materials and from within our ranks we designed and built a dunk tank for use at street fairs, etc. to create some fun and get a few dollars for our treasury. We also get memorial donations from people and that goes into our treasury. Sometimes we hold raffles to help out. We use the money to pay for equipment for the ambulance. Before I came on the scene the department of transportation gave a grant for partial payment for a set of Jaws of Life. The corp paid the rest which was about \$4,000. The corp paid for a defibulator which cost about \$5,000.

In 1989 we placed at the Main Funeral Home three plaques upon which brass plates are engraved with the name of the person for which a memorial donation has been made to the ambulance corp and we appreciate these donations. To update the two already there and the purchase of one new one and to bring it up to date about \$500 was paid by the corp.

We have bought a new stretcher, kiddie litter, head immobilizer and a portable radio, all of which cost about \$2,500.

On behalf of the corp I would like to thank James River for making and donating four long and short back boards to the corp and we wish to thank Hazel Paradis for writing all the thank you notes to donors.

Finally, the corp has issued twenty-five save-a-life certificates which is a program through C.P.R.

Respectfully submitted,
Harold E. Shatney, Director
Northumberland Ambulance Corp

PUBLIC WORKS & HIGHWAYS

The roads and grounds crew was kept busy as usual with routine maintenance and some special projects. For the first time in a long time our crew worked with an outside contractor to replace or resurface deteriorating sidewalks. Some new concrete sidewalks were completely replaced with paved walks with paved curbing. This procedure is much less expensive and they seem to be holding up fine.

As a result of extensive culvert replacement costs on the North-umberland Village Road culvert we again had to forego any major repaving for the second year in a row. It is expected that our regular annual repaving will continue during 1990. Due to the high weekly maintenance to the Craggy Road due to the high volume race traffic, that road was paved.

Due to an unusually high number of rain and ice storms during 1989 the road salt budget was overspent by several thousand dollars. Attempts are being made to utilize road salt as efficiently as possible to control this budget item. Another item that was excessively over-budget was repairs to vehicles. To help better control the expenditure the 1990 budget will contain a request to replace the second plow truck. This truck is 18 years old and needs replacement. It is costing the town a great deal of money to keep it on the road.

In addition to a new plow truck, plow and sander, the department will request in the 1990 budget a low-bed trailer to move our equipment from job to job, a York Rake to better bring our gravel roads into shape in the spring and to reduce the need for grading, and a new road marker to better provide for road markings.

The Brooklyn Street bridge has remained closed during 1989 due to its poor condition. Funds will be sought at the 1990 town meeting to repair the bridge.

Since the last town meeting the following issues were considered or addressed. New catch basins were installed on Central Avenue, Rich Street and Cottage Street. Water line extensions were installed on Lost Nation Road and Route 3, South. Due to town meeting action problems, laying more pipe than planned, and running into extensive ledge on the Nation project, sizeable cost overruns were experienced in these projects.

A new water/sewer apprentice was hired in January of 1990 preparing for the planned retirement of the present operator. In the interests of the users it was decided to hire a man early to have him become state certified and knowledgeable of our systems while our present operator was here to help train him.

Finally, the Federal Safe Drinking Water Act and state regulations require that the town either provide safe ground water to its residents or to treat the existing surface supply. This issue will be addressed at town meeting with a two-phase approach. The first phase will basically involve covering the reservoir. We will be seeking state assistance to help us in paying for this project. The second phase for 1991 will involve construction of a water treatment plant. We will also seek state funding to assist in this project. We must all understand, however, that significant user rate increases will have to be sought to help pay for this project.

Ronald J. Gilbert
Town Manager

POLICE DEPARTMENT
Town of Northumberland
Report of 1989

The Department would like to take this opportunity to thank the residents of Northumberland for your support during the past year.

This past year brought about a radical change in the emergency dispatching for police, ambulance and fire departments. With a joint effort the police and fire department's dispatching was transferred to the State Department of Transportation office in Lancaster. The ambulance dispatching is now supplied from Weeks Memorial Hospital. All present emergency telephone numbers are printed on the back cover of this report for your convenience.

A position that had been "placed on the back burner" for three years was filled with the promotion of Lee Rice, Jr. from patrolman to sergeant. This position carries more responsibilities; among these is the task of department prosecutor at the Lancaster District Court.

One of our patrolman left us in April, 1989 and was not replaced with a full-time officer until September, 1989. This slot was filled by specials during the vacancy period. Patrolman Leo Enos of Twin Mountain was the permanent replacement. Officer Enos will be attending the police academy in Concord in the spring of 1990.

I would like to take this opportunity to advise our residents that our department views it as our responsibility to be responsible for and patrol all streets, roads and highways within the township. There are some of the opinion that the state police should handle the state highways. With there being at times only one state policeman on duty from Plymouth, NH and north, without local assistance on state highways there would be inadequate protection in these areas. This is related simply to explain why you see us, at times, on state highways.

On the bleaker side, our cruiser was destroyed this year as the driver attempted to avert collision with an animal in the road. Much of the equipment in the vehicle was damaged our destroyed. The patrolman was injured but has since recovered and is back at work.

Submitted by,

Kerry Hopps, Chief of Police
Town of Northumberland

NORTH COUNTRY COUNCIL, INC.
Annual Report

The year 1989 marked the North Country Council's seventeenth year of successful operation. As chartered under NH RSA 36:45, the Council provides non-profit local and regional planning assistance to member municipalities. In addition to general planning services, the Council offers its constituents specialty services in cultural resource conservation, economic development, housing, natural resource management, solid waste management and transportation. The four standing Council committees, Economic Development, Housing, Land Use and Transportation, actively direct the Council's policies in these areas.

In **NORTHUMBERLAND**, the Council coordinated the Master Plan's development in draft form and worked with the Town Manager on preparing a Community Development Block Grant application to fund the search for a new water supply. The Council also provided technical assistance to the Androscoggin Valley Solid Waste District, including preparation of the District Solid Waste Management Plan and development of the RSA 53-B District Agreement.

Community planning challenges dominated the Council's 1989 agenda. Changing state mandates and furthered residential and commercial growth busied local planning and zoning boards throughout the year. The Council assisted these boards in preparing for the challenges through regional workshops, technical bulletins and newsletters and as-needed assistance on technical and specific issues. The Council co-sponsored the popular Municipal Law Lecture Series which addressed new case law, grandfathering and the revised excavation statute. The Council also assisted numerous towns in revising zoning ordinances, subdivision regulations and site plan review regulations, thereby updating these regulations to better meet and manage the new challenges.

The Council's 1989 work program continued to promote community development projects, as well. Managing close to two million dollars in Community Development Block Grant monies, the Council administers programs in ten North Country communities. Many are housing improvement programs, yet others support sewer projects, day care development, and municipal water supply projects.

In summary, it is important to understand that the Council is organized to provide these valuable services for the benefit of our local town governments. The Council's continued success in meeting the ever-changing demands of the North Country is dependent upon the active participation of our members. We rely upon and enjoy your involvement as town officials and concerned citizens, and look forward to assisting you in this coming year.

GROVETON VILLAGE PRECINCT

WARRANT

To the inhabitants of Groveton Village Precinct qualified to vote in Precinct affairs: You are hereby notified to meet in the Groveton Elementary School Cafeteria in said Precinct on March 8, 1990 at 7:00 p.m. for the transaction of the following business:

ARTICLE 1 To choose by ballot a Moderator to preside over said meeting.

ARTICLE 2 To choose by ballot a Precinct Commissioner for a period of three years, a Precinct Clerk for the ensuing year, and for other officers, agents, and auditors for the ensuing year.

ARTICLE 3 To see if the Precinct will vote to raise and appropriate the sum of One hundred twenty-eight thousand four hundred fifty-three dollars (\$ 128,453.00) to purchase a new 1990 Fire Truck Pumper and to authorize the withdrawal of Fifty-eight thousand four hundred fifty-three dollars (\$58,453.00) from the Capital Reserve Fund created for that purpose. The balance of Seventy thousand dollars (\$ 70,000.00) to come from general taxation.

ARTICLE 4 To see what sum of money the Precinct will vote to raise and appropriate for the payment of the Precinct Officer's salaries, Fireman's salaries and payroll, and such other incidental expenses as may arise within the Precinct. (Recommended: \$32,600.00)

ARTICLE 5 To see what sum of money the Precinct will vote to raise and appropriate for the purchase of new hose and equipment. (Recommended: \$12,000.00)

ARTICLE 6 To see if the Precinct will vote to authorize the Precinct Commissioners to apply for, receive and expend federal and state grants which may become available during the course of the year, in accordance with RSA 31:95-b and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the precinct may legally appropriate money.

ARTICLE 7 To see what sum of money the Precinct will vote to raise and appropriate to the Capital Reserve Fund, established for the purpose of purchasing a fire truck and equipment, said money to be deposited with the Trustee of the Trust Fund until needed.

GIVEN UNDER OUR HANDS AND IN SEAL THIS THIRTEENTH DAY OF FEBRUARY, 1990

Frederick Robinson
H. Lee Rice
Bradley Tetreault
COMMISSIONERS

**Proposed
1990 Budget
and
Warrant**

TOWN WARRANT

Town of Northumberland The State of New Hampshire

To the inhabitants of the Town of Northumberland qualified to vote in Town affairs:

You are hereby notified to meet at the Groveton High School Ryan's Auditorium in said Town on the Second Tuesday in March next, March 13, 1990 to act upon the subjects hereinafter mentioned. You are hereby warned that on said date and place the polls will be opened at 10:00 in the forenoon and will remain open until 6:00 in the afternoon for the reception of your ballots under the Non-Partisan Ballot System. You are also hereby warned that on said date and place at 7:00 in the evening the matter of appropriations and such other business properly coming before said meeting will be taken up for your consideration and action.

ARTICLE 1.* To choose by ballot the following Town Officers for the ensuing two years: One Auditor and one Moderator.

ARTICLE 2.* To choose by ballot the following Town Officers for the ensuing three years: One Selectman, one Town Clerk/Tax Collector, one Treasurer, one Library Trustee, and one Trustee of the Trust Funds.

ARTICLE 3.* To choose by ballot the following Town Officers for the ensuing six years: One Supervisor of the Check List.

ARTICLE 4." To see if the Town will vote to raise and appropriate the sum of \$210,000 to purchase the so-called Personnel Office and to renovate the building to make it suitable for use as a town office; and for this purpose to authorize the Selectmen to borrow upon the note of the Town a sum not in excess of \$210,000 at such rate of interest and payable at such time and place in accordance with Chapter 33 of the N.H. Statutes Annotated and any amendments thereto as the Selectmen shall decide. (To be voted upon by ballot after town meeting discussion)

ARTICLE 5. To see if the Town will vote to raise and appropriate the sum of \$150,000 to be added to encumbered 1989 funds to construct a solid waste (rubbish) transfer Station/Recycling Facility near the town garage on the Brown Road and for this purpose to authorize the Selectmen to borrow upon the note or the Town a sum not in excess of \$150,000 at such rate of interest and payable at such time and place in accordance with Chapter 33 of the N.H. Statutes Annotated and any amendments thereto as the Selectmen shall decide. (To be voted upon by ballot after town meeting discussion)

ARTICLE 6. To see if the Town will vote to raise and appropriate the sum of \$578,000 for the purpose of Phase I update of the Town's water system, the main purposes of which are to bring the town in compliance with the Federal Safe Drinking Water Act and State of New Hampshire regulations, and to provide the town with an adequate volume of water during dry periods, said sum to be raised by the issuance of Serial Bonds or Notes under and in compliance with the provisions of the Municipal Finance Act (NH RSA 33:1 et seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiations, sale and delivery of such bonds or notes as shall be in the best interests of the Town

of Northumberland and furthermore to authorize the Selectmen to apply for, accept and expend Community Development Block Grant funds through the N.H. Office of State Planning for \$350,000 to assist in the funding or Phase I of this project by reducing the need for bonding by a like amount. (To be voted upon by ballot after town meeting discussion)

ARTICLE 7. Shall the Town accept the provisions of RSA 53-B:1 to 11 inclusive providing for the establishment of a regional refuse disposal district, together with the towns of Gorham, Milan, Dummer, Randolph, Stark, Northumberland, and eight unincorporated places in Coos County, including Success, Bean's Purchase, Green's Grant, Cutt's Grant, Martin's Location, Sargeant's Purchase, Pinkham's Grant, and Hadley's Purchase and the City of Berlin, and the construction, maintenance, and operation of a regional refuse disposal facility by said district in accordance with the provisions of a proposed agreement filed with the selectmen or the mayor? (To be voted upon by printed ballot after town meeting discussion)

ARTICLE 8. To see if the Town will vote to raise and appropriate the sum of \$3,000 for further development of the new portion of the town cemetery.

ARTICLE 9. To see if the Town will vote to raise and appropriate the sum of \$2,500 for the perambulation of the Northumberland/Lancaster town line in accordance with State law.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$3,400 to establish a Capital Reserve Fund for the purpose of purchasing an ambulance, \$3,400 of this amount to be funded by revenues received from surrounding towns for services provided by the Town of Northumberland.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$20,000 for the purpose of replacing the Brooklyn Street Bridge and to authorize the withdrawal of \$11,478 plus accrued interest from the Brooklyn Street Bridge Capital Reserve Fund established for this purpose.

ARTICLE 12. To see if the Town will vote to accept a deed from the owner of a street known as Dean Brook Street beginning from the town-owned portion and ending at the present cul de sac located beyond the present Simonds property, a distance of approximately 250 feet.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$10,000 to continue with renovation work at Centennial Field and to authorize the withdrawal of like amount from the special Forest Maintenance account for this purpose.

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$10,000 which covers the second year's cost of a three-year street light conversion program.

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$75,350 for the purchase of the following equipment for use by the Highway Department:

Plow truck, wing & sander	\$68,000
York rake	4,200
Street Marker	3,150

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to enter into a lease/purchase agreement for the purpose of lease/purchasing a backhoe for the Highway Department, and to raise and appropriate the sum of \$8,300 for that purpose. (Majority vote required - A yes vote on this article does not bind future town meetings to continue funding this equipment, but if funding is approved at each town meeting until the equipment is paid for, the town will own the equipment)

ARTICLE 17. To see if the town will vote to raise and appropriate the sum of \$2,300 for support of the Community Action Outreach Program. (Submitted on petition of voters)

ARTICLE 18. We, the Northumberland Citizens Committee, Eagles Nest, would like to petition the voters of Northumberland for the amount of \$5,000. (Inserted on petition of voters)

ARTICLE 19. We, the undersigned, petition the Town of Northumberland, New Hampshire to take over the paved road in Dean Brook Village Cooperative. This road is used by the town's plow as a turn-around and has already been plowed by the town for ten years. (Inserted on petition of voters)

ARTICLE 20. We, the undersigned, petition the Town of Northumberland, New Hampshire to continue plowing and sanding the road in Dean Brook Village Cooperative. This road is used as a turn-around by the town's plow and has already been plowed by the town for approximately ten years. (Inserted on petition of voters)

ARTICLE 21. To see if the Town will vote to raise and appropriate the sum of one thousand, twenty-nine dollars (\$1,029) for the purpose of supporting the Lancaster District Court Juvenile Diversion Program. (Inserted upon petition of voters)

ARTICLE 22. We, the residents of the Town of Northumberland, hereby set forth this petition to see if the Town will vote to approve the installation of street lights on Wemyss Drive. (Inserted on petition of voters)

ARTICLE 23. To see if the Town will vote to participate in the celebration of Earth Day 1990 on April 22, 1990, as designated by the U.S. Congress to promote preservation of our global environment. We recognize as a community that our concern for our environment should extend throughout the year. We resolve to initiate a voluntary spring litter clean-up day along town roads; support tree planting and other appropriate projects of our town's conservation commission; encourage backyard composting of leaves and grass clippings and begin a municipal composting project at the town dump; instruct our town road crew to minimize the use of road salt in favor of sand on our winter roads. We ask our Selectmen to provide funding in future budgets (in conjunction with other towns in our Solid Waste District) for a collection of household hazardous wastes as is necessary. (Inserted on petition of voters)

ARTICLE 24. To see if the Town will vote to designate the 220 acre Bag Hill property, (commonly referred to as the Currier and Crawford lots) . Map R-2, Lot 1065, as a Town Forest under State RSA 31:110 for the purpose of multiple use management. This area, to be known as the Bag Hill Town Forest, is to include but not necessarily be limited to: recreational use, wildlife habitat, timber production, and educational studies by the Town's schools. Authorization and responsibility to manage said town forest is given to the town's Conservation Commission under the provision of State RSA 31:112 II.

A management plan will be completed and updated every five years detailing silviculturally sound timber management practices that are consistent with other uses of the property. Any proceeds from the sale of timber products from said forest shall go into the existing "Forest Maintenance Fund" and allowed to accumulate from year to year as provided by RSA 31:113.

ARTICLE 25. To see if the Town will vote to grant a Conservation Easement for said Bag Hill property to the Coos County Conservation District in order to protect this property as conservation land for town residents into perpetuity.

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of \$1,057,252 which represents the bottom line of the posted budget. Said sum does not include any warrant articles.

ARTICLE 27. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town meeting, money from the State, Federal or other governmental unit or a private source which becomes available during the fiscal year in accordance with RSA 31:95-b.

ARTICLE 28. To see if the Town will vote to authorize the Board of Selectmen to incur debts in anticipation of taxes of the financial year, such debts are incurred in order to pay current maintenance and operation expenses, and to issue notes therefore in accordance with the provision of RSA 33:7.

ARTICLE 29. To see if the Town will vote to authorize the Board of Selectmen to administer and dispose of any real estate acquired by Tax Collector's Deed at public or private sale, as the Selectmen, in their sole discretion, deem equitable and just. (RSA 80:42, I & III)

ARTICLE 30. To see if the Town will vote to instruct the Selectmen to appoint all other officers as required by law.

ARTICLE 31. To hear reports of agents, auditors, committees, or other officers heretofore chosen and pass any vote relating thereto.

ARTICLE 32. To transact any other business that may be legally brought before said meeting.

*Articles 1 - 3 will be printed on official ballot.

John Normand, Chairman
Daniel Dupuis
Shepard Mahurin

Selectmen, Town of Northumberland

LOWE'S OPERA HOUSE, Groveton, N. H Published by M. E. Wilkinson

TOWN OF NORTHUMBERLAND
RECREATION COMMISSION
1989 REPORT

IN 1989, THE RECREATION COMMISSION SPONSORED A NUMBER OF PROGRAMS THROUGHOUT THE SUMMER, INCLUDING FIELD TRIPS TO SANTA'S VILLAGE, THE WHALE'S TAIL, SOUTH POND, AND OTHERS.

ENROLLMENT FOR SWIMMING LESSONS WAS HIGH, AND THE POOL HEAVILY USED AND ENJOYED. MANY OTHER ACTIVITIES WERE OFFERED THROUGH THE ARTS & CRAFTS AND VARIOUS SPORTS PROGRAMS.

THERE ARE SOME ISSUES IN THIS AREA WHICH WILL REQUIRE ATTENTION IN THE NEAR FUTURE, HOWEVER:

1. SKATING RINK REBUILD. WE FEEL IT NECESSARY TO LOOK INTO THE INSTALLATION OF NEW POSTS AND BOARDS FOR THE RINK, WHICH ARE LITERALLY FALLING APART AND ARE STRUCTURALLY UNSOUND. WE PLAN TO OBTAIN QUOTES/ESTIMATES FOR THIS WORK FOR REVIEW.
2. SWIMMING POOL. THE STRUCTURAL INTEGRITY OF SWIMMING POOL NEEDS TO BE ADDRESSED WITHIN THE NEXT 2-3 YEARS, WITH MAJOR WORK REQUIRED. WE HAVE BEEN ABLE TO PATCH AND MAKE DO FROM YEAR TO YEAR, BUT THERE ARE A NUMBER OF PROBLEM AREAS WHICH ARE RESISTING REPAIR AND ARE BECOMING INCREASINGLY UNSOUND. WE ARE CURRENTLY LOOKING FOR VENDORS TO PERFORM THESE SERVICES AND WILL DO COSTING AS SOON AS THE INFORMATION IS AVAILABLE.

THE RECREATION COMMITTEE WOULD LIKE TO THANK EVERYONE FOR THEIR EFFORTS IN MAKING THIS YEAR SUCH A GREAT SUCCESS. WE LOOK FORWARD TO THE FUTURE IN THE HOPE OF IMPROVING EVEN FURTHER THE QUALITY OF GROVETON'S RECREATIONAL SERVICES.

RESPECTFULLY SUBMITTED,

WILLIAM EVERLETH
SHIRLEY MACDOW
DENISE PAUGH
ALAN WHELOCK

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Northumberland
qualified to vote in district affairs:

You are hereby notified to meet in the Groveton High School
Ryan Gymnasium in said district on Tuesday, March 13, 1990 at
9:00 o'clock in the forenoon to act upon the subjects hereinafter
mentioned. The polls will be opened at said place and date from
9:00 o'clock in the forenoon for the reception of your ballots
under the non-partisan ballot system. Polls will not close before
6:00 o'clock in the evening.

1. To choose by non-partisan ballot the following
district officers for the ensuing year: a
moderator, a district clerk, a district treasurer,
one member of the board for the ensuing three years,
and one member of the board for the ensuing one year.

Given under our hands at Groveton this 23rd day of February, 1990.

SCHOOL BOARD

OFFICIAL SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Northumberland qualified to vote in district affairs:

You are hereby notified to meet in the Ryan Gymnasium of Groveton High School in said district on Tuesday, March 20, 1990, at 7:00 o'clock in the evening to act upon the subjects hereinafter mentioned.

1. To hear reports of agents, auditors, committees, or officers heretofore chosen and pass any vote relating thereto.
2. To see if the district will vote to accept the provisions of the Federal and State Lunch Programs and to appropriate such funds as may be available to the district under such programs as may be determined by the School Board. Further, to see if the district will authorize the School Board to make application for such funds and to expend the same for such programs as it may designate.
3. To see if the district will authorize the School Board to make application for, to receive and expend in the name of the district such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the State, Federal or other governmental unit or private sources which become available during the fiscal year.
4. To see if the district will vote to raise and appropriate the sum of One Hundred Twenty-Nine Thousand One Hundred Forty dollars (\$129,140.00) to fund all cost items related to teacher's salaries and fringe benefits for the 1990-1991 school year which resulted from negotiations with teachers and represents the negotiated increase over the 1989-1990 salaries and fringe benefits.
5. To see if the district will vote to raise and appropriate the sum of Fifteen Thousand dollars (\$15,000.00) to fund the cost of an architectural feasibility study for the elementary school, further, to authorize the school board as agents to expend said sum.
6. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of statutory obligation of the district.

7. To see if the School District will consider action on the following resolution, "We the residents of Northumberland School District find the State of New Hampshire to be negligent in the funding of Public Education, thus creating an undue burden on the local property tax payer. We demand that the State of New Hampshire Legislature begin in earnest to study methods for substantially increasing State aid to education."
8. To transact any other business that may lawfully come before said meeting.

Given under our hands at Groveton this 23rd day of February, 1990.

Concord, New Hampshire 03301

November 29, 1989

To the Members of the School Board
Northumberland School District
Groveton, New Hampshire

We have audited the general purpose financial statements of the Northumberland School District, for the year ended June 30, 1989, and have issued our report thereon dated November 29, 1989. As part of our audit, we made a study and evaluation of the internal control systems, including applicable internal administrative controls, used in administering Federal financial assistance programs to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards, Government Auditing Standards, issued by the Comptroller General of the United States, the Single Audit Act of 1984, and the provisions of OMB Circular A-128, Audits of State and Local Governments. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

For the purpose of this report, we have classified the significant internal accounting and administrative controls used in administering Federal financial assistance programs in the following categories:

Accounting Controls

- Budgeting Cycle
- Payroll Cycle
- Expenditure (other than payroll) Cycle
- Data Processing Cycle
- Revenue Cycle
- Financial Reporting Cycle

Controls Used in Administering Federal Programs

General Requirements:

- Political Activity
- Davis-Bacon Act
- Civil Rights
- Cash Management
- Relocation Assistance and Real Property Acquisition
- Federal Financial Reports

Specific Requirements:

- Types of Services Allowed and Not Allowed
- Eligibility
- Matching, Level of Effort, or Earmarking
- Reporting
- Cost Allocation

The management of the School District is responsible for establishing and maintaining internal control systems used in administering Federal financial assistance programs. In fulfilling that responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of internal control systems used in administering Federal financial assistance programs are to provide management reasonable,

but not absolute, assurance that, with respect to Federal financial assistance programs, resource use is consistent with laws, regulations, and policies; resources are safeguarded against waste, loss and misuse; and reliable data are obtained, maintained and fairly disclosed in reports.

Because of inherent limitations in any internal control structure or system of internal accounting and administrative controls used in administering Federal financial assistance programs, error or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the systems to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study included all of the applicable control categories listed in the first paragraph. During the year ended June 30, 1989, the Northumberland School District had no major Federal financial assistance and expended 100% of its total Federal financial assistance under the following nonmajor Federal financial assistance programs:

US Department of Agriculture

Food Distribution

Schools and Roads - Grants to States

National School Lunch Program

US Department of Education

Acquired Immunodeficiency Syndrome (AIDS) Activity

Vocational Education - Basic Grants to States

Vocational Education- Consumer and Homemaking Education

Improving School Programs - State Block Grants (ECIA Chapter 2)

Drug-free Schools and Communities - State Grants

With respect to internal control systems used in administering these nonmajor Federal financial assistance programs, our study and evaluation included considering the types of errors and irregularities that could occur, determining the internal control procedures that should prevent or detect such errors and irregularities, determining whether the necessary procedures are prescribed and are being followed satisfactorily, and evaluating any weaknesses.

With respect to the internal control systems used solely in administering the other nonmajor Federal financial assistance programs of Northumberland School District, our study and evaluation was limited to a preliminary review of the systems to obtain an understanding of the control environment and the flow of transactions through the accounting system. Our study and evaluation on the internal control systems used solely in administering these nonmajor federal financial assistance programs of the Northumberland School District did not extend beyond this preliminary review phase.

Our study and evaluation was more limited than would be necessary to express an opinion on the internal control systems used in administering the Federal financial assistance programs of the Northumberland School District.

Accordingly, we do not express an opinion on the internal control systems used in administering the Federal financial assistance programs of the School District.

However, our study and evaluation and our audit disclosed no condition that we believe to be a material weakness in relation to a Federal financial assistance program.

This report is intended for the information of management and the applicable State and Federal agencies. This restriction is not intended to limit the distribution of this report, which, upon acceptance by the School District, is a matter of public record,

GROVETON HIGH SCHOOL
REPORT OF THE PRINCIPAL

The Guidance Department of Groveton High School is pleased to announce that for the past three years the percentage of seniors going on to post-secondary schools (both two year and four year colleges), has been over sixty percent. In 1987, 65% of the senior class enrolled in post-secondary schools; in 1988, 73%, and last year 69%. These figures underscore the number of students who realize the importance of continuing their education after high school.

This past summer a very successful summer school program was offered for both junior high and senior high students. The summer school program provided a number of students with the opportunity to retake failed courses and thus earn credit toward graduation or in the case of junior high students, grade promotion. Courses were offered in junior high math, junior high science, junior high english, high school english, and high school U.S. History. Over twenty Groveton students enrolled in these courses, as well as sixteen youngsters from other area schools.

Groveton High School was also pleased to be able to offer more courses this school year for our students. Courses in high school art, photography, driver's education, and a choral program were added to the school curriculum. The photography darkroom was equipped with funds provided by the Northumberland Educational Foundation. The foundation monies are the generous donations of Mr. Max York, class of 1928, who has donated money for literary, scientific, and educational programs in the Groveton schools. Mr. York's donations have made it possible for many projects and activities, which otherwise would not have funded, to become a reality.

In response to the Applied Occupational Health System Inspection Report in which areas of the high school building were found to have tiles and linoleum that contained asbestos, an encapsulation procedure was initiated. Heavy duty industrial carpet was installed to cover the contaminated tiles in the gymnasium foyer and hallway, the music room, the hallway by the cafeteria, and the small room near the cafeteria. In addition, asbestos-free linoleum was used to cover the old linoleum in the handicapped bathrooms and the bathrooms in the boy's and girl's locker rooms. Plans are underway to complete the encapsulation project by the end of this school year.

This fall a "mini-breakfast" program was started on a trial basis by the high school cafeteria staff to afford youngsters the opportunity to have a breakfast snack prior to the start of the school day. Far too many students were coming to school in the morning not having had anything for breakfast. The cafeteria is now open from 7:25 A.M. to 7:55 A.M. and although student participation in the program has fluctuated from day to day, enough interest has been generated by the student body to continue this effort.

The visiting committee from the New England Association of Schools and Colleges arrived at Groveton High School in October, 1989, for our ten-year evaluation. The purpose of the evaluation was to grant accreditation status which signifies that Groveton High School has

met the standards for membership set by the NEASC and that the school will work to improve its programs by implementing the valid recommendations made by the visiting committee. The committee's report, which commended Groveton High School in many areas, also listed recommendations for school and program improvements. These recommendations came as a result of an in-depth self-evaluation conducted by Groveton High School committees and the perceptions of the visiting committee members. Periodic updates of the action taken on the recommendations are required by the NEASC. Presently the school board, the school administration, and school committee members are studying the report to ascertain which recommendations are valid and how best to move toward implementation of the suggestions. A copy of the NEASC report is available at the public library and the Superintendent's office for interested persons to review.

One area which needs to be addressed for the coming school year is how best to provide vocational opportunities for our pupils. As the Berlin Vocational Center has had to make changes in their daily schedule due to declining enrollments, the option of Groveton students attending the Berlin Center has been reduced. We need to look at alternative measures to provide the necessary opportunities for our young people in vocational education.

Respectfully submitted,

Frederick E. Bailey
High School Principal

GROVETON ELEMENTARY SCHOOL
REPORT OF THE PRINCIPAL

The staff and students of Groveton Elementary School returned to school in September with an enrollment of 271 pupils in grades K-6. The September enrollment figures have remained stable for the past three years with 269 pupils in 1988 and 265 pupils in 1987.

The Elementary Study Committee which was organized in the 1988-89 school year presented a report to the school board in June, 1989. The committee which was made up of board members, citizens and school staff was asked to study the present elementary school facilities and to determine what action, if any, should be taken to have the school district meet the program and space needs of our students in grades K-6.

Based on the study, the committee made the following observations and recommendations: (1) There is a need to upgrade and provide more space for the programs; (2) There is a need to continue to implement the new minimum standards; (3) The school board should establish a committee to plan for renovations and the construction of an addition to Groveton Elementary School.

During the fall of 1989, the school board asked the building committee to continue with the study for the building. Therefore, during the 89-90 school year, the committee did continue with the

task of seeking an architect to develop updated figures and preliminary drawings for both a renovation/addition project and a new elementary school facility. This information will be collected, reviewed and shared during the 89-90 school year.

As part of the elementary school minimum standards, our district has implemented a calendar and plan for meeting the sixty-three standards for programs, staff and facilities. For this school year we did implement a full-time music program and full-time art program. At the present time, Groveton Elementary School meets most of the sixty-three standards.

During the summer and school year, we did complete several major renovation projects. One of the major renovation projects was to place new carpet and inlay in the classrooms in the 1959 addition. Other projects included the replacement of light fixtures and blackboards in the 1907 building. During the summer, we did complete a project for the painting of the eaves and main entrance area of the 1907 building.

At the present time, the elementary school provides a free and appropriate education for educationally handicapped children from the ages of 3-21. We provide resource rooms, speech and language therapy, psychological counseling and testing, and occupational therapy to the youngsters who are identified with special education needs.

The Chapter I program is a federally funded project for students in grades K-6. The program provides tutoring and small group help for youngsters in the area of language arts and mathematics. Children are selected for Chapter I based on teacher recommendation, test results and classroom achievement. Children selected for Chapter I programs receive about thirty minutes per day of small group tutoring in the skill areas of language arts or mathematics.

As part of the curriculum and school self-evaluation, the elementary school committee completed a study and review of mathematics, physical education/health and science. The purpose of this self-evaluation is to identify the strengths, weaknesses and program recommendations for each area of the curriculum.

To assist with staff development and in-service education, the school has used the Block Grant (ECIA, Chapter II) funding. With one project and funding, we developed a series of in-service programs for the training of the staff in computer awareness. With a Chapter II math/science grant, we wrote a project for in-service training and workshops in the area of mathematics.

Respectfully submitted,

Thomas J. Monahan
Elementary School Principal

GROVETON HIGH SCHOOL PHILOSOPHY

The philosophy of Groveton's Junior-Senior High School is a statement of general understandings of values and an analysis of the concepts which express the school community's fundamental beliefs.

As such, we believe that learning is:

- a lifelong process;
- a concerted effort;
- intimately related to all factors of culture;
- concrete as well as abstract;
- a sensory experience which develops motor, cognitive, and effective skills;
- a process of discovery, understanding, realization, and adjustment that is necessary for survival, self-fulfillment, and a sense of purpose;
- a result of experiences and interactions within one's environment;
- a right, a challenge, and a responsibility which students must accept;
- facilitated by competent instructors.

We believe that the following goal statements encompass and promote the philosophical beliefs of our school community.

We seek to provide:

- quality facilities, materials, and resources;
- programs (academic, vocational, cultural, social, and athletic) which address our philosophical beliefs;
- an adequate number of competent, certified administrators and faculty, as well as a conscientious support staff;
- comprehensive student services which include guidance, health, food, and transportation;
- avenues for effective communications within the school;
- a process to encourage community awareness;
- a process to encourage community involvement;
- financial support for programs, staff, and facilities;
- an effective system for recording and reporting student participation and achievement;
- policies which address our philosophical beliefs.

Specific objectives, consistent with these goal statements, are included in each curriculum guide.

RIGHTS OF PARENTS OR GUARDIANS

As the parent or guardian of a child who may require or who is receiving special education and/or related services, you have the following rights:

*You have the right to have access to and examine all records relating to your child's education.

*You have a right to receive prior written notice whenever the local educational agency proposes to begin or change the special educational referral, evaluation and/or educational placement of your child. You also have a right to give your written consent before initial special education placement and before any individual evaluation of your child.

*You have a right to question any matter, decision, or recommendation relating to your child's referral, evaluation or educational placement.

*You have a right to request an independent educational evaluation obtained by the local educational agency. If your request is accepted, the evaluation will be conducted by a certified or licensed professional examiner who is independent of the local educational agency and will be performed at no cost to you. Should your request be denied, you have a right to appeal this decision as described below.

*If you have any complaints regarding the referral, evaluation or educational placement of your child, you have a right to meet with the school board. If any agreement is unable to be reached, you have the right to an impartial hearing conducted by a state appointed due process hearing officer.

*At this hearing, you have the right to be assisted by person(s) with special knowledge or training, or by an attorney, and the right to present evidence and confront, cross-examine and compel the attendance of witnesses.

*After this hearing, you have the right to a written or electronic verbatim recording of such hearing. You have the right to obtain written findings of fact and decisions of the hearing at no cost.

*If the decision of the impartial hearings at the local level is not acceptable to you, you have the right to appeal this decision to the State Board of Education or Civil Court.

*During any of the hearing or appeal procedures your child shall remain in the current education program, or if applying for initial admission to the public school, shall be placed in a regular program until all proceedings have been completed, unless you and the school officials agree otherwise.

GROVETON SCHOOL HEALTH SERVICES
1988-1989

Title IX of the Education Amendments of 1972
Public Law 92-318

Subpart A, Section 86.8 of Title IX requires public notification that the Northumberland School District does not discriminate in their educational programs, activities or employment practices on the basis of race, language, sex, age or handicapping condition under the provisions of Title IV of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; and the Education of All Handicapped Children Act of 1975. The Northumberland School District hereby notifies students, parents, employees, and residents that complaints and grievances for noncompliance with any of the provisions of Title IX are to be referred to:

Thomas J. Monahan
Title IX Hearing Officer
8 Preble Street
Groveton, N.H. 03582
