AUDITOR'S CERTIFICATE

This is to certify that I have examined the books of the School Board and School Treasurer of the School District of Jackson and find the above a true summary of the year ending June 30, 1928.

D. W. DAVIS,
Auditor.

SUPERINTENDENT'S REPORT

The equalized valuation of Jackson is \$1,076,491 and a \$5.00 tax would be much in excess of the school requirements for next year so that the district is not eligible for state aid.

Miss Katherine Trickey returned this year to the principalship of the grammar school and Miss Flossie Thurston, a Plymouth graduate with two years' experience was engaged for the Primary School. Conditions for transportation being unfavorable during the winter, the Dundee school was opened January 8, with Miss Wanda Cygan as teacher. Miss Cygan is a graduate of the three-year course at Keene. All of our teachers are Normal School graduates and the schools are in excellent condition.

I believe so thoroughly in the value of a school nurse that I would urge an appropriation of \$125 for next year to be available if the school board can arrange with other neighboring districts for the employment of the same nurse. Such associations are common and each district receives its proportionate share of the nurse's services.

I wish to thank the school board, teachers, and citizens for their cooperation in making the schools a credit to the town.

JOHN H. FULLER,
Superintendent.
