Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Lancaster in the County of Coos in said State, gualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Lancaster on Tuesday the thirteenth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To direct how money raised for the above purposes be expended.

4. To see if the voters will authorize the Selectmen and Town Treasurer to borrow a sum or sums not exceeding in the aggregate \$90,000.00 in anticipation of the collection of taxes for the current municipal year, and to issue in the name and on the credit of the Town negotiable notes therefor, said notes to be repaid during the current municipal year from taxes collected within the current municipal year.

5. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate acquired thru Tax Collectors' deeds.

6. To see if the Town will vote to authorize the Selectmen to distribute the blank inventories at the time they examine and appraise the property to be taxed.

7. To see if the Town will vote to revoke and discontinue the Town Manager Plan as adopted at the Annual Town Meeting of 1948, as provided for by Chapter 55 of Revised Laws as amended. (Petition)

8. To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars to assist in paying the cost of equipment for the Town Health Center located in the new elementary school building. (Approved and recommended by the Budget Committee).

9. To see if the Town will vote to raise and appropriate the sum of Eight Hundred (\$800.00) Dollars to assist in paying the cost of free public band concerts. (Approved and recommended by the Budget Committee). 10. To see if the Town will vote to raise and appropriate the sum of Three Hundred Eighty-Five (\$385.00) Dollars to pay the cost of a chlorinator for the town swimming pool. (Approved and recommended by the Budget Committee).

11. To see if the Town will vote to raise and appropriate the sum of Two Hundred Fifty (\$250.00) Dollars to aid town athletics. (Approved and recommended by tht Budget Committee).

12. To see if the Town will vote to raise and appropriate the sum of Four Hundred Thirty-Seven Dollars and Sixty-Nine Cents (437.69) to the White Mountains Regional Association for the purpose of issuing and distributing printed matter, newspaper and magazine advertising, and otherwise calling attention of the public to the resources and advantages of the Town, in cooperation with the other forty-five (45) towns in the White Mountains Region. (Approved and recommended by the Budget Committee).

13. To see if the Town will vote to raise and appropriate the sum of Three Hundred (\$300.00) Dollars for the purpose of maintaining "The Information Booth" so-called. (Approved and recommended by the Budget Committee).

14. To see if the Town will vote to adopt the provisions of Chapter 171-A of the Revised Laws relative to playing games of Beano. (By Selectmen).

15. To see if the Town will vote to purchase a new Motor Grader, so-called, and to raise and expend a sum not in excess of Ten Thousand (\$10,000.00) Dollars to assist in paying the cost of said Motor Grader, and to authorize the Selectmen to issue serial notes of the Town not in excess of Ten Thousand (\$10,000.00) Dollars in payment, in such manner as to the amount of the annual payments, time of payment, and interest rates as said Selectmen may decide, in compliance with the provisions of the Municipal Bond Statute, so-called, and the provisions of any other applicable statutes. (Approved and recommended by the Budget Committee).

16. To see if the town will vote to approve ordinance adopted by the Selectmen relating to motion pictures on Sunday afternoon, said ordinance being as follows: (By Petition).

Be it enacted by the Board of Selectmen of the Town of Lancaster as follows:

Section 1. Motion Pictures. It shall be lawful for motion pictures to be held on the Lord's Day in the Town of Lancaster from Nov. 1 to Dec. 31 and from Jan. 1 to April 1 of each year but not earlier than two thirty o'clock in the afternoon. Section 2. Penalty. Any person violating the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof, shall be liable in a penalty of not more than ten dollars for each offence.

Section 3. Takes effect. This ordinance shall take effect upon its approval by a majority of the legal voters of the Town of Lancaster present and voting at the next regular Town Meeting.

Adopted by the Board of Selectmen of the Town of Lancaster, February 23, 1951.

> ARTHUR F. STICKNEY, JOHN B. EVANS ARTHUR G. SHERMAN,

Selectmen of Lancaster

17. To see if the Town will vote to amend the Parking Meter By-Laws adopted May 1, 1948 by rescinding the amendment adopted at the Annual 1950 Town Meeting and providing in substitution therefor that the use of parking meters shall be limited to the period from April 1 to Dec. 1 of each year. (By Selectmen).

18. To see if the Town will vote to adopt the following by-law. (A By-Law Providing for the Licensing of Bicycles.)

Section 1. No person shall operate or use a bicycle upon any of the streets or public highways of the Town without first obtaining from the Police Department a license and registration plate therefor, paying an annual license fee of fifty (\$.50) cents for each bicycle, which license shall be effective for one year from the first day of May hereafter, unless this by-law is rescinded or otherwise modified at some future town meeting.

Section 2. Any person violating any provision of this by-law shall be guilty of a misdemeanor and upon conviction thereof, shall be liable to a fine of not more than five dollars for each offense, in pursuance to Chapter 188, Part 20, Section 20, of the New Hampshire Sessions Laws of 1945. (By Selectmen).

19. To see if the town will vote to construct and install a sanitary sewerage system along Causeway Street for approximately twelve hundred feet from Summer Street, and to construct and install a sanitary sewerage system along Summer Street commencing at a point approximately one hundred fifty feet northerly of Indian Brook and extending northerly along Summer Street to the Railroad Crossing; and to construct and install a sanitary sewerage system commencing on Summer Street, at a point approximately three hundred feet north of the intersection of Causeway Street, and thence westerly parallel with the small brook to the Connecticut River; all said sanitary sewerage systems to be constructed and installed at a cost not to exceed twenty thousand (\$20,000.00) Dollars. (Approved and recommended by the Budget Committee).

20. To see if the Town will vote to raise and appropriate a sum not in excess of Twenty Thousand (\$20,000.00) Dollars to pay the cost of construction and installing new sanitary sewerage system along Causeway and Summer streets, and from Summer Street to the Connecticut River as heretofore authorized at this meeting, and for this purpose to authorize the Board of Selectmen to issue notes of the Town in an aggregate amount not to exceed (\$20,000.00) Dollars under and in accordance with the provisions of the Municipal Bonds Statute or any other applicable statute; and to authorize the execution of such notes by the Selectmen and by the Town Treasurer, and to delegate to the Selectmen authority to fix the time and place of payment of the principal amount of such notes and interest on the same; and to take such action as may be necessary or convenient in connection with any of the foregoing.

21. To see if the Town will vote to employ the State Tax Commission to annually audit the books of the town.

22. To transact any other business which may legally come before said meeting.

Given under our hands and seal this twenty-sixth day of February, in the year of our Lord nineteen hundred and fiftyone.

A true copy of Warrant, Attest: ARTHUR F. STICKNEY, JOHN B. EVANS, ARTHUR G. SHERMAN, Selectmen of Lancaster.

Town Manager's Report

To the Selectmen and Citizens of Lancaster:

I take pleasure in submitting the annual report of the Town of Lancaster for the year 1950. The Lancaster Town and Union School Districts have included their reports in the interest of economy.

As is the usual custom the Town's books have been audited by the Municipal Accounting Division of the State Tax Commission and parts of their report are included in this report. A detailed copy of the auditor's report is kept on file at the Town Office should any citizen care to examine it.

I hope every citizen will take time to carefully study this year's report. You will find we have lived well within our budget, ending the year with a Budget surplus of \$2,749.19. The last obligation of the Town, a serial note for \$2,320.49 was paid in 1950 leaving the Town free of bonded debt.

Included for the first time this year are the report on Civilian Defense, the listing of the Town Officers' bonds, the breakdown of Town Officers' Salaries and Expenses, a more detailed report by the Selectmen of their assessing duties, and a report of the Veterans' Memorial Committee.

I should like to call your attention to the budget for the coming year. While the total is slightly more than last year's increases in revenue and valuation should more than offset the increases and should allow some decrease in the Town Tax rate. I should like to point out that the Town Tax rate is five cents lower in 1950 than it was in 1946 and 12 cents lower than 1948.

I wish to thank all the Town Employees for their cooperation in making the year a success. I have enjoyed working with the Selectmen this past year and after attending weekly meetings with the Board I am convinced ours is a most democratic form of government.

Respectfully submitted,

ALLEN L. TORREY, Town Manager.

Auditors' Report

DIVISION OF MUNICIPAL ACCOUNTING STATE TAX COMMISSION

Concord, New Hampshire

February 20,1951

Board of Selectmen Lancaster, New Hampshire

Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Lancaster for the fiscal year ended December 31, 1950, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

Scope of Audit

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Col. F. L. Town Fund, Weeks Memorial Library, Overseer of the Poor, Public Health Nurse, Emmons S. Smith Relief Fund and Summer Street Cemetery.

Financial Statements

Balance Sheets: Dec. 31, 1949-Dec. 31, 1950: (Exhibit A) Comparative Balance Sheets as of December 31, 1949 and

December 31, 1950, are presented in Exhibit A. As indicated therein the Net Debt decreased by \$4,071.59 during the year 1950

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Decreases in Net Debt

| Budget Surplus | \$ 2,749.19 |
|---------------------------------|----------------------|
| Long Term Notes Paid | 2,320.49 |
| Increase in Accounts Receivable | 380.00 |
| | \$ 5,4 49.68 |

| Increases in Net Debt | | |
|---|----------|--|
| Accounts Receivable — Dec. 31, 1949, | | |
| Included as Estimated in 1950 Budget \$ | 1,020.00 | |
| Decrease of Cash in Hands of Officials | 93.45 | |
| Tax Collector's Net Credit Deficiency | 264.64 | |
| | | |

1,378.09

Net Decrease

\$ 4,071.59

Comparative Statements of Appropriations and Expenditures Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1950, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net revenue surplus of \$3,268.26, less a net overdraft of appropriations of \$519.07, resulted in a net budget surplus of \$2,749.19.

Summary of Receipts and Expenditures: (Exhibit F)

A summary of receipts and expenditures for the fiscal year ended December 31, 1950, made up in accordance with the uniform classification of accounts, is included in Exhibit F. Proof of the Treasurer's Balance as of December 31, 1950, is indicated in Exhibit G.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS

Current Deficit:

The balance sheet of December 31, 1950, (Exhibit A), indicates a current deficit of \$12,255.30 on that date. Inasmuch as there were no outstanding long term notes or bonds the current deficit and the Net Debt were of the same amount. A decrease of \$1,751.10 was made in the current deficit during 1950, as shown herewith:

| | Dec. 31, 1949 | Dec. 31, 1950 |
|---------------------------|---------------|---------------|
| Total Current Liabilities | \$ 55,153.53 | \$ 66,339.02 |
| Total Assets | 41,147.13 | 54,083.72 |
| Current Deficit | \$ 14,006.40 | \$ 12,225.30 |

In our audit report of last year it was recommended that in order to put the Town on a sound current financial basis, steps should be taken to make up the current deficit. It is again recommended that this be done by making special deficiency appropriations over a period of two, three or four years, or until such time as the current deficit is entirely liquidated.

Tax Accounts:

It is noted in Exhibit I, (Summary of Warrants, Levies of Prior Years) that there are uncollected taxes on warrants for tax levies as far back as 1943. These lists should be carefully gone over by the Selectmen and Tax Collector and such taxes as appear to be uncollectible should be abated.

It is indicated by Exhibit J. (Summary of Tax Sale Account) that there are unredeemed taxes from sales on account of tax levies going back to 1937. It is recommended that tax collector's deeds be given to the Town in all cases where the two year redemption period has expired.

Conclusion:

The accounts of all town officials which we examined were found in good condition and the accounting and financial procedure, with exceptions as herein noted, conformed to the prescribed methods and procedure.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual Town report.

We extend our thanks to the officials of the Town of Lancaster for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER

Director

Division of Municipal Accounting State Tax Commission

C. David Sullivan, Auditor John T. Flanders. Accountant

Certificate of Audit

This is to certify that we have made an audit of the accounts and records of the Town of Lancaster for the fiscal year ended December 31, 1950; and, subject to exceptions as noted in our report, found them to be in good order. The Exhibits included herewith reflect the true financial condition of the Town as of December 31, 1950, together with the results of operations for the period under revenue.

Respectfully submitted,

HAROLD G. FOWLER

Director

Division of Municipal Accounting State Tax Commission

C. David Sullivan, Auditor John T. Flanders, Accountant

Selectmen's Report

The Board of Selectmen spent considerable time in the assessment of the Property found in Lancaster on April 1, 1950. It was felt that there were many instances where inequalities existed and these inequalities were straightened out and the valuations either raised or lowered to conform with the valuations on other pieces of property of like size and location. In order to conform with the requirements of the New Yield Tax Law which relieved the assessment of the annual tax on growing wood and timber and still retain the valuation and assessment of the land on which the wood and timber is growing, it is necessary to obtain a breakdown of the land use of each farm and woodlot. This was accomplished either at the time of the assessment of livestock, thru inventory blanks, or by a personal interview with the land owner. With this breakdown the Board separated values on each type of land as to its use and the taxes were assessed accordingly. The business property within the town was assessed by employees of the State Tax Commission upon request of the Board. The main reason for the Board's request being that the members felt that the valuations placed on these pieces of property were unequal and that the State Tax Commission could furnish advise and aid from among their employees who were trained especially for such evaluations which would help the Board to make fair and equal assessment of the values of this type property. Under the new assessed valuations the Board feels that the taxes assessed throughout the Town are more nearly equalized, they also realize there may be instances where inequalities still exist and these inequalities will be straightened out either in subsequent assessments or as they are brought to the attention of the Board by the individuals concerned.

The Veterans' Exemption again passed the \$100,000.00 mark reaching an all time high of \$132,985.00.

Below is a detailed list of assessable property.

Last year the Police Department received 2061 telephone messages, of which number 356 required immediate investigation. Other statistics of the Department are as follows: Auto Accidents investigated, 78; Bikes reported missing and located, 12; Cases involving animals, 27; Doors and windows found unlocked, 33; Investigations for other departments (Federal, State, etc.) 52; Important messages delivered to citizens, 23. The Department furnished lodging for 170 and 19 others were held for safe-keeping.

A total of 21,500 miles were travelled by the Department in policing the town of Lancaster.

I wish to extend my sincere thanks to Troopers Lloyd Sherman and Frederick Helms for the generous cooperation they have rendered the Police Department.

> RAMON HANSON, Chief of Police.

Town of Lancaster, N. H.

Report of Highway Department

| Superintended by: | TOWN MANAGER |
|-------------------|---------------|
| Foremen: | ARTHUR SAVAGE |
| | ARTHUR WHITE |

The Town of Lancaster Highway Department operates from money derived from six different accounts, the largest being the Town Maintenance Account.

TOWN MAINTENANCE

| Appropriation | \$33,000.00 |
|-----------------|-------------|
| Other Credits | 2,201.90 |
| Transfers | 1,476.56 |
| Total Available | 36,678.46 |
| Total Expended | 36,678.46 |

The total amount expended under Town Maintenance can be broken down into three principle sections. General expenses of running a highway department such as Equipment repairs, gas, oil, greasing, insurance, heating the garage, etc., consumed approximately \$7800.00 or 21% of the total. The annual "tarring" program took \$5,494.60. The remainder of the Town Maintenance account was used as follows: Wages \$17,612.50, Seasonal supplies such as sand, salt, chloride, and culverts \$3,652.81, Rental of equipment such as shovel, tractor, sidewalk snowplow \$1,411.50 and miscellaneous \$702.60.

TOWN ROAD AID

| Appropriation | \$ 627.93 |
|---------------------|-----------|
| From State of N. H. | 2,408.05 |
| Total Available | 3,035.98 |
| Expended | 3,035.98 |

The Town Road Aid money was used to good advantage this years mostly in placing new gravel on various pieces of Class V road. A total of 3652 yards of gravel was placed upon the roads for a total cost of \$3,035.98 or an average of 83 cents per yard in place. This includes the cost of the gravel, the State shovel, the trucking, the labor and the grading.

SEWER CONSTRUCTION

| Appropriation | \$1,500.00 |
|--------------------|------------|
| Transferred | 420.00 |
| Total Available | 1,080.00 |
| Expended | 1,073.55 |
| Unexpended Balance | 6.45 |

The main sewer project undertaken in 1950 was to change over the sewer lines at the new school building and insert a heavy cast iron line under the building.

SEWER MAINTENANCE

| Appropriation | \$700.00 |
|-----------------|----------|
| Credits | 30.00 |
| Total Available | 730.00 |
| Expended | 707.00 |
| Unexpended | 23.00 |

The principle expenditure under this account is for labor, \$334.95 to the Town and \$229.00 to the Precinct. One hundred feet of new heavy duty sewer rods were purchased this year as these wires are indespensible in keeping the sewers clean.

SIDEWALK CONSTRUCTION

| Appropriation | \$1,000.00 |
|-----------------|------------|
| Transferred | 600.00 |
| Total Available | 400.00 |
| Expended | 895.79 |
| Unexpended | 4.21 |

Only a few minor repairs were made on the sidewalks during 1950. However there is a great need for sidewalk construction because so many concrete slabs have been picked up by tree roots.

PARK MAINTENANCE

| Appropriation | \$800.00 |
|----------------------|----------|
| From Cross Park Fund | 100.00 |
| Total Available | 900.00 |
| Total Expended | 876.40 |
| Unexpended Balance | 23.60 |

The money from this appropriation is used to pay the labor charges for mowing and raking the various parks in town.

Cemetery Report

The Summer Street Cemetery is owned and operated by the Town of Lancaster. It derives about 65 percent of its income from trust funds. The operation of the cemetery is invested in a Cemetery Committee of three members, Mrs. Jennie H. Twitchell, Mrs. Katherine B. Kent, and Mr. Fred C. Cleaveland, who give very generously of their time. The Town of Lancaster contributes a small amount toward the operation of the cemetery and administers, through its Trustees, the trust funds of the cemetery.

During 1950 the Town expended \$50.00 on the small cemetery located near Martin Meadow Pond often referred to as the "No. 10 Cemetery."

Below is the financial report of the Summer Street Cemetery submitted by Shirley M. Gardner, Superintendent:

| Fiscal Year Ended Decembe | er 31, 1950 | |
|---------------------------------|-------------|-------------|
| Balance on Hand, Dec. 31, 1949 | | \$ 214.49 |

REPORT OF LIBRARIAN WEEKS MEMORIAL LIBRARY, 1950

On June 8th, a "Neighborhood" meeting was held in Lancaster. Sixteen librarians and trustees from Coos and Grafton Counties attended. Miss Catherine Pratt, Assistant State Librarian, conducted a workshop on library standards and discussed periodicals and their use. Mrs. Louis Bragg reviewed adult books, and Miss Faith Kent, children's books. Unity Club served dessert and coffee. These meetings are very beneficial to the smaller libraries of the state, as it is often the only opportunity librarians have to get together with their co-workers.

The two librarians attended the State Library meeting in May, at Laconia.

Repairs

A small electric hot water heater was purchased early in the year. This is economical to operate and most helpful in keeping the building clean.

Money was appropriated to re-decorate part of the building. The walls were first washed and then painted, improving the looks very much. The two reading rooms, lobby and entire Children's Room, walls, ceiling and woodwork, were painted.

Gifts

Several generous gifts of books were made, primarily those of Mrs. E. W. Simons, formerly of the Weirs, and Mrs. Thelma Burlingame. Visitors from Montreal stopped one evening for a brief time and left a five dollar bill to be used to buy a book, thus showing their appreciation of the library.

Rev. W. H. Crouch, who had served as trustee for seven years, retired, and was replaced by Mr. Wallace Strickland.

There has been a gradual rise in non-fiction reading in the past four years.

Number of books added in 1950—by purchase—655; by gift, 210.

Circulation of books for year, 19,359.

Respectfully submitted,

ELAINE F. HICKEY,

Librarian.

1950 REPORT OF THE CHILDREN'S LIBRARIAN WEEKS MEMORIAL LIBRARY

Several improvements were made in the Library's Juvenile Department in the year 1950, the most notable being fresh, light paint for walls, ceiling and woodwork. This, plus unfrosted bulbs in the ceiling fixtures, made the downstairs room much brighter — a better place in which to read or study. An increasing number of school children have been coming in to use the encyclopedia and other references. As there was insufficient table space, a stand, made to support the case of small animals, released the table which formerly served that purpose. Two new bookcases were purchased, constructed with backs and shelf space of varying width and depth especially to accommodate the many odd-sized books for the youngest borrowers. As it was the preceding year, the Librarian's salary was paid by the Colonel Town Spending Committee, the balance needed for purchasing books and furniture being made up by the town.

In the spring the Librarian reviewed new books for the 5th and 6th grades, and this was so well received that others were reviewed for grades 4, 5 and 6 during Book Week. At this time three grades made appropriate posters and book jackets, some of which were shown in the Children's Room. Mary Gibson, Mrs. Chester McKinnon and Mrs. Louis Cardinal held Story Hours during the year for the younger children.

Total circulation for the year was 9019, and many books, represented singly in this number, were taken out by teachers and thus reached a large number of children. Class-room collections have been supplied frequently to many of the grades. Children beginning school this year made up most of the 69 new borrowers registered. During the year 215 books were purchased, and 32 were received as gifts from several sources. As in other years, Girl Scouts gave their time to assist in book-mending, helping to keep the older volumes in condition for circulation; 24 volumes were worn out and withdrawn. The Bookmobile made five visits, leaving each time 40 or 50 books to supplement our collection.

Public Health Nursing Report

The Lancaster Public Health Nursing Board met the second Wednesday of each month except during July and August with the average attendance of six members. The Volunteer Board members are representatives of the various organizations of the town.

Officers of the Lancaster Public Health Nursing Board: Chairman, Mrs. Francis Haley; Vice Chairman, Mrs. Glenn Smith; Treasurer, Mrs. William L. McCarten; Secretary, Mrs. Harold Lane.

It is impossible in a routine report such as this to give full credit to Mary H. Carey, our Public Health Nurse, for the many extra duties she has performed above and beyond the call of the specific requirements of her office.

We could never expect to have another Public Health Nurse who would carry the load of both school and town without an assistant.

Her nursing ethics have proven exceptional.

Respectfully submitted,

KATHARINE N. LANE,

Secretary.

Vision and Hearing defects are taken care of just as soon as the parents' cooperation is given.

Reports on school work are made monthly to Supt. Heath and Mr. Paul Farnum, Administrative Director of State Board of Education. Special reports on students are presented to principals and teachers in charge of students.

The Physical Therapy Center continues with Miss Bullock and Miss Brassard in charge. Tonsil and adenoid defects found are much slower on correction. One reason being the difference in opinions given by the medical profession. All defective cases, found by the school physician, are visited during the year, to learn what may be done for the student.

> Respectfully submitted, MARY H. CAREY, Nurse Director.

REPORT OF SPENDING COMMITTEE SECRETARY'S REPORT

The Spending Committee is comprised of the following members for the year:

Dr. J. A. Ferguson, Chairman; Mrs. Margaret Guilmette, Treasurer; Mrs. Marion Balch, Secretary; Carroll Stoughton, Clinton White, George Hunter, Elmer Bennett, Mrs. Sally Sherman and Mrs. Florence Amadon.

The committee members were divided into sub-committees as follows:

Community House Committee: Margaret Guilmette, Ch.; Carroll Stoughton; and Elmer Bennett.

Community Field Committee: George Hunter, Ch.; Clinton White; and Marion Balch.

Community Camp Committee: Sally Sherman, Ch.; Dr. Ferguson; and Florence Amadon.

Scholarship Committee: Carroll Stoughton, Ch.; Clinton White; and Marion Balch.

Regular meetings are held on the 4th Thursday of March, June, October and December, and special meetings whenever necessary.

This year 9 meetings were held, as it was necessary to find a new Superintendent and Matron for the Community House, after the resignation of Mrs. Sarah Daley who served most ably as Matron and Superintendent since the death of Mr. Michael J. Daley.

Many fine applications were personally interviewed which made a choice very difficult, but by the unanimous vote of the committee, Mr. and Mrs. Robert Snell were called and accepted the positions of Superintendent and Matron of the Lancaster Community House.

The committee fully realize that it is difficult to step into the new positions after they have been so ably carried on for more than 22 years in accordance with the will of the late Col. Town and also with the best effort possible for the enjoyment and use of all Lancaster people.

We feel very fortunate in obtaining Mr. and Mrs. Snell who are conscientiously carrying on in the same tradition and manner which has been evident always from the beginning of the Community House. The full cooperation and thoughtfulness of Lancaster people is always appreciated.

Appropriations have been made for the Col. Town School Prizes; Juvenile Library; Girl Scouts; Brownies; Outside School District; Skating Rink; Child Health Station; Kiwanis Club Playground; Hospital Auxiliary; New Health Center-Cub Scouts; School Activities; Swimming Pool; Transportation for boys and girls to Boston for the League Baseball Games.

All accepting appropriations are required to return an itemized report of their expenditures for the amounts appropriated, to the Col. Town Spending Committee.

The outside of the Community House was painted this year; three new chairs were purchased for the parlors; pingpong was set up on the seldom used billiard tables; and a floor machine was bought for use in the house and hall. A complete inventory was also taken of everything in the house.

As the activities on the Community Field have increased each year, it was necessary to have much work done on the field and the tennis courts this year. It also seemed advisable to have a recreational adviser of field activities through the summer months. Mr. Landroche was the well-liked and efficient adviser. The side hill bleachers were unsafe and were voted torn down. The new ones will be so constructed that the planks are placed across cement blocks, and can be removed for storage during the winter, and replaced at less expense whenever it becomes necessary.

The Community Camp had a most successful season under the capable superintendents, Mr. and Mrs Carl Hartford. Nearly 4,000 people signed the guest book and many enjoyed the facilities of the hall, grounds, and grills. Two new grills were added, and the cabins were rented through the summer.

Several students have again requested loans through the Scholarship Committee, and have thus been able to further their education. It is always a pleasure to be able to help the young men and women. It is also a sincere desire of the committee to have the loans repaid promptly, so that others may have the same opportunity.

Flowers were placed on the cemetery lot for Col. Town on Memorial Day and all through the summer months.

There will be a new fire-escape on the Main Street side of the Community House in the very near future, to meet the State fire laws.

All figures are available through the Treasurer's and Superintendent's reports.

The Committee wishes to thank the townspeople, Superintendent and Matron, and the Care-takers of Community Camp for their interest and cooperation.

> Respectfully submitted, MARION M. BALCH.

> > Secretary.

The several rooms in the Community House have been in nearly constant use and demand by the townspeople during the past year.

The Hall has been especially busy with the many athletic events, dances, parties and larger group meetings taking place there.

The basement recreation room has been used extensively by the young people, the women's bowling league and many others.

The Community Field seemed to be a popular place for recreation during the spring, summer and fall months, and we expect the coming season to be a busy one.

A list of groups and organizations enjoying the use of the building would include the following:

Y-Teens, Chamber of Commerce, Arts and Crafts, Farm Bureau, Dramatic Club, Noyes Free Lecture Fund, Child Health Clinic, Physical Therapy, Hi-Y Club, Unity Club, Girl Scouts, Red Cross, 4-H Club, Business and Professional Women's Club, Cub Scouts, St. Paul's Guild, Tabernacle Society, Parent-Teachers Association, Brownies, Board of Trade, Churchmen's Club, Personality Development Course, Artificial Breeders Association, Daughters of Isabella, Hobby Show, Writers' Club, American Legion Auxiliary, Blue Cross, Teachers Association, Mountain View Orchestra, Kiwanis Club, Wesleyan Club, Young Women's Christian Association, Committee Meetings and many School Activities. Our appreciation is extended to the people of Lancaster, and to the various organizations and individuals, for their cooperation and the fine way in which we've been received in your community.

We would like to thank the Col. Town Spending Committee for the guidance and counsel given us in our new endeavor. We feel that they have been most kind and tolerant. Respectfully submitted,

> ROBERT J. SNELL, Superintendent.

Civil Defense Report

During August 1950, John W. Baker, was appointed by the Selectman as Civil Defense Director for Lancaster. Mr. Baker appointed his leaders and had two organization meetings but then found that owing to his work being away from Lancaster considerable of the time it would be necessary for him to resign. His resignation was accepted and Leo G. Collins was appointed to continue the work with Albert J. Kenney as Assistant Director. The following are the committees, giving leader and assistant leader, respectively:

Warning and Communication Center-Wilbur M. Schurman, Philbert Remick.

Refugee Unit—Rev. W. H. Crouch, Daniel J. Truland. Fire Fighting Unit—Harold Chase, John Evans. Police Unit—Ramon Hanson, Bert McLain. Air Warden Control—Ross F. Stanard, John L. Barnes Engineering and Rescue—A. L. Torrey, Charles Moody. Transportation—John D. Roberts, Cleo Marshall. Health, Sanitation, Medical, First Aid and Nursing—Dr.

W. M. Bronson, Leader.
Administrative—C. Newton Heath, Miss Mary E. Rines.
Ground Observer—Victor B. Scruton, Leader.
Evacuation—Elmer J. Dickey, Elmer Swift.

The Refugee Unit with the assistance of Air Wardens have done a very good job on the survey of the town, as to number of refugees that could be cared for, clothing, cars, trucks and ambulances that would be available. This is all catalogued so that placement would be immediate.

The Fire Fighting Unit has a completely organized committee, both as to personnel and equipment, which could go to work immediately. The Police Unit has appointed Auxiliary Police and each has been assigned their respective area.

The Air Warden Control has been very active, having had three organization meetings, which were well attended. Loyalty Oaths have been given and booklets, "Survival Under Atomic Attack", have been delivered by them in each of their respective areas. The Engineering Unit has equipment and manpower available and in readiness upon an alarm. The Medical Unit is fully staffed and prepared to set up an emergency hospital in the former Golf Club House.

Considerable clerical work has been done by the Administrative Unit, and the room which was formerly used by the Public Health Nurse in the Town Hall will be set up as headquarters for this unit, together with the Communication center. The Warning and Communication Unit is prepared to go on duty upon any official call.

The Ground Observer Unit which is being handled by the American Legion has had the original Observation Post returned to its former location on Main Street and has volunteers for its operation. Transportation and Evacuation have all necessary automotive equipment listed for their work.

Persons interested in any of the above work are urgently asked to contact the Leaders of the Unit in which they are interested and their assistance will be greatly appreciated. Only by a well-organized Community Civil Defense set-up can we attain the State's objective and that means 100% cooperation within the community.

I sincerely appreciate the fine work done by all Leaders and Assistants, Air Wardens for their survey, O. Leo Connary for his services in administration of Loyalty Oaths, and for the typing which has been cared for by Miss Mary E. Rines.

Respectfully submitted,

LEO G. COLLINS.

OFFICIAL WARNING

NINE SHORT BLASTS on local fire alarm-

Everyone take cover; traffic will stop. In case of an ACTUAL ALERT Civil Defense personnel will wait until the danger is over and then report to their station.

TWO SHORT BLASTS on local fire alarm-All Clear.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Lancaster Town School District:

In my third annual report I shall present for your consideration problems which concern the educational welfare of your boys and girls.

Teaching Staff

One change has been made this year in the teaching assignments in our rural schools. At the close of school last June, Mrs. Leloa Hall resigned her position in the So. Lancaster School, to accept a position in the Union District. Her position was taken by Mrs. Patricia Gormley. All the other teaching assignments remain the same.

School Buildings

During the summer routine cleaning and repair were made to the schools. The exteriors of all five schools in use were painted. The interiors of the So. Lancaster and the Grange schools were redecorated. It is my recommendation that at least two schools each year be repainted in the interior and that when the present exteriors begin to show the need of paint that one exterior a year be considered in the budget. Such a program of continuous upkeep will not be too great a financial burden in any one year. At the same time we shall be providing an adequate maintenance program. A sound maintenance program is the best protection we can give our district owned property.

Director of Elementary Education

This year it has been possible, through the State Department of Education's National Forest Reserve Funds, for our districts in Supervisory Union No. 31, to have the services of Miss Helen Phelps as our Director of Elementary Education. This is to be a two year program at no expense to our districts. Her work is solely with pupils and teachers in developing sound educational practices, will be in charge of pupil guidance problems, and will assist teachers in the testing, teaching and evaluation of their subject matter. She comes to us from Valhalla, N. Y., where she was Reading Consultant. Being a native northern Vermonter, she understands our problems and our schools. We expect significant advancement from her work with us.

Col. Town Fund Donation

This year, purchase of a series of victrola records, texts and materials were made possible from Col. Town Fund Donations. These are in use in the Stebbins Hill School. Modern maps and visual material will be purchased as soon as definite selection has been made by the teaching staff. The remainder of the donation will be spent to provide playground equipment for the schools not having such material.

Oil Burner Installed

At the Grange School, a circulating, oil fired heater has been purchased and installed. During the past few years it has become increasingly difficult to obtain good, dry wood for heating the schools. In addition, janitor service has become more expensive. The school board has felt that a shift to oil heat might prove more desirable in the long run. The fact the building is warm in the morning when school begins is the most significant advantage of this experiment. I recommend that at least one oil burner be installed each year to provide this type of heat.

Unused Buildings

Although the district authorized the school board to sell any old buildings not in use, none have been sold as yet.

Typewriters

Portable typewriters were procured from government surplus property free of charge. One such typewriter has been placed in each school for teacher use.

Census

The 1950 census figures would indicate an increase of tuition pupils to the Union District within the next few years since the most of the increase is found in sections of the town district where pupils normally attend school in the village.

Grades 7 and 8

In the village district the 7th and 8th grades are now a part of the high school since these grades have become an "Approved" Junior High School. This really means that the high school starts at grade seven. It is now a six-year juniorsenior high school program that is offered.

During the past few years there has been an increased number of requests for 7th and 8th graders to be sent into the village district because of the greater educational advantages to be offered to this age group.

This year your school warrant contains an article asking the citizens of the Town School District to act on this important matter. The school board feels that these 7th and 8th graders should be tuitioned into the Union District. To do this would cost the Town District about \$2,000 more than is called for in the proposed budget for 1951-1952. The decision rests with you, the citizens of the Town District, as to whether you will provide this educational advantage.

Kindergarten

The opening of the kindergarten in the new elementary school has brought requests from residents of the Town District to have their pupils tuitioned to the kindergarten group. To do this would cost the district about \$1,375 as there are eleven pupils living in the village section of the Town District who will be eligible for the kindergarten next year.

This is another article found in the warrant this year as the school board feels that such an additional expenditure should be placed squarely before the voters of the district to make this important decision.

Conclusion

This has been a most difficult year in certain of the rural schools due to the heavy increases in the enrollment but through the cooperative efforts of your teachers the problems have been met. I wish to express my sincere appreciation for the fine work they have done. Your school board has been constantly aware of our rural school needs and through its efforts has met these problems in such ways as seemed best for the district.

I am grateful for the cooperative attitude of the school board, teachers and parents for their help this past year.

> Respectfully, C. NEWTON HEATH, Superintendent of Schools.

> > Treasurer.

Bennett, Term Expires June 30, 1951 TRUANT OFFICER & CENSUS Alpha Kingsley **AUDITORS** Laurence J. Paul Roger W. Rhodes SUPERINTENDENT C. Newton Heath

REPORT OF THE BOARD OF EDUCATION

As in previous years this report will cover the year now ending, although our fiscal year ended June 30, 1950. In this way the District has a summary of events and progress up to date as well as a notation of current and anticipated problems together with possible solutions.

For the board this has been by far our busiest year, filled with many meetings with the building committee, artchitects, contractor and others, as well as our regular monthly board meetings. We wish to thank each and every committee, organization, business firm and individual who has worked with us this past year, and without whose help far less would have been accomplished.

Relations with the teaching staff continue excellent. The salary schedule under development for the past two years is nearly complete. In the past salary has been a pretty hit or miss proposition with minimum salaries for women primary teachers and a maximum for men teachers in high school. More recently, educators and the general public as well have come to realize that as much training, ability and experience is required to teach a first grader as a high school senior, and that equal work deserves equal pay regardless of sex. There is an item in our budget to begin the implementation of our salary schedule, giving appropriate recognition of both training and experience. The salary question is further complicated by the steadily rising cost of living with which we all are only too familiar. This matter occasions another item in our budget. Our action in this matter is in line with the actions of neighboring districts, and in general with those throughout the state and nation.

We anticipate that as the nation enters further upon a war economy manpower requirements may affect teacher procurement as it did in the last war.

The program of renovation and maintenance of the Academy Building has been continued. All corridors and stairways were painted with fire resistant paint as required by law. The old fifth grade room was converted to an audiovisual room. Several floors were sanded and resealed. Seats and desks were refinished. Incidental to the construction of the new building the southerly foundation of the Academy Buildings was reinforced, and the water and electrical entrances replaced. A new roof was erected over the auditorium.

During the coming year we hope to renovate the ground floor, including the auditorium; refinish the girls' toilet; and repair the roof and ventilator system. All three items are urgently needed. The ground floor rooms have not been redecorated for many years, the ventilators are rusted away, the roof leaks seriously, and the fixtures of the girls' toilet have passed beyond the stage of economical repair or even sanitary maintenance.

Several of the electrical circuits in the Academy Building are seriously overloaded. Correction of this condition will constitute a major project which we feel should be undertaken as soon as our budget will permit.

During the past few years the Board has received several requests for an agricultural course in the high school. We feel that this has definite value and will give it serious consideration as soon as facilities are available for such a course.

The old primary building has been sold, as authorized at our last annual district meeting, to Carl Lesnick, the only person to make a bona fide offer on the property.

At the Special Session of the Legislature held after our last Annual District meeting the contribution of the district to Teachers Retirement was substantially increased. Although an excellent thing in itself, it was wholly unforseen, and caused an overdraft in that item.

In furnishing the new building we have endeavored to be as economical as possible, utilizing equipment from the old buildings as much as possible, much of it refinished by the Manual Training Department. Especially worthy of note is the manufacture of new wardrobes and storage cabinets by the Manual Training students under the direction of Mr. Jones. The product was not only excellent but saved the district considerable money.

Of course the highlight of our year was the occupancy of the new elementary building on January 22, 1951. A1though not as early a date as originally expected we feel that with prevailing national and international conditions as they are we are fortunate to have occupied when we did. Several materials used in its construction are already unavailable for civilian construction, and the building could not be erected now for 150% of its cost. This building is nationally recognized as the cheapest fireproof school building per cubic foot erected in 1950-51 in these United States. It is considered the best in arrangement and design of any built to date in New England. Building committees have come from all neighboring states to inspect it. Rather than describe it further we invite all who have not done so to visit the building.

It is not possible at this time to acknowledge in detail all the many contributions, gifts and services given in the past year by a host of friends of our schools. The Board and the District realizes that without them the building literally could not have been erected and furnished. We are grateful.

One man, however, should be mentioned specifically, Supt. C. Newton Heath, whose services were truly vital, and far greater in scope and magnitude than those usually rendered by a superintendent. In simple language he did all the work.

> WILLARD F. BEAN, ROMA D. NAY, JOHN GORMLEY, Board of Education.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Lancaster Union School District:

The events of this past school year have been of such scope that to try and consolidate them in a concise report to you is a difficult task. However, I shall attempt to include herein only such items as are paramount.

Staff

Mr. Anthony Guarino, a graduate of Plymouth Teachers College in 1950, was elected to the position of director of physical education, replacing Mr. Luther Smart, who has reentered the Air Corps.

Mr. David Wade, also of Plymouth, replaced Mrs. Rosamond Ingerson, who retired from teaching in June of last year.

Anticipating the change in the elementary school teaching assignments, Mrs. Leola Hall of Lancaster was appointed to the new position as teacher of grades 5 and 6.

Mrs. Elizabeth Chase of Lancaster was elected as teacher of grade 5 for the current year, filling the vacancy left by the death of Elizabeth Carpenter Burns.

Mr. Leo Landroche who completed last year's teaching assignment in the eighth grade was elected to the same position for the current year.

Mrs. Kathleen Cardinal was appointed teacher of the Kindergarten to start employment as soon as the new elementary school should open.

Director of Elementary Education

This year it has been possible through the State Department of Education's National Forest Reserve Funds, for our districts in Supervisory Union No. 31, to have the services of Miss Helen Phelps as our director of Elementary Education. This is to be a two year program at no expense to the districts. Her work is solely with pupils and teachers in the first six grades. She will assist the teachers in developing sound educational practices, will be in charge of pupil guidance problems, and will assist teachers in the testing, teaching, and evaluating of their subject matter. She comes to us from Valhalla, New York, where she was reading consultant. Being a native Vermonter she understands our problems and our schools. We expect significant advancements from her work with us.

Professional Improvement

Many of our teachers have been participating in programs of professional improvement. The Elementary Workshop held in Colebrook for a three weeks period last summer, was attended by our elementary teaching staff. During the school year many secondary and elementary teachers have taken a fifteen weeks extension course in Principles and Fractice of Guidance given by our State Department of Education. Our teachers are to be congratulated for the extra time and energy given to these fields of improvement for in the long run it is really your boys and girls who profit from these professional improvements of the teaching staff.

Lancaster teachers are also serving on the Northern New Hampshire School Study Council.

School Plant

Many changes have been made in our Academy building during the year, most of which were necessitated by the new elementary school building.

The old study hall has had the seats removed and these seats have been installed in rooms on the first floor where elementary grades have been formerly housed. In place of these seating units, tables constructed in the trades and industry classes have been placed in the library-study hall.

The entire bookkeeping equipment and classes have been moved from the third floor to the first floor into what used to be the eighth grade room. This move made it possible to expand our home economics program to occupy the entire three front rooms of the third floor.

The former 6th grade room on the first floor has now been equipped as a general science room for grades seven, eight, and nine.

Stair walls and corridors of the academy were painted with fire-resistive paint in compliance with the state law as passed in the last session of the legislature.

The opening of the new elementary school has provided adequate room for our grades, kindergarten through eight. Our classes have been divided so that the teacher-pupil load ranges from 20 to 30 rather than the heavy class load of 35 to 55 pupils per teacher.

After two and one half years without adequate place for the physical education classes, the new building provides excellent opportunities for this phase of our program. Doubling as a cafeteria, the room has maximum use during the entire school day.

Other outstanding features of this new school plant include the kindergarten area, community health center, and teachers' room.

An Approved Secondary School

The erection of the new elementary school has made it possible for our high school program to be expanded. This expansion of work areas made it possible for our seventh and eighth grades to be organized as an "approved" junior high school. Thus our overall school organization is on a sixthree-three plan; six years of elementary, three years of junior high, and three years of senior high school. Such an arrangement in the 7th, 8th, and 9th grades allows the departmentalizing of our subject matter and provides a better program for our boys and girls.

Trades and Industry Project

The boys enrolled in our trades and industry classes constructed all cabinet and wardrobe units for the new school. Tables for the cafeteria and the library were also built by them. Many minor projects such as cupboard shelving, work benches in the cafeteria, and metal work were completed by our shop classes. These were very practical activities in their chosen fields of work and besides providing excellent experience, they saved the school district about \$6,000. Praise is due these boys and their instructor, Mr. George Jones.

Proposed Increase Time for Music

It is planned to increase the time for instrumental music instruction by employing Mr. Gardner Wentworth for an extra day during the next school year.

Such an expansion of this program will provide opportunity:

1. For more work in smaller groups, and all groups can be more evenly divided.

2. To establish satisfactory student-conductor classes.

3. To do more in the way of music appreciation by use of the radio and records.

4. To build a very flexible schedule for the third day, and thus be able to give special help to any students who need and desire it.

5. To do something about a school band.

Such an extension of our musical activities will increase the effectiveness of an already fine musical program. Needs

An urgent need will be the finish grading of our new school and the construction of hard-surfaced play areas for our playground. This should be provided at the front and rear of the new building.

Our academy auditorium and three classrooms on the first fioor should be redecorated thereby completing the classroom redecorating program started three years ago. The roof on the academy is in need of replacement since there are several leaks in the present one and much patching has already been done.

As soon as is financially possible, we should sand blast the brick and repaint the woodwork, thereby presenting a unified appearance with our new school.

Conclusion

Many changes toward a more effective educational program have been in effect this year, but none of these could have been realized without the complete cooperation of our teachers and school personnel. There have been many trying situations and our staff has always been patient and understanding. I wish to express my sincere appreciation for the help the staff, janitors, principals, school board, P. T. A., and citizens have given me in administering the schools of the Union District.

> Respectfully submitted, C. NEWTON HEATH, Superintendent.

PRINCIPAL'S REPORT

Mr. C. Newton Heath Superintendent of Schools Dear Sir:

I herewith submit my report as principal of the Lancaster High School.

Of the 52 in the graduating class of 1950, eight are in college, two in nurses' training and seven in business or training schools. Seven are engaged in clerking or stenography, two are working in mills, two are telephone operators and five are at home. Eight of the boys are in the Service, four are farming, one is doing hotel work and one electrical work. Four of the girls are married and one is doing housework.

The attendance record for the year 1949-50 was 95%. The average number of tardinesses per pupil was 3.6. The attendance for the first half of the year 1950-51 was 94%, and the average number of tardinesses per pupil 1.06. The total high school enrollment for this year is 323. This includes the seventh and eighth grades which are now part of the high school organization. Since the opening of school three pupils have left and twelve others have transferred to other schools.

Following are tables with reference to this year's registration, classes and subjects:

| | | |

Following the occupation of the new elementary building the single session schedule for the high school was put into effect. While for the senior high school this meant mainly a change in time of periods, for the seventh and eighth grades it meant a complete revision in scheduling. With additional room space it was now possible to reduce the size of classes by dividing these grades into three groups instead of the usual two, and because of the smaller classes to set up a program for the seventh and eighth grades which would meet the requirements of an approved junior high school. The seventh and eighth grades are divided into three groups as follows: twenty-eight in the eighth grade, twenty-six in the seventh grade, and twenty-eight in a combination group made up of fourteen eighth grade and fourteen seventh grade pupils. Included in the requirements for an approved junior high school are double periods in manual arts and domestic science. Smaller classes have made it possible to schedule such periods.

The program for the high school now consists of two sixty minute periods and four fifty minute periods of regular class work and in addition to these a forty minute lunch period and a fifty minute activity period which comes at the close of formal classes. This has reduced the total school time so that now, even with the additional activity period, school closes twenty minutes earlier than formerly. Although part of the reduction in time is due to the shortening of some of the periods, the main reason for it is because of the saving of time made possible by the noon lunch program. Between two hundred and twenty-five and two hundred and fifty high school pupils are eating their lunches in the cafeteria each day.

The periods for the Trades and Industries classes, which must be three hours in length, are from 8:10 to 11:10 and 12:00 to 3:10. This makes it possible for those taking the afternoon course to regularly take part in activities. However, it has been arranged so that a pupil may take part in at least one activity during the week and it is hoped that arrangements can be worked out so that all Trades and Industries pupils can take part in all activities.

Among the activities scheduled during the activity period are the following: senior orchestra, boys' and girls' glee clubs, dramatics, junior and senior science clubs, a cooking club, a junior outing club, an agriculture club, a dancing club, skating, hockey, skiing, volley ball and basketball. The Y-teens meet on alternate Tuesdays during the activity period. In addition to the other activities group work in the field of guidance is also carried on during the activity period. For those who prefer to study rather than be in some activity each afternoon a study room is made available.

Although the new program has involved, as expected, certain problems, it is working out very well and will, I am sure, be very beneficial to a great majority of the pupils.

In closing, I wish to thank all who have assisted both financially and otherwise in support of the school activities and, also, to express appreciation to the teaching staff and student body for their excellent support and cooperation.

Respectfully yours,

CARROLL STOUGHTON, Principal.

ELEMENTARY SCHOOL REPORT 1950-51

To Mr. Heath and Members of the School Board:

The packing of textbooks and all other school materials in preparation for moving into the new school building in the fall, marked the final days of a year during which we met with some adversities, the most disturbing of which was the loss of Elizabeth C. Burns from our staff. Despite this and other changes in our staff, the necessity of employing substitutes so frequently, and the large classes in most instances — standard test results revealed that in every grade the pupils had made reasonable progress which compared favorably with national norms and standards.

As the date for the re-opening of schools approached, the communication was received to the effect that we would carry on under the same arrangements as during the previous year until the new building was ready. Every teacher made every effort to plan her instruction so that no child would be deprived of any opportunities during the ensuing weeks.

Mrs. Laurence Hall, newly added to our regular staff, spent her time in both the fifth and sixth grades until these classes could be divided to make up her group.

Early in October it was announced that the services of a "Director of Elementary Education" were to be available to the teachers through the operation of a pilot program in this union. Everyone recognized previously the need for resource personnel and so they felt that worthwhile additions to and alterations in our curriculum would develop under supervision of this sort.

During the first semester the majority of the elementary teachers completed an extension course in "Principles and Techniques in Guidance" under the instruction of a member of the State Department of Education. Participation in this course should serve as a basis for an organized program in Guidance.

Early in January a definite date for the completion of the building was the signal for a final re-assembling of materials and on the bright, brisk morning of January twenty-second the various groups of children with their respective teachers set forth for their new rooms amid an air of great expectancy. Many in the group, adults and children alike, realized that we were entering together a new era in education in our town as we were admitted to this modern building.

Many adjustments both expected and unforeseen will have to be made but judging from the routine into which

many details have already fallen in this short period, our program should soon be operating smoothly.

The fact that kindergarten and the first six grades are, hereafter, to compose the elementary grades, while grades seven and eight fall under the high school program, seems to be a most satisfactory arrangement.

We have noted the interest the general public has taken in the building in all stages of its development thus far and we look forward to a continuance of this awareness of the school in this community.

Respectfully submitted,

GRACE ENMAN, Principal.

MUSIC SUPERVISOR'S REPORT

Mr. C. Newton Heath Superintendent of Schools Dear Sir:

I am pleased to submit my second annual report on the vocal music in the Union School District of Lancaster.

The program from last year was continued, the music supervisor visiting the first six grades twice a week, working with the youngsters, starting them on new problems, with their home room teachers carrying on between times. As this method is being carried out the grade teachers and youngsters are having music, not only at a regular time during the day, but feel free to sing between other classes, thus proving that music is a subject that can always be used, for relaxation, for a stimulus, for co-ordination, etc.

Different grades have been together to sing the different songs they have learned, thereby sharing their pleasure with others. The first six grades had a Christmas program in the Community House, all the children having a chance to take part, either alone or in a group.

Since going into the new building, with the additional rooms, one visit a week, a little longer in duration is the most that can be managed. Assembly programs will be planned, as the auditorium will now be available, and will be such a help in so many ways.

This year we have tried a different system in the 7th and 8th grades. We have let those who wished, go to music once a week, just to sing, because they so desire. Very few chose not to go, which is most gratifying.

One day a week is spent with six different groups of High School boys and girls. Last year we ended the year with ninety-two in our Glee Club—this year we have one hundred twenty-four. During the year we are always called upon to participate in Community programs, and are always happy to do so.

The North Country Sectional Music Festival is to be held in Lancaster, April twentieth, at which we will have a very good representative group. We also hope to be reprecented for the first time at the All New England Music Festival, which is to be held in March in Auburn, Maine. We plan to send as many as possible to the N. H. Music Festival, which is being held in Portsmouth., in May.

The new Music Room certainly is a wonderful help, for which we all are very grateful.

Respectfully submitted,

RUTH C. WENTWORTH, Music Supervisor.

PHYSICAL EDUCATION REPORT 1950-1951

In the physical education program, the first problem 1 was confronted with was to learn the pupil; that is, his or her strengths and weaknesses, ability, and general makeup. Needless to say, it was just a matter of two or three weeks. Because the groups were not formed according to heterogeneous grouping, I found a problem of hitting the "happy medium," whereby the fast group would not be retarded, nor the slow group rushed. After a few unsuccessful tries at this, I just let it go hoping that the slow group would catch up.

In the fall the boys from the seventh grade up to the twelfth learned rules, and skills, and the actual playing of football. This sport without a doubt took to the group very well. Soccer was also another sport that they learned much in the same manner as football. However, this was a new game to most of the groups, but rapidly became very popular.

During the fall the girls in the same grades also played soccer along with softball. They played in the same manner that the boys did in that they learned rules and skills before playing the game. A few of the hardier girls played football also. There were some types of relays which didn't take too well so didn't last long.

Inside the building we have gone into tumbling and volleyball pretty extensively. I haven't had the opportunity to make use of any audio-visual aids as yet.

In the elementary grades they have played games most of the time with a few exceptions. We have had a little tumbling, boxing, football, and softball.

We are in need of two more mats for tumbling and boxing. I hope that we can get them. The new physical education room is a great help to the program. There are a few minor difficulties that have yet to be worked out, but with the progress that has been made in the past, I am sure that this will develop also.

Respectfully submitted, ANTHONY GUARINO, Athletic Director.

July 12, 1950

REPORT OF BUILDING COMMITTEE

It is with pleasure that the Building Committee makes this report, which will probably be the last until the final acceptance of the Building.

During the past year, many meetings have been held incidental to details concerning the Building, and furnishings.

On January 22, 1951 the new Elementary School Building was ready for occupancy, and although a little later than we anticipated, due to problems quite out of anyone's control due to inability to get materials here, we feel that the delay was not too strenuous on anyone.

February 10 and 11, 1951, Open House was held with teachers in their rooms to discuss any problems and to explain the work of the students if desired. On these two days, many people visited the school, and many desirable remarks have come to our ears, and we are justly proud of the completed work.

There still remain some items to be completed and when these minor details are taken care of, the building will be accepted and a complete report given at that time.

The work has been interesting, the Committee has given its time and energy to assignments, and only through the splendid work of the Superintendent of Schools and the School Board could such a job be done, as our work was often entirely advisory nature, as the final say must rest with the School Board. This was done to everyones entire satisfaction and the completed Building is a real asset to our Community.

We sincerely hope that the people of Lancaster feel as we do that the new Elementary Building is as fine a building as will be found in the State of New Hampshire, and that the students will enjoy being housed in this new modern school.

Respectfully submitted,

MRS. MARGARET GUILMETTE, Clerk, Building Committee.
