#### **Town Warrant**

#### THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Lancaster in the County of Coos in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Lancaster on Tuesday the eleventh day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

- 1. To choose all necessary Town Officers for the ensuing year.
- 2. To see if the town will vote to accept the budget as submitted by the Budget Committee.
- 3. To see if the town will vote to authorize the Selectmen and Town Treasurer to borrow a sum or sums not exceeding in the aggregate the amount of the tax commitment of the previous year (1951), in anticipation of the collection of taxes for the current municipal year, and to issue in the name and on the credit of the Town negotiable notes therefor, said notes to be paid in the current municipal year from taxes collected during the current municipal year.
- 4. To see if the town will vote to authorize the Selectmen to administer or dispose of any real estate acquired through Tax Collector's deeds.
- 5. To see if the town will vote to raise and appropriate a sum not to exceed \$6000.00 for the purpose of purchasing a tractor loader for the highway department, such sum to be raised through the issuance of serial bonds or notes under and in accordance with the provisions of the Municipal Bond Statute, and amendments thereto, and to authorize the Selectmen and Town Treasurer to issue and negotiate such bonds or notes, and to determine the time and place of payment thereof, under such terms and conditions as they may deem to be in the best interests of the Town. (Recommended by the Budget Committee)
- 6. To see if the town will vote to adopt Chapter 90. Part 22, R. L., in regard to sidewalks and sewers, as set forth in Chapter 188 of N. H. Laws of 1945, as amended.
- 7. To see if the town will vote to raise and appropriate the sum of \$449.06 for the White Mountains Region Association. (Recommended by the Budget Committee)

- 8. To see if the town will vote to raise and appropriate the sum of \$800. to assist in paying the cost of free public band concerts. (Recommended by the Budget Committee.)
- 9. To see if the town will vote to raise and appropriate the sum of \$3000. for the purpose of a revaluation of real estate by an appraiser of the State Tax Commission. (Recommended by the Budget Committee)
- 10. To see if the town will vote to pay over to the Weeks Memorial Hospital the sum of \$2500. on condition said Hospital will extend free service to properly authorized town paupers in an amount (figured at regular rates) not to exceed the amount of contribution.
- 11. To act on any other business which may legally come before said meeting.

. The polls will be open on the day of said meeting from ten A. M. to six P. M.

Given under our hands and seal this twenty-fifth day of February, in the year of our Lord ninteen hundred and fifty-two.

JOHN B. EVANS, ARTHUR G. SHERMAN, MAYNARD G. WHITE,

Selectmen of Lancaster

A true copy of Warrant Attest:

JOHN B. EVANS,
ARTHUR G. SHERMAN,
MAYNARD G. WHITE,
Selectmen of Lancaster

#### Letter of Transmittal

#### Board of Selectmen:

Herewith is submitted the annual report of the Town's operations. Although a change of management was made during the year, our business has continued on smoothly, and the year was ended with a fair-sized budget surplus.

During the year, a contract was let for the Causeway Sewer at a saving of \$1500 under the estimated cost if the Town had performed the work with its own men and equipment. The sewer is expected to be completed this spring.

The town accounts were audited as usual by the State Tax Commission auditors, and the essential parts of their report are printed with our departmental reports. The complete report is on file at the Town Office, where all interested taxpayers are invited to study it.

I wish to thank all citizens, town employees, and town officials who have helped to bring us through another successful year.

Respectfully submitted,
J. W. TRUE,
Town Manager

### Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Lancaster for the fiscal year ended December 31, 1951, and found them to be in good order. In our opinion the Exhibits submitted herewith reflect the true financial condition of the Town as of December 31, 1951, together with the results of operations for the year ended on that date.

Respectfully submitted,
HAROLD G. FOWLER,
Director
Division of Municipal Accounting
State Tax Commission

C. David Sullivan, Auditor John T. Flanders, Accountant

# Auditor's Report

#### DIVISION OF MUNICIPAL ACCOUNTING STATE TAX COMMISSION Concord, New Hampshire

January 25, 1952

Board of Selectmen Lancaster, New Hampshire Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Lancaster for the fiscal year ended December 31, 1951, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

#### SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Col. F. L. Town Fund, Weeks Memorial Library, Overseer of the Poor, Public Health Nurse, Dental Clinic, Emmons S. Smith Relief Fund and Summer Street Cemetery.

#### FINANCIAL STATEMENTS

Balance Sheets: Dec. 31, 1950-Dec. 31, 1951: (Exhibit A)

Comparative Balance Sheets as of December 31, 1950 and December 31, 1951, are presented in Exhibit A. As indicated therein the Net Debt increased by \$22,311.78 during the year 1951.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

#### Increases in Net Debt

Long Term Notes Issued	\$28,500.00	
Unredeemed Taxes Transferred to		
Tax Deeds	560.26	
Adjustment in Bounty Account	15.00	
Decrease in Accounts Receivable	227.50	
Decrease of Cash in Hands of Officials	18.29	
		\$29,321.05

#### Decreases in Net Debt

Net Budget Surplus	\$ 1,976.86	
Appropriation for Part of Prior Year's		
Current Deficit	3,022.41	
Long Term Notes Paid	2,000.00	
Tax Collector's Excess Credits	10.00	
	 	7,0

7,009.27

#### Net Increase

\$22,311.78

#### Comparative Statements of Appropriations and Expenditures Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31,1951, are presented in Exhibit C and D. As indicated by the budget summary (Exhibit D), a net revenue surplus of \$2,079.95, less a net overdraft of appropriations of \$103.09, resulted in a net budget surplus of \$1,976.86.

#### Summary of Receipts and Expenditures: (Exhibit F)

A summary of receipts and expenditures for the fiscal year ended December 31, 1951, made up in accordance with the uniform classification of accounts, is included in Exhibit F. Proof of the Treasurer's balance as of December 31, 1951, is indicated in Exhibit G.

#### AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

#### GENERAL COMMENTS

#### Current Deficit:

The current deficit on December 31, 1951, amounted to \$8,067.08, compared to a current deficit of \$12,225.30 at the close of the previous year, indicating a reduction in the deficit of \$4,188.22, as shown herewith. Part of this reduction was made by virtue of a deficiency appropriation in 1951 of \$3,022.41.

	Dec. 31, 1950	Dec. 31,1951
Total Current Liabilities	\$ 66,339.02	\$ 69,460.92
Total Assets	54,083.72	61,393.84
Current Deficit	\$ 12,255.30	\$ 8,067.08

It is again recommended that a special deficiency appropriation be made to cover the current deficit of \$8,067.08. This may be done, if desired, over a period of two or more years, or until such time as the current deficit is entirely liquidated.

Tax Accounts:

In the report of our audit for 1950 we recommended that the uncollected tax lists on the tax warrant of prior years be examined by the Selectmen and Tax Collector for the purpose of eliminating such taxes as appeared to be uncollectable. It was also recommended in the case of unredeemed taxes that collector's deeds be given to the Town in cases where the two year redemption period had expired.

It is noted that these recommendations were carried out during 1951, and that as of December 31, 1951, there were no uncollected taxes on warrants prior to 1948 and no unredeemed taxes from tax sales prior to the sale on account of the tax levy of 1949.

#### Conclusion:

The accounts of all town officials which we examined were found in good condition and the accounting and financial procedure conformed to the prescribed methods and procedure.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual Town report.

We extend our thanks to the officials of the Town of Lancaster for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER,

Director

Division of Municipal Accounting

State Tax Commission

C. David Sullivan, Auditor John T. Flanders, Accountant

# Selectmen's Report

Again this year the Board of Selectmen spent considerable time in the assessment of the property found in Lancaster on April 1. The Board knew there were some inequalities which existed and again an effort was made to bring the assessments to the full and true value of the property as required by law and also make certain that each and every taxpayer was assessed on a fair and equitable basis. We know there are inequalities which still exist and we feel that the only solution to this is to have the property assessed by someone who has had experience in this type of work and does it as his business. We have asked for an appropriation for such an assessment and we hope the Budget Committee sees its way clear to allow the people of the town to vote on it at the annual meeting.

The Board again calls your attention to the amount of the Veterans' Exemption which exceeded the high of \$132,-985.00 in 1950 reaching a total of \$148,090.00 in 1951.

The Board granted slight increases to the town employees because of the increasing costs of living and has asked for another increase for those same employees in this year's budget. We feel we have some fine employees and we would be most reluctant to lose them because we cannot pay them a living wage.

The cost of town government has increased as has the cost of your own living. We know that the increases we have asked for in the budget may seem unduly large. We do want to bring to your attention that there have also been increases in the requests for town services. These of course we try to comply with but each new service or request for an expansion of service presently rendered means an increase in the amounts which the town must expend.

We feel you will agree that we are now in a machine age. Consequently there is much which can be done more economically by machinery. The town has been hiring much of its machine work done. The Board feels that we are expending each year a considerable sum for equipment hire with no return except the work done. We have asked for an appropriation for additional machinery which will be used in the town's

construction work. We feel that this machinery will more than pay for itself in a few years in savings of man hours and dollars spent.

The Board has asked for an appropriation to do some construction work on the Main Street, north of the Post Office. This can be done on a 50-50 basis with the State. We know that the sum asked for will not do the entire job but we would like to go as far as we can on the appropriation asked for.

The Summer and Causeway sewer construction was begun in 1951 and will be completed early in the spring of 1952. This construction work has brought about a situation which necessitates the reconstruction of Summer and Causeway Streets.

Below is a detailed list of assessable property:

### Report of Highway Department

During the year, the streets and roads were maintained by means of tar patching, grading, gravel and calcium chloride; and seal coats of asphalt were put on approximately two miles of streets and two miles of roads. It is hoped to resurface an equal mileage again this year. Peastone coating was applied to Route 3 from Burnside Street to High Street, with one-half the cost paid by the State. A number of new catch basins were installed, and others repaired to improve drainage in certain spots.

New construction was completed on Summer' Street (High to Cemetery), Garland Road to McGary Road, Brick-yard Road, and Causeway Street up to the Railroad; and a section of Gore Road was constructed with State Town Road Aid money.

A section of sidewalk on Middle Street was renewed during the year, as well as a section on Elm Street.

Winter maintenance expenditures were larger than usual during November and December due to the number of storms, both snow and rain. This same condition appears to be continuing in 1952.

## Report of Overseer of the Poor

Appropriation for 1951	\$ 4,500.00
Transfer	50.92
Total	\$ 4,550.92
Expended	\$4,550.92
Boarding care for 5 individuals	
Hospitalization for 2 individuals	
Direct Relief for 4 families — 5 persons	
Soldiers Aid for 4 families — 16 persons	
(Average annual cost of \$151 per person a	assisted.)

## **Municipal Court Report**

Selectmen Lancaster New Hampshire Gentlemen:

Herein is a statement of the Receipts and Disbursements of the Lancaster Municipal Court for the calendar year 1951.

#### Receipts

Small Claims	\$ 30.25
Bail Forfeited	64.50
Fines and Costs	1,779.30
TOTAL RECEIPTS	\$ 1,874.05
Expenditures	
Fish and Game Department	\$ 185.00
Motor Vehicle Department	963.00
Officers' Fees	43.40
Special Justices' Fees	24.00
Supplies	14.37
Town of Lancaster	644.28
TOTAL EXPENDITURES	\$ 1,874.05

Respectfully submitted,

WALTER D. HINKLEY
Justice

### Report of Police Department

I hereby submit the following report of the Lancaster Police Department from January 1, 1951 to January 1, 1952.

#### Arrests

The following arrests were made during 1951:

Charge	Number
Accidental death investigated	5
Assault	1
Binders and chains	1
Driving while under influence	8
Drunk and disorderly	2
Failure to keep right on highway	1
Failure to give proper signals	2
Giving false age to obtain beer	1
Illegal parking on highway	3
Illegal possession of deer meat	1
Intoxication	5
Leaving scene of accident	2
Misuse of plates	1
Missing persons located	3
Mental cases	2
Making false statement to obtain hunting license	1
Operating motor vehicle with inadequate brakes	2
Operating after suspension of license	2
Operating after suspension of plates	1
Operating without license	14
Operating an uninspected motor vehicle	3
Operating on an invalid license	2
Operating after revocation of license	1
Operating motor vehicle not duly registered	3
Obtaining beer for minors	1
Overloaded truck	1
Passing a school bus	1
Police escort by request	6
Permitting unlicensed person to operate	2
Reckless driving	2
Road Hazard reported	18
Speeding	40

Stop sign violations	2
Suppression of disturbances	15
Truancy cases investigated	2
Traffic courtesy ticket warning	150
Taking and assisting in taking of a deer with the	
use of an artificial light	3
Yellow line violations	2
U Turn violation	1

In the year 1951 the Police Department received 1,874 telephone messages. 413 required immediate investigation. The Department furnished lodging for 181 and 24 others were held for safe keeping. The statistics of the department are as follows:

Auto accidents investigated, 61.

Bikes reported missing and located, 25.

Cases involving animals, 31.

Doors found unlocked, 112.

Windows found unlocked, 13.

Investigation for other departments (Federal, State, etc.) 63. Important messages delivered to citizens, 28.

The Police Department registered 251 Bicycles under the new ordinance. Each one was inspected and a complete description taken thereof. A cross section file gives us the immediate identification of the bikes lost or stolen so that they may be returned to the proper owner.

The purchase of a radio transmitter gives the department faster communication with state and other police departments. We are connected with the relay station at the Highway Office, where an extension of the police telephone network has been placed to insure an immediate answer.

I wish to take this opportunity to thank the dispatcher for the cooperation rendered the Police Department.

RAMON HANSON, Chief of Police

### Weeks Memorial Library

#### 1951

The number of books borrowed during the year has increased over those of 1950. The reading of non-fiction has increased also, as in the past year. 21,059 books and magazines were circulated in the Adult Department alone during the year.

The Bookmobile continues to come regularly, leaving non-fiction books only. Several hundred books were borrowed from the Groveton Library, thus supplementing the fiction, mystery and western collections. Sixty dollars a month has been spent for new books. From this sum, young people's mysteries, westerns, fiction and non-fiction must be purchased. Much thought and time has been spent on the selection of these books and many critical aids are used.

The lighting in the Juvenile Department and the Reading Rooms was greatly in need of replacement. Money appropriated at Town Meeting made it possible for fluorescent lights to be installed. Both the staff and the library patrons are greatly pleased with the improvement.

In May, Miss Faith Kent who has been Children's Librarian for several years resigned and was replaced by Mrs. Lawrence Currie.

Many generous gifts of books have been received.

Respectfully submitted,

ELAINE HICKEY Librarian

## 1951 REPORT OF THE CHILDREN'S LIBRARIAN WEEKS MEMORIAL LIBRARY

On May 21, 1951, I replaced Miss Faith Kent in the Juvenile Department. Miss Kent is highly commended for excellent service to the department and I hope to serve the children in the same efficient capacity.

This department is constantly growing as shown in the number of borrowers and the marked increase in the circulation numbers. The total circulation for the year was 11,-558 which proves that reading is being stimulated by parents and teachers.

Reading is exceptionally costly at present. Costs are so high that three-fourths of the books for children are sold to libraries. Fortunately for those who cannot afford to buy books for their children, they can be had at the libraries. We are meeting this challenge the very best way possible on our limited funds.

The Bookmobile continues to make visits thus providing more variety to our collections.

To meet our expanding book collections, new book cases were purchased and more will be needed during the coming year.

A very needy improvement in the children's room was made by the installation of new florescent lighting fixtures, which now make all bookcases easily viewed by the users.

With the interest of our children at heart, Mrs. Chester McKinnon instigated the collection of character and storyland dolls for the children's room. These dolls are made by Mrs. George Beecher and donated by the various service clubs in town. They are encased in a glass case, the work of Mr. Chester McKinnon, with plenty of room for expansion. It is hoped that this project will be a living one and will increase and attract visitors to our library.

To make this project a reality, Book Week was centered around this collection and the librarian explained the significance of each doll to the grade children. Talks on the use of the library and library manners were also given during Book Week by the librarian.

The room and its exhibits lend itself to creative work for the children. During the Christmas season, a scene from the Christmas Forest by Louise Fatio was depicted on the stage, and the story related to the lower grades and preschool children.

Tasha Tudor, the popular author and illustrator of children's books, and a New Hampshire resident, spoke at the Unity Club in October. During the course of her talk she made pencil sketches which she gave to the library. These may be seen in the children's room.

The children's library offers your children a library which is attractive and easy to use. It's your library and your inspection is invited.

Respectfully submitted,

ELIZABETH L. CURRIE

### Public Health Nursing Report

As Chairman of the Public Health Nursing Committee, I present the following reports:

The Lancaster Public Health Nursing Committee met regularly during the year with several special meetings. On January 22, the Public Health Nurse's office was moved into the quarters provided for the Public Health Center. Public inspection was held in conjunction with the open house for the new school building. Members of the Committee and the Public Health Nurse were the hostesses. Through the efforts of the Public Relations Committee and the Nursing Committee, the Health Center has been partially furnished. This necessitated many hours of volunteer work and planning. Material for curtains and rods were purchased and suitably placed to divide the room for its various uses. Gowns were made to be worn by the students for the physical examinations. Chairs and other equipment were purchased or donated. Special mention should be made of the biological refrigerator given by Mr. James L. Dow.

The committee conducted a survey of the Registered Nurses of the area also compiled a list of those interested in taking the Volunteer Nurses' Aide Course and the Home Nursing Course.

Two classes of Nurses' Aides have been trained at the Health Center, sponsored by the Committee for Civilian Defense.

The Public Health Nurse has contributed many extra hours of work in organizing and promoting the different programs. She has complied with the requirements of the State Board of Education by taking a Red Cross Instructor's Course in First Aid and a Plymouth Teacher's College Extension Course in Mental Hygiene.

Respectfully submitted,

KATHARINE N. LANE, Secretary

# CHILD HEALTH STATION January 1, 1951 to January 1, 1952

The Mahaney-Brisson Post No. 30, the American Legion, New Hampshire, with the valuable assistance of the Mahaney-Brisson Unit No. 30, the American Legion Auxiliary, New Hampshire, have closed a successful year.

The Child Health Station was organized in June, 1938, in order to give parents the opportunity to seek advice and supervision of a physician for the infants and pre-school children during these most important years of child development.

This work at present is being financed by the Mahaney-Brisson Post No. 30 and the Colonel Town Committee, with the valuable assistance of the American Legion Auxiliary, the donations of paper by Walter Wemyss, the medication, immunization, and record forms by State Board of Health and the Public Health Nursing Committee.

The station was open the third Friday of each month from 1:30 p. m. to 3:30 p. m. with a physician attending.

Number of:

Infants attending	40
Pre-school attending	30
Total Individuals attending	70
Repeat examinations of infants	73
Repeat examinations of pre-school	50
Total physical examinations	193
Total triple vaccine treatments	56

Due to a protective ruling by the State Board of Health during the Infantile Paralysis season, the total of triple vaccine treatments is much smaller than usual.

#### Cost of Station:

148 hours—American Legion Aux. Volunteer service 172 pieces of Laundry — estimate 14.1 Tissue paper towels and napkins—Gift Total Cash Expenditure 120.0 Total Volunteer time — if paid for Medications & records by State Board—estimate Medications furnished by Committee — estimate Total cost of operating station to this community if paid for

### Report of Spending Committee

#### SECRETARY'S REPORT

Following is a report of the Col. Town Spending Committee for the year:

The following members compose this Committee: Dr. James Ferguson, Mr. Clinton White, Mr. George Hunter, Mr. Elmer Bennett, Mr. Carroll Stoughton, Mrs. Florence Amadon, Mrs. Priscilla Evans, Mrs. Margaret Guillmette, Mrs. Della Barnes.

The following officers were elected for the year: Chairman, Dr. James Ferguson; treasurer, Mrs. Margaret Guilmette; secretary, Mrs. Della Barnes.

The Chairman appointed the following Committees: House — Mrs. Margaret Guilmette, Mr. Elmer Bennett, Mr. Carroll Stoughton; Camp — Mrs. Florence Amadon, Dr. James Ferguson, Mrs. Priscilla Evans; Field — Mr. George Hunter, Mr. Clinton White, Mrs. Della Barnes; Scholarship — Mr. Carroll Staughton, Mr. Clinton White, Mrs. Della Barnes.

Our requests for money this year included the following: \$ 45.00 Refund to Mahaney-Brisson Post to be given to Baby Health Station.

180.00 For School Prizes.

150.00 Repairs for School Musical Instruments.

500.00 School Athletic Activities.

250.00 Swimming Pool.

160.00 Kiwanis to help support Playground.

75.00 Child Welfare Clinic.

400.00 Hospital Auxiliary for purchase of linens.

600.00 Juvenile Library

75.00 Girl Scouts.

800.00 Lancaster Skating Rink.

500.00 Playground Equipment for Rural Schools.

475.00 Mount Prospect Outing Club for Ski Lessons.

500.00 Summer Recreation Program.

49.50 Scales for Health Center.

200.00 Cub Scouts.

We also refunded the following money to organizations using the hall for charitable purposes:

\$ 10.00 March of Dimes.

5.00 Lancaster Churchmen's Club.

4.00 B. P. W. Cancer Tea.

The Camp Committee, with Mrs. Amadon as chairman, did a fine job. Two new grills and two new bath houses were built. One grill was lighted which was a great improvement. A croquet lot was built. 4,742 guests registered this year. This was 1,004 more than last year. Mr. and Mrs. Carl Hartford were caretakers again this year and their work was very satisfactory.

The House Committee made many improvements. The kitchen was completely done over. New equipment including electric stove, refrigerator and sink make this a very modern kitchen. A coffee maker was also purchased. New drapes were bought for the living room. The Committee considered and purchased bleachers for the hall as due to increase in numbers at games seating capacity was inadequate. These bleachers have proved very satisfactory. The stage has been completely remodelled. The cyclorama and new draw curtains add greatly to the appearance of the hall. New goals for backboards were also purchased. In compliance with request of the State Fire Inspectors, a new fire escape was installed making a safe exit from the Library. A public Address System has been installed in the hall and has been used at all the basketball games.

Coca-cola machines were installed and two ping pong tables were made and are in constant use.

The Field Committee has been very active and have done several things to improve the field. A new mower was purchased. New flag pole was set out on the field. Tennis Court was done over. New batting cage and bases were bought. The bleachers purchased for the house can be used on first and third base line for field. The Field Committee intends to finish regular plans by having a dug out made and are considering a cinder track.

Flowers have been placed on the Col. Town Lot on Memorial Day and during the summer as in the past.

Several students are taking advantage of the loans given by the Scholarship Fund; seven this year.

The Community House has been open all year. Six basketball teams have used the hall this winter and twice the Bloodmobile has used it for headquarters.

The Committee expresses its thanks to the townspeople, to the children of the town for their splendid co-operation,

to Mr. and Mrs. Snell for the fine work they have done and to Mr. and Mrs. Hartford. Without the assistance and co-operation of these people the administration would be more difficult.

Respectfully submitted,
DELLA T. BARNES,
Secretary, Col. Town Spending Committee.

A list of groups and organizations enjoying the use of the building would include the following:

Kiwanis Club, Red Cross, Unity Club, Parent-Teachers Association, Teachers Club, Arts and Crafts, Girl Scouts, School Study Council, Chamber of Commerce, Farm Bureau, Physical Therapy, St. Paul's Guild, Child Health Clinic, Noyes Free Lecture Fund, Cub Scouts, Business and Professional Women's Club, Tabernacle Society, Dramatic Club,

Churchmen's Club, Minstrel Rehearsels, 4-H Club, American Legion, Tournament Broadcasts, DeMolay and Rainbow Girls, Forestry Meetings, Y. M. C. A., Blood Mobile, Coos County Insurance Agents, Bennett's Traction Company, Cancer Drive, North Country Music Festival, Dance and Music Recitals, Mountain View Orchestra, Fire Inspection Meeting, Baseball Meetings, Committee Meetings, Parties, Dances and numerous school activities.

The Community House and Field along with their respective facilities have been shown to many visitors during the year.

As the activities seem to be greatly increased in variety and quantity, several minor physical changes and additions have been made during the last year, for the convenience and safety of the townspeople.

The kitchen has been completely repainted, new fixtures installed, and new dishes ordered to replace those that are now damaged. A few minor changes are planned to make it even more enjoyable.

A new fire escape has been installed from the third floor, for the saefty of those using the Library.

The Hall floor was refinished and seems to be standing up well under its constant use. New portable bleachers were installed to increase the seating capacity for athletic and other events that necessitate the use of the floor by participants. These bleachers are so constructed that they may be removed and used on the field as well. A scoring table was constructed and attached to the bleachers at a point that seems to be advantageous for the scorers and timers; clock now being operated from remote control. This makes the stage available for the school band and additional seating during basketball games. A public address system has been installed for the convenience of those wishing to use it at lectures, athletic events and musical entertainments. The stage has been redecorated with new front draw curtains of rich red velour material and a gold fringed valance to match. The sides and rear of the stage have a cyclorama setting of rose-beige repp material. The materials used were all flameproofed before being hung.

The basement recreation room has been repainted with colors that brighten it up a bit, and a Coca Cola machine was installed on an experimental basis. This room appears to be increasing in popularity and it is used extensively by the young folks in the afternoon. In the evening it is open for

the pleasure of both young and old.

A special formula rubberized paint was applied to the walls and floors of the shower rooms, that we hope will save the expense of repainting them every year.

The tennis courts were releveled and resurfaced last spring and were enjoyed by many throughout the summer and fall months.

A batting cage was purchased for the baseball diamond and proved to be not only enjoyable but a good investment, as it saved considerable expense in repairs to the grandstand.

Backstops have been constructed and will be erected in the spring, on top of the grandstand, for the convenience and protection of the baseball teams and fans.

The slope on the west side of the field and around the swimming pool has been completely regraded and reseeded, and with the kindness of mother nature, the maintenance and upkeep seemed to have satisfactory results. The field as a whole still needs some leveling and we would recommend the application of more fertilizer next summer.

Our appreciation is extended to the people of Lancaster, and to the various organizations and individuals, for their cooperation and many acts of kindness shown us during the year.

We would like to thank the Col. Town Spending Committee for their interest, guidance and excellent advise. It has been a pleasure working with such a fine group of people.

Respectfully submitted,
ROBERT J. SNELL,
Superintendent

## SUPERINTENDENT'S REPORT

To the School Board and Citizens of Lancaster Town School District:

In making my report to you this year I have tried to keep the matter brief since many of the items are well covered in the report of the Director of Elementary Education.

## Teaching Staff

Two new teacher assignments were made this past year in our school staff. Mrs. Natalie Wheeler of Lancaster, formerly a teacher in Lunenburg, Vermont, replaced Miss Jennie O'Connell who retired at Mt. Cabot School at the close of last year. Mrs. Barbara Miller of Lancaster replaced Mrs. Patricia Gormley at South Lancaster School. Mrs. Gormley was transferred to the Gore School replacing Mrs. Pearl Sunbury. School Buildings

The routine cleaning was completed in each of the rural schools. In addition to minor repairs the interiors of the Grange and Gore schools were repainted. I recommend that the interior of the Mt. Cabot School be redecorated this next summer thus completing our schedule of redecorating of our rural schools. The school yard fences were repaired and painted.

Attention should be called to the fact that in the not too distant future major repairs will have to be made to the foundations of the Stebbins Hill and So. Lancaster school buildings. In our next year's budget we have kept the item

of "repairs" to merely the regular cleaning and minor upkeep. This seemed necessary since our budget is already quite a bit higher than last year.

## Elementary Education Program

I want to call your special attention to the report of the Director of Elementary Education for the Supervisory Union. This is the second and last year of this "pilot" program which has been financed by State Department of Education funds. It is my recommendation that this work be carried on in the future by the Supervisory Union, the cost to be prorated among the various districts as prescribed by law. The values of this program are far reaching and much remains to be done in revising our educational offerings.

## Col. Town Donation

Through the generosity of the Col. Town Fund Committee, the rural schools are again the recipients of a \$500 donation. This money will be spent to provide the necessary playground equipment in the rural schools not now having such. Last year our intention had been to apply the remainder from visual materials to playground equipment but the entire donation was expended for auditory and visual equipment.

## Committee on Consolidation of School Districts

Your committee appointed at the last meeting of the district to study the consolidation of the districts has been very active these past two months. Its entire work has been devoted to an honest study and collection of the facts concerning our rural schools and the advantages and disadvantages of combining our two school districts in Lancaster. It is interesting to note that Lancaster now has the greatest number of rural schools in operation of any town in the state. Lancaster is also one of only four towns which now have "special" school districts in existance. I would urge every resident of our school district to seriously study the report of this special committee. It is an excellent piece of work! Much credit is due the group for its openminded, conscientious study.

## Conclusion

It has been a pleasure to work with the school board and faculty of the rural schools. I wish to thank them for their cooperation in helping us to make our school program a success.

Respectfully,

C. NEWTON HEATH,

Superintendent of Schools.

## ANNUAL REPORT OF DISTRICT TREASURER Fiscal Year Ending June 30, 1951

## AUDITOR'S CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Lancaster Town, of which the above is a true summary for the fiscal year ending June 30, 1951 and find them correct in all respects.

EDNA S. MARTIN.

August 1, 1951

Auditor

## ELEMENTARY EDUCATION DIRECTOR'S REPORT

## To the People of Lancaster Town District:

My first annual report on items pertaining to the elementary grades follows:

Since the current program in elementary education is new to this area, there are many features which might be covered. This report, however, purports the inclusion of those items which seem most important toward the further information of those people who are interested in the elementary program.

## Program

The pilot program in elementary education has thus far been apparently very successful. It has been somewhat more than a year now that the program has been in operation. This year has seen the beginning of many worthwhile changes and additions in the elementary situation.

This program covers the entire Supervisory Union and is sponsored by the State Board of Education. It is interesting to note that the program was originated on account of the need, felt by various educators, for a stronger program of elementary education within the state, and that our area was the one chosen to carry out the first program. It has been quite successfully proved that it is of definite value to our boys and girls to have a person who is available to devote her entire time to the problems of the elementary school and to work toward a better coordinated organization. Our program has been attracting a great deal of interest and attention in various places throughout the state. The many favorable comments which we have received would lead us to believe that possibly the apparent success of our program will eventually lead to similar adoptions in other Unions within the state.

It may also be interesting to know that the Director's time among the districts is divided on a pro-rated basis according to the number of teachers and classrooms involved. Since this is next to the smallest district, and the only one where we find only one classroom in a building, the time allotted to each must be judged accordingly.

## Teaching Staff

We have five teachers, two of whom have been in their respective schools for several years. The other three are new to their respective schools this year, one of them having been in the district last year also. At present the teacher of Mt. Cabot School is on leave on account of poor health, while a substitute replaces her. These teachers have proved faithful and cooperative in coping with the many problems which confront any person who teaches the children of a one-room school.

## Problems

It is to be expected that in the classroom of several grades, where the resident personnel is limited to one teacher, various problems will arise which are peculiar to these particular schools and not common in schools with a more specialized personnel and fewer grades per classroom. Time has been spent on various physical, personnel, and community problems as they are related to the various schools in the district. Work with thhe Welfare Department, concerning various state wards, has been something of a problem in certain

schools. These are all problems which must be faced, however, if we are to attack the curriculum area successfully. Curriculum

It would appear that in the past the teachers of these schools have been teaching the children according to their own best judgment and the inadequate supply of texts which were at hand. When one considers the fact of the distances between the schools, the teachers have done an admirable job at getting together, in the past, and trying to work in a fashion somewhat similar from school to school. But with no actual coordination and the lack of text-books in number and similarity there have been many gaps and omissions in the instruction which these boys and girls have received.

We are gradually building up a program of instruction such that all areas in a good up-to-date course in education will be covered as best fits the need of the individual child. From month to month we are working to standardize the teaching procedures and materials from one school to the next as well as to decide what requirements should be set up in the various subject matter areas.

## Instructional Policy

It is our policy to teach individuals rather than grades. In these schools where, for the most part, there are six grades represented in each classroom, it constitutes an excellent situation for the teacher to have her boys and girls working together in small groups at the level where each individual can show the righest degree of accomplishment. This may mean that sometimes children of two different grades may be working together, but this is a highly desirable situation in comparison with attempting to instruct a child in the work of a given grade when he is not able to show any desirable progress at that particular level. We are working for individual growth and accomplishment primarily.

To aid the teachers in their personal judgments as to the work best suited to the child we are instigating a testing program which helps, objectively and impartially, to formulate a valid opinion as to what grade of work the child can do with a satisfactory degree of achievement and growth.

## Individual Records and Guidance

We have started to build up an individual cumulative record for each child which will be kept for reference by the teacher from year to year. Each child's folder will contain a record of the various tests he has taken, certain samples of his school work, and various other records of his achievement and growth. In this type of school, where the teacher has the same children year after year and knows them rather well, these records should be of most value when there is a change in teachers. This will give the new teacher an opportunity, through studying the records in each folder, to determine what the child's ability appears to be, and what his previous accomplishments have been, so that she should have a very good idea of formulating her teaching plan for him. These records are also of some value in refreshing the present teacher's mind on facts, all of which she may not be able to recall distinctly.

## Teacher Planning

The teachers have been holding monthly meetings at which problems of group interest are discussed. At these meetings work is also done in an attempt to formulate more consistent and thorough programs of study.

## Recommendations

Having made such a favorable beginning, it is most important that this program should continue under the guidance of some well-qualified person. A start has been made toward improving the educational opportunities of these boys and girls that should not be allowed to lapse.

The textbook situation is such that it needs greatly to be improved. Many additions should be made in this area to bring the supply up to a satisfactory level.

Materials for art and handwork should be supplied. This is an area which is considered an integral part of a well-rounded educational program today, as well as an area which is much enjoyed by the boys and girls. It is a particularly important item for those few children who will probably never be very successful in learning from books.

Classroom libraries are almost entirely lacking in these schools. This is an item which should receive serious attention since many of these boys and girls do not have access to a public library.

## Conclusion

Although there have been some marked problems in some rural schools during the past year, most of these are behind us now. There are steady gains being made in the instructional work which is being done, however, thanks to the tireless efforts of your fine group of teachers.

Mr. Heath has constantly been ready with a helping hand, while the hearty cooperation of the school board members has played a big part in the success of our program.

Many parents have also contributed in an interested and helpful fashion.

Working with such a fine group of people has certainly been a pleasant experience. To all of them I extend my thanks for the various parts they have played in making this school year a successful one.

Cordially yours,
HELEN D. PHELPS,
Director of Elem. Ed.

# Lancaster Town School District Financial Report and Budget 1952 - 1953

## RECEIPTS

				School
	Adopted	Actual	Adopted	Board's
	Budget	Receipts	Budget	Budget
Item	1950-51	1950-51	1951-52	1952-53
Balance (actual or estimated)			\$ 7.85	\$ 4.18
State aid			6,210.39	00.000,9
Federal aid		25.31		
Trust funds	\$ 15.00	23.53	15.00	15.00
Other	200.00	677.07	200.00	200.00
Total Receipts Other Than Prop. Taxes	\$ 515.00	\$ 725.91	\$ 6,733.24	\$ 6,519.18
Dist. Assessment Raised or to be				
Raised by Property Taxes	41,711.30	\$41,711.30	41,167.96	45,197.32*
Total Appropriation Voted by School Dist.	\$42,226.30	\$42,437.21	\$47,905.38	\$51,716.50*

\*Notes—The Supervisory Union No. 31 has voted to continue the position of Director of Elementary Education. Therefore a special article has been inserted in the School Warrant asking for the District's approvial of this position. If this is approved, the Town School District's share of the expense will be \$630.

The Budget Committee of the Town of Lancaster included the above amount in its recommended budget. The Budget Committee also added \$50 to the amount for Administration—Supplies and Expenses, to provide for an audit of the

District's accounts by the State Tax Commission. Both the matter of the Director of Elementary Education and the State Audit are to be voted on as special articles. If both are approved the Total Assessment would be \$45,877.32 or \$4,709.36 more than last year's assessment.

With the exception that the two items noted above have been included in the Budget Committee's budget, their budget is the same as the School Board's budget which appears in the fourth column of figures in the preceding printed budget.

Through the cooperation of the officials of the Union School District, the Annual Report of that District is not included in this report thus enabling the earlier publication and distribution of the Town Reports.

The Union School District Report will be published at a later date as was the custom until the last few years.

## A REPORT TO THE SWIMMING POOL COMMITTEE FOR THE 1951 SEASON

It is with great pleasure that I report that in the absence of good weather I consider that the Pool had a very successful season.

season. A few statistics: 185 Children's Season Tickets sold

53 Adult Season Tickets sold 107 Children participated in a swimming Program 15 Participated in the Red Cross Life Saving Program 11 Received the Life Saving Certificates

11 Received the Life Saving Certificates
The total afternoon attendance was 6916, the total number of daily children's tickets sold was 1305. The total number of daily adult tickets sold was 404. Attendance during the month of July was just twice that of the August attendance, this of course was understandable, due to bad weather.
The improvements to the Pool and Swimming Area include a Chlorinator, Vacuum Cleaner, new piping for the vacuum cleaner, a new flood light a new electric clock, several electric plugs and lights in the house, new rubber matting in the runways to the locker rooms, six attractive beach chairs, new window curtains and shower curtains and a grading around the pool.

I would suggest that for the 1952 season 500 children's

I would suggest that for the 1952 season 500 children's tickets be printed on red or yellow stock and 100 adult tickets on contrasting stock. The boys' floor drain be fixed to operate. fence made to come from the entrance gate to the house A fence made to come from the entrance gate to the house doors (this would prevent any people from getting into the pool area without registering or presenting their season ticket) In addition to our present children's toys that we have other water toys for the use of the little children. It would be nice if we had a dozen more beach chairs because the six we have are most inadequate to accommodate the parents and spectators who wish to observe the swimming The floor in the main part of the house should be patched or relaid as there are many rotten boards which are a hazard to the staff there are many rotten boards which are a hazard to the staff and patrons. I also suggest we have a part time person to assist the present staff as many days two life guards are not adequate.

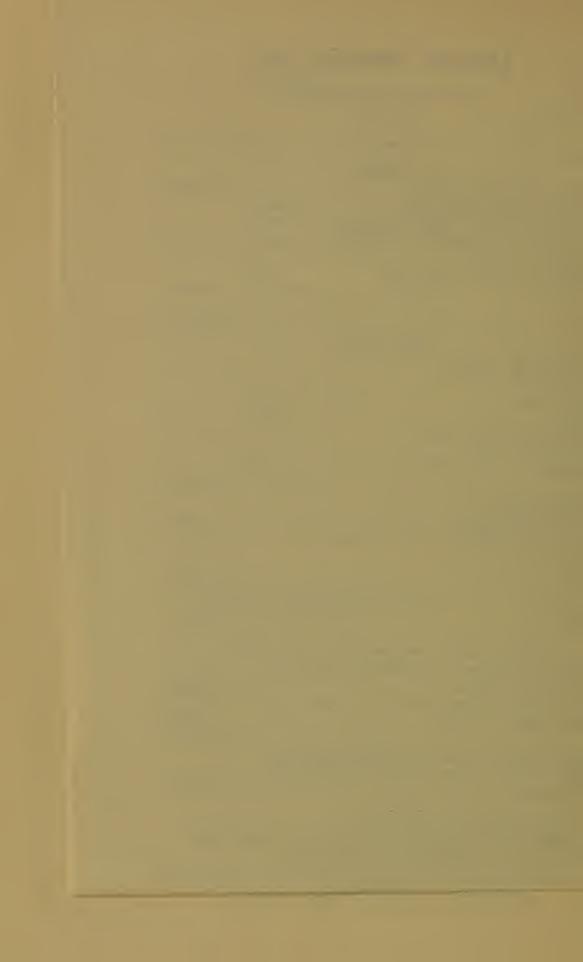

a note in a pleasure to note that there wasn't a single accident reported during the entire season. It was a most enjoyable season for me to have been in charge of such a well patronized and pleasant activity.

I wish to commend my staff for their fine cooperation and the help that they have given me all season.

I wish to extend my thanks to the Swimming Pool Committee for their most excellent support and confidence in my

ability.

Respectfully submitted, GEORGE E. JONES

## State of New Hampshire

Covernor's Highway Safety Conference

## Certificate of Merit

This is to Certify that

The Town of Lancaster Attained an Enviable Safety Record
Through the Reduction in the Amount of Reportable Traffic
Accidents and Having Completed the Year 1951 Without a
Single Motor Vehicle Highway Death.

This Award is Made in Recognition of Your Contribution to Highway Safety Within Our State.

Presented This 31st Day of December 1951

SHERMAN ADAMS, GOVERNOR
FREDERICK N. CLARKE, COMM. OF MOTOR VEHICLES
