## AGREEMENT

Between

THE CITY OF MANCHESTER AND THE TOWN OF AUBURN

*Re: Property Valuation*

(1) It is hereby mutually agreed by and between the City of Manchester, hereinafter called the "City" and represented by its Board of Water Commissioners, and the Town of Auburn, hereinafter called the "Town" and represented by its selectmen, that, whereas the City desires to effect a permanent basis for its annual contribution toward the expenses of the Town and is willing to agree to a valuation above that required by Law; and whereas both parties hereto realize the difficulty of determining the exact valuation of the City's holdings by the method specified in Section 10, Chapter 60 of the Public Laws, now therefore, instead of applying Section 10, Chapter 60 of the Public Laws of New Hampshire to determine the value of real estate owned in Auburn by the Manchester Water Works on April 1, 1937, a sum agreed upon shall be used as a permanent basis or value for computing the contribution of the Water Works to the Town for the real estate then owned. This sum multiplied by the tax rate in any year shall be the contribution for that year for real estate owned on April 1, 1937.

(2) The sum agreed upon by the Water Works and the selectmen as a base is \$95,000.00.

(3) This sum, determined by negotiation, is to include all real estate owned by the City in the Town on April 1, 1937 whether taxable under Section 10 of Chapter 60 of the Public Laws or not; but improvements to the sawmill made after April 1, 1937 may be appraised by the selectmen at a fair valuation and added to the valuation used to

compute the contribution in lieu of taxes which may be due on property acquired after April 1, 1937.

(4.) In consideration of other stipulations of this agreement the City of Manchester agrees to make no claim to refund of excess "taxes" previously paid either on account of excessive valuation or on account of the failure of the Town of Auburn to proceed in the past according to Section 10, Chapter 60 of the New Hampshire Laws.

(5) On real estate acquired *after* April 1, 1937 the City is to pay, as its annual contribution, a sum equal to the average of the assessed valuation of such real estate, including buildings, for the three years last preceeding acquisition thereof multiplied by the tax rate. This valuation is to apply whether the buildings are removed or not, but improvements to these properties or rental received therefrom is not to be cause for an alteration in the assessment thus fixed.

(6) If a portion only of a tax unit is purchased the selectmen shall determine the proportion of the previous assessments which applies to the portion purchased.

(7) It is agreed that as timber is grown for the benefit of the water supply it shall not be assessed; but there shall not be any claim for reduction of valuation on the part of the Water Works when timber is cut off their lands.

(8) The above method of computing the City's contribution shall apply to that due in 1937 and all later years.

(9) The payments computed in accordance with the above agreement shall be made by the Manchester Water Works on or before December 1 of each year in lieu of the payments payable under the provisions of Section 10, of Chapter 60 of the Public Laws of New Hampshire and said

Town hereby agrees to give a receipt in full for all sums due under said section 10 of Chapter 60 each year upon receipt of the sums due hereunder.

### THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the Town of  
Auburn, N. H., qualified to vote in district affairs:*

You are hereby notified to meet at the Massabesic Lake Inn Hall in said district on the 23d day of March, 1940 at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officer or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.
9. To see if the school district will vote to construct and

equip a school building in Auburn Village and to acquire necessary real property in connection therewith.

10. To see if the school district will vote to authorize the school board to execute any and all contracts or agreements necessary, proper or advisable in connection with the construction and equipping of a school building and the acquisition of necessary real property in connection therewith, and ratify all action heretofore taken by the school board relative thereto.

11. To see what sum of money the school district will vote, raise and appropriate to authorize the school board to issue bonds or notes payable exclusively from funds to be raised by taxation for the purpose of financing the cost of the construction and equipping of a school building and the acquisition of the necessary real property in connection therewith all other expenses necessary or incidental thereto.

Given under our hands at said Auburn this 21st day of February 1940.

There are two changes in the teaching staff of the Auburn Schools since the last report. Miss Martha Manahan of Methuen, Massachusetts, replaces Mrs. Dorothy Terehson, at the Number One School, who resigned in the summer. Miss Manahan is a graduate of the Lowell Teacher's College. Mr. Ralph V. Matthews of Cambridge, Massachusetts, replaces Mr. Norwood Hinkle, as music supervisor, who resigned to accept a position at the Putney School of Putney, Vermont. Mr. Matthews is a graduate of the University of Michigan and has attended Harvard University.

Miss Eileen McQuaid attended the session at Keene Teachers' College during the summer vacation.

Various book needs have been filled during the past year. In the lower grades at the Severance School new language books, arithmetics, and reading material have been added, while in the upper grades social science workbooks and readers were furnished. Language texts, geographies, dictionaries, and social science workbooks have been purchased for the Number One School. New reading material, dictionaries, and social science workbooks have been furnished the Village School. Bunker Hill additions as regards books include reading material, geographies, and social science workbooks.

During the present year certain work has been done in the schools besides the usual summer cleaning and minor repairs. The inside of the Village and Number One Schoolhouse was painted. New blackboards were installed at the Severance and Village Schools. New shades and window ventilators were purchased for Bunker Hill. One half of the Severance School was re-shingled.

A comparison of certain costs is interesting. The per pupil cost for the Auburn Schools during 1938-1939 was \$75.06 as compared with the state median of \$81.07 for the same period. The per pupil cost for books for the Auburn Schools during the year 1938-1939 was approximately \$1.00 and 81c for the scholars' supplies. The state average per pupil costs for elementary schools during the same period was \$1.22 for books and \$1.43 for scholars' supplies.

The fire at the Number One school was indeed a great misfortune to the community. After a few days, with the kind cooperation and assistance of the members of the Masabesic Grange and other citizens, it was possible to re-open school in the Grange Hall. Serious consideration should be given the situation which now faces the town. Naturally, when the time comes to take action on housing the

pupils who were affected by the fire, the first question will be cost. We should also plan to take a forward step. Consideration should be given centralizing the pupils of the Number One, Village, and Bunker Hill Schools under one roof. The several advantages of such a plan should be carefully weighed against all other factors.

Objectives which should be kept in mind during 1940-1941 are:

1. Better home and school cooperation.
2. A continuous community program for childhood and youth.
3. Better integration of school life and life outside the school.

All the adult public must be enlisted in this work for it is only to the extent of its confidence and support that we may achieve these objectives.

Respectively submitted,

EDWARD I. ERICKSON,  
*Superintendent of Schools.*

February 14, 1940.
