Dear Elz:

Yes, I'm in the pipeline, one end of which is in Ulsanbu, Korea and the other in Pittsburgh.

By the time you get this letter, I expect to be on the high seas headed homeward. I should arrive in Pittsburgh on or before 10 December—perhaps a few days sooner or later. At any rate, Christmas will find me home.

At the moment, I'm in Japan at the port of Sasebo from which we'll be shipped out. Expect to get on the boat within seven days or sooner.

There are some things I would like for you to attend prior to my arrival home. Perhaps you can do this before the frantic shopping days begin to take all your time.

There are some things I would like for you to attend prior to my arrival home. Perhaps you can do this before the Xmas shopping days begin to take all your time.
These things are as follows

1. Have the car in running order—because you may have to meet me at the station.

2. Have my driver's license handy—for I may want to drive home from the station.

3. You should have a minimum of 100 frank and/or New Year and/or Yuletide Season cards on hand. I shall send out quite a few soon after getting home. If you will have already mailed out some, your list should be available so there will be no duplication. Gilda usually has an excellent line of cards of all varieties—order some for us.

4. Your two gift list should be made out for the presents you will not have already purchased.

5. All our bonds should be accounted for. I want to know how many we bought since my departure last year—how many we have alto-

gather and the sum total of our bond standing. Further I prefer that we take complete inventory of our financial status as of 31 December 1951.

6. You should have detailed accounting for funds expended from the checking account. This does not include your monthly allotment check which you need not make any accounting for.

7. Any outstanding financial obligations, bills, etc. should be noted.

Now all these things above are quite important to me even though you may consider them bothersome. So if you have them all arranged in a business-like fashion, no one's nerves will be irritated. Just about know what I want to know. You can just about anticipate all the questions of information I'll probably ask. So get all set.

So we won't have to chit about them. You need not prepare any elaborate or eloquent defense arguments for your expenditures. What has been done has undoubtedly been for good purpose. All I want to know is how we stand financially now and what went on during these last 15 months I have been in Korea.

I may call you soon as possible. Perhaps before this letter arrives.

Love to all.

Good cheer to all.

I am comin' home at last.
