A heavy snow storm and extremely cold weather stopped all work on the White Water Brook Dam.

The grading, seeding and the building of a small brick building over the Valve Chamber will be completed by the contractor in the Spring; however, the storage is now ready for use.

The 8" Main on Maple Avenue, between Draper Corner and Claremont Junction was cleaned: the test, after cleaning, showed a little over double the flow of water.

REPORT OF THE TRUSTEES OF THE FISKE LIBRARY

The year 1943 has brought no increase in circulation and doubtless this will be true for the duration of the war. Many of the people who used the library are in the armed forces or in war jobs and those at home are still so busy with activities related to the war that they have little time for recreational reading.

A good deal of the drop is in fiction which is not so important, since there is a noticeable increase in the number of serious books read. Books on the war: biography, travel, especially on the countries where our soldiers are fighting; books dealing with present day and post-war problems: aviation, mathematics and other technical books are read more than ever. We have tried to buy a good supply of such books.

Books on the war, aviation and different branches of the armed forces have been very popular with the boys.

The circulation for the year was 54,328. 418 new borrowers were added. To date 1,328 books have been added of which 137 were given. More are on order.

Among the books added are several reference books:—

Atlas of American History

Larned's New History of Ready Reference

Webster's Dictionary of Biography

World Book Encyclopedia

Harper's Bazaar, Health, Illustrated London News, Infantry Journal, Mademoiselle and Vogue have been added to the magazines in the reading room.

The usual activities have gone on. Books have been loaned to the Public schools, Parochial school, bookmobile, Frances Tolles Home, Rural Women's Reading Club, and to several groups of people living outside. Our discarded books and magazines have been given to the County Home.

Books were collected again for the Victory Book Campaign. 538 suitable books were sent to Boston to be distributed to the men in service. Over a thousand were donated and sorted. These included books from Cornish, Newport and Sunapee.

Book Week was observed this year only with displays of attractive books. Many of them illustrated this year's slogan, "Build the Future With Books." Some of the teachers brought their classes to the library during the week.

In June the Junior Citizen Club of North Street school visited the Historical Room. Mr. Walter Pierce gave them a short talk on the mineral collection.

We have used newspaper publicity, bulletin board display, and table exhibits to bring books to the attention of the public. Posters and other material to aid the war effort have been displayed.

Two members of the library staff attended the N. H. L. A. meeting in Manchester.

Miss Ina Townsend, one of the assistant librarians, has joined the WACs. An exhibit of paintings by Miss Elizabeth Sherinyan of Worcester, a former art teacher in Claremont, attracted a great deal of attention.

Items of historical interest were given by Mr. C. B. Spafford of Indiana, Pennsylvania.

The pictures belonging to John L. Farwell, long a loan, now belong to the library.

Another interesting addition to the Historical collection is a rare point lace handkerchief which belonged to Maria Marshall Rossiter. This was given by Mrs. Harriet Rossiter Lewis.

"More Stories of the Operas", by Newman, was given by a friend in memory of Mary Coburn Colby.

The building has been insulated upstairs which helps greatly to conserve heat. The ell has been reshingled and the floors revarnished.

We wish to express our thanks to the many people who have given books and magazines or who have in any way helped us in service to the Community.

Following is a list of those who have contributed to the library:—

Mrs. Albert H. Allen; Mrs. Gertrude Allen; American Telephone and Telegraph Co.; Mr. George O. Ball, Concord, N. H.; Mr. Dominic Boccio; Miss Ida C. Bracher, Charlestown, N. H.; Mr. William Brooks Brown; Business and Professional Woman's Club; Mrs. Ada Case; Mr. Leland Case, Chicago, Ill.; Catholic Daughters of America; Miss Maria DiPrimo; Mrs. Earl Chandler; Mrs. W. J. HEALTH OFFICER'S REPORT

February 1, 1944

To the Board of Selectmen:

Many problems due directly to the war conditions have occurred this year and have been met with cooperation from our citizens of this community, which have been a hardship to them. Claremont residents and Claremont physicians have had to cope with trying conditions with a minimum of complaints. One new physician was placed here through the efforts of the Assignment and Procurement Service. One physician who was taken from here was given a leave of absence from the Navy department to help out here but has now again returned to his duties with the Navy. Another physician whom we had also lost to the Navy department has recently been given a discharge and again is actively in practice here. At present our condition here in this respect is again approaching a danger zone and we are only hoping that no disease in epidemic form occurs here. If it should Claremont does not have adequate medical service.

Diphtheria immunization for the prevention of this disease has been continued as in former years by the Health Department. This is given to school children not previously having been treated. This work is done on a voluntary basis and free to Claremont children. This treatment may be done either as a single or double inoculation treatment as parents may choose.

Acting in accordance with requirements of Chapter 123, Public Laws of New Hampshire, school children not already having been vaccinated against Smallpox were done during the summer recess or at the beginning of the school year under the direction of the Board of Health and the cooperation of School department.

As provided for in the 1943 Town Meeting, a meat inspection department has been set up as a department of the Board of Health. The State Board of Health cooperated fully in helping us do this work. The ordinance was set up according to law and took effect on September 1, 1943, to inspect all meat except poultry, both before slaughter and on the slaughter floor and to make routine and frequent inspections of all meat retailing markets to insure the public against uninspected meat being offered for sale and its proper handling in these markets.

Regular inspections have been made of all food handling stores, restaurants, ice cream and soda fountains, fruit stores, drink dispensing establishments and barber shops. This was done with full cooperation in all cases as to compliances with state and federal laws pertaining to the same.

The Board of Health received this year as usual many so-called "nuisance complaints", totaling approximately 110. These complaints vary in nature, the majority, however, were unsanitary conditions such as rubbish collections in unlawful places and generally offensive animal refuse and manure

collections. We have this year, however, allowed more residents, in the compact parts of town, to raise more swine and poultry, provided the premises do not create a general nuisance, due to the food shortage existing.

The communicable diseases reported to the Claremont Board of Health during this past year are as follows: Meningitis, 1; Scarlet Fever, 26; Pneumonia, 5; Measles, 51; Chicken Pox, 39; Whooping Cough, 44; Mumps, 6; Tuberculosis, 10; Impetigo, 2; Venereal diseases, 18.

Many samples of the Claremont municipal water supply have been submitted to Concord to the State Board of Health laboratories for analysis. The results of these samples have been highly satisfactory. Also several residents having private water supplies have submitted water samples mostly at their own request for analysis and none of these have proved to be unsatisfactory for drinking purposes.

The department of Milk Inspection has carried on again this year in its protection methods for the milk supply of this town. Routine barn and milk room inspections have been made and analysis of samples with the State Board of Health have been made. The findings of all local supplies have been good.

The Board of Health wishes to thank the public, the physicians, the school nurse, the nurses connected with public health work here, the Claremont General Hospital and Staff, and others who have given their cooperation and assistance in carrying out public health work in the past year.

Respectfully submitted,

WILSON R. HAUBRICH, V.M.D.
Claremont Health Officer.

PUBLIC HEALTH NURSING ASSOCIATION

To the Board of Selectmen:

During the year 1943 there were 3,609 visits made by the Public Health Nursing Association.

These visits may be classified as follows:

Prenatal	362
Delivery	2
Post Partum	275
Non communicable	1,280
Communicable	67
Crippled Children	78

Health Supervision Visits:

Infant	705
Pre School	125
Adult	102
Social Service	37
Unclassified	67

3,609

These visits were paid for as follows:

Free	2,502
Metropolitan Life Insurance Co.	286
John Hancock Life Insurance Co.	168
Part Paid	265
Paid	388

3,609

There were 409 babies weighed at the nurse's office.

Mrs. Eleanor Parmelee, R.N., has assisted during the year.

Office hours were held from 1-2 P.M. each day.

Respectfully submitted,

EDITH SLOAN, R.N.

**ANNUAL REPORT OF THE N. H. TUBERCULOSIS
ASSOCIATION, CLINIC AND NURSING SERVICE,
CLAREMONT, 1943**

THE YEAR'S SERVICE

Number of clinics	8
Number of persons examined at clinics	213
Number of new patients examined at clinics	106
Number of persons given "Volmer" tuberculin test at clinic	60
Number of children, given tuberculin test and X-ray of chest, found to have childhood type of tuberculosis	7
Number of new positive cases of tuberculosis reported to health officer	10
Number of families under supervision	166
Number of positive cases of tuberculosis under supervision	138
Number of patients, new and old, having X-ray of chest	95
Number of patients receiving treatment at sanatoria during the year	12

The people of Claremont have loyally supported the program of the N.H. Tuberculosis Association, year after year, and have indicated by their increasing contributions that they want the wartime campaign against tuberculosis pushed with extra vigor. The voluntary contributions to the 1943 Christmas Seal fund assures the continued clinic and nursing service for 1944.

Again we thank the doctors, nurses, members of the Nurses' Aide Corps, Claremont General Hospital, and all voluntary workers who have assisted in the campaign against tuberculosis.

Respectfully submitted,

N.H. Tuberculosis Association, Inc.

CLUFFIE M. GOBIE, R. N.

Field Nurse.

REPORT OF MILK INSPECTOR

This past year has been a more or less hectic year for milk inspection.

Barns have been inspected; milk samples sent to Concord; milk examined here, and thirty-one commercial licenses granted, besides the producers' licenses.

Farm help has been very hard to get, grain high, and the price of dairy cows almost twice the price of last year. Wholesale price of milk down country is higher than here, and the price of milk in other towns in New Hampshire about the size of Claremont considerably higher.

All these things leading up to a shortage in Claremont of milk and cream, converted into the equivalent of milk, of about 1,100 quarts daily. And to top this a great danger of losing 2,000 quarts more.

This has been taken care of with permission of the State Board of Health and the Governor of inspection of milk and cream not inspected by the local milk inspector.

Frequent samples of this milk have been taken. At first some of it was very bad and immediate steps, with the assistance of the State Board of Health, were taken to correct this at the bulk plant delivering the milk. At present the product is properly pasteurized and passes State requirements.

Our local pasteurizing plants are running as usual and they, as well as other dealers, are having plenty of labor and feed trouble. But all are trying and I believe Claremont is very fortunate in having the type of men in the milk business who carry through in spite of big obstacles.

Respectfully submitted,

L. R. HAUBRICH, V.M.D.

Milk Inspector.

REPORT OF MEAT INSPECTOR

As adopted at the 1943 Town Meeting the rules and regulations were set up to provide proper public protection in meat handling and its sale for Claremont. These rules were accepted by the Board of Health and set up in ordinance form after proper legal advice in their formation.

There had to be built, as none existed, proper places for the slaughter of livestock. This did not get under way until August, at which time the regulations were officially put into effect. This work has met with approval from the slaughterers and store retailers as well as the consuming public which in the end is really receiving the protection therefrom.

Results of slaughter house inspection under direction of the meat inspection department of the Claremont Board of Health, beginning the last week of August 1943 and ending January 31, 1944:

Total of all inspections made: 322

Divided as follows:

Cattle	Calves	Hogs	Goats	Sheep
248	66	6	1	1

The following number of whole carcasses were condemned as unfit for human food and disposed of according to regulations:

Cattle, 7	Calves, 16
-----------	------------

Also a total of 16 livers and 1 heart were condemned.

As shown by the above figures either very few hogs were sold in Claremont or someone has been buying uninspected pork.

We try to keep watch of all meat sold in Claremont but it is very difficult to watch every home. There is no expense to the slaughterer if he uses Claremont slaughter houses, and no expense to the buyer, and if the public wishes their meat inspected before using, it will be a big help if they will notify the meat inspector of anyone offering uninspected meat for sale.

Respectfully submitted,

DR. W. R. HAUBRICH,
DR. L. R. HAUBRICH,
Meat Inspectors

RECOMMENDATIONS

I would like to recommend the following:

A repetition of two of my recommendations of last year:

1. A cement curbing to be placed in the Tremont Square Parking area, replacing posts and chains in use there at the present time.
2. To discontinue for the duration of the war, the traffic lights at the intersections of Pleasant and Myrtle Streets, Pleasant and Summer Streets, and Myrtle and Mulberry Streets.

Consideration be given to the remodeling of the cell block in any post war plans.

REMARKS

I wish to thank members of the Claremont Chamber of Commerce for the valuable assistance and cooperation that they have given to me and to this department this past year, and to the N. H. State Police, Claremont Auxiliary Police, Claremont Fire Department, local telephone operators, and to the many other persons who have contributed their assistance in helping to make this Department a better one.

Since May, this Department has been without the services of Officer Charles J. Blake as a result of an accident. His place in the Department has been left vacant.

During June, Officer Francis L. Desmarais left this Department to go into the U. S. Navy. Special Officer Armand M. Normandin has been substituting for him.

During this past year this Department has checked the records of several thousand persons, not only for persons entering the Armed Services, Government Agencies, but for concerns throughout New England that are on defense work.

This last year a modern two-way F M Radio was added to our equipment for the use of both the Police and Fire Departments. The main station is located in police headquarters and each department has two mobile units. The station call letters are W K T X. All officers are required to hold at least a Restricted Radio Telephone Operator Permit. Lieut. Basil Cutting of the N. H. State Police supervised the installation, conducted the Officer's license examinations and has agreed to supervise and make any needed

repairs, all without expense to the town of Claremont for his time or travel. The radio has been in use for six months, and its use has been so valuable that we wonder how we managed for so long without radio.

For a period from July 26, 1943 to December 31, 1943, there were 3,559 transmissions made.

A great deal is being said about Juvenile Delinquency. The public has been led to believe that the present generation has "gone wild." This is not true in Claremont.

We had over a 100 per cent increase over 1942 in the number of Juveniles in court. A very large percentage of these children were charged with being brought up without proper parental supervision. Surely, the children are in no way to blame for this existing condition.

I have found in my experience in investigating juvenile delinquents that the problem originates with Adult Delinquency, and there can be no immediate changes made in Juvenile Delinquency until Adult Delinquency is taken care of.

This year we had a 600 per cent increase of adults over 1942 of arrests for felonies.

I wish at this time to thank publicly Rev. Thomas S. Hansberry, formerly of St. Mary's Parish, for the most wonderful work that he did for the young people in Claremont during the short time that he was in our town.

Respectfully submitted,

WILLIAM C. NOBBS,
Chief of Police.

REPORT OF THE BUILDING INSPECTOR

For the Year Ending December 31, 1943

To the Honorable Board of Selectmen:

There were 19 new houses, 45 new tenements, 20 garages, 26 poultry houses, 1 barn and 1 slaughter house built during the past year. The remainder of the building done has been for alterations and repairs. The estimated cost of building operations was \$129,568.00.

Respectfully submitted,

W. E. ROUNDY, Building Inspector

CHIEF ENGINEER'S REPORT

To the Board of Selectmen:

I hereby submit my report for the year ending January 31, 1944.

There were 15 Bell Alarms and 302 Still Alarms, making a total of 317 Alarms. There were no disastrous fires during the past year, although the Department answered more Bell Alarms in 1943 than 1942, the fire loss for this year is only \$2,752.59 more than last year.

With exceptions the Apparatus is in good condition, but when the war is over I would recommend that the Town purchase a new Ladder Truck and a combination Booster and Pumper to replace the present Truck, which is 14 years old and has had a lot of service, and requires repairs after almost every trip that it makes.

Being unable to purchase any fire alarm boxes, no additional Boxes have been installed during the past year. The fire alarm system is in fair condition, but several of the old boxes should be replaced with new boxes. This should be done as soon as new boxes can be purchased.

Three hundred feet of 2½ inch, double jacket hose was purchased during the year. The Department has on hand 7,800 feet of good double jacket 2½ inch hose and 1,500 feet old 1½ inch hose. No new hydrants have been added during the past year.

Two Way Radio has been installed in two of the trucks during the year. In many cases this has proved to be of great value to the Department when additional help is needed at the fire, and notifying the Station of the condition at the fire, and also directing the truck to the location of the fire.

REMARKS

To the Board of Selectmen, Police Department, Telephone Operators, American Legion, Auxiliary Firemen, Officers and Members of the Department and the Public in general, I wish to express my appreciation for the cooperation and assistance given me the past year.

Respectfully submitted,

ALLEN L. PALMER,
Chief Engineer.

FIRE WARDEN'S REPORT
For the Year Ending December 31, 1943

To the Selectmen and Citizens of Claremont:

I would submit the following report:

The brush and grass fire loss in the Town of Claremont the past year was very small. The total cost to the Department was \$59.63. 144 permits were granted in 1943.

I appreciate the cooperation of the Public in getting a permit before starting a fire. This permit not only protects the Public from paying a fine for starting a fire without one, but is of great help to the Department, as we know at all times who is burning, and the location of the fire.

There are 7 Deputy Wardens—H. R. Fraser, Fire Station; William M. Burr, Fire Station; Esmond Dansereau, Mulberry Street; C. L. Cann, Pleasant Street; Alfred Pierce, Dean Hill, A. H. Freeman, Red Water Brook; and George Braley, Beauregard Village.

I ask the continued cooperation of the Public, and wish to thank them for their cooperation and assistance the past year.

Respectfully submitted,

A. L. PALMER, Forest Fire Warden

REPORT OF THE VICTORY GARDEN SUPERVISOR

To the Board of Selectmen:

Town Victory Garden enrollments were received in April 1943 and land obtained and prepared on Breck Avenue, Cossitt Avenue, South Street, the Bluff, and the Howe Farm on Elm Street. Fifty-six lots were provided and this took care of the 47 adult applicants as well as 22 smaller youth gardens. During the garden season more than 448 visits were made to these Town Victory Garden plots and over 279 interviews held with the gardeners at their gardens. Bulletin boards were put up at each of the five plots and arrangements made for a water supply for spraying. A constant check was made for insect and disease troubles, and warnings posted on the individual gardens. A spray rig was provided and demonstrations given to gardeners who had no equipment of their own. Very little stealing or trespass trouble was encountered and the production averaged very high according to a survey made by experts from the State University.

Besides the Town Gardens, over 200 interviews were held with local home gardeners and youth gardeners about garden problems, chiefly insect and disease control. Seasonable newspaper publicity was provided as well as State and Federal bulletins on the latest Victory Garden information.

The Garden Supervisor wishes to thank J. Laban Ainsworth, Ernest Forbes, and S. W. Colby who as members of the Town Committee did so much to make the garden program a success. Also appreciation is expressed to the Extension Service for their practical assistance.

V. A. PERKINS,
Town Victory Garden Supervisor

THE DARTMOUTH-LAKE SUNAPEE REGION

The Legislature of 1937 authorized the establishment of six Regions, each comprising a group of towns suggested by the State Planning and Development Commission. The Dartmouth-Lake Sunapee Region comprises this town and 37 others in this section of the state. The Region is incorporated as a non-profit corporation and its affairs are supervised by a group of officers chosen annually. The Region employs a full time secretary who is *paid by the state* (not by the towns). Thus your Region is a set-up established by law and the matter of whether or not it has sufficient financial support to render real service to your community rests with the voters of the towns. During its existence the Dartmouth-Lake Sunapee Region can point to the following accomplishments. Through the publicity it has issued

it has brought visitors to every town, some have established summer homes and others have become permanent residents. It has been instrumental in bringing industries to several towns. It has inaugurated plans that have saved historic landmarks. It has sponsored paying summer attractions. It has been active in bringing about a survey of our mineral resources that has resulted in revenue to many towns and has conducted studies of new agricultural products.

By an appropriation not exceeding 1-100 of 1% of the assessed valuation the Region now asks the support of your town in continuing the program that has brought about the aforementioned results and to institute the following three projects which if carried through must result in added income to each of the 38 towns of the Region. (1) A research of the possibilities of establishing industries that will use as raw material, minerals within our area and make a study of the feasibility of the production, processing and sale of several agricultural products that in the past have received but little attention. (2) To cooperate with each of the towns in preparing descriptive pamphlets showing the attractions, natural advantages and resources of the community with the idea of eventually incorporating such material into a book descriptive of the whole Region. (3) To establish a system of Recreation Trails following back highways and little used roads leading to scenic areas and desirable locations in each of the 38 towns in the Region. As it is not deemed proper to devote more space in your Town Report to this subject, details have been omitted; however, letters of inquiry regarding any matter here mentioned will be welcome and given careful reply. Address, Dartmouth-Lake Sunapee Region, New London, N. H.
