ANNUAL REPORT
OF THE
SCHOOL BOARD OF LEE

FOR THE YEAR ENDING MARCH 1, 1893.

As has been the custom of our predecessor's we report that we have had three terms of school at South Lee taught by Frank J. Davis. Mr. Davis being well known it would not be in good taste for us to recommend him to you; we think he has had the support of this section of the town and we believe he has given general satisfaction.

The Spring term at the Turnpike was taught by Mrs. Martha E. Buzzell. Mrs. Buzzell has had large experience and commenced the school with a desire to do her best and would have succeeded, we think, if she had been supported by the community.

The good book speaks of the prophet that lacked not honors save in their own county and home.

The Summer and Fall terms were taught by Miss Adeline Estes of Rochester. Miss Estes has no superior as a disciplinarian and it was evident that she commanded the respect of her scholars and every one she came in contact with, we heard nothing but praise of

her as a teacher and we were pleased with the advancement made.

The one term at Wednesday Hill was commenced and taught eight weeks by Mr. F. J. Shermaa, and six weeks by Mr. Elery D. Jenkins; we visited this school at its close and were much pleased with his manner of instruction, order and the advancement the school had made since our last year's visit. As this was Mr. Jenkins first attempt at teaching we were disappointed in him, he was more of a teacher than we expected to find.

The scholars of the central part of the town were taught ten weeks by Ida Belle Thompson.

At Lee Hook arrangements were made with the Newmarket School Board to pay one half of the expense of the Plains school for the year.

We are sorry that we cannot speak in such cheerful language as the reports of some of the previous boards have of the accommodations and surroundings of the South Lee school; there are two families at least that have not attended school for any length of time for the last three years. Now, as we understand the law, the school money is for the use of every child, divided as near as possible; there is no need of argument to prove that it is not so used, and it seems to us that there is a criminal neglect with some one. We feel that we do not care to share this criminality. If it is best for the borders of the town to be set off for school purposes with other towns, why not do it at once; if not, come to terms whereby the scholars can be accommodated in other towns.

If in these brief remarks we have used language that is not manly, we are sorry. We feel that we have done what we thought to be right without fear or favor. Our friends have our kindest regards, and we have no spirit of revenge or malice for those that are not in that class.

Very Respectfully,

ISAIAH D. EDGERLEY, } School Board
JOSEPH E. JENKINS, } of
LEWIS I. DEMERITT, } Lee.
