GOSHEN FIRE DEPARTMENT

At the close of another year we can be very thankful for the small fire loss in town. I wish to thank the taxpayers for their help in keeping the loss as small as it was. We have acquired an outside signal, and feel sure this will be a great aid in helping to get our equipment to a fire sooner. The Ladies' Auxiliary and our many friends have made it possible to have this signal with next to no cost to the taxpayers.

The department is in much better shape this year as regards to hose and we have a new portable pump. The old portable pump has been overhauled this past year. We do not have all the things we would like, but we are in better shape to fight a fire than we have ever been. Moreover, the equipment would be of little value without the right men to operate it, Goshen has just the men for the job as they have proved by giving most freely of their labor and time. I am very happy and proud to feel that I am one of them, and I wish to thank them one and all for the wonderful cooperation they have always shown.

REPORT OF FIRE WARDEN

The Forest Fire Warden is happy to report an uneventful year. This was due in part to weather conditions, but a direct result also, of care and vigilance by the people of Goshen in matters relating to outdoor fires. Carelessness with fire and promiscuous burning by local people is no longer a serious problem.

May I again call your attention to some old rules that are still important and a few changes which may have escaped your notice.

DO NOT

Throw lighted matches, cigarettes, etc. from automobiles.

Kindle an outdoor fire on bare ground without a permit.

Leave an open fire burning unattended.

Smoke in woods or start an outdoor fire when a woods ban is in effect.

An incinerator and a barbecue are both considered outdoor fires. Your Warden will be happy to inspect them and issue a season permit if suitable.

Your continued cooperation is solicited for the coming danger periods of 1955. Care with fires and smoking. Permits and Vigilance in spotting and reporting smokes and fires.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of the Goshen-Lempster Co-operative School District No. 5, I herewith submit my third annual report as Superintendent of Schools.

Your decision to form a cooperative school district is, in my opinion, sound evidence that you are vitally interested in trying to offer a better educational program by providing those facilities which enable teachers and pupils to give full attention to the learning process.

It is difficult to concentrate on the work at hand when someone is constantly uncomfortable due to an excess or lack of heat, light and air conditioning. The necessity of adding fuel to the stove, moving closer or away (if possible in the space provided) detracts from the best teaching that can be offered.

Multiple grades limit the time available for each child in the variety of subject matter that we believe essential. Five and one-half to six hours a day divided into many parts is not sufficient to teach all that is required, or to provide those "extras" that children in other school systems are receiving. The boys and girls of Goshen and Lempster are as much entitled to the same educational program as any others in the state or nation.

The school board has worked very hard to try and present to the citizens a building program that is feasible and financially within the ability of the taxpayers. It has been a most cooperative group and has weighed the evidence in the light of citizens from each town. Your attendance at discussions of building plans and the budget, as well as your presence in exercising your voting privilege and duty, is further proof that you are also carefully balancing the evidence presented.

I hope that you will continue to assist us in making our decisions. We need your cooperation and your continued support to help your boys and girls now and in the future.

You are aware that the operation of a cooperative school district such as ours is relatively new in New Hampshire, and that we will need to make some changes as conditions warrant. I feel that, in general, the plan has worked out very well this year and if we could now combine our schools into one, that we would do even better.

I urge you to continue to operate as a cooperative district and make the decision to build a new school. I also urge you to support legislation which will provide an increase in state aid, this aid to be in the form of general aid, flat grant, building and transportation aid. It is necessary if the real estate burden is to be relieved and the support of schools is to be more equally distributed among our citizens.

The teachers, Miss Laughlin and Mr. Kathan of Goshen, have tried very hard to teach effectively in spite of crowded rooms and a severe handicap in terms of division of grades. Mrs. Starkey and Mrs. Newman, though teaching in less crowded rooms, have had to contend with wood fires, and divide their time among pupils in four grades.

Playgrounds are inadequate and far from ideal at any of the schools. Toilet facilities are a menace to good health.

Your school nurse, Miss Florence MacIver, and I spent many hours traveling to the four schools. We could be of more value if we could spend that time with teachers and pupils.

The pupils of Cornish and Unity have moved into new buildings this year and it is most gratifying to see the whole atmosphere and attitudes change for the good of all concerned. The buildings have provided a meeting place for many community groups as well as for school purposes.

I look forward to serving you in whatever capacity I can in the solution and improvement of your educational program. I sincerely appreciate the cooperation of the school board and the teachers.

Respectfully submitted,

RALPH H. MEACHAM, Superintendent

SCHOOL NURSE'S REPORT

In 1833 a law was passed in France requiring school committees of towns and cities to keep school houses clean. From this very simple but necessary beginning, stem our present day school health services.

What are school health services?

School health services are procedures established: (a) to appraise the health status of pupils; (b) to advise pupils, parents and others of the appraisal findings; (c) to encourage correction of remedial defects; (d) to assist in the identification and education of handicapped children; (e) to help prevent and control diseases; (f) to provide necessary emergency service for injury or sudden illness.

Our modern school deals with the physical, mental, emotional and social development of each pupil. Gone is the day when the school was primarily concerned with the facts a child memorized. The desire now is health, happiness and foundation for a useful life.

Certain health services help parents and school personnel to become acquainted with the health problems of children, and provide a means of helping children obtain solutions for their problems. For example, vision and hearing tests assist in determining the degree to which a child may benefit from his school experiences. As child health is improved, other aspects of school endeavor are more successful. To learn effectively, children need good health.

Unquestionably one of the most important factors in carrying out our health program effectively is the very fine cooperation and understanding which you, as parents and interested individuals, have given it.

It is a great pleasure to work with you, and a very rewarding experience to work with your children. Thank you for your cooperation.

Respectfully submitted,

FLORENCE MacIVER, R.N.

SCHOOL WARRANT

State of New Hampshire

To the inhabitants of Goshen-Lempster Cooperative School District No. 5 qualified to vote in district affairs:

You are hereby notified to meet at the Union Hall, Lempster, on the fifth day of March, 1955, at eight o'clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Member of the School Board for the ensuing two years.
3. To choose a Member of the School Board for the ensuing five years.
4. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
6. To see what sum of money the district will vote to raise and appropriate for the constructing, equipping and acquiring of any real property for a new elementary school, grades one through eight; and whether the district will vote to authorize the issue of serial notes or bonds upon the credit of the district for all or any portion of the sum so raised and appropriated; and to authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued, including their sale, the time and place of payment of principal and in accordance with the municipal bond statute, New Hampshire Revised Laws, Chapter 72, as amended.
7. To see if the district will authorize the school board to act as agents of the school district in acquiring any real property necessary for the location of a new elementary school.
8. To see if the district will vote to authorize the school board as agents to dispose of existing school buildings and lots to which the district has clear titles, and use the funds received toward equipping a new school or for development of the site for recreational purposes.
9. To see what sum of money the district will vote to raise and appropriate for continuing the study of school building needs and the obtaining of preliminary sketches.
10. To determine and appoint the salaries of the School Board, and fix the compensation of any other officers or agent of the district.
11. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of

the district, and to authorize the application against the appropriation of such sums as are estimated to be received from the state equalization fund, together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

12. To see if the district will authorize the school board to appropriate receipts from federal lunch reimbursements, tuition, gifts, and any other receipts from miscellaneous sources, in addition to the original appropriation for 1955-56, for the lunch program, general expenses, equipment and improvements.

13. To transact any other business that may legally come before this meeting.
