***** ATTENTION BOAT OWNERS *****

Your boat may be registered at John Fletcher's Bait and Tackle Shop at 293 East Main Street. Boat taxes go to the Town in which they are paid. Let's give Marlborough the benefit of your boat tax!

***** INVENTORY OF TAXABLE PROPERTY *****

Please return your Inventory promptly. It is especially important that the census portion be filled in completely. This information is used for the school census and to compute our State Revenue Sharing. Inventories are due on April 15th, 1995. After that date, a minimum penalty of \$10.00 applies.

IN CASE OF
EMERGENCY
CALL

352-1100
GIVE NAME, PHONE #
AND LOCATION

ATTENTION DOG OWNERS

All dogs six months or older must be licensed by May 1, 1995. Licenses are available from the Town Clerk's Office at the Town Hall.

An animal population control fee is now part of the license fee. This money will be sent to the State and given to low income persons to have their dogs and cats sterilized. The fees are as follows:

\$6.50 for neutered or spayed animal
\$9.00 for female or male animal

Note: Persons over 65 years of age may license one dog for \$2.00.

Late Fees: \$1 per month shall be charged if fees are not paid by June 1, 1995.

Any owner keeping a dog contrary to the provisions of NH Statutes RSA 466 shall forfeit \$25 to the Town in which the dog is kept in addition to the above \$1 per month charge.

SELECTMEN'S FOREWORD

Our big accomplishment for this year was closure of the landfill prior to the EPA deadline of October 9th, 1994. After that date, any landfill closures will be under far more restrictions and higher costs. We are also happy to say that closure was less than half of the original estimates of \$400,000 at \$182,000. What is even better, we did it in a series of funding steps and the total cost of closure is paid in full. This alone saved us some \$50,000 in interest over what would have probably been a ten year bond. We are most grateful to our engineer, Mr. Robert Hitchcock of Clough, Harbour and Associates of Keene for his expert advice and closure plans. We also thank Erving Paper Mill of Erving, Massachusetts for their reasonable offer to construct the closure using their fiber clay product. Without these two companies, closure cost would have been much higher! We also thank Mr. Franklin Pelkey, our Recycling/Transfer Center Supervisor for his constant vigilance over the project which kept the project running smoothly and kept us informed minute by minute.

Of course, while the landfill project was a great accomplishment, property taxes are not at their best level. We understand the frustration over this high bill as we also pay it. However, there seems to be an idea developing that the Board of Selectmen have ultimate control over all the taxes. This thinking is incorrect as we only have control over the **TOWN SHARE** of the total tax. When you, as a voter, decide what you will fund at the School District Meeting, you have told the School Board, who governs that aspect, what the tax rate will be for those funds. Likewise, the County Commissioners have their own budget hearings and control those costs for the County. Those officials are elected and exercise their

authority as required by law. In controlling the cost over Town functions, it is the policy of the Board of Selectmen that all budgets must be controlled and if there is some surplus at year end, year end spending sprees are not allowed.

We are happy to report that we ended the year essentially where we began and will have another \$100,000 surplus available to offset appropriations. Further, our budget which is reflected on the following pages is some \$95,000 less than last year and our estimate for the Town share of the tax is down \$1.01 from \$8.59 to \$7.58 per \$1,000 of assessed valuation.

We hope you will participate in the Town and School Meetings to help you understand why costs are seemingly high. Getting information first hand helps to squelch rumors that always get about half the story correct and allows you to ask your own questions.

There will be a big turnover in the Recreation Committee this year and we would be remiss if we did not recognize Bruce Lyman, Kathy Rogalski, and Phylis Manning for their hard work on the Committee. They have had a startling effect on how this operation was conducted and they will be missed. Our sincere thanks to all! For those of you concerned about the high cost of government, we wish to impress upon you that being a volunteer to the Town has a dramatic effect on taxes and we need people for the Conservation Commission, Heritage Commission, and the Planning and Zoning Boards. There are also other associated groups like the Friends of the Library, Garden Club, and Marlborough Community Association. Get involved and help! If you do not know how to contact these groups, call the Town Hall and we will guide you to the right people.

TOWN OF MARLBOROUGH

WARRANT AND BUDGET FOR 1995

The State of New Hampshire

THE POLLS WILL BE OPEN FROM 1:00 P.M. to 9:00 P.M.

To the Inhabitants of the Town of Marlborough, N.H. in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Marlborough School Gymnasium in said Marlborough on Tuesday, the fourteenth (14th) day of March 1994, at 7:00 P.M. of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing. (By ballot)
2. To vote on the proposed Town Zoning Ordinance changes as shown on the attached ballot to this warrant.
3. To see if the Town will vote to raise and appropriate the sum of \$1,137,550.00, which represents the posted operating budget (Form MS-6). Said sum is exclusive of all special articles addressed.
4. To see if the Town will vote to raise and appropriate the sum of \$200,000.00 (gross budget) for the construction of the Pleasant Street sewer line extension from Jewett Street to Ryan Road, and to authorize the borrowing of not more than ninety thousand dollars (\$90,000.00), such sum to be raised by the participation in the State Revolving Fund (SRF), RSA 486:14 established for this purpose, and to allow the Selectmen to expend such monies as they become available from the the SRF and pass any vote relating thereto, the balance of one hundred ten thousand (\$110,000.00) to be used from the Sewer Fund balance. (2/3 ballot vote required.) The Board of Selectmen unanimously recommend this article.
5. To see if the Town will vote to authorize the Selectmen to enter into a lease agreement for the purpose of leasing a dump truck for the Highway Department (total cost \$66,401.00), and to raise and appropriate the sum of sixteen thousand, six hundred dollars (\$16,600) for this purpose and authorize withdrawal of said sum from the Highway Heavy Equipment Capital Reserve Fund. (2/3 ballot vote required.) The Board of Selectmen unanimously recommend this article.

6. To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) to be placed in the existing capital reserve fund for the revaluation of the Town, or to act in any manner relating thereto. The Board of Selectmen unanimously recommend this article.

7. To see if the Town will vote to raise and appropriate the sum of ten thousand, three hundred fifty dollars (\$10,350.00) for a new Library fire escape, or to take any action relating thereto.

8. To see if the Town will vote to raise and appropriate the sum of five thousand, six hundred ninety-eight dollars (\$5,698.00) for the purpose of paying lease payment number #2 on the Ford police cruiser authorized by Town vote in article 8 at the 1994 Town Meeting. The source of said funds to be a withdrawal from the Farnum Fund.

9. To see if the Town will vote to establish a Heritage Commission in accordance with the provisions of RSA 673:4-a and to authorize the Board of Selectmen to appoint seven regular members, and two alternates, and further to raise and appropriate the sum of one thousand dollars (\$1,000.00) to carry out the purposes of the Heritage Commission, and to establish a Heritage Fund in accordance with the provisions of RSA 674:44-d, or take any other action relating thereto.

10. Are you in favor of abolishing the Historic District Commission established under Article 14 of the 1992 annual Town meeting warrant?

11. To see if the Town will vote to designate the upper part of Water Street as a Scenic Road in accordance with RSA 231:157. This is supported by the Planning Board who held hearings on this matter and all abutters were notified and concurred in this action.

12. To see if the Town will vote to accept any funds for the maintenance of cemeteries or to act in any matter relating thereto.

13. To see if the Town will vote to authorize the Board of Selectmen to accept, on behalf of the Town, gifts, legacies, and devises made to the Town in trust for any public purpose as permitted by RSA 31:19.

14. To hear reports of Town Agents, Auditors and Committees.

15. To Transact any business that may legally come before the meeting.

Given under our hands and seal, this 15th day of February in the year of our Lord nineteen hundred and ninety-five.

Statement of Compliance

The Town of Marlborough does not discriminate on the basis of race, color, sex, national origin, religion, handicap status, or age in any program or activity.

An electrical chairlift is available on the front stairs of the Municipal Building, and if anyone is unable to use this equipment, we will make arrangements to transact any business on the ground floor of the building.
Board of Selectmen

A VOTER WHO WISHES TO VOTE "YES" WILL PLACE AN (X) IN THE SQUARE IDENTIFIED BY THE WORD "YES" FOLLOWING THE QUESTION. A VOTER WHO WISHES TO VOTE "NO" WILL PLACE AN (X) IN THE SQUARE IDENTIFIED BY THE WORD "NO" FOLLOWING THE QUESTION. IF NO (X) IS PLACED IN EITHER SQUARE FOLLOWING THE QUESTION, THE BALLOT WILL NOT BE COUNTED AS TO THE QUESTION.

Are you in favor of the adoption of Amendment Number 1 as proposed by the Planning Board for the Town Zoning Ordinance to amend Section 6.4, G.2 (Table of Use Regulations Principal Uses) for the removal of sand, gravel, loam, peat or other earth material to read, in part, "... except for reuse on the same lot or contiguous lots under the same ownership."

Explanation: The current Ordinance provides an exception for the removal of any of these materials for use only on the same property from which the materials are to be removed. Favorable passage of this proposed change would also permit the removal of any such material for reuse on contiguous lots under the same ownership.

The Planning Board recommends passage of this amendment.

Yes No

Are you in favor of adoption of Amendment Number 2 as proposed by the Planning Board for the Town Zoning Ordinance to amend Section 7.1 (INDIVIDUAL RESIDENCES AND NON-RESIDENTIAL USES) by adding a footnote and by appending the appropriate columns therein to read:

"The minimum lot size, lot width, setbacks and minimum lot coverage requirements contained within this Section may be waived by Special Exception by the Zoning Board of Adjustment; and with further Site-Plan Review and Approval being required by the Planning Board for the commercial use of pre-existing buildings situated within the C-1 (Light Commercial) Zone bordering Route 101 (Main Street)."

Explanation: The current Ordinance provision provides for the commercial use of the existing buildings providing that the condition of required minimum lot size, lot width, setbacks and lot coverage are met. In reality, many of these lots and existing buildings would not be permitted. Favorable passage of this proposed change would provide for the intended commercial use of these existing buildings as may be deemed appropriate by the Planning and Zoning Boards.

The Planning Board recommends passage of this amendment.

Yes No

Are you in favor of adoption of Amendment Number 3 as proposed by the Planning Board for the Town Zoning Ordinance to amend Section 6.4, A (TABLE OF USE REGULATIONS PRINCIPAL USES) by adding the classification of "GROUP HOMES" which would be permitted in residential zones R-2 and R-3 (Mixed Residential/Light Commercial and Country Residential) and commercial zones C-1 and C-2 (Light Commercial and Industrial Commercial), providing that the lot has access to the Town sewer system, and by adding the definition of group homes to Section 2 of the Ordinance to read: "GROUP HOMES: A group of five individuals or more, not related by blood, marriage, adoption or guardianship; living together in a dwelling unit as a single housekeeping unit under a common housekeeping plan."

Explanation: The current Ordinance does not provide this classification of use. By adding this classification and definition, such uses as fraternities; sororities; dormitories; halfway houses; recovery homes for orphans/foster homes; elderly housing; homes for abused children and/or women; as well as specialized treatment facilities (providing less than primary health care) would be permitted within these Zones and providing that the lot has access to the Town sewer system. Group homes would not be permitted in the R-1 (Urban Residential), R-4 (Scenic Residential) and C-3 (Light Industrial) Zones upon adoption of this amendment.

The Planning Board recommends passage of this amendment.

Yes No

Are you in favor of adoption of Amendment Number 4 as proposed by petition for the Town Zoning Ordinance to amend Section 6.4, A.1 (TABLE OF REGULATIONS PRINCIPAL USES - RESIDENTIAL: Detached dwelling on a separate lot occupied by not more than one family) so that the letters "NP" (Not Permitted) in the C-3 (Light Industrial) Zone Column are replaced by the letter "X" (Permitted).

Explanation: This proposed amendment is submitted by Petition signed by twenty-five (25) or more registered voters of the Town of Marlborough. The current Ordinance does not permit single family residences within the C-3 (Light Industrial) Zone. Favorable passage of this change would permit the use of a lot in the C-3 (Light Industrial) Zone for single family residential purposes.

The Planning Board recommends passage of this amendment.

Yes No

Town Meeting

ZONING QUESTIONS (CONT'D)

Are you in favor of adoption of Amendment Number 5 as proposed by the Planning Board for the Town Zoning Ordinance to amend Section 6.4, A.1 (TABLE OF USE REGULATIONS PRINCIPAL USES - RESIDENTIAL: Detached dwelling on a separate lot occupied by not more than one family) by adding a Special Provisions numbered "9.9" in the Special Provision Column and to further add to Section 9 of the Ordinance the following provision:

"One single family residence shall only be permitted on a lot of record as of January 10, 1995, in the C-3 (Light Industrial) Zone."

Explanation: Favorable passage of this amendment would restrict the permitted use of a single family residence within the C-3 (Light Industrial) Zone to only those lots of record as of January 10, 1995, within the C-3 (Light Industrial) Zone.

The Planning Board recommends passage of this amendment.

Yes No

Are you in favor of adoption of Amendment Number 6 as proposed by the Planning Board for the Town Zoning Ordinance to amend that Lots Numbered "38" and "42" (Tax Map 7) as being contained within the C-3 (Light Industrial) Zone and as appeared upon the Ballot used and favorably balloted upon at the March 8, 1994, Town Meeting be corrected to read: Lots numbered "29" and "32" (Tax Map 7).

Explanation: These lots were incorrectly numbered upon the Ballot favorably passed at the March 8, 1994 Town Meeting. Favorable passage of this amendment would correct this unintentional error which appeared on the Ballot used at last year's Town Meeting.

The Planning Board recommends passage of this amendment.

Yes No

If you require more information on these issues, please contact any member of the Planning Board; visit them at their office on Monday night at the Lambert Building from 7 to 9 P.M. or call them during those hours at 876-4703.

45 Market Street
Manchester, New Hampshire 03101
(603) 622-7070

For the purpose of this report, we have classified the significant internal control structure policies and procedures used in administering federal financial assistance programs in the following categories:

ACCOUNTING CONTROLS

- Revenue and receivables
- Expenditures for goods and services and accounts payable
- Grant and similar programs

ADMINISTRATIVE CONTROLS

- General Requirements
 - Political Activity
 - Davis-Bacon Act
 - Civil Rights
 - Cash Management
 - Relocation Assistance and Real Property Acquisition
- Federal Financial Reports
- Allowable Costs/Cost Principles
- Administrative Requirements

Specific Requirements

- Types of Services Allowed or Unallowed
- Special Requirements:
 - Timing of Grant Expenditures

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

During the year ended December 31, 1993, the Town of Marlborough, New Hampshire, had no major federal financial assistance programs and expended 93.5% of its total federal financial assistance under the following nonmajor federal financial assistance program.

Community Development Block Grant

We performed tests of controls, as required by OMB Circular A-128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that we have considered relevant to preventing or detecting material noncompliance with specific requirements, general requirements, and requirements governing claims for reimbursements and amounts claimed or used for matching that are applicable to the aforementioned nonmajor program. Our procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that noncompliance with

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL CONTROL STRUCTURE USED IN ADMINISTERING FEDERAL FINANCIAL ASSISTANCE PROGRAMS

To the Board of Selectmen
Town of Marlborough, New Hampshire

We have audited the general purpose financial statements of the Town of Marlborough, New Hampshire as of and for the year ended December 31, 1993, and have issued our report thereon dated February 10, 1994.

We conducted our audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and Office of Management and Budget OMB Circular A-128, *Audits of State and Local Governments*. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit for the year ended December 31, 1993, we considered the internal control structure of the Town of Marlborough, New Hampshire in order to determine our auditing procedures for the purpose of expressing our opinion on the Town of Marlborough, New Hampshire's general purpose financial statements and to report on the internal control structure in accordance with OMB Circular A-128. This report addresses our consideration of internal control structure policies and procedures relevant to compliance with requirements applicable to federal financial assistance programs. We have addressed internal control structure policies and procedures relevant to our audit of the general purpose financial statements in a separate report dated February 10, 1994.

The management of the Town of Marlborough, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles, and that federal financial assistance programs are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

TOWN HALL STAFF REPORT

This report is provided to explain the functions of the Town Hall staff which is organized to keep all revenues under the control of Mrs. Derby as Town Clerk/Tax Collector, assisted by Mrs. Walton (part-time). Expenses and general fund accounting are managed by Mr. Biron along with any administrative requirements of the Board of Selectmen and other Town departments.

For revenues this past year, Mrs. Derby and Mrs. Walton were responsible for the collection of \$3,668,639.07. This was a banner year for income from all sources which includes 4,973 invoices for all property taxes and water/sewer bills; 2,382 motor vehicle registrations, 359 titles, and 1,994 decals; and a whole group of other items that includes construction permits, marriage licenses, UCC recordings, and dog licenses. In addition to the above amounts, \$55,672.45 was collected for the State of New Hampshire for vehicle fees.

On the expense side, checks amounting to \$1,421,732 were written for payroll and accounts payable and some 10,000 transactions were generated by this and general fund activities. The latter includes the management of funds with the Town Treasurer, Mrs. Crowell, to cover the County Tax Bill of \$173,975 and School payments through December 31st of \$1,921,980 by transferring funds between banks and the N.H. Public Deposit Investment Pool. Mr. Biron responds to all inquiries on behalf of the Selectmen when they are not in the office and takes care of health benefits, liability and workman's compensation insurance as well as all administrative requirements for the Board and other departments except for the Library and Police. These administrative requirements include any grant activities, public hearings, and update of ordinances. Additionally, Mr. Biron represents the Town on the Transportation Advisory Committee of the Southwest Region Planning Commission to insure our interests are protected on regional highway issues.

Laws and regulations that would be material to a federal financial program may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record and its distribution is not limited.

We have 30 parcels on which the 1992 taxes remain unpaid. These are due to be deeded to the Town on May 4, 1995 unless they are paid in full by that date.

If you are having a problem paying taxes, please contact us. We are happy to accept partial payments.

Patricia R. Derby
Town Clerk/Tax Collector

RECYCLING/TRANSFER CENTER REPORT

The major activity at the Recycling Center during 1994 was the closure of the landfill. First cost estimates of closure based on EPA guidelines ran from \$250,000 to \$350,000. Through foresight and excellent management on the part of the Selectmen and Robert Hitchcock, our Engineer from Clough, Harbour & Associates, we were able to close before new regulations became effective, thus saving our Town many thousands of dollars. The final cost was approximately \$182,000.

Two hundred ninety-one (291) tons of rubbish and 58 tons of building debris totaling 349 tons were hauled off at a cost of \$34,900.00. We have high praise for the people of Marlborough who, recycled 379.25 tons of plastic, paper, glass, etc., decreasing this cost by \$37,900.00! You're doing a great job; let's keep up the good work.

We suggested to the staff of Marlborough Elementary School that a school recycling program be started for paper, cardboard, glass, cans and other items. They are now recycling a ton per week and saving approximately \$85.00 a ton. This and hauling our recyclables "to market" ourselves are two more ways of cutting expense.

The Center earned \$35,500.00 from recyclables, stickers, the Roxbury fee, grants, and charges for items brought to the center. This is a sizeable offset to the costs and we thank all of you for helping in this effort.

Respectfully submitted,
Franklin Pelkey, Supervisor
Recycling/Transfer Center

TRUST FUNDS

The following is a list of new trust funds that were acquired in 1994 and are managed by the Trustees of Trust Funds for the Town. The two pages following this page are complete listings of all funds currently being managed.

FUNDS ADDED TO:

School Capital Reserve Fund	\$15,000.00
School Heating Plant Expendable Trust	\$50,000.00
Marlborough Comm. Assn. Charitable Trust	\$350.00
Town Reassessment Capital Reserve Fund	\$10,000.00
Highway Equipment Capital Reserve Fund	\$1,410.00
Town Hall Capital Reserve Fund	\$23.09

NEW CEMETERY FUNDS:

Harold & Susan Tonseth - Center Cemetery	\$100.00
Roger & Irene Voudren - Pine Grove Cemetery	\$100.00
William & Audrey Rinta - Center Cemetery	\$100.00
Michael & Linda Skiffington -Center Cemetery	\$200.00
Evelyn & Ronald Ruffle - Pine Grove Cemetery	\$300.00
Sidney & Carolyn Rollins - Center Cemetery	\$150.00
John & Emma Silk - Pine Grove Cemetery	\$150.00
	<hr/>
	\$77,883.09

REPORT OF THE MARLBOROUGH POLICE DEPARTMENT

The support received from the Town residents is greatly appreciated. The Marlborough Police Department has set its goals high, while maintaining professionalism with the increased responsibilities of providing the services requested. Constant changes require this Department to continue to meet State and Town standards on a daily basis. These changes mandate our use of technology to handle the increase of crime and vandalism that threaten even smaller communities. We hope to keep Marlborough the Town it has been through the years, a safe community with a lot to offer.

REPORT OF THE PLANNING AND ZONING BOARDS

Last year was fairly busy for the Marlborough Planning and Zoning Boards.

Among those actions taken by the Land Use Boards were approvals granted to Craig Miller for a home occupation at 50 Troy Road for trading and sales of firearms; Pete Von Sneidern to permit a coffee shop at 505 Dublin Road; Lisa Bostwick to package candies at 2 School St; Irene Keating to sell antiques and collectibles at 188 Webb Depot Rd.; Steven Grover to refinish tubs and sinks at the old saw shop on Rt. 101 and Oliver Rd.; Henry Southwell to construct a duplex on Collins Dr.; Marilyn Werbinski to prepare catered food at the Porter-Lane subdivision; and Michael Derosier to establish a used-clothing store on East Main St.

Other approvals were granted to David Pollock for a new recycling and composting service on Rt. 12; Norman Sylvain to set up his dental office and Deborah Sylvain's pet grooming service at 89 Main Street; Paight's Logging to cut timber owed by Wanda Grenda of Laurel St. and Reginald Luopa on the Troy Rd.; Gary Richardson to cut timber on Old Chesham Rd.; Priscilla Maynard to cut timber on property located on Tax Map 6, Lot 24; Donna Ray-Chadwick to add a sewing/tailoring shop at 49 Granite St.; and the Marlborough Recreation committee to use a donated garage for storage near the Ball flats.

A boundary line adjustment was granted to Donald and Linda Kincaid on Rt. 101, and a two lot subdivision was granted to Karl Boes for property on Oliver Rd. and Rt.101.

The Planning board also created a Light Industrial Zone on the Troy Rd. and Rt. 124; approved revisions to the Town Subdivision Regulations; updated the Capital Improvement Plan; approved the donation of land development rights of Dr. Robert White's Horse Hill Rd. property; amended the Zoning Ordinance Table of Uses for removal of loam and gravel; allowed for waiver of minimum lot size in the C-1 zone; designated the upper portion of Water St. as a scenic road; and developed a definition and special provisions for group homes.

This past year also included a change of personnel on both boards. Alphonse Despres left the Planning Board when his term expired and was replaced by George Houlihan. Richard Butler was appointed to the Zoning Board as an alternate member of the Board.

One of the major projects for the Planning Board in 1995 will be the development of an Impact Fee Ordinance.

The Boards value the input and concerns of the public. To serve you, Board representatives will be available for consultation by appointment on Monday evenings from 7 pm to 9 pm. Advance appointments may be made through Mr. Biron, who serves as Administrative Assistant to the Board of Selectmen at Town Hall (603-876-3751) or Town Clerk, Pat Derby.

Respectfully submitted,

Ken Kerber, chairman
Marlborough Planning board

Robert W. Heald, Chairman
Marlborough Zoning Board of Adjustment

There's a new resident of the Frost Free Library. Tucked away in a corner of the office resides a Compaq personal computer, the first step in the automation of our library. This computer connects the Frost Free Library to collections all over the state, including Keene State college and the Keene Public Library, and to information available on other databases and the Internet. So if you cannot find the book you want in our collection your request can be submitted electronically and the book, if available, will be on the way within days. No more time consuming written requests or forms in the mail between NH libraries fulfilling orders.

This computer is not quite the first step in our automation process. Several years ago a number of volunteers under the supervision of our former librarian, Pat Grover, began barcoding the collection. Now with Computer #1 in place, we are ready to proceed with the completion of that process. The staff and Friends of the Library volunteers are now taking inventory and, under supervision, culling the collection to make certain that the books we have actively circulate.

Next, patrons will be issued library cards with barcodes in preparation for the second stage. A second computer will be installed at the circulation desk and connected to the one in the office. This way books and cards can be scanned at the desk and the actual inventory of the library will be accessible for the librarian and staff.

Meanwhile all the books will be entered into a data bank which will comprise the new card catalogue. Once this information is loaded onto the hard drive the third computer will be purchased and the network will be complete. This computer will sit out in the library available to all.

This obviously all costs money - in fact the expected outlay may total close to \$20,000. Initial purchases are being made with funds in the Special Gift Fund account held by the Trustees of the library. For instance, gifts in memory of Harold Shelley and Foster Burlin have been applied to the new computer just purchased. In 1994 the Putnam Foundation awarded a \$3,000.00 grant to the library for this project, and we applied for and received a \$3,000.00 matching grant of federal LSCA funds through the New Hampshire State Library. The Friends of the Library are providing funds as well. Additionally it will be necessary to have a public fundraising campaign to make final purchases.

The Frost Free Library is on its way down "the information highway." Eventually, through this step-by-step process, it will be possible for everyone in Marlborough to plug into the electronic world of knowledge.

Respectfully Submitted,
Lisa R. Bearce,
Director

REPORT OF THE WELFARE ADMINISTRATOR

The Welfare Office serviced a broad spectrum of situations in 1994. The bulk of those requiring assistance were the working poor and single women with children.

Whenever possible I have endeavored to assist clients by accessing outside programs in order to minimize taxpayer dollars spent. Some of these programs include Salvation Army assistance, Fuel Assistance, SHARE, various food pantries and Women, Infants and Children (WIC).

Electricity and fuel expenditures were relatively low this year, because the Fuel Assistance Program was given a second infusion of funding due to an unusually harsh winter. Additionally, the Odd Fellows generously donated money to go toward fuel assistance. Unfortunately, the Fuel Assistance Program has been cut significantly for 1995 and electrical energy costs are projected to rise by approximately seven percent.

This marks the end of my first year as Welfare Administrator. Special thanks to Pat Derby, Ila Walton, the Selectmen, and Larry Birton for their continued support. I would particularly like to thank Alice Knight for meticulous training and endless patience during the time we spent working together.

Respectfully submitted,
Sue Beffa
Welfare Administrator

RECREATION COMMITTEE REPORT

This year was one of both stability and growth for the Recreation Department. Our programs have consistently improved, thanks to the continued support of the town, our sponsors, and the hard work of our dedicated volunteers and employees.

The Diamond Sports Subcommittee, a group of ten people, greatly improved the skills of the baseball and softball teams. This was achieved by Ron Richards and Dave Mitchell, who fine-tuned the training techniques of the players.

Tammy Coutts did a great job running the soccer program.

The basketball program grew to include Grades 3-6 under the direction of Mike Wilber and Billy Coutts. They are now in the middle of a successful 1994-1995 campaign.

As we look back on 1994, it should be remembered as the year of the development of girls sports in Marlborough. We had two girls softball teams covering ages 9-12 and 13-15 and a girls soccer team for ages 8-10. This allowed the girls to shine by not having the boys on the team to steal the show, and shine they did! The improvement from the beginning of the season to the end was awesome.

The Youth programs were again highly successful: skiing at Temple Mountain, Fun in the Sun, and the Summer Theater groups, who produced "Peter Pan" and "Variations". Plans for some changes in "Fun in the Sun" are being considered, so stay tuned.

The garage donated by the Pat Ryans was erected and electricity was extended to the lower baseball field. The shed promised by Grossman's for the upper field did not materialize and was the only disappointment in our capital improvement plans.

RECREATION COMMITTEE REPORT (CONT.)

Adult volleyball at the school gym and the Tuesday afternoon Senior Citizens programs were offered.

We are sorry to report that a rash of vandalism occurred at the Pavilion and the lower ballfield. Shingles were torn off dugouts, lights and glass smashed, the concession stand damaged, and soccer goals broken. It's too bad that some people feel the urge to destroy the positive things that are provided for their use. These acts of vandalism are criminal and if anyone has information regarding the damages, please contact any Recreation Committee member or the Police Department at 876-3311.

There will be a change in Committee members in 1995. Three of our members, Kathie Rogalski, Phylis Manning and I, are stepping down. Kathie and Phylis have been on the committee for five and seven years respectively. They have been instrumental in developing a number of our existing programs and will be missed. We plan to continue our service to the Town in other ways.

Last year's election left us with two vacancies. The Selectmen appointed Frank Pelky and Jim Velez to these seats for one year. They have done an excellent job but must run for re-election if they continue as members. Kathie Sullivan and Greg Orkins are the remaining veterans of the committee and will be back to continue their fine work.

The Recreation Committee thanks the many volunteers and sponsors who make these programs possible. The need for help is never-ending, if you have time and would like to become involved, please contact us.

Respectfully submitted,
Bruce A. Lyman
Chairman.

REPORT OF THE GATES HOUSE COMMITTEE

The committee appointed to SAVE THE GATES HOUSE four years ago is pleased to report that the \$4,000.00, which the town appropriated, was more than doubled by donations from caring citizens, local organizations, three grants from Putnam and Kingsbury Funds. Total funds raised were \$15,340.00. Each donation has been carefully recorded for future reference. Other donations have been labor, building materials, office space and supplies, photocopying, film developing, loan of equipment and sharing of professional skills with research necessary for the historical data file. This file, which includes all the research, consultation and action taken by this committee, will be on display at town meeting, after which it will be delivered to the Municipal Building to provide information for future Historical Research Committees.

RESTORATION FUNDS INCLUDING APPROPRIATIONS BY TOWN.....\$4,785.00

EXPENDITURES..... 4,144.00

BALANCE Dec.31, 1994..... 641.00

1994 CONTRACTED WORK COMPLETED.....

Fireplace drawings with cooking crane...	250.00
Restoration of windows.....	426.00
Pine board floor according to specifications.....	3,200.00
Verification of land boundaries....	40.00
Care of lawn..brush cutting, etc..	228.00
	<u>\$4,144.00</u>

The Marlborough Garden Club continues to show interest in the landscaping. Three apple trees of the old variety were planted in July. Would you believe that the Lecraw's, and in their absence, Glover Howe, put 20 gallons of water on each tree every day that it didn't rain from July until September.

REPORT OF THE GATES HOUSE COMMITTEE (CONT.)

There were several meetings to discuss the future use of the Gates House and its property. Members of local organizations exchanged ideas that would be beneficial to their organization, the school, the community and the area communities. Fund raising was discussed. Notes of the meetings were recorded for future consideration.

Since this will be the last report from this committee, we would like to make this statement: Historian Jim Arvin, Deputy State Preservation Officer, Linda Ray Wilson and the staff at the New Hampshire Division of Historic Resources, Restoration Consultant, Peter Marciniak of Hillsboro, N.H., local and area educators, all of the contractors who have worked on the building tell us the GATES HOUSE MUST BE SAVED FOR POSTERITY.

There is a need to help children understand the value of saving historic houses and expose them to the skills of preservation. Adding preservation topics to such courses of history and social studies, art and science will revitalize traditional disciplines with the use of a home recorded in our history to be the first wood framed house (1767). The town owned GATES HOUSE could be used as the educational tool.

All of society needs to be educated as to the value of preservation, particularly historic landmarks.

We are in hopes that the committee appointed to determine the future use of the Gates House will value these words from the pros, appreciate the documentation and respect the restoration which has been accomplished.

Respectfully Submitted,
Corinne F. Nash, Co-Chair
Priscilla Richardson, Co-Chair

In 1994 the Marl-Harris Ambulance responded to 148 calls, logging 2852 miles. A total of 130 patients were transported.

The nature of the calls were as follows: 13 motor vehicle accidents, resulting in 16 patients, 3 Deaths, 2 M.D. ordered transfers, with the balance being miscellaneous injuries and medical emergencies. In addition we attended several drills with the Marlborough and Harrisville fire Departments, 1 parade detail and 3 fire scene standbys.

Membership currently stands at 25. Including 3 Emergency Medical Technicians - Intermediate, 15 Emergency Medical Technicians, 5 Members trained in Advanced First Aid, and 2 non-medical support with 2 currently enrolled in Emergency Medical Technician class.

The fundraising committee had good results this year. A spring carwash/bakesale was well attended, while the weather hampered the annual Funday/dance. An ambitious schedule for 1995 is being drafted.

In keeping with federal, state and local policy, we currently offer all members vaccination for Hepatitis B and annual T.B. testing as well as continued training for protection against infectious diseases along with the regular battery of HazMat and Emergency Medical training.

Demands for advanced level training continue to grow. The roles and responsibilities of Emergency Medical Personnel continue to grow, and with that growth we see the cost of keeping members trained and protected grow as well. Thanks to your continued support we have been able to meet those demands so far.

Anyone interested in becoming a member, or first finding out more about us, please feel free to contact any of our members. We would love to hear from you. Thank you, once again.

Respectfully submitted,
James L. Bleau
President/Chief

REPORT OF THE CONSERVATION COMMISSION

The Conservation commission provides a focal point within the municipal government for environmental concerns and is the only local board specifically charged with the protection of natural resources.

During 1994, the commission has continued to actively negotiate with the New England Telephone and Telegraph Company for the acquisition of the portion of the abandoned Manchester to Keene Railroad, which they own in Marlborough. It is expected that the project will be completed in early 1995 with transfer of the property to the Town.

Monitoring of Stone Pond continued during the past year and except for a slight problem in the oxygenation level in deeper water, the water quality remained high. State officials have been contacted about the problem and monitoring will continue in 1995 to track on any changes.

The Commission's activity in 1994 has been limited by lack of members. We are actively seeking new members and encourage all interested in the conservation of the resources of the Town to please volunteer as members. Please contact the Town Clerk if you are interested. The commission meets on the 3rd Tuesday night at 7:00 P.M. at the Town Hall.

Respectfully submitted,
Michael Krinsky, Chairman
Charles Buffler, Secretary

REPORT OF THE FIRE WARDS

In 1994, the Marlborough Fire Department responded to fire calls in our town and in surrounding towns through our affiliation with Southwestern Mutual Aid. A total of 62 calls were answered as shown below.

TYPE OF FIRE	NUMBER
Automobile Accident	10
Chimney Fire	7
Electrical Fire	1
Automobile Fire	3
Brush Fire	4
Hazardous Material Incident	3
Automatic Fire Alarm Response	10
Miscellaneous Call	10
Mutual Aid Call	14
TOTAL NUMBER OF CALLS	62

As shown above, 14 of our calls were for Mutual Aid to other towns. Below is a breakdown by town:

Dublin, 2; Swansey Center, 3; West Swansey, 3; Troy, 1; Keene, 4; Bernardston, MA, 1. It should be noted that Marlborough received help from other towns 3 times during 1994.

During 1994, the Fire Wards funded training opportunities for our fire fighters; also, several members attended classes at the Meadowood Fire School.

During Fire Prevention Week, the Fire Department once again presented a program (including handouts and brochures) to several elementary school classes. The students and teachers appreciated the program.

As is customary, the Fire Company sponsored a Halloween parade and costume judging for the elementary school children.

The Fire Wards wish to sincerely thank the Fire Company, the Police Department, the Selectmen, the Ladies Auxiliary to the Fire Department and the townspeople for their continued support and cooperation during the year

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In calendar year 1994, our three (3) leading causes of fires were No Permit, Children and Rekindles of fires where the fire was not properly extinguished.

Violations of RSA 224:27 11, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

Fire Statistics	1994	Average 1990-1993
Number of Fires Reported to State for Cost Share Payment	283	443
Acres Burned	217	246

Suppression cost = \$90,000+

Fires Reported by Lookout Towers (1994)	Fires Reported by Detection Aircraft
Fires Reported	89
Assists to Other Towers	363
Visitors	21,309

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

REPORT OF THE CEMETERY COMMITTEE

The cemetery Committee is very pleased with the care given our cemeteries this year beginning with the spring clean-up. The grass was mowed and trimmed and all the brush around the cemeteries was cut. Stones were straightened, some sunken graves filled and seeded, and many of the leaves cleaned up again in the fall to make next spring's clean-up easier.

A large oak tree was removed from Estey Cemetery and two smaller trees from Meeting House Cemetery. Many of the trees around Pine Grove Cemetery have grown into the wrought iron fence and the roots are also causing problems.

The higher than anticipated expense involved in removing the trees did not leave enough money in the budget to repair a section of the fence this year. The money allocated for this project has been encumbered and we hope to have it done in 1995.

Many of the trees that need to be removed before other sections of the fence can be repaired are large pines, some of which are dying. These are being harvested to save the expense of having individual trees removed professionally. The Town will receive the profit from the logs.

I would like to thank Elmer Grover and his able helper Michael Ball for the excellent care they have given our cemeteries this year.

Respectfully submitted,
Doris Wilcox
Chairman, Cemetery Committee

REPORT OF THE MONADNOCK ADVISORY COMMISSION

The Monadnock Advisory Commission is charged by the State of New Hampshire under R.S.A. 258:1 to advise and guide the Department of Resources and Economic Development on management of their lands and leased lands of the Society for the Protection of New Hampshire Forests and the Town of Jaffrey. The lands are located on Mt. Monadnock, Gap Mountain, and Little Monadnock Mountain.

During 1994 the Commission held public meetings in Jaffrey and Troy. In 1995 the commission will hold meetings in other member towns. The staffing of the Old Toll Road area in Jaffrey by the division of Parks and Recreation has been very successful after a full year of operation. The Commission continues to work with the State of New Hampshire to make the use of these unique highlands a pleasant recreational experience.

The public is encouraged to contact their Commission members with suggestions and comments.

Members of the Monadnock Advisory Commission:

Jaffrey: H. Charles Royce, Peter B. Davis
Dublin: Betsey Harris, Bruce McClellan
Marlboro: James Everard, Ernie Linders
Troy: David Adams, Ira Gavrin
Fitzwilliam: Daniel J. Leary, Thomas F. Parker

Respectfully submitted,
H. Charles Royce
Chairman

CHAIRMAN'S REPORT

Our children represent a commitment by the community to provide the best education possible, and we are fortunate to have such a dedicated staff of teachers at Marlborough School.

It is once again time to vote on our school budget. As you are considering your feelings regarding schools, taxes and the present state of the economy, we urge you to give the topics serious thought before you cast your vote.

Investing in our youth takes courage, strong leadership, and a long-term commitment to the next generation of workers and leaders. We need to make decisions that will be "what's best for kids" in Marlborough. We need to maintain that quality of education that we are truly fortunate to have in our community. We need everyone's *support* and *input* in the years ahead to guarantee that quality education for our children which is so vital to our future as a community, state and nation.

We need strong families and quality schools. Parents are the first teachers and the most important advocates for children. When families are unable to live up to their responsibilities, the schools should be there to help. Our goal should be to make the schools a part of our community, our community a part of our schools, and our families the foundation of both.

The school board has had a challenging year and is facing a bigger challenge for the coming year. The need to provide a quality education for the students of Marlborough has been coupled with the local economy, ever higher taxes, and continued decreases in revenue from the State of New Hampshire.

While we are ever mindful of the taxpayer, I truly believe that our first priority has to be the children of our town.

It's time to stop criticizing our schools and find ways of working together to create the quality education system we all want and that is essential to our economic future. Nothing is more important to the long-term economic growth than the quality of education we provide at all levels.

I would like to thank the members of the community who have taken the time to attend our school board meetings.

The annual school district meeting is scheduled for March 4 at 10:00 a.m.

*John F. Fletcher, Chair
Marlborough School Board*

ADMINISTRATIVE REPORT

Problem-solving is a word that characterizes the 1994-1995 school year at Marlborough School. A number of issues have arisen this year that have required a great deal of time, energy, cooperation, and understanding from the staff, school board and community members to resolve. Some of these include how to move from a traditional industrial arts curriculum to a more up-to-date, relevant industrial technology curriculum; how to improve and expand community involvement and cooperation; how to assess student performance and implement changes within the curriculum to improve those areas that need strengthening; and how to develop and adopt a budget that meets the needs of the students (K-12) while, at the same time, responding to the community's ability to fund such a budget.

One of the most significant issues that has been addressed at the school this year is the technology component of the curriculum. The emphasis that has been placed in this area has resulted in a total revamping of the school's technology education program. One of the many positive aspects of this change is that it reflects the desires of the community and staff to provide the students with a program that will significantly help prepare them for the world of the 21st century. As this program improves, students will receive opportunities to participate in learning activities that will challenge their abilities, as well as provide them with the skills needed to perform and compete in the highly technological world in which we now live. Federal grant (Chapter II and Eisenhower) money has been used to purchase equipment as well as support staff training.

A problem facing many school districts relates to the issue of community involvement and cooperation. To deal with this issue, the staff adopted several goals related to improved communication and community participation in school sponsored activities. The initiation of a support group for parents of special education students, the weekly school newsletter, "The Weekly Re/Pre View," articles in the *Marlborough Messenger*, and presentations to various groups reflect some of the staff's efforts to improve communication.

Parent and community volunteerism continues to reinforce the staff's efforts to provide the children with a quality education. Community members continue to work with staff to review and suggest ways in which the curriculum can be improved. The most recent notable example of this is the involvement of, and input received from community members in relation to revisions to the technology program at the school. Mr. Bruce Lyman's initiative and Mr. Norm Tilton's support of this program proved to be extremely valuable.

The work of the Building Facilities Committee, which is comprised of district, SAU 29 and community representatives, is yet another example of ways in which community and school personnel can work together to solve problems. The work of this committee has focused on the ongoing maintenance and safety needs of the building, as well as the need for renovations. This committee has several important issues with which it must deal. Some of these include the determination of the "life expectancy" of the building, additional safety needs, and the development of a preventative maintenance cycle that will minimize the likelihood of unexpected catastrophic repair costs.

The staff has also adopted a goal which commits them to the development of appropriate instruction and assessment that promote success for every child. To attain this goal, the staff has initiated an analysis of the testing and assessment programs (including the recently administered state mandated testing program) at the school. It is investigating ways in which the curriculum should and can be modified to improve student performance, and is devoting time to staff development activities that improve the way in which instruction (especially science, math and language arts) occurs at the school.

Development of the 1995-1996 budget has posed major problems for the staff and school board. Although enrollment at the school has decreased, the overall budget has increased. This is primarily due to an increased enrollment at Keene High School and increased placement/program costs for several disabled students. In the 1994-1995 budget, projected tuition enrollments (high school, special education and collaborative) totalled 80 students. Projected figures for the 1995-1996 budget show an increase of 17 students -- 97 tuition enrollments are included in the proposed budget.

To provide funding for increased tuition costs, the staff and board had to make several very difficult decisions in relation to existing programs, student to teacher ratios, maintenance needs, and needed instructional materials. It is very important that you provide the board with your opinions about the proposed budget. This can be done individually, but maybe more appropriately at the annual district meeting on Saturday, March 4, at 10:00 a.m. I hope to see you there.

Phillip G. McCormack, Ed.D.
Superintendent of Schools

This was a year for the staff to focus on the school and the community. The collaboration between the school and other organizations has benefited the children. Marlborough's preschool children now have a nursery school program as a result of the Keene YMCA, the Federated Church and the Marlborough School's efforts to bring this program to the community. Eighth grade students participate in a community service project by serving meals at the Friendly Meals program to senior citizens. After participating the first time, many students have asked to return or ask what other community service they might volunteer for. The Big Brothers/Big Sisters Program works with the school to enhance the quality of life for a child in need of an adult friend. While it remains difficult to find adult volunteers, the program is now more active in Marlborough. Stonewall Farm, a local environmental education center, worked with us to develop cost effective educational science programs. Located on the edge of Keene, the farm is easily accessible for day trips. Students actively participate in hands-on environmental studies which include agricultural studies, wetland and pond studies, forestry, and much more.

Since we constantly evaluate our programs and policies, changes were made to create more effective educational programs. The school board supported the staff's request to change the final birthdate for kindergarten entrance to September 30 from December 30. This was a critical step toward ensuring that children are developmentally ready to begin their school experience. New discipline procedures were enacted and proved to be effective. Parents responded enthusiastically to this new plan which provides a clear guideline for students' expected behavior in school. The Instructional Support Team (IST) was established. This is simply a team of staff members who brainstorm with a teacher who asks for assistance with student issues. Since it is not a special education process, it allows for immediate intervention that may help to accommodate a student's needs. Understanding that parents of children with special needs share concerns that are unique to their children, a parent group was organized to support them.

Two new teachers joined the faculty this year. Robert Baker, who replaces Holly Stetson, teaches computer skills and technology. Rilda Letourneau teaches kindergarten and takes the place of Karen Clarke who now teaches fifth grade. Also joining the staff this year are: Dan Maravelli, Chapter I aide; Melinda Dimick, Nancy Coburn and Pat Lincoln, instructional tutors; and Diane Kelly, cook.

Building maintenance projects included replacing the gymnasium roof, which was completed over the summer months. The shop area, which had become obsolete, was converted into two classrooms for the fifth grade. All of the available space in the building is now being utilized. The computer lab, which was located in an undersized space behind the shop, has been moved to a full-size classroom on the second floor. This move allows students to be closer to the library for research and accommodates larger classes. I am grateful to the members of the building committee who volunteer their time to plan for the future needs of the school.

We have developed a close working relationship with Keene State College through which we mutually benefit. Through the willingness of our teachers to fulfill a professional responsibility to help train aspiring new teachers, our children see first hand the cooperative teaching and learning that we are teaching them. They have the advantage of two adults who collectively bring creativity, enthusiasm and experience to the classroom. The college has also sent professionals to us who present workshops to our teachers, at no cost, and who have also been a valuable resource for some of our parents.

Providing quality education in our school and helping every child to be successful continue to be my priorities.

Beverly A. Monsell, Principal
Marlborough School

**MINUTES OF THE ANNUAL SCHOOL DISTRICT MEETING
OF THE MARLBOROUGH SCHOOL DISTRICT
March 5, 1994**

Meeting called to order at 1000 hours, prevailing time by Moderator Edward C. Goodrich, Jr. The colors were presented and the Pledge of Allegiance was led by members of the Marlborough School Student Council. The school chorus then sang "Sing a Song of Peace" and "My Country". The moderator then outlined the ground rules for the meeting and introduced the superintendents, attorney and school principal. It was voted favorably, by acclamation, to allow the staff to answer questions.

ARTICLE 1. Voted favorably by acclamation on the motion of David Durocher, supported by Robert Thibodeau, to receive the reports of agents, auditors, committees and officers as printed in the annual report.

ARTICLE 2. Voted favorably by acclamation on the motion of David Durocher, supported by Robert Thibodeau, that the district raise and appropriate the sum of \$2,086,416 dollars for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of the statutory obligations of the District.

ARTICLE 3. Voted favorably by acclamation on the motion of Elliott Pawski, supported by David Durocher, that the district appropriate up to \$15,000 from unencumbered surplus funds, if any, remaining on hand at the end of the fiscal year, June 30, 1994, for the purpose of transfer to the Capital Reserve Fund established by voters at the March 9, 1989 district meeting.

ARTICLE 4. Voted favorably by acclamation on the motion of Elliott Pawski, supported by Robert Thibodeau, to pass over this article.

ARTICLE 5. Voted favorably by acclamation on the motion of Robert Thibodeau, supported by David Durocher, that the district create an expendable general trust fund under the provisions of R.S.A. 198:20-c, to be known as the heating system fund for the sole purpose of replacing or upgrading the school's heating system. Furthermore, to name the school board as agents to expend the principal and/or income therefrom for the purposes of the trust.

ARTICLE 6. Voted favorably by acclamation on the motion of Robert Thibodeau, supported by David Durocher, that the district raise and appropriate the sum of \$50,000 to be placed in the heating system fund, established by the voters on March 5, 1994, said sum to be paid from the surplus on hand June 30, 1994, prior payment pursuant to Article 3, to the extent sufficient, and the balance of the funds necessary to meet the appropriation of \$50,000 to be raised in taxes in the 1994-1995 school year.

ARTICLE 7. Voted favorably by acclamation on the motion of Robert Thibodeau, supported by Elliott Pawski, that the meeting be adjourned. The meeting was adjourned at 1044 hours on March 5, 1994.

**MINUTES OF ANNUAL SCHOOL DISTRICT MEETING
OF THE MARLBOROUGH SCHOOL DISTRICT
FOR THE ELECTION OF OFFICERS
March 8, 1994**

The meeting was called to order at 1300 hours, prevailing time, on March 8, 1994, by Moderator Edward C. Goodrich, Jr. The meeting was declared open under Article 1 for the election of officers from 1300 hours to 2100 hours.

The following transmittal was received from the Town Clerk giving the results of the election on March 8, 1994:

At a legal meeting of the voters of the Town of Marlborough, Cheshire County, State of New Hampshire, held on Tuesday, March 8, 1994, the following votes of those present and qualified to vote for Marlborough School District officials were by them in open meeting given to the Moderator, and said Moderator, in said meeting, in the presence of the Clerk and other election officials, and assisted by them, sorted and counted said votes and after the counting was completed made a public declaration of the whole number of votes cast, with the name of every person voted for and the number of votes for each person as follows:

**MINUTES OF THE SPECIAL SCHOOL DISTRICT MEETING
OF THE MARLBOROUGH SCHOOL DISTRICT
Held on October 11, 1994**

The meeting was opened at 1905 hours on October 11, 1994 by Moderator Edward C. Goodrich, Jr. The moderator led the assembly in the Pledge of Allegiance. Introductions were made by the moderator and the chairman of the school board. The assembly approved by acclamation the request of the moderator to allow personnel from Supervisory Union 29 to speak. The warrant was read by the moderator.

ARTICLE 1. Voted favorably by ballot on the motion of John F. Fletcher, supported by David Durocher, that the District ratify and agree to be bound by the cost provisions of a three-year collective bargaining agreement negotiated between the Marlborough School Board and the Marlborough Teachers Association covering the years 1994-1995, 1995-1996, and 1996-1997, wherein the proposed total cost increases of salary, benefits and related costs for the 1994-1995 year equal \$25,199.00 of which \$19,392.00 or approximately 3 percent represents a salary increase, and for 1995-1996 a total cost of \$36,800.00 of which \$26,579.00 or approximately 4 percent represents a salary increase; and for 1996-1997 a total of \$46,895.00 of which \$34,551.00 or approximately 5 percent equals a salary increase and to raise and appropriate the sum of \$25,199.00 representing the funds required to fund the salary and benefit increases for the 1994-1995 school year. The total number of ballots cast were 104. Ballots in favor of the motion were 57. Those opposed were 47. The moderator declared that Article 1 had passed.

ARTICLE 2. Voted favorably by acclamation on the motion of Lawrence Robinson, supported by Glover Howe, that the meeting be adjourned. The meeting was adjourned at 1930 hours.

STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district in the Town of Marlborough qualified to vote in District affairs:

You are hereby notified to meet at the Elementary School Gymnasium in said District on the 14th day of March, 1995, at 1:00 O'Clock in the afternoon to bring in your votes for the election of school district officers. The polls will open not later than 1:00 p.m., nor close earlier than 9:00 p.m.

ARTICLE 1: To choose all necessary school district officers:

A member of the school board for a three-year term

Given under our hands at said Marlborough, this 1st day of February, 1995.

*John F. Fletcher, Chair
David R. Durocher
Marjorie J. Shepardon*

STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district in the Town of Marlborough qualified to vote in District affairs:

You are hereby notified to meet at the Marlborough Elementary School in said District on the 4th day of March, 1995, at 10:00 a.m. to act upon the following articles:

ARTICLE 1: To hear the reports of agents, auditors, committees or officers chosen and to pass any vote relating thereto.

ARTICLE 2: To see if the District will vote to appropriate and withdraw from the Capital Reserve Fund established by the voters of the District at the March, 1989 District Meeting, the sum of Eight Thousand (\$8,000.00) Dollars for the purpose of paying for exterior door replacement, or to take any other action in relation thereto. *(The school board supports favorable action on this warrant article.)*

ARTICLE 3: To see if the District will vote to change the purpose of the Capital Reserve Fund established by the voters of the District at the March, 1989 District Meeting, following the withdrawal of funds as voted in Article 2, to the purpose of funding the special education needs of the District pursuant to RSA 35:16, and to authorize the school board as agents of the District to withdraw Thirty Thousand (\$30,000.00) Dollars for said purpose, or to take any other action in relation thereto. *(Passage of this article requires a two-thirds vote.) (The school board supports favorable action on this warrant article.)*

ARTICLE 4: To see if the District will vote to divide the Expendable General Trust Fund established by the voters of the District at the March, 1994 District Meeting for the purpose of upgrading or replacing the school's heating system into two trusts wherein one trust will be known as the 1995 Expendable General Trust Fund for Special Education and High School Tuition Costs, and the second trust will be known as the 1995 Expendable Trust Fund for Heating System Repairs, and to withdraw from the 1994 Expendable General Trust Fund the sum of Twenty-Five Thousand (\$25,000.00) Dollars and to appropriate it to the 1995 Expendable General Trust Fund for Special Education and High School Tuition Costs; the balance of said 1994 Expendable General Trust Fund to be appropriated to the 1995 Expendable General Trust Fund for Heating System Repairs, or to take any other action in relation thereto. *(Passage of this article requires a two-thirds vote.) (The school board supports favorable action on this warrant article.)*

ARTICLE 5: To see if the District will vote to authorize and empower the school board to borrow up to Thirteen Thousand, Eight Hundred Fifty-Five (\$13,855.00) Dollars representing the State of New Hampshire share of special education costs for the 1994-1995 school year pursuant to R.S.A. 198:20-D upon such terms and conditions as the school board determines in the best interests of the District; said sum together with the costs of borrowing to be repaid by the State of New Hampshire, pursuant to R.S.A. 186:C-18, or to take any other action in relation thereto. *(The school board supports favorable action on this warrant article.)*

ARTICLE 6: To see what sum of money the District will vote to raise and appropriate to fund the anticipated deficit in the 1994-1995 budget, resulting from unanticipated special education and high school tuition costs, or to take any other action in relation thereto. *(The school board supports favorable action on this warrant article.)*

ARTICLE 7: To see if the District will vote to authorize and empower the school board to borrow up to Twenty-Three Thousand Five Hundred (\$23,500.00) Dollars representing the State of New Hampshire share of special education costs for the 1995-1996 school year pursuant to R.S.A. 198:20-D upon such terms and conditions as the school board determines in the best interests of the District; said sum together with the costs of borrowing to be repaid by the State of New Hampshire, pursuant to R.S.A. 186:C-18, or to take any other action in relation thereto. *(The school board supports favorable action on this warrant article.)*

ARTICLE 8: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the statutory obligations of the District, or to take any other action in relation thereto. *(The school board supports favorable action on this warrant article.)*

ARTICLE 9: To see if the District will authorize and empower the school board to develop a fee system for Marlborough high school students bussed to Keene High School, or to take any other action in relation thereto. *(The school board supports favorable action on this warrant article.)*

ARTICLE 10: *(By Petition)* To see if the voters of the Marlborough School District will vote to increase the representation on the Marlborough School Board to five members, or to take any other action in relation thereto.

ARTICLE 11: To transact any other business which may legally come before this meeting.

Given under our hands at said Marlborough this 16th day of February, 1995.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Marlborough School District
Marlborough, New Hampshire

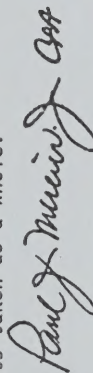

We have audited the accompanying general purpose financial statements of the Marlborough School District as of and for the year ended June 30, 1994, as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Marlborough School District as of June 30, 1994, and the results of its operations and cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Marlborough School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.
