TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Deerfield in the
County of Rockingham in said State, qualified to
vote in Town Affairs:*

(L. S.)

You are hereby notified to meet at Town Hall in said Deerfield on Tuesday, the eleventh day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will raise and appropriate the sum of \$1,270.50 to be expended on Mountain Avenue, the State to contribute \$2,541.00.

4. To see if the Town will vote to instruct the Selectmen to hire money in anticipation of taxes.

5. To see if the Town will vote to authorize the Selectmen to appoint a zoning commission of three members with duties as set forth in Chapter 51, Section 50-71, Revised Laws of New Hampshire, 1942, to study and recommend to next Town Meeting appropriate regulations to be enforced in the area around Pleasant Lake.

6. To see if the Town will vote to authorize the Selectmen to sell property acquired through Tax Collector's Deeds.

7. To see if the Town will vote to raise and appropriate the sum of \$83.00 to be expended by the Merrimack Valley Regional Association.

Given under our hands and seal, this eighth day of February, in the year of our Lord nineteen hundred and fifty-two.

RUSSELL W. BOWDEN,

CARL M. FOGG,

ROBERT B. SANBORN,

Selectmen of Deerfield.

A true copy of Warrant—Attest:

RUSSELL W. BOWDEN,

CARL M. FOGG,

ROBERT B. SANBORN,

Selectmen of Deerfield.

REPORT OF FOREST FIRE WARDEN

1951 Fire Record

Number of fires	None
Acreage burned	None
Fire permits issued	10

MAURICE R. STEVENS,
Forest Fire Warden.

Only YOU Can PREVENT Forest Fires

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and cooperative effort.

Continuously heavy lumbering operations following the hurricane has produced more than four billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When YOU fail to use needed precautions while burning in or near woodlands—

When YOU fail to secure the required permit from your local forest fire warden before burning—

When YOU are careless in smoking near woodlands—

When YOU throw lighted cigars, cigarettes and matches from vehicles moving along the highway—

YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER—the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

ONLY YOU and YOU and YOU can prevent forest fires!! Will YOU help!

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

Deerfield, N. H., February 1, 1952

It is with pleasure that I present my fifth annual report of the Deerfield educational system. May I express my thanks and appreciation to all those men, women, and children who have laid another milestone in the education of the youth of the town.

Because of illness, Mrs. Ethel M. Barney was unable to finish the school year and continue her teaching duties. She was replaced by Mrs. Rena M. Sanborn of Candia. At the beginning of the new school year in September, 1951, Miss Isabel A. Morrill of Littleton, N. H., a graduate of Plymouth Teachers' College and with one year's teaching experience, was elected to Grades 1 and 2. Mrs. Benware returned to Grades 3, 4, and 5, but owing to sickness in the family, may be unable to finish the year. During her absence up to date, Mrs. Sanborn has again been drafted to fill the vacancy. Mr. Gale returned as principal and teacher in Grades 6, 7, and 8. Mrs. Reed, Mrs. Stevens, and Miss Cronin have continued in the same capacity as before—Music, Art and the School Nurse respectively. Mr. and Mrs. Ernest F. Stevens, Jr., left the school as custodians and Mr. and Mrs. Ernest Howard were hired in their places, Mrs. Howard as the lunch supervisor, and Mr. Howard as the janitor.

Your new school building was dedicated in the fall of 1951 and has been in operation for over a year. Experience is the greatest teacher of all and building school houses cannot be overlooked in such a category. With the help of many local organizations and service clubs, as well as devoted and interested individuals, many furnishings, material and equipment were added. However, there have been many small items that were unforeseen until they actually became necessary for the school. These matters are being smoothed out and completed as time progresses.

The lunch program has been the focus of all eyes and in the thoughts of many parents and citizens since November. It was rather difficult to decide just how this new department in the school would function. Board meetings were numerous in order to decide how far we would be able to go and who the supervisor would be. However, after two months of looking and talking, the lunch program opened under the direction of Mrs. Geraldine Howard. Again experience will have to be given considerable credit for improving and developing this educational project.

After the legislature had completed the work of aid to schools and after the formula based on the adjusted valuation of the town was set up by the State Board of Education, Deerfield received no State Aid. In view of the fact that in the previous year the State Aid had been \$3,421.63 and in estimating the budget this amount was again used as income, the elimination of any State Aid whatsoever threw the burden of the entire budget—less Trust Funds of \$300.00—on the taxpayer. Whether we like it or not, this fact has to be faced for 1951-52.

The greatest financial blow to the district will be the amount necessary for high school tuitions. The amount of \$5,500.00 was estimated for tuitions to secondary schools for this year, 1951-1952, and since that estimate the tuition rate has changed again especially at Coe-Brown Academy and Manchester High School, an article must be placed in the warrant to meet a deficit on this year's budget because of it.

To add insult to injury, tuition rates have jumped sharply again for 1952-1953 so that at Manchester we must pay \$275.00 per pupil, at Coe-Brown Academy \$272.00 per pupil, Pembroke Academy \$230.00 per pupil, and at Raymond \$235.00 per pupil. Based on the number of pupils in these schools this year from Deerfield, the amount estimated to be raised for tuition will be \$7,100.00 for 1952-1953.

Let us ask ourselves what the limit is going to be. No one, of course, is able to predict with any certainty. However, let us look into one phase of the problem. Suppose the time comes, and it surely will, for Manchester or Raymond or Coe-Brown or any other secondary school to say to school boards of Hooksett, Auburn, Pembroke, Candia, and Deerfield that local pupils must be accepted first and therefore we have room in our high schools for only those pupils, after our own, who have a "rank" of 85 per cent or better. This has been done for many years in colleges. What conclusions are evident? Well, for one, it will mean that only the children in the upper 20 per cent of every graduating class from these smaller schools will be able to enter high school. That being the case, what is to become of the other 80 per cent of these graduates? Just think a moment. Does it mean that in this land of equal opportunity just because your child is not an exceptional student he must be deprived of any further formal education? Is American education being retarded?

This discussion throws the problem right into the lap of the parent and the taxpayer. What is the answer? Probably the only answer is consolidation—consolidation of school districts. In such a consolidation, financial costs would be distributed within the consolidated area and every child would have the opportunity to be at least exposed to a secondary school education at district expense.

The State Board of Education through the Commissioner and the staff of the State Department of Education will gladly aid in any way at public gatherings or meetings to discuss and advise the school board, the parent, and taxpayers of the district anywhere and at any time on this subject.

May I again thank the children, teachers, School Board, parents, and citizens who have so graciously helped to make this first year in the new building a success. May we continue to cooperate and advance

the cause of America through the education of the children of the town.

Respectfully submitted,
MURRAY H. WATSON,
Superintendent of Schools.

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, N. H.**

April 20, 1951

The School Board
Deerfield School District
Deerfield, N. H.
Gentlemen:

In accordance with the request of the School District, an audit and examination of the accounts and records has been made by this Division, a report of which is submitted herewith. Exhibits as hereafter listed are included as part of the report which is made up in three sections as follows:

Section I—General Fund Account

Section II—General Building Fund Account

Section III—Miscellaneous Building Fund Accounts

SCOPE OF AUDIT. The examination and audit included the following accounts and records:

(1) General Fund Account—Fiscal Years Ended June 30, 1946, 1947, 1948, 1949, 1950 and the period July 1, 1950, to March 12, 1951.

(2) General Building Fund Account—Period May 5, 1950, to March 12, 1951.

(3) Miscellaneous Building Fund Accounts.

GENERAL FUND ACCOUNT—Examination of Vouchers and Checks and reconciliation of Treasurer's Balance:

All vouchers and checks which were issued during the periods covered by the audit were examined togeth-

er with supporting bills. The Treasurer's balance at the end of each fiscal year and as of March 12, 1951, was reconciled with the bank balance of like date.

Comparative Balance Sheets: June 30, 1949-June 30, 1950, (Exhibit A)—Comparative Balance Sheets as of June 30, 1949, and June 30, 1950, are presented in Exhibit A. As indicated therein, the financial condition of the School District changed during the year from a Surplus of \$422.40 to a Net Debt of \$41,122.51.

Statement of Bonded Indebtedness: (Exhibit B) A Statement of Bonded Indebtedness, as of June 30, 1950, showing annual maturities of principal and annual interest requirements, is contained in Exhibit B.

Comparative Statements of Appropriations and Expenditures, Estimated and Actual Revenues: (Exhibits C and D)—Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1950, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D) a net unexpended balance of appropriations of \$200.69, less a net revenue deficit of \$98.62, resulted in a net budget surplus of \$102.07.

GENERAL BUILDING FUND ACCOUNT—Summary of Receipts and Expenditures: (Exhibit K)—The receipts and expenditures of the General Building Fund Account for the period from May 5, 1950, to March 12, 1951, were examined. A summarized statement of this account is included in Exhibit K. Proof of the balance as of March 12, 1951, is shown in Exhibit K-1.

It is noted that in addition to the total expenditures made from this fund to March 12, 1951, amounting to \$58,345.52, there were expenditures of \$1,202.16 made in connection with the new school building out of the general funds of the District.

MISCELLANEOUS BUILDING FUND ACCOUNTS—Summary statements of each of the individual school building fund accounts are presented in

exhibits L to S, inclusive. A separate savings bank account was maintained for each fund. These bank books were examined and withdrawal of funds checked against expenses paid. In each case the account was finally closed out by a transfer of the balance to the General School Building Fund. Such transfers may be traced from the various funds (Exhibits L to S) to the General Building Fund Account (Exhibit K).

In some cases it was noted that expenditures were made directly out of cash receipts which had not been deposited in the bank.

HARVEY ESTATE FUND—(Exhibit M)—The total receipts of the Harvey Estate Fund, as shown by Exhibit M, amounted to \$5,446.67. The expenditures made therefrom totalled \$4,357.96, leaving a balance of \$1,088.71 which was transferred to the General School Building Fund.

It is noted, however, that additional payments incident to acquiring title to the Harvey Estate amounting to \$709.89, were made out of the general funds of the School District. There was also a payment of \$97.76 made out of the Deerfield Community Fund. If these additional payments are added to the payments which were made from the Harvey Estate Fund, itself, the account would be as follows:

Receipts		\$5,446.67
Expenditures:		
From Harvey Estate Fund	\$4,357.96	
From General Funds of School District	709.89	
From Deerfield Community Fund	97.76	
		<u>5,165.61</u>
Balance which actually would have been available for transfer to General Building Fund		<u><u>\$281.06</u></u>

CONCLUSION: While we did not attempt to audit the figures contained in the printed reports of the School District during the period covered by our audit, it is apparent that there were some inaccuracies in these reports.

The exhibits which are presented as part of this report reflect, to the best of our knowledge and belief, the recorded financial transactions of the School District during the period under review.

Our thanks is hereby expressed to the officials of the Deerfield School District and custodians of the special funds for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

C. DAVID SULLIVAN, Auditor
JOHN T. FLANDERS, Accountant

The exhibits mentioned in the above letter from the State Tax Commission are on file with the Officials of the School District, and may be examined by anyone interested.

LESTER E. MAYNARD,
Chairman.

**FINANCIAL REPORT OF THE TREASURER OF
THE SCHOOL DISTRICT OF DEERFIELD, N. H.**
