ARTICLE No. 45. To see if the Town will vote to raise and appropriate the sum of 19,000.00 dollars to cover the Town's share of a new bridge over Wonalancet River on 113A. Total estimated cost of this project is 224,000.00, 75 percent Federal aid, the balance to be paid 2/3 by State and 1/3 by Town.

No Action Taken by Finance Committee.

ARTICLE No. 46. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for the use as set-offs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any other action hereon.

“Proposed”

Dump	\$5,000.00
Town Hall & Other Bldgs.	3,000
Town Officers Expenses	3,500.00

Winter Highways	14,000.00
Clerical	4,500.00
	<hr/>
TOTAL	\$30,000.00

ARTICLE No. 47. To see if the Town will vote to close the section of old Route 16 to vehicle traffic and parking, said section being the old route 16 that part, where it goes most closely between new route 16 and the beach on Chocorua Lake. The part of old route 16 north of said section to be closed, to be reserved for parking of Tamworth residents and taxpayers.

ARTICLE No. 48. To see if the Town will vote to accept the roads in Levy Subdivision and said roads to become a part of the Town Road System.

“Note” This could cover 4 different subdivisions.

ARTICLE NO. 49. To see if the Town will vote to approve the following Lease Ordinance.

Any dog found running at large without a license and collar may be disposed of if after ten days such dog is unclaimed. No dog shall run at large or in other ways make a nuisance of itself within the Town of Tamworth. Any dog found violating this ordinance may, at the discretion of the Police Chief of the Town of Tamworth be impounded or otherwise restrained at the expense of the owner of said dog.

Any person who is the owner or keeper of any dog, who shall cause or allow the same to be in violation of this ordinance shall be guilty of a violation and shall be fined a sum not exceeding \$10.00 (Ten Dollars).

Running at large means without the premises, residence or property of the owner and not under control of a responsible individual.

ARTICLE No. 50. To see if the Town will vote to discontinue mailing Town Annual Reports to non-residents. Town Reports will be available to non-residents on receipt of a written request.

ARTICLE No. 51. To see if the Town will vote to continue a special committee to be known as a regional refuse disposal planning committee, consisting of three members appointed by the Moderator. The committee of Tamworth will join with neighboring towns, namely Madison and Freedom, refuse disposal planning committees to form a regional refuse disposal planning board. The board will study the advisability of establishing a regional refuse disposal district, ways for organizations, operation and control of such a district and the methods of selecting, constructing, maintaining and operating a refuse disposal facility to serve the needs of the district. Said Board or Committee shall report their findings and give their recommendations to the Selectmen of each and every Town involved on or before January 15, 1980.

“This article is in accordance with State enabling legislation Re-Regional Refuse Disposal Districts - Chapter 53 B:1 through 11 and future Amendments as proposed by the State Legislature.

ARTICLE No. 52. To see if the Town will vote to authorize the Selectmen to request bids for the purchase of Town insurance.

ARTICLE No. 53. To see if the Town will vote to close the road leading to and the portion of the Town road beyond the so-called: Jeffers Bridge site; subject to gates and bars.

ARTICLE No. 54. To see if the Town will vote to raise and appropriate a sum of money to be used to replace the so-called: Jeffers Bridge.

If Article 53 is approved vote to pass over this article.

ARTICLE No. 55. To see if the Town will vote to authorize the Selectmen to make pre-application, and application for, and to accept and expend on behalf of the Town, any or all Federal and or State grants including Department of Housing and Urban Development, Federal Disaster Funds, State Crime Commission Funds, and

Public Works and Capital Development and Investment Act of 1976 Funds, and Anti-Recession Fiscal Assistance (ARFA) Funds.

ARTICLE No. 56. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE No. 57. To see if the Town will vote to authorize the Selectmen to dispose of any property acquired by Tax Collector's deeds.

ARTICLE No. 58. To transact any other business that may legally come before the meeting.

REPORT OF FINANCE COMMITTEE

The Finance Committee held four meetings during which every warrant article involving a proposed appropriation was reviewed. Proponents of petitioned articles and representatives of organizations desiring appropriations were given opportunity to present the reasons for their requests and were questioned by the Committee when further explanation was desired. After all explanations were discussed, the Committee voted on each article. The results of these votes are recorded with the article.

In considering the requested appropriations, the Committee used as a target, the national objective of a 7 percent maximum for raises in wages or salaries. All appropriations approved by the Committee met this objective except for a few instances where the Committee made exceptions to meet Federal Minimum Wage requirements or to give minimal, round-figure increases such as that proposed for the Moderator's fee.

The following gives a brief explanation of the Committee's negative vote on certain articles:

Article 11, Red Cross Swimming Program

The proposed increase from \$3.00 to \$4.00 per hour in the salary of instructors greatly exceeds the 7 percent objective. Members of the Committee also felt that, if the program were to be expanded to include instruction of adults, a fee should be charged which would cover their cost. The Committee recommends that the appropriation for this activity be \$1,400, the same as last year.

Article 27 Comprehensive Plan

A majority of the Committee felt that this plan could be completed in a step-by-step manner using local talent, plus normal consultation with Lakes Region Planning

Commission. The minority opinion held that outside help was needed to give technical advice and support to complete the plan this year.

Article 44 Addition to Cook Memorial Library

The Committee felt that this request was premature because title to the land needed was not yet settled, only preliminary plans and estimates of cost were available, and there had been insufficient exploration of sources of the funds required.

No action was taken on the article concerning a new bridge on Route 113A because the Selectmen intend to investigate alternatives to the bridge before the town meeting.

If all warrant articles, including those not approved by the Finance Committee, are voted at the Town Meeting, it is estimated that the town tax rate will be about \$1.10 per \$100. of assessed valuation compared to the rate of \$0.66 last year. The total property tax, including the school and county portions is estimated at between \$4.40 and \$4.50 per \$100. of assessed valuation.

To fulfill better its function as advisor to the Selectmen and the town, the Finance Committee has made plans to hold further meetings throughout the year to investigate various aspects of town financing to see if greater economy is possible and, if so, to make recommendations to the Selectmen.

KENNETH E. WIGGIN
Chairman

REPORT OF TAMWORTH FIRE DEPARTMENT

The Fire Department had 50 emergency runs in 1978

- 2 Structural fires
- 2 Grass fires
- 11 Dump fires
- 12 Chimney fires
- 3 Car fires
- 4 Electrical fires
- 1 Gasoline Wash Down
- 1 False Alarm
- 8 Mutual Aid Run
- 1 Car Accident
- 1 Rescue
- 4 Others

The total number of runs has stayed about the same as last year. The number of dump fires only went down by four even though we now have a sanitary land fill.

There were 12 regular monthly drills and 2 special drills. Thirteen men participated in the Ossipee Valley Mutual Aid Fire School and six men went to the Lakes Region Mutual Fire Aid Association Fire School. This comes to a total of 473½ hours of training.

We are still finding improperly installed wood stoves and unsafe chimneys. Also if you burn wood you should check your chimney regularly, burn only dry wood, and keep combustibles away from your stoves and furnaces. Fire prevention is everyone's job and will pay off if we all pitch in.

The Tamworth Firemen's Club is still selling smoke detectors and fire extinguishers. Don't forget to change the batteries in your smoke detectors once a year.

DAVID A. BOWLES

REPORT OF DISTRICT FOREST FIRE CHIEF AND YOUR FOREST FIRE WARDEN

For more than 80 years, a cooperative effort between the State of New Hampshire and local forest fire authorities has created a forest fire prevention and suppression program that is recognized as superior throughout the United States.

Since the first forest fire laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1,800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest Fire staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is not covered with snow, is permitted only after obtaining a written fire permit from your local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to \$1,000 or a jail term of up to one year or both.

**REMEMBER, ONLY YOU CAN PREVENT
FOREST FIRES!**

1978 REPORT OF EMERGENCY SERVICES TAMWORTH RESCUE SQUAD

1978 proved to be the busiest year in the rescue squads history, logging a total of 109 emergency responses as compared to our previous high of 86. Last year was also a very active year for our training programs. With the graduation of eight members from the EMT course we are proud of the fact that with the exception of two new members our entire squad consists of certified emergency medical technicians.

Again we would like to express our appreciation for your support of our programs and especially for your support of our new truck fund drive. It is most gratifying that so many of you have shown your support of our new vehicle by way of your private donations.

TAMWORTH TOWN PLANNING BOARD ANNUAL REPORT 1978

Tamworth Town Planning Board held a total of twenty eight meetings during 1978; twelve Regular Meetings, held on the fourth Wednesday of each month; twelve Planning Meetings, held on the second Tuesday of each month; two Special Meetings; two Hearings.

Eighteen subdivision requests were presented to the Board for consideration; five were approved; six were exempt from subdivision regulations; seven were discussed and not approved pending further information.

The Selectmen appointed the following persons to serve on the Planning Board; Marion I. Spaulding, member - 1983; Harold W. Cook, Jr., Selectmen's alternate; Thomas K. Herget, alternate - 1981; Dana A. Steele, alternate - 1983 and as representatives to the Lakes Region Planning Commission (LRPC): Mariette Ross - 1981; Ralph Weymouth, alternate - 1982.

On July 24, Richard and Martha Alt, Mariette Ross and Marion Spaulding attended the Annual Meeting of LRPC during a picnic supper cruise on Lake Winnepesaukee, especially appropriate at the near completion of Lakes Region Water Quality Management Plan.

On November 29, the Board was host to the LRPC for its regular Monthly Meeting.

Subdivision Regulations were amended March 26, 1978. They were printed by LRPC and the blue covered booklets may be had by asking the Town Clerk for one during office hours or members of the Planning Board will be glad to see that you get one.

In January the Board voted to hold a Planning Meeting on the second Tuesday of each month, the purpose being work sessions to develop various phases of the

Comprehensive Plan. Mary Guariglia was invited to attend the March Meeting, at which time she suggested ways in which to proceed and information which the Board should gather to aid in the preparation of the Plan.

The Board followed up with an outline and base maps on which to locate desired information. Volunteers did a "windshield survey" of houses, businesses, open space for the Existing Land Use Map while others worked on Road Classifications, Hydrant and Water hole locations, Historic Preservation areas, Abandoned Roads and Trails, Wetland survey along with Economic and Housing studies. Most of these are nearing completion.

What next? At an open Meeting with around fifty people in attendance who actively participating in the discussion promoted by Mary Guariglia, Community Planner, assigned by LRPC to assist Tamworth, we learned that a GOALS statment for Tamworth was the next step.

This Meeting was followed by one for the Planning Board members which Daniel Martin, Executive Director of LRPC and his professional staff attended. This turned into a "brainstorming" session where each member was asked for GOALS which he or she would like to incorporate into the Final Plan.

The Board has since worked up an outline of proposed GOALS to be presented at a Public Hearing on January 30, 1979. There will be many more such Hearings as LRPC analyze these GOALS and returns them to the Planning Board for further study. Join us and help make Tamworth what you want it to be through orderly planning for the future.

Appreciation goes to all those - and there are many - who have participated in the Board's planning efforts this past year.

REPORT OF LAKES REGION PLANNING COMMISSION

TO:

Frank Berry, Chairman, Tamworth Board of Selectmen
Marion I. Spaulding, Chairman, Tamworth Planning
Board

FROM:

Mary Guariglia, Community Planner

RE:

Services Provided to the Town of Tamworth in 1978

DATE:

November 27, 1978

The Lakes Region Planning Commission is pleased to submit the following for inclusion in your 1978 Town Report. This Memo outlines the general accomplishments, the multi-municipal programs and the specific services provided to Tamworth by the Lakes Region Planning Commission during 1978.

GENERAL ACCOMPLISHMENTS

Major accomplishments this year include a continued effort in technical assistance provided to member communities and the completion of the Regional Land Use and Housing Elements which were approved by appropriate State and Federal agencies. The Planning Commission has worked hard and conscientiously to meet all of the requirements relating to these two documents.

Other notable accomplishments of the Commission include: the approval of the Overall Economic Development Program designating Belknap County and portions of Grafton and Carroll counties as a Redevelopment Area, which establishes eligibility for funding under the Public Works and Economic Development Act. Also, significant progress has been made in completing the colored environmental inventory mapping to be provided to each municipal Planning Board. This has been possible through utilization of CETA personnel.

Citizen participation, through committees, meetings, hearings, radio and the local newspaper media, has continued to be a strong point in the total LRPC program, particularly in the development of the Land Use Plan and the 208 Water Quality Management Plan. The Transportation Element was satisfactorily completed, producing the report "Public Transportation, Transportation Alternatives for the Rural Area of the Lakes Region." This final document is also accompanied by a summary report.

The Regional Housing Element was completed in early May. A report "Housing Element - Lakes Region Housing Needs Study", was finalized for distribution to all communities within the planning region and includes the Regional Housing Allocation Plan on a town-by-town basis.

MULTI-MUNICIPAL PROGRAMS

The Commission has presented the completed Regional Land Use Plan, as well as the 208 Water Quality Management Plan to Selectmen, Planning Boards, other community officials and interested public at regional, sub-regional and individual town meetings throughout the year. These personal public contacts and communications have aided further in strengthening the relationship between local government, the general public and the Commission.

It is encouraging to note the local support for these planning programs and a real indication of implementation at the local level.

The Lakes Region Planning Commission has continued, throughout the year, to develop informational meetings, programs with subject matter pertinent to the concerns of local elected officials and the citizenry, and has scheduled sub-regional workshops relating to the Commission's work program. Through these meetings the Commission has encouraged the views of diverse groups and has made all attempts to incorporate their input and participation into the overall regional planning program.

Special programs have been provided to the total Commission membership, Selectmen, Planning Boards, Conservation Commissions, Legislators and interested citizens. The following programs of general interest and concern have been held:

February - Community Development Block Grant Program - To provide local community officials the opportunity to ask questions and seek information concerning their community's eligibility to apply for funding under the HUD program.

March - Functions of the New Hampshire Water Supply and Pollution Control Commission - To provide answers to questions community officials may have regarding the purpose and direction of the NHWSPCC in the areas of subsurface disposal, subdivision approval, municipal sewer projects, and marine discharge regulations.

April - Lakes Region Community Design at Rural Scale - A program designed to look at problems of growth, economic changes and minor community deterioration. Also, a discussion of essential elements to include in a revitalization program, sign recommendations and architectural treatment.

April - Five-Year Plan of the New Hampshire Department of Public Works and Highways- To provide information to the towns regarding highway projects under consideration, in planning and scheduled for construction.

May - Cluster Development, Subdivisions and Zoning - A discussion of the principal advantages of cluster development, arrangement of dwellings, lot size, subdivision and zoning requirements. Also, questions and answers regarding density, open space, town facilities (sewer and water), streets and taxes.

June - Current Use Assessment and Conservation Easement - A program providing discussion relative to land ownership under current use assessment, a means of providing open space, conservation easements and the economic impact of subdivisions versus the impact of utilizing current use assessment. Also discussed were land ownership rights and the conservation agreement.

September - November - The Third Annual Municipal Law Lecture Series - A series of six lectures on planning law for community officials, sponsored by the Municipal Training Consortium and hosted by the Commission.

October - Winter Road Maintenance Seminar - A part of the Commission's efforts to promote the implementation of road salt use recommendations contained in the 208 Water Quality Management Plan.

In addition to these presentations, other presentations have been made by the Commission to the following groups:

Inter-Lakes Elementary School
Tilton-Northfield Chamber of Commerce
Lakes Region Chapter of the Audubon Society
Carroll County Soil Conservation Service
UNH Environmental Resource Class
Gilford Middle School
Winnisquam Middle School

SPECIFIC SERVICES PROVIDED TO TAMWORTH

The Commission:

- + Provided the Planning Board with copies of the results of the community survey.
- + Provided the Board with update base mapping indicating all new subdivision roads.

- + Provided the Board with Land Capability Map.
- + Provided the Board with completed existing Land Use Map from the window survey conducted by the Town.
- + Provided information to the Planning Board for the Tamworth Master Plan being prepared by the Board with assistance from the Commission.
- + Assisted Planning Board with Subdivision amendments and lot sizes based upon soil and slope types, typed and printed copies of the regulations for general distribution.
- + Provided information to the Planning Board regarding adoption of interim zoning ordinance, site plan review and cluster development.
- + Met with the Planning Board and citizens regarding land capability and its relationship to the Master Plan.
- + Provided information to the Conservation Commission re wetlands inventory.
- + Provided information to the Planning Board re historic district regulations.
- + Reviewed the proposed relocation of Route No. 25 through Tamworth regarding the environmental and economic impacts of primary concern.
- + Assisted the Selectmen with information regarding erosion in the Bear Camp River.
- + Contracted for drafting and administrative assistance services to assist the Selectmen in updating the Assessor's Plat Map of 1969.
- + Provided Planning Board with Road Classification Map.
- + Provided Planning Board and Selectmen with a redraft of large subdivision (American Central Corp.) and provided prints.

Richard M. Alt, LRPC Representative
 Mariette Ross, LRPC Representative

1978 REPORT OF THE TAMWORTH CONSERVATION COMMISSION

Earle Remick Natural Area. Earle Remick left to the Society for the Protection of N.H. Forests a tract of land on the west side of Route 113 between Tamworth and Whittier. The Society has offered this to the Conservation Commission and is helping the Town to acquire it through federal funds from the Heritage Conservation and Recreation Service (formerly Bureau of Outdoor Recreation, B.O.R.). The Society will sell the Town the land for one half the appraised value, thus donating one half the value of the land, with this donation used to match federal funds. We do not as yet have the deed, but expect to shortly. There is only 180' road frontage, but some 2000' frontage on Mill Brook across from town owned land presently used for the dump. The land is being acquired at no cost except for expenses such as appraisal, title search, and so forth.

With permission of and advice from the Society for the Protection of N.H. Forests and the Conservation Commission, the Tamworth Pre School, through a federal grant, has put a self-guiding nature trail through part of the Earle Remick Natural Area.

Through an extension of this same grant further help is being offered the Commission by Nancy Coville and her Pre School co-workers; this time to extend the western end of the Jackman Pond Trail to the Pine Grounds Road, to improve the existing trails around Jackman Pond and to set up marked stations at certain spots of special natural interest.

Richard Alt has given the Town an easement to restrict development on a strip of land either side of Bunker Hill Road. Although the Commission is not directly responsible for this it held two meetings, one with an official of the Society for the Protection of N.H. Forests and one with a state official for the Heritage Conservation and

Recreation Service. General purpose of these meetings was to explain the means by which such donations may be used to match federal funds, which in turn could be used by the Commission for land acquisition. This could not be done with the Alt easement because of complicated technicalities. However, the law since has been changed to simplify the process making it possible in the future to use donations of land or of development rights for this purpose.

The Commission is negotiating with the University of N.H. for a wetlands survey of Tamworth, using students supervised by faculty. This is needed in conjunction with the Town Plan.

The Planning Board has asked the Commission for input on its general statement of goals for the Town Plan. Commission members have attended several meetings called by the Planning Board for discussion of the Plan. Commission member, Ralph Weymouth, has been appointed by the Planning Board as alternate representative to the Lakes Region Planning Commission.

The Conservation Commission, at the request of the Selectmen, gathered information from the Army Corps of Engineers and the Cooperative Extension Service on a proposal to dredge an island on the Bearcamp River using the fill to shore up the bank near Guy Grace's house. It appeared not to be feasible to do it effectively with the funds available. The Commission was serving only in advisory capacity - no action was taken.

Members of the Commission attended a meeting for Conservation Commissions in Chocorua, called by the Cooperative Extension Service, and the chairman reported on activities in Tamworth. Three members of the Commission took part in a field trip in Hopkinton on the subject of wetland inventories.

A series of weekly bird walks was held through the month of May under leadership of Peggy Damon.

The Commission called a public meeting with Thomas Miner of the State Division of Forestry and Arthur Morrill, state forester for this area, to explain management policies of the state in the Hemenway Forest. Several foresters in town were present to discuss these policies. They requested opportunity in the future for input during the planning stages for cutting.

A gift of \$100 has been received for the Memorial Fund of the Commission in memory of Jesse Hughes.

Scott Aspinall, Elton Perkins and Ralph Weymouth were re-appointed to the Commission for three year terms.

The regular meeting date of the Commission is now the third Monday of the month, at 7:30 p.m. As are meetings of all town boards, these are open to the public. Anyone wishing to attend should call 323-7907 for place of meeting.

REPORT OF THE COMMITTEE ON RECYCLING

Following the vote by Town Meeting in March of 1978, to have mandatory separation of refuse, a committee of six was appointed by the Selectmen. The committee met numerous times from April until the present, and also sent at least one representative to all the meetings of the Four Towns - Madison, Effingham, and Freedom.

After considering many alternatives, it was decided to rent a partitioned bin from Recycling Enterprises in Oxford, Mass. The market for scrap materials is poor, so it is difficult to find a buyer. Our contract with Recycling Enterprises guarantees us an outlet for tins and bottles. The monthly rent for the bin is \$90.00; we are paid \$11.00 a ton for a full bin, (15 tons), which gives us \$165.00. A full bin every month would give the town a \$75.00 profit, helping to defray the expenses of the facility. This in turn, would reduce the tax burden for each and every taxpayer. It is to our advantage to have all bottles and tins thrown into the bin. With somewhat more than half the town using the bin on a voluntary basis, it was filled in about six weeks, this last time. IF everyone put bottles and tins in the bin, it is felt it would be full in a month or less.

The problems of getting rid of refuse are not going to go away. It is felt that eventually "Sanitary Landfills" will also be banned. By recycling those items which can be reused, our present landfill will last longer. A visit to the Meredith Refuse Disposal Facility is strongly urged, so that people can see how neat, clean and efficient a "dump" can be.

I would like to thank the members of the committee who worked long and hard on this problem. Special thanks to Charles Remick, who attended almost all of the meetings of the Four Towns, and whose excellent ideas added a great deal to our discussions.

TAMWORTH COMMUNITY NURSE - 1978

Visits to Children	78
Visits to Adults	1961
Total Nursing Visits	2039
Visits for Disease Control	1957
Visits for Disease Intervention	61
Visits for Disease Prevention	21
Visits to Newborns	11
Total Number of Patients Using Service	198
Number of School Children in Dental Program	15
Children Attending Immunization Clinics (There were 4 Clinics held)	15
Transportation to Doctor's Office	4
Transportation to a Hospital	4
Health Equipment Loaned, Pieces	52

Meetings, Conferences and Workshops

Several Meetings held with Doreen Knight RN the new New Hampshire State Public Health Nurse for Carroll County. These meetings included giving Mrs. Knight information about the Tamworth Community Nurse Association, Communication, Problem Solving Inservice, Communicable Diseases, and the Updating of Immunization Processes were discussed at length. Plans were also made to set up a Professional Advisory Committee for the TCNA.

Other Meetings Attended:

A public hearing held by the United Health Agency. The purpose of this hearing was to seek advice on how the State may best move toward achieving a co-ordinated health system plan.

A Regional Planning Discharge meeting, to ensure that Community services are available to discharged patients. A meeting with a CETA employee who would be taking a survey in Tamworth to find out the winterizing needs of those 65 and over.

A meeting on Transportation to discuss ways and means of providing transportation for the sick and elderly.

Plans for instituting Meals on Wheels in our community this next year were considered at five different meetings.

Workshops

New Hampshire Heart Association. The topic was Myocardial Infaction. Blood Pressure, New Guidelines. Two session workshops for Home Assessment of Infants.

Community Projects

Young at Heart, a program for our older citizens, meets every month if possible. This year nine meetings were held. There were a variety of programs. Refreshments are served and everyone seems to enjoy themselves, which makes this effort worthwhile.

During the Christmas Season, 35 visits to 52 people were made to distribute gifts, which had been donated by the townspeople. I wish to thank these generous people for their kindness. It made the Christmas season a little brighter for some of our neighbors.

We received a donation of a wheelchair from the proceeds of a Mother's Day Breakfast, sponsored by the Combined Churches of Tamworth.

A wheelchair was also received from a private citizen of the town. These are greatly appreciated.

I wish to thank Peg Damon RN, who covered the service while I was on vacation.

VIRGINIA W. DAMON, R.N.

TAMWORTH OUTING CLUB

The Tamworth Outing Club had a very busy recreation schedule for community residents in 1978. The T.O.C. continued to achieve its major goal of providing recreation facilities and events for the greater Tamworth area residents. Included in the T.O.C.'s 1978 schedule were the following events:

1. Season Pass Ski Program

The T.O.C. provided to 70 junior members a reduced rate on season passes at Whittier and Cranmore Ski Slopes. This program is available to all elementary through high school aged children. Up to \$1000 is provided yearly by the T.O.C. to help supplement the cost of the season passes to our junior members.

2. Donwhill and Cross Country Ski School

The T.O.C. loaned over 50 pairs of skis to individuals for the 1978 downhill and cross country program. Instruction was provided to over 140 students at Mt. Whittier and 10 or more students in the new cross country ski program. Volunteer ski instructors were provided, in addition to the loan-ski program, by the T.O.C.

3. Fishing Derby

The T.O.C. organized and ran a fishing derby in the spring of 1978. Prizes were awarded for the largest fish and the greatest number of fish caught in a month in the waters of Tamworth. Many school-age children participated in this event and had a wonderful time trying to win the available prizes.

4. Little League and Babe Ruth

The T.O.C. every year is the complete sponsor for the Little League in Tamworth. All expenses, necessary to run this program including insurance, is provided by

the T.O.C. The T.O.C. also donates money every year to Babe Ruth to help them run their program. Volunteers are also provided for coaching and umpiring in both areas.

5. Square Dance

In 1978 the T.O.C. hosted 8 summer and 6 winter square dances at Stafford's-In-The-Field. Over 100 individuals per dance enjoyed the festivities and merriment.

6. Annual Meeting

In August of 1978 the T.O.C. had its annual meeting at the top of Page Hill. All the T.O.C. members enjoyed a cookout and elected officers as follows for the next 12 month period:

Tom Herget - President
Ned Behr - Vice President
Diane Lewis - Treasurer
Helen Steele - Secretary

7. Tennis Tournament

A Doubles tournament took place on the courts of Chocorua sponsored for the T.O.C.

8. Trap Shoot

Over 20 people participated in the trap shoot in October. Chickens were awarded as a prize for every round that was shot.

9. Rifle Shoot

Over 15 people participated in the rifle shoot in October. T.O.C. members ran both a high powered target shoot and a rolling target shoot. Chickens were awarded for prizes in each round.

10. Ski Swap

This was an event sponsored by the T.O.C. in November. This provided a nice opportunity to Tamworth area residents to swap and/or buy ski equipment at very reasonable prices.

11. Skating Rink

Late in the fall T.O.C. members graded the skating rink. The Tamworth Fire Department continues to provide water for ice on the rink. The rink is provided by the T.O.C. for area residents for pleasure skating and ice hockey.

12. Christmas Tree Lights

The T.O.C. provides Christmas lights every year for the tree located at the four-corners in Tamworth Village.

13. New England Dog Sled Race

The T.O.C. totally funds this two day event every year. Both junior and senior racers participated in this race December 30 and 31. Over 200 spectators enjoyed this unique annual event each day.

As you can see the T.O.C. had a very eventful 1978. I wish to express my personal thanks to all the members of the T.O.C. and the volunteers that assisted the T.O.C. in its recreation program. It is directly through the efforts of these people that the T.O.C. had a successful year in 1978.

Respectively submitted,
TOM HERGET
President

COOK MEMORIAL LIBRARY

In 1978 Cook Memorial Library has shown an increase once again in circulation statistics. More patrons (4479) used the services offered by the library and borrowed more books, magazines, pamphlets, newspapers, records, cassettes and films (7706) than ever before.

During the year we lent Brett School 918 State bookmobile books. Pre-School classes -- both kindergarten and transition -- attended the library once a week. We supplied films from the State Library to Day Care-Pre-School groups, church groups and the Teen Center and we offer this service to any community group. We have Large Print books and magazines, Talking Books and cassettes for the visually handicapped. We issue Statewide Library cards for borrowers in good standing. In 1978 we borrowed 3075 books from the State bookmobile to supplement our own collection, received 275 books on Inter-Library Loan at the requests of specific patrons, purchased or were given 208 new books. We now have available for borrowing by our patrons the oral history cassette tapes -- interviews with our own local people -- which were made and used in writing the Bicentennial booklet, "Tamworth Recollections."

I can never adequately express my thanks to Elizabeth Spicer, Merle Dunn and Bertha Eastwick for their constant and invaluable aid in the library. Isabel Hoag is another faithful worker giving her time and labor in carding books on library days. Loyal friend and now a Trustee, Peg King has kept our window boxes suitably dressed for the proper seasons and again contributed her Christmas lollipop tree -- to the childrens' delight. We appreciate gifts of books, paperbacks, magazines and newspapers, financial donations and memorials from our townspeople, visitors and groups. The material we cannot use is placed in our annual book sale with the profits added to our Building Fund.

The Friends of the Library have had a busy year under the direction of President Pat Trask. They have gifted the library with a book, a beautiful Carroll County Map of 1860 and a much needed 30 cup coffeepot. The Friends hosted a NCCC (Northern Carroll County Cooperative Libraries) meeting at the Cook Memorial Library in June and served delicious refreshments under the leadership of Vice-President Angie Stearns. Martha Alt, an active Friend, directed the very fine Summer Reading Program which averaged 16 children each session. In addition Martha is responsible for the availability of the Bicentennial tapes -- directing the editing, cataloging and duplicating these fine oral history tapes. The Friends gave a Valentine party in the library to a most surprised and happy librarian. They entered a float in the 4th of July parade. Under the able direction of Jeanne Bergen, the Friends decorated a float of storybook figures designed by Janina Lamb and were awarded a second prize in the "most original" category. With the Library Trustees, the Friends held a most successful Book and Bake sale in October. In December they turned out again to deck the library in holiday trim and to light up the huge and beautiful tree (donated by Dick Alt) in the front yard. Last but not least they sponsored the cookbook -- "A Cook's Tour of Tamworth Kitchens" -- with all profits from the sale to go to the Library Building Fund. We thank the Friends, Mabel Hidden (who conceived the idea for the book) and Barbara Lloyd, editors, and Kate Thompson, the fine illustrator, and all our friends who contributed recipes for this fine cookbook. A Tasting Party to celebrate the publishing of the book and to initiate the sale of the book was held in November at the Town Hall where everyone sampled the wares of the best cooks in town. It was a tremendous social and financial success.

The plans for the badly needed extension to the library have progressed to the point where the Trustees have had the land surveyed, an architect selected (Wm. Mead Design Group) and drawings on the board. The Board of Trustees hopes to bring the plans before the town in the next year. Meanwhile we shall continue raising money to

put toward the cost of the addition. We are very pleased to announce a monetary gift of \$4438.43 from Mary Carroll Purves of Washington, D.C. and Wonalancet. A portion of this is being used for the purchase of much needed reference books and the balance has been placed in the Building Fund. Mrs. Purves told us in her letter -- ...“the money is given now rather than as a bequest in my will and it goes to the library because of my affection and interest in the town of Tamworth and its inhabitants and in gratitude for a lifetime of reading.” Another most generous gift for our Building Fund has just been received from Mrs. Harry Damon and is greatly appreciated.

Another exceptionally busy year has ended for the Trustees and Librarian with attendance at meetings of New Hampshire Conference on Libraries and Information Services, District Advisory Conference, Bearcamp Neighborhood Libraries, Northern Carroll County Cooperative, New Hampshire State Library Book Displays as well as our monthly Library Board of Trustee meetings and many extra Building Committee meetings. Our library was again honored with a Certificate from the New Hampshire State Library for giving quality service to the residents of our community. Our annual Book sale (held in conjunction with the Friends' Bake Sale) was handled by Trustee Bernard Ulitz and netted us a new high of \$121.11 which was placed in the Building Fund.

Cook Memorial Library was used as a meeting room by 12 different local Committees 93 times. Reservations may be made by responsible community groups by contacting Trustee Bernard Ulitz. The Library also serves as a central station for the storage of the town movie projector, speakers and screen, a slide projector, a collection of slides of Tamworth's own 1966 Bicentennial (gift of Chamber of Commerce) and a collection of slides of 1976 Bicentennial celebration in Tamworth (thanks to Dean Nixon's fine gift) and a couple of films. This equipment may be borrowed by any responsible town organization (a small maintenance fee for the use of the

projector) by getting in touch with Trustee Bernard Ulitz for reservations. This past year the movie projector was used 22 times by 7 different groups.

New books are listed in the Reporter, in Mabel Hidden's column in the Carroll County Independent, at Tamworth Post Office bulletin board and at the library. Exhibits this past year include 2 exhibits, in May and in November/December, by Willey Fromm of local and Maine scenes in oils and woodcuts; watercolors by Kit Semmes; and in April the art work of Marguerite Dent Brierre.

The Cook Memorial Library is open on Wednesdays from 1:30 to 5:00 and 7:00 to 9:00 p.m. and on Saturday from 1:15 to 4:45 p.m. The Library Board of Trustees usually meets on the 2nd Monday of each month at 4:30 p.m. and the public is always welcome. Our telephone number is 323-8510.

A library truly serves its community when it aids each resident, young and old, to obtain the particular material or information of interest to that individual. So do come in, sit down and read a newspaper, work on a report, ask for help on material or information needed for a project, take out a book or magazine, record or tape or just plain browse. This is your library.

Respectfully submitted,
JEAN ULITZ
Librarian

TAMWORTH SUMMER ENRICHMENT PROGRAM, INC.

The T.S.E.P. concluded another successful summer, thanks primarily to the many people who became involved including, of course, the staff and also numerous volunteers. The staff consisted of Barbara Hemingway, Connie Hughes, Charlotte Kelley, Diana Louis, Hans Stafford, with Peter Ames as Director. Junior Leaders were Pam Carter, Jeff Dearborn and Jeff Whiting. Special thanks go to these people for a job well done. Each staff member was involved in numerous activities rather than specializing in one or two, and this gave the Program an added dimension this year.

Activities included: trips to the Volvo and Roaring 21's tennis tournaments, bike hikes of varying lengths, exchange soccer games with Moultonboro, drama, dance, arts and crafts, sports of all sorts, and a performance by The Two-Headed Cow. Mountain climbing was once again popular, thanks to the able leadership of Percy Olton.

The action-packed summer ended with a day-long picnic at Chocorua Lake. It was a great day, with water sports and watermelon aplenty. It is our hope that this will now become one of our annual events.

I would like to thank all the volunteers and contributors to the Program, without whose help we would not be nearly as successful.

Respectfully submitted,
PETER AMES
Director TSEP 1978

REPORT OF THE CHILDREN AND YOUTH PROJECT 1978

The Children and Youth Project (C&Y) is providing families enrolled with a comprehensive delivery of health services. To do this a team consisting of a Pediatrician, nurses, social worker, health aide, and nutritionist work together to provide medical, social, and nutritional services to the children enrolled.

During the year ending December 1978 the Children and Youth Project (C&Y) had 63 children enrolled from the Town of Tamworth. These children made a total of 138 visits to the C&Y clinic during this period. These visits were to:

1. Receive physical exams on a regularly scheduled basis.
2. To receive follow-up care for conditions discovered on a previous visit.
3. To receive immunizations according to the immunization schedule.
4. To receive medical care for an acute illness occurring that day.

Along with medical care and follow-up all children 3 years and up receive a cleaning and flouriding of teeth twice yearly (with referral to the dentist when needed), counseling with the Nutritionist and social work follow-up when indicated.

Home visits were made by Nurses for such things as assisting with the care of a child with a chronic illness, teaching new mothers how to care for a new born, to supervise care in illness, to assist in times of crisis and prevent child abuse and neglect.

Educational groups for parents were found to be a good and efficient way to reach parents. One ongoing group "STEP" teaches practical parenting skills applicable to children of all ages. A twice yearly group "New

Mothers Group" gives information and support in the crucial first few months of life. A baby-sitting course for pre-teens was offered once to seven boys and girls and will be offered again in the spring. A support group for parents of handicapped children was well utilized and beneficial in providing information and support to parents.

The office type of activities besides record keeping include: referral to other resources which could provide services we were unable to furnish. This usually included helping fill our applications to the other resource, following up to find out where referral got bogged down, arranging transportation, interpreting results or findings, helping parents apply recommendations.

Crisis situations such as loss of job, fire, devastating illness, death, all happen and are dealt with as part of our ongoing work with families.

Vision and hearing screening programs are organized and open to all children in the community.

At this point the C&Y project provides care for children from birth to age fourteen in nine towns. Because of increasing costs and no increase in funds it may eventually be necessary to change the age or geographical boundaries for the project.

CHILDREN AND YOUTH PROJECT BUDGET
Staff Salaries and Office Expenses
7-1-77 to 7-1-78

Advertising for Personnel	\$ 119.00
Clinic and Office supplies (including repairs)	304.00
Telephone and Postage	1,148.00
Printed materials (pamphlets)	142.00
Staff salaries: 2 nurses, social worker, nutritionist, clerk, health aide and transporters	35,000.00

Training and conference	88.00
Travel for clinic personnel	3,121.00
Equipment	340.00
	<hr/>
Total	\$40,262.00

**Money spent in Community for
Medical and Dental Care for Children**

Physicians Services (inpatient and out)	\$8,678.00
Dentists	6,809.00
Druggists	6,830.00
Hospitalizations	5,634.00
Diagnostic and Lab (inpatient and out)	3,458.00
Medical and Dental Supplies (includes eyeglasses, etc.)	1,597.00
Physician fees for clinic services	3,580.00
	<hr/>
Total	\$37,569.00

1979 Estimated Expenses:

This will remain the same or less. The Children and Youth Project is funded through the Bureau of Maternal and Child Health in the N.H. Division of Public Health. This is 75% Federal Funds and 25% State matching funds. The chance of there being any great change in amount of money allocated to the C&Y Project is very slim. The rent for the C&Y project (including heat, utilities, and maintenance) is \$4,464.00.

REPORT OF RECREATION DIRECTOR

The position of Recreation Director saw another change over early this winter. The new director hopes everyone will join in some of the activities planned. He also hopes everyone saw the notice in the Carroll County Independent pertaining to the Town House, ie - groups wanting to use it should contact the recreation director to find out the requirements. The phone number at the Town House is 323-8085. There is usually someone there week day afternoons.

The summer of 1978 again saw many, many people partaking in softball, tennis clinics and tournaments, outdoor volleyball and badminton. Soccer is becoming more and more popular for every age group. New goals were even built down at the schools. Young people without their own means of transportation were taken to the ocean almost weekly. A special treat for teens is attending a rock concert.

Although many of us enjoy skating, sliding, hockey, cross-country skiing, downhill skiing and tobogganing, there are many days and nights during the winter when it is just too mean to venture out in the great outdoors. The young kids attended the 2nd Annual Games Day held in North Conway this winter. Ping-Pong and volleyball tournaments are scheduled for the blistery month of February. Bowling tournaments for both teens and pre-teens have been very successful. Excursions to the roller skating rink in Redstone were very popular with the teens. Disco dancing came to Tamworth with a bang. Large enthusaistic groups of adults and teens had a grand time mastering the latest dance steps. One group of die hards ventured forth once a week to play tennis. No one got sunstroke under the fluorescent lights but everyone worked up a sweat.

The long awaited Teen Center is now a reality. The basement in the Town House has been remodeled and

without any fanfare has been turned over to the teens for a place to congregate. It's a warm, comfortable area with a bank of southern facing windows with a view of the Swift River. Carpeting, couches, a marvelous stereo system (that the teens purchased with their own funds) plants, and game tables lend it a homey living room atmosphere. The kids who take advantage of the facilities enjoy it immensely. I would like to see all the Tamworth teens coming down and sharing it.

It often takes the help of volunteers to get programs going and to keep them going. I don't want this to sound like an Academy Awards speech so everyone who helped - thank-you very much. I'd also like to thank the administration of Brett School for allowing us the use of the gym.

WARRANT
FOR ANNUAL MEETING
OF THE TAMWORTH SCHOOL DISTRICT

To the inhabitants of the School District in the Town of Tamworth, qualified to vote in district affairs:

You are hereby notified to meet in the Kenneth A. Brett School on Tuesday, March 6, 1979, at 7:00 p.m. to act upon the following articles:

ARTICLE 1. To see if the School District will authorize the Tamworth School Board to study alternative uses of the space created by the new school addition, including the possibility of space for a Pre-School program; the results of this study to be presented at the next School District meeting, and before any permanent allocation of classroom space is made. (Submitted by petition).

ARTICLE 2. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officers and agents, and for the payment of the statutory obligations of the district.

ARTICLE 3. To transact any other business that may legally come before said meeting.

Given under our hands, this 6th day of February, 1979.

JAMES O. WATT

WARRANT
FOR ANNUAL MEETING
OF THE TAMWORTH SCHOOL DISTRICT

To the inhabitants of the School District in the Town of Tamworth, qualified to vote in district affairs:

You are hereby notified to meet in the Kenneth A. Brett School in Tamworth, on Tuesday, March 13, 1979, to elect the following School District officers. The polls will be open for this purpose at 10:00 a.m.

ARTICLE 1. To elect a Moderator for the ensuing year.

ARTICLE 2. To elect a Clerk for the ensuing year.

ARTICLE 3. To elect a member of the School Board for the ensuing three years.

ARTICLE 4. To elect a Treasurer for the ensuing year.

ARTICLE 5. To elect Auditors for the ensuing year.

Given under our hands, this 6th day of February, 1979.

JAMES O. WATT
CAROLINE M. WRIGHT
WAYNE K. MOCK
School Board of Tamworth, N.H.

SUPERINTENDENT'S REPORT

by
Robert B. Kautz and
David Stickney

This past year has been one characterized by a great deal of activity and accomplishment within the Supervisory Union and your own school. All of this enables children to be better served educationally.

Certainly, school construction has been one of the major undertakings. The Conway Building Project is still continuing. The elementary school additions have been completed, and the anticipated completion date for the A. Crosby Kennett High School Project is mid-April, 1979. At this time, much of the renovation work within the existing building has been completed. Also, the new gymnasium is being utilized. The remainder of the gymnasium wing is nearing completion. At this time, the preliminary work on the new Vocational Education wing is well along. The foundations for this have been completed, and this state-funded project should be completed by the spring of 1980, bringing to a close the Phase I and II of the Conway building program. The result will be a modern, comprehensive high school able to meet the varied needs of today's high school students and able to be used by the whole community.

In Tamworth the addition to the Kenneth A. Brett School is nearing completion. This addition will provide office space for the principal and nurse, plus space for the primary grades and the special education program. This project has been funded by the federal Economic Development Act Program and additional monies voted by the Town.

Building projects in Bartlett and Madison have been studied this past year and will result in a bond issue question to the voters at the next school district meetings.

Bartlett's proposed program includes a multi-purpose gymnasium-cafeteria, new junior high classrooms, tutorial space, library and offices. This proposal was developed by a School Board appointed School Facility Study Committee. In Madison a proposal for a multi-purpose area and two classrooms will be considered. This addition to the existing school will provide adequate classroom space as well as an area for large group utilization in physical education assemblies and other such uses. Freedom has also had a Study Committee on school facilities which has made a number of recommendations for improvements to the existing facility. In addition to school facility activities, much time has been spent on the important area - educational programs.

In the area of special education, the plan for educating handicapped children, adopted by all the school boards, has been implemented. Personnel have been employed through local funds and a grant through Carroll County Mental Health. In Conway a program for moderately mentally retarded children has been started which, at this time, can meet the needs of other towns in addition to Conway. At the high school level, a learning disabilities program is in operation. Also, through the aforementioned funding and the reorganization of existing services, children throughout the Supervisory Union are able to receive the kinds of special education that they might need. This accomplishment is something that the communities can indeed be proud.

In our regular classroom programs, the results of the language arts, mathematics, music and report card committees are being implemented. The work of these committees is being doubly used. Besides the classroom it is also serving as a basis in the development of an accountability plan for the supervisory union.

A committee of parents, community members, teachers and school board members is developing an accountability plan to assure that all students will be able

to meet certain levels of accomplishment in language arts, mathematics, U.S. and New Hampshire history and government as well as science and reasoning. We all await the results of this committee's important task.

In addition to the work of the curriculum committees, a new evaluation procedure has been developed and is currently being utilized. With the aid of new standards and the new evaluation format, school administrators will be in a better position to help classroom teachers effectively implement the new curricula. We feel that the new evaluation procedure and curricula will greatly contribute to our effort to work towards providing the children of Supervisory Union No. 9 with the most appropriate education possible.

As our third year of working in the communities of Supervisory Union No. 9 draws to a close, we would like to take this opportunity to thank you all for the cooperation and support we have received. We continue to pledge ourselves to do all we can to carry out the wishes of the community in providing its educational program to all children. Your continued interest and input is encouraged and necessary. For the total education of each child to be beneficial, it does require assistance and coordination among the home, community and school.

We are now happy to provide a more detailed report from the principal of your school.

PRINCIPAL'S REPORT

by Henry R. Scipione

The 1978-79 school year notes a reorganization in the Kenneth A. Brett School administration. Faculty and staff are together involved in establishing a positive school environment through the application of more clearly defined educational objectives and philosophies and through the cultivation of more extensive communication

among administration, faculty, students, parents and the community.

The ongoing evaluation of curriculum dictates change and improvement in the academic program in order to best meet the needs of the students. Emphasis has been placed on developing a continuity of subject matter between grades and varying the methods of instruction. Accountability at all levels has become a mandate within the school. Teachers and administrators alike are aware of their kindred responsibility to regularly set and attain goals concerned with the improvement of education for all children. The following are exemplary of our combined efforts to provide a more fulfilling educational experience. For those students whose educational requirements go beyond the regular classroom, specialized services in the child's area of need are being provided by the Brett School special education program and supportive team. With the involvement of the Squam Lake Science Center, a comprehensive program in environmental education was offered to students in grades 1-6. Complemented by field trips and an energy fair, the students participated in an alternate approach to the study of science. The proposal and implementation of certain other programs is in motion with the objective of increasing the scope of academic and avocational areas of study for the children of Tamworth.

The support of parents and community continues to be an important factor in the educational system. The Kenneth A. Brett School maintains an openness to both parents and community. Future growth of the school anticipates the utilization of more community resources in the general curriculum. Through the concerted efforts of all, the educational process will continue to stride forward

SUPERVISORY UNION NO. 9

LETTER OF TRANSMITTAL

Members of the Supervisory Union Board
Supervisory Union No. 9
North Conway, New Hampshire 03818

Gentlemen:

We have examined the books and records of Supervisory Union No. 9 for the fiscal year ended June 30, 1978.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

The Supervisory Union does not maintain a record of fixed assets. Accordingly, a report of this type fund was not included within the scope of this audit.

In our opinion, the accompanying balance sheets and statements of sources of revenue and expenditures present fairly the financial position of Supervisory Union No. 9 at June 30, 1978, and the results of its operations for the year then ended in conformity with generally accepted accounting principles applicable to governmental entities, applied on a consistent basis.

We extend our thanks to the officials and office staff of Supervisory Union No. 9 for their assistance during the course of the audit.

Very truly yours,
PLODZIK AND SANDERSON
