REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Deering School District:

The superintendent of schools submits this his second annual school report for your consideration.

Supt. of Schools: Vincent Gatto, Ed.M., Hillsboro, N. H.

Teacher	School	N. H. Approval
Evelyn Lovejoy	East Deering	License
Mary T. Bemis	West Deering	Certificate
Frances George	Pond	Certificate

All our teachers are normal school graduates.

The following pupils maintained perfect attendance without being tardy, during the school year 1935-1936, for the number of periods indicated. Each period consists of nine weeks. There are four periods in the year.

Pond School: Donald Evans, three periods; Eleanor Gardner, three periods; Marie LaBounty, three periods; Paul LaBounty, one period; Virginia LaBounty, three periods; Eva Putnam, whole year; Harold Richardson, two periods; Harriet Richardson, three periods; Ian McLean, three periods; Arthur Kendrick, one period; Robert Putnam, two periods; Virginia Kendrick two periods; Florence Baggs, two periods.

East Deering: Eva Follansbee, three periods; Harold Mooney, one period; George Mooney, one period; Har-

old Titcomb, two periods; Armand Bissonette, two periods; Jane Johnson, one period; Barbara Michie, two periods; Richard Hoisington, two periods; Jane Hoisington, two periods; Rita Bissonette, 2 periods.

West Deering: Janice Greene, two periods; Howard Kiblin, two periods; Everett McAlister, one period; Anna Normandin, one period; Madeline Clark, one period; Omer Normandin, one period; Alice Normandin, one period; Louis Normandin, one period; Wilfred Tacy, one period; Robert McAllister, one period.

GENERAL DISCUSSION

This year the general policy of the conduct of the schools has been a continuation of the educational principles and practices set forth in our last report.

Howard Kiblin, Florence Baggs and Edward Tacy were graduated and promoted to high school last June. The graduation exercises were held in the Deering town hall. The musical numbers, the essays delivered by the graduates, the address and presentation of diplomas by the superintendent of schools, and the refreshments furnished by the school board at the close of the exercises, affording the audience one of the most delightful events of the year in the town of Deering.

A nation-wide movement is on foot to furnish transportation to high school children who live beyond a reasonable distance from a high school. There is a bill before the New Hampshire legislature to pass such a law in our own state. The passage of this bill would be a great step toward equalizing educational advantages for a start in life, especially for those children whose parents cannot afford the expense in question.

Four Deering children attend elementary school at Henniker, two attend the Weare high school, thirteen attend elementary school at Hillsboro, and nine attend Hillsboro high school. These figures fluctuate owing to the fact that now and then some drop out, and new arrivals in town must be provided for.

During the past two years Hillsboro has furnished instruction in Domestic Arts, Manual Training, and richer courses in mathematics, vocational guidance, and more modern text books in the grammar school as well as in

the high school. The Deering children have thus benefited from improvements which a larger school system is in a better position to furnish. The fact that Deering is in the same supervisory union as Hillsboro gives the superintendent an opportunity to fully understand the needs of the Deering children, and to cater to their individual needs.

Two changes have occurred on the teaching staff since last June. Miss Evelyn Lovejoy, a graduate of the Keene normal school class of 1936 replaced Miss Jeanette Saigh at East Deering, and Miss Emma Yeaton, a graduate of the Plymouth normal school replaced Miss Frances Shaughnessy the music supervisor. It is fortunate that we can still continue our work in music.

The work of our teachers is commendable. The schools are running smoothly and efficiently. The school board have left no stone unturned to maintain the schools economically and at the same time on progressive principles.

Respectfully yours,

VINCENT GATTO,
Supt. of Schools

REPORT OF THE SCHOOL NURSE

The routine inspection of each pupil began with the opening of the school year, for the detection of skin diseases, defective vision, defective tonsils and teeth, diseased tonsils, posture and general hygiene.

Pupils inspected	43
Underweight ten percent	13
Defective vision	3
Defective teeth	16
Diseased tonsils	5

A very successful dental clinic was conducted by Dr. J. H. Grimes at the Community Center, in November. The report is as follows:

Number Pupils treated	12
Cleanings	10
Extractions, (temp.)	11
Extractions, (perm.)	10
Amalgam fillings	4
Porcelain fillings	5

Total number of operations 40. Average cost per person \$1.66 1-3c.

To date 13 school visits were made. Treatments in school 2. 25 home and official visits were made. Home visits to explain to parents about the defects found at the inspection, also to tell them about the dental clinic we had planned. They were all interested and willing to cooperate.

Cod liver oil was started in all three schools for those whose parents wished them to have it. Children who have had cod liver oil and milk during the past three years are noticeably benefited by the use of it. The correction of defects left the children free to gain; only in this way could the best results be obtained.

I thank the school officials, teachers, parents, pupils and all others who have so kindly cooperated in making the dental clinic a success.

Respectfully submitted,

MARGARET E. HARRIS
School Nurse

\$3.50 per \$1,000 of taxable inventory is minimum required by law in addition to per capita tax and salaries of district officers. This is for towns which do not care to qualify for state aid. Deering must qualify for state aid and \$3.50 on the taxable inventory is not sufficient to run approved schools.

\$5.00 per \$1,000 of equalized valuation must be raised for elementary schools to qualify for state aid. The net assessment must contain this amount in addition to funds raised for high school maintenance and other statutory requirements.

As requested at the last annual meeting of the Deering School District the following is an account of expenditures of the School District from July 1, 1935 to July 1, 1936:
