REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of the Deering School District:

The superintendent of schools submits this his third annual school report for your consideration.

SCHOOL ORGANIZATION

School Board: John Herrick, Chairman; Mrs. Minerva Jacques, Mrs. Jessie Colburn.

Superintendent of Schools: Vincent Gatto, Ed. M., Hillsboro, N. H.

Teacher	School	N. H. Approval
Marie Johnson	East Deering	Certificate
Mrs. Lena Crosby	West Deering	Certificate

The following pupils were graduated from the Deering public schools last June, 1937. East Deering: Rita Bissonnette, Jane Johnson. Pond school: Marie LaBounty, Eva Putnam. There were not any from the West Deering school.

The following scholars deserve honorable mention for having maintained perfect attendance during the year 1936-1937 for the number of terms indicated. The year consists of thirty-six weeks, and is divided into four terms of nine weeks each. We also thank the children's parents for their cooperation.

East Deering School: Mary Ellinwood, one term; Barbara Michie, one term; Harold Titcomb, entire year.

Pond School: Donald Evans, two terms; Eleanor Gardner, two terms; Marie LaBounty, two terms; Virginia LaBounty, three terms; Gene Nally, two terms; Robert Putnam, one term; Harriett Richardson, two terms; Ian McLean, two terms; Eva Putnam, one term.

West Deering: Priscilla Clark, one term; Trobert Crosby, two terms; Robert McAlister, three terms; Irene McAlister, two terms; Anna Normandin, two terms; Omer Normandin, two terms; Louis Normandin, two terms;

Howard Kiblin, three terms; Edward Kiblin, three terms; Leo Tacey, one term; Janice Greene, one term.

GENERAL DISCUSSION

The Deering school district at the present time conducts two schools, the one at East Deering, and the one at West Deering. The former has an enrollment of twenty-three pupils, and the latter an enrollment of nineteen. The Pond school has been closed, and the children who formerly attended said school are now carried to the East Deering school. This practically means the cutting of our school costs by one third, with the exception of the expense involved in transportation. Not only have we cut down our school costs, but we have increased the efficiency of the schools. More can be accomplished at East Deering with a larger group of children to educate.

Fifteen children from the Manselville district attend Hillsborough Grammar school. This number plus those attending the two schools in Deering make a total enrollment in Deering of fifty-seven elementary school children. Thirteen boys and girls from Deering entered Hillsborough high school last fall. Considering both those who attend elementary and high school, we have in Deering a school population of seventy children. Over eighteen per cent of our school population attends high school. It is a credit to the town to have so many young people ambitious enough to continue their education in a secondary school. When we consider the high educational standards required by present-day life, this is at it should be.

Both from the superintendent's observations and tests given in the schools we know that our children are making good progress, according to their ability, and that their results compare well with those of the children of corresponding ages and grades in the state and the country.

It would be well to consider more sanitary toilets for the schools. At no great expense, modern sanitary toilets could be installed. Our present toilets do not appeal to the aesthetic sense of the children, and besides, they do not lead either to good morals or health.

A jacketed stove at East Deering would improve the heating system of the school. At present those near the stove are too warm, and the ones away from the source of heat suffer from the cold. If a jacketed stove cannot

be purchased, a jacket for the stove in use may be made inexpensively by any good mechanic.

Improved desks and seats were secured in the fall for the East Deering school. These furnish each child with an individual desk, and a better adjusted seat. The same should be done for the school at West Deering. It does not lead to the best physical welfare of the children, when we force tall individuals to sit for five or six hours a day for eight years of their lives with a desk pressing on their knees, and the short ones with their feet dangling several inches above the floor level.

Thanks are due to the Hillsboro Special school district for having reduced the amount of the elementary school tuition, and for keeping down the high school tuition, when other towns with no better schools are boosting theirs. Our children are getting a type of education which could not be duplicated for the same amount of money in the smaller school districts.

Respectfully submitted,

VINCENT GATTO

Supt. of Schools
