# Report of School Board

---

Because of the change in the school year the only report we can make at this time is for the spring term beginning April 1st, 1918, and ending the last of June.

With two or three exceptions the teachers were the same as for the two previous terms. Where changes were made, we were able notwithstanding the number who had gone into government work, to secure competent teachers who worked faithfully with their pupils to complete their years' work.

Perhaps we should say a few words concerning the present school year. We had some difficulty in securing our full number of teachers in September but finally all the schools were supplied. The work of the fall term was interrupted by the influenza epidemic, but by shortening vacations, we hope for a school year of thirty-four weeks.

The schools of Cornish as well as the community suffered a distinct loss in the removal from town of Rev. F. J. Franklyn, who had served most efficiently on the school board for several years.

We should all appreciate the interest taken in our schools by Mr. and Mrs. Robert Barrett and the help they give in so many different ways—particularly having the school supplies and supplies from the library taken to each of the schools every week.

The Educational Bill now before the State Legislature will, if passed, make such changes in the management of the schools that school boards have been advised by the State Board of Education not to hold the school meeting as early as usual.

Because of this bill too, we are unable at the present time to give the usual estimate of the amount of money needed for the use of the schools for the coming year.

Respectfully submitted,

EBEN M. JOHNSON,     } School Board  
LIZZIE C. WOOD,     } of Cornish

**TO THE PEOPLE OF CORNISH**

To the people of Cornish:

Our sixth year of library service has been interrupted by war duties, but we have maintained the more important parts of our work fairly well.

It has now become necessary for Mr. Barrett and me to discontinue for a time our personal contribution to the library work. We will continue the school department till the close of the school year in June.

The library is in good order. It is well stocked with excellent books and with all sorts of equipment for the use of teachers.

We do not know when we may be able to resume our happy connection with the library. In the meantime we hope that Cornish folk may continue to make real use of their library, even with less service than it has been our privilege to give them.

Yours respectfully,

KATHARINE ELLIS BARRETT, Librarian.
