## Report of the Milton Fire Department

---

The department answered the following calls in 1954:

- 17 chimney fires
- 9 brush and grass fires
- 3 town dump
- 6 building
- 3 gas stoves
- 1 transformer
- 1 lost child
- 1 false alarm

The department answered seven out-of-town calls.

Early this spring the town will go on the dial system. This means there will be no telephone operator to send in fire calls, instead there will be what is called the Red Network. There will be installed in some of the department members' homes what are called Red phones. When there is a fire, dial the number listed under Fire in your town and stay at the phone until someone answers.

We will send out cards giving the telephone numbers of this system as soon as possible. The fire alarm will be sounded from the Milton Leatherboard Company as soon as the system goes into effect.

I would like at this time to thank everyone associated with the department for their fine cooperation in the year past and hope for their continued support in 1955.

Respectfully submitted,

HERBERT A. DOWNS,

Chief Engineer, M. F. D.

You are hereby notified to meet in the fire house in said district on Saturday, the 12th day of March, 1955, at 8 o'clock P. M. to act on the following subjects:

1. To choose a Moderator for the following year.
2. To choose a Clerk for the following year.
3. To choose a Treasurer for the following year.
4. To choose a Commissioner for three years.

5. To see what sum of money the district will vote to pay the Chief, the Assistant Chief, the First and Second Engineers, and the Firemen, in addition to the amount allowed by law, and the hourly rate to pay the aforementioned men while fighting fire in the district, in the town, in the surrounding towns and to pass any other vote or votes relative thereto.

6. To see if the district will vote to raise and appropriate if necessary a sum of money not to exceed \$1,000.00 to provide additional fire protection or unforeseeable expenses, and to authorize the commissioners to borrow the same on notes of the district, and to pass any other vote or votes relative thereto.

7. To see if the district will vote to raise and appropriate a sum of money not to exceed \$2,000.00 to pay the operating expenses for the ensuing year and to pass any other vote or votes relative thereto.

8. To see if the district will vote to raise and appropriate \$225.00 for fixed charges on alarm system, four red phones and one black phone and to pass any other vote or votes thereto.

9. To see if the district will vote to authorize the commissioners to borrow on notes of the district if necessary, in anticipation of 1955 taxes or pass any other vote or votes relative thereto.

10. To see if the district will empower the commissioners to borrow on notes of the district a sum of money not to exceed \$2,250.00 to replace chassis on forestry truck, so-called tanker and to pass any other vote or votes relative thereto.

11. To transact any other business that may legally come before this meeting.

Given under our hand and seal at Milton Mills, N. H., on this 10th day of January, 1955.

FRANK N. TAYLOR,  
WILLIAM J. MADDEN,  
REUBEN J. EVANS,  
Commissioners.

## Report of the Milton Mills Fire Chief

---

To the Commissioners and Voters of the Milton Mills Fire District:

The following fires occurred in the district from January 1, 1954, to December 31, 1954:

- 5 chimney fires
- 1 building fire
- 2 grass fires

The district also answered the following fires outside the district:

- 1 chimney fire (Acton, Me.)
- 1 chimney fire (Wakefield)
- 1 building fire (Acton, Me.)
- 1 building fire (Union)
- 1 brush fire (Acton, Me.)
- 1 truck fire (Acton, Me.)

In regards to the purchase of another chassis for our forestry truck, so-called tanker, I am of the opinion that we should purchase a chassis as our present one is getting beyond the point of repair, as to common sense in cost.

Our tanker we have now is a 1939 model, which we purchased second hand; it has done very good work up to date, but I will say it is a very doubtful piece of machinery. As you all should know, our tank truck in the last few years has been the one that has had all the hard usage, and I feel that of either unit, pumper or tanker, that the tanker unit is the piece of machinery that will also be the one receiving the hard usage in the years to come.

I would like to request that each and every legal voter in the District make it a point to attend our Annual District Meeting which will be held on March 12, 1955, at the fire station beginning at 8 o'clock in the evening.

In the past years these meetings have had a very small attendance, but I believe this year all should try to attend so we may have your voice on the purchase of a chassis, as it involves a considerable large expenditure.

Wish to thank you all for your cooperation for your help in cutting fire hazards and your fine sense of help in the time of emergencies.

DAMON PIKE,  
Chief.

*To the Inhabitants of the School District in the town of Milton qualified to vote in district affairs:*

You are hereby notified to meet at the Town House in said district on the fifth day of March, 1955, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will vote to raise and appropriate for the support of schools and the payment of statutory obligations of the district for the ensuing year, to be assessed by the selectmen less state aid and other income certified by the school board.
9. To see if the district will continue to raise and appropriate the sum of \$2,500.00 yearly to the established capital reserve fund for building a school Auditorium-Gymnasium in Milton.

10. To see if the district will vote to construct a skating rink adjacent to the Milton Grammar School for use in the winter of 1955-56 and ensuing years, and maintain same, pass any other vote or votes relative thereto. (By petition.)

11. To transact any other business that may legally come before this meeting.

Given under our hands at said Milton this — day of February, 1955.

Total by Grades: 28 I, 27 II, 33 III, 24 IV, 22 V, 21 VI, 26 VII, 18 VIII.				

This year there are no elementary tuition pupils from outside the district. Frank C. Hunter is attending Farmington, Grade 8, from Milton.

Following are the expected enrollments in Grade I, according to the school census: 27 in 1955, 26 in 1956,

28 in 1957, 20 in 1958, and 23 in 1959. The median for the next five years is about the same as the median number now in the grades.

The School District of Milton should doubtless continue an active consideration of a consolidated organization of grades. At present there are eight elementary teachers (Grades 1-8), not counting Principal Piper. There are now four classrooms with more than one grade, one having four grades. No other classroom in supervisory union No. 44 has four grades. With the present staff, each classroom could have one grade only, and not be crowded. This arrangement would result in fewer classes and more individual attention. It would end the disparity of opportunity between sections of the town. I understand that steps have already been taken in previous years to plan for an enlarged school plant in Milton. Proposed state and federal school building aid would be a wonderful help in making this possible. A temporary alternative would be to transport two grades to Milton Mills.

Educational legislation to be sought in the current session of the N. H. General Court has been recommended by the Joint Committee on Public Schools, of the New Hampshire Social Welfare Council with a membership from the following state-wide organizations interested in education: The American Legion, The Farm Bureau, The Federation of Women's Clubs, The Grange, The League of Women Voters, The Parent-Teachers Association, The Social Welfare Council. Recommended measures are:

1. Revision of the law for State Aid to needy school districts so as to provide adjustment between state aid and changes in the cost of a decent foundation program; also to provide for adjustment the measure of fair local effort to changes by the Tax Commission in local valuations.

2. Provision for flat grants of state aid to all school districts. Towns and cities which now have no state aid are obliged to support facilities called for in the larger communities, so that they feel as hard pressed as the smaller places for money to run their schools.

3. A legislative appropriation of \$3,200,000, to be given in the amount of \$2,400,000 for equalization aid and \$800,000 to all school districts on a per capita basis.

The committee also recommends a public opinion poll, to demonstrate the desires of the people of the state for public understanding and support of the schools. They also advocate the formation of a permanent N. H. Council on Education or state-wide citizens committee, to make a continuing study of educational problems.

The State Education Association is also prepared to press for a minimum teachers' salary law to require not less than \$2,500 for teachers without a degree and \$3,000 for those with a bachelors' degree or a life-certificate. The teachers' organization is also proposing a tenure law to provide security of employment. This body is supporting proposed legislation for state aid for building schools, amounting to 25% of the cost of the project, to be financed by a state bond issue. Inasmuch as there is the prospect of extending the compulsory school age to sixteen in all towns, it is proposed that the state furnish one-half of all school transportation costs on district routes through Grade XII.

It is a fact that the features and the quality of the local school program are practically all specified by the state, notably transportation and teacher certification. It is only reasonable, then, that the state as a whole

adequately come to the aid of local real estate tax sources with some type of broad-base taxation that will relieve the local tax rate. Such action will only result from a ground-swell of popular demand by the people of the state as a whole.

In conclusion, may I thank the school personnel and other citizens of Milton for their cordial cooperation ever since I became your superintendent of schools July 1, 1954.

Yours respectfully,

CHESTER W. DOE,  
Superintendent of Schools.

January 22, 1955.

## REPORT OF THE PRINCIPAL OF THE MILTON GRAMMAR SCHOOL

*To the Superintendent of Schools, the School Board  
and Citizens of Milton:*

### **Enrollment:**

At the opening of school, on September 8, 1954, the enrollment at Milton Grammar School totaled 134 distributed as follows: Grade 1, 22; Grade 2, 24; Grade 3, 24; Grade 4, 17; Grade 5, 18; Grade 6, 11 and Grade 7, 18. Transfers and new enrollments have brought the total to 128. Of this number 63 are regularly transported by bus. There are no tuition pupils this year.

### **Curriculum:**

Good educational backgrounds must be developed in the elementary schools if children are to be well prepared for high school and higher education. To be well prepared a child must have a good foundation in reading, arithmetic, writing and other basic subjects. At the grammar school we are concentrating on these fundamentals. In the reading program a child is placed in the group where he works best, and continues to work with that group. Thus it is possible to find a third grade child who is working with a group that is finishing a second grade book. Promotion is based on improvement as well as on meeting required standards. Pupils are retained because a teacher feels that retention will help the child gain a better understanding of the work of the grade, rather than placing him in a grade where he is unable to work. The child's mental ability is carefully considered.

Intelligence tests have been given to Grades 2 through 7 this year, and the first grade has taken a reading readiness test. These tests are invaluable in

helping teachers place pupils at their proper mental levels. Achievement tests will be given during the year.

We are continuing the use of audio-visual aids as a guide to better understanding of subject matter. The following filmstrips have been added to the library this year: *People of the Mediterranean*, *The Walled Town*, *Monastery Life*, *Life in England*, *Life in Switzerland*, *Life in Holland* and *Janet Visits France*. All of these filmstrips are used in connection with the teaching of social studies. It is hoped that new strips may be added to the library each year. Motion pictures, rented from the Audio-Visual Department of the University of New Hampshire, are shown each month. These films are requested by the teachers and correlate with class work covering such subjects as safety, health and social studies. Titles of some of those being shown this year are: *Colonial Children*, *You and Your Bicycle*, *How Nature Protects Animals*, *New England Fisherman*, and *Land of the Pyramids*. The opaque projector is used to enlarge pictures on a screen for more detailed study. An advantage of this projector is that magazine pictures may be used.

Music plays an important part in our school work. In grade one, songs are taught by rote and the children are taught to listen carefully. Rhythm band work is also emphasized in grade one. At the second grade level music is presented in a manner similar to that in grade one with preparation for note reading which is started toward the end of the year. In grade three note reading has begun and is continued in grade four. Grade five begins work in part singing and this work is continued through grades six and seven. Much of the music is correlated with classwork. For example: if a social studies class is studying a particular country, the songs of that country are studied also. Instru-

mental lessons are given free of charge every other week. At present, lessons are being given on piano, saxophone, guitar and ukulele.

### School Lunch:

Our lunch program continues to get an excellent rating. The staff remains the same as last year with Mrs. Amy Stowe as cook, Mrs. Lois Ellis as assistant cook and Mrs. Elsie Julin as buyer and planner. In addition to the purchase of more dishes and cooking equipment, a new ventilating fan has been installed in the kitchen. Meals are planned and prepared according to regulations of the state director of school lunches, and are served at a cost of twenty-five cents to children and thirty cents to adults. Several needy children receive the lunch at reduced rates. During the period from January to June, 1954 an average of 85 lunches were served daily. From September, 1954, to January, 1955, an average of 100 lunches were served each day. A financial report follows:

Through the cooperation of the State Board of Education a special milk program was instituted in November, 1954. This program enables children to buy extra milk at two cents per bottle. This is made possible by a reimbursement by the federal government. At present eighty children are taking advantage of this program. Milk is also served as a part of the regular lunch program.

### **Special Activities:**

In the spring of 1954 Grades 1, 2 and 3 gave a public musical program at Nute High School. The annual Christmas program was given in December with children from every grade taking part. Money earned from these programs is used to buy supplementary classroom materials such as art supplies and rhythm band instruments.

In April, 1954, the school sponsored a supper at the Parish House. Proceeds will be used to buy playground equipment. We are grateful to Mrs. Stowe, who was in charge, and to all parents and friends who helped make this supper a success.

In October the staff of the grammar school presented a panel discussion at the regular meeting of the PTA. Teaching techniques and class procedures were discussed and explained to the parents. Members serving on the panel were: Mrs. Chase, Mrs. Sloan, Mrs. Foster, Mrs. Rawding and Mr. Piper.

The Milton Woman's Club sponsored an art contest during National Art Week in October, 1954. Each grade submitted three paintings or drawings, and a

prize was awarded the best from each grade. The art work was exhibited at the school during National Education Week and later in a store window in the village. The following pupils were winners: Grade 1, Donna Durkee; Grade 2, Michel Smith; Grade 3, Judith Golden; Grade 4, Clarence Wyatt, Jr.; Grade 5, Durwood Wilkinson of Milton Mills School; Grade 6, Bruce Gatchell and Grade 7, Ilze Balodis. Many fine pictures were submitted and it is hoped that the contest will become an annual event.

In observance of National Education Week a visiting night for parents was held. In order to give parents a chance to talk with teachers about their children's progress there were no classes in session. School work was exhibited and teachers were in their classrooms for conferences. Approximately one hundred people attended.

Ilze Balodis, Grade 7, will represent Milton Grammar School in the New Hampshire Spelling Bee sponsored by the Manchester Union Leader. Ilze was chosen the winner by written examination and will compete in the Strafford County finals in March.

### **Personnel:**

The only change on the staff this year is that of Music Supervisor. Mr. George Boyko replaces Mrs. William Elwell.

Teachers continue to advance themselves professionally by taking advantage of summer schools and special courses. In the spring of 1954 Mr. Piper took a course in Public School Supervision at the University of New Hampshire. Mrs. Sloan attended the summer session at the University of New Hampshire, and Mrs. Julin attended the summer session at Boston University. Several teachers are planning to take courses in the spring of 1955.

Mr. Piper had the advantage of attending the annual convention of the National Department of Elementary School Principals of the National Education Association held at Atlantic City in February, 1954. At this convention discussion groups met to consider such problems as health, administration and curriculum planning in elementary schools. Much valuable information was gained from attending this conference.

### **Milton Mills School:**

Mrs. Gladys Rawding of the Milton Mills School submits the following report:

Milton Mills school opened on September 8, 1954, with a total enrollment of 49. Twenty-six of these were in the lower grade room while twenty-three were in the upper grade room. During the first half of the year we lost one and gained one leaving the present enrollment at 49. A much larger enrollment is expected in the fall of 1955 with a large number in the first grade.

We are following the policies of the previous years. The daily schedule must be rigidly pursued in order to obtain goals prescribed. The vital need of make-up work must be met cheerfully as well as effectively to achieve desired results.

Current health problems have been taken care of by the school nurse. An epidemic of measles seems to be running its course. Any occasion provides an incentive for stressing the need of a good breakfast, plenty of sleep, suitable clothing according to the dictates of the weather, cleanliness and good grooming.

Constitution Day was observed in the upper grades by studying the Constitution as it affected us and learning the preamble. An original play was impro-

vised for Columbus Day for assembly. During National Education Week we had a general exhibition with the climax on Friday when many parents visited.

At Christmas the school presented "The Shoemaker" and "The Nativity." In spite of stormy weather many parents attended.

The music supervisor visits Milton Mills School every other week, spending thirty minutes in each room. Several pupils are interested in playing musical instruments but what time has been given has necessarily been apart from the regular class period.

The staff of the Milton Grammar School and the Milton Mills school wish to join in thanking the Superintendent of Schools, the School Board, parents and friends of the schools for the cooperation that has been given the past year.

Respectfully submitted,

ROBERT M. PIPER,

Principal.

### REPORT OF THE SCHOOL NURSE

*To the Superintendent of Schools, the School Board  
and Citizens of Milton:*

I hereby submit my annual report as school nurse.

All pupils in the elementary schools were weighed and measured during the fall months. Their teeth were checked and many were advised to visit their dentist for care or treatment. Hair and skin were inspected periodically throughout the year, thus preventing the spread of pediculosis or contagious skin diseases.

Because a number of cases of the contagious scalp ringworm existed in one of the neighboring communi-

ties, a Wood's Lamp was purchased for use in the Milton schools. All pupils in both elementary schools and the high school were thoroughly checked during January and February. Only one case was discovered and the child was excluded from school.

Vision tests were conducted in all schools. Defects noted were reported to parents who were advised to take their child to their family optician or ophthalmologist for a more thorough examination.

In September, all pupils at the high school who participate in sports were given a physical examination by Dr. Robert Lord, the school physician. In October, the children of Grades 2, 5 and 7 were also examined.

The communicable diseases for the year consisted of a few cases of measles, mumps and chicken-pox.

In May, the children of the second grade were given the opportunity of becoming pioneers in the Salk Polio vaccine program. Twenty-one pupils participated. This was the biggest and most expensive project of its kind ever undertaken. The clinic was held at the Memorial Drive School in Farmington under the supervision of Mrs. Rose Behan, Public Health Nurse. Dr. Quinn, Dr. Appleyard and Dr. Lord administered the vaccine, which consisted of three inoculations. The first was given May 6th, the second May 13th and the third June 10th. There were no unfavorable reactions from the vaccine.

I wish to express my sincere appreciation to the School Board, the Superintendent and teachers for their cooperation and support during the past year.

Respectfully submitted,

ESTHER T. POLAND, R. N.,

School Nurse.

**REPORT OF PRINCIPAL OF  
NUTE HIGH SCHOOL**

*To the Superintendent of Schools and Members of the  
Board of Trustees:*

I hereby submit my sixth annual report of the Nute High School which opened its sixty-fourth year September 8, 1954, with an enrollment of one hundred and nineteen. Transfers and withdrawals to date have left the present enrollment of one hundred and eleven divided as follows: Seniors, 18; Juniors, 21; Sophomores, 21; Freshmen, 31; Grade Eight, 20.

The approved program of studies is the same as last year with the following alternates being substituted: General Science for Biology; French 1 for French 2; Advanced Algebra and Trigonometry for Fused Geometry; Sociology for Consumer Buying; Economics for Human Behavior; Chemistry for Physics; The Family for The Home; Stenography and Typing for Office Practice; Business Law and Salesmanship for Bookkeeping.

It was with deep regret that the resignations of Mr. Charles Johnson, Mrs. Bertha Lord and Mrs. Lillian Elwell were accepted. They were replaced by Mr. Louis Pagliuso of Boston College, Mr. Clyde Skelly of University of New Hampshire, and Mr. George Boyko of the New England Conservatory of Music, respectively.

The Lunch program continues to function smoothly under the able guidance of Mr. and Mrs. Harriman. Although the average meals served have dropped from about 85 to 70 and our district appropriation has been cut from \$500 to \$300, we anticipate no financial trouble.

Both the French and English classes have made

extensive use of the tape recorder as an aid to improve pronunciation.

The Students magazine, *Practical English*, again is being used to enrich the life of all students, who seem to enjoy this extra source of information.

Continuing to supply the school with many books of all types and grades is the Concord Bookmobile. Some work has been started concerning the organization of an English club which was in operation by the latter part of January.

Each year Founder's Day is observed the week before school closes for the February vacation. There are fourteen students interested in participating this year.

Chemistry students have been busy performing a series of experiments involving reactions which prove to be both valuable and interesting. These include the bending of glass, purification of water, and obtaining oxygen and hydrogen from chemical compounds.

A Science Talent Search Examination was given in December. The winners of this contest, which is nation-wide, are rewarded with scholarships and a trip to Washington.

Making aprons, shirts, pajamas, and housecoats; canning, deep-fat frying, hot breads and pastries were a few of the projects completed by the seventh and eighth grades of the Home Economics classes. Grades nine through twelve are required to complete four home projects which are recorded and sent to the State Supervisor of Home Economics. The Senior girls are competing in the Search for the Betty Crocker Homemaker of Tomorrow through written examinations.

Excellent work, under the experienced guidance of Mr. Nickerson, is being done in shop. Besides regu-

lar class work some extra projects were: moving the thermostat and repairing equipment. A new experience for some of the boys has been working with kiln dried hardwood.

In the Music Department the glee club and triple quartet were continued and a boys' quintet and orchestra have been added. Though its repertoire is limited, the orchestra has been a huge success in its few public appearances. Nute was represented at the State Teachers' Convention by four of our students singing in the State Chorus.

New equipment includes: two sets of clothes lockers, cheerleading uniforms, a Sunbeam Mixmaster, a Sunbeam steam and dry iron, typewriting chairs, desks and a file for the commercial room.

Under the direction of the Guidance Bureau of the University of New Hampshire, the testing program has been continued by giving the Freshmen and Juniors achievement tests and the Sophomores and Seniors guidance tests.

Eligible Juniors will be initiated into the National Honor Society in March by the six Senior members.

The Nute Flash, the duplicated school paper, is being continued under the direction of Mr. Skelly and Miss Goodwin. The value of the journalistic training offered by the *Flash* is shown by the fact that some of our graduates have decided to follow this line of work.

At graduation last year two new presentations were made for the first time—The Sherman Canney and the McCall Fashion awards.

Again we are grateful to the Milton Parent Teachers Association for sending a pupil, Leroy Thomas, to the Conservation Camp. We are also indebted to them for the financial aid which made it possible for Nute

to be represented for the first time at the State Music Festival in Conway last spring.

Some of the extra-curricular activities have included: the Senior play under the guidance of Miss White; volleyball, and softball, coached by Mr. Pagluiso; baseball, Mr. Roberge; and basketball, Mr. Foster. Many Friday night socials have been sponsored by the various classes and clubs.

It seems fitting, at this time, to pay tribute to our veteran teacher, Miss Goodwin, who will have taught thirty years at Nute this March and, who has contributed so efficiently and given so much of herself to the youth of Nute High School.

Sincere appreciation is again expressed to the superintendent, trustees, townspeople, and teachers, for their wholehearted support.

Respectfully submitted,

WALTER J. FOSTER,

Principal.
