## Only You Can Prevent Forest Fires

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and cooperative effort.

Continuously heavy lumbering operations following the hurricane has produced more than four billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When YOU fail to use needed precaution while burning in or near woodlands—

When YOU fail to secure the required permit from your local forest fire warden before burning—

When YOU are careless in smoking near woodlands—

When YOU throw lighted cigars, cigarettes and matches from vehicles moving along the highway—

YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER—the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

ONLY YOU and YOU and YOU can prevent forest fires! ! Will YOU help!

*REPORT OF THE BOARD OF EDUCATION*

---

*To the Citizens of Dalton:*

The school board herewith submits its annual report. The report includes the treasurer's report for the fiscal year July 1, 1950 to June 30, 1951 with a statement of expenditures; budgets and estimated receipts for the present school year and for next year; and a written report by the superintendent of schools.

The budget for this coming year is of necessity higher than for the present year. The major causes for the increase are due to high school tuition and transportation charges. We can anticipate close to the same amount of state-aid this coming year as was received this year. It is necessary, therefore, that the school board request an appropriation of \$26,731.95.

### SUPERINTENDENT'S REPORT

*To the School Board and Citizens of Dalton:*

It is with pleasure that I submit my annual report relative to your schools.

This past year brought two changes in the teaching staff. Mrs. Minnie Blodgett, Wentworth, N. H., a graduate of Plymouth Normal School, and with 13 years' experience was elected to teach Grades 3 and 4 to replace Mrs. Hazel Tillotson who resigned to accept a position in Whitefield. Mrs. Gladys P. Fearon, a graduate of Keene Normal School, and with 10 years' experience was elected to replace Mrs. Elizabeth Tyburcy who resigned.

The enrollment to date this year in the six grades is 68 as compared with a total enrollment of 85 last year. On February 1, 1952 there were 26 Dalton pupils registered in Whitefield High School. There were 23 pupils registered in Grades 7 and 8, and 3 pupils registered in the lower six grades.

The report of the school nurse shows that all pupils were examined and defects were reported to parents. A total of 79 pupils were examined for height, weight, vision and hearing. Dental clinics were held at Dr. Clark's office in Littleton throughout the year. Two orthopedic clinics were held during the year. Five pupils were taken to Lancaster and one to St. Johnsbury, Vt. for eye examinations.

A sufficient quantity of school supplies have been made available for all classes. Books that have become obsolete and worn out have been replaced by modern texts.

I would recommend that some thought be given to improving the toilet facilities for both boys and girls in the near future.

Teachers and parents should be commended for undertaking a lunch program whereby pupils are provided with a hot dish each noon for a very nominal fee. If such a program is to be continued some provisions might be necessary for keeping food warm and for washing some dishes.

School costs are increasing each year due to increased costs in supplies, higher teachers' salaries and increased costs for heating and transportation. As a result of these, tuition costs for pupils attending school outside the district have gone up accordingly. This year Dalton is paying \$125.00 per year, per pupil, for elementary tuition, and \$175.00 per pupil for high school tuition. This next year tuition will be \$125.00 for elementary pupils and \$200.00 for high school pupils. A list of tuition pupils in Whitefield this year can be found on another page of this report.

The small increase in state funds for educational aid brought about an increase of only about \$1,200.00 for Dalton this past year. It does not appear now that Dalton will qualify for any more than this during the next year. Should more districts in the state qualify for aid than qualified this year it is possible that Dalton's share could be less than the \$5,779.34 received this year.

In closing, I wish to express my sincere appreciation to the citizens of Dalton, the school board, teaching staff and other district officers and employees for their cooperation this past year.

Respectfully submitted,

LESLIE S. CUMMINGS,

*Superintendent.*
