PART II. INSTRUCTION

(a) Teachers as of February 12, 1943.

Teacher	Position	Sal- ary	Enroll- ment
Josephine Irving	Parade, Prin., & Grs. 5-8	\$950	37
Janet W. Murphy	Parade, Gr. 1-4	925	
Marguerite Alden	Center, Prin., & Grs. 5-8	1,000	30
M. Lucille Winslow	Center, Grs., 1-4	925	
Dorothy Cotton	South	950	10
Buelah Tasker	Shackford's Corner	1,000	14
Lillian G. Tuttle	Beauty Hill	950	15
			106

(b) Methods of Instruction

The reading system used in the first grade in 1940-41 was extended into the second grade in 1941-42 and into the third grade this year, and it is planned to adopt it in the fourth grade next year. The arithmetic program in grade one was changed in 1941-42 and continued in grade two this year. It is planned to continue this revision into grade three next year.

Never was there a time when geography and history could be more effectively taught. Never was there a time when the teaching of these subjects was more needed.

As this is being written your children are taking standard tests (Grades 4-8) to check their knowledge with that of many children all over the country.

(c) Administrative Problems

The problem of pupil transportation during a time of fuel and rubber shortage has caused real problems. It was necessary to survey these routes in September in order to obtain recommendation for gasoline and rubber to present to the Ration Boards. In all districts using vehicles larger than a seven passenger car it will be necessary to conduct another

more rigorous survey with the aim of decreasing mileage where it will not present an undue hardship on the children.

The cost of living has risen approximately 20 per cent in two years despite price ceilings. It is reasonable to believe that schools should also expect to be forced to increase their expenditures by this percentage. This has not been the case. The cost of running your schools has risen approximately 10 per cent. The cost of fuel will probably have risen 40 per cent in two years and this is a very necessary article as the weatherman has this year indicated.

The number of children in the South and Schackford's Corner Schools have decreased. To the best of my present information we will have eight pupils in the South School next year. The Shackford's Corner School now has fourteen pupils but the number seems to fluctuate considerably as we had more than twenty last September. It is questionable how far State Aid will follow us unless the number of pupils in your different schools increases.

The manpower shortage is having its effect on the availability of teachers. Very few will be graduated from our normal schools this year. Many have either joined the armed forces or their auxiliary services. Others have engaged in defense work at higher salaries. It is indeed gratifying to me to find retired teachers willing to come back into service.

(d) War Activities

Your children are helping to win this war. They are collecting scrap, buying bonds and stamps, collecting postage stamps and will, I am sure, maintain a Victory garden.

As this is being written the teachers are again asked to administer a complex system of rationing. They do not enjoy this activity but without question they have given freely of their time in order that all of us may have a share of the available foods. It seems that the Office of Price Administration has a very real need for the school system and is

extremely desirous that we set up a system which they can count on as ready to perform the necessary registration of the entire population for ration purposes. Without the aid of volunteers it would be necessary to take more time out of schools to perform this function. Teachers are also asked to teach children how point rationing functions in order that they may carry this information home and help to plan the food budget.

† Figure changed to correspond with new State Aid figure.

PART IV. SCHOOL PLANT

Only those repairs that were necessary in order to keep the buildings habitable have been completed. The new toilet at Shackford's Corner was apparently a very real necessity and its construction and installation improves that school an inestimable amount.

Ceilings in nearly all the schools are of poor construction and need whitening. They are in a condition which absorbs light instead of reflecting light. The Center School needs interior painting very badly.

PART V. CHILD ACCOUNTING AND STATISTICS

A. *Promotion to High School*

The following ten pupils were promoted to High School in June, 1942: Marjorie Sirrell, Donald Jenkins, Wilbur Kidder, Erlma Otis, Madeline Walker, Earlene Merrill, Francis Tasker, Ruth Pitman, Marjorie MacPherson, Mary Wheat. All of these pupils except three entered high school last fall.

B. *High School Pupils*

Thirty-four pupils as compared with thirty-one last year, were enrolled in secondary schools last fall as follows:

Pittsfield High School: Wilbur Kidder, Marjorie MacPherson, Earlene Merrill, Marjorie Sirrell, Mary Wheat, James Eastman, Raymond Jenisch, Edith Jenkins, Arlene MacPherson, Maynard Perkins, Leonard Smith, Richard Stock, Emery Tasker, Margaret Wheat, Lucille Davis, Laura Gray, Richard Gray, Alma Heywood, Howard Lank, Barbara Sirrell, Arnold Stock, Vera Wheat, Marjorie Atwell, Robert French, Reinhold Knirsch, Shirley MacPherson, Alice Stubbs and Phyllis Wheat.

Alton High School: Francis Prescott, Delmas F. Wade, Dorothy Wade, Calvin Weeks, Mary L. Boyd, Gordon Prescott.

Of these thirty-four pupils, six have left school.

C. *Roll of Honor for Attendance*

The following five pupils as compared with sixteen in 1940-41 were neither absent nor tardy during the school year ending June 30, 1942: Audrey Evans (2), Ruth Lank, Mary Wheat, Earlene Merrill (2), and Gordon Tuttle.

A figure after a pupil's name indicates the number of consecutive years he has had perfect attendance.

(d) *Statistics for the Year Ending June 30, 1942*

Number of pupils registered	137
Average number of half-days schools were in session	351.7

This total is 12 less than the 1941 total.	

PART VI. AUXILIARY ACTIVITIES AND SPECIAL
REPORTS

A. *Report of School Nurse*

*To the Townspeople, School Board, and Superintendent
of Schools:*

There were quite a number of cases of mumps and a few cases of measles in Barnstead last year. A large epidemic of septic throats, with and without a rash and several cases of diagnosed scarlet fever made it seem best to close the Parade schools for a week.

A case of serious eye accident was taken to Dover to a specialist for treatment. The results were good and the child was kept under supervision until complete recovery. Several pupils were taken in for eye clinic work and fitted for glasses. During June and July several school pupils and one pre-school child was taken to Wolfeboro Hospital for tonsil and adenoid operations. There were several to go later but they neglected to complete their plans in time to get in on the clinic. Another opportunity will be given again this year it is hoped.

The annual school dental clinic sponsored by the American Legion and Auxiliary was completed before Dr. McLaughlin was called into the army. Ninety-one pupils were taken in 128 appointments. Of these 73 received complete care. It is very disappointing that this good work had to lapse this year. The teeth are in good condition now and can be kept so with much less money than if let go many months.

The demand for Home Nursing classes to be taught made it necessary to teach a class at the Parade as well as at the Center. There were 27 registered in one class and 26 in the other. This work was done in the evening outside of school time and required 24 hours of lecture and practice for each class. The necessary miles to be traveled two nights a week made this schedule quite difficult.

The table of defects and corrections which follows will show just what was accomplished in getting the physical condition of the children in better shape and what is still needed for corrections:

Pupils examined, 124

Defects found, 238 — 1.9 per pupil.

Defects corrected, 152 — 63 per cent of defects.

Without defect, 61 — 49 per cent of pupils.

Defects	Corrected
Underweight, (10 per cent), 26	18
Defective vision, 14	8
Defective hearing, 3	
Cardiac disease, 3	1
Defective teeth, 117	100
Diseased tonsils, 60	13
Adenoids, 15	13
Without defect, 61	
Glasses already worn, 7	
Immunization:	

Vaccinated against small pox. 120; excused by law, 4; 100 per cent of pupils.

Immunized against diphtheria, 56 — 45 per cent of pupils.

Actual Work:

Visits to schools	146
Visits to homes	351
Total visits	497
Days spent	27.4
Days due	25

Hot lunches were served in all schools where it was possible and there was a real need. Surplus commodities sent by the Agricultural Marketing Administration helped make this possible. This is a very necessary project and was of great benefit in the general nutrition of the pupils. The teachers showed their resourcefulness in this project.

I wish at this time to thank all those who have been helpful and cooperative in improving the general health of the Barnstead pupils.

Respectfully submitted,

RUTH S. LANGILLE, R. N.,
School Nurse.

B. Transportation

As of October 9, 1943

<i>Transporter</i>	<i>No. Carried</i>	<i>Yearly Salary</i>
William Black	6	\$450.00
Coran K. Davis	2	450.00
Madeline Emerson, (2 trips)	10	630.00
Harold Dicey*	4	144.00
Nellie Emerson	1	90.00
Charles Kelley	2	126.00

* Alton Transporter.

The transportation problem in Barnstead is a very difficult one by reason of the constantly shifting population on the outskirts of your town. It was necessary to have Mr. Hogen-camp make a third trip to get some children from near Lilly Lake for part of the year. While Mr. Charles Kelley was a transporter for part of the year, he is not at the present writing because one of his children moved to Pittsfield and the other child is being transported at the expense of his parents.

PART VIII. WARRANT FOR SCHOOL DISTRICT
MEETING

*To the Inhabitants of the School District in the Town of
Burnstead qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the twentieth day of March, 1943, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.

9. To transact any other business that may legally come before this meeting.

Given under our hands at said Barnstead this second day of March, 1943.

ROLAND E. BUNKER,
WILLIAM O. BLACK,
CORAN K. DAVIS,
School Board.
