Report of Police Department

The Conway Municipal Court handled a total of 131 criminal cases exclusive of juvenile matters in 1953. Eight cases of a serious nature were bound over to the Superior Court. The remaining 123 included 51 motor vehicle violations, the balance of 72 being the usual misdemeanors such as brawls, larceny, non-support, etc.

The Conway Police Department answered 289 calls for assistance; 8 persons were transported to the State Hospital in Concord; 40 accidents were reported, 2 of which were fatal; 281 warnings, speeding, parking, making unnecessary noise, etc.; 16 persons were escorted home; 89 persons, mostly transients, were lodged overnight in the police station and 3 cars reported to us as stolen were recovered.

The department settled many disputes and disturbances without making arrests and gave many warnings for improper operation of motor vehicles. I believe that in the majority of the cases a warning did as much good as an arrest.

Fingerprints were taken upon request of persons entering the service and of persons seeking government jobs.

A great many character checks were made on persons joining the Army, Navy, and Marine Corps.

Besides court cases, there were many motorists given aid, courtesy tickets were issued, checks were made on prowlers, urgent messages delivered that could not be reached other than by auto. Bicycles returned that were reported lost or stolen and numerous defective equipment tags were issued.

Outside of the regular duties of patrolling, checking, and working on motor vehicle violations is duty at Town Meetings and all other elections, graduations, parades, funerals and traffic duty in the skiing season.

Traffic during the busy season is a great problem which your department is endeavoring to handle to the best of its ability within the limits allowed by the appropriation.

This department endeavors to co-operate with all other agencies and takes this opportunity to acknowledge with appreciation all assistance received.

Many thanks to the telephone operators. This department appreciates their faithful assistance.

To the Citizens of Conway:—

It is good to report that the redecoration of the several rooms of our Conway Public Library is completed. Now the entire building is in a creditable state of repair. This year it will be necessary to make changes in the heating unit and the additional sum in the budget provides for that.

It may be of interest to report the meeting of the New Hampshire Librarian's Association in Conway last spring. Librarians from the entire state were represented and the program proved to be a stimulus for a Progressive Library Service.

Ira Glackens presented to the Library an old print published in 1798 of General Henry Seymour Conway, the man for whom our town is named. David Nichols gave some old documents of great historic interest. In the summer months Gary Burnell had on exhibition a series of colorful wood blocks depicting "Life in Japan."

The Conway Woman's Club sponsored several Story Hours for the younger children. A Great Books Discussion Group met in the Library during the fall and winter months.

Throughout the year in the Children's Alcove items of seasonal interest have been on display. Such things delight the younger patrons.

"Our Public Libraries help to maintain and interpret democracy." Conway's librarians are alert to the trend of the times and we as citizens should give generous support to one of the best institutions of our town.

Respectfully submitted,

Ruth A. Kennett, Secretary
Conway Library Trustees

AUDITORS' CERTIFICATE

This is to certify that we have examined the accounts of the Selectmen, Town Clerk, Tax Collector, Treasurer, Trustees

of Trust Funds, Library Trustees and Municipal Court of the Town of Conway and find them correct. Funds have been paid to the Treasurer as required by law, proper vouchers are on file for amounts paid out and the balance of cash on hand of \$102,-158.60 is on deposit with the Carroll County Trust Company. Town officers are properly bonded as required by law. Trust funds are on deposit with various savings banks as verified by their pass books.

YOUR TAX DOLLAR

The following is a comparison of Town, County and School costs as shown as percentages of your tax dollar for the years as shown:

| | | Rate |
|------|---------------------------------|---------------------|
| 1946 | Town percentage of tax dollar | .42 21.36 |
| | County percentage of tax dollar | .10 4.85 |
| | School percentage of tax dollar | .48 24.29 |
| | | ----- |
| | Tax dollar | \$1.00 \$50.50 |
| 1950 | Town percentage of tax dollar | .35 15.91 |
| | County percentage of tax dollar | .09 4.08 |
| | School percentage of tax dollar | .56 25.61 |
| | | ----- |
| | Tax dollar | \$1.00 \$45.60 |
| 1951 | Town percentage of tax dollar | .31 13.61 |
| | County percentage of tax dollar | .11 4.56 |
| | School percentage of tax dollar | .58 25.33 |
| | | ----- |
| | Tax dollar | \$1.00 \$43.50 |

| | | | |
|------|---------------------------------|--------|---------|
| 1952 | Town percentage of tax dollar | .33 | 15.53 |
| | County percentage of tax dollar | .09 | 4.31 |
| | School percentage of tax dollar | .58 | 27.16 |
| | | ----- | ----- |
| | Tax dollar | \$1.00 | \$47.00 |
| 1953 | Town percentage of tax dollar | .31 | 10.52 |
| | County percentage of tax dollar | .08 | 2.74 |
| | School percentage of tax dollar | .61 | 21.14 |
| | | ----- | ----- |
| | Tax dollar | \$1.00 | \$34.40 |

In 1946 the town was under the Town Manager form of government with Nat Stevens acting Town Manager. The other years listed are under the Selectmen.

It will be noted that the percentage of the tax dollar in town expenditures has decreased from 42% to 31%, while the percentage of the tax dollar in school expenditures has increased from 48% in 1946 to 61% in 1953. The County tax has ranged from 10% in 1946 to 8% in 1953.

The above figures should give you, the public, a somewhat more exact idea of what has happened in local government.

REPORT OF FOREST FIRE WARDENS

The fire season of 1953 was not a very pretty picture. It started out in fine shape with plenty of rain during the spring months. The month of June was the end of the rains and then a period of dry weather. During June we had quite a few lightning storms without any rains. On June 21 and 22 we had one of these storms that started over 43 fires in this state including the Mt. Shaw fire.

People burning without a permit or burning in unsafe places or at unsafe times were the cause of our largest number of fires. It is hard to believe why people do this when they have the expert advice of their town warden who is as close to them as their telephone. Your town Forest Fire Warden is not going to stop you from burning your rubbish or your old fields, but he wants you to burn in a safe place and at a safe time. You must remember it is unlawful to burn without a permit from your Forest Fire Warden.

We have inherited a tremendous responsibility in the priceless treasure of our natural resources. To keep these natural riches we must guard them from all destructive agents. The foremost among these agents is Fire — man's best servant but worst enemy.

REMEMBER—ONLY YOU CAN PREVENT FOREST FIRES!

Number of fires, 6; acres burned, 4½; permits issued, 76.

Proceedings in Special School District Meeting, October 24, 1953.

Agreeably to the foregoing Warrant, a Special School District meeting was called to order at 2 o'clock p.m. in the Auditorium of the Kennett High School on October 24, 1953, by Burnham B. Davis, Moderator, who read the Warrant, Oath and Certificate of Posting, and the permission of Superior Court for the County of Carroll, State of New Hampshire, for the calling of this Special Meeting.

Under Article 1. The following resolutions were offered by Robert Morrell who moved their adoption, seconded by Harry Damon, Jr.

Resolved that the District construct and equip (1) an addition to the elementary school building in North Conway Village, said addition to consist of six classrooms, a multi-purpose room, so called, and such other facilities and improvements as the School Board may determine, and (2) an addition to the elementary school building in Conway Village, said addition to consist of six classrooms, a multi-purpose room, so called, and such other facilities as the School Board may determine, and

Further Resolved that the sum of Two Hundred Sixty Thousand Dollars (\$260,000) be and is hereby appropriated for the foregoing purposes, and

Further Resolved that the District borrow by the issue of serial notes or bonds as provided in Chapter 72 of the Revised Laws and amendments thereto, a total amount of One Hundred Eighty-eight Thousand Dollars (\$188,000) the proceeds of said notes or bonds to be used for the construction and equipment of the additions to said elementary schools, and that the School Board be and is hereby authorized to determine the time, place of payment, and rate of interest on said notes or bonds, and to do whatever may be necessary to the issuance thereof, and

Further Resolved that in order to provide for the balance of said appropriation, the accumulated capital reserve funds, previously voted and the interest accrued thereon be used, and the Trustees of Trust Funds are authorized and directed to pay over the whole of said funds and interest to the School Board as

agents for the District, to be expended for the aforesaid purposes, and

Further Resolved that the School Board be and is hereby authorized to do all things necessary or convenient to carry the foregoing into effect, including the employment of architects and engineers and the execution in the name of the District of a contract or contracts for the construction of the additions to said elementary schools and purchase of equipment for the same.

Proceeded to ballot on the foregoing motion by Yes and No ballot and using a check list of the legal voters of the District. Voted on motion of Harry Damon, Jr., seconded by Philip Schoolcraft as follows:

I move that voting on the main question shall be by written ballot, and that the check list shall be used and that the polls shall be open until 8 p.m. On voice vote the Moderator declared the motion carried in the affirmative.

The Moderator announced he would appoint as clerks to check on the check list and to assist in counting the ballots the following:

Neil C. Cates, Clerk

Robert H. Kennett

Ellis W. McKeen

Harold W. Thorne

Edith C. Perkins

Katharine D. Reed

It was voted that Article 2 be acted upon while balloting was going on under the motion under Article 1, and it was moved by Mr. Doucette, and seconded by Mrs. Colbath that the District appoint the same Building Committee selected at the 1953 Annual School District Meeting to work and advise with the School Board in the planning and construction of the additions to said elementary school buildings if authorized under the preceding Article, provided that final authority in all such matters shall remain vested in the School Board as required by law.

On a voice vote, the Moderator declared the motion carried in the affirmative.

At 8 o'clock p.m. the Moderator declared the polls closed and the ballots were counted, resulting as follows:

Yes 388

| | |
|------------------------|-------|
| No | 185 |
| Invalid or blank | 7 |

Report of Superintendent

To the Citizens of Conway:

The year 1954 promises to be a good year for our school children. The favorable vote on the bond issue has eliminated one of our most serious problems. It will no longer be necessary to have split sessions for any grades and the overcrowded classroom conditions can now be corrected. The Conway School Board and School Building Committee are co-operatively making every effort to obtain the best school buildings possible for the funds available. The total educational program will be greatly improved through your investment.

Conway School District is fortunate in the quality of its teaching personnel. A factual understanding of the very critical shortage of teachers should point out the need for the establishment of a realistic policy for employing and retaining teachers.

There will be fewer than one hundred graduates from New Hampshire teacher training institutions available for approximately four hundred elementary positions, and this does not take into consideration the teachers needed to replace the many emergency or uncertifiable teachers now teaching in New Hampshire public schools. The seriousness of this situation cannot be overemphasized.

Our teachers have availed themselves of the opportunity for further study through an in-service training course of Philosophy of Education taught by Dr. John Kelley of the State Department of Education. As an outgrowth of last year's course in "Evaluation of Learning," two teacher committees are working on a cumulative record system and a more meaningful report of pupil progress.

The development of a sound educational program requires the best co-operative efforts of both the home and the school. Only by working together can the best interests of our children be assured. You are always welcome to visit our schools. The teachers are available for parent-teacher conferences every Tuesday and Wednesday afternoon; or will schedule such conferences

at other mutually agreeable times. The best way to guarantee that schools will contribute to community improvement, will work toward the fullest possible development of every child according to his interests and abilities, is through a program of continuous citizen co-operation for better schools.

The minutes of the special school district meeting have been made a part of the school report so that you may have a permanent record of the proceedings of that meeting.

I want to call your attention to the reports about our school program written by Mr. Davidson, Mr. Mayerson, and Miss Cox.

I want to take this opportunity to express my appreciation to the Conway School Board for their assistance in the administration of our schools.

KENNETT HIGH SCHOOL REPORT

February 10, 1954

Thirty years ago this spring Kennett High School graduated its first class of students. This spring, seniors from ten communities will be among the seventy-five graduates of the class of 1954.

The number of drop-outs and transfers to date for this year has been the lowest since World War II, with six students leaving school, and five students transferring to other schools because of changing home status. The average percentage of drop-outs over the past seven years has been 5% annually, but this year the figure to date represents only 1% of the total school population.

The over-all aim of the educational program at Kennett High School is geared to provide the best in educational experiences that will adequately serve the interests, capabilities and needs of an ever-changing school population in a highly complex world society. Kennett aims to meet the student at his level and attempt to develop his total personality, conscious of a social responsibility.

Your high school within the limits of its offerings attempts to serve the entire community. An adult education program is currently serving fifty adults and the physical plant is in constant use by the community groups.

Recent changes in the undergraduate school program include the elimination of the large and educationally unsound study-halls, and the substitution of the supervised study time within the individual classroom and under the direction of the subject-matter teacher involved. The beginnings of a permanent accumulative record for each individual student, backed by an adequate testing program, and teacher counseling for vocational and educational guidance have been realized. The utilization of community resources for the purpose of enriching the curriculum and supplementing the faculty offerings, and the introduction of a school-wide intramural athletic program for boys, and for girls to supplement the effective organization of the inter-scholastic athletic program are now an integral part of the school program.

Ever conscious of our weakness as well as our strength, it would be unsound not to report some of the challenging needs that must be met if our school is to continue to grow and improve as a community school serving the entire school population. These following six basic needs are suggested in terms of future planning.

1. Organization of a school library with a full-time librarian.
2. Additional instruction in commerce and shop.
3. Full-time guidance director with no teaching responsibilities.
4. Full-time instructor trained to help slow readers.
5. Full-time art teacher and a full-time music supervisor for Kennett students, making it possible to include both of these important areas of instruction in the curriculum.
6. Organization of a physical education program with a trained instructor for boys and one for the girls.

REPORT OF SCHOOL NURSE

I hereby submit my report as School Nurse for the year 1952-1953:

The annual health services offered the children of the Conway schools consist of vision testing, hearing testing, patch testing for tuberculosis, physical inspections, and hair and skin inspections. Weekly visits were made to the schools and, at this time, the teachers were given an opportunity to talk with me concerning the health of their pupils. Communicable disease control is exercised as far as possible by the exclusion of children showing signs of illness. The teachers are on the alert at all times in noticing any deviation from the normal conditions of the pupils.

In the fall of 1951, 281 pupils had physical examinations done by the school doctors. Dr. Chester M. Wiggin of Conway did the first and sixth grades of Conway and Center Conway, and all students participating in sports at Kennett High School. Dr. William G. Duprey of North Conway did the first and sixth grades of North Conway.

Last spring, in April, seventy-two of the fourth grade pupils were transported by the school bus to the Memorial Hospital in North Conway for physical examinations, which included both blood and urine tests. All defects which were discovered as a result of these examinations were reported to the parents with a follow-up visit by the School Nurse. The parents report a favorable reaction to this program of physical examinations and I hope they may be continued in the future.

The Conway Elementary School dental program has made splendid progress during this year with 389 pupils and 38 pre-school children receiving fluorine treatments. This fluorine treatment is most effective and can help us in our fight against tooth decay. However, there are many cases where cavities were present at this time of treatment, thereby lessening its effectiveness. Parents of these children are urged to co-operate with us by making sure that all defects are corrected as soon as possible.

To correct all immediate defects and to continue our fluoride treatments every three years will insure better teeth for our future citizens of Conway.

Respectfully submitted,

JULIA T. COX, R.N.

MUSIC DEPARTMENT REPORT

Vocal Music in our schools in the Conways plays a very large part in the over-all school curriculum. The first six grades receive a weekly visit from the music supervisor who plans with both the children and the teacher to make the music meaningful as well as enjoyable. Rhythm activities, listening and singing are emphasized to give each child a well-rounded basic background in this necessary part of his or her development. Out-dated, non-interesting texts are being replaced by modern music books. These books are modern not only in appearance but in thought as well. Meaningful learning is important. In the Junior High grades, those students who express the desire to sing are the ones who are given the opportunity to do so. Each school has its own chorus consisting of seventh and eighth grade students who have the interest. The High School Department of vocal music is quite active with four groups representing the school at various times. The Mixed Chorus and the Girls' Chorus meet during school time once a week whereas the Songsters meet after school for four hours every week. Another group, the men's quartet, has been organized by interested students but this has not been able to be included in the music teacher's schedule. The Songsters, acting as public relations experts, have sung at various meetings and schools throughout the Eastern Slope Region.

Instrumental music continues to mushroom and the program of building a better band seems to have definitely caught on in the area. In the elementary and junior high grades of the

Town, there are at least seventy-five youngsters studying instrumental lessons. Fifty of these are in the All Conway Junior Band, which rehearses once a week. As these youngsters enter the High School, they are given the opportunity to join the Kennett Band, which now numbers some thirty musicians, in a group which becomes more balanced as time goes on. Mr. Charles Zunstein is the director of the Kennett Band.

Music in our schools is slowly reaching its goal of "music for all children, all children for music." It is hard to say what the future will hold, but if the interest continues as has been shown by the children along with their parents and teachers, Conway will be second to none as to opportunities for music education for youngsters.
