TOWN OF PLAINFIELD

To the inhabitants of the Town of Plainfield, in said county of Sullivan, and said State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Plainfield School gymnasium on Tuesday, the 13th day of March next at 10:00 o'clock in the forenoon to act upon the following subjects:

ARTICLE I: To choose by ballot, one Moderator for two years, one Selectman for three years, one Trustee of Trust Funds for three years, two Library Trustees for three years, one Library Trustee for one year, one Supervisor of the Check List for six years, one Auditor for two years, and any other necessary Town Officers.

ARTICLE II: To see what action the Town will take with regard to the following question, said question being on the following change proposed by the Selectmen and the Planning Board to the Town of Plainfield Zoning Ordinance, Manufactured Housing Park Licensing Ordinance and Building Construction Ordinance as follows:

Do you favor the following change?

Amend Article II, Section 2.5 F.2 (Prohibited Uses), by the addition of the following paragraph:

"Along watercourses with a designated Regulatory Floodway no encroachments, including fill, new construction, substantial improvements, and other development are allowed within the floodway that would result in any increase in flood levels within the community during the base flood discharge. In Zone A of the FEMA Flood Insurance Maps, the Building Inspector shall obtain, review, and reasonable utilize any floodway data available from Federal, State, or other sources as criteria for requiring that development meet the floodway requirements of this section."

ARTICLE VII: To see if the Town will vote to raise and appropriate the sum of \$50,000 to be used by the Highway Department on the Road Projects.

ARTICLE VIII: To see if the Town will vote to raise and appropriate the sum of \$44,100 for the purchase of a new dump truck for the Highway Department, and to authorize the Selectmen withdraw this sum from the New Equipment Trust Fund created in 1987 for this purpose pursuant to RSA 31:19-A.

ARTICLE IX: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purchase of Highway Department Trucks and Heavy Equipment and to raise and appropriate the sum of \$30,000 to be placed in this fund.

ARTICLE X: To see if the Town will vote to raise and appropriate a sum of \$21,000 for repairs to the Houser Lane Bridge.

ARTICLE XI: To see if the Town will vote to raise and appropriate a sum of \$18,900 for the purchase of a new pick up for the Highway Department, and to authorize the Selectmen to withdraw this sum from the New Equipment Fund created in 1987 for this purpose pursuant to RSA 31:19-A.

ARTICLE XII: To see if the Town will vote to raise and appropriate \$15,000 to be placed in the Capital Reserve Fund for the Revaluation of the Town.

ARTICLE XIII: To see if the Town will vote to raise and appropriate a sum of \$8,000 for the purchase of municipal computer software and equipment for the Selectmen's Office and other officers.

ARTICLE XIV: To see if the Town will vote to raise and appropriate the sum of \$5,000 to be placed in a Capital Reserve Fund for the future purchase of a Police Cruiser pursuant to RSA 35:1.

ARTICLE XV: To see if the Town will vote to raise and appropriate a sum not to exceed \$4,232 for Human Services as recommended by the Human Services Committee. (by request)

ARTICLE XVI: To see if the Town will vote to raise and appropriate the sum of \$1,000 for the Microfilming of Town records.

ARTICLE XVII: To see if the Town will vote to raise and appropriate the sum of \$1,000 for the Plainfield Publication Committee to continue editorial work leading to publication of a complete History of Plainfield. (by request)

ARTICLE XVIII: To see if the Town will vote to instruct the moderator to appoint a committee to study the structural condition of the town hall at Plainfield Plain, said committee to report and present recommendations at the 1991 annual meeting for appropriate repair and maintenance of the building, and further, to raise and appropriate the sum of \$1,000 for the use of said committee in carrying out the intent of this article. (by request)

ARTICLE XIX: To see if the Town will direct the Selectmen to appoint a committee to study the Maxwell Parrish backdrop and to vote to raise and appropriate the sum of \$1,000 for the study thereof.

ARTICLE XX: To see if the Town will vote to increase the real estate exemption on dormitories, dining rooms, and kitchens of Kimball Union Academy above \$150,000 as allowed in RSA 72:23, and take any other action relating thereto.

ARTICLE XXI: To see if the Town will direct the Selectmen to appoint within 60 days of Town Meeting a committee to continue the KUA/Plainfield Tax Study for 1990. The charge to this committee shall be to meet with representatives of the KUA administration at least quarterly, maintain an ongoing review of the relationship between the academy and the Town pursuant to RSA 72:23 and to report back to next year's Town Meeting.

ARTICLE XXII: To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its 1990 appropriation, said funds to be placed in a special Conservation Fund in accordance with RSA 36-A:5. (by request)

ARTICLE XXIII: To see if the Town will vote to adopt a policy encouraging all residents and commercial operations to sort solid waste for recycling whenever possible. In the event that the Town of Plainfield was unable to bring household and/or commercial waste to the Claremont incinerator, and said waste was brought to the Lebanon Landfill, the commercial haulers transporting this material will adopt separate rates for trash removal with a lower rate for trash separation. The intent of this article being to meet the requirement of Section 9 of the Town's present Lebanon Landfill Agreement.

ARTICLE XXIV: To see if the Town will instruct the Moderator to appoint a Finance Committee of six persons to advise the Selectmen and other officers of the Town in the prudential affairs of the Town.

ARTICLE XXV: To see if the Town will vote to designate Jesup's Milk-Vetch, a rare and endangered species found in Plainfield, the "Plainfield Town Plant." (by petition)

ARTICLE XXVI: To see if the Town will vote to designate and proclaim April 22, 1990, as Earth Day 1990, and to set aside that day for public activities promoting preservation of the global environment and launching the "Decade of the Environment." (by petition)

ARTICLE XXVII: To see if the Town of Plainfield will send a message to the Legislature and Governor calling for a comprehensive toxics law requiring coordinated programs of planning, research and development, education, enforcement, and economic incentives to achieve toxics reduction by substitution with safer substances. (by petition)

ARTICLE XXVIII: To see if the Town of Plainfield will send the following message to our Representative and Senators in Washington: As citizens of New Hampshire assembled at our town meeting and concerned over the present and future well-being of our town, state, nation and world, we call on our representatives in Washington to work vigorously for substantial reductions in military spending--spending for which the taxpayers of our town paid approximately \$2,666,592.00 last year--and to redirect our federal tax dollars toward such purposes as education, environmental protection, deficit reduction, farming, housing, health care, and welfare of the elderly and children. (by petition)

ARTICLE XXIX: To see if the Town will vote to authorize the Selectmen to dispose of property acquired by Tax Collector's deed by sealed bid or public auction.

ARTICLE XXX: To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend money from the State, Federal or other governmental units, or a private source, which become available during the year without further action by Town Meeting. (RSA 31:95 d) The funds shall be used only for the legal purpose for which the Town may appropriate money. The Selectmen shall hold a Public Hearing prior to the application for Grants from Governmental sources or prior to the acceptance of Funds from any sources.

ARTICLE XXXI: To transact any other business that may legally come before said meeting.

Given under our hands this 21th day of February, 1990.

ARTICLE III: To see what action the Town will take with regard to the following question, said question being on the following changes proposed by the Selectmen and the Planning Board to the Town of Plainfield Zoning Ordinances and Building Construction Ordinances as follows:

Question 1. Do you favor the following amendments to Article II, Section 2.5 of the Plainfield Zoning Ordinances?

AMEND Section 2.5 Schedule A as follows:

Replace references to "sand and gravel operations" with "removal of natural material".

AMEND Section 2.5 Schedule A: by replacing the heading, "Width at Front Lot in Linear Feet", with: "Road Frontage in Linear Feet".

AMEND Section 2.5 Schedule A: by deleting the Lot Shape requirement in each district and adopt a new section, Section 4.13 Lot Shape, as follows:

"In no case shall the width of a lot measured along its road frontage be less than 25% of the lot length measured perpendicularly to the straight line best

approximating the road frontage."

AMEND Section 2.5(E): by deleting subsection 2, "Special Provisions and Requirements", and renumbering the remaining subsections as necessary.

AMEND Section 2.5(E), subsection 4, item (c) as follows:

Change "(c) seasonal residence" to "(c) seasonal structure".

Yes 269

No 64

Question 2. Do you favor the following amendments to Article III, Section 3.6 of the Plainfield Zoning Ordinances?

AMEND 3.6: by deleting the present section and substituting the following in its place:

Removal of Natural Material.

A. In any district so designated, the removal of natural material shall be permitted only in accordance with the provisions required in the district for such use and in accordance with the following additional requirements:

1. The natural cover of land shall be maintained for at least 100 feet from the excavation to the property lot line or any roadway right of way.

2. The final slope of the excavation will not be in excess of 1 1/2 to 1 (horizontal/vertical).

3. Adequate barricades or fences shall be erected and maintained together with adequate provisions for the prevention of flying dust and the accumulation of ground or surface water; adequate provision shall be made for the muffling of sound and the prevention of dissemination of dust; and provisions shall be made for such highway warning or similar signs as may be proper.

4. Any fill required to achieve the finished grade shall be clean, nonburnable fill containing no garbage, refuse, or any deleterious, toxic or unwholesome matter.

5. The sloped areas shall be covered with a suitable mulch or an arable top soil, so as to minimize soil erosion.

6. No top soil shall be removed or stripped unless a sufficient amount is left so that reseeding may be accomplished.

7. Any person or agent therefore who shall cause any damage to any road or roads of the Town as a result of any excavation shall be liable for the costs of repairing said roads.

8. The removal of natural materials shall comply with RSA 155-E, as amended.

9. The removal of all material shall be conducted so as not to result in damage to the land, giving due regard to the contours in the vicinity, such as leaving slopes and remaining hills. The digging or creating of pits or steep slopes, except for exposed ledge, shall not be permitted unless prior provision is made to restore such pit.

10. All surface drainage affected by any excavation shall be controlled to prevent erosion debris and other loose materials from filling any drainage course, street, or private property. All provisions to control natural drainage shall be approved by the Town.

11. The Board of Adjustment may attach any additional conditions as it may find necessary for the safety and general welfare of the public.

12. Before approval of any new excavation or the extension of any excavation, the Board may require the owner to file a bond with such sufficient surety as is satisfactory to the Town, in an amount equivalent to ensure that upon completion of the excavation, the site will be left in a safe, attractive and useful condition. The owner or applicant shall submit a plan of the proposed restoration as a part of the application.

B. The following activities shall not be deemed excavation for the purposes of this section:

1. Excavation incidental to approved construction or alteration of buildings or structures;

2. Excavation as is incidental to the construction or installation of a use or structure therefore permitted under this Ordinance or by the Board of Adjustment, unless the natural material has to cross public roads.

3. Grading or filling where no natural materials are removed from the premises.

4. The removal of natural materials from one part of a parcel to another part of the same premises when such removal is an accessory use or is made for the purpose of farming, forestry or landscaping.

Question 3. Do you favor amendments to Article III, Section 3.8 of the Plainfield Zoning Ordinances?

AMEND Section 3.8: by deleting the present section and inserting the following new section:

3.8 "Non-Conforming Use and Structure"

A non-conforming use may be continued as it exists at the time of the adoption of this Zoning Ordinance subject to the following conditions:

1. Uses: No non-conforming use may be changed to another non-conforming use. No non-conforming use shall be altered, enlarged, or extended except that the Zoning Board of Adjustment by Special Exception may permit the alteration, enlargement, or extension of a non-conforming use provided that the area occupied by said non-conforming use is increased by no more than 20%.
2. Structures: As a special exception the Board of Adjustment may allow expansion of any non-complying structure up to twenty (20%) percent greater than its existing size at the time of adoption of this ordinance. Such an expansion shall not be allowed if it increases the degree of non-compliance or if it is located in the Wetlands/Floodland Conservation District.
3. If a non-conforming use is discontinued for more than one year, any use to which the land, building or structure is subsequently put shall be in accordance with the requirements of this Ordinance. In the case of death, bankruptcy, or other incapacity of the owner, the time limit of one year may be extended by the Board of Adjustment to a total period of no more than five years.
4. A building or lot dedicated to one non-conforming use shall not be rededicated to another non-conforming use.
5. Non-complying Buildings - Nothing in this section shall be deemed to prevent normal maintenance and repair of a non-complying building, provided that such action does not increase the degree on non-compliance.
6. Damage by Fire of a Non-complying Structure - If a non-complying structure is damaged by fire, explosion, or other catastrophe, the Zoning Administrator may issue a zoning permit for the rebuilding and restoration of such building which may not be greater in volume or floor space than the original structure unless any addition in size conforms to the provisions of this Ordinance. Application for building permit and initiation of construction to restore the non-

complying structure must occur within two years of date of damage.

7. If the structure housing a non-conforming use is damaged by fire, explosion, or other catastrophe, the structure may be restored and the non-conforming use may be resumed providing the structure is not greater in volume or floor space than the original structure and the application for zoning permit and initiation of construction to restore the non-conforming use occurs within two years of date of damage. The Zoning Administrator is authorized to issue a zoning permit for the rebuilding of the structure and restoration of such non-conforming use providing the foregoing conditions are met.

8. Any non-conforming use which exists in contravention of any prior Zoning Ordinance of the Town of Plainfield and which is not permitted by that prior Ordinance, or any non-conforming use which is the subject of abatement or removal proceedings at the time of the adoption of this Ordinance, is not made permissible by the terms of this Section.

Question 4. Do you favor amendments to Article III, Section 3.10 of the Plainfield Zoning Ordinances?

ADOPT a new Section 3.10B, as follows, and a re-alphabetize the subsequent sections of 3.10 as necessary:

"Planned Residential Development May Be Required. In order to conserve environmentally significant areas, the Planning Board may require that proposals for major subdivisions, as defined in the Plainfield Subdivision Regulations, be laid out according to the planned residential development standards contained in this Section. In determining whether planned residential development will be required, the Planning Board shall review information provided by the applicant or otherwise available, regarding the significant environmental attributes of the parcel, including wetlands, prime farmland soils, frontage on the Connecticut River or great ponds, and significant wildlife habitat as determined by the New Hampshire Natural Heritage Program or the New Hampshire Fish and Game Department. Planned residential development may be required if 1) the Planning Board finds that a development would result in the elimination or permanent alteration of a) more than 50% of a significant environmental attribute located on the parcel, or b) more than 30% of each of any two attributes, considered individually, and 2) if the planned residential development would result in

preserving those features that would be harmed if the development was not grouped in PRD."

AMEND Section 3:10C "Density" by deleting "In no case....situated." and adding the following:

"For the purposes of determining the allowable density of a planned residential development, road right-of-way, surface waters, wetlands, areas of slopes over 20% and flood prone areas shall be excluded from the calculation of acreage. Only developable land may be used to calculate density."

Question 5. Do you favor amendments to Article IV, Section 4.2 and 4.14 of the Plainfield Zoning Ordinances?

AMEND Article IV, Section 4.2 by addition of "non-conforming" before the word "contiguous" in the caption. Delete the words "one ownership for a period of more than three years" and substitute "common ownership".

"When two or more lots or parcels of land, either of which lacks adequate area and/or dimension to satisfy the requirements of the zoning district in which they are located, are contiguous, and are held in common ownership, they shall be considered to be one zoning lot or parcel for the purposes of the Ordinance. Lots under common ownership on either side of a road shall be deemed contiguous."

ADOPT Section 4.13 "Lot Size" as follows:

"For the purpose of determining the acreage of lots in conventional subdivisions, developable land shall comprise no less than 50% of the minimum lot area specified in the VR and RR Zones and 2 acres in RCI and RCII Zones in the Plainfield Zoning Ordinance."

SELECTMEN'S REPORT

The year 1989 saw within the Town of Plainfield a continuation of the pattern of increased growth and development, putting increased demands on all of our local town officials and employees. Growth and development are natural occurrences, and coupled with good planning and foresight, can be a very positive thing. The government's responsibility is to be sure that this planning does occur.

The town of Plainfield has always been very progressive, and right along with this tradition the selectmen this year, as directed by last year's town meeting have hired an administrative assistant, Steve Halleran, who will be involved with the day to day operation of town business and help coordinate information between the various town boards and committees.

The Police Department has also been expanded this past year to include two full time officers, whereas there has only been one in the past. This new officer, Sgt. Lawrence Dore allows for more complete coverage of the entire town, with a greater amount of patrol time both day and night. The addition of the new man has also allowed our Chief to begin to log a more "normal" work week, rather than the past 70 to 80 hours per week.

Art Thompson has brought a year of stability to the town highway department, and his knowledge of town roads and their maintenance is an extremely valuable resource to the town. The Brook RD project, unfortunately has turned into a very frustrating undertaking, for both the Selectmen and the Highway Department. We are meeting with the materials supplier in the Spring to resolve the problem.

Despite the new staff, operating the town of Plainfield still requires the efforts of a great many volunteers from the community, we the Selectmen would like to once again thank everyone for their support and many hours of help.

Respectfully Submitted,
Bruce W. Baird, Chair

UPPER VALLEY LAKE SUNAPEE COUNCIL

The Upper Valley Lake Sunapee Council is a public, non-profit voluntary association of towns and cities. It consists of 28 communities in New Hampshire and 3 in Vermont, and includes towns in 5 counties.

The Council operates through a Board of Directors and has a professional staff. Each town or city annually appropriates funds for the Council's operation and sends two or three representatives to participate on the Board of Directors.

The Upper Valley Lake Sunapee Council is officially designated by both states as the organization that brings towns and cities within the regions together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of expertise include land use planning, transportation planning, solid waste planning, master planning, environmental planning, capital budgeting, impact fee studies, historic preservation, economic and community development, housing, downtown revitalization, environmental impact analysis, and site plan review. Communities may also obtain the services of a professional planner on a regular basis through our "circuit rider" program. The Council also serves as a collective voice in dealing with state and federal governments, protecting and furthering the interests of our communities.

The Town of Plainfield's support enables the Council to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, the Council:

- Provided consultation and help to 29 out of 31 member communities.
- Begin work on a computer mapping project, Geographical Information System, that when complete will be a very useful planning tool.
- Developed and promoted a consistent land use classification system for both New Hampshire and Vermont.
- Lobbied repeatedly at the state level to influence policy.
- Maintained a library of regional data.
- Developed open space and housing elements for the regional plan. This including work on the affordable housing issue.
- Worked passage of Impact Fee legislation.
- Sponsored local section of Municipal Law Lectures.
- Administered a number of Community Block Grants.
- Co-Sponsored the Bridges for Tomorrow Conference, which looked into the future of the Connecticut River Valley.
- Worked with local conservation groups to continue to protect open space and prime agricultural lands.
- Studied the Upper Valley's transportation system
- Worked with locals communities in the area of recycling including work on a regional processing center.

In addition to these and many other programs the UVLSC also on a daily basis aids communities with such things as, capital improvement programs, updating and/or creating zoning ordinances, and other technical assistance.

The Council looks forward to serving the Plainfield Community during the 1990's.

**1989 REPORT OF THE
PLAINFIELD ZONING BOARD OF ADJUSTMENT**

The year 1989 was the busiest year that the Zoning Board of Adjustment has had since it was established.

DURING THE YEAR THE BOARD GRANTED SEVEN APPEALS FOR SPECIAL EXCEPTION:

1. Meriden Water District and Kimball Union Academy, for the establishment of a water tower.

2. Grassroots Cable System, for the establishment of a TV receiving station as part of their system.

3. Robert Simon Jr, for the establishment of a planned residential development as part of a larger subdivision.

4. Bradford and Laurie Atwater, to operate 345 sq. ft. of their commercial building as a craft shop.

5. Mr. and Mrs. Alfred Posnanski, to establish a bed and breakfast on their property on Rt.12A(lot 2).

6. Bradford and Laurie Atwater, to increase the square footage used in their commercial building from 345 sq. ft. to 1734 sq. ft.

The Board denied an appeal by Judith Atwater, for a Special Exception to operate a Bed and Breakfast on her property on Rt.12A(lot 1).

DURING 1989 THE BOARD GRANTED TWO VARIANCES:

1. Judy Merrill, to annex a right of way and necessary land to create a straight boundary to the right of way holder.

2. Mr. and Mrs. Achilles Rustici, to create a lot not in conformity with the lot width to lot depth ratio of the town ordinance.

The Board denied an appeal for a Variance by Mr. and Mrs. Clifford Griswold, to create two nonconforming lots.

Respectfully submitted, by the ZBA

1989 ANNUAL REPORT OF THE PLANNING BOARD

During 1989 The Planning Board continued to be challenged by ongoing development pressure and increasing environmental concerns. After months of negotiations, approval was given to a major subdivision, including land that is designated for a Planned Residential Development. This subdivision also involved protection of prime agricultural land.

A new planning tool is being implemented: Capital Improvement Plan. Authorized by vote at the 1989 Town Meeting a committee composed mainly of planning board members has been gathering statistics from all town boards and organizations. A finished report prepared with assistance of a professional planner will be presented in the Winter of 1990. This C.I.P is considered vital to a town's authority to require impact fees, an issue in the fore front of state and local concerns.

The planning board has met on the 1st and 3rd Monday of each month and at other times as necessary. During most of 1989 the Board has benefited from the services of secretaries employed to record all meetings of the various boards. Steve Halleran working as the new Administrative Assistant has been very beneficial to all of us.

A summary of 1989 is as follows: 8 subdivision applications were heard, 6 approved, 2 denied, (with 1 reconsideration and 1 resubmission), 7 Site Plan Reviews were held and approved; and one design review (as a new intermediate procedure adopted in the revisions of the subdivision regulations). In addition numerous preliminary consultations, formal and informal, have been held.

Respectfully Submitted by the Planning Board

CONSERVATION COMMISSION ANNUAL REPORT 1989

Conservation commission activities took many forms this year, many of them familiar annual events. In April, with the help of many volunteers, we cleaned up the litter and trash from roadways. In May, the commission assisted the 8th grade in the annual tree planting to commemorate their time at the Plainfield School. Two enthusiastic students, Rebecca Roland and Alex Arcone were sponsored by the commission and by the Blow-Me-Down Snowriders to attend the Society for the Protection of New Hampshire Forests' conservation camp. We continue to review all Dredge and Fill applications with site inspections as necessary.

Members of the Conservation Commission continue to work on the town "Conservation Task Force", which is a group of volunteers gathered to assess the town's natural resources and participate in the Land Conservation Investment Program, (see Task Force Report for Details). Much of the success of this program in Plainfield is due to the generosity of landowners who have donated prime land to the Town for use by the townspeople and to provide "matching" acres to be used in the LCIP. Our heartfelt thanks to the Townsends and the Bensons for their donations.

The town land on Stage Rd has been used regularly by the "Plainfield Ball Players". Many thanks to this group for voluntarily leveling and reseeding the playing field. It is hoped that a trail system for hiking, skiing, and nature walks can be developed on this land.

There were several changes to the composition of the commission. Ruth Ann Wheeler stepped down after more than four years as chairwoman. Her naturalist's perspective, personal commitment to a conservation ethic and her knowledge of the town's land and people are largely responsible for effective commission activity. We are grateful that she will continue to guide us as a member. The resignation of Michael Taupier, who was elected to the School Board, was regretfully accepted. Mike's expertise in land evaluation and geography has been beneficial and we hope that he will continue to serve as a consultant. John Zimmer also stepped down to become an alternate member. John's chairmanship of the Conservation Task Force has been a time consuming endeavor which has resulted in remarkable gains in land preservation for our town. His input has been appreciated and we hope that he will remain actively involved in commission activities. Lou Ann Cutler and Jeffrey Marsh have joined the commission as new members. In addition, Shelley Hadfield, who has considerable expertise in natural resource management, has agreed to join the commission as a special advisor.

There are many projects on the agenda for the upcoming year: trail making; natural resource inventory and mapping; promotion of recycling and solid waste reduction; and Earth Day Celebrations. We need your help and ideas. Please call one of us if you are interested in any aspect of Conservation Commission work.

REPORT OF THE CONSERVATION TASK FORCE, 1989

The Plainfield Land Conservation Investment Program (LCIP) Task Force was formed in 1987 to respond to a statewide effort to preserve valuable land. The program, which is administered by the Trust For New Hampshire Lands, was designed to allow each town to make the land selections and then apply to the state for funding. The land to receive support under this program was to be judged by its natural resource value and its importance to the community.

The Task Force began its work by reviewing the towns geographic and natural resource information. We looked at the towns water resources, soil types, and important agricultural land, wildlife areas, scenic areas, significant forest, and the areas that had important public access opportunities. Throughout this process we kept in mind the clearly expressed goal contained in the town's master plan to preserve the rural character of the Town of Plainfield.

State funding and local committees are important, but the key to successes in land protection is with the local landowners. Landowners must provide appraisals and surveys which meet the program's strict requirements and pay filing costs. They must also agree to pedestrian access for recreation and sporting uses. Most important, landowners must understand the value of land for the future and be willing to find a way to protect this land permanently. This town is fortunate to have so many citizens with the foresight and generosity to make this effort a success.

MERIDEN LIBRARY TRUSTEES REPORT

In September of 1989 a computer was purchased for the Library. Funds were from the Meriden Library Association, a gift bequeathed to the library by Mary Cushing and gifts given in memory of David Millar from family and friends.

The MLA was established in 1929 when funds were given to the Public Library from the estate of Millicent Miller, wife of a KUA professor. It was to oversee the invested funds, monies from which were to be used to benefit the children of Meriden. Books are purchased each year for the Miller Children's Room. Other items are purchased as needed that will increase library services.

David Millar worked with members of the Association back in the early 1960's to raise funds, to be combined with those of the MLA, used to match federal money that enabled the building of the present Meriden Library. The story is, that when discouragement set in among the members, Dave kept spirits and hopes alive and they continued to pursue their goal. A good fund raising campaign manager like Dave will long be remembered by those lucky enough to be able to enjoy user privileges at the Meriden Library.

Mary Cushing served as trustee from 1984 to 1986. Always interested in the children of the village, Mary was an active benefactress of the Library during her years in Meriden.

A plaque will be hung near the computer naming those responsible for taking the Library another step forward in Library services. The computer will enable the Library to be connected to the N.H. Automated Information System for services that include inter-library loan ordering, status of current legislation and other services.

In 1989 Librarian Bettyann Dole completed the last of the eight courses required under the guide lines of the State Library Standards.

Thanks to Ann McAllister for the monthly Story Hour. The children enjoy her stories, crafts, games and songs.

The Librarian and Trustees, Betsy and Jack, would like to thank Laura Lichiello for serving as a trustee these past five years. We appreciate your time and contributions.

Thanks to the local business owners who contributed to our "Library of America" project, that we pursued with Plainfield Library. The classics are on our shelves for all to enjoy. Book plates with your names are in each copy. Thanks to Lafayette Noda, Al & Lib Backofen, Marc Rosenbaum, Andy Morandi, Stan Dole and Jewell Logging Inc.

The Chellis showcase is available to anyone wishing to exhibit his/her collection. Please call the library to reserve a month.

Thank you to Plainfield Librarian, Nancy Norwalk and her trustees for their cooperation in our combined efforts to offer the best in Library services to the residents of our township.

Respectfully submitted,

Jack Ragle

PHILIP READ MEMORIAL LIBRARY
Plainfield, New Hampshire

TRUSTEES REPORT

The Philip Read Memorial Library has had a good year. The circulation was 11,343, increased slightly from last year. The number of volumes were increased by the purchase of 504 new titles and the donation of 300 books. With a more efficient library system in mind, a computer was purchased by means of a memorial gift from the Quimby family, an anonymous donation, and fund raising efforts. This computer is connected to the New Hampshire State Library Information System.

There have been a variety of programs sponsored by the library. For the children, monthly movies are shown. A story hour on the last Friday of each month is available for children from age two through the third grade. Last summer, the reading program was based on the theme of a Treasure Hunt. This winter, the California Raisins Reading Program encouraged young readers to read more books. Also, this year, each child received a card at the time of his birthday. When the child returned the card to the library, he or she was invited to chose a small gift.

The meeting room was the gathering place for a monthly quilting-sewing group. It was also used by other groups in the community. A grant from the New Hampshire Humanities council enabled the library to present discussions on the theme "Love and Redemption." A group of people met for a discussion on medicare. The library was pleased to have Dr. Nancy Crumbine lead a summer reading program for adults. Ruth Stalker presented slides and an informative talk on her second trip to the Soviet Union. Along with the Meriden Library, a float was built and driven in Plainfield's Fourth of July parade.

Work areas in the library building are extremely cramped and more space is needed for continued growth. This year the basement room was renovated to provide a room for junior readers. A table for studying has been added. One Saturday morning, twenty-five of the young people and several adults came to move the books from the main room to the new junior room under supervision of the librarian. The workers had a pizza treat after the hard work was finished. It was a fun time for all!

Meriden and Plainfield jointly received a grant from the MacArthur Foundation Video program and The Library of America Classics Program. The videos will be shared between the two libraries. Librarian Nancy Norwalk and the trustees, along with Meriden librarian, Bettyann Dole, attended the Annual State Library Convention in Manchester. Workshops on the use of and need for computers were also attended. During the year, Nancy Norwalk completed a course on Computers in Libraries. Trustee, Alice Hendrick attended workshops on Children's Literature and Story Telling.

Each month the exhibit case in the library's front room offers a different, interesting display. A few of these were items about the Soviet Union, model airplanes, buttons, materials to recycle, and a display of Civil War artifacts. If anyone has a hobby which could be displayed, please contact the library.

We are grateful to the many volunteers who help in the library and who donate books and magazines. Thank you, also, to the Friends of the Library, headed by Diane Rogers, who have raised

money this year by selling Maxfield Parrish items and food sales. These funds provide many extras for the library such as the computer, the copying machine, books on tape, and prizes and supplies for the children's programs.

Respectfully submitted, Alice Hendrick,
Sarah Longacre, Linda Norton

HEADREST
14 CHURCH STREET, PO BOX 221, LEBANON, NH 03766
(603) 448-4400

Headrest, the Upper Valley's 24-Hour Crisis Hotline and Information & Referral service, thanks the residents of Plainfield for their support. Headrest serves the people of Plainfield in many ways:

24-HOUR HOTLINE

In an emergency, someone is immediately available at Headrest to offer personal support and find additional resources. Headrest's Hotline is certified by the American Association of Suicidology, and phone workers have special expertise in handling crises involving the use of alcohol or drugs. Hotline workers are trained to be understanding, respect the caller, and lend emotional support in a non-judgmental way.

INFORMATION & REFERRAL

People can call Headrest whenever they have a question or problem and aren't sure where to turn. Headrest has information on local services, consumers' & tenants' rights, drugs & alcohol, legal assistance, counseling services, and support groups. Headrest has also been designated as a contact point for information on AIDS issues.

EMERGENCY SHELTER

Temporary lodging is offered to homeless people referred to Headrest by local police, hospitals, churches, and mental health centers. Also, supervised overnight lodging is available for intoxicated persons with funding from NH & VT Offices of Alcohol & Drug Abuse Prevention.

ALCOHOL & DRUG PROGRAMS

Headrest offers information, educational presentations, plus individual and family counseling about substance abuse issues. Headrest is virtually the only free or low cost drug & alcohol counseling service in the Upper Valley.

TEEN HOTLINE

Scheduled to begin operation in March, 1990, the Teen Hotline will be available three afternoons & evenings a week to take calls from teen-agers. The phone will be completely staffed by teen-agers who have completed the demanding Headrest Hotline training Program. The Teen Hotline will have the capability to refer youth at high risk of drug or alcohol problems to Headrest's in-house group counseling service for teen-agers.

NOTE: Complete financial information and statistics are on file in the town office. In 1989, 43 Plainfield Residents called Headrest a total of 158 times, including 8 suicide calls.

HUMAN SERVICE ASSISTANCE PROVIDED TO
PLAINFIELD RESIDENTS

Wheels Around Windsor: In the year 1989 this organization provided 425 meals for Plainfield Residents. In addition, Wheels provided transportation, recreation, and health services for many Plainfield's elderly and disabled citizens.

Headrest: During the course of 1989 Plainfield residents made over 200 calls to the Headrest hotline for assistance with personal problems

Grafton County Senior Citizen Council: Provided meals to 36 elders from Plainfield in 1989. In addition GCSC provided transportation, recreation, adult day care, and other social services, to Plainfield's elderly population.

Community Youth Advocates: This organization has continued to provide counseling for our young people. In 1990 this service will be expanded through the use of a "mobile office" which will allow for increased coverage of rural areas like Plainfield.

Hospice of the Upper Valley: This service will continue in 1990 to provide help to individuals and their families with life threatening illness.

WELFARE REPORT

In the year of 1989, \$404.48 was spent on General Assistance to Plainfield's poor.

Welfare of the poor is a concern of the community and you have responded to those needs not only with the appropriation of \$2,000 at Town Meeting but by your contributions to the Meriden Good Cheer, Plainfield Christmas Committee and our local Churches. Also, there have been many private citizens helping families in crisis this past year. If you want to do something to help your neighbor, feel free to call this office for more information.

Special thank you to the Wheels Around Windsor and the Grafton County Senior Citizens Council who have been providing meals to the elderly residents in need of this service.

If anyone needs assistance, please call the Town Office at 469-3201.

Respectfully submitted,

Nancy Baker
Overseer of the Poor

MERIDEN VOLUNTEER FIRE DEPARTMENT
1989 ANNUAL REPORT

The Meriden Volunteer Fire Department would like to dedicate our part of the Town Report to G. Gardiner MacLeay Jr. After over 37 years as a firefighter, lieutenant, Chief and Charter Member, Gardiner resigned from active duty late this year. Gardiner, thank you so much for all that you have given us!

There were no major fire incidents in the village this year. We did respond to 81 calls for help, which was up almost 20 calls from last year. Some of the incidents we responded to are as follows:

38 KUA	7 Cornish
1 Lebanon	3 Plainfield
8 Power lines down	7 Motor Vehicle Accidents

The Meriden Fire Department purchased some new equipment this year with the major items being: eight Drager Air Packs with a spare air cylinder for each, 2400 ft of 4" supply hose, a Smoke Ejector (1990 Budget), and a 1963 Maxim Ladder Truck.

We would like to thank Art Thompson for all the time he put in helping us to get the ladder truck.

We would also like to give a special thank-you to Kimball Union Academy for donating funds needed to purchase the ladder truck.

As Chief I would like to thank all the townspeople who gave us their support and to thank all the members and their families for their time and effort given to make the Meriden Fire Department function.

Respectfully,
Douglas J. Chapman
Fire Chief

CORNISH RESCUE SQUAD

The Cornish Rescue Squad, serving the towns of Cornish and Plainfield, had a busy 1989. Our squad of twenty one volunteers responded to approximately 120 calls, helping coordinate emergency medical services and giving on the scene emergency medical care at motor vehicle accidents, structure fires, house calls for emergency illness or accidents, searches for missing persons, and we even were called to assist in rescuing several animals. Now that the Cornish-Windsor covered bridge is open, we also assist the mutual aid ambulance coverage for Windsor when necessary.

In 1989 Cornish Rescue Squad members also taught community first aid and CPR courses, and sponsored a weekend Critical Trauma Care Course, which included other area ambulance and rescue squad personnel. During the year each squad member also spent many hours updating and adding to their own training, often at seminars or conferences as well as at our monthly squad meetings.

Since we are a volunteer nonprofit public service organization, we rely on town appropriations to help cover our operating expenses, and on our yearly fund drive to replace and update equipment and maintain the quality of emergency medical care that we provide to Cornish and Plainfield. Our 1989 fund drive focus was on updating our communications equipment and improving our dispatching. We heartily thank all of you who have so generously supported your rescue squad in many different ways.

Windsor Ambulance has resumed coverage of the southwestern portion of Plainfield, however the emergency phone number for the rescue squad and the ambulance continues to be 448-1212 (or 911 for 298 and 448 exchanges) for the entire town of Plainfield. Please make sure this number is posted by your telephones.

Again we thank all of you for your support.

Anne Donaghy, President
Cornish Rescue Squad

PLAINFIELD VOLUNTEER FIRE DEPT. INC.
 Box 212, Plainfield, NH 03781

During the course of the last twelve months the Plainfield Volunteer Fire Department has answered a total of thirty five calls, five motor vehicle accidents, eighteen mutual aids including calls to Meriden, two chimney fires, two smoke investigations, three motor vehicle fires, two alarm investigations, one down power line, one controlled burn, and one search for missing school children.

This year the department is looking to replace its 1968 C600 750 GPM pumper with a newer model. At this time we are looking at a 1979 Mack C600 1500 GPM pumper with a 750 gallon booster tank, at a cost of \$40,000. We hope to raise the money through donations and the sale of the 1968 Mack. We are also hoping to purchase 2000 feet of 4 inch high volume hose at a cost of around \$10,000.

I would like to extend my thanks to Bea Clark, department members, and the Ladies Auxiliary for their continued support of the Saturday night socials.

I would also like to thank all persons who helped with the 4th of July Parade and the firemen's beef barbecue, which was a great success this year.

Lastly, persons having outside fireplaces must obtain a seasonal burning permit. Since we have town garbage pickup, permits for outside incineration cannot be issued. Burning permits can be obtained from either Deputy Forest Fire Wardens G. Gardiner MacLeay or Douglas Chapman, or Forest Fire Warden Peter A. Berry.

Respectfully Submitted,
 Peter A. Berry
 Chief P.V.F.D

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

During the calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, children and debris burning fires that escape control. All these causes are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. By New Hampshire State Law (RSA 224:27b) "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 224:27b and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to \$1,000 and/or a year in jail and you are also liable for paying all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1989 including several large fires in Allenstown, Alton, Chesterfield, Concord areas, as well as the 100 acre fire on Mt. Belknap in Gilford.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

**REPORT OF THE PLAINFIELD
POLICE DEPARTMENT**

1989 was a very active year for the police department. Plainfield continues to enjoy a low crime rate. Our department investigated 721 calls for service. This was an increase of 132 calls from 1988. In addition there were several hundred other miscellaneous service calls, that did not require a call for service complaint form.

As of July 1, 1989 Sgt. Lawrence Dore became the department's second full time officer. Sgt. Dore has had eleven years experience as a special officer for the town of Plainfield. This new position was needed as a result of the growth in the area, and the increased work load generated by this growth. At this time we still have four dedicated part time officers. I would like to thank everyone for their assistance and support over the past year, and we look forward to serving you in 1990.

Respectfully submitted,
Gordon A. Gillens
Chief of Police

REPORT FROM REPRESENTATIVE
SCHOTANUS

My first term in the House of Appropriations Committee in the 1989 session proved to be another "fast track" learning experience. After three months of day and night numbers crunching we finally crafted a balanced state budget that was headed for trouble at the first moment of passage. The final budget coming out of the House/Senate committee conference was based on inflated revenue projections which did not account realistically for the current down-turn in the New Hampshire economy. I was pleased to have a central role in gaining additional bonded funding for the Land Conservation Investment Program; and was successful in amending the planning board laws to encourage local planning board recognition of the value of the forest industry. 1989 also saw the first special legislation session in more than six years. The one day session in December resulted in legislative approval of the Governor's plan for resolving the PSNH bankruptcy. This was the most difficult vote I have cast in my three terms as your representative. Although future energy supplies are guaranteed, final resolution of this problem by the courts and the state is certain to result in the loss of local control, and will impact our ratepayers for many years to come.

The 1990 session promises to be an intense replay of the '89 session because of an estimated \$40 million or more biennial budget deficit caused by a projected \$160 million or more shortfall in state revenues through June of 1991. The spending side of the budget will see drastic cuts. Although I have been assured by the Governor that costs of his proposed spending reductions will not be shifted to counties and towns, I am not confident that will hold. As of January 26th, surplus sweepstakes monies have supplanted general fund money for education foundation aid. The impact on other areas such as environmental services will not be financial, but will require more effort by town volunteers and health officers. My experience with the budget over the past year leads me to conclude that the state's fiscal woes will continue to be a mirror reflection of the business cycle and economy until such time as the state's tax base is evaluated and realigned. Budget problems have given rise to several broad-base tax proposals which are not likely to pass this session. Education funding, abortion, gun control, river and lake management and the solid waste problem will also see much debate. Representative Burling and I have cosponsored a bill to resolve inequities in the SAU weighted voting system which has been costly to our towns over the past several years. We also cosponsored a bill regulating abortion. Our bill which generally puts into law the guidelines of the US Supreme Court in Roe vs Wade, is likely to pass both houses of the General Court. Whether it will withstand the Governor's veto remains to be seen.

The 1990 county budget is under very close scrutiny by the county delegation. Unlike past budgets, this one covers 18 months in order to put the county on a fiscal year spending plan. This move was approved by a majority of the county's 15 towns at their 1989 town meetings. As of this writing, the commissioners' proposed \$18.4 million budget has been returned to them for additional spending cuts and alternative ways to fund the six month transition to a fiscal year budget. The delegation's objective in county budgeting continues to be to hold any increase in taxes needed to support the budget to the annual cost of living increase. This is becoming increasingly difficult to achieve due to mandated

costs, unionized employee costs and skyrocketing health care costs at our 192 bed intermediate care facility which we still know as the Sullivan County Home. Nonetheless, we will do our best to insure the county portion of your 1990 tax bill does not reflect more than a one time 10-12% increase to fund the 18 month 1990 county budget.

Representative Merle Schotanus,
January 28th, 1990

REPORT FORM REPRESENTATIVE BURLING

It's hard to imagine how the job of being your representative could get any more interesting, but the fact is that each day brings new challenges for the State of New Hampshire, and each new challenge is a wonderful puzzle. At the time that I write this, the budget short-fall looks like it will be the dominating issue in our upcoming legislative session. Many important state programs will face cuts in funding, and the hardest work will be done by those who honestly undertake the task of establishing priorities for spending. Unfortunately, the first act of the new session in the House was to adopt a rules change which allows members to appear in support of an idea while they are in fact cutting or eliminating funding for it. This rule was stricken a few years ago as fundamentally dishonest, but now it is back!

The issue I have been working on this Fall has focused on the question of choice in reproductive matters. With a group of reps from around the State, I wrote a new pro-choice bill which we will be voting on shortly. By the time this report appears, I hope we will have seen this legislation become law for New Hampshire. My first piece of legislation, the bill providing immunity from suit for fire fighters and rescue personnel, passed the House last week, and at the time of writing is on its way to the Senate. Hopefully, this bill, too will be law by the time you read this.

The other bills I have in the hopper concern such things as medical malpractice (I'd like to have a committee study the alternatives to our present outrageously inefficient system), jury size, and the issue of how we can deal with the problem of drug and alcohol abuse during pregnancy and nursing. Work on each of these ideas has brought me into contact with truly remarkable people, both legislators and private citizens, and I find great hope in knowing these folks are in the state's interest. New Hampshire is a fortunate place.

I want to close by saying how pleased I am working for the State to represent you in Concord. I can say without exaggeration that this is the best job I ever held. Thanks to you all for giving me the opportunity.

Representative Peter Hoe Burling

REPORT OF THE PLAINFIELD/KUA TAX COMMITTEE

The Plainfield/KUA committee was recommissioned at the last town meeting to provide a forum for issues between KUA and the town, to review the tax-abatement and tuition-support arrangement, and to evaluate alternatives to the current arrangement. The committee met nine times during the year, eight times with the representatives of the school administration and once with the KUA Headmaster, Tim Knox.

In early meetings the committee reviewed the existing formula by which KUA's tax liability has been reduced and which has been in use since the early eighties. It carefully considered the interest of both the school and the town regarding their relationship; and it considered and evaluated other forms of the relationship. These alternatives included discontinuing the arrangement altogether, attempting to raise funds to replace public money with private, implementing a voucher system for high school, declaring a formal link between KUA and the school system, and modifying the current arrangement. There was agreement that it was in the interest of the town and KUA for some sort of special relationship to be maintained. After examining all of these alternatives in detail, modification of the existing agreement clearly appeared to maximize the interests of both the town and the school.

Pressure to modify the arrangement comes at least from KUA, which, as things stand now, reduces its tuition by more than twice the amount it saves in taxes. The town abates approximately \$69,400 worth of taxes through property exemption, and the school advances approximately \$121,000 in tuition credits to town residents through the "town grant" mechanism. The upshot is that KUA is coming to view Plainfield students as increasingly difficult to afford. The problem derives from the part of the formula that ties KUA tuition support to Lebanon H.S. tuition, which recently has had a dramatic annual increase. The tuition support required through this method has therefore increased substantially, while the tax abatement has remained more or less level for the past several years.

The new arrangement, worked out with KUA, provides for tuition support to new Plainfield students in three completely distinct categories. First, Plainfield students as a group will be assured that their "percentage of need met" by financial aid will equal or exceed the percentage of non-Plainfield students as a group. "Need" is individually defined for each applicant for financial aid by an independent organization; KUA is assuring that Plainfield students will be at least as well off in normal financial aid as out-of-towners in equivalent circumstances. Second, after financial need is determined, KUA will discount tuition by \$400 for each Plainfield resident, regardless of need for financial aid. Third, if the town continues to abate KUA taxes, the school will distribute an equivalent amount equally among Plainfield students attending KUA (other than KUA faculty children) as additional tuition support up to a maximum of the full tuition rate. This agreement would apply only to new students. Students currently enrolled or accepted under the existing agreement would continue at the current level of "town grant" support through graduation; the figure would no longer increase with the Lebanon H.S. Tuition

Although there will be a reduction in the amount of average

tuition support provided, a change of this sort has seemed inevitable, and the committee is enthusiastic about the new arrangement for several reasons. The dreaded and confusing "formula" is gone. Separate components of tuition support are clearly distinct, so there need be no confusion or concern about mingled funds. In the first, and second parts of the tuition support package KUA has extended special considerations to Plainfield students and will maintain that position regardless of how the town resolves the abatement question. The third part of the arrangement handles the tax abatement process so as to remove KUA as a financially interested party; implications for Plainfield students and taxpayers and no financial benefit to KUA either way.

Despite wistful recollections of a day when things could have been simpler, the committee unanimously supports continuing the abatement; it seems a wise investment. Members of the school board have voiced concern about the effect on the tax rate of even a moderate reduction in the number of students attending KUA; Lebanon tuition liability would increase significantly. Under the current arrangement and enrollment levels, taxpayers "pay" about \$2,300 for each Plainfield student attending KUA; the tuition charge for each Lebanon student is currently about \$5,400. The estimate for Lebanon tuition for next year is close to \$6,500, and the charge is expected to increase over the next few years. It is impossible to calculate the effect of differing amounts of tuition support on individual choices about enrollment, but it is generally accepted that additional support beyond the normally available financial aid does encourage Plainfield students to attend KUA. Many people consider the expansion of educational choice- not just the likely financial payoff in Lebanon tuition saved- to be an important product of the arrangement.

PLAINFIELD HISTORICAL PUBLICATIONS COMMITTEE

New Englanders boast of a strong sense of place. The shelves of town histories and family genealogies in our public libraries prove that. Inspired by the national centennial in 1876, hundreds of detailed local histories were written before World War One, including several of Upper Valley towns. While these works are sometimes self-serving exercises in Waspish ancestor worship, they demonstrate a love of the old home place and a reverence for those who have traveled this way before.

Romance aside, town histories are also micro versions of the World Almanac. They can settle supper table debates (or provide an amusing moment) about the location of early hotels, sacrifices during the Civil War, where an old road went, whose neighbor was a bit addled, how the poor farm served as the local welfare system, or who was the previous town clerk. (Who remembers?)

Plainfielders certainly feel town pride and a sense of place. The first Plainfield hilltop visible on the Connecticut River is

named Home Hill. For some reason, however, Plainfield's story has escaped extensive analysis and publication.

Your committee has been at work on a History of Plainfield since 1987. Building on the voluminous notes compiled by Vernon Hood and Clare and Fiske Boyd and on the town's 1974 oral history project, over forty of your neighbors have written essays on a variety of topics, ranging from the landscape, early settlement, and organizations to biographies of famous neighbors (an uncommon number), agriculture, and architecture. Most of the writing is done. The essays have received an initial editing, and Nancy Norwalk has compiled most of them on the computer.

In 1990, the text will be finalized and footnoted. We will add historic photographs and passages from early letters and diaries to illustrate the town's history through the people who lived it. (By the way, if you have an interesting early photograph of Plainfield, call Nancy Norwalk or me.) The finished manuscript will be submitted to the publisher later this year. The committee offers you a story which is interesting, entertaining, sometimes surprising, and well worth reading.

REPORT OF COMMISSIONERS MERIDEN VILLAGE WATER DISTRICT

The commissioners have continued to operate the water system this past year. Operating expenses were less than budgeted due to the fact that no new major repairs to the system were necessary.

Construction of the water improvement project took place this past summer with the installation of a 12 inch water main, five new fire hydrants along Chellis Road and Main St in the vicinity of Kimball Union Academy, and the 200,000 gallon water storage tank behind the KUA Headmaster's residence. The project will be complete next summer with the installation of a "high pressure" zone to service the residents at the top of KUA hill. The Commissioners wish to thank you for your indulgence during the construction process.

Kevin Kingston and Ira Townsend continue to do an outstanding job operating and maintaining the wastewater treatment facility off the Plainfield Elementary School drive. The Commissioners wish to thank them for their continued service.

PLAINFIELD VILLAGE WATER DISTRICT
CLERK'S REPORT

At the twenty-fourth annual meeting of the Plainfield Village Water District on the fourteenth day of March, 1989 at 7:30 P.M., the articles in the Plainfield Village Water District Warrant were disposed of in the following manner: The meeting was called to order by Susan Woodward, moderator at 7:36 P.M. who proceeded to read the articles of the warrant. As per Article I, a new moderator, Peter Haubrich, was voted on the affirmative and so declared for one year. Mr. Haubrich then took over the meeting. A motion was made to change the warrant place of meeting from Phillip Read Library to the Plainfield Town Hall to accommodate the large crowd. It was voted in the affirmative and so declared. We then proceeded on with Article I.

Article 1 the following resolution was offered and it was moved and seconded that it be adopted:

Resolved: That the following slate of District Officers be elected.

1. Moderator for one year: Peter Haubrich
2. Clerk for one year: Sarah Longacre
3. Treasurer for one year: Sarah Longacre
4. Commissioner for three years: Raymond Morin

Commissioner for one year (corrected from two years on the warrant- It was voted in the affirmative and so declared) - Sheila Gallagher

5. Any other officers and agents the voters judged necessary for managing District affairs, of as directed by law to be chosen.

It was voted in the affirmative and so declared.

Article 2, the following resolution was offered and it was moved and seconded that it be adopted:

Resolved: that the District raise and appropriate \$38905.60, such sums of money as may be necessary to defray District costs for 1989, and any assignment to debt services and/or capitol reserve.

It was voted in the affirmative and so declared.

Article 3, the following resolution was offered and it was moved and seconded that it be adopted:

Resolved: That the District officers' salary be accepted as printed in the warrant & budget except for the fees for labor, gas (mileage to be established) to be paid for the ensuing year, and to establish expenditures in 1989 by and for the District, to be paid by the Treasurer upon authorization by the Commissioners.

It was voted in the affirmative and so declared.

Article 4, the following resolution was offered and it was moved and seconded that it be adopted after much discussion. Mr. Bernard Lucey, State of N.H. Water/Pollution Control, Division of Engineering spoke very informatively on how to improve the inadequate water supply.

Resolved: That the District officers' reports be approved as read.

It was voted in the affirmative and so declared.

Article 5, the following resolution was offered and it was moved and seconded that it be adopted.

Resolved: That the District has authorization to transfer \$1500.00 from current operating income to the Capitol Reserve account.

It was voted in the affirmative and so declared.

Article 6, the following resolution was offered and it was moved and seconded that it be adopted.

Resolved: that the District transfer a sum of money not to exceed \$20,000.00 from the Capitol Reserve account to be applied toward the expense incurred in procuring an adequate water supply and quality. It was voted in the affirmative and so declared.

Article 7, the following resolution was offered and it was moved and seconded that it be adopted.

Resolved: that the District authorize the Commissioners to apply for, accept, and expend money from the State, Federal or government units, or a private source, which become available during the year without further action by a special meeting. The funds shall be used for building a building and any other legal purpose which might arise from these improvements to the Plainfield village Water District property. It was voted in the affirmative and so declared.

Article 8 the following resolutions was offered and it was moved and seconded that it be adopted.

Resolved: That the Board of Commissioners meet each month on the second Tuesday at the library starting 3/21/89 at 7:30 P.M. and this meeting shall be open to the public. It was voted in the affirmative and so declared.

Resolved: that it be moved that pursuant to RSA 148:26, no water shall be, at any time, pumped from the Blow-Me-Down Brook into the Plainfield Village Water District system. It was voted in the affirmative and so declared.

Resolved: that the moderator appoint a committee of five to assist the Commissioners in a study of the water supply for the Plainfield Village Water District system. It was voted in the affirmative and so declared.

Note: Mark O'Halleran volunteered to donate a right of way on his property if more land was needed to obtain adequate water.

Resolved: as there was no other business under Article 8, the meeting was voted to be adjourned.

Respectfully submitted,
Elaine R. Wheeler, Clerk

The warrant and budget for the Plainfield Village Water District were not submitted for the Town Report. These will be distributed to the water subscribers prior to the annual meeting.

**PLAINFIELD SCHOOL DISTRICT
WARRANT
State of New Hampshire**

Sullivan, ss:

School District of Plainfield

To the inhabitants of the School District of Plainfield, in the County of Sullivan, and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Plainfield School in the Village of Meriden in said Plainfield, New Hampshire on Saturday, March 10, 1990 at 2:00 PM to act on the following subject:

- Article I. To hear the reports of Agents, Auditors, Committees, and other officers heretofore chosen and to pass any vote relating thereto.
- Article II. To see if the District will vote to appropriate and raise \$966.00 to help support, with other school districts, a court challenge to the constitutionality of New Hampshire's method of funding public education through near total reliance on local property taxes.
- Article III. To see what sum of money the District will raise and appropriate for the support of the school, for the salaries of school district officials and agents, and for the payment of statutory obligations of said District and to authorize the application against said appropriation of such sums as are estimated to be received from state and federal governments together with other income, the School Board to certify to the Selectmen the balance which is to be raised by taxation by the District.

NOTE: This article appropriates all funds for the operation of the School District except for increased salary and benefits for teachers and administrator which will be acted upon in Article X of this meeting unless negotiations are completed by the Annual District Meeting date.

- Article IV. To see if the District will authorize the establishment of a Citizen's Advisory Committee of ten (10) people to work with the Plainfield and Cornish School Boards in the study of long term solutions meeting the educational needs of the two districts. The ten (10) committee members would be comprised of five (5) members from the Cornish School District and five (5) members from the Plainfield School District.

Article V. To see if the District will authorize the establishment of a Citizen's Advisory Committee of five (5) people to study alternative arrangements of educating secondard students.

Article VI. Inserted by petition of 10 or more voters.

To see what action the voters will take to limit the budget for the ensuing year to no more than an eight percent increase over the current year. This article requests a paper ballot vote.

Article VII. To see if the District will adopt the following resolution, and if adopted forward it to the appropriate State of New Hampshire officials:

RESOLVED: We the residents of the Plainfield School District find the State of New Hampshire to be negligent in the funding of Public Education, thus creating an undue burden on the local property tax payers. We demand that the State of New Hampshire Legislature enact legislation which will substantially increase State aid to education and at the same time significantly reduce the dependance on property tax.

Article VIII. To see if the District will authorize the School Board to make application for, to accept on behalf of the District , and to expend for the purpose intended any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private foundations, trusts or individuals.

Article IX. To transact any other business that may legally come before this meeting.

Article X. To see if the District will vote to adjourn this Annual School District Meeting to Saturday, May 19, 1990 at 2:00 PM at the Plainfield Elementary School, Bonner Road, Meriden, NH at said time and place to see what sum of money the District will raise and appropriate as an amendment to Article III either to implement economic agreements between the Plainfield School Board and employee groups protected by NHRSA 273-A or to implement the recommendations of an independent fact-finder appointed to resolve the collective bargaining impasse between the parties.

NOTE: Election of School District officials will take place at the same time and place as the election of Town Officials on March 13, 1990.

Given under our hands and seals at said Plainfield this 8th day of February, 1990.

Minutes

Annual Meeting - March 11, 1989

At a legal meeting of the voters of the School District of the Town of Plainfield, Moderator Stephen H. Taylor, called the meeting to order at two o'clock in the afternoon of March 11, 1989 at the Plainfield School in the Village of Meriden, in said Plainfield.

Article I. The following resolution was presented, moved and seconded it be adopted. Resolved: That the Plainfield School District appropriate the sum of \$485,000.00 for the construction of additions and renovations to the Plainfield Elementary School presently located on land owned by the District, for equipping and furnishing said additions and renovations, for architectural and other service fees, and for any items incidental thereto and necessary for the said construction and renovations;

That said appropriation be raised by borrowing the sum of \$485,000.00 by the issuance of sale of bonds or notes on the credit of the District under the New Hampshire Municipal Finance Act.

To authorize the Plainfield School Board to invest said monies and to use the interest earned thereon for said project;

To authorize the Plainfield School Board to obtain state, federal or other aid that may be available for said project;

To authorize the Plainfield School Board to fix the date, maturities, denominations, the interest rate or the discount rate in the case of notes, the place of payment, the form and other details of said bonds or notes, and to provide for the sale thereof; and

To authorize the Plainfield School Board to take any other action necessary to carry out this vote.

The vote by secret written ballot by checklist began at 3:55 P.M. and ended at 5:05 P.M. and resulted in 312 yes and 82 no. The vote requiring a 2/3 majority was in the affirmative and it was so declared by the moderator.

ARTICLE II. The following resolution was presented, moved and seconded it be adopted: Resolved: That the District accept the reports of the officers, agents and auditors, as printed in the Annual Report. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE III. The following resolution was presented, moved and seconded it be adopted. Resolved: That the District authorize the Moderator to establish a School Study Committee to work with the Plainfield School Board in developing long term solutions to accommodate a growing student population. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE IV. The following resolution was presented, moved and seconded it be adopted. That the District authorize the Moderator to appoint a Finance Committee of six persons to advise the School Board and other officers of the Plainfield School in the prudential affairs of the School. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE V. The following resolution was presented, moved and seconded it be adopted. That the District will vote to indemnify and save harmless from loss or damage any person employed by the School District and any member or officer of its governing board or administrative staff from personal financial loss and expense, including reasonable legal fees and costs, if any, arising out of any claim, demand, suit, or judgment by reason of negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property in accordance with the provisions of RSA 31:105. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE VI. The following resolution was presented, moved and seconded it be adopted: Resolved: That the District raise and appropriate the sum of \$2,185,544.00 for the support of schools, for the salaries of the school district officials and agents, and for the payment of statutory obligations of said District and to authorize the application against said appropriation to such sums as are estimated to be received from the state and federal government, together with other income, the School Board to certify to the Town Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxation. Said sum of \$2,185,544.00 represents the combined total proposed budget

figure of \$1,700,544.00 plus the \$485,000.00 voted under Article I for construction of additions and renovations to the Plainfield Elementary School. The vote by show of hands resulted in 129 yes and 19 no. The vote was in the affirmative and it was so declared by the moderator.

ARTICLE VII. A motion was made and seconded to table Article VII. The vote by voice was in the affirmative and the Article was declared tabled by the moderator.

ARTICLE VIII. The following resolution was presented, moved and seconded it be adopted: Resolved: That the District will adopt the following resolution, and if adopted, forward it to the appropriate State of New Hampshire officials:

Resolved: We the residents of the Plainfield School District find the State of New Hampshire to be negligent in the funding of Public Education, thus creating an undue burden on the local property taxpayers. We demand that the State of New Hampshire Legislature begin in earnest to study methods for substantially increasing State aid to education.

The vote by voice was in the affirmative and it was so declared by the moderator.

ARTICLE IX. The following resolution was presented, moved and seconded it be adopted: Resolved: That the Plainfield School District authorize the School Board to make application for, and to accept on behalf of the District, and to expend for the purpose intended, any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private foundations, trusts, or individuals. The vote by voice was in the affirmative and it was so declared by the moderator.

ARTICLE X. Other business transacted:

Malcolm Grobe suggested that the School Board send on behalf of the Plainfield residents a thank you letter to Kimball Union Academy thanking them for their contribution towards the new school addition.

A motion to adjourn the meeting was made and seconded and a voice vote was in the affirmative. The moderator adjourned the meeting at 6:25 P.M.

Respectfully submitted,

Joyce C. Lundrigan
School District Clerk

FROM THE OFFICE OF THE SUPERINTENDENT OF SCHOOLS

The past year has been very rewarding for the Plainfield School District. Via the efforts of the Citizen's Advisory Committee, a new addition to the Plainfield Elementary School was approved and built. Chairman Herb McKinney and each of his committee members are to be commended for the many dedicated and valued hours they devoted to this task. The district has an addition they can be proud of! To further address the long term growth of the school district, another committee of citizen volunteers under the leadership of Mike Taupier has been diligently working to explore all possible education options available to the community. An interim report on their progress will be provided at the annual district meeting.

Throughout the school year several major honors have come to Plainfield Elementary School. Principal Joan Garipay was selected as Outstanding Elementary Principal of the Year for New Hampshire and was recognized at the local, state, and national level. The recognition in Washington also included a ceremony at the White House. Donna Beaupre entered our "Celebration Books" program into a national competition looking for exemplary reading programs throughout the United States. The Plainfield program was selected by Family Circle magazine as one of the nation's best! As a result of this recognition, the school received \$1,000.00 cash and numerous books for the library.

Jennie Dulac and Gregory Marshall organized and carried out a successful Excellence in Education Seminar that approximately 75 local citizens participated in. The products of that meeting resulted in the identification of a number of ways in which Excellence in Education might be achieved in the Plainfield School District. A follow-up meeting is currently being planned to move these thoughts forward.

Local students continue to obtain academic recognition. Kathleen Robes was the 1989 Valedictorian at Kimball Union Academy and a number of Plainfield students were inducted in the Lebanon High School Chapter of the National Honor Society.

Once again, this year's warrant has an article related to the responsibility of the State of New Hampshire to adequately fund public education and to relieve the local property tax burden. Our local budget contains a number of fixed costs that leave us little flexibility in which to address our educational needs. The resulting budget increase continues to frustrate all of us and we need your assistance in seeking solutions and making your voices heard at the state level for appropriate relief.

It is also important to note that one of our most valued employees retired last year. Virginia Verge served the students, staff, and citizens of the district for nineteen years with dedication and distinction. More importantly is the fact that Virginia continues to be active within the school. She is now one of our valued community volunteers. All of us wish her good health and enjoyment during her retirement.

Plainfield is fortunate to have many concerned and dedicated citizens that are willing to give of their time, energy, and knowledge in working with the school board to provide our most valued resource - our students - the educational programs they will need in becoming successful, contributing members in our society.

1989 ANNUAL REPORT FOR CHAPTER I

Chapter I is a federally funded program for compensatory education. Although the money awarded to each district is based upon the number of low income families in that district, student participation is based upon educational needs. Each participating district is responsible for developing a Chapter I program that will provide supplemental education for children who have been determined to be educationally disadvantaged.

The Plainfield program is for students in grades 3-8 who need additional help in mastering math skills. Students are referred by their teachers or parents for this extra assistance. Trained teacher aides provide instruction to individuals or small groups of students. All activities are coordinated with the classroom teacher and the student's classroom math program. There are currently 18 students enrolled in the program.

Joan Garipay, Principal

PRINCIPAL'S REPORT 1988-89

The first of what is hoped will be annual School-A-Fairs was held on October 1, 1988. On this beautiful fall day, the grounds of Plainfield School became the site of booths, games, displays, rides and other activities which brought the community together for a day of fun with children.

The crowding at the school became more intense. Another teacher was added to reduce the number of students in the fifth and sixth grade classes to below thirty-two. This newly created 5/6th grade classroom was moved into the science lab which had been Steve Beaupre's classroom. A passageway between two rooms was blocked off as a storage/workspace for Mr. Beaupre to keep his materials and desk. His classroom became whichever room had been vacated while the class was in the gym or library. The teachers' room became the classroom for algebra and for some of the smaller instrumental groups. Some of the choral groups had their sessions in the hall on the backside of the bookcases which separated that space from the library. To avoid having a fourth grade class with forty students, a 3/4 classroom was created. However, this posed another problem. In order to free up a classroom for this new combination class, it was necessary to create a grade 1/2 combination. The difficulty with this solution was that the forty-one students in the first grade would have been better served in two classrooms rather than a classroom and a half. With the passage of the bond in March to build an addition to the school, the overcrowding was soon to become a thing of the past.

Gregg Marshall planned an elaborate ground-breaking ceremony in the spring for the new construction. A giant human wave of students pushed the ceremonial shovel into the ground. The event was attended by students, staff, community members, and a large number of dignitaries. A time capsule was prepared for enclosure in the new construction.

Through the efforts of Peggy Meyette, Betty Ann Heistad, and Steve Beaupre, an aluminum can recycling project was begun at school. Money earned from this venture is used to fund environmental programs for students.

In other fund-raising efforts, a concert with Al Alessi was held in the fall at KUA's Fitch Auditorium for the benefit of the performing arts. This, along with the generous gift of the Friends of Plainfield School, supported a week's residency for Odds Bodkin, talesmith, at Plainfield School.

Again, through donations from student fund-raising, the Friends, and Bob Bartles, an outdoor basketball court was constructed behind the school during the summer. Other donations from the Friends and student fund-raisers have been used toward the purchase of computers for the school.

Steven Jekanowski won the Geography Bee at school and went on to compete in the state contest coming in fifth. Nathan Cash won the school Spelling Bee for the second consecutive year. The Math Team ended the year in fourth place close behind the much larger schools of Kearsarge, Woodstock, and Mascoma. In the spring, the 5/6th grade students went to Concord to participate in the Christa McAuliffe Education Festival sponsored by the New Hampshire School Boards Association. Whatever Happened to the Class of '89?, written and directed by Malcolm Grobe, was the spring production of Plainfield students.

With the close of the 1988-90 school year, Virginia Verge, secretary, and Janette Perham, school nurse, began their retirement. Mrs. Verge, who had been on staff in various capacities since 1970, continues to come in as a school volunteer. They are to be commended for their many years of service and dedication to the students of Plainfield.

Margaret Yatsevitch, who graduated from Plainfield School in 1988, is to be recognized for placing third in the Ward's Essay Contest. Margaret's name was inadvertently omitted from the list of Ward's Essay Awards in the 1988 Annual Report. Once again, our congratulations for this achievement.

Respectfully submitted.

NURSE'S REPORT FOR 1988-89

The school nurse for the Plainfield Elementary School strives to instill positive health care behaviors. Positive health care behaviors being the prevention of illness through a balance of good nutrition, exercise and stress awareness.

Nutritional awareness has been emphasized in the student curriculum with puppetry/play, positive feed back for nutritious snacks, as well as instituting volunteers dedicated to deepening the understanding of healthy foods. Also, students are weighed and measured to assess growth patterns.

Exercise promotion in students' daily schedule is reviewed. The nurse collaborates with Physical Education faculty to increase students' consciousness of their level of physical fitness. Muscle strength, balance and skeletal growth are assessed yearly on students.

Stress awareness is approached through many angles. Younger students work with puppetry/games to encourage expression of stress levels. Older students are welcomed into the Health Office on an open-door policy to facilitate healthy levels of stressors in their educational environment. The nurse communicates with the school counselor in areas where stressors may be potentially inhibiting student learning.

The nurse's goal as the health care advocate for the Plainfield Elementary School students is to initiate and facilitate positive health care behavior by encouraging student participation in their own health maintenance.

INTERIM REPORT OF LONG RANGE SCHOOL PLANNING COMMITTEE

Members: Mike Taupier, Joe Longacre, Anne Sprague, Bob Cushman, and Herb McKinney.

The Long Range Planning Committee has been meeting monthly since early Fall of 1989. To date, the meetings have been informational in an effort to help the committee undertake the charge given by the Plainfield School Board.

The charge states:

1. Review population growth patterns as they relate to student population.
2. Review space needs to ensure current and projected programs.
3. Review alternatives to current AREA Agreement for education of student grades 9-12.
4. Investigate feasibility of establishing a new AREA or Co-operative School District, to provide for educating students K-8 or 7-12 or any other feasible grade combination.
5. Review alternatives to current SAU structure to see if Plainfield School District might be better served in another structure.
6. Review current and long range fiscal impacts of any changes considered.
7. Recommend proposal(s) to the Plainfield School Board for their consideration.
8. Make progress reports to the Plainfield School Board on a monthly basis. Prepare an interim report for the annual school district meeting by January 10, 1990.

A review of the current AREA Agreement was a starting point for the committee's endeavor to gather information. Paul Rice and Charles Boehm from SAU #32 explained the mechanics of the AREA Agreement in detail. This review proved valuable in two areas. First, Plainfield's population is much too small to consider any type of co-operative or regional high

school alternative. Second, Plainfield is doing an excellent job educating the junior high students and the costs incurred are well below the costs paid by surrounding districts.

The committee met with representatives of the Cornish School District to listen and discuss individual needs, and to investigate options for jointly fulfilling those necessities. One alternative for both districts is to study the feasibility of a joint junior high school.

A meeting with Plainfield's principal, Joan Garipay, and junior high teaching staff informed the committee of the needs and programs required for the ensuing years. Much time and work is needed to research and explore any alternative or options different from the present District program. The committee wishes to express and acknowledge that a lot of time will be expended before the right solutions and or alternatives are found.

Once the school population exceeds 395, a new addition/building would be required to maintain programs and class size in the range the School Board deems to be necessary. Concrete planning should begin prior to this benchmark figure.

Teachers' Salaries

In that teacher negotiations are not complete, all teacher salaries included in this budget are based on the current salary schedule and reflect current salaries being paid.

This budget includes ~~one new elementary teaching position for a grade four/five combination and a part time position (5/7th) at the junior high because of large class sizes. The total salary allowance for these new positions is \$36,864.00. An adjustment has also been made in Art because of the new class added.~~ ^{15,417.90.}

AREA Tuition - Lebanon High School

Set in accordance with the AREA (Authorized Regional Enrollment Area) Agreement, adopted March, 1983. Tuition rates are based on the estimated per pupil cost determined from the approved budget (MS-22) and actual enrollment on October 1 for the year immediately preceding that for which the charge is being made plus an adjustment of one-half the average difference in per pupil cost for the two years preceding.

1990-91 Tuition Rate LHS: \$6,397.00/student

<u>AREA High Sch.</u>	<u>Actual 1989-90</u>	<u>Budget 1989-90</u>	<u>Proposed 1990-91</u>
Grade 9	20	29	19
Grade 10	26	30	21
Grade 11	21	32	26
Grade 12	<u>19</u>	<u>26</u>	<u>21</u>
TOTAL	86	117*	87**

*The Board included tuition for only 87 students, because of the number of students going to KUA.

**The Board will only budget tuition for 87 students and assumes the balance will continue at KUA. If any changes are proposed in the KUA arrangement, the Board needs to consider increasing the number of tuition budgeted for Lebanon. Special needs students' tuition are under accounts P1-1290-561-10 through P1-1290-569-30.

LHS Tuition Cost: 87 students @\$6,397.00 =
\$556,539.00

**PL 94-142 Entitlement Funds: Consolidated Agreement for
Grantham, Lebanon and Plainfield School Districts.**

PL 94-142 entitlement funds are based on actual numbers of special needs students. Approximately \$250.00 per child has been available in the current year (FY90). It is estimated that a total of approximately \$9,000.00 will be available for FY 91. These funds are in addition to, or a supplement to, our regular local funds. The funds cannot be used to replace or reduce local funds. In the current year funds were used for services such as classroom aides, student evaluations, and special areas like vision services. We are also required to actively seek out, locate and evaluate children who may be eligible for special education. These funds help us with this process. The specific use of funds is determined each year and noted in our grant application. The provision of these services is contingent on the receipt of the funds.
