# Emotional response to change initiatives

❖ Employees do not understand the goal of the change, thus they do not understand the implications of the change.
❖ Change causes anxiety as the employee does not know how the change will affect their self-interest. IE: do they have the skills to adapt to the change?
❖ Employees view change as disruptive to their routine
❖ Ambiguity can result in employees not trusting leadership

# Prepare employees for organizational change

❖ Develop a change management plan that includes:
❖ Education and communication
❖ Encourage participation and involvement
❖ Facilitation and support
❖ Negotiation and agreement
❖ Defining the need for the change
❖ Developing a vision of the result of the change

Change management plan turns targets of change into partners of change

"What if, and I know this sounds kooky, we communicated with the employees."
