THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the Inhabitants of the Town of Alstead in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Vilas High School in said Alstead on Tuesday, the Thirteenth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what sum of money the town will raise for old age assistance, and for the support of the poor.

4. To see what sums of money the town will raise for highways and bridges.

5. To see what sum of money the town will raise to oil the Village Streets and other Town roads that may need it.

6. To see if the town will raise \$1,794.00 for State Aid Construction Alstead-Gilsum Road, the State to contribute \$5,584.00.

7. To see if the town will raise \$628.30 for TRA construction, the State to contribute \$4,188.85.

8. To see if the town will raise \$400.00 to reduce the truck and snow plow note.

9. To see what sum of money the town will raise to reduce the new truck and snow plow note.

10. To see if the town will authorize the selectmen to sell real estate acquired by tax sale.

11. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

12. To see what sum of money the town will raise for the care of cemeteries.

13. To see if the town will raise \$24.00 for water rent for the watering trough.

14. To see what sum of money the town will raise for the support of the library.

15. To see if the town will raise \$50.00 for Memorial Day.

16. To see what sum of money the Town will raise for the care of parks and playgrounds.

17. To see what sum of money the town will raise for street lights.

18. To see if the town will raise \$1,300.00 for fire protection and for the support of the fire company and for the purchase of fire fighting equipment.

19. To see if the town will raise \$150.00 for the Police Department for the protection of persons and property.

20. To see what sum of money the town will raise for the care and maintenance of the town clock.

21. To see if the town will raise the sum of \$400.00 for the control of Pine Blister Rust.

22. To see what action the town will take to rent and maintain land for a public dump, and raise money for the same.

23. To see if the town will raise \$100.00 for repair and removal of trees.

24. To see if the town will vote to raise \$87.00 for the Elliot Community Hospital. By Request.

25. To see if the town will vote to raise and appropriate the sum of \$119.00 (1/100th of 1% of the valuation of the town) to the Monadnock Region Association of Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the town, in cooperation with the other thirty-seven towns of the Monadnock Region.

26. To see what disposition the town wishes to make of the fire escape, bricks, etc., as a result of the town hall fire.

27. To see if the town will vote to set up as a Capital Reserve Town Hall Fund \$10,000.00 insurance money received as the result of the Town Hall Fire in accordance with Chapter 160—Laws of 1943—as amended by Chapter 35—Laws of 1945—and as amended by the Laws of 1947—Chapter 8.

28. To transact any other business that may legally come before the meeting.

Given under our hands and seal this 20th day of February, in the year of our Lord nineteen hundred and fifty-one.

NELSON C. BURNHAM,
FRANK C. DUSTIN,
HARRY A. SPOONER,
Selectmen of Alstead.

A true copy of Warrant—Attest:

NELSON C. BURNHAM,
FRANK C. DUSTIN,
HARRY A. SPOONER,
Selectmen of Alstead.

BUDGET OF THE TOWN OF ALSTEAD

ESTIMATES OF REVENUE AND EXPENDITURES FOR

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire, February 14, 1951

Board of Selectmen,
Alstead, New Hampshire.

Gentlemen :

Submitted herewith is the report of the annual audit and examination of the accounts of the Town of Alstead for the fiscal year ended December 31, 1950, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent, Trustees of Trust Funds and Vilas Pool.

FINANCIAL STATEMENTS

Comparative Balance Sheets—Dec. 31, 1949-Dec. 31, 1950:

(Exhibit A)

Comparative Balance Sheets as of December 31, 1949 and December 31, 1950, are presented in Exhibit A. As indicated therein the financial condition of the Town changed from a Net Debt of \$9,584.75, to a Surplus of \$3,079.96 during the year 1950.

Analysis of Change in Financial Condition:

(Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Decreases in Net Debt

Long term notes paid	\$2,445 35	
Town hall fire insurance adjustment	10,000 00	
Net budget surplus	643 14	
Tax collector's excess credits	10 05	
		\$13,098 54

Increases in Net Debt

Increase in accounts payable	\$61 10	
Taxes deeded to town	371 98	
Adjustment in bounty account	75	
		433 83

Change in financial condition		\$12,664 71
-------------------------------	--	-------------

**Comparative Statements of Appropriations and Expenditures—
Estimated Revenues: (Exhibits C & D)**

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1950, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net revenue surplus of \$2,062.68, less a net overdraft of appropriations of \$1,419.54, resulted in a net budget surplus of \$643.14.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1950, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of December 31, 1950, is indicated in Exhibit F.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository

banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS

Town Hall Insurance Fund:

During 1950 the Town received \$10,000.00 in insurance on the town hall which was destroyed by fire. This amount was deposited in the Walpole Savings Bank in a special account. In the balance sheet of December 31, 1950, (Exhibit A), this account is included in the assets as part of the Cash on Hand. No liability account will be set up for this item until such time as the town meeting earmarks it for a specific purpose.

Conclusion:

It was noted that the recommendations which were made in our last year's report had been carried out. The accounts and records of all town officials which we examined were found in good condition and the accounting procedure conformed to the prescribed methods.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Alstead for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER,

Director.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION.

C. DAVID SULLIVAN, Auditor.

JOHN T. FLANDERS, Accountant.

CERTIFICATE OF AUDIT

This is to certify that we have audited the accounts and records of the Town of Alstead for the fiscal year ended December 31, 1950, and found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the Town as of December 31, 1950, together with the results of operations for the period under review.

Respectfully submitted,

HAROLD G. FOWLER,

Director.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION.

C. DAVID SULLIVAN, Auditor.

JOHN T. FLANDERS, Accountant.

REPORT OF ROAD AGENT

Feeling that looking at cold figures does not always give a clear picture of what has taken place, I would like to take this opportunity to report the activities of this department for the past year.

The summer work consisted of regular maintenance, such as scraping, ditching, brush cutting and filling. Five hundred nine (509) cubic yards of gravel were used in this work, filling holes, bad spots, etc. Bridges at LaFrank's mill, the Southwoods, James Howard place and Porter place were replanked.

During the fall, in addition to snow fencing, 636 yards of gravel were used for resurfacing. This was done with TRA money left over from 1949. The brook near LaFrank's mill was turned to prevent further erosion.

The flood of late November this year dealt us a severe blow.

The Wilder road and lower Corbin road were entirely washed out in addition to many other smaller washouts. Emergency work has been done to repair all roads except the lower Corbin road which is still impassable. More work will be required this spring to put them back into original condition. Immediately after the storm 995 yards of gravel were used for emergency work. Freezing weather put an end to this repair work.

In spite of the flood we were able to stay within the budget. Of course, work which had been planned had to be abandoned. Work planned included improvements on the Southwoods road, which has been neglected for years, repairing the Rhodes district bridge by replacing stringers, and new culverts of which several are needed.

During the fall the town truck was completely checked and minor repair work and adjustment made by Scott Machinery.

In closing I wish to make the following recommendation; In addition to the regular amount raised for Highways and Bridges an additional \$1,000 be raised to compensate for unfinished flood damage. In other words, the same amount as raised last year plus the additional \$1,000 (totaling \$8,500) should be enough to keep our roads up to our standards.

Received from rent of grader, truck and tarring:

**REPORT OF THE LIBRARIAN OF THE
SHEDD-PORTER MEMORIAL LIBRARY**

As your librarian I hereby submit my fifth annual report.

The services of the library in 1950 included the buying and circulating of books and magazines to adults, boys and girls, the conducting of a story hour by Mrs. Lora Whitton on Saturday afternoons during January and February with an average attendance of fourteen.

The librarian was glad to welcome the teachers and pupils of the first six grades to a story hour during Book Week, Nov. 12-18.

Number of books added by purchase	307
Number of books added by gift	24
Number of magazines	39

Magazines	3,078
	<hr/>
	12,541

Respectfully submitted,
LAURA N. MacLANE,
Librarian.

ALSTEAD SCHOOL DISTRICT OFFICERS

School Board: Maybelle Still, Horace A. Seavey, Chairman
Mrs. Mary Burroughs.

Moderator: Nelson Burnham.

Clerk: Mrs. Helen Strickland.

Treasurer: H. L. Estabrook.

Auditors: Leon Trow, Marie Radcliffe.

Superintendent of Schools: Theron B. Thompson, Walpole.

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district of the town of Alstead qualified to vote in district affairs:

You are hereby notified to meet in the Town Hall, in said district on the 13th of March, 1951, at 2:00 o'clock in the afternoon to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officers, and fix the compensation of any other officer or agent in the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors, and committees, in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the ap-

plication against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see what action the district will take regarding the furnishing of transportation of pupils who live less than two miles from the school to which they are assigned, to take effect immediately; and to see what sum of money the District will raise for this purpose.

10. To see what sum of money, not to exceed \$300.00, the district will vote to raise and appropriate for the purpose of providing hot water and new sinks for the Vilas cafeteria.

11. To transact any other business that may legally come before this meeting.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Alstead :

I herewith submit my sixth annual report as superintendent of schools :

These are uncertain times for all of us, yet education and educational progress must go on "as usual". The schools are America's one hope for existence. Without free schools here in this country of ours we must expect to follow the pattern designed in those countries across the oceans which have allowed their schools to become the pawns of unscrupulous dictators.

We are fortunate in Alstead to have a school-minded public; one which is interested in providing a complete education for its boys and girls and not merely the bare essentials required by law. We have good instruction in all departments with a well-trained, pupil-interested faculty. We were sorry to lose several of our teachers last year, and are glad to welcome those who came to take their places. Mrs. Mitchell resigned to take up home duties and her position is being filled by Miss Spirou, a Keene Teachers College graduate. Miss Turner was married in June and is now in Ithaca, New York, where her husband is doing graduate work at Cornell University. Her classes are being taught by Miss Parker, a classmate of Miss Spirou. Mr. Paulson is a graduate of Salem Teachers College, and is taking the commercial subjects taught by Miss Harris. She is teaching in Maine this year. The rest of the faculty is the same as last year.

Much has been printed in the press recently about the cost of living. Nearly all industries have granted some form of adjustments to their employees. Several school districts have done the same, either in the form of bonuses for the current year or as promised increases for the coming year. It has become a serious problem in many towns of moderate means to find the necessary funds to adequately compensate the teaching staffs.

In our own case we realize that the teachers are not receiving salaries comparable to those in other towns of like size and condition, yet we find that the tax raised for school support is a large percentage of the total town revenue. Some means must be found to provide money for support of the schools without unduly burdening the property owner. The state legislature is faced with this problem. Many of our representatives are in favor of increased state aid to school districts, yet they also realize that in order to increase the amount they must find some new way to obtain the money.

Present indications are that we will be overcrowded in our elementary grades within the next two years. Enrollments this year are at the near-maximum for the size of space available. Larger grades are predicted by our pre-school census. The school board has been studying this problem so that the proper solution can be made when the time arises. It is somewhat difficult to make an accurate estimate of enrollments for even two months ahead. There are many factors that govern; new houses that have been built in town, vacant dwellings in some of the outlying districts, families of enlisted personnel coming back to wait for the end of the war, etc. There are also problems in connection with secondary enrollments; drafting and/or enlistment of high school youth, moving in and out of families, boys leaving school to work in war industry, etc.

We are encouraging our people to stay in school as long as they can believing that the more education a person has the better equipped he will be to meet the problems of the world whether they be in the armed forces, higher education or business and industry. Plans are being formulated to provide for special training in our schools in the fields most needed in a total-war effort. The state department of education is providing the leadership for this endeavor. During the second world war similar training programs were introduced. We hope to complete plans shortly for training all our teachers in the proper first aid methods. We expect to be called on for other services from time to time, and we feel confident that our teachers will meet the challenge as they did before.

The teachers of this Union have been working on a number of problems this year in their series of teachers' meetings. One

important study is on report cards. As most of our parents realize the present report cards give very little information about the child himself. Consideration has been given to this matter during the past few years and a new system will be presented for your approval some time this spring. It is hoped that you will feel free to comment on the proposed report forms so that we may have your reactions in making the final decision.

During the last summer a curtailed program of repairs and maintenance was carried out. The drop curtains on the stage were taken down, repaired and cleaned. The window curtains were also reconditioned. Major overhauling will be necessary with some replacements within the next five years if we are to continue to have a good-looking auditorium. These curtains have been in use for some fifteen years and have lasted about as long as can be expected. The floor in the commercial room was sanded and refinished. All the other floors were refinished as usual. All classrooms on the south side of the school were painted on the lower band, and the boys' locker room, shower and toilet were painted. The hallway to the stage and girls' locker room was also painted. The ceiling in the home economics sewing room was repaired and painted. All the outside doors and trim were painted and the front entrance and vestibule were painted and varnished. The window sills on the south side were varnished. The usual cleaning and some minor repairs were attended to.

General cleaning and some minor details were attended to in the elementary and East Alstead buildings. Major repairs were made on the Lawton House. Last year it was recommended that the building be painted and reshingled. When work was started on the property it was found necessary to make quite extensive repairs on some parts. It was also found more expedient to carry out the complete program and put the building in good condition in one season rather than spread it over two or more. This house is now in good repair and shouldn't need much attention for several years.

SUMMARY OF ENROLLMENT, JANUARY 3, 1951

HEALTH REPORT

Examination of pupils by Dr. William Tatum showed the following defects.

148 pupils were examined.

13 pupils showed a squint of one or both eyes.

5 pupils had sufficient wax in ears to obstruct the canal.

77 pupils were in need of dental care.

7 pupils were advised to have throat and nose examination by their family physician.

All pupils are given special hearing and vision tests during the school year.

42 pupils had dental care.

10 pupils had special eye examination and defects corrected.

2 pupils had tonsil and adenoid operations.

Toxoid Clinics were held in April, May and June, 1950.

VILAS HIGH SCHOOL REPORT 1951

Twenty-one students were graduated last June, eleven girls and ten boys. One girl is attending college; three are married and seven girls are working. Four boys are in the armed service; two boys are in college and four are working.

Our assembly programs are under the supervision of the members of the senior class.

Paul Bascom was our representative to Boys State. Carolyn Davenport, Joyce Ellis and Hazel Knight were our representatives to Girls State. We thank the Legion, Legion Auxiliary and lodges of Alstead that made it possible for these Vilas students to attend these state opportunities.

Betty Rogers was our representative in the Legion Oratorical Contest held at Keene. The orations were broadcasted by W. K. N. E.

Mary Ann Buss won the Good Citizenship Award presented by the Walpole D. A. R. Chapter. We are very grateful to the Walpole Chapter for this opportunity to be represented at the State Meeting.

The Honor students for the year 1949-50 were: Valedictorian—Betty Rogers, Salutatorian—Mary Ann Buss, third honor—Patricia Clark, fourth honor—Herbert Lamb.

The Dick Bath Memorial Basketball Trophy was awarded to Langdon Metcalf.

“Our World Tomorrow” was the theme chosen by the twenty-one members of the graduating class of 1950 to express their sentiments relative to the problems they believed they would face in the post-school days ahead of them. Each member of the class spoke briefly on a problem of his interest.

Three years ago Walpole, Charlestown, and Vilas High Schools instituted a program of one-act play contests to encourage better dramatics and improved competitive spirit. This year, the third consecutive year of the contest, Vilas again won a plaque for her presentation of “I Love You Truly”. Since this year was her third winning year, Vilas High now retains permanently in her possession the large plaque which was intended to go to the school that won three years out of six years. Vilas did it in the first three years.

SCHOOL LUNCH PROGRAM

If Johnny is passing up soft drinks and fudge smothered sundaes, we hope it is because of the hot well-balanced meal served at school.

Yesterday we served **hot** baked potato with butter, sliced beets, green string beans, deviled eggs garnished with paprika, bread and butter, sliced peaches and milk to satisfy the healthy appetite.

The program can be more successful when it is a joint community enterprise shared by the school children, the local community, Federal and state government and voluntary contributions of various civic organizations.

At present, our program is supported by farm surplus commodities furnished through the Department of Agriculture. Federal reimbursement of seven cents, which has been cut down from nine cents beginning this year of nineteen-fifty one for each child served and amounts paid by children and adults, twenty and thirty cents respectively for each meal.

Benefits to the children are less afternoon fatigue, less absence from illness, gain in weight and better scholastic achievement. Children learn to eat new foods and thus improve dietary habits.

The total number of meals served from November 6, 1950 to December 21, 1950 is 2934. The daily average for this period is 105. This is an increase of 12 over the number for the same period last year.

The Junior and Senior Home Economics Girls exchanged places with the Agriculture Boys for a two week period before our April vacation.

The boys organized by groups studied the following: Removing stains, ironing a shirt, pressing pants, planning, preparing and serving a breakfast, running a sewing machine, the responsibilities of a husband and good grooming.

The highlight and climax of the period was a buffet luncheon served to faculty members and the girls who worked in the shop. The menu—Barbecued Hamburgers, French Fried Potatoes, Home-made Rolls, Tossed Green Salad, Cream Puffs with Chocolate Sauce, Milk and Coffee.

THE FUTURE HOMEMAKERS OF AMERICA

The activities for the year 1950 of the Vilas Chapter of the Future Homemakers of America are as follows:

At the annual Vilas Fair the F. H. A. had two booths where they sold cakes, candy, salads, coffee and sandwiches.

The officers chosen for this year were:

President: Miriam Dustin

Vice President: Nellie Clark

Secretary: Hazel Knight

Treasurer: Lucille Pollard

The programs for each month have been planned by the program committee of which Cora Lund is the chairman. Baskets of gifts were sent to the needy townspeople at Christmas time and packages were sent overseas to children.

The F. H. A. was represented in an assembly held on United Nations Day. The initiation of seven new members was held in the auditorium.

An afternoon tea is now being planned. The Chapter Mothers chosen were: Mrs. Frank Dustin and Mrs. Frank Blake. We are also making banners to be sold here at school.

We hope the year 1951 will bring us as much pleasure and prosperity as the year 1950.

MATHEMATICS REPORT

The Mathematics Department is working under a two-fold objective; first, to prepare the student as a well rounded citizen, able to carry on his everyday needs in this truly mathematical world, and secondly, to help those who wish to continue on to a professional level in some technical field. To further realize this objective the Department has added another course in mathematics.

It is now possible for the student in grades nine through twelve, inclusive, to choose among five courses, namely: General Mathematics, Elementary Algebra, Intermediate Algebra, Plane Geometry, Advanced Mathematics (Solid Geometry and Trigonometry).

Throughout these various courses the student is taught the use of many mathematical calculating instruments such as the compass, protractor, slide rule, and tables to better equip him in his field of endeavor.

The Advanced Mathematics students were invited by Mr. Heman Chase of East Alstead to learn practical use of trigonometry. In eight field trips they were taught the work of a surveyor, the instruments he uses and the use to which he puts them.

COMMERCIAL DEPARTMENT REPORT

The Commercial Department conducts classes in Accounting, Typing, Shorthand and General Office Training. Due to the drafting of young men into the Armed Forces, there is an ever-increasing opportunity for young women in the business world. With this view in mind, the Commercial classes are trying to develop competent bookkeepers, stenographers and general office workers.

The bookkeeping class has stressed personal budgeting, banking procedures, and general record-keeping with practical experience gained in the latter by helping with the school lunch program accounts.

The typing and general office practice classes have an opportunity to learn by helping with the office records, doing work for individual teachers, typing and running off tickets and programs for school activities, and publishing the **Vernacular**, the school paper.

VOCATIONAL AGRICULTURE

The school year opened with about 75% of the Vilas boys enrolled in vocational agriculture. While we realize all of these boys will not become full-time farmers, they are getting a training which will enable them to live fuller, richer lives here in New Hampshire.

The F. F. A. boys exhibited at Cheshire Fair again this year. As has been done in the past, they cooperated with the Walpole boys in making up the exhibit. For the fall of 1951 we are planning to work for a bigger dairy exhibit.

The home economics girls and vocational agriculture boys had several new departments of interest to show parents and friends when the students opened the school fair late in September. They were pleased and encouraged by the interest the cattle show ring held for many. It is our sincere wish that more of the farmers in our area will exhibit their prize cattle and sheep in our next fair.

The Vilas Chapter of Future Farmers of America had a successful year. At the annual State meeting, a Vilas boy was chosen State Treasurer. Two of our boys represented the state association at the Eastern States Exposition poultry and milk judging contests at Springfield, Massachusetts.

The local group paid half of the expenses to send two of their group to the Kansas City National F. F. A. Convention. One member of the organization was selected as New Hampshire's entry for an American Farmer Degree, the highest national degree awarded in the association. This was only the second time in over ten years that a New Hampshire boy has been able to win the award.

Another local boy won the \$100 F. F. A. Foundation Award for work in soil conservation. We were fortunate to have a boy from our chapter again make the state poultry judging team that is sent to the N. E. P. P. C. O. at Harrisburgh, Pennsylvania.

The boys have worked behind the school, repairing the Outing Club ski jump and the down-hill trail. The down-hill trail was lengthened and was made more safe.

We received about \$150.00 worth of agriculture farm shop tools through federal aid. We were fortunate in receiving these tools without expenditures of town funds, especially when some schools of our size in the state did not receive any tools.

An effort is being made to enlarge the scope of present and prospective farm projects. There is appearing on the scene a real need for projects which can be enlarged from the freshman year right through the senior year and beyond into after school work.

When one realizes that figures taken from Farm Bureau reports show that as high as 70% of the farm income in the

Northeast is from part-time farms, it is readily evident that continued encouragement of this type of secondary training is practical and profitable.

Three one-act plays were presented in the Vilas auditorium on the evening of our school fair. They included "The Little Lamplighter", performed by the fifth and sixth grade students; "Willie Girl", enacted by the junior high group; and "Comin' Round the Mountain", presented by the senior high students.

GIRLS' ATHLETIC ASSOCIATION

In September the Girls' Athletic Association held its annual election. At this time, plans were made for an intramural program to include soccer, tennis, archery, basketball, volleyball, and softball. Heads of sports, selected by the girls of the student body, are given the responsibility of organizing and supervising these athletic activities during the noon hours.

At a play day, sponsored by the athletic council and held in Alstead on October 27, the senior high school girls entertained students from four neighboring high schools. This provided an excellent opportunity for the Vilas girls to associate and cooperate with their guests in a varied sports program.

An interscholastic basketball schedule has been set up for the girls. Meanwhile the intramural program provides for others who do not participate in varsity sports. Tentative plans for spring athletics include tennis and softball competition.

The school children appreciate the continued support of the various organizations in town and thank them for the gifts of one kind and another that they have made to the schools and the children. The newly-formed P. T. A. can do much to assist with the parent and school relations as well as in a material way.

The middle intermediate grades are taking part in the Keene Sentinel spelling bees over WKNE this winter. The Fluoride team from the State Dental Services has worked with the children in the first six grades, cleaning their teeth and applying the Fluoride solution.

STATISTICAL REPORT FOR 1949-50

Total Registration	251.00
Average Membership	236.4
Percent of Attendance	92.13
Half-days schools were in session	356.00
Visits by School Board members	20.0
Visits by citizens and parents	298.0
Pupils not Absent or Tardy	6.0
Visits by Superintendent	407.0

I thank the school board, teachers, parents, pupils and friends for their continued cooperation during the year.

Respectfully submitted,

THERON B. THOMPSON,

Superintendent of Schools.

REPORT OF SCHOOL BOARD

For the Year Ending June 30, 1950

RECEIPTS

Cash on hand	\$4,153 37
Federal aid for vocational education	1,393 35
National school lunch program	1,036 15
Veterans training	2,197 32
State aid equalization fund	2,969 13
Local taxation	33,118 00
1950-51 budget	2,000 00
Dog licenses	273 71
Tuitions-secondary & elementary	7,172 46
Income from trust funds	4,024 87
Other receipts	468 18
	<hr/>
Total receipts from all sources	\$58,806 54

PAYMENTS

Administration :	
Salaries of district officers	\$288 00
Superintendent's salary	888 00
Tax for statewide supervision	354 00

by taxation	\$32,795 55	\$35,065 93
-------------	-------------	-------------

*—Exact figure to be determined after Legislative appropriation.

The budget as presented above represents approximately the same amounts as are being spent this year. No increases, except such as are required due to statutory obligations and previous commitments, have been recommended. There has been a slight readjustment in those items used for the support of Union services, but these reflect the change in valuations and enrollment rather than any actual increases in costs of these services. The item of transportation represents the actual cost to the district this year. As long as there are houses in which people can live in the remoter sections of the town there will be transportation problems and expenses. Children have the right to attend school regardless of where their parents choose to live.

The school board is recommending a cut in the amount of money to be made available for upkeep of the buildings. This is one way of reducing the immediate budget, but in the long run may prove to be false economy. The board felt, however, that it should make every attempt to keep the budget as low as possible and still not impair the efficiency of the educational system.

The items for retirements is determined by the State as a percentage of the total payroll for those who are members of the retirement system, according to the formula established by the last session of the legislature.

The school board is recommending that a sum of money be voted to improve the high school cafeteria. The present sink is not adequate for serving the number of meals that are now being served. The state board of health requires that all dishes be washed, rinsed, sterilized and rinsed a second time. They have permitted the use of only three of the above operations where it would work a severe hardship to require the complete process. It is planned to install a three-unit sink that would allow the carrying out of the first three operations. Another requirement is that the dish and rinse water be at 180 degrees. To obtain this temperature it is necessary to heat the water on the gas range. This is not inconvenient, but develops a hazardous condition when the water is carried from the range to the sink. The recommendation includes a hot water heater that could be connected to the existing facilities.

VITAL STATISTICS

At the request of the Selectmen, there is submitted herewith a transcript of the births, marriages and deaths as recorded in the Office of the Town Clerk for the year ending December 31, 1950

BIRTHS REGISTERED IN THE TOWN OF ALSTEAD, N. H., FOR THE YEAR ENDING DEC. 31, 1950

Date of Birth.	Name of Child (if any.)	Sex and Condition.			Name of Father.	Maiden Name of Mother.	Occupation of Father.	Birthplace of Mother.	Birthplace of Father.
