WARRANT

SULLIVAN, SS

TOWN OF PLAINFIELD

To the inhabitants of the Town of Plainfield, in said county of Sullivan, and said State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Plainfield School gymnasium on Tuesday, the 12th day of March next at 10:00 o'clock in the forenoon to act upon the following subjects:

ARTICLE I: To choose by ballot, one Selectman for three years, one Trustee of Trust Funds for three years, two Library Trustees for three years, one Auditor for two years, and any other necessary Town Officers.

The following article is included in the warrant by petition and not recommended by the Planning Board.

ARTICLE II: To see what action the Town will take with regard to the following questions, said questions being changes in the Plainfield Zoning Ordinances proposed by petition.

Question 1. Do you favor the adoption of the following amendment to Article II, Section 2.5 Schedule A?

"To see if the Town will vote to amend the Zoning Ordinance, Schedule A to allow Professional Offices and Retail and Wholesale Business to be permitted uses in the V.R. (Village Residential) Zone and Light Industrial Management and Research and Development Operations as permitted uses in the R.R. (Rural Residential) Zone per Schedule A of the Plainfield Zoning Ordinance."

The Planning Board does not approve of the adoption of this question.

() Yes () No

Question 2. Do you favor the adoption of the following amendment to Article IV, Section 4.3?

"To see if the Town will vote to revise Section 4.3 of the Plainfield Zoning Ordinance to read as follows:

Two principal uses with their accessory uses shall be permitted on a single lot if both uses are either permitted uses or uses permitted by Special Exception as listed in Schedule A of Zoning Ordinances, Town of Plainfield."

The Planning Board does not approve of the adoption of this question.

() Yes () No

Question 3. Do you favor the adoption of the following amendment to Article IV, Section 4.13 Lot Shape?

"To see if the Town of Plainfield will vote to eliminate from the Zoning Ordinances, Section 4.13, Lot Shape."

The Planning Board does not approve adoption of this question.

() Yes () No

Question 4. Do you favor the adoption of the following?

"To see if the Town will vote to confirm the continued permitted use of two family dwellings in all zoning districts as currently allowed in Schedule A of the Plainfield Zoning Ordinance."

The Planning Board does not approve adoption of this question.

() Yes () No

The following article is proposed and recommended by the Planning Board:

ARTICLE III: To see what action the Town will take with regard to the following questions on the Plainfield Zoning Ordinances. In order to allow for an accessory apartment or "mother-in-law" apartment in all zones and to further clarify the requirements for multiple family dwellings, the Planning Board recommends the following changes:

Question 1. Do you favor the adoption of the following amendments?

1. Change Article II, Section 2.5, Schedule A in the following ways:

a. Under Special Provisions and Requirements, delete "except that a two family dwelling contained in a single structure shall

require an additional 20,000 square feet", and add in its place, "except that an approved accessory apartment shall require an additional 20,000 square feet" in the VR, RR, RC I, RC II Zones.

b. Under Permitted Uses, change number 2. "one and two family dwellings" to read: 2. "single family dwellings" in VR, RR, RC I and RC II Zones.

c. Under Special Exceptions, add "accessory apartment" in the VR, RR, RC I and RC II Zones.

d. Renumber the tables.

2. Change Section 3.4 Offstreet Parking in the following ways:

a. Eliminate 1, 2 and 3.

b. Add in their places:

<u>Use</u>	<u>Minimum Number of Off Street Parking Spaces</u>
1. Single family residence	2 spaces per unit, plus 1 additional space for an accessory apartment.
2. Multiple family	1.5 spaces for each unit with one bedroom, plus an additional 1/2 space for additional bedroom in each unit.

c. Renumber the section.

3. Change Article III, Section 3.10 Planned Residential Development in the following ways:

a. Under A Purpose: eliminate "two family".

b. Eliminate the ERRATUM to existing D Density: Add to the existing D, Density the following: "In no case shall the number of dwellings within a tract proposed for PRD exceed the number of units allowed (as permitted uses) on the same tract under regular and ordinary lot size provisions of the zone or zones in which the tract is situated."

4. Change Article IV, Section 4.3 Principal Use of Lot by deleting "one and two family dwelling" and inserting in its place "single family dwelling".

5. Amend Article VIII, Definitions in the following ways:

a. Add "Accessory Apartment: A single apartment of no more

than 800 square feet, containing no more than one bedroom and one bathroom, must be connected to the main dwelling by enclosed weather tight space with continuous roof and continuous foundation. The apartment and main dwelling must remain under one ownership."

b. Change the definition of Multiple Family Dwelling to read "A permanent structure used as a residence consisting of two or more dwelling units, except in cases where the accessory apartment criteria are met."

() Yes () No

In order to clarify some guidelines for the relaxation of Section 4.13 Lot Shape (the 4 to 1 ratio), the Planning Board recommends the following changes.

Question 2. Do you favor the adoption of the following amendment?

Delete Article IV in its entirety, Section 4.13 Lot Shape in its entirety and insert in its place "Section 4.13 Lot Shape. The width of the lot measured along its road frontage shall not be less than 25% of the lot length measured perpendicularly to the straight line best approximating the road frontage. It is not the intent of this section to limit the development potential of a parcel to a greater extent than the frontage criteria. In the case of larger parcels with high percentages of back land, good planning may dictate that some parcels be non-conforming in shape. In these cases boundaries shall be laid out so as to relate to the natural features of the land and so as to maintain, in so far as possible, the integrity of the original parcel. The intent shall be to create patterns of ownership that simplify and encourage the preservation and proper management of the existing natural resources."

() Yes () No

In order to clarify an unwritten, previously existing policy, the Planning Board recommends that the following Section be added to Article IV, Zoning Ordinances.

Question 3. Do you favor the adoption of the following amendment?

Add to Article IV, a new Section, 4.15 Rules of Proportionality. "In that the road frontage and acreage requirements are based on existing patterns of use and the soil carrying capability in those zones, a rule of proportionality is to be applied where a parcel lies in more than one zone.

The acreage required to create a conforming parcel shall be such that the following mathematical formula is satisfied.

$$\left(\frac{\text{Lot acreage in Zone 1}}{\text{Minimum Lot Size in Zone 1}}\right) + \left(\frac{\text{Lot acreage in Zone 2}}{\text{Minimum Lot Size in Zone 2}}\right) + \left(\frac{\text{Lot acreage in Zone 3}}{\text{Minimum Lot Size in Zone 3}}\right) \geq 1$$

(In words, the lot acreage in Zone 1 divided by the minimum lot size in Zone 1, plus the lot acreage in Zone 2 divided by the minimum lot size in Zone 2, plus the lot acreage in Zone 3 divided by the minimum lot size in Zone 3 must be equal to or greater than 1.)

In the case where the frontage for a parcel lies all in one zone, the frontage requirements for that zone shall apply. In the case where frontage lies in more than one zone, the same rule of proportionality as applies to acreage shall apply."

() Yes () No

In order to clarify the intent of the Ordinance, the Planning Board recommends that Article IV, Section 4.3 Principal Use of Lot to be deleted and to be replaced by new language.

Question 4: Do you favor the adoption of the following amendment?

Delete Article IV, Section 4.3 Principal Use of Lot in its entirety and insert in its place the following: "Section 4.3 Principal Use of Lot. Except as otherwise provided for in this ordinance, only one principal use, together with its accessory uses, shall be permitted on a single lot. A second use may be permitted as an "accessory use" as a special exception by the Zoning Board of Adjustment provided the following conditions are met: (1) one of the uses shall be a single family dwelling, (2) the second use is incidental and subordinate to the residential use and listed in Schedule A as a permitted use or a special exception, (3) a non-residential use is owned and operated by an inhabitant of the dwelling unit on the lot and (4) the use complies with the requirements for special exceptions."

() Yes () No

In order to properly protect the health and welfare of the community and its citizens in the future, the Planning Board recommends that the following language be added:

Question 5. Do you favor the adoption of the following question?

1. To Article III, Section 3.10 Planned Residential Development, Common Areas and Utilities add, " All sewage effluent produced on each lot shall be treated and disposed of on that same lot unless the lot is served by a municipal sewage system.

2. To Article IV, Section 4.9 On Site Sewage Systems add, "All sewage effluent produced on each lot shall be treated and disposed of on that same lot unless the lot is served by a municipal sewage system."

[___] Yes [___] No

 You are further notified to meet at the Plainfield gymnasium on Saturday the 16th of March next at one o'clock in the afternoon to act upon the following subjects:

ARTICLE VII: To see if the Town will vote to authorize the Selectmen to borrow, on the credit of the Town, such sums of money as may be necessary to meet the current expenses in anticipation of taxes.

ARTICLE VIII: To see if the Town will vote to raise and appropriate the sum of \$907,778 to defray Town charges for the 1991 fiscal year. The Selectmen propose the following budget:

1. Town Officers' Salaries	\$ 19,300
2. Town Officers' Expenses	73,000
3. Election & Registration Expense	1,900
4. Cemeteries	15,000
5. General Government Buildings.	7,000
6. Reappraisal of Property	6,000
7. Planning & Zoning Board	4,000
8. Legal Expenses	8,500
9. Advertising & Regional Associations	3,000
10. Police Department	73,500
11. Fire Departments - Meriden	19,689
- Plainfield	20,000
12. Dispatching for Fire, Police & Ambulance. . .	7,000
13. Hydrant & Forest Fire Expense	3,000
14. Highway Maintenance	182,450
15. General Highway Expense	19,500
16. Trucks & Plows	23,300
17. Heavy Equipment	16,500
18. Fuel & Oil	24,000
19. Street Lights	5,600
20. Solid Waste Disposal	86,000
21. Garbage Removal	61,600
22. Ambulance, Nursing & Health Officer	23,400
23. General Assistance.	5,000
24. Libraries - Meriden	14,050
- Plainfield	12,180
25. Recreation	4,500
26. Patriotic	1,250

27. Conservation Commission	1,720
28. Principal of Long-Term Bond	5,000
29. Interest Expense: Long-Term Bond	5,800
30. Interest Expense: Tax Anticipation Notes	15,000
31. Insurance	95,000
32. School Bus Fuel	8,939
33. Employer Contributions	<u>36,100</u>
	\$907,778

ARTICLE IX: To see if the Town will vote to raise and appropriate the sum of \$85,000 to be used by the Highway Department on the Methodist Hill Road Project.

ARTICLE X: To see if the Town will vote to raise and appropriate the sum of \$77,600 for the revaluation of the Town of Plainfield, and to authorize the Selectmen to withdraw the sum of \$67,279 and accrued interest to date of withdrawal from the Capital Reserve Revaluation Fund established in 1985 for this purpose.

ARTICLE XI: To see if the Town will vote to raise and appropriate the sum of \$50,000 for the purchase of a new dump truck to be used by the Highway Department, and to authorize the Selectmen to withdraw the sum of \$50,000 from the Capital Reserve New Equipment Fund created for this purpose and to further authorize the Selectmen to sell or trade the Town's old dump truck #4.

ARTICLE XII: To see if the Town will vote to raise and appropriate the sum of \$40,000 to be placed in the Capital Reserve Fund for the New Equipment Fund created in 1987.

ARTICLE XIII: To see if the Town will vote to raise and appropriate \$18,000 for the purchase of a new Police cruiser, and to authorize the Selectmen to withdraw the sum of \$5,170 and accrued interest to date of withdrawal from the Capital Reserve Police Cruiser Fund established in 1990 for this purpose.

ARTICLE XIV: To see if the Town will vote to raise and appropriate \$13,000 for repairs to the Houser Lane Bridge, and to authorize the Selectmen to withdraw the sum of \$8,192 and accrued interest to date of withdrawal from the Capital Reserve Bridge Maintenance Fund established in 1988 for the purpose.

ARTICLE XV: To see if the Town will vote to raise and appropriate a sum not to exceed \$5,000 to be used in conducting a professional audit of the town's records.

ARTICLE XVI: To see if the Town will vote to raise and appropriate a sum not to exceed \$4,232 for Human Services as recommended by the Human Services Committee.

ARTICLE XVII: To see if the Town will vote to increase the real estate exemption on dormitories, dining rooms, and kitchens of Kimball Union Academy above \$150,000 as allowed in RSA 72:23, and take any other action relating thereto.

ARTICLE XVIII: To see if the Town will direct the Selectmen to appoint within 60 days of Town Meeting a committee to continue the KUA/Plainfield Tax Study for 1991. The charge to this committee shall be to meet with representatives of the KUA administration at least quarterly, maintain an ongoing review of the relationship between the academy and the Town, including the agreement pursuant to RSA 72:23.

ARTICLE XIX: Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is \$1,400, rather than \$700. Vote shall be by written yes or no ballot simple majority ruling.

ARTICLE XX: To see if the Town of Plainfield will vote to elect members of the Planning Board beginning March 1992 as provided for by RSA 673:2 II (b). (by petition)

ARTICLE XXI: To see if the Town will vote to instruct the Planning Board and Zoning Board of Appeals to administer only such ordinances and regulations as are printed and included in the Town of Plainfield Zoning Ordinance and Subdivision Regulations, as amended from time to time and prohibit members of said land use boards from expanding requirements or creating new requirements beyond the written, provisions of said regulations. (by petition)

ARTICLE XXII: To see if the Town will authorize and instruct the moderator to appoint a committee of five to study Plainfield local tax revenue sources and report back to next town meeting with 1) any proposals to administer the local tax structure more equitably within the present statutes and/or 2) any statutory changes to make local taxation more equitable to be then voted on as recommendations to the General Court. (by petition)

ARTICLE XXIII: To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its 1991 appropriation, said funds to be placed in a special Conservation Fund in accordance with RSA 36-A:5. (by request)

ARTICLE XXIV: To see if the Town will vote to rescind Article VII, 1987, which read as follows - "To see if the Town will vote to authorize the Conservation Commission to conduct a sale of timber on the 'Episcopal Lot' owned by the Town of Plainfield on the Columbus Jordan Road and, further, that any net proceeds from said cutting of timber be placed in the existing 'Special Conservation Fund' to be used for future conservation projects in accordance with RSA 36-A:4 & 5." (by petition)

ARTICLE XXV: To see if the Town will authorize the Selectmen to conduct a sale of timber on the following town owned land, (Map 10-Lot 500, Map 12-Lot 3255, Map 12-Lot 3250, Map 18-Lot 5350) and such sale is to take place within the fiscal year and all proceeds from such timber be used to lower the overall town budget for that

year. (by petition)

ARTICLE XXVI: To see if the Town will vote to authorize the Selectmen to appoint a committee to study the feasibility of a transfer station and recycling center, and propose such facility with projected town costs and savings, to be enacted upon by vote at a subsequent town meeting.

ARTICLE XXVII: To see if the Town will vote in favor of eliminating the Town provided curbside pickup of household rubbish in the event that a transfer station and recycling center are established by the Town.

ARTICLE XXVIII: To see if the Town will vote to authorize the Selectmen to enter into a multi-year contract for the removal of rubbish in Plainfield.

ARTICLE XXIX: To see if the Town will vote to instruct the Selectmen to conduct regular winter maintenance of town roads without the direct application of salt.

ARTICLE XXX: To see if the Town will vote to establish a General Trust Fund for maintenance and care of the cemeteries in town pursuant to RSA 31:19-a.

ARTICLE XXXI: To see if the Town will vote to authorize the Selectmen to convey any real estate acquired by the town by Tax Collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertized sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80.

ARTICLE XXXII: To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend money from the State, Federal or other governmental units, or a private source, which become available during the year without further action by Town Meeting. (RSA 31:95 b) The funds shall be used only for the legal purpose for which the Town may appropriate money. The Selectmen shall hold a Public Hearing prior to the acceptance of Funds from any source.

ARTICLE XXXIII: To see if the Town will vote to authorize the Selectmen to accept on behalf of the Town gifts, legacies and devises made to the town in trust for any public purpose, as permitted by RSA 31:19.

ARTICLE XXXIV: To see if the Town will vote to authorize the Selectmen to accept the dedication of any street shown on a subdivision plat approved by the Planning Board, provided that such street has been constructed to applicable town specifications as determined by the Selectmen or their agent.

ARTICLE XXXV: To transact any other business that may legally come before said meeting.

Given under our hands this 20th day of February, 1991.

ARTICLE II. To see what action the Town will take with regard to the following question, said question being on the following change proposed by the Selectmen and the Planning Board to the Town of Plainfield Zoning Ordinances, Manufactured Housing Park Licensing Ordinance and Building Construction Ordinance as follows:

Do you favor the following change?

Amend Article II, Section 2:5 F:2 (Prohibited Uses) by the addition of the following paragraph:

"Along watercourses with a designated Regulatory Floodway no encroachment, including fill, new construction, substantial improvements, and other development are allowed within the floodway that would result in any increase in flood levels within the community during the base flood discharge. In Zone A of the FEMA Flood Insurance Maps, the Building Inspector shall obtain, review, and reasonably utilize any floodway data available from Federal, State, or other sources as criteria for requiring that development meet the floodway requirements of this section."

Yes 137 No 18

Saturday March 17, 1990

The Meeting was called to order at 1:00 P.M. by the Moderator, Stephen H. Taylor. Prayer was offered by the Rev. Suellen Luegers of the Plainfield Community Baptist Church. Brownie Troop 801 lead in the Pledge of Allegiance to the flag and singing of America the Beautiful.

ARTICLE III: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: "That the town adopt the provisions of RSA 72:28 V and VI for the optional Veteran's Exemption and expanded qualifying war service for veteran's seeking the exemption." The optional veterans exemption is \$100 rather than \$50.

The voting was by paper ballot and the check list was used.

Yes 114 No 31

The vote was in the affirmative and it was so declared.

ARTICLE IV: The following resolution was offered and it was moved

and seconded that it be adopted.

RESOLVED: That the Town authorize the Selectmen to borrow, on the credit of the Town, such sums of money as may be necessary to meet the current expenses in anticipation of taxes.

Voted in the affirmative and it was so declared.

ARTICLE V: The following resolution was offered and it was moved and seconded that it be adopted:

RESOLVED: That the Town accept the reports of the Town Officers as printed in the Town Report, subject to corrections, and that a certified copy of said report be placed on file with the Town Clerk.

Voted in the affirmative and it was so declared.

ARTICLE VI: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town raise and appropriate the sum of \$955,400 to defray Town expenses for the 1990 fiscal year.

It was moved and seconded that Article VI be amended to read \$920,400, a reduction of \$35,000, with specific reductions as follows:

Town Maintenance	\$28,000
FICA	3,000
Insurance	3,000
Re-appraisal	<u>1,000</u>
	\$35,000

The question was moved and supported by seven voters.
Voted in the affirmative.

It was moved and seconded that the fuel budget be amended to \$21,600 (from \$24,400) and that Library - Meriden budget be amended to \$12,800 (from \$14,130) and that the Plainfield Library be amended to \$11,120 (from \$12,180).

The question was moved and supported by seven voters.
Voted in the affirmative.

The amendment was withdrawn by like supporters of this amendment.

The resolution, as amended, under Article VI was then taken up.

RESOLVED: That the Town raise and appropriate the sum of \$920,400 to defray Town Expenses for the 1990 fiscal year.

ARTICLE XVIII: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town instruct the moderator to appoint a committee to study the structural condition of the Town Hall at the Plainfield Plain, said committee to report and present recommendations at the 1991 annual meeting for appropriate repair and maintenance of the building, and further, to raise and appropriate the sum of \$1,000 for the use of said committee in carrying out the intent of this article.

It was moved and seconded that we amend Article 18 to read as follows: "That the town instruct the Moderator to appoint a committee to study the structural condition of the Town Hall at the Plainfield, Plain and the Town Hall at Meriden, said committee to report and present recommendations at the 1991 annual meeting for appropriate repair and maintenance of the buildings, and further to raise and appropriate the sum of \$1,000 for the use of said committee in carrying out the intent of the Article.

Voted in the affirmative.

It was moved and seconded that Article XVIII be amended by deleting the \$1,000 from this Article.

Voted in the affirmative and it was so declared.

Action on the resolution as amended.

RESOLVED: That the Town instruct the Moderator to appoint a committee to study the structural condition of the Town Hall at the Plainfield Plain and the Town Hall in Meriden, said committee to report and present recommendations at the 1991 annual meeting for appropriate repair and maintenance of the buildings.

Voted in the affirmative and it was so declared.

ARTICLE XIX: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town direct the Selectmen to appoint a committee to study the Maxfield Parrish backdrop and raise and appropriate the sum of \$1,000 for the study thereof.

Yes 76

No 7

Voted in the affirmative and it was so declared.

ARTICLE XX: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town increase the real estate exemption on dormitories, dining rooms, and kitchens of Kimball Union Academy above \$150,000 as allowed in RSA 72:23, to \$1,287,150.00.

Voted in the affirmative and it was so declared.

ARTICLE XXI: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town direct the Selectmen to appoint, within 60 days of Town Meeting, a committee to continue the KUA/Plainfield Tax Study for 1990. The charge of this committee shall be to meet with representatives of the KUA Administration at least quarterly, maintaining an ongoing review of the relationship between the academy and the Town pursuant to RSA 72:23 and to report back to the next year's town meeting.

Voted in the affirmative and it was so declared.

ARTICLE XXII: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town authorize the Conservation Commission to retain the unexpended portion of its 1990 appropriation, said funds to be placed in a special Conservation Fund in accordance with RSA 36-A:5.

Voted in the affirmative and it was so declared.

ARTICLE XXIII: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town will adopt a policy of encouraging all residents and commercial operations to sort solid waste for recycling whenever possible. In the event that the Town of Plainfield was unable to bring household and/or commercial waste to the Claremont Incinerator, and said waste was brought to the Lebanon Landfill, the commercial haulers transporting this material will adopt separate rates for trash removal with a lower rate for trash separation. The intent of this article being to meet the requirements of section 9 of the Town's present Lebanon Landfill Agreement.

Voted in the affirmative and it was so declared.

ARTICLE XXIV: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town instruct the Moderator to appoint a Finance Committee of six persons to advise the Selectmen and other officers of the Town in the prudential affairs of the Town.

Voted in the affirmative and it was so declared.

ARTICLE XXV: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town designate the Jesup's Milk-Vetch, a rare and endangered species found in Plainfield, the "Plainfield's Town Plant".

Voted in the affirmative and it was so declared.

ARTICLE XXVI: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town designate and proclaim April 22, 1990, as Earth Day 1990, and to set aside that day for public activities promoting preservation of the global environment and launching the "Decade of the Environment".

Voted in the affirmative and it was so declared.

ARTICLE XXVII: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town of Plainfield send a message to the Legislature and Governor calling for a comprehensive toxic law requiring coordinated programs of planning, research and development, education, enforcement, and economic incentives to achieve toxic reduction by substitution with safer substances.

Voted in the affirmative and it was so declared.

ARTICLE XXVIII: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town of Plainfield send the following message to our representatives and Senators in Washington:

As citizens of New Hampshire assembled at our Town Meeting and concerned over the present and future well-being of our town, state, nation and world, we call on our representatives in Washington to work vigorously for substantial reductions in military spending--spending for which the taxpayers of our town paid approximately \$2,666,592.00 last year-- and to redirect our federal tax dollars toward such purposes as education, environmental protection, deficit reduction, farming, housing, health care, and welfare of the elderly and children.

Voted in the affirmative and it was so declared.

ARTICLE XXIX: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town authorize the Selectmen to dispose of property acquired by Tax Collector's deed by sealed bid or public auction.

Voted in the affirmative and it was so declared.

ARTICLE XXX: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town authorize the Selectmen to apply for, accept, and expend money from the State, Federal or other governmental units, or a private source, which become available during the year without further action by Town Meeting (RSA 31:95 d). The funds shall be used only for the legal purpose for which the Town may appropriate money. The Selectmen shall hold a public hearing prior to the application for Grants from Governmental sources or prior to the acceptance of Funds from any sources.

Voted in the affirmative and it was so declared.

ARTICLE XXXI: The following resolution was offered and it was moved and seconded that it be adopted.

RESOLVED: That the Town of Plainfield give a warm vote of thanks to Arnold Chapman as he retires with over 30 years of service as employee of the Highway Department.

Mr. Chapman was given a hardy applause.

Meeting adjourned at 7:45 P.M.

Stephen H. Taylor as Moderator

Jay D. Waldner as Selectman

Roberta M. Stormann as Supervisor or Check List and Library Trustee, West Part of Town

were sworn into office in open meeting by Town Clerk, Howard Zea and Moderator Stephen H. Taylor.

Howard Zea, Town Clerk
of Plainfield, New Hampshire

SELECTMEN'S REPORT

1990 has been a very challenging year for the Board of Selectmen. It was a year of trying to contain spending in a time when prices were rising all around us. We have all experienced the cost of oil which has a heavy impact on the town budget. Everyone, including the town, had to tighten their belts. The Highway Department had virtually run out of money in mid December, but still had ice and snow storms to deal with. Through the efforts of many people we were able to stay within the approved budget.

We were finally able to finish the Brook Rd project, but not without one final battle. The money available ran out about a 1/2 mile from the covered bridge. After many meetings and some hard negotiations by Steve Halleran, our Administrative Assistant, Pike agreed to continue to the covered bridge. The result is a decent road that is smooth to drive down.

One of our biggest challenges during the year has been the preparation of the 1991 budget. We have definitely heard the concerns of the community about the increasing tax rate. We have been working hard with the Citizen Tax Study Group to try to find solutions to the problem. The town office staff has spent many hours gathering information for the various committees of the tax group. We feel that people understand better how the money is being spent and will be able to make some educated decisions at town meeting. We approached the budget with determination to reduce everything that we could, but still maintain an adequate level of service. We requested that whenever possible everyone level spend or decrease from last year's expenditures. We have put together a budget, including special articles, that we feel is responsible to the needs of the community.

The setup and operation of the town office computer automation, while a very difficult process, has allowed the Selectmen and the public to be better informed than ever before on the status of town operations.

Finally we would like to recognize the fine job our Administrative Assistant is doing for us. He was instrumental in negotiating the Brook Rd project. He also has explored insurance options for us, which have allowed us to budget less for town insurance than we did a year ago. He has worked very hard to keep us on track with this year's budget and in the preparation of the 1991 budget. This hard work from Steve, Nancy Baker, Selectmen's Secretary and all the town officers has allowed us to increase efficiencies in the operation of the town. The year 1991 promises to be even more challenging than 1990. Some of the efforts of the Tax Study Group will be long term, and we will continue to work with them, as well as other residents of the town, on all issues surrounding the operation of the Town of Plainfield.

Respectfully Submitted, Bruce W. Baird, Chair, Judy Belyea, and Jay Waldner

ADMINISTRATIVE ASSISTANT REPORT

As of this writing I have completed 15 months as Plainfield's first Administrative Assistant. This period of time has allowed me to become familiar with the yearly cycle of town government operations. My first year on the job has truly been a learning experience. I have enjoyed full support from the Board of Selectmen, town employees, and officers. I would like to thank all of these people for their help.

This year we worked very hard to bring on line a new computer system in the town offices. This new system includes a full fund accounting base, with accounts payable, and payroll modules. This system allows for up to the minute monitoring of expenditure and revenues. Anyone that has ever been involved with this type of conversion project will appreciate what was involved in making the transition from the old to the new.

Insurance also took up a great deal of time this year. In order to check the rising costs of both liability and health insurance premiums we made some fairly dramatic changes in both of these areas. The Town's Property Liability Insurance is now purchased through the New Hampshire Municipal Association's Property Liability Insurance Trust. Fundamentally this was a move away from traditional claims made insurance to pooled occurrence made coverage. This move is designed to help reduce current and future increases in property liability insurance. In the area of health insurance the town was forced to reduce the town's offered employee health insurance plan, increasing the financial exposure to each employee. Again this was done to check what we felt were unacceptable increases in premiums for the upcoming year.

The negotiations for the completion of the Brook Rd project was another area that involved many hours. In this particular case I feel the town was able to make the very best out of a difficult situation ending up with a high quality finished product, that should serve us for years to come.

In addition to town office related matters, I am fortunate to be able to work closely with both the Planning and Zoning Boards as Zoning Administrator. This exposure to the activities of both boards allows the Administrative Assistant to act as a contact person between the two land use boards, the community and the Selectmen. Plainfield's zoning ordinance has come under fire in 1990 for contributing to the town's higher than average equalized tax rate. While I understand the concern over the tax rate, we all share that, I hope that all residents will take the time to educate themselves on all the issues before voting to make major changes to either the zoning ordinances or subdivision regulations. There certainly are examples of towns which have much higher than average taxes with little or no zoning. So I am not at all convinced that zoning in and of itself equates to high taxes. I am, however, convinced that zoning properly enforced, does equate to a more aesthetically pleasing environment to live and work in. I would encourage voters to look to the land use boards in town for direction on proposed changes in the zoning ordinances; these are the groups that have been appointed to work within and carry out the ordinances.

I look forward to working with the entire town in 1991, as we continue to strive to keep Plainfield a rural residential community that people can live and raise families in.

Steve Halleran

REPORT OF THE ZONING ADMINISTRATOR & BUILDING INSPECTOR

In 1990 as Administrative Assistant I also became, with the support of the Board of Selectmen, Zoning Administrator for the Town of Plainfield. This moved seemed to make sense as I attend the majority of the Zoning Board of Adjustment meetings and due to my position of Administrative Assistant I am available during the week to answer zoning ordinance questions. Dave McBride has continued on as Building Inspector and is available for questions and to assist in the issuance of building permits on Wednesday evenings from 7:00 P.M. to 9:00 P.M.

The following permits were issued in 1990:

16 Single family residences	10 Renewals
3 Duplexes	3 Barns
8 Garages	11 Renovations
8 Additions	1 Pool
9 Decks	1 Mobile Home
12 Sheds	2 Zoning Permits
2 Re-creations of buildings	1 Replacement of underground tanks

GRAND TOTAL PERMITS ISSUED = 87

In addition the following number of inspections were made during the course of the year.

35 Zoning Inspections	70 Building Inspections
15 Health Inspections	

Respectfully Submitted,

Stephen Halleran
Zoning Administrator

David McBride
Building Inspector/
Health Officer

Yield Tax Agent

1990 REPORT OF THE
PLAINFIELD ZONING BOARD OF ADJUSTMENT

DURING THE YEAR THE BOARD GRANTED FIVE APPEALS FOR SPECIAL EXCEPTION:

1. Gordon and Fern Wilder 90-1, to establish a primary business use of construction and a secondary use of agricultural storage on the Wilder's Stage Rd property.

2. Singing Hills 90-2, to add a recreation building to their religious facility located on Stage Rd.

3. Shirely Shockcor 90-3, to operate an antique collectable shop at her Rte 12A residence.

4. John Bassette 90-5, allow for the existence of several wholesale/retail building trade business at the old "Snath Factory" property on Rte 12A.

5. Dietrich Apel 90-6, to expand his current gun repair operation on Willow Brook Rd to include a maximum of two additional employees.

The Zoning Board of Adjustment as of the end of 1990 has one continuing application for Special Exception, 90-4 Hampshire Hills. The Applicant, Plainfield Partners proposes a 47 unit Planned Residential Development on Rte 12A near Plainfield Village.

APPEALS FOR ADMINISTRATIVE DECISION:

1. Michael Higgins, 90-7, to allow for the construction of a two family building. Selectmen earlier denied the building permit application on the grounds that it did not meet the zoning definition of a duplex. The ZBA denied Mr. Higgin's appeal.

APPEALS FOR PRINCIPAL & ACCESSORY USE ALLOWED UNDER SEC 4.3 OF THE TOWN OF PLAINFIELD ZONING ORDINANCES:

1. Dan and Chick Henry, 90-8, to operate as a primary use automotive repair at the "old Griswold Garage building" with an accessory use of vehicular storage. This request was granted.

INFORMAL DISCUSSIONS:

In addition to the above cases the Board of Adjustment had informal zoning interpretation discussions with the following people.

Alice and John Hendrick
Mr. & Mrs. William Drew
Mr. Gregory Whitehead

Micheal Higgins
Mr. Ralph Demasi

THE ZONING BOARD OF ADJUSTMENT

PLANNING BOARD ANNUAL REPORT

The year 1990 was described by the media as giving planning boards around the state a chance to "catch up" to themselves because of the economic slow-down. This has not been the case with the Plainfield Planning Board. 1990 saw many meetings and hearings: thirteen subdivision applications approved (one with conditional approval) creating thirty nine lots, two annexations, four site plan reviews, and two design reviews. However, a disproportionate amount of meeting time related to two separate proposals. Much time and effort has been spent on these two applications, both of which involve internal road issues. Therefore, the Planning Board and other town officials have had to examine more closely the process required to build a road acceptable to the town. Dan Nash of Caron Engineering has been engaged to provide much needed professional services to the Planning Board.

The Capital Improvements Program met with some unforeseen delays, but it has been finalized for presentation to the public in early January. Because of delays in preparation, the C.I.P. has had to undergo its first annual update while being put into final form.

Changes in personnel were a highlight of the year. There were several resignations and subsequent appointments from the alternates. Alternates have been active participants; and, therefore, they have been well prepared to move into a regular spot. The chairman was absent from the board from mid May through mid September.

Respectfully submitted,

Mary W. Cassedy
Chairman

REPORT OF THE CONSERVATION TASK FORCE, 1990

The Plainfield Land Conservation Task Force was formed in 1987 by the Conservation Commission and community members. The goal of the task force is to contribute to the preservation of the rural landscape and the natural resources of the town of Plainfield. In order to accomplish this the following objectives were established:

- to preserve open agricultural spaces through the acquisition of development rights,
- to protect wildlife habitat,
- to maintain water quality by protecting watershed and aquifer recharge areas,
- to identify and preserve areas of scenic beauty,
- and to enhance the opportunity for recreation by providing public access for skiing, hiking, hunting, fishing, and other recreational activities.

The work of the task force has been to identify local lands which meet any or all of these objectives, to meet with landowners who are interested in land protection, and to coordinate the activities with public and private agencies. These agencies include the Trust for New Hampshire Lands, the Upper Valley Land Trust, the Society for the Protection of New Hampshire Forests, The Nature Conservancy, and others.

The protection of land is normally accomplished by a legal agreement, a conservation easement, between land owners and the Town of Plainfield. The agreements are designed to suit the situation, and normally include a permanent restriction on subdivision or development of the land. The agreement often has tax advantages for both parties and grant money has been available to facilitate the transaction.

About 1000 acres in the Town of Plainfield have already been protected in this way and an 850 acre parcel is now pending final agreement. If you have land which you feel is valuable to this effort, or if you would like more information, or if you would like to participate in the continuation of this effort, then contact a Conservation Commission or task force member.

Respectfully Submitted,
John Zimmer, Chair

CONSERVATION COMMISSION ANNUAL REPORT 1990

The winter months of 1990 were filled with planning the town Earth Day Celebration--held April 21--marking the 20th anniversary of the first Earth Day observance. This event was successful on many fronts: it gave us an opportunity to celebrate Plainfield's good fortune and achievements in environmental planning and protection, it provided educational and motivational information for townspeople and it raised funds for land protection through a very well organized and successful action. Many townspeople worked very hard to organize a day of fun and accomplishment and we are grateful to all of them.

At the March Town Meeting, the CC recommended adoption of Jesup's Milk Vetch as Town Plant. With the approval of voters, this endangered plant now joins the Cobblestone Tiger Beetle and Dwarf Wedge Mussel in having special significance in our environment.

In the fall of 1990, the CC began research which we hope will ultimately lead to having Plainfield's natural resources identified and portrayed on maps which will be readily available and useful for long range planning and for the regulatory activities of Town Boards. This is a process which will probably dominate our activity for the coming year and we welcome input from any townspeople who are interested in this process.

Another focus for environmental planning and protection will be the Connecticut River Greenway Project which is being prompted by a coalition of environmental organizations along the length of the river. We urge townspeople who would be interested in participating in data gathering and planning to contact one of us.

The concept of having regularly scheduled nature walks to introduce townspeople to some of the environmentally interesting and important areas of town has been promoted. We are hoping to make this a more frequent aspect of CC activity.

We have continued our financial support of the BEAR Program--an environmental education program in the Plainfield School-- and for the annual eighth grade tree planting. We are sorry to report that there were no students who were able to go to the Conservation Camp last summer.

There have been some membership changes in the commission. Ruth Whybrow's new work commitments have produced scheduling conflicts which prevent her from active membership at present. In addition, Karen Dowcett moved to the St. Louis area with her family, leaving a legacy of creative and energetic work on the CC that will be difficult to duplicate. Karen was responsible for organizing the original BEAR Program, and served as Chairperson of the 1990 Earth Day Celebration. To offset these losses, Heidi Stowell Nichols, who is on the KUA faculty and who has been active in environmental projects, has agreed to join the commission.

As always, new members and new ideas are most welcome.

Nancy Mogielnicki
Chair, Conservation Commission

PLAINFIELD TOWN HISTORY COMMITTEE

The four-year project to publish a history of the town of Plainfield is near completion and will go to press in late winter. In 1990, the final sections of the book were submitted, and your editorial staff of Philip Zea and Nancy Norwalk typed them into the computer and worked through the entire text two and one-half times. We have been assisted by several readers, including Mary Cassidy and Ruth Stalker. Photographs for the book were selected by the committee in late summer. The crux of the project at the moment is the completion of the photography, much of it generously donated by Erich Witzel, and the preparation of captions. The typescript is several hundred pages. To help your mind's eye, the text, double-spaced, "stands" about 6 inches high and covers Plainfield's past through the course of 23 chapters and appendices all written by over 50 of your friends and neighbors.

The book will make a wonderful Christmas gift! The title is "Choice White Pines and Good Land:" A History of Plainfield and Meriden, New Hampshire. See it at your newsstand soon.

Philip Zea, Nancy Norwalk, Bettyann Dole,
Kathryn MacLeay, Stephen Taylor, & Howard Zea

MERIDEN LIBRARY TRUSTEES REPORT

1990 began at the Library with a job just asking for volunteers. We asked and the response was and continues to be just great. In July of 1989 a new law was enacted that made it necessary for new book cards to be put into all the books in the library collection that are circulated. That number is nearly 12,000 titles in Meriden. The Confidentiality Law was enacted so that you can read what ever you wish under a law that gives you the privacy to do so. Numbers have been issued to patrons, this number is written on the book card rather than their name.

Since May, when libraries in New Hampshire began to comply with the new law, volunteers have been writing out new book cards. It is a time consuming job and in the children's room this project is continuing. Each second and fourth Tuesday morning from 10 to 12 noon until the job is completed we will hold volunteer hours at the Meriden Library. If you can only volunteer for half an hour at that time it will be appreciated. Readable writing or printing is a necessity.

Again, we want to thank Ann McAllister for her continued volunteer time spent preparing and presenting our monthly story hour program. Ann provides an hour of stories, games, crafts and music for preschoolers that they enjoy immensely. Thank you Ann.

Our Summer program was a big success and thanks go to many who participated. This year it was a State wide venture with a single theme, "Get That Reading Rhythm". Many did just that, our programs were well attended. Despite an epidemic of chicken pox at the time, our first program featuring local musicians was attended by sixty children and parents. Thanks go to Shery Moore, Fess Moore, Betsy Rybeck Lynd and Lee Lynd, Larry Wolkin and our Trustees, Jack Ragle and Sharry Keller. Jack also presented an afternoon of stories and music on his harmonica. Our librarian read bedtime stories one evening, another of the many programs that were shared by the two town libraries during the summer as was the July 4 Parade Float that advertised our summer program.

The annual book sale was a success and we thank those who donated books. The sale continues in the front hall at the library year round.

Thanks to Dave Chellis and the Meriden Telephone Company for their gift of the copier they replaced this past year. As tax time rolls around and copies are needed from the reproducible book of tax forms the copier will be much appreciated. We will charge 10 cents per page as they did. The funds will be used for copier supplies. Thank you Dave.

Videos are very popular in libraries these days and we have many. Gifts from the Meriden Bird Club, a grant shared by the town libraries, gifts from patrons and the Meriden Library Association have helped enlarge our collection. Travel, nature, how to, history and fiction captured on film make up the collection. A recent addition is titled Tell Me Why. This set purchased with memorial monies will be shared with Plainfield Library. It features scientific answers to many questions that children ask.

Our collection of Books on Cassette has also been added to this past year as has the record collection. All these collections are shared by your two town libraries and can be borrowed during library hours. Check with the librarians for hours and utilize your libraries. Until you enter you won't know what is available. The Meriden and Philip Read librarians and trustees work jointly so we can offer you the best library service we can provide with out a lot of duplication.

Circulation and visits to the Meriden Library continue to increase. It is gratifying to hear from our librarian that the children are visiting the library when needing to do research for a school project. At a time when our country is trying to erase illiteracy from our culture, in Meriden we are seeing proof that our Library is an important part of the life of our community.

Respectfully submitted,

Jack Ragle
Betsy Beck
Sharry Keller

PHILIP READ MEMORIAL LIBRARY
Plainfield, New Hampshire

TRUSTEES' REPORT

The Philip Read Memorial Library has just concluded its 66th year in operation. Many changes have come about over the years, but the one that everyone will remember this year is the new state CONFIDENTIALITY LAW. During the 1989 legislative session, HB36 was passed, signed into law, and took effect on July 21, 1989. What this law means to our library is that it is no longer legal for patrons' names to appear on circulation cards of materials being checked out of the library. Options were to convert to computerized records or a number system. Not having the funds available for computerization, and being denied a state grant for that purpose, facilitated the need for the numbering system. The volunteer effort was extraordinary. Twelve volunteers logged a total of 140 hours to retype the 14,000 book cards in the library. Library patrons were re-registered and assigned numbers.

Due to the library's use of the statewide computerized data base, interlibrary loan use has increased tremendously. This year 464 books were purchased for the collection and 234 books were donated. Twenty videos were donated, many by the Meriden Bird Club. Library circulation increased over last year with a total of 11,688 items loaned. Both the Plainfield and Meriden Libraries are now enjoying van delivery from the state library which has saved considerably on postage for the return of films for the monthly movie program and books for interlibrary loan. The Meriden Telephone Company has generously allowed their office to be used for this service as the libraries are not open at the delivery time.

Several town groups regularly use the meeting room; anyone that would like to use it may contact Librarian Nancy Norwalk for scheduling. Many successful programs were held this year. Last winter's book discussion series on Mysteries was well attended. Last April patrons participated in a nation-wide celebration of National Library Week called "The Night of 1000 Stars;" and held an evening of listening to our neighbors read aloud from their favorite books. We joined the first state-wide summer reading program, "Get That Reading Rhythm," in which 33 children participated by reading 437 books in 6 weeks. The monthly story hour and movie programs were well received by our younger patrons, as was our bedtime story hour. Many enjoyed the Clay Whistle Program and Workshop led by Jean Moniot. Tom Norton was invited one evening to introduce New Hampshire's newest member of the state Fire Marshal's Office--Ruth--an accelerant detection dog. The Scarecrow Contest had many creative entries, and we hope to repeat this contest in the fall. The librarian and trustees are open to suggestions. If there is a program you would like to see or one you would like to present, please let Nancy know.

The Memorial Showcase has an ever-changing series of displays. This past year we were delighted by a postage stamp collection, boxes, chickens (some alive), and a 100-year-old quilt, just to name a few.

The Plainfield and Meriden Libraries work closely together regarding grants, book purchases, and programing. This year, as in the past, we worked jointly to put together a float with the theme of the summer reading program for the Fourth of July parade.

The trustees and Librarian Nancy Norwalk would like to thank all our volunteers for the help and support they lend the library. A special thanks to Deborah Davis for keeping the library decorated in its seasonal best, Sue Woodward for filing and typing catalog cards, and Lois Fredette, our most faithful typist. Remember, this is your library. If there is a program you want to see, a book you want to read, a tape you want to hear, just let us know.

Trustees: Linda Norton
Alice Hendrick
Roberta Stormann

Report of the Town Hall Study Committee

The committee met in June 1990 and spent one evening thoroughly inspecting the Plainfield Town Hall and one evening inspecting the Meriden Town Hall. This included checking the attic and crawl space. Both buildings are in good structural condition, but suffering from general neglect. Below are the results of these inspections. Both roofs have already been repaired.

Plainfield Town Hall

The Plainfield Town Hall was built in 1798 on Center-of-Town Road. In 1810 it was dismantled and rebuilt on Route 12A just south of Plainfield Plain Cemetery. In 1846 the town moved the building down the hill to its present location. The stage addition was added in 1916. The building is on the National Register of Historic Buildings and the National List of Historic Theatre Buildings. Since the town hall is listed on the National Register, it is eligible for government and foundation grants for repair work.

The committee found that the following problems need to be addressed (in order of priority):

1. The greenery in the front of the town hall has grown considerably, is too close to the building, and is causing problems. It should be cut back or eliminated where necessary.
2. The exterior trim on the front should be repaired.
3. The foundation and the chimneys need to be repointed. It is recommended that these projects be done at the same time.
4. The number of piers under the main carrying timbers could be increased. The timbers are in good condition.
5. The exterior and interior should be painted and the interior ceiling repaired.
6. The sill on the northeast corner needs to be replaced.
7. A general clearing out, under close supervision, needs to be done. The attic, cellar, and stage area are filled with trash.
8. Other: The hall would benefit from attic insulation, insulation of the heat pipes in the crawl space and plumbing pipes, a ceiling fan, and storm windows. Minor repairs such as fixing the side door, replacing broken windows, repairing doors and ceiling in the dressing rooms, etc. need to be done. The building should be fumigated (there is a large bat population).

Meriden Town Hall

The Meriden Town Hall was built in 1896. The shed was added in 1908.

The committee found that the following items need to be addressed (in order of priority):

1. The foundation wall at the rear of the building needs to be replaced. A temporary solution would be to install piers. It should be fastened to the ledge. The chimney should be repaired at the same time.
2. The woodshed needs a new roof and a floor (it has a dirt floor).
3. Other: The heating unit is not working properly. There are minor repairs, broken windows to be replaced, etc. Consideration should be given to installing modern plumbing.

Maxfield Parrish Stage Set Study Committee

The committee has met many times this past year on the study and appraisal of the Maxfield Parrish stage set. After much research, Richard Stoddard, of New York City, was hired to perform the appraisal. The committee also sponsored a local art show in the Plainfield Town Hall at the July 4th celebration in order to give townspeople an opportunity to view the lighted backdrop. On that day 165 local people plus others signed a petition supporting the preservation of the stage set at its original location (the Plainfield Town Hall).

The stage set, consisting of backdrop, six wings, and three overhead drapes and depicting Mt. Ascutney, was designed by Maxfield Parrish and believed to have been painted by a professional theater scenery company, supervised by Parrish. It was commissioned by artist William Howard Hart and given by him to the town of Plainfield along with the stage, an interior set, lighting, and dressing rooms in 1917. Until very recently the stage and set were used extensively by area drama groups. It was reputed to be "the best stage north of Boston."

The following is the appraisal by Richard Stoddard:

Maxfield Parrish designed set	\$50,000
Parlor set with book ceiling	5,000
Original lighting equipment	5,500
Stage curtain	<u>1,500</u>
	\$62,000

In his appraisal Mr. Stoddard stated: "The Parrish set has considerable historical importance. Very little actual scenery (as contrasted with scenic designs on paper) has survived from the American theatre before 1920, and most of what survives is journeyman work from studios specializing in supplying stock scenery...None of them [the few surviving sets] have the distinction of being based on designs by a famous American artist. The Plainfield set is remarkable, then, not only because so little such scenery has survived, but because it was designed by and painted under the supervision of a celebrated American artist. In this respect, the Parrish set appears to be unique...The Plainfield set is also notable because it is not a stock scene, but rather a view of a well known Plainfield landmark. The condition and the color of the scenery are also remarkably good, considering its age and the fact that it has been used on and off for more than seventy years."

Mr. Stoddard was very impressed by the Maxfield Parrish set and its good condition. He explained that the set should be preserved (cleaning and repair) rather than restored (repainting). He also felt that it should remain on the stage for which it was built. If removed from Plainfield it would be taken out of context and its value would decrease. Museums do not have the space to display a set such as this and would simply store it where it would deteriorate and not be seen. The backdrop is in such good condition because it has hung in the same place for seventy-three years and not been moved. The original lighting is also of great interest and rarity.

Because of its uniqueness, historic and artistic importance, and local significance and sentiment, the committee recommends that the Maxfield Parrish stage set be preserved and that this be funded by donations and grants. The committee would like to continue to research the scenery. We are trying to find out exactly where the scenery was built. It was Maxfield Parrish, Jr.'s

theory that his father only designed it; he may well have actually worked on it, which fact would increase its value. The committee would also supervise fund raising and apply for grants. Members have also begun to contact mural artists who handle preservation which is not as expensive as previously thought. The Plainfield Historical Society has a fund set up specifically for the preservation of the stage set (approximately \$2000). This was begun by the remaining members of the Howard Hart players who donated the group's treasury. The committee feels this would be an appropriate depository for funds raised.

Repair and maintenance of the Plainfield Town Hall should be integrated with this effort. Joint grants may be available. An improved building will enhance and increase the use of the stage and hall and perhaps create added revenue to the town from user fees. Groups and individuals using the town hall should be cautioned about the value of the stage set and that care should be taken not to damage it or handle it unnecessarily. The New Hampshire law, which took effect on January 1, 1991, prohibiting smoking in public buildings should prevent further damage from smoke.

REPORT ON THE 1990/1991 PARADE COMMITTEE

A great time was certainly had by all at Plainfield's annual 4th of July parade and celebration. The parade in 1990 far surpassed even the expectations of those on the parade committee. Those on the committee worked long and hard to organize this event, but it was due to those individuals who came and participated that made it the wonderful success it was.

The committee has already started planning for 1991. If anyone should wish to help with time, or if someone has ideas please feel free to contact myself or any of the other committee members.

Parade Committee Members are as follows:

Peter A. Berry, Chair,
Phil Brady, 90-91,
Don Berwick, 91

Elaine Wheeler 90-91,
Sara Townsend 90,

Respectfully Submitted
Peter A. Berry, Chairman

PLAINFIELD 4TH OF JULY PARADE 1990

Photo Credit: Wallace Williams

PLAINFIELD VOLUNTEER FIRE DEPT. INC.

Box 212, Plainfield, NH 03781

The Plainfield Fire Department would like to take this opportunity to thank those individuals who donated towards our fund drive last spring. We were able to raise \$3,605. The department is in the process of trying to update our aging equipment. We looked at a 1974 Mack in Washington State, however our bid was not enough to purchase it. At this time we are investigating a 1979 Mack pumper in Maryland.

The department did purchase 2000 feet of 4" hose, two new portable radios, and several sets of bunker pants and coats.

Persons having outside fireplaces must obtain seasonal burning permits. Since we have town garbage pick-up, permits for outdoor incinerators cannot be issued. Burning permits can be obtained from either Deputy Fire Wardens G. Gardiner MacLeay, David Best or Forest Fire Warden Peter A. Berry. I would like to thank Bea Clark, department members, and the Ladies Auxiliary for their continued support of the Saturday night socials.

Respectfully Submitted,
Peter A. Berry
Chief P.V.F.D

MERIDEN VOLUNTEER FIRE DEPARTMENT
1990 ANNUAL REPORT

To all the Meriden Fire Fighters and their families, I wish to publicly thank all of you for your support of our volunteer department. It is seen in your many hours spent training, faithfully responding to calls, and fund raising. We could not exist without each of you. Last April Doug Chapman stepped down after 4 1/2 years as Chief due to new demands on his time when he was promoted to Deputy Chief in Lebanon. We wish him the very best in this accomplishment. He will still serve as a Fire Fighter in Meriden. John McNamara Sr. who served as Deputy Chief for many years and Willis Downing who served as a Lieutenant retired this year. We thank them for many years of service to our department.

We feel lucky that there were no major fires this year. The Meriden Fire Dept. responded to a total of 55 calls which is down from last year's 81 calls.

ANNUAL REPORT OF THE CORNISH RESCUE SQUAD

The Cornish Rescue Squad, serving the towns of Cornish and Plainfield, responded to 101 calls in 1990. Since July 1st we have been dispatched by the Windsor dispatch center via a repeater tower on Mt. Ascutney, which has greatly helped our radio reception in the two towns. Our squad of 23 volunteers responded last year to river rescues, structure fires, motor vehicle accidents, and household accidents and medical emergencies. Squad members also attended Emergency Medical conferences and seminars and continued to update their own training, and taught community CPR courses as well.

A volunteer nonprofit public service organization, the Cornish Rescue Squad relies on town appropriations and our annual fund drive to help cover our operating expenses and also enable us to invest in any new equipment needed to improve our service to the two towns. Our 1990 fund drive focused on our need for a rescue boat to help us respond more effectively to accidents on the Connecticut River. Community support has been so generous that we not only will be able to put a rescue boat into operation this spring, but also we will be able to meet this year's unavoidable increases in our operating budget without having to ask for an increase in town appropriations.

Please make sure your emergency phone number for Fire, Rescue and Ambulance- 448-1212 (or 911 for 298 and 448 exchanges) - is posted by each of your telephones. Should you need to use it, be sure to take the time to give clear directions to your home or location, and do not hang up until the dispatcher disconnects you. Also the Cornish Rescue Squad urges everyone in town to learn C.P.R. If you would like to take a course, call a squad member.

Again we thank all of you for your support.

Anne Donaghy, President
Cornish Rescue Squad

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

During the calendar year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control, and rekindled fires. All these causes are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. State Law (RSA 224:27II) requires that "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 224:27II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to \$1,000 and/or a year in jail and you are also liable for paying all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1990 including a 262 acre fire in Moultonboro and several fires in Hooksett.

In 1990, the New Hampshire Division of Forests and Lands trained 844 local Wardens and Deputy Wardens in the Incident Command System (ICS), an incident management system for all types of emergencies. In 1991, Wardens will be trained in the use of Class A foam in wildfire suppression.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

REPORT OF THE PLAINFIELD
POLICE DEPARTMENT

The Police Department investigated 865 calls for service in 1990. This represents an increase of 19.9% over 1989. I am pleased to report that a number of theft complaints were cleared with the recovery of the stolen items or restitution was made to the owners. Over \$1,000 in restitution was made for criminal mischief complaints.

I would like to thank everyone for the support you have given the Police Department over the past five years that I have been Police Chief for the Town of Plainfield. The department looks forward to serving the residents of Plainfield in 1991.

Respectfully submitted,
Gordon A. Gillens
Chief of Police

HUMAN SERVICES REPORT

Residents of the town of Plainfield continued to derive needed social services from the following agencies during 1990:

HEADREST: Provides information and referrals for Human Services in the Upper Valley. In 1990 43 Plainfield Residents utilized Headrests Services.

14 Church St./ PO Box 221/Lebanon, NH 03766

HOSPICE OF THE UPPER VALLEY: A caring service for people with life-threatening illness, and their families, designed to support and supplement the existing health care system.

10 Commerce Bld/ PO Box 225/ Lebanon, NH 03766

WHEELS AROUND WINDSOR: A multi-program for Senior Citizens including meals and meal delivery, transportation, advocacy and recreation. 720 meals were delivered by the Wheels within Plainfield.

Stoughton House/ 46 N. Main St / Windsor Vt 05089

GRAFTON COUNTY SENIOR CITIZEN'S CENTER: Provides services to Senior Citizens: meals, including deliveries of meals, transportation, adult day care, recreation, health screening and social services. 28 Plainfield Residents received services from this organization.

10 Campbell St/ PO Box 433 / Lebanon, NH 03766

COMMUNITY YOUTH ADVOCATES: Provides counseling and support for youth and their families, available 24 hours a day, works with court-ordered juveniles, maintaining Chandler House, an emergency, temporary home for these clients.

36 Tremont Square, Claremont, NH 03743

After expressing their gratitude for past years support and as requested, doing everything possible to hold the line on expenditure, these five agencies are again looking for support in 1991.

WELFARE REPORT

In the year of 1990, \$1,511.16 was spent on General Assistance to Plainfield's poor.

Much of this year's effort to aid the poor was spent looking for alternatives, as it should be. We have had to take a hard look at what people are spending their money on in order to create a budget that is within their means. Unfortunately, this new year has brought many jobless people into the picture. Now, we are faced with "real" problems. Our guidelines request that they apply for any type of assistance available at the state welfare office. It will be our responsibility to provide aid in these cases until the state level funds are coming through. This sometimes takes a month or longer. This doesn't mean our responsibility goes away when food stamps begin.

A special thank you to the Wheels Around Windsor and the Grafton County Senior Citizens Council for meals to our elderly. Thank you to all the Human Service agencies in this area such as Headrest and Listen. And, a very special thank you to the Meriden Good Cheer, Trustees of Trust Funds, and the area church groups who provided complete meals for the needy during the holidays and other items. If it is one thing that I try to do as Overseer of the Poor, it is to find as much help for the applicant that is available without a payback. It seems very true that once you find yourself in a situation of need, the last thing you want is another financial obligation.

We are asking that you put \$5,000 into this year's budget for 1991. However, if we need more money than that, it will have be overdrawn. So far this year, my case load is up 500%. And, it is hard to be hopeful that the recession we find ourselves in will end soon. However, you can be assured I will do all that is possible to recover Town funds if and when possible.

If anyone needs assistance, please call the Town Office at 469-3201.

Respectfully submitted,

Nancy Baker
Overseer of the Poor

REPORT OF REPRESENTATIVE MERLE SHOTANUS

Budget problems and declining revenues dominated 1990 legislative debate. A supplemental budget bill was passed which required cuts of more the \$60 million, increased fees and taxes, and depleted the \$28 million "rainy day" fund to get the state government through June, 1991. One of four tax reform bills (HB 1399) aimed at property tax relief was studied over the summer by the Ways and Means Committee. The study report recognized that the state's over-reliance on real estate taxes has caused serious problems in taxpayer equity, but concluded the problem needs more study before it can be resolved. A small part of the fees raised to "balance" the budget penalized landowners who built Class AA dammed conservation ponds. I attempted to rescind the \$20 fee charged to each pond, but was unsuccessful because the Senate attached by amendment to a multi-million dollar capital appropriations bill vetoed by the governor. My SAU weighted vote bill was sent to study and will probably pass in the 1991 session.

The 1991 session will be the most difficult I have experienced since becoming your representative in 1985. I will again be serving on the Appropriations Committee, this time as vice chair of the resource protection, development and transportation division. Budget and tax problems will again overshadow all other issues this session. We will face yet another \$20 million supplemental budget to see the State through June, 1991, and then struggle to overcome the \$80-100 million revenue shortfall when we set the budget for the 1992-93 biennium. Education funding and tax reform will share a large part of the debate on how the State meets its obligations. Entire programs and some state agencies will cease to exist if we are to achieve a balanced state budget. Besides being heavily involved in budget and revenue issues, I also will be co-sponsoring bills regarding the timber yield tax and forest fire protection; a forest clearcutting policy; additional funding for the Board of Tax and Land Appeals; repeal the class AA dam fees; and the final funding segment for the Land Conservation Investment Program.

The tax reform debate promises to be nasty and will focus on the problem of taxpayer equity. An omnibus tax reform bill has been introduced which proposes, among other things, a personal income tax; property tax exemptions; renter credits; new municipal and education aid; lowers the business profits and rooms and meals taxes; and repeals the interest and dividends tax. In general, the bill, if adopted, could substantially reduce taxes for families with less than \$50,000 adjusted gross income, and increase slightly the taxes paid by families making more than \$50,000. I distributed fact sheets on this bill to the selectmen of each town and, on request, to many constituents. I have informed the sponsors of the measure that I cannot support their proposal until I have heard from my constituents.

I will again chair the Sullivan County Delegation. Although the county faces an estimated \$370,000 in additional retirement costs as a result of an increase in employer contributions mandated by the NH Retirement System, the county commissioners have assured me their goal is to level fund the 1992-93 county budget. I assure

you the county delegation will do everything possible to insure the commissioner's promise becomes reality.

Again, more than ever before, it is crucial that your representatives are informed about your views on the issues facing the State and county. Please call me in Grantham at 863-1928 or 863-2293 or in Concord at 271-3065; or drop a note or visit and let me know your views at Sugar Springs Farm in Grantham or Room 105, Statehouse, in Concord.

January, 1991

Representative Merle W. Schotanus Grantham

REPORT FROM REPRESENTATIVE PETE HOE BURLING

It is hard to imagine a time of more difficult transitions. Our collective plunge from good times to bad continues without even a suggestion that the bottom is in sight. We preceive the effects of this in a dozen different ways, most particularly as we see the struggles over our school and municipal budgets move through the spectrum from friendly to heated and from heated to adversarial.

The effect on our policies is complex. Legislators look for new alliances, new ways of finding solutions. The budget of the State is on every rep's mind, with a deficit of some \$85 million possible next year (maybe more). A new consensus is developing that we need to look in new directions.

The upcoming legislative year will see us confront some immensely difficult times. There will be a great struggle over alternative revenue bills. There is a very well drafted income tax bill already before us. This bill will work in large part to provide relief from the worst effects of our over-dependence on the real estate property tax. In all probability, there will be a look at a sales tax as well.

There will also be a terrific fight over the process of making budget cuts. Many legislatores (myself included) are fed up with the concept of across the board cuts, and these legislators are now demanding that we start making cuts based on political priorities, intelligently defined.

For my own part, I continue to serve in the House Judiciary Committee, where I am Chair of the sub-committee on Civil Law. I am also now an Assistant Minority Leader. I have filed a small selection of bills this year, the most important of which calls for making the post of Attorney General an elective office, as it is in 43 other states. I feel very strongly that this is an important change for us to make, and I am delighted at the support I am receiving from both branches of the Legislature.

I still relish the task that I am about, and I thank each of you for giving me the opportunity to go on with my service in the House. I know now from experience that you will call me if you particularly agree or disagree with something I have done. Thank you for doing so, and please continue the effort.

Representative Peter Hoe Burling

REPORT OF THE PLAINFIELD/KUA TAX STUDY COMMITTEE
February, 1991

Summary. The committee recommends adoption of a revised, simplified agreement that provides for abatement of taxes on some KUA property, and tuition credits by an equal total amount, distributed equally among Plainfield students attending KUA.

Current Agreement. The KUA (Kimball Union Academy) Tax Study Committee was renewed in 1990 in conjunction with the tax/tuition agreement between the Town and the Academy. This agreement makes use of a NH law (RSA 72:23) enabling Plainfield to abate a portion of the taxes KUA might otherwise have to pay on dining hall, dormitory, and kitchen space. Wording in the current version, revised and substantially simplified in 1990, provided for the equal distribution of tuition credits among the students attending KUA; the total of these credits would equal the amount of taxes abated. Because students already enrolled have been receiving a higher credit in the past, KUA offered to "grandfather" existing students at the higher rate until they graduated. The credit would be applied after financial aid, if any, was determined. There was also a separate \$400 Plainfield discount to be applied regardless of whether or not the agreement was approved by the Town. Although details of the agreement were new this year, the general structure is one that the Town has consistently voted to maintain in some form for fifteen years.

The committee met twice in the summer and several times from October through February. KUA was represented by Headmaster Timothy Knox. Members identified three tasks: 1) to review the tax/tuition relationship for the current year; 2) to review the terms of the agreement and develop a recommendation to the Town regarding change or continuation; 3) to facilitate good communication between the Academy and the Town. The context for the committee's work was one of considerable change: KUA administration is still relatively new; the terms of the agreement itself were new this year; and the significant increase in the Plainfield tax rate has placed increased pressure on efficient use of public resources.

Review of the current year. As a result of communications from KUA, concern was raised in late Spring regarding the Academy's interpretation of the agreement. Representatives of the committee met with Knox, who offered to correct any misunderstanding and affirmed the Academy's commitment regarding "grandfathered" tuition levels for students enrolled prior to the change in the arrangement. Subsequent communication from KUA to parents indicated that the institution would be unable to guarantee that level beyond the '90-'91 year.

Review of the Academy's implementation of the agreement indicated that KUA had distributed total "town grant" tuition credits to Plainfield students in excess of the amount of taxes abated. Forgone Plainfield tax revenues have thus gone to support

education of Plainfield students, as intended in the agreement. The significant increase in KUA taxes over the previous year had the effect of covering some but not all of the higher, "grandfathered" amount for returning students.

However, KUA had not separated the "town grant" aid from the process for determining individual need for financial aid. This topic was pursued at length by the committee. Knox indicated frankly that the method outlined in the current agreement for first calculating need and then applying the town grant aid was fundamentally unacceptable to KUA. The mechanism was at variance with their procedure for determining and granting financial aid, and accountability for allocation of funds would entail revealing financial aid information. Citing the need to protect both individual and institutional privacy, he said that the Academy would be unwilling to make this information available even in aggregated form in the future.

Consequently, Knox suggested that the agreement be further simplified and proposed new wording for the arrangement. The committee debated the strengths and weaknesses of the proposal in relation both to the 1990 arrangement and to no arrangement at all. In the end, the surviving proposal was the original KUA proposal.

Proposed Agreement. Under the proposed arrangement, tax abatement and Plainfield student enrollment at KUA would be estimated by Town and School District officials respectively in cooperation with KUA. The tuition reduction on individual bills would equal the amount of the abatement divided by the number of non-faculty Plainfield students. To the extent that actual numbers differ from estimated numbers, any shortfall in abatement would be carried as a tax credit to the next year, and any surplus would be returned directly to the Town in the current year. Eliminated from the agreement would be 1) any mention of financial aid, which would remain a matter between parents and the Academy; 2) any differential in "town grant" between pre-1990 and later students - i.e. "grandfathering"; and 3) the separate \$400 Plainfield discount. Residential eligibility for non-faculty students would be consistent with criteria used by the School District. If in the future the number of students were to decrease while the KUA tax liability were to increase, the resulting tuition credit could increase substantially under this formula; the committee considered capping the figure at half the current KUA tuition rate.

The intent of the proposal is consistent with that of previous years. The availability of reduced tuition allows many families the educational option of sending their children to KUA. With KUA tuition approaching \$9,000 per year, the town grant may make a critical difference for many students, whether or not they are eligible for financial aid, which is likely to be less available in the future. At an estimated town grant of approximately \$3,000 per student for the school year 1991-92, the family's tuition maximum expense would be reduced to approximately \$6,000 before other forms of financial aid were applied, likely allowing more families to send their children to KUA.

If a student chooses to go to Lebanon instead of KUA, the anticipated cost to the school budget is \$6,558. There are no other school options at this time, as Plainfield has a long-term, exclusive contract with the Lebanon High School whereby the School District is not allowed to pay for a student's education at any other secondary school. Looked at from a purely economic viewpoint, the cost to the taxpayers for a student at KUA would be \$3,000, whereas the cost to the taxpayers for a student at Lebanon would be \$6,558. Higher enrollment in KUA under this arrangement thus reduces tuition liability for taxpayers.

Committee Recommendations. The committee has reviewed a wide range of arguments both for and against the proposal. At the same time, it has considered carefully its own frustration with the apparent difficulty in implementing the 1990 agreement. In the end, a substantial majority of the committee has voted to recommend that the Town continue the arrangement in its proposed form.

The committee is not entirely unanimous in its recommendation. A minority who would not recommend adoption of the proposal emphasized the likely improvement to the KUA public image if the abatement was eliminated. That is the Academy would be seen a "paying its taxes like everyone else." One member also thought that a significant increase in tuition charges would have negligible effect on enrollment of Plainfield students and that therefore the town might achieve a net financial benefit by rescinding the agreement.

A majority of the committee disagreed and felt that these possible advantages were outweighed by the likely benefits of adopting the proposal. Several reasons were offered for support. Maintaining the arrangement would continue to provide additional educational opportunity to Plainfield students, both by offering a financial incentive and by maintaining a stronger connection between the Town and KUA. The arrangement would be unlikely to represent any significant net cost -- particularly over time -- to the taxpayers. By helping to attract students to KUA it would help to reduce the Lebanon tuition bill. Although discontinuing the abatement would result in higher revenues to Town at a given tax rate, benefits to individual taxpayers would be largely if not entirely offset by higher expenses and a resulting deficit in the School District budget. Maintenance of some formal linkage and a standing committee is likely to foster improved communication and cooperation. Direct participation by the Headmaster and indirect involvement of the Trustees in developing this proposal ensures commitment and accurate follow-through by the Academy. Finally, the arrangement is as simple and accountable as possible. Although the simplicity of "everyone paying taxes" is attractive, the proposed mechanism for tuition reduction in lieu of taxes seems straightforward enough that most will be able to see KUA as "doing its share."

The committee believes that adopting the proposed arrangement would be a net benefit for the citizens of Plainfield and recommends that the Town take such action at Town Meeting.

NH/VT SOLID WASTE PROJECT
Annual Report of Activities

The New Hampshire/Vermont Solid Waste Project has performed its functions of providing facilities for the final disposal of municipal solid waste and disposal of ash residue from the waste to energy facility successfully this year. We have also continued work in the planning for a completely integrated solid waste management facility which will encompass not only the operations of an ash landfill and waste to energy plant, but also a comprehensive recycling, reduction, and reuse program and a means of handling the special waste stream.

The Wheelabrator Claremont waste to energy facility has continued to perform as designed. The plant was shut down in May and September for scheduled preventative maintenance. These shutdowns were of short duration (2-3 days). In September, a plant modification was performed to the economizer section of the boilers to increase the efficiency of the plant. The waste to energy facility was cited on May 17th by the New Hampshire Department of Environmental Services for allowing excess emissions of CO₂ to take place. Corrective action was taken and this situation no longer exists.

Deliveries of trash to the facility have not been as high as predicted this year. There are several reasons for this. Among the reasons are increased participation in residential and commercial recycling, waste diversion, and a slow economy. The resulting shortfall in tonnage due to the above reasons caused Wheelabrator Claremont Co., L.P. to allow the project to enter the spot rubbish market to seek tonnage to fulfill the contractual obligations. This effort has been reasonable effective and will minimize any penalty that may be incurred for underdelivery.

Planning for the second stage of the ash landfill has commenced. Nobis Engineering Inc. of Concord, New Hampshire is preparing conceptual plans for this expansion. Once these plans are accepted, they will then proceed to the final design and permitting process. The first stage of the landfill is expected to reach capacity in the Spring of 1992. In order for us to be ready to use the second stage in a timely manner, construction of the second stage should be completed during the construction season of 1991. Monies for this expansion will come from the Capital Reserve Fund.

Recycling in the entire NH/VT Solid Waste Project area, although mostly handled by the private sector, individual towns, and intertown agreements is a major goal. The project supports the efforts of member towns who have initiated public sector residential recycling. In New Hampshire, 12 of 16 towns, and in Vermont 9 of 13 towns, have a recycling collection program. As of December 1990, three New Hampshire towns have instituted mandatory residential recycling programs. Towns market their recyclable in various ways including; local users, local haulers, local processors, and the New Hampshire Resource Recovery Association.

In addition, the project supports aggressive commercial recycling and reduction.

PLAINFIELD RECYCLING PROJECT
1990 ANNUAL REPORT

A recycling pilot program began operations in Plainfield on January 27, 1990. With very limited funds, a recycling shed was built and equipped at the Highway Garage on Stage Rd. Its purpose was to initiate a basis for an on-going recycling effort and allow for the expansion as participation increases. The shed has been staffed by volunteers and is open Saturdays from 10:00 A.M to 12:00 Noon. Currently, the only recyclables accepted are newspapers, glass, and aluminum cans. After one year the pilot program has been a relative success.

Below is a summary of the recyclables collected:

19.9 tons of Newspaper
13.9 tons of Glass
0.9 tons of Aluminum

34.7 tons Collected

This represents a savings of about \$2,600.00 to the Town in cost avoidance (not sending these materials to the incinerator).

My estimates of participation indicates that about ten percent of the residents are currently using the recycling facility. At this time, the Town needs to decide what direction the solid waste program should go in. The simultaneous operations of curbside pickup of trash and a drop-off center for recyclables tend to work against each other. It does not encourage recycling and each resident pays the same for trash, through the tax rate, whether they recycle or not. Participation in any recycling project will not become significant unless more motivation is provided.

Therefore, I am sponsoring an article at this coming town meeting favoring the elimination of the curbside pickup of trash and replacing it with a transfer station and recycling center. A transfer station is an established location where residents bring their rubbish and recyclable materials.

The cost to taxpayers for the current solid waste program is the second highest expense on the Town Budget, second to the Highway Department. Please give this issue serious consideration.

I extend sincere appreciation to the several volunteers who staff the recycling shed on Saturdays.

Respectfully Submitted,
James E. Thompson
Plainfield Recycling Project Director.

UPPER VALLEY LAKE SUNAPEE COUNCIL

There are nine regional Planning Commissions in New Hampshire and twelve in Vermont. Like the others, the Upper Valley Lake Sunapee Council is a private non-profit corporation enabled by state legislation.

Overall our duties fall into two categories:

- Provide services to member towns
- Address regional issues.

SERVICES TO TOWNS:

Four basic services are available to member towns:

- Information: We maintain a library of pertinent planning information, and have a capable staff, with expertise in many areas of planning.

- Advice: Perhaps our most valuable service. We spend a lot of time on the telephone and in our office giving advice on planning uses, based on our cumulative experience and expertise.

- Hands On Help: one step beyond advice includes things like, reviewing ordinances, linkage to state and federal programs, reviewing a proposed development project, explaining how a certain aspect of planning usually works, and exploring alternative solutions for a particular problem.

In Depth Support: Transportation planning, master plans, ordinances, natural resource planning, capital improvement programs, impact fee studies, opinion surveys, and impact studies of large projects. In addition, many towns take advantage of our circuit rider planning program. Usually we must charge additional dues for in depth support items, to meet our expenses and break even. This type of support is available only to our member communities (we do not do any work for private companies or individuals), and at a far less cost than comparable expertise from a private consulting firm.

REGIONAL ISSUES:

We also provide a forum for regional issues. Currently we are working regionally on community development, solid waste, hazardous waste, transportation, housing, and studies related to Lake Sunapee and the Connecticut River. We are almost always able to support these efforts with state funds and/or special grants.

Now is the time to plan. If the past thirty years are any guide, what we have now is just a breather: northern New England has been growing throughout. The time to plan is when development is slow, when planning boards are not buried in a flood of applications. We encourage towns to do some long-range planning now, despite the tight economic times. The next generation will thank you for it, and UVLSC stands ready to help.

The Upper Valley Lake Sunapee Council looks forward to serving Plainfield during the coming year.

REPORT OF THE COMMISSIONERS
MERIDEN VILLAGE WATER DISTRICT

In 1990 the Meriden Village Water District furnished the community of Meriden with approximately 46,550 gallons of potable water daily. The district also handled a volume of wastewater at the treatment plant from Kimball Union Academy and residences in Meriden Village.

Completion of the water improvement project took place with final construction of a "high pressure" zone at the top of KUA hill and final landscaping and plantings at the tank site.

Maintenance costs were somewhat higher due to the replacement of a service main that supplies the Congregational Church, the Church Parsonage, the Cash residence, and the KUA Headmaster's house. This past year a hydrant improvement project was completed; several hydrants were raised, new internal components installed, and two (2) "new" hydrants were installed along Bean Road. This, along with the recently completed water storage tank, greatly improves the firefighting capability of the Meriden Village Fire Department.

The Commissioners wish to publicly express their thanks to Gardiner MacLeay, Dr. Robert Steinsiek, and James Chandler for cleaning and painting the fire hydrants. An example of true community spirit.

Kevin Kingston, assisted by William Taylor, continued to do an outstanding job operating and maintaining the wastewater treatment facility. The Commissioners and William Taylor are maintaining the water system; Bill did an exceptional job supervising the hydrant improvement project and replacement of the service main at the top of KUA hill. The Commissioners wish to thank them for their continued and dedicated service.

WARRANT

THE STATE OF NEW HAMPSHIRE

SULLIVAN, SS.

TOWN OF PLAINFIELD

To the inhabitants of the Town of Plainfield in the said county of Sullivan in said State, who are legal voters residing in the Meriden Village Water District, and qualified

to vote in said district affairs.

You are hereby notified to meet at the Plainfield School in said Meriden Village Water District on Tuesday the Nineteenth of March 1991 at 7:30 pm to act upon the following subjects.

ARTICLE I. To choose the necessary District Officers for the ensuing year or otherwise as the by-laws direct.

1. A moderator for one year.
2. A clerk for one year.
3. A commissioner for three years.
4. A treasurer for one year.
5. Such other officers and agents as the voters may judge necessary for the managing of the District's affairs, or as may be directed by law to be chosen.

ARTICLE II. To raise and appropriate such sums of money as may be necessary to defray district charges for the ensuing year.

ARTICLE III. To see what action the district will take with regard to the reports of the District Officers.

ARTICLE IV. To see if the district will will vote to authorize the commissioners to borrow funds in anticipation of income.

ARTICLE V. To see what action the district will take with regard to water and sewer use charges.

ARTICLE VI. To enact any other business that may legally come before this meeting.

Given under our hands and seal this eleventh day of February, in the year of our Lord, Nineteen Hundred and Ninety One.

A true copy attest:

Donald E. Garfield
Jeffrey S. Allbright
Rod McLain
Commissioners,
Meriden Village Water District

MERIDEN VILLAGE WATER DISTRICT MEETING
MARCH 20, 1990

At a legal meeting of the inhabitants of the Meriden Village Water District, in the County of Sullivan, State of New Hampshire, qualified to vote in District affairs, held at the Plainfield School on Tuesday, the twentieth of March 1990 at 7:30 p.m., the business was disposed of in the following manner.

The Annual Meeting of the Meriden Village Water District was called to order on Tuesday, the twentieth of March 1990 at 7:30 p.m. by Moderator Stephen Taylor and proceeded with the warrant.

ARTICLE 1. The following resolution was offered and it was moved and seconded that it be adopted.

Resolved: That the following slate of District Officers be elected.

Moderator for one year: Stephen Taylor
Clerk for one year: Roberta Garfield
Commissioner for three years: Donald Garfield
Treasurer for one year: Ira Townsend

It was voted in the affirmative and so declared.

ARTICLE 11. The following resolution was offered and it was moved and seconded that it be adopted.

Resolved: That the District raise and appropriate \$194,425.00 to defray District charges for the ensuing year.

It was unanimously voted in the affirmative and so declared.

ARTICLE 111. The following resolution was offered and it was moved and seconded that it be adopted.

Resolved: That the report of the District Officers be accepted as printed in the Town of Plainfield 1989 Town Report; subject to corrections and that a corrected copy be placed on file with the District Clerk.

It was voted in the affirmative and so declared.

ARTICLE 1V. The following resolution was offered and it was moved and seconded that it be adopted.

Resolved: That the Commissioners be authorized to borrow on the credit of the District, such sums of money as may be necessary to meet current expenses in anticipation of income.

It was voted in the affirmative and so declared.

ARTICLE V. The following resolution was offered and it was moved and seconded that it be adopted.

- Resolved: 1. That the District Charges for Sewer Service remain unchanged for the coming year.
ie: \$20.00 per month for residences.
\$3,800.00 per month for Kimball Union Academy.
2. That the District Charges for Water Service be as follows:
An increase from \$27.50 to \$35.00 per quarter beginning July 1, 1990 for residences.

An increase from \$1,200.00 per quarter to \$15,000.00 per month starting April 1, 1990 for Kimball Union Academy.

It was unanimously voted in the affirmative and it was so declared.

There being no business under ARTICLE VI, the meeting was voted adjourned.

Roberta Garfield, Clerk
Meriden Village Water District

PLAINFIELD VILLAGE WATER DISTRICT 1990 Report of the Commissioners

1990 was a year of new commissioners, good transition, several maintenance and improvement projects; in general - progress.

With some misunderstanding, work was done to improve the water reservoir in Blow-Me-Down Brook. We learned much of the workings of related agencies as we resolved this situation.

The master meter was replaced in June.

The backup generator was proposed, approved, completed, and will prevent downtime during power outages.

Connection of the artisian well to the system and more needed maintenance are planned for 1991. Continued search for increased water supply has generated some possibilities to be discussed at the annual meeting.

Conservation because of limited water supply continues to be necessary during dry weather and heavy ground frost.

The Annual Meeting for 1991 is scheduled for Monday, March 11th, at 7:30 P.M.

Thanks for all forbearance and cooperation

In your service,
Commissioners of the Plainfield Village Water District.

SCHOOL NURSE

Mary Cash-Rondeau

PLAINFIELD SCHOOL DISTRICT

WARRANT

State of New Hampshire

Sullivan, ss:

School District of Plainfield

To the inhabitants of the School District of Plainfield, in the County of Sullivan, and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Plainfield Elementary School in the Village of Meriden in said Plainfield, New Hampshire on Saturday, March 9, 1991 at 1:00 PM to act on the following subject:

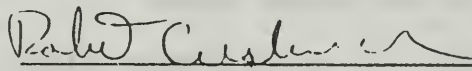

- Article I. To hear the reports of Agents, Auditors, Committees, and other officers heretofore chosen and to pass any vote relating thereto.
- Article II. To see if the District will vote to appropriate and raise \$912.00 to help support, with other school districts, a court challenge to the constitutionality of New Hampshire's method of funding public education through nearly total reliance on local property taxes.
- Article III. To see what sum of money the District will raise and appropriate for the support of the school, for the salaries of school district officials and agents, and for the payment of statutory obligations of said District and to authorize the application against said appropriation of such sums as are estimated to be received from state and federal governments together with other income, the School Board to certify to the Selectmen the balance which is to be raised by taxation by the District.
- Article IV. To see if the District will adopt the following resolution, and if adopted forward it to the appropriate State of New Hampshire officials:
RESOLVED: We the citizens of Plainfield hold Governor Judd Gregg and every member of the New Hampshire Legislature morally and ethically responsible for maintaining and promoting an unjust, regressive, and inequitable tax structure resulting in needless economic suffering. We beseech you to put aside your political rhetoric and fulfill your obligations as elected officials to address the crisis of inadequate funding threatening the foundation of public education.

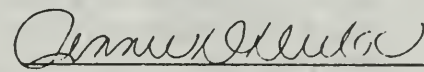

Article V. To see if the District will authorize the School Board to make application for, to accept on behalf of the District, and to expend for the purpose intended any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private foundations, trusts or individuals.

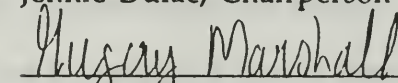

Article VI. To transact any other business that may legally come before this meeting.

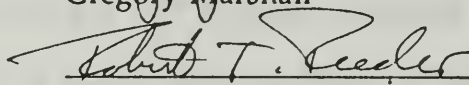

NOTE: Election of School District officials will take place at the same time and place as the election of Town Officials on March 12, 1991.

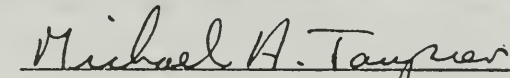

Given under our hands and seals at said Plainfield this 7th day of February, 1991.

PLAINFIELD SCHOOL DISTRICT
Minutes
Annual Meeting - March 10, 1990

At a legal meeting of the voters of the School District of the Town of Plainfield, Moderator Stephen H. Taylor, called the meeting to order at two o'clock in the afternoon of March 10, 1990 at the Plainfield School in the Village of Meriden, in said Plainfield.

ARTICLE I. The following resolution was presented, moved and seconded it be adopted: Resolved: That the District accept the reports of the officers, agents, and auditors as printed in the Annual Report. The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE II. The following resolution was presented, moved and seconded it be adopted. Resolved: That the District vote to appropriate and raise \$966.00 to help support, with other school districts, a court challenge to the constitutionality of New Hampshire's method of funding public education through near total reliance on local property taxes. The vote by show of hands resulted in:

Yes	No
247	47

The vote was in the affirmative and it was so declared by the Moderator.

A motion was made and seconded to move to Article VI. The vote by voice was in the affirmative and was so declared by the Moderator.

ARTICLE VI: The following resolution was presented, moved and seconded it be adopted. Resolved: That the ensuing budget be limited to an eight percent increase over the current year. The vote by secret written ballot by checklist resulted in:

Yes	No
88	159

The resolution was voted in the negative and was so declared by the Moderator.

ARTICLE III. The following resolution was presented, moved and seconded it be adopted. Resolved: To see if the District will raise and appropriate the sum of \$2,036,982.00 for the support of the school, for the salaries of school district officials and agents, and for the payment of statutory obligations of said District and to authorize the

application against said appropriation of such sums as are estimated to be received from the state and federal governments together with other income, the School Board to certify to the Selectmen the balance which is to be raised by taxation by the District. Said sum of \$2,036,982.00 represents the combined total proposed budget figure of \$2,036,016.00 plus the \$966.00 voted under Article II to help support, with other school districts, a court challenge to the constitutionality of New Hampshire's method of funding public education through near total reliance on local property taxes.

The vote by secret written ballot by checklist resulted in:

Yes	No
110	130

The vote was in the negative and was so declared by the moderator.

A motion was made and seconded to recess the District meeting until May 19, 1990 at 2:00 p.m. The vote by voice was in the affirmative and was so declared by the Moderator at 6:10 p.m.

May 19, 1990

The Moderator declared the Annual District Meeting back in session at 2:00 p.m. on Saturday, May 19, 1990.

ARTICLE III. The following resolution was presented, moved and seconded it be adopted. Resolved: To see if the District will raise and appropriate the sum of \$1,979,140.00 for the support of the school, for the salaries of school district officials and agents, and for the payment of statutory obligations of said District and to authorize the application against said appropriation of such sums as are estimated to be received from state and federal governments together with other income, the School Board to certify to the Selectmen the balance which is to be raised by taxation by the District. Said sum of \$1,979,140.00 represents the combined total proposed budget figure of \$1,978,174.00 plus the \$966.00 voted under Article II to help support, with other school districts, a court challenge to the constitutionality of New Hampshire's method of funding public education through near total reliance on local property taxes.

The vote by secret written ballot by checklist resulted in:

Yes	No
130	84

The vote was in the affirmative and it was so declared by the Moderator.

ARTICLE IV. The following resolution was presented, moved and seconded it be adopted: Resolved: That the District will authorize the establishment of a Citizen's Advisory Committee of ten (10) people to work with the Plainfield and Cornish School Boards in the study of long term solutions meeting the educational needs of the two districts. The ten (10) committee members would be comprised of five (5) members from the Cornish School District and five (5) members from the Plainfield School District.

The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE V. The following resolution was presented, moved and seconded it be adopted. Resolved: That the District authorize the establishment of a Citizen's Advisory Committee of five (5) people to study alternative arrangements of educating secondary students.

The vote by voice was in the affirmative and was so declared by the Moderator.

ARTICLE VII. The following resolution was presented, moved and seconded it be adopted: Resolved: That the District will adopt the following resolution, and if adopted, forward it to the appropriate State of New Hampshire officials:

RESOLVED: We the residents of the Plainfield School District find the State of New Hampshire to be negligent in the funding of Public Education, thus creating an undue burden on the local property tax payers. We demand that the State of New Hampshire Legislature enact legislation which will substantially increase State aid to education and at the same time significantly reduce the dependance on property tax.

The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE VIII. The following resolution was presented, moved and seconded it be adopted: Resolved: That the Plainfield School District authorize the School Board to make application for, and to accept on behalf of the District, and to expend for the purpose intended, any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private foundations, trusts, or individuals.

The vote by voice was in the affirmative and it was so declared by the Moderator.

ARTICLE IX. Other business transacted:

The following resolution was presented, moved and seconded it be adopted: Resolved: That the District authorize the Moderator to appoint a Finance Committee of six persons to advise the School board and other officers of the Plainfield School in the prudential affairs of the School.

The vote by voice was in the affirmative and it was so declared by the Moderator.

A motion was made and seconded to recommend that the School District Meeting in 1991 begin at one o'clock p.m. instead of two o'clock p.m.

The vote by show of hands was in the affirmative and it was so declared by the Moderator.

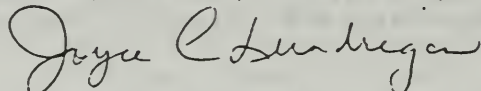

A Resolution in recognition of the 21 years of dedicated service by Virginia Verge as teacher's aide and school secretary for the School District of Plainfield was read.

A Resolution in recognition and appreciation for Peg Meyette for her contributions made in the teachings of birds and wild life to Plainfield's school children was read.

ARTICLE X. No resolutions were presented as the proposed Article was not required.

A motion to adjourn the meeting was made and seconded and a voice vote was in the affirmative. The moderator adjourned the meeting at 3:53 P.M.

Respectfully submitted,

Joyce C. Lundrigan
School District Clerk

PLAINFIELD SCHOOL DISTRICT
Minutes of Election Meeting - March 13, 1990

The election of School District officials took place at the same time and place as the election of Town officials on March 13, 1990 at the Plainfield School in the Village of Meriden, in said Plainfield. Moderator Stephen H. Taylor declared the meeting open at 10:00 AM and read the School District Election Special Warrant. Balloting results were as follows:

For Moderator: (1 yr)	Stephen Taylor (incumbent) Marc Rosenbaum Ira Townsend	157 1 1

SUPERINTENDENT'S REPORT

The time, energy and dedication put into the Plainfield School District by citizens, Board and staff members during the last year has been second to no other school district. The combined effort that resulted in the painting of the school was an exciting event to see and participate in. The results were immediately visible, helped to preserve the building, and saved the District considerable monies. The spirit represented in this project has been repeated throughout the year! Numerous committees involving citizen participation have been organized and are looking at a number of issues extremely important to the educational future of the Plainfield School District. Investigation into long range planning, alternatives for educating secondary students, cooperative efforts between Cornish and Plainfield, school/community relations and the responsibility of funding public education are a few of the initiatives taken to generate a greater dialogue between the staff, School Board, and community members.

Discussions have been "lively" at times, but mutual understanding and respect of the opinions and feelings of others has allowed movement toward a clarification and resolution of identified concerns and issues. Once final conclusions and decisions are made, we are confident that the results will continue to be in the best interest of our students and will provide them with an appropriate public education.

We encourage each of you to become active volunteers within the Plainfield Elementary School. The knowledge, wisdom expertise and experiences you might share with our young people is one of our greatest community resources.

It is also important to know that Plainfield Elementary School continues to perform well academically. The last California Achievement Test results showed Plainfield eighth graders performing fourth best in the State of New Hampshire. Students attending KUA continue to receive academic recognition and honors along with those attending Lebanon High School.

The educational programming you have supported continues to prepare our students well. As always, there are areas for us to improve upon and together we will achieve that end!

Paul D. Rice, Ed. D.
Superintendent

PRINCIPAL'S REPORT 1989-1990

The school year began with the opening of the new addition to the school. True to their word, Trumbull Nelson had the new construction and the renovations to the existing building completed in time for the opening of school. A group of community volunteers spent one evening helping staff move materials, equipment and books. With the added space, Plainfield School better matched state standards and educational research recommendations on class sizes.

In spite of threatening weather, the second Schools-A-Fair was held in the fall bringing much fun and enjoyment to all who participated.

A group of volunteers, under the guidance of Boone Rondeau, put a new coat of stain on the school one Saturday in August. Supplies for the job were donated at cost by Robert Cushman of Allard's Rental. The previous weekend, Robert Cushman and Robert Reeder had washed the school in preparation for the staining.

The school budget was not passed until May creating delays in hiring of new staff. It was mid-August before all positions were filled. These included a new music teacher to replace Ida Burroughs who had resigned at the end of the year, a teacher to replace Julie Perkins who had been granted a year's leave of absence by the Board, a part-time teacher to fill a position created to reduce the class sizes at grades seven and eight to below thirty, and three special education aides to assist with the Individual Educational Programs of former tuition students returning to Plainfield School and for special needs preschool children.

Through the efforts of a group of parents, last year's eighth grade class spent three days at the Hulbert Outdoor Center in Fairlee, Vermont. The entire program was supported by the parents. Money was raised for scholarships with enough money left to provide seed money for other eighth grade classes. Special thanks go to MaryEllen Sullivan who spearheaded the parent group. It was a wonderful opportunity for students to challenge themselves, to be supported by their peers, and to grow in self-esteem and confidence.

In late spring, Plainfield School submitted an application for a proposed REACH and PRAISE Program to encourage childrens' reading and being read to at home. The school was awarded a \$2,400 grant for this program.

The school library took the first steps in moving toward a Research Based Library with the training of staff to operate such a program. These training sessions were under the sponsorship of the State of New Hampshire.

In other changes, the school began working on implementation of the Math Standards set forth by the National Council of Teachers of Mathematics. These standards include a stronger emphasis on problem solving.

The New England Mathematics League listed Nathan Cash as having one of the top scores in the region based upon the results of a test administered to students in grades seven and eight.

Once again, Steven Jekanowski represented Plainfield School at the State Geography Bee. After winning the school Geography Bee, Steve became eligible to take a written exam. From these exam scores, one hundred students were selected to compete at the State level.

Seventh grader Doriene Cedeno defeated two time champion Nathan Cash to become the school's new Spelling Bee champion for grades 5-8. Fourth grader, Chris Biebel won the Spelling Bee for the lower grades.

Ben Cash became the ninth Plainfield graduate in the past sixteen years to earn the title of class valedictorian at Kimball Union Academy. Our congratulations to the students, parents and teachers for this remarkable achievement.

At the close of the school year, Malcolm Grobe retired from his responsibilities as the school's athletic coordinator. It is a thankless job which consumes more hours than one can imagine and whose only joy can be found in working with the students. Malcolm has no plans to retire from that. He continues to teach, coach and referee. Malcolm can always be found where there are children, willingly giving of himself and his time.

Respectfully submitted,

Joan Garipay, Principal

1990 ANNUAL REPORT FOR CHAPTER I

Chapter I is a federally funded program for compensatory education. The focus of the program is to improve the academic achievement of children who need additional help in basic skills. Although the money awarded to each district is based upon the number of low income families in that district, student participation is based upon educational needs. Each participating district is responsible for

developing a Chapter I program that will provide supplemental education for children who have been determined to be educationally disadvantaged.

The Plainfield program is for students in grades 3-7 who need additional help in mastering math skills. Students are referred by their teachers or parents for this extra assistance. Two part-time tutors provide instruction to small groups of students or individuals. All activities are coordinated with the classroom teacher and the students' classroom math program. There are currently 21 students enrolled in the program.

Deborah Kelly Griffiths
Chapter I Project Manager

Nurse's Report for 1989-1990

The school nurse has continued to work on facilitating positive health care participation and health maintenance in the students at Plainfield Elementary. A few of the ways this is done is through the Health Club which meets monthly with the nurse. The club is open to students in grades 2-8. Nutrition, exercises, nature hikes and crafts are examples of the groups activities. An average of 7-18 students attend.

Also, students in grades K-7 are screened for vision, hearing, height, weight and dentition changes. In addendum, students in grades 5-7 are screened for scoliosis. The outcome of these screenings for 1989-90 was:

<u>Screening</u>	<u>Total No.</u>	<u>No. Referred</u>
A. Height/Weight	286	16
B. Hearing	290	26
C. Vision	290	13
D. Scoliosis	92	1
E. Preschool	32	5
F. Dental	250	25

The school nurse communicates/collaborates with the following aside from direct student contact in the elementary school setting.

	<u>Total No.</u>
A. Parent contacts (phone calls, written reports, conferences)	1140
B. Home visits	4
C. School personnel conferences	132
D. Medical contacts	30
E. Interagency collaboration (Teen hot line agencies, nutritional support agencies, fuel/financial assistance programs)	15

Approaching health care delivery to the Plainfield Elementary School students, by viewing students' needs holistically, has been the aim of the 1989-90 school year.

Respectfully submitted,

Marian Cash-Rondeau, R.N.

Interim Report of the Long Range Planning Committee

Members: Michael Taupier, Joseph Longacre, Anne Sprague, Robert Cushman and Herb McKinney

Since the last report, the Committee has met with Tim Knox, Headmaster of Kimball Union Academy, the Plainfield Planning Board, the Plainfield Selectmen and heard the report of the Lebanon Long Range Planning Committee. In addition, the committee has also met a number of times itself.

The purpose of these meetings with different local groups was to assess the direction the town was moving in terms of growth, planning for that growth and the future of the relationship between KUA and the School District of Plainfield.

In meeting with Tim Knox, the Committee was interested in the special relationship between the Town and KUA in relation to the monies made available to Plainfield students to attend KUA. Two points were made which were important to us. KUA could not sustain the same level of funding of Plainfield students over and above the amount of property taxes rebated to the school. It was noted Plainfield students could apply for normal financial aid as other students do. Second, while the total amount of financial aid available for KUA students would remain steady, as a portion of the KUA budget, it would decrease. Both of these points lead us to believe under the current method of financing the education of high school students there will probably not be an increase in the number of Plainfield students attending KUA. In addition, Tim Knox stated KUA wanted to help the Plainfield School in terms of offering a foreign language program, use of facilities, tutors in reading, and other elaborations of the Plainfield curriculum. These would be on a limited, space available basis. He indicated the KUA Day Care facility which serves a large number of non-KUA Plainfield preschoolers and is substantially subsidized by KUA would very likely be increased in size.

In meeting with the Selectmen, the Committee was interested in determining the view of the Selectmen regarding near term growth in the Town of Plainfield. The basic view of the Selectmen was near term growth would probably be much the same as it has in the past with individual houses making up most of the growth. It was noted that there was increasing pressure for major sub-divisions in Plainfield. They also noted that in lieu of a major geographic feature which could attract a tourist or sports industry and in lieu of the fact there are no Interstate exits, railroads, much flat land or proven water resources, there was little incentive yet for any industry or recreational establishment to locate in Plainfield.

In meeting with the Planning Board, the committee was interested in determining their view of near term growth in Plainfield. The Planning Board also noted they foresaw no large industry or commercial venture locating in Plainfield for many of the same reasons as the Selectmen put forth. The Planning Board provided us with some data on housing in Plainfield which is reasonably current. There were 2052 people in town with 784 housing units. Fifty-nine of the housing units were vacant. Of those 2052 people, about 415 were students attending the Plainfield Elementary School, Lebanon High School or KUA. There are a few additional students on home study programs.

It should be noted the Planning Board expressed a desire to update the Town's Master Plan. However, they lacked the time, manpower and funds to undertake such a massive project.

The Committee attended the Lebanon School Board meeting to hear the presentation of the Long Range Plan for the Lebanon School District. The Committee was impressed with its scope. However, the Committee feels the implementation of this plan will require the expenditure of substantial funds. Some of these funds will be

reflected in an increase in tuition to Lebanon High School. The Committee encourages residents of Plainfield to contact the SAU #32 Office to volunteer their time to serve on the multitude of committees the Lebanon Plan will create. This will be the only way the Town of Plainfield will have any input regarding the funding of this Long Range Plan.

The Committee is currently interested in examining the relationship between Plainfield and Lebanon in terms of where our students fit into the long term plans of the Lebanon School District. We are very interested in examining the cost-benefit relationship of sending our high school students to Lebanon. We wish to look at this with a historical perspective and with an eye to the future.

Plainfield School District
Secondary Education Committee
Report
February 6, 1991

The members of the Secondary Education Committee are Joycelyn Alves, Julia Brennan, Bob Cushman, Jennie Duiac and Steve Taylor. This committee was formed in the fall of 1990, as a result of the warrant article voted on and passed at the March 1990 School District Meeting. The committee was charged with studying alternative arrangements for educating secondary students as written in the Town Report.

The committee identified four high schools as viable schools to consider sending our students for secondary education. The first school identified was Lebanon High School in view of the fact that this school is our sending school by the AREA agreement. The three remaining schools identified were Hanover High School, Hanover, N.H., Hartford High School, White River Junction, Vermont, and Windsor High School, Windsor, Vermont. The 1991-1992 projected tuition rates of these schools are as follows:

Hartford High School	\$5.400
Hanover High School	\$7.700
Lebanon High School	\$6.558
Windsor High School	\$5.500

As a point of review and information, the AREA agreement was discussed, including the historical evolution of the AREA agreement for secondary education in Plainfield, and the legality of a voucher system in New Hampshire. Because there is no legal avenue for a voucher system in New Hampshire at this time, it was agreed that such a system would not be addressed.

The committee agreed to focus upon the quality of education in each district during the process of reviewing the four schools. The review process included 17 areas of assessment and a listing of questions to be asked of the individual principals during an on-site visit. Student handbooks, and Program of Studies would be included in the preliminary review prior to site visits.

Following the review of student handbooks, and programs of study, the Committee visited the schools, talked with each principal, and solicited information from the prepared list of questions. A tour of each of the facilities followed.

Following the review process and site visit of the four high schools, the committee, after discussion, finds that the Plainfield secondary students receive a very good education

at the AREA sending school (Lebanon High School). A way to describe the relationship could be to say that Plainfield gets a good buy for its dollar. Hartford High School was found to be comparable to Lebanon High School, and provides fine educational quality to secondary students. Lebanon High School students are sent to Hartford for Vocational courses, and of course this would include any students in the AREA agreement. However, Hartford cannot accept all of our students, at this time. Hanover High School was found to have an excellent program, but it is felt that tuition to that school is prohibitive. Windsor High School, for a small student body (300) was found to offer a larger variety of courses and programs than was thought. Although the tuition is more affordable, the selection of courses is limited compared to the other three schools. The Committee felt, after evaluating the four high schools, that there is a direct correlation of money vs. program.

The administrations and School Boards from Windsor and Weathersfield are exploring the possibility of a Regional High School. The committee discussed this information, and felt that Plainfield should be part of that process: to explore the possibility of entering into a Cooperative/Regional School.

The Secondary Education Committee has formulated the following recommendations:

1. Examination of direct enrollment for some students to Hartford High School, Vocational Education Program.
2. Continue sending students to Lebanon High School, based on the cost of the program vs. the school's positive future direction, and high caliber of educational standards.
3. Contact Weathersfield and Windsor, to become part of the exploration of a Regional/Cooperative secondary school.

PL 94-142 Entitlement Funds: Consolidated Agreement for Grantham, Lebanon and Plainfield School Districts.

PL 94-142 entitlement funds are based on actual numbers of special needs students. Approximately \$250.00 per child has been available in the current year (FY 91). It is estimated that a total of approximately \$67,000.00 will be available for FY 92. Approximately \$2,500.00 of these funds are specifically targeted for Grantham. These funds are in addition to, or a supplement to, our regular local funds. The funds cannot be used to replace or reduce local funds. In the current year, funds were used for services such as classroom aides, student evaluations, and special areas like vision services. We are also required to actively seek out, locate and evaluate children who may be eligible for special education. These funds help us with this process. The specific use of funds is determined each year and noted in our grant application. The provision of these services is contingent on the receipt of the funds.

P1-1100-112-00 Teachers' Salaries
02-001-0001

Included is \$16,915.00 to cover art and music education, the allocation of these funds is to be determined.

AREA Tuition - Lebanon High School

Set in accordance with the AREA (Authorized Regional Enrollment Area) Agreement, adopted March, 1983. Tuition rates are based on the estimated per pupil cost determined from the approved budget (MS-22) and actual enrollment on October 1 for the year immediately preceding that for which the charge is being made plus an adjustment of one-half the average difference in per pupil cost for the two years preceding.

1991-92 Tuition Rate LHS: \$6,558.00/student, the rate is \$259 more than 1990-91.

AREA High Sch.	Actual 1990-91	Budget 1990-91	Eligible for LHS 1991-92	Proposed 1991/92
Grade 9	24	32	32	22
Grade 10	25	32	32	23
Grade 11	28	32	32	25
Grade 12	15	25	32	28
TOTAL	92	*121	98	**98

* The Board included tuition for only 87 students, because of the number of students going to KUA. The actual number of students who ended up in attending LHS was 92.

** The Board will only budget tuition for 98 students and assumes the balance will continue at KUA. If any changes are proposed in the KUA arrangement, the Board needs to consider increasing the number of tuition budgeted for Lebanon. Special needs students' tuition are under accounts P1-1290-561-10 through P1-1290-569-10.

LHS Tuition Cost: 98 students @ \$6,558.00 = \$642,684.00
