WARRANT

STATE OF NEW HAMPSHIRE

SULLIVAN, SS.

TOWN OF PLAINFIELD

To the inhabitants of the Town of Plainfield, in said county of Sullivan, and said State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Plainfield School gymnasium on Tuesday, the 14th day of March next at 10:00 o'clock in the forenoon to act upon the following subjects:

ARTICLE I: To choose by ballot, One Town Clerk for three years, One Tax Collector for three years, One Selectman for three years, One Trustee of Trust Funds for three years, One Treasurer for three years, One Supervisor of the Checklist for one year, Two Library Trustees for three years, One Auditor for two years, and any other necessary Town Officers.

ARTICLE II: Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years; own real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or if married, a combined net income of less than \$12,000, and own net assets of \$30,000 or less, excluding the value of the person's residence. (by request)

ARTICLE III: To see what action the Town will take with regard to the following question, said question being on the following changes proposed by the Selectmen and the Planning Board to the Town of Plainfield Zoning Ordinances and Building Construction Ordinances as follows:

Question 1. Do you favor the following amendments to Article II, Section 2.5 of the Plainfield Zoning Ordinances?

AMEND Section 2.5 Schedule A as follows:

Replace references to "sand and gravel operations" with "removal of natural material".

AMEND Section 2.5 Schedule A: by replacing the heading, "Width at Front Lot in Linear Feet", with: "Road Frontage in Linear Feet".

AMEND Section 2.5 Schedule A: by deleting the Lot Shape requirement in each district and adopt a new section, Section 4.13 Lot Shape, as follows:

"In no case shall the width of a lot measured along its road frontage be less than 25% of the lot length measured perpendicularly to the straight line best approximating the road frontage."

AMEND Section 2.5(E): by deleting subsection 2, "Special Provisions and Requirements", and renumbering the remaining subsections as necessary.

7. If the structure housing a non-conforming use is damaged by fire, explosion, or other catastrophe, the structure may be restored and the non-conforming use may be resumed providing the structure is not greater in volume or floor space than the original structure and the application for zoning permit and initiation of construction to restore the non-conforming use occurs within two years of date of damage. The Zoning Administrator is authorized to issue a zoning permit for the rebuilding of the structure and restoration of such non-conforming use providing the foregoing conditions are met.

8. Any non-conforming use which exists in contravention of any prior Zoning Ordinance of the Town of Plainfield and which is not permitted by that prior Ordinance, or any non-conforming use which is the subject of abatement or removal proceedings at the time of the adoption of this Ordinance, is not made permissible by the terms of this Section.

Yes ()

No ()

Question 4. Do you favor amendments to Article III, Section 3.10 of the Plainfield Zoning Ordinance?

AMEND a new Section 3.10F, as follows, and renumber the subsequent sections of 3.10 as necessary:

"Planned Residential Development May Be Required. In order to conserve environmentally significant areas, the Planning Board may require that proposals for major subdivisions, as defined in the Plainfield Subdivision Regulations, be laid out according to the planned residential development standards contained in this Section. In determining whether planned residential development will be required, the Planning Board shall review information provided by the applicant or otherwise available, regarding the significant environmental attributes of the parcel, including wetlands, prime farmland soils, frontage on the Connecticut River or great ponds, and significant wildlife habitat as determined by the New Hampshire Natural Heritage Program or the New Hampshire Fish and Game Department. Planned residential development may be required if: 1) the Planning Board finds that a development would result in the elimination or permanent alteration of a) more than 50% of a significant environmental attribute located on the parcel, or b) more than 20% of each of any two attributes, contained in this Section; and 2) if the planned residential development would result in preserving those features that would be harmed if the development was not sited in PFD."

AMEND Section 3.10G "Density" by deleting "In no case...situated," and adding the following:

"For the purposes of determining the allowable density of a planned residential development, road right-of-ways, surface waters, wetlands, areas of slopes over 20% and flood prone areas shall be excluded from the calculation of acreage. Only developable land may be used to calculate density."

Yes ()

No ()

Question 5. Do you favor amendments to Article IV, Section 4.2 and 4.14 of the Plainfield Zoning Ordinances?

AMEND Article IV, Section 4.2 by addition of "non-conforming" before the word "contiguous" in the caption. Delete the words "one ownership for a period of more than three years" and substitute "common ownership".

"When two or more lots or parcels of land, either of which lacks adequate area and/or dimension to satisfy the requirements of the zoning district in which they are located, are contiguous, and are held in common ownership, they shall be considered to be one zoning lot or parcel for the purposes of the Ordinance. Lots under common ownership on either side of a road shall be deemed contiguous."

ADOPT Section 4.13 "Lot Size" as follows:

"For the purpose of determining the acreage of lots in conventional subdivisions, developable land shall comprise no less than 50% of the minimum lot area specified in the VR and RR Zones and 2 acres in RCI and RCII Zones in the Plainfield Zoning Ordinance."

Yes () No ()

Question 6. Do you favor amendment to Article VI, Section 6.2 of the Plainfield Zoning Ordinances?

AMEND Section 6.2 by deleting "without...Administrator" and substituting "unless permitted under this Ordinance or approved by the Zoning Board and until a Zoning Permit has been issued by the Zoning Administrator."

Yes () No ()

Question 7. Do you favor amendments to Article VIII of the Plainfield Zoning Ordinances?

AMEND Article VIII: by deleting the definitions of Lot Width and Lot Depth.

AMEND the definition of "seasonal structure" as follows:

"A Structure used for recreation, camping or other occasional use which requires no town services".

ADOPT a definition for Undevelopable Land as follows:

"UNDEVELOPABLE LAND: For the purposes of calculating lot size, undevelopable lands include surface water, road right-of-way, flood prone areas, wetlands and areas with slopes over 20%."

ADOPT "DEVELOPABLE LAND:" All land not defined as "undevelopable land".

AMEND definitions by adding:

Removal of Natural Material: The removal of natural materials is the removal of loam, sand, gravel, stone, clay, borrow, fill or other like material. The process by which such natural material is removed is referred to as "excavation".

Yes () No ()

Question 8. Do you favor amendment to Section 11 B of the Plainfield Building Construction Ordinances?

AMEND Building Construction Ordinance Section 11 B by deleting "as follows:" and "\$0 - \$1,000 \$ 1; \$1,001 - 10,000 \$10; and over \$10,000 \$25" and by adding "established by the Board of Selectmen on an annual basis".

Yes () No ()

You are further notified to meet at the Plainfield gymnasium on Saturday the 18th of March next at one o'clock in the afternoon to act upon the following subjects:

ARTICLE IV: To see what action the Town will take with respect to reports of the Town Officers.

ARTICLE V: To see if the Town will vote to authorize the Selectmen to borrow, on the credit of the Town, such sums of money as may be necessary to meet the current expenses in anticipation of taxes.

ARTICLE XVIII: To see whether the Town will vote to deposit fifty percent (50%) of the revenues over \$25,000 collected annually pursuant to RSA 79-A (the land use charge tax) in the Conservation Fund in accordance with RSA 36-A:5 III as authorized by RSA 79-A:25 II. (by request)

ARTICLE XIX: To see if the Town will vote to increase the real estate exemption on dormitories, dining rooms, and kitchens of Kimball Union Academy above \$150,000 as allowed in RSA 72:23, and take any other action relating thereto. (by request)

ARTICLE XX: To see if the Town will direct the Selectmen to appoint within 60 days of Town Meeting a committee to continue the KUA/Plainfield Tax Study for 1989. The charge to this committee shall be to meet with representatives of the KUA administration at least quarterly, maintain an ongoing review of the relationship between the academy and the town, and seek mutually acceptable ways to renegotiate the real estate exemption pursuant to RSA 72:23. (by request)

ARTICLE XXI: To see if the Town will authorize the Selectmen to appoint three alternate members to the Planning Board pursuant to RSA 673:6. (by request)

ARTICLE XXII: To see if the Town will support the Planning Board exploring further changes to the local land use ordinances to better plan and direct growth in Plainfield, and further, to see if the Town will support the Planning Board studying the feasibility of assessing "impact fees" for new development. The intent of this article is for the Planning Board to present to the Town Meeting some of the Board's concerns about growth and to receive from Town Meeting some direction in addressing those concerns. (by request)

ARTICLE XXIII: To see if the Town will vote to authorize the Selectmen to establish a \$15.00 late charge pursuant to RSA 466:13 for overdue dog licenses. (by request)

ARTICLE XXIV: To see if the Town will direct the Selectmen to appoint a committee to study Solid Waste.

ARTICLE XXV: To see if the Town will request the Moderator to appoint a Finance Committee of six persons to advise the Selectmen and other officers of the Town in the prudential affairs of the Town.

ARTICLE XXVI: To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its 1989 appropriation, and funds to be placed in a special Conservation Fund in the custody of the Town Treasurer in accordance with RSA 36-A:5. (by request)

ARTICLE XXVII: To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend money from the State, Federal or other governmental units, or a private source, which become available during the year without further action by Town Meeting. The funds shall be used only for the legal purpose for which the Town may appropriate money. The Selectmen shall hold a Public Hearing prior to the application for Grants from Governmental sources or prior to the acceptance of Funds from any sources.

ARTICLE XXVIII: To see if the Town will vote to instruct the Town's representatives to the General Court to respond to our solid waste crisis by taking all necessary measures to insure that New Hampshire adopt legislation that will permit consumers to return for refund of deposit within New Hampshire all soda, beer, wine cooler and liquor containers and that all unclaimed deposit monies shall be collected by the state and no less than 80% shall be returned annually to local municipalities for the sole purpose of implementing, expanding and reimbursing community recycling projects. (by request)

ARTICLE XXIX: To transact any other business that may legally come before said meeting.

Given under our hands this 22nd day of February, 1989.

Dear Friends,

Please accept our sincere appreciation for your cooperation and support of the Cory Tabor Memorial Field project.

It is the hope of this Committee that the field will benefit the children of Plainfield and serve as a lasting memorial to Cory. Your contribution will help us achieve that goal.

Thank you.

Sincerely,

Ruth Stalker
Secretary

There being no further business the meeting was voted adjourned.

SELECTMEN'S REPORT

The past year has been a very busy one for the selectmen. We accepted the resignation of Paul Rondos as Road Agent and were very please to accept an application from Art Thompson for the position. Many of you will remember Art from when he was Road Agent before. He brings with him a wealth of knowledge about roads and equipment.

We had scheduled to do extensive work on the Brock Road last summer, but on the advice of Art Thompson, we decided to postpone that project for one year. He felt that the gravel roads needed to be worked on more urgently. The money raised in last year's budget for the Brock Road will be held as a payable and spent this year. We will do the Brock Road and five miles of other hard surfaced roads this year to keep on schedule of the original program that we proposed. We have received many favorable comments on the work the road crew has done on the gravel roads.

This past year Plainfield has seen a very large increase in Development pressures. Developers have appeared on the horizon with some plans that included quite a few units. We have received two applications to upgrade "Class VI" roads to "Class V". All of this has taken more time and more legal advice. All of the boards have been involved and trying to coordinate our efforts has become more and more challenging. We have scheduled joint meetings when that has seemed appropriate. To help alleviate some of this, the selectmen are proposing in this year's budget, the addition of an Administrative Assistant. We have felt the need for a few years now but couldn't justify spending the money. We now feel that the running of the Town cannot be done during a Wednesday night meeting alone. The need for an Administrative Assistant is the greatest it has ever been. We need a person who can handle the day to day questions and coordinate information between the boards.

The Police Department has also been kept very busy this past year. The biggest single problem that the Chief has had the most complaints about has been speed on the roads. Again, the impact of growth has determined that the time has come for another full-time police officer. Our Chief has been logging between 70 to 80 hours a week to try to stay up with the activity.

Running a Town the size of Plainfield requires the efforts of many hours from many individuals, most of whom are volunteers. We, the selectmen, would like to take this opportunity to thank the many people who donate their time on boards, study groups, or in any capacity to help run our Town. The job certainly would never get done without your help.

Respectfully submitted,

Judith A. Belyea, Chairman
Peter W. Haubrich
Bruce W. Baird, Clerk

1988 ANNUAL REPORT OF THE PLANNING BOARD

1988 has seen the long forecasted development pressure make an impact on Plainfield and its various boards. The Plainfield Planning Board discussed, in a preliminary manner, three proposals, which, if approved, would add 175 dwelling units. At the close of 1988, none of these proposals have yet moved to formal application.

The range of proposals brought to the board, the number of preliminary consultations, and the complexity of various proposals have all increased this year. Once the Zoning Ordinances were revised a year ago, a new manual was published. Late in 1988 work began on new revisions, minor this time. Work also began on redoing subdivision regulations with a completion of this project expected in the spring of 1989. In these revisions the board relies on the expert, professional assistance of Vicki Smith of the Upper Valley Lake Sunapee Council. Because of the many late nights, the board, in October, decided to meet on a regular twice a month basis, adding the first Monday of each month to our regular schedule. Members have frequently attended meetings of other town boards. Recording minutes, responding to applicants in writing, researching in files in the Town Office take an increasing amount of time.

Subdivision activity was only a portion of work in 1988. There were 10 subdivisions heard and 9 approved, creating 10 new lots. These figures are a slight decline from 1987.

Site Plan Review (adopted in mid 1987) brought increased activity. Nine projects were reviewed and eight approved. Projects reviewed ranged from the complex new Kimball Union Arts Center to use of one room in a single family dwelling for a real estate office.

Preliminary consultations number to 30, and this figure does not include many phone calls which were inquiries that did not lead to consultation. Projects discussed in preliminary consultation range from a 120 unit development to a single annexation of less than an acre. The board has also been involved with preliminary discussion over details of bringing a Class VI road to Class V standards for development purposes.

One new member came to the board, Robert Chamberlin, replacing Bea Clark, a long term member. Bruce Baird replaced Peter Haubrich as the ex-officio member representing the Board of Selectmen.

1988 REPORT OF THE
PLAINFIELD BOARD OF ADJUSTMENT

Special Exceptions were granted during the year 1988 to:

1. Judith Alwater to establish a Real Estate Office in one room of her residence in the Village Residential Zone on Route 12A.
2. John and Marie Varnese for the relocation of their present pallet assembly business to a recently subdivided vacant lot abutting and to the southwest of their present residence on Black Hill Road.
3. Gordon and Fern Wilder to allow for the construction and use, as Commercial Outdoor Recreation, of a 32' x 30' cabin on their large residential lot in Mill Village.
4. Paul Franklin to allow him to construct a building at his residence on River Road from which to sell farm produce both locally and by mail order.
5. Charles Robb to operate a part-time sales business devoted to the sale of pistols and revolvers in his home on Willow Brook Road.
6. The M. Pouchot Trust to renovate an existing building into a food processing plant on their property on Route 12-A with conditions.

Variances were granted in 1988 to:

1. Lee and Betsy Lynd to construct an addition to an existing structure on Bean Road with less than the required front yard depth.
2. Stephen LaPalme to demolish two of the three existing buildings at his residence on Colby Hill Road and to construct a new building with less than the required front yard depth.

The following Appeals from Administrative Decisions were granted to:

1. The Upper Valley Humane Society to alter and repair the existing facility on Westgate Road with conditions.
2. Cliff Wood to use a portion of the Marx-Wood property as a private, non-commercial Helicopter Landing Pad with a condition.

CONSERVATION COMMISSION ANNUAL REPORT

1988 was another challenging year. The challenges took many forms: the opportunities offered by the Trust for New Hampshire Lands - Land Conservation Investment Program, the complexities of state and local regulation of natural resources, and the pressures generated by new development proposals for the town.

All members have been part of the Conservation Task Force - a volunteer group of citizens gathered to evaluate the Town's local resources and to recommend a parcel of land for the Land Conservation Investment funding. After a year of frequent meetings, many field assessments and landowner contacts, the group made a successful application to the State program.

Natural resource regulation is becoming more complicated. As the state's Wetlands Board permit processes become more inclusive, more applications are reviewed necessitating more field inspections. The board has been trying to keep abreast of potential land changes. Through early evaluation of the impact on natural resources, we hope to be in a better position to work with landowners to preserve water aquifers, wildlife, etc.

Some of our programs have been carried over into 1989 for completion. We hope to test water this spring especially in the areas where swimming occurs to look for bacterial and chemical contents.

We have delayed the timber cutting on the Spencer lot as it was not possible to negotiate permission to use an existing timber landing. We hope to trim and mark the existing trails again this year.

The graduating 8th graders planted a Red Oak near the ball field as part of our tree program. We were unable to find a student for conservation camp due to a time conflict. We feel that this is an enriching and rewarding experience and hope to send two students this year. Anyone who wishes more information should contact our board or the school.

With much regret, we accepted the resignation of Steve Beaupre. Steve has given many years as a board member and will continue to foster conservation knowledge through his science classes.

We welcomed three new members this year, Michael Taupier, Karen Dowcett and Ruth Whybrow. Mary Ellen Sullivan has stepped down as a full member and is now an alternate.

The board would like to thank everyone for their continued support of the Commission and especially the Conservation Task Force for their many hours of work.

CONSERVATION TASK FORCE 1988

We were well rewarded by our year of frequent meetings, whereby lengthy discussions, map-making, researching, land-hiking, application filing and talks with landowners took place. Progress is being made toward the achievement of our goal "to contribute to the preservation of the rural landscape and the natural resources of Plainfield."

Pursuing the opportunity provided by the state's Land Conservation Investment Program through the Trust for N. H. Lands, we were able to receive a grant. The grant funds enabled the purchase of the development rights to the James and Helen Walker farm on Sanborn Road. This means that 200+ acres will be permanently protected from development but is still owned by the Walkers. This is a generous gift on their part.

We are presently discussing ways in which we can make further progress with land preservation without relying on the LCIP. We will continue our discussions with interested landowners and invite all suggestions or comments.

On behalf of the residents of Plainfield and ourselves we wish to express our appreciation to the following for their precious gifts to all of us.

James Walker and Helen Walker - Conservation easement to their farm of 200 acres more or less.

Ira and Sara Townsend - 80 acres more or less donated to the town.

Edmond "Peanie" Goodwin and Dorothy Goodwin - Conservation easement on Mud Pond of 290 acres more or less.

David and Marjorie Benson - 100 acres more or less being donated to the town. (in process)

Paul and Nancy Franklin - 30 acres more or less Conservation easement.

Michael Yatsevitch - 280 acres more or less Conservation easement in Plainfield. (520 acres in Cornish)

The money that was budgeted for Water Testing in 1988 was unspent. Due to the time involved with the Trust for NH Land program, we were not able to get that started in 1988. We plan on proceeding with that this year and will use the monies already received. Until we actually get the program initiated, we don't have a feeling for costs.

MERIDEN LIBRARY TRUSTEES REPORT

An increase of registered patrons has seen more use in the library of library materials this past year.

Movie times were added on Saturday mornings alternating weekly with story hour. Beginning at 10:30 A.M., the movie or story hour lasts approximately one hour and the children can then choose books, magazines or cassette tapes to borrow or just use the time discovering their library. Parents bringing children to the library on Saturday mornings for the programs are reminded that the programs end at 12 noon. No programs are held on weekends marking the beginning of school vacations.

Thanks to Ann McAllister for her volunteer time in preparing and presenting the monthly story hour for preschoolers held each third Thursday of the month.

The Chellis Memorial showcase continues to provide an area of interest each month. If you have a hobby or collection and wish to display it in the show case, please call the library and plan for a month long exhibit.

Librarian Bettyann Dote has completed 7 of 8 required courses offered by the State Library through School of Life Long Learning. She attended many meetings in 1988 on both the local and state level. Bettyann was recently presented with a give of appreciation from the Librarians of the Upper Valley Co-op. for her efforts as coordinator and secretary/treasurer of the Co-op. since 1980. She will continue to actively participate in the Co-op. and borrow from the member libraries to provide more of an assortment of books or tapes for our library and will also participate in the video program scheduled to begin in 1989.

The Librarians and Trustees of your town Libraries continue to cooperate in all aspects of Library operations in order to use your tax dollars to the best advantage and provide many and varied services for you, our patron.

To discover what's happening in the libraries each month, what new titles or services have been added, be sure to read the Library columns that appear in each issue of Plain Facts.

The Kid-Pic program was offered in 1988 and will be held again in 1989. Watch for announcements of this important program which provides fingerprints and a photograph of the preschool and school age child. This record kept by the parent could be useful one day if the child should become lost. It's recommended that the photo be updated on each birthday by the parent, the fingerprints are good for life unless injuries to the fingers require new prints. This program is provided by your Librarians and Police Chief in cooperation with the Plainfield and Meriden Good Cheer groups.

TRUSTEES REPORT

There was a small increase in circulation at our library in 1988 with a total of 11,204 books, magazines, tapes, puzzles and other library materials circulated compared to 11,054 in 1987. In addition to 501 books purchased, 150 books as well as magazines and other items were given to the library.

Lack of room for expansion continues to be a serious problem. To make room on the shelves for newer acquisitions, a fiction last-copy depository of limited capacity was established at the Meriden Library where older books will be held to be made available on request.

A fireproof enclosure was constructed around the heating plant as required by state regulations. Now that this long-delayed project is complete, the rest of that area in the basement can be converted to usable space, possible for the junior sections, when funding is available. Also, much-needed improvements were made to the heating system, resulting in a more uniform distribution of heat throughout the library.

The library meeting room continues to be used by many groups for a wide variety of activities. The room was also used for library programs, which had a combined attendance for the year of 951. The adult book discussion, funded primarily by the NH Humanities Council, took place for the fifth year. A well-attended ten-week discussion series, "The Search for Meaning", was held in the summer. This series, led by Nancy Crumrine, was funded by the National Council on Aging and the National Endowment for the Humanities.

England and Peru were the subjects of slide programs, and Ruth Stalker presented an informative talk on her trip to Russia. Anna Salter, psychologist and Plainfield resident, discussed child abuse, using slides and material from her recently published book on the subject. Ruth Wheeler taught a quilting course.

A repeat of the Kid Pix program gave 34 children the opportunity to be photographed and fingerprinted on a voluntary basis for identification purposes. The project was funded by the Community Christmas Committee and the Meriden Good Cheer organization and conducted with assistance from Plainfield Police Chief Gordon Gillens.

Ongoing children's activities included the summer-reading program, free monthly movies (every second Friday at 3 PM), story hour (all other Fridays at 3 PM), holiday parties and contests. A larger-than-life gypsy lady gazed into her crystal ball on the Fourth of July float of the Plainfield and Meriden Libraries proclaiming "I see a book in your future!"

Under the leadership of Diane Rogers, the Friends of the Library had a busy year of fund-raising, including the sale of notepaper, flags, Maxfield Parrish calendars and address books and the annual bake sale in September. A patriotic-theme quilt made by a group of Plainfield women was raffled in November at election time. New members are always welcomed by the Friends, who have purchased for the library books-on-tape, a computer desk, and prizes and refreshments for children's programs.

Unfortunately, a recycling program begun by the Friends early in 1988 had to be canceled because no storage facility for recyclable materials exists in town at present. Eventually the volume of newspapers and recyclable cans brought to the libraries exceeded their capability to handle it on a one-day basis.

Among the meetings attended during the year by the librarian and trustees was the NH Library Association Spring Conference in Rindge. Also, Librarian Nancy Norwalk and Trustee Susan Woodward, together with Meriden Librarian Betty Ann Dole, attended the New England Library Association Conference in Sturbridge, MA, at their own expense.

A special bank account has been established to receive donations to the Building and Renovation Fund. The library was the grateful recipient of memorial and other donations in 1988, including one from the Eagle Auxiliary of Lebanon for the purchase of large-print books. A grant from the MacArthur Foundation provided a circulating collection of PBS programs such as Nova, America, Planet Earth, American Playhouse, etc. on VHS cassettes. These will also be loaned to the Meriden Library for circulation.

We are grateful to those who donated money and books, to the volunteers and to Meriden Librarian Betty Ann Dole and her trustees for their cooperation. Deserving of special appreciation are Diane Rogers, mainstay of the Friends organization, and our industrious and creative Librarian, Nancy Norwalk.

REPORT: TOWN OFFICE SPACE NEEDS STUDY COMMITTEE

Considerations:

Meriden Town Hall. Not feasible. Too expensive to renovate.

Plainfield Town Hall. Not feasible. Meeting space needed for Plainfield Village activities and too expensive to renovate.

Other possible private properties. May not be available and if so would be too expensive to purchase and renovate.

Recommendation:

That a 10 ft. by 30 ft. addition on the north side of the present office be considered. Present space in office to be better utilized by moving of furniture. Monies appropriated for moving door be used for part of expense of addition. Volunteer labor be used for framing and additional monies be raised at 1989 March Town Meeting.

CORNISH RESCUE SQUAD

The Cornish Rescue Squad is a volunteer squad of 26 Emergency Medical Technicians and First Responders from the towns of Cornish and Plainfield. We have been serving the two towns since 1974. Each year we respond to about 100 to 120 calls, including medical emergencies, motor vehicle accidents, structure fires, and woods and river rescue operations. We also provide first aid coverage for such events as the Over the River and Through the Woods triathlon, the Boy Scout Walkathon, and local hockey events. Each year we offer CPR courses to the town's Fire and Police departments, to school personnel, and to all other interested townspeople.

In addition to donating perhaps 100 to 140 hours a year to responding to emergencies and to the volunteer activities mentioned above, Rescue Squad members spend approximately 30 to 40 hours a year in updating their emergency medical skills.

Dial 911 (for 298 and 448 exchanges) or 448-1212 when you need to have the ambulance and/or the Cornish Rescue Squad dispatched. Rescue Squad members arrive within just minutes to initiate emergency medical care, advanced life support measures such as automatic defibrillation in cases of cardiac arrest, and to assist in transporting patients to hospitals.

Money received from the two towns goes toward helping to defray our operating expenses. Any donations or fundraising money are used to purchase new equipment or to update existing equipment. It is an understatement to say how much we appreciate the support shown us by the residents of the towns of Plainfield and Cornish in the past 15 years.

Sincerely,
Larry Dingee, President

In an emergency be sure you know and promptly use the emergency phone number 911 (for 298 and 448 exchanges) or 448-1212.

WELFARE REPORT

In the year of 1988 \$522.34 was spent on General Assistance to Plainfield's poor. Even though the amount of money spent was rather small, much help was provided by directing people to area agencies who provide assistance without costs to the needy.

My sincere thanks to the Plainfield Christmas Committee and the Meriden Good Cheer sponsors for their donations throughout the year. They have brought welcome gifts to the young and old in our community.

If anyone needs assistance, you must complete an application with this office. You can expect immediate response if need is indicated. Funds for direct relief are appropriated out of Town tax revenues and two Trust Funds: the Ward Fund and the Burnap Fund.

Please call or come in to the Town Office for more information. The year we are requesting only \$2,000 be set aside for use in 1989.

HUMAN SERVICES REPORT

In view of the decrease in funding from federal and state sources, human service agencies are struggling to maintain their level of response to the needs of the people they serve. During the past year many Plainfield residents have turned to the following agencies for assistance. After expressing their gratitude for past funding, these five agencies again request our support in 1989.

Headrest: Provides information and referral for Human Services in the Upper Valley; maintains a 24 hour Crisis Hotline (Tel: 448-4400); provides out-patient substance abuse counseling.

MERIDEN VOLUNTEER FIRE DEPARTMENT
1988 ANNUAL REPORT

The big news for the Meriden Fire Department this past year was receiving the New Meriden Engine 1.

It was built by Dingee Machine Company in Cornish and was put into service late in May. Engine 1 has a 5 man cab, 1000 gpm pump and a 2000 gallon tank.

In June Engine 1 was dedicated to G. Gardiner MacLeay, Jr. and John H. McNamara, Sr. for their unparalleled service to the Meriden Fire Department. Their names are set in goldleaf print on the two front doors of Engine 1 for all to see.

Thank you again Gardiner and John!

On behalf of the Meriden Fire Department, I would like to thank the Town of Plainfield, Kimball Union Academy, individual donors, the members of the Meriden Fire Department and their families for helping us make the New Meriden Engine 1 a reality.

The Meriden Fire Department responded to 63 calls for help in 1988. The breakdown is as follows: KUA (23), Structure Fires (7), Mutual aid-Lebanon (4), Cornish (4), Plainfield (7), Motor vehicle Accidents (5), Chimney Fires (5), Haz-Mat (3) and (1) Manurepile Fire.

Again this year there were no major fires in the Village of Meriden!

Claire Downing resigned from the Ladies Auxiliary this year. The Meriden Fire Department and the Ladies Auxiliary would like to thank her for all the time and effort she gave us, helping at fires and fundraisers. We will miss her.

In closing, I would like to remind all of you that smoke detectors **DO SAVE LIVES!**

Respectfully Submitted,

PLAINFIELD VOLUNTEER FIRE DEPT. INC.
 Box 212, Plainfield, NH 03781

During the course of the last twelve months the Plainfield Volunteer Fire Department has answered a total of twenty-five alarms. There was quite an increase in chimney fires mostly due to a lack of maintenance. The break down of fires was: one structure fire, five mutual aid calls (including Meriden & Cornish), seven chimney fires, four smoke investigations, two power lines, three motor vehicle accidents, one brush fire, and one call for fuel oil in the basement.

The department made several capital expenditures this year the biggest being the purchase of a 1988 R model Mack. We hope to have the pump installed in February of 1989. This will be done by Dingee Machine of Cornish, NH. We also purchased a new 3,000 gallon drop tank.

The department would like to thank the Plainfield Fire Department Ladies Auxiliary for their continued support on the Saturday night Social and a special thank-you for their donation of \$1500.00 toward the new truck. Also a special thanks to Bea Clark and Department members for work and support on the Saturday night social.

The Department is looking for persons over the age of eighteen who are interested in challenging past-time and are willing to devote themselves to time and training.

Lastly, persons wishing to obtain burning permits can obtain them from either Deputy Warden G. Gardiner, Deputy Warden Douglas Chapman or Warden Peter A. Berry.

Respectfully submitted,

Peter W. Berry, Chief
 Plainfield Volunteer Fire Dept.

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact one of the persons mentioned above.

REPORT OF THE PLAINFIELD POLICE DEPARTMENT

I would like to thank everyone for your assistance and support over the past year. I am pleased to report that our Calls for Service for 1988 dropped by approximately 10% from 659 in 1987 to 590 for 1988. The Plainfield Police Department is looking forward to serving the citizens of Plainfield in 1989; it is a pleasure to work for all of you.

This will be my last annual legislative report to you.

How does one express one's thanks to the voters for returning me to a job I have loved for eighteen years? I do not believe it possible to find a task more rewarding than serving my town and district. To try and categorize those rewards one by one would take pages and pages. As I look back over the things I have helped into realization I am overwhelmed. The major glitch in an otherwise wonderful experience has been the Cornish-Windsor bridge. The politics involved have been frustrating beyond belief. I shall be relieved and happy when the restoration is complete and our bridge back to its useful life.

The '88 session saw important pieces of legislation passed. It is symptomatic of the times N.H. is in that annual sessions are vital, much as our towns meet annually to do their business. I shall highlight but a few laws here; there is a complete list in the Meriden library.

There were a number of laws relating to child abuse. Also, the child support enforcement act became law. This prevented N.H. from losing precious federal funds had we waited until '89. Money was allocated to help families with a disabled child or young adult. The "school dropout" bill was controversial and passed without the provision which would prevent high school students from obtaining a drivers' license if they dropped out of school. There is now, however, a limit on the number of hours a student may work during the school week.

N.H. now has a much needed division of securities. It is hoped that this will prevent the kinds of fraud and scams we have noted in the past. We have been vulnerable in this area for too long. Also, we liberalized interstate banking.

Two of my bills were placed in study: long term insurance for the elderly and a bill to prevent spousal impoverishment when one spouse is in a nursing home. These committees are coming in with legislation. It is important that any long term care policy contain certain provisions for our N.H. purchasers. Both of my bills will offer a degree of protection to the elderly.

Every year it seems that there is something new to worry about and react to: for example, radon. We passed a law dealing with radon detection in the home. This radon matter had not been so apparent in '87. It was good to be in a posture to handle it in '88. Environmental changes around us make urgent demands on the legislature. Often they cannot be put off for eighteen months. That was the "old way" with biennial sessions. It simply won't work any longer in today's fast moving world.

In recent years the Federal Government has been "handing-me-down" more and more obligations all the time. Many people say that it has lost its political will and is becoming impotent. Political scientists agree that the action is now at the state level. Concord has never been more important to us at the local level. If only money would accompany the mandates of the "Fed."

Mammograms for women under the age of 45 are now covered by all insurance companies issued in the state of N.H. I suggest persons consult their physicians about the details. We were convinced that this law would go a long way toward detecting early signs of breast cancer. Of course, to be successful a person needs to have this done. Having a law is only the start.

We have been told that there are about 100,000 persons in this state without access to healthcare because they lack health insurance. Indigent care cost hospitals about \$48 million in '87. The tab for this was shifted to paying customers. Low birthweight babies born to young unwed mothers have increased. There will be a bill to extend medicaid coverage to pregnant women and children up to one year. We hope that this legislature will see fit to allocate the needed dollars for them. It would be a saving of both money and people in the long run. I shall follow these measures from the outside and do what I can to help them along.

Please pay attention to your legislature and communicate with those who represent you. Thank you all again for eighteen wonderful years. I couldn't have done it without you.

SARA M. TOWNSEND, former Representative.

REPORT OF MERLE W. SCHOTANUS

REPRESENTATIVE TO THE NEW HAMPSHIRE GENERAL COURT

The 1988 legislative session proved to be the election year "horse race" I predicted in my last annual report. Some steps were taken to begin to solve the state's affordable housing problem and a good frame work for dealing with the literacy and school dropout problems was established in the literacy bill. Most significant, from my perspective, was passage of my committee's landmark solid waste management bill which set recycling as the state's major focus for reducing our 2800 ton per day solid waste stream.

Our new governor's recent executive order directing state agencies to establish recycling programs and purchase recycled products does well for state support of local solid waste management efforts. Many of the solid waste bills being introduced in the 1989 session should help this effort considerable. After four years on the Environment and Agriculture committee, I will now have an opportunity to help formulate state spending policies on Appropriations committee. I expect to be extremely busy, but look forward to the challenge of helping to insure adequate funding for protection of our state's vital natural resources while maintaining fiscal stability.

I have begun my third term as chairman of the Sullivan County delegation. Our sixteen member team has seven highly qualified new members who appear eager to help the delegation's ongoing drive to strengthen Sullivan county's voice in Concord. The county budget continues to be a problem. I hope taxes required to fund the 1989 budget will not exceed the cost-of-living increase. County government does not have much capability to generate revenue other than from taxes. Hence, expenditures, and thus, services must be drastically reduced if we are to achieve this goal.

The delegation requests your views at town meeting on three issues:

1. Should the county adopt the fiscal year to replace the annual year budget on which it currently operates? Although the transition to a fiscal year would require more, not higher, tax revenue for the first year, there-after the county would save about \$100,000.00 each year in interest costs.
2. Should the three county commissions be elected on a staggered basis? This would allow continuity of experience among commissioners.
3. Should the county establish a county-wide emergency service dispatch center? This would require a bonded capital investment and relatively low annual operating costs and would improve coordination and response time of fire, ambulance and police services county-wide through use of the 911 emergency telephone number.

Your views as a taxpayer and voter will help the delegating made objective decisions on these important issues.

Your comments on legislative issues are very important in helping me to represent you. Please write or call (863-1928 or 371-3165) and let me know your views.

Representative Merle W. Schotanus
Graham
District 1, Sullivan County

PETER HOE BURLING

REPRESENTATIVE TO THE NEW HAMPSHIRE GENERAL COURT

My first report as one of your Representatives will be short because, for me, the work has just begun. I have been assigned a seat on the House Judiciary Committee, which will be very busy this Term. For the County Delegation I will be Chairman of the Human Services Committee. Our goal there will be to address the growing problem of county funding for programs: more and more social services look to the county for assistance, and each year the real property tax burden becomes more unbearable. The time to begin the process of making informed political decisions about what we can and cannot do through county funding is now.

I have prepared an important piece of legislation limiting the liability of fire personnel and rescue squad members acting within the scope of their duties. If we are to continue relying on volunteers to help us with this important kind of work, we must do something to protect those volunteers from the ravages of our current system of litigation. My bill will do that, and I'm hopeful that support and passage will be along.

Thanks again to you all for the opportunity to represent you. If there is anything that I can do to be of assistance, please call at my office (675-2911) or at my home (675-6255)

Respectfully submitted,

Peter Hoe Burling

ANNUAL REPORT
HISTORY OF PLAINFIELD PUBLICATION COMMITTEE

The History of Plainfield Publication Committee continued work on the Town History throughout the year.

Under the direction of Philip Zea, Editor, the following was accomplished:

1. Research and writing of approximately 75% of the text.
2. Editing of all first drafts and some final drafts.
3. Preliminary work on collecting maps and pictures, with much to be done on this in 1989.

The Committee is seeking photographs, maps and other materials to illustrate the various chapters. Please contact the Committee if you can help. Also, the Committee would like to receive more personal accounts of old-time events, personalities and other features of Plainfield.

The full Committee met five times during the year. More than forty-five people are involved in preparing this history. If all continues to proceed as planned, we should be going to press in January of 1990.

IRA TOWNSEND
1988 MUNICIPAL VOLUNTEER AWARD RECIPIENT

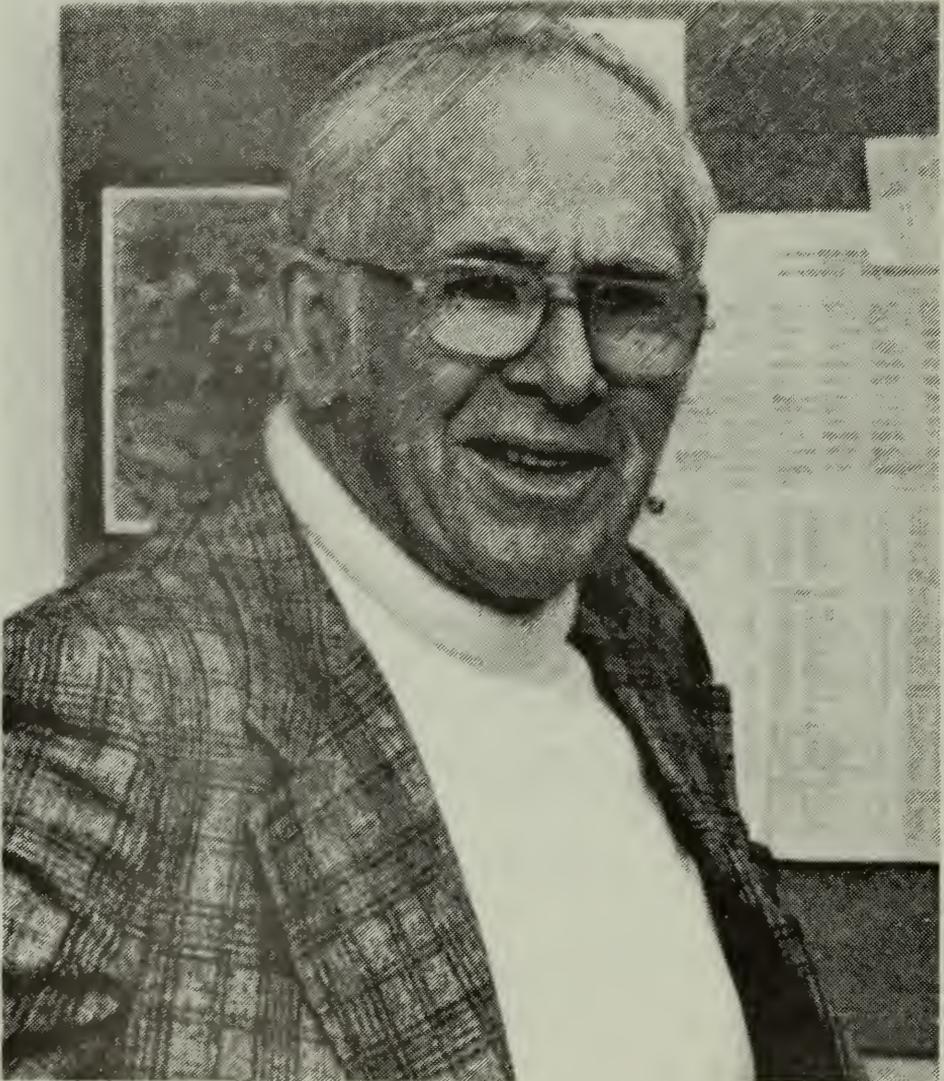

This year the New Hampshire Municipal Association sponsored an award for the outstanding volunteer from each county.

The Selectmen are pleased to announce that Ira Townsend has been selected by New Hampshire Municipal Association's Executive Committee to receive a 1988 Municipal Volunteer Award.

The award was presented at the Awards Luncheon that was held as part of NHMA's Annual Conference on November 18, 1988 at the Center of NH Holiday Inn in Manchester. New Hampshire Municipal Association provided a lunch for him that day.

Ira was nominated by his peers in local government for the many valuable contributions he has made serving our community. We all thank him for the many hours he has put in as a source of information for those needing help, for the willingness to serve on countless committees, and much more.

We rarely take the time to publicly thank citizens such as Ira Townsend and hope this recognition will serve as a model for the type of volunteer involvement without which town and city governments could not function.

MERIDEN VILLAGE WATER DISTRICT MEETING
MARCH 15, 1988

At a legal meeting of the inhabitants of the Meriden Village Water District, in the County of Sullivan, State of New Hampshire, qualified to vote in District affairs, held at the Plainfield School on Tuesday, the fifteenth of March 1988 at 7:30 P.M., the business was disposed of in the following manner.

Given under our hands and seal this 28th day of February, in the year of our Lord, Nineteen Hundred and Eighty Nine.

A true copy attest: Commissioners, Meriden Village Water District
Jeffrey S. Allbright
Donald E. Garfield
Lee Lynd

REPORT OF COMMISSIONERS
MERIDEN VILLAGE WATER DISTRICT

The Commissioners have continued to operate the water system this past year. Maintenance costs were considerably over budget due to the need to replace both of our 15-year old pumps. One pump was completely worn out and the other is being refurbished to be used as a spare.

At a special meeting held on September 14, 1988, voters approved a \$525,000 bond issue for construction of a water storage tank and installation of a larger water main from the tank down Chellis road and part way down the east side of Main Street. Our engineers, T & M Associates, are proceeding with design and bids will be solicited for construction during the summer of 1989. Kimball Union Academy will pay 97.5 percent of the bond, while residential users will pay the remaining 2.5 percent. This will result in an increase in residential water charges from the present \$110 to \$140 annually.

Kevin Kingston and Ina Townsend have continued to do an outstanding job operating and maintaining the wastewater treatment facility.

PLAINFIELD VILLAGE WATER DISTRICT
1958 ANNUAL REPORT OF COMMISSIONERS

The year 1958 was without incident except for one bad leak, (40,000 gallons). One of our subscribers noticed a puddle where one should not be and notified the superintendent. The cause of the leak turned out to be a bad fitting.

Our one well has been barely able to keep up to the community demand of water. We must locate and dig a new well during 1959. The drought of 1958 and the fact that the brook is frozen have contributed to our short supply of water.

We have installed a new compressor which will keep the air to the proper volume in our pressure tanks. Three blow-offs have been installed adjacent to the pumping facility which will allow flushing of our pressure tanks. The roof of the pumping facility has been replaced. We have replaced one of our pumps and have ordered another new pump to replace the second one.

We have installed a meter on Roberts Road that will meter all the water used by Spruce Park. We will not have to estimate the water used by the park in the future.

We would like the subscribers to continue to conservation of water, as the expert tell us that we are in for another dry season.

Respectfully submitted,
Commissioners of the
Plainfield Village Water District
David Scott
Leonard Koehler
Raymond Morin

PLAINFIELD SCHOOL DISTRICT
WARRANT
State of New Hampshire

Sullivan, ss:

School District of Plainfield

To the Inhabitants of the School District of Plainfield, In the County of Sullivan, and State of New Hampshire, qualified to vote In District affairs:

You are hereby notified to meet at the Plainfield School In the Village of Meriden In said Plainfield, New Hampshire on Saturday, March 11, 1989 at 2:00 PM to act on the following subject:

Article I. That the Plainfield School District appropriate the sum of \$485,000.00 for the construction of additions and renovations, to the Plainfield Elementary School presently located on land owned by the District, for equipping and furnishing said additions and renovations, for architectural and other service fees, and for any items incidental thereto and necessary for the said construction and renovations;

That said appropriation be raised by borrowing the sum of \$485,000.00 by the Issuance of sale of bonds or notes on the credit of the District under the New Hampshire Municipal Finance Act;

To authorize the Plainfield School Board to invest said monies and to use the interest earned thereon for said project;

To authorize the Plainfield School Board to obtain state, federal or other aid that may be available for said project;

To authorize the Plainfield School Board to fix the date, maturities, denominations, the interest rate or the discount rate in the case of notes, the place of payment, the form and other details of said bonds or notes, and to provide for the sale thereof; and

To authorize the Plainfield School Board to take any other action necessary to carry out this vote.

NOTE: In accordance with NHRSA 33: 8-a, a vote will be by secret, written ballot with the polls remaining open for at least one (1) hour after the end of discussion.

Article II. To hear the reports of Agents, Auditors, Committees, and other officers heretofore chosen and to pass any vote relating thereto.

Article III. To see if the District will authorize the Moderator to establish a School Study Committee to work with the Plainfield School Board in developing long term solutions to accommodate a growing student population.

Article IV. To see if the Plainfield School District will vote to authorize the Moderator to appoint a Finance Committee of six persons to advise the School Board and other officers of the Plainfield School in the prudential affairs of the School. (by petition)

Article V. To see whether the District will vote to indemnify and save harmless from loss or damage any person employed by the School District and any member or officer of its governing board or administrative staff from personal financial loss and expense, including reasonable legal fees and costs, if any, arising out of any claim, demand, suit, or judgment by reason of

negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property in accordance with the provisions of RSA 31:105.

Article VI. To see what sum of money the District will raise and appropriate for the support of the school, for the salaries of school district officials and agents, and for the payment of statutory obligations of said District and to authorize the application against said appropriation of such sums as are estimated to be received from state and federal governments together with other income, the School Board to certify to the Selectmen the balance which is to be raised by taxation by the District.

NOTE: This article appropriates all funds for the operation of the School District except for increased salary and benefits for teachers and administrator which will be acted upon in Article VII of this meeting unless negotiations are completed by the Annual District Meeting date.

Article VII. To see if the District will vote to adjourn this Annual School District Meeting to Saturday, May 6, 1989 at 2:00 PM at the Plainfield Elementary School, Bonner Road, Meriden, NH at said time and place to see what sum of money the District will raise and appropriate as an amendment to Article VI either to implement economic agreements between the Plainfield School Board and employee groups protected by NHRSA 273-A or to implement the recommendations of an independent fact-finder appointed to resolve the collective bargaining impasse between the parties.

Article VIII. To see if the District will adopt the following resolution, and if adopted forward it to the appropriate State of New Hampshire officials:
RESOLVED. We the residents of the Plainfield School District find the State of New Hampshire to be negligent in the funding of Public Education, thus creating an undue burden on the local property tax payers. We demand that the State of New Hampshire Legislature begin in earnest to study methods for substantially increasing State aid to education.

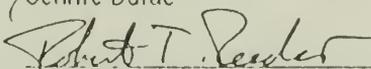

Article IX. To see if the District will authorize the School Board to make application for, to accept on behalf of the District, and to expend for the purpose intended any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private foundations, trusts or individuals.

Article X. To transact any other business that may legally come before this meeting.

NOTE: Election of School District officials will take place at the same time and place as the election of Town Officials on March 14, 1989.

Given under our hands and seals at said Plainfield this 15th day of February, 1989.

Plainfield School District
Minutes
Annual Meeting - March 5, 1988

At a legal meeting of the voters of the School District of the Town of Plainfield, Moderator Stephen H. Taylor, called the meeting to order at two o'clock in the afternoon of March 5, 1988 at the Plainfield School in the Village of Meriden, in said Plainfield followed by an invocation and the pledge of allegiance.

ARTICLE I. To hear the reports of agents, auditors, committees and other officers heretofore chosen and to pass any vote relating thereto.

A Resolution in recognition of the 20 years of dedicated service by William Jordan to the School District of Plainfield was read.

A Resolution in recognition of the nine years of service by James Griffiths as School Board Member was presented by the School Board and Administration in appreciation for his time and dedication to the School District of Plainfield. A plaque from the NH State School Board Association was also presented to him for being a member of outstanding service to his community.

The following resolution was presented, moved and seconded it be adopted. Resolved. That the District accept the reports of the officers, agents and auditors, as printed in the Annual Report. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE II. The following resolution was presented, moved and seconded it be adopted. Resolved: That the District vote to authorize the establishment of a Citizen's Advisory Committee of ten (10) people to work with the Plainfield School Board in developing interim and long term solutions to accommodate a growing student population. An amendment to the resolution was presented, moved and seconded to change the resolution to read "at least ten (10)." A vote by voice on the amendment was in the affirmative and it was so declared. Another amendment was presented, moved and seconded to add the following words to the amendment "and further that the School Moderator be given the authority to appoint said committee." The vote by voice on the amendment was in the affirmative and so declared. The amended resolution reading as follows "That the District vote to authorize the establishment of a Citizen's Advisory Committee of at least ten (10) people to work with the Plainfield School Board in developing interim and long term solutions to accommodate a growing student population and further that the School Moderator be given the authority to appoint said committee." was voted on. The voice vote was in the affirmative and so declared by the Moderator.

ARTICLE III. The following resolution was presented, moved and seconded it be adopted. Resolved: That the District will authorize the expansion of the size of the Plainfield School Board from three (3) to five (5) members and to have the change take effect with the 1989 Plainfield School District elections. The initial Board terms of the two new positions shall be as follows:

One Board term for a two year period for years 1989-91 and the other Board term for a three year period for years 1989-92. Board terms will become regular three year terms after the initial terms. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE IV. The following resolution was presented, moved and seconded it be adopted. Resolved: The the District raise, appropriate and expend the sum of \$1,552,927.00 for the support of schools, for the salaries of the school district officials and agents, and for the payment of statutory obligations of said District. The vote by secret written

ballot by checklist resulted in 178 yes and 49 no. The vote was in the affirmative and it was so declared by the Moderator.

ARTICLE V. The following resolution was presented, moved and seconded it be adopted. Resolved: We the residents of the Plainfield School District find the State of New Hampshire to be negligent in the funding of Public Education, thus creating an undue burden on the local property tax payers. The affirmative voice vote was unanimous and was so declared by the Moderator.

ARTICLE VI. The following resolution was presented, moved and seconded it be adopted. Resolved: That the Plainfield School District authorize the School Board to make application for, and to accept on behalf of the District, and to expend for the purpose intended, any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private foundations, trusts, or individuals. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE VII. Other business transacted:

A letter by Robert C. Drye withdrawing his candidacy for School Board Member was read.

John Donaghy made an announcement that he had withdrawn his candidacy for School Board Member.

A motion to adjourn the Meeting was made and seconded and a voice vote was in the affirmative. The Moderator adjourned the meeting at 4:25 P.M.

Respectfully submitted,

Joyce C. Lundrigan
School District Clerk

FROM THE SUPERINTENDENT

EDUCATION

"Education would be much more effective if its purpose was to ensure that by the time they leave school every boy and girl should know how much they do not know, and be imbued with a lifelong desire to know it."

Sir William Haley

We who serve the youth of this community accept our responsibilities as educators with a sense of awe. You have entrusted us with your most precious possession, the minds of the future leaders of our community, state, and world. That responsibility is awe inspiring and humbling. We thank you for your confidence and will make every attempt to live up to the trust you have placed in us.

As I joined the educational staff of School Administrative Unit No. 32, it was with a sincere respect for the excellent programs and outstanding staff already in place in our school system. Evidence is all around us of the quality work completed by those who have gone before. Our students' academic achievement compares most favorably with those of students from around the nation. Our graduates have achieved and are continuing to achieve success in academic pursuits after high school. Graduates who enter the work force directly after high school are finding meaning and success in their lives.

Even though we can be justifiably proud of the products of our school system, we have an obligation to continually strive for improvement both instructionally and managerially. Our community and our world is in a constant state of change and we must adjust to meet these new challenges. We also must accept responsibility for continually searching for ways to operate as efficiently as possible while offering a quality instructional program. Our community has for years supported a quality education and it is our responsibility to see that the money is used wisely.

Thank you for your willingness to invest in the future of our community by providing for the development of our youth.

M. Ray Evans
Superintendent

Plainfield School Study Committee

At the March 1988 School District Meeting, Moderator Steve Taylor was charged by Plainfield voters to appoint a committee "to work with the Plainfield School Board in developing interim and long-term solutions to accommodate a growing school population". The thirteen-member committee, with Herb McKinney as Chairman, began meeting in April to work toward presentation of a recommendation by October 1, as requested by the School Board.

The Committee first sought to determine the opinions of its own members about the various issues involved. An agenda gradually evolved which led to a random telephone survey of Plainfield voters followed by discussions with representatives of the Planning Board, Selectmen, architectural firms, and local building contractors. At all meetings, at least one School Board member was present.

The telephone survey confirmed what committee members believed were the primary concerns of most voters. Many people believed that there is a need for increased classroom space, but that the proposed cost was too great; others were not convinced that more space is needed. The committee resolved to focus on the actual need for space and agreed on the need to communicate thoroughly and clearly any new proposal to the voters.

Planning Board members met with the Committee and indicated that the population of Plainfield is experiencing a significantly increased rate of growth (the number of building permits rose from 20 issued in 1985 to more than 50 issued in 1987). Plainfield School enrollment has climbed from 255 in October of 1986 to 291 at the start of school this year. Obviously growth is a concern for Plainfield.

Discussions with local builders led the Committee to believe that sorely-needed additional school and town office space could be provided which would be functional, practical, cost-effective and would require a smaller bond issue. In brief, the Committee has recommended that six rooms be added (for a net gain of five) and that the present teachers' room be reconfigured to provide additional town office space.

Other recommendations to the School Board include: retaining architect Fred Kell to prepare specifications so that bids might be received before annual school meeting; providing townspeople with exact costs of the project; informing the architect of the importance of a functional, practical, cost-effective design; appointing a Building Design Advisory Committee to review specific needs of the school and to review plans drawn by the architect.

On October 13, 1988, the School Study Committee met with the public to discuss the recommendations.

In January 1989, fourteen families from throughout the town agreed to host informal meetings in their homes for discussion of the addition and the costs involved in bond vote passage. The meetings were held during the week of February 6, and were followed by a public hearing on the bond proposal on February 13.

The Committee has worked to assess the needs of the school, to make recommendations which would satisfy those needs in a fiscally responsible manner and to communicate as effectively as possible with Plainfield voters

Plainfield School Building Design Advisory Committee

One of the recommendations of the School Study Committee was that the School Board appoint a committee to review specific needs within the school and to review plans drawn by the Architect. The Board accepted the recommendation and appointed the following people as members of the Committee: Joan Garipay, Building Principal; Steve Beaupre and Pat Gosselin, teachers; Boone Rondeau, Finance Committee; Tom Norton, School Study Committee; Howard Zea, representing Selectmen in renovation of Town Office space; Maryellen Sullivan, School Board.

The Committee began meeting with architect Fred Keil in early October. Discussions during meetings included: mechanical and electrical systems; addition of small unisex adult restroom in area of new handicapped-accessible student restrooms; egress windows/individual doors leading from new classrooms to outside; placement of firewall, possibility of lockers rather than coat hooks; best use of small spaces to gain testing area, storage area; asphalt roof/standing seam metal roof.

When bids were opened and costs of specific items which had been bid separately as alternates were known, the Committee worked with the architect to select carefully the items necessary for safety, building protection and building management.

Principal's Report: 1987-88

This was the first year that job-sharing had been a part of Plainfield School. Two teachers, each with infants, requested and were granted permission to share a second grade classroom, each teaching for half of the week. This arrangement allowed each to return to work on a reduced work week while allowing the school to keep two exceptional teachers on staff. The real winners in this arrangement were the children.

In the late winter and spring, there were several grant opportunities available to fund special projects from the Governor's program for Excellence in Education. We were awarded three out of the four that we had applied for: one for Computers for Teachers and the other two for Gifted and Talented Education. One of the Gifted and Talented grants was done in collaboration with the Cornish School, and two Plainfield teachers, Fran Hills and Brenda Johnson. The school library was computerized with funds from a grant written by Donna Beaupre.

By October the school population had increased more than ten percent from that of the previous year. An attempt at passing a bond to build an addition to the school met with defeat in September and again in January. A new citizen's committee was named in March to assess the needs of a growing school population and began meeting in early spring.

Steve Beaupre and his committee finished work on the K-8 math curriculum and had it ready for presentation to the School Board at their summer meeting.

In April, upper grade students performed in the play, GOLD CHUCKS WITH RED SHOELACES, written by Lise Johnson, a seventh grade student.

An environmentally oriented science program with the acronym BEAR (Be an Earth Aware Resident) was successfully launched in conjunction with the Montshire Museum, money from Nancy Mogielnicki's sale of T-shirts, and community volunteers. Our thanks and appreciation to Karen Dowcett who organized the army of volunteers, the materials, and the training sessions for volunteers.

With June came the departure of some valued staff members. John Kwiatkowski, the art teacher, moved with his family to California. Nancy Baker and Greg Marshall resigned their jobs as bus drivers. Sandy Proulx, Chapter 1 aide, resigned to relocate to another area of the state. Barbara Couch, guidance counselor, left earlier in the year for a position in business. Their contributions to the children of Plainfield have been greatly appreciated.

1988 ANNUAL REPORT PLAINFIELD CHAPTER I

Chapter I is a federally funded program for compensatory education. Programs funded under Chapter I are developed locally to successfully meet the supplementary instructional needs of educationally disadvantaged children. Our local project provides supplementary instruction in math in grades 3-6.

A trained teacher's aide provides instruction to small groups of students who need help on mastering math skills. The students have been referred by their classroom teacher and/or parents. Students who are enrolled receive instruction in their classrooms or in a quiet comfortable room elsewhere in the building. All activities are coordinated with the classroom teacher and the student's classroom math program.

My thanks and appreciation to the citizens of the district, teachers, administrators and the school board for their on going support for quality education in Plainfield.

Respectfully,
Deborah Kelly Griffiths

Nurse's Report for 1987-88

As the school nurse I meet with each student many times during the school year. I continually reinforce, encourage, and teach good health habits. Visits to the nurse's office increased again this year. These visits include serious accidents, minor cuts and bruises, sicknesses with fevers, ear infections, chicken pox, eye infections, tiredness, and many other personal health related problems, that interfere with the students ability to take an active part in the learning process in the class room.

Vision, hearing, dental, nutritional, growth and development screenings were completed during the year on all students. The 4th grade students were screened for scoliosis (curvature of the spine). Any unfavorable or abnormal findings from all screenings were reported to the parents and assistance was given if necessary to obtain help in follow-up care. All health records were updated with any available health related information.

Medication to any student needing medication during the school day was dispensed as directed by their physicians upon written request and permission from the student's parent.

Pre-registration for the Fall 1988 Kindergarten was held in May at the school. Parents and their child met briefly with the nurse. Several vision and hearing screenings were done and the required health immunizations and physical examination were explained. At this time health problems were discussed and specialized treatment planned.

The importance of good health is constantly being taught through the cooperation of all school personnel. The goal is to encourage individual initiative and responsibility to maintain a healthy mind and body.
