Town of

Pembroke

New Hampshire

Annual Report

of the Selectmen
and Treasurer

Together with the Reports of the Road Agent
and other Officers of the Town for the Fiscal Year

Ending December 31, 1987

Resolution

WHEREAS, he served as tax collector of the Town of Pembroke from 1948-1955; and

WHEREAS, he served as a representative to the General Court of the State of New Hampshire representing the Town of Pembroke during 1956 and 1957; and

WHEREAS, he served as a member of the Pembroke Town Budget Committee from 1958 until 1969 and during most of this period was Chairman of the Budget Committee; and

WHEREAS, during his Chairmanship of the Budget Committee and under his guidance, appropriate equipment reserve funds were established, a new school was built and most of the town's major equipment was replaced while the tax stayed at a reasonable and stable level; and

WHEREAS, he served as town counsel from 1957 to 1979 and provided the critically important guidance which enabled the Town of Pembroke to finance the largest public works project in its history on a basis which was sufficiently favorable so that principal and interest payments on the money borrowed have had no negative impact on our tax rate; and

WHEREAS, he served as President of the Suncook Bank from 1969 to 1985 and Chairman of the Board from 1974 to 1985.

NOW, THEREFORE, be it **RESOLVED** that for his long years of devotion to the Town, its citizens and its interests **K. Donald Woodbury** be recognized as Pembroke's

CITIZEN OF THE YEAR FOR 1987

and that this resolution, designating these services by which our special gratitude and approbation has been earned, be delivered to Don and inscribed in the permanent records of this Town as a sign for all prosperity that this is the kind of citizenship that builds communities, nurtures their cohesiveness and serves as an example to their youth of what one citizen can contribute.

Dated in Pembroke, New Hampshire this Twelfth-First day of March 1987

The amendments appear in brackets in italics above:

**(a) Possible additional land acquisition changed to*

**Necessary additional land acquisition*

**(c) "and the acquisition of land" was added (Motion to amend passed)*

It was moved by Brian Tufts and seconded by Carl Allgeyer to postpone further action on the article until September 12th, 1987 at 10:00 a.m.

ARTICLE #4 To see if the Town will vote:

(a) To raise and appropriate a sum not to exceed \$264,000 to reconstruct a portion of Pembroke Hill Road from Pembroke Street to the Hill School entrance, and

(b) To borrow in the name of the Town by the issue of serial notes or bonds in accordance with the provisions of the municipal finance act (RSA-33) and amendments thereto, and any other statutes thereto, enabling a sum not exceeding \$132,000 for the purpose of defraying the cost of the foregoing and to authorize the Selectmen to determine the time and place of payment and rate of interest on such notes and bonds and to take such other actions as may be necessary to effect the issuance and sale of such bonds and notes, provided that any interest received or available may likewise be applied to the project to the maximum extent permitted by law, and

(c) To authorize the Selectmen to do all things necessary or convenient to carry the foregoing into effect, including without limitation, the employment of engineers, and the execution in the name of the town of contract or contracts for the reconstruction of Pembroke Hill Road. *(This article approved by the Budget Committee)*

Moved by Floyd Smith and seconded by Shirley Whittemore to approve

Paper ballot vote: YES: 162 NO: 59 *(Article approved)*

ARTICLE #5 To see if the Town will vote:

(a) To raise and appropriate a sum not to exceed \$354,550 for the following purposes:

\$165,000 for a pumper truck for use by the Fire Department;

93,000 for a rubbish packer for use by the Rubbish Department;

65,000 for a large truck with snow plow for use by Highway Department;

21,000 for a small truck with snow plow for use by Highway Department;

10,550 for a small 4WD pickup truck for use by the Police Department; and

(b) To borrow in the name of the Town by the issue of serial notes or bonds in accordance with the provisions of the Municipal Finance Act (RSA-33) and amendments thereto, and any other statutes thereto, enabling a sum not exceeding \$236,366 for the purpose of defraying the cost of the foregoing and to authorize the Selectmen to determine the time and place of payment and rate of interest on such notes and bonds and to take such other actions as may be necessary to effect the issuance and sale of such bonds and notes, provided that any interest received or available may likewise be applied to the project to the maximum extent permitted by law, and

(c) To authorize the Selectmen to do all things necessary or convenient to carry the foregoing into effect. *(This article approved by the Budget Committee.)*

Moved by Daryl Borgman and seconded by Chester Martel to approve

Paper ballot vote: YES: 163 NO: 58 *(Article approved)*

-
- ARTICLE #6 To see if the Town will vote to adopt the provisions of RSA 72:1-c which authorized any town or city to elect not to assess, levy and collect resident tax.
Moved by Daryl Borgman and seconded by Patricia Bonenfant to approve
(Article approved)
- ARTICLE #7 To see if the Town will vote to authorize the Board of Selectmen to appoint a Road Agent under RSA 231:62, commencing at the annual Town Meeting in March 1988.
Moved by Harold Paulsen and seconded by Patricia Bonenfant to approve
(Article approved)
- ARTICLE #8 To see if the Town will authorize its Selectmen, per RSA 673:6, to appoint to the Planning Board two (2) additional alternate members, bringing the total number of alternate members to five (5).
Moved by Floyd Smith and seconded by Larry Young to approve
(Article approved)
- ARTICLE #9 To see if the Town will vote to close out the Main Street Capital Reserve Fund by transferring \$40,000 plus all interest to the Equipment Capital Reserve Fund, and withdrawing \$20,000 for the Main Street construction. *(This article is approved by the Budget Committee.)*
Moved by Tom Connolly and seconded by Alan Topliff to approve
(Article approved)
- ARTICLE #10 To see if the Town will vote to authorize the purchase and installation of Amoskeag Lights in order to complete the downtown area, in conjunction with the Main Street Construction Project, and to appropriate for such purpose an amount not to exceed \$30,145. *(This article approved by the Budget Committee.)*
Moved by Louis Brissette and seconded by Daryl Borgman to approve
(Article approved)
- ARTICLE #11 To see if the Town will vote to raise and appropriate an amount not to exceed \$20,303 for the purpose of covering cost overruns on the Main Street Construction Project, \$10,303 of which is for construction costs and \$10,000 of which is for Main Street Utility move. *(This article approved by the Budget Committee.)*
Moved by Floyd Smith and seconded by Daryl Borgman to approve
(Article approved)
- ARTICLE #12 To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund the amount of \$3,956.18 (the December 31, 1986 balance), plus any accrued interest, for use as setoffs against budgeted appropriations for the following specific purposes or take any other action hereon:
Street Lighting \$3,956.18 (plus interest)
(This article approved by the Budget Committee.)
Moved by Daryl Borgman and seconded by Shirley Whittemore to approve
(Article approved)
-

-
- ARTICLE #13 To see if the Town of Pembroke will vote to raise and appropriate an amount not to exceed \$1,500 to contribute to the Regional Household Hazardous Waste Collection Program. This program will enhance the proper disposal of hazardous household products, such as paint thinner, solvents, pesticides and the like. *(This article approved by the Budget Committee.)*
Moved by Kay Fowler and seconded by Dan Chase to approve
(Article approved)
- ARTICLE #14 To see if the Town will vote to create a Capital Reserve Fund for future sewer and water line extensions and to appropriate the sum of \$16,632 in the current year. *(This article approved by the Budget Committee.)*
Moved by Ernest Petit and seconded by Armand Nolin to dismiss
Move to dismiss failed YES: 52 NO: 70
Moved by Harold Paulsen and seconded by Alan Topliff to approve
(Article approved)
- ARTICLE #15 To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
Moved by Roy Annis and seconded by Charles Albee to approve
(Article approved)
- ARTICLE #16 To see if the Town will vote to authorize its Selectmen to sell any real estate which the Town may have acquired by deed as a result of non-payment of taxes or acquired by deed or security for the completion of any development, and to authorize the Selectmen to give a deed in the name of the Town, to the purchaser of such land.
Moved by Andy St.Germain and seconded by Vincent Greco to approve
(Article approved)
- ARTICLE #17 To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend without further action by the Town Meeting, money from the state, federal, or other governmental unit or a private source which becomes available during the 1987 budget year, provided that such expenditure be made for purposes for which the Town may appropriate money and that such expenditure not require the expenditure of other Town funds. Further, that the Selectmen hold a public hearing pripr to accepting and spending such money. *(This article is approved by the Budget Committee.)*
Moved by Andy St.Germain and seconded by Brian Tufts to approve
(Article approved)
- ARTICLE #18 (By petition) to see if the Town will vote to amend the list of roads discontinued as open highways and made subject to gates and bars as contained in Article 8 of the 1957 Town Meeting as follows:
Open Seventh Range Road beginning from Cross Country Road, 1300 feet to a dead end. Further, to authorize the Board of Selectmen to remove the gates and bars only after the petitioners have provided gravel (1) one foot in depth and twenty-two (22) feet wide and drainage to the satisfaction of the Road Agent. This will be done at no cost to the Town.
Moved by George Fryer and seconded by Brian Tufts to dismiss
(Article dismissed)
-

ARTICLE #19 To see if the Town will vote to instruct the Town's representatives to the General Court to take all necessary measures to ensure that no low level radioactive waste from the Seabrook Nuclear Plant shall be stored within the Town of Pembroke unless and until the proposed site of the proposed storage and disposal has been approved by the voters of the Town at the Annual Town Meeting by written ballot.

Moved by Vincent E. Greco and seconded by Roy Annis to approve

(Article approved)

ARTICLE #20 To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations to the same.

Moved by Donald Hill and seconded by Connie Griffith to accept

Moved by Donald Hill and seconded by Henry Munroe to increase the Fire Department as approved by the Budget Committee by \$7500 to \$92,078 less the \$350,000 under Town Buildings to be voted on at the September 12, 1987 session of this meeting.

(Article approved as amended)

ARTICLE #21 To hear the reports of auditors, agents and committees or of officers heretofore chosen, and to pass any vote relating thereto.

Moved by Vincent Greco and seconded by Roy Annis to accept the reports printed in the Town Report.

(Article accepted)

ARTICLE #22 To transact any other business that may legally come before said meeting:

Recognition was given to K. Donald Woodbury as Citizen of the Year.

The Proclamation is printed elsewhere in this report.

The meeting was adjourned to September 12, 1987 at 10:00 a.m.

John Goff
Town Clerk
Pembroke, N.H.

**Minutes Of The Annual Town Meeting
Town Of Pembroke, N.H.
As Continued To:
September 12, 1987**

ARTICLE #3 To raise and appropriate a sum not to exceed \$350,000 to construct a Town Office Building on Town property on Pembroke Street and to make necessary renovations to the incarceration area in the basement of the Police Department Building. This amount will cover the cost of architectural fees, construction and renovations and necessary additional land acquisition.

This article having been previously moved and seconded and there having been suitable discussion on the Article at this meeting, the Moderator declared that the polls were open at 11:00 a.m. and would remain open for one hour as prescribed by law.

The results of the paper ballot vote was as follows:

YES: 101

NO: 12

(The article passed as amended)

There being no further business to come before the annual meeting, the Moderator accepted a motion to adjourn. It was seconded and the 1987 Annual Town Meeting of Pembroke, N.H. adjourned at 12:15 p.m. on September 12, 1987.

John B. Goff
Town Clerk
Pembroke, N.H.

Town Warrant for Pembroke, New Hampshire

TO THE INHABITANTS OF TOWN OF PEMBROKE, IN THE COUNTY OF MERRIMACK, IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the high Street School Auditoroium, in said Pembroke, on TUESDAY the 8th of MARCH, 1988, at 7:00 o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To see if the Town is in favor of the adoption of the following Amendments to the existing Zoning Ordinance of the Town of Pembroke, as proposed by the Planning Board:

AMENDMENT NO. 1: Amend Section 11.00 to add a Section 11.02.2.C and add a new Section 11.23 (to create an Architectural Design Overlay District on Route 3-Pembroke Street)

AMENDMENT NO. 2: Amend Sections 3.00, 5.00, 6.00, 7.00 and 8.00 accordingly (to create a new Limited Office Zoning District)

AMENDMENT NO. 3: Amend Section 11.08 Conditions - Special Exception and Permitted (to redefine Home Occupation and create a Home Occupation Overlay District)

The polls will be open until 6:00 o'clock in the afternoon.

You are hereby notified to meet at the Pembroke Academy Auditorium, in said Pembroke, on SATURDAY the 12th day of MARCH, 1988 at 10:00 o'clock in the forenoon, to act upon the following subjects:

3. To see if the Town will vote:
 - (a) to raise and appropriate a sum not to exceed \$300,500 for the following purposes:
 - \$65,000 for a large truck with snow plow for the Highway Department
 - \$65,000 for a large truck with snow plow for the Highway Department
 - \$45,000 for a backhoe for the Highway Department
 - \$29,000 for a tractor for the Highway Department
 - \$16,500 for a utility truck for the Highway Department
 - \$80,000 for a loader for the Highway Department
 - (b) to withdraw a sum not exceeding \$75,000 from the Equipment Capital Reserve Fund for the purpose of defraying cost of the foregoing, and
 - (c) to borrow in the name of the Town by the issue of bonds or serial notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and amendments thereto, and any other Statutes thereto, enabling a sum not exceeding \$225,500 for the purpose of defraying the cost of the foregoing and to authorize the Selectmen to determint the time and place of payment and the rate of interest on such bonds and notes, provided that any interest received or available may likewise be applied to the purchase to the maximum extent permitted by law, and
 - (d) to authorize the Selectmen to do all things necessary or convenient to carry the foregoing into effect.

(This Article is approved by the Budget Committee)

-
4. To see if the Town will vote to authorize the Board of Water Commissioners to construct a new water tank; to appropriate the sum of Two Hundred and Seventy-five Thousand Dollars (\$275,000) for this purpose; and to authorize the Board of Selectmen to borrow said sum of money on the credit of the Town, by the issue of bonds or serial notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and amendments thereto, and to determine the time and place of payment, the rate of interest thereon, and to provide for the sale thereof.

(This Article is approved by the Budget Committee)

5. "Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statutes provide that tax sales to private individuals for nonpayment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes."
6. "Shall we adopt optional adjusted elderly exemptions from property tax? The optional exemptions, based on assessed value, for qualified taxpayers shall be as follows: for a person 65 years of age up to 75 years; \$5,000; for a person 75 years of age up to 80 years, \$10,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least five (5) years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least five (5) years. In addition, the taxpayer must have a net income of less than \$10,000 or, if married, a combined net income of less than \$12,000; and own net assets of \$30,000, excluding the value of the person's residence."
7. To see if the Town will vote to establish the Land Acquisition Capital Reserve Fund, as authorized in RSA 35:1, III (a), for the purpose of acquiring conservation land or interests in land for permanent conservation use, to be used as local matching funds or part of the local matching funds required under the New Hampshire Land Conservation Investment Program (LCIP RSA 221-A), and to appoint the Conservation Commission as agents for the Town for purposes of expending the principals of said fund, and to raise and appropriate \$38,000 to said fund, and to authorize the Selectmen to apply for and accept State matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land and other costs associated therewith. Said appropriated funds and State matching funds may be expended by a majority vote of the Conservation Commission with the approval of the Selectmen. The unexpended funds from this appropriation shall not lapse but shall be carried forward into the Land Acquisition Capital Reserve Fund for the purposes stated above.

(This Article is approved by the Budget Committee)

8. To see if the Town will vote to raise and appropriate an amount not to exceed \$16,500 for the purpose of water and sewer extension. Any unexpended funds from this appropriation shall not lapse but shall be carried forward into the Sewer and Water Extension Capital Reserve Fund.

(This Article is approved by the Budget Committee)

9. To see if the Town will vote to create a capital reserve fund for the future purchase of an aerial fire truck and to appropriate the sum of \$67,000 in the current year.

(This Article is not approved by the Budget Committee)

10. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

-
11. To see if the Town will vote to authorize its Selectmen to sell any real estate which the Town may have acquired by deed as a result of non-payment of taxes or acquired by deed or security for the completion of any development, and to authorize the Selectmen to give a deed, in the name of the Town, to the purchaser of said land.
 12. To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend without further action by the Town Meeting, money from the State, Federal, or other Governmental unit or a private source which becomes available during the 1988 budget year, provided that such expenditure be made for purposes for which a Town may appropriate money and that such expenditure not require the expenditure of other town funds. Further, that the Selectmen hold a public hearing prior to accepting and spending such money.
(This Article is approved by the Budget Committee)
 13. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations to the same.
 14. To hear the reports of auditors, agents and committees or of officers heretofore chosen, and to pass any vote relating thereto.
 15. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 18th day of February, 1988.

November 1, 1987

Board of Selectmen
Town of Pembroke

Your summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1987 taxes on the basis of the following figures.

Net Assessed Valuation	\$83,728,616.
Taxes Committed to Collector:	
Town Property Taxes Assessed	\$ 3,945,292.
Precinct Taxes Assessed	<u>0.</u>
Total Gross Property Taxes	\$ 3,945,292.
Less: Est. War Service Tax Credits	<u>24,650.</u>
Net Property Tax Commitment	\$ 3,920,642.
 Tax Rate—Town	 \$47.12

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriations. In accordance with RSA 21-J:35,II, we also enclose a written explanation of the change.

The net amounts approved for school, county and precincts are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

Net School Appropriations	\$2,830,182.
County Tax Assessment	\$ 278,708.
Net Precinct Appropriation (1)	\$

In arriving at the above approved rate the Overlay has been set in the amount of \$54,817.

Very Truly yours,

Barbara T. Reid
Director

March 12, 1986

Selectmen
Town of Pembroke
Pembroke, New Hampshire 03275

We have examined the combined financial statements of the funds and account groups as indexed, of the Town of Pembroke, New Hampshire as of and for the year ended December 31, 1986. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As more fully described in Note 9, the combined financial statements referred to above do not include financial statements of the Pembroke Water Works enterprise fund, which should be included to conform with generally accepted accounting principles.

The nonexpendable trust funds are reported on the cash basis and not on the accrual basis as required by generally accepted accounting principles. Due to the nature of the Town's records it was not practical for us to extend our auditing procedures to satisfy ourselves as to the financial reporting of the trust funds reported on the accrual basis of accounting.

As more fully described in Note 1, the combined financial statements do not include the general fixed assets account group which should be included to conform with generally accepted accounting principles.

In our opinion, except, that the omission of the financial statements described in the second and fourth paragraphs results in an incomplete presentation, and subject to the effects of such adjustments, if any, as might have been determined to be necessary had we been able to satisfy ourselves as to the matter discussed in the third paragraph, the aforementioned financial statements present fairly the financial position of the Town of Pembroke, New Hampshire as of December 31, 1986 and the results of its operations and changes in financial position of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The supporting schedules listed in the index are presented for the purposes of additional analysis and are not a required part of the combined financial statements of the Town of Pembroke, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Respectfully submitted,
Jon R. Lang

March 12, 1986

Board of Selectmen
Town of Pembroke
Pembroke, New Hampshire

We have examined the financial statements of the Town of Pembroke, New Hampshire for the year ended December 31, 1986, and have issued our report thereon dated March 12, 1987. As part of our examination, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation was to determine the nature, timing and extent of auditing procedures necessary for expressing an opinion on the Town's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The establishment and maintenance of a system of internal accounting control is an important responsibility of Town officials. The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the evaluation of these factors necessary requires estimates and judgments by Town officials.

Because of the inherent limitations in any system or internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Town of Pembroke taken as a whole. However, our study and evaluation disclosed the following conditions that we believe result in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements of the Town of Pembroke may occur and not be detected within a timely period.

These conditions were considered in determining the nature, timing, and extent of the audit tests to be applied in our examination of the 1986 financial statements, and this report does not affect our report on these financial statements dated March 12, 1987.

We wish to express our appreciation for the cooperation we received from Town officials at all levels.

We would be pleased to discuss our comments further with you should you so desire. This report is intended solely for the use of management and should not be used for any other purposes. The provisions of RSA 71-A:21 require that this letter be published in the next annual report of the Town.

Respectfully submitted,

I. INTERNAL CONTROLS

A) Cash Receipts and Disbursements

Significant internal accounting controls -

Cash Receipts - Segregation of duties, prompt recording and depositing and bonding of employees handling cash.

Cash Disbursements - Segregation of duties, control over unused, returned and voided checks, monthly reconciliation of bank accounts, authorization for payment and cancellation of invoices.

We have evaluated all of the internal accounting controls in the foregoing paragraph. We found no material weaknesses.

B) Purchasing and Receiving

Significant accounting controls: bid process procedures, use of pre-numbered orders, and segregation of duties.

We have evaluated the internal controls in the preceding sentence. No material weaknesses were found.

C) Accounts Payable

Significant internal accounting controls: control established over incoming invoices, segregation of duties, authorized payment, review of vouchers to check that proper procedures were followed, and program charged checked against budget.

We have evaluated the internal accounting controls in the preceding sentence. No material weaknesses were noted.

D) Payroll

Significant internal accounting controls: Segregation of duties, written personnel policies, payroll charges to approved budget, and wages paid at or above Federal minimum wage.

We have evaluated the internal controls identified in the preceding paragraph. No material weaknesses were found.

Message From The Board Of Selectmen

The Town of Pembroke will have a new Town Hall!! After several proposals and several years, the citizens of Pembroke voted to appropriate the funds necessary to build a new building. The Space Needs Committee worked long and hard over the course of a year before choosing the best alternative for the Town. A Building Committee, made up of members of the Space Needs Committee, the Board of Selectmen and other interested citizens, is now taking the necessary steps to ensure that the Town gets a Town Hall that is not only of good quality but one that is functional and practical as well. The Committee tentatively hopes to have the Town Hall built and ready for use by the fall of 1988. The Board would like to thank all who have helped the Town get this far on the project: Stephen Richard, Cindy Lewis, Floyd Smith, Lorette Girard, Richard Pitman, Charles Connor, Lissa Dorfman and David Stack. The Board would especially like to thank Russell Fife and Dr. and Mrs. Edwin Child for donating the extra land necessary to site the building.

Once again, the board would like to thank all of the volunteers who have donated so much of their time and energy to the Town. As you will note in another section of the Town Report, many of our volunteers serve on more than one board, committee or commission. Most citizens are unaware (except spouses and friends) of the large amount of time that these volunteers donate toward the betterment of the Town of Pembroke. The members of the Planning Board, Zoning Board of Adjustment, Water and Sewer Boards, School Board, Cemetery Commission, Checklist Supervisors, Trustees of the Trust, Fire Department, Bulky Waste Study Committee, Recreation Commission, Conservative Commission, Budget Committee, Vitalization Committee, Library Trustees, Town Building Committee, and the Old Home Day Committee deserve your support, encouragement and thanks. 1987 was truly the "Year of the Volunteer".

And finally, the Board of Selectmen would like to thank all of the Town employees. All of the departments do a great job to keep the Town on course and functioning. The Office Staff has worked well in spite of their very crowded and congested work environment. They, most of all, will welcome and appreciate the new Pembroke Town Hall.

Daryl Borgman, Chairman
Harold Paulsen
Roy Annis

Board of Selectmen
Town of Pembroke

Pembroke Highway Department

We are all aware of the growth being experienced by the Town of Pembroke. This population explosion is taxing all of the service departments in the community including the Highway Department. The new families coming into Pembroke want the small town lifestyle but want big city services. The Highway Department cannot meet the challenge of the increase in numbers, not to mention the demand for increased services, with the old equipment that we still have in our vehicle inventory.

Of the nine major pieces of equipment, not including the street sweeper and the sidewalk plow, two are totally out of service for lack of parts availability or excessive repair costs that would exceed the value of the equipment. Of the remaining seven vehicles, four are 1983 models or older. These four pieces are in minimum operating condition and should be replaced, as should the tractor, which is one of the two pieces mentioned above as being out of service due to excessive cost for parts.

It is my hope that the above information will be helpful to the citizens of Pembroke in developing a clearer understanding of what we need to our job to maintain the Town. The following is a list of what we do and what we would like to do in the coming year:

— Many of the local and collector roads have been severely neglected for the past several years. Much of the work done was of a “band-aid” nature, where major, permanent work should have taken place. We want to save the roads before it is too late. Resurfacing, on a small scale, needs to be done on many of the streets and pot-holes need more attention than just cold patch.

— We must get to some long overdue projects such as replacement of broken or caved in catch basins and the installation of additional catch basins in areas where high level water flow is deteriorating the streets, roads, and sidewalks.

— The removal and plowing of snow and the sanding/salting of roads will always be one of our major functions. With the increased opening of new streets, the challenge to perform is intensified. This is particularly true in the case of sanding/salting icy roads. For each callout for snow removal, there are fifteen callouts for road ice management.

— Much of the brush clearing and cutting of ditches and culverts has been neglected in the last years. They have become severely overgrown and need extensive cleaning and clearing.

All of these things are part of the agenda of the Highway Department for the coming year. In addition, we plan to continue to maintain the cemeteries, parks, municipal buildings, and to sweep the sidewalks, streets, and major parking areas. We anticipate an increase in the rubbish pick-up schedule from the current three and a half days to four days and within a year to five days a week.

I would like to thank the residents of Pembroke for their support and encouragement over the first six months of my tenure. The Highway Department will continue to do the best job possible in maintaining the streets, sidewalks, parks and cemeteries of the Town of Pembroke.

Respectfully submitted,

Thomas P. Connell
Road Agent

Pembroke Building Department Annual Report for 1987

Nineteen eighty-seven showed a decrease in new construction, however, renovations, alterations and additions to existing homes and buildings rose significantly.

Major developments such as Stoneybrook - Phase VI, Rugged Acres, Littlefield Condominiums and Pike's construction of duplexes on Cross Road, are at a 98% completion rate. New single family homes were concentrated on Cross Country Road and Church Road in the R-3 Zone (Rural/Agricultural).

The Building Department, as well as the Town's other departments, are looking forward to the construction of the new Town Office building on Pembroke Street, which will provide the space necessary to conduct an efficient Building and Code Enforcement Department:

Building Department Hours

Monday, Tuesday, Thursday, Friday
8:30 a.m. - 12:00 Noon

Wednesdays
8:30 a.m. - 4:00 p.m.

Construction inspections are conducted 1:00 p.m. - 4:00 p.m. daily except Wednesday. A 48-hour notice for inspections is required.

Summary of Building Permits Issued

Single Family Homes	50
Duplexes	10
Multi-Family Units	06
Commercial Buildings	04
Accessory Buildings	09
Garages (Residential)	16
Additions	27
Renovations/Alterations	37
Misc. (Decks, porches, upgrading)	<u>55</u>
TOTAL PERMITS ISSUED	214

Alteration Permits Issued

These permits include chimneys, fencing, fireplaces, gates, woodstoves, shingles, siding, doors, windows, replacement of electrical or plumbing fixtures, heating systems, signage, pre-fab tool sheds, etc.

TOTAL PERMITS ISSUED 21

Fire/Safety inspections are required for fire-related alterations and installations.

Lissa Dorfman
Building Inspector
Code Enforcement Officer

Jack Hoadley
Fire Inspector
Safety Officer

Pembroke Police Department

As you look at the Police Statistic for 1987, you will notice a rise in D.W.I. arrests; from 75 in 1986 to 113 in 1987. This increase is mainly due to an all out effort by the Department to get drunk drivers off the road and make the streets of Pembroke safer to travel on.

An extra effort has also been made in the area of drug enforcement and at stopping the illegal use of drugs and drug trafficking. I am proud of the Department's progress and the number of arrests that we have made so far in this area. Due to the nature of drug enforcement, it is not always practical to list all of our activities in the local newspaper. We have been working closely with the New Hampshire Drug Task Force (NHDTF) and through our combined efforts the work on the street is that the Town of Pembroke is getting tough on enforcing the drug laws. DRUG VIOLATORS BEWARE!

I would like to thank the citizens of Pembroke for allowing the Department to purchase the 4x4 Chevrolet S-10 pickup truck. Having the truck has helped us serve you better and it becomes especially useful in patrolling the back areas of town, getting us through the snow, and picking up stray dogs.

Our thanks also go to the Pembroke Fire Department and to the Tri-Town Ambulance Service for being there when we need them.

And finally, a special thank you to the citizens of Pembroke for calling the Department when any suspicious activity is observed.

Pembroke Fire Department

It was a cold drab morning. The snow was dirty and so were the bleary eyed firemen standing on Main Street that March 21 of 1937. Before them stood the smoking ice fringed ruin of the Suncook Bank, Rainville's Shoe Store, and Lemaries and Rainville's Grocery. In that same year and on the same Main Street, you could buy a dinner of steak, beans, pie and coffee at George F. Georgies's for \$0.29. The booths at Whitney's Pharmacy were crowded with Pembroke Academy students guzzling \$0.10 sodas and lapping up \$0.15 banana splits. Next door at Bonenfant's Radio Store the top selling Decca record was the Hut Sut Song. The Capital Theatre in Concord was sold out for Walt Disney's Snow White and the Seven Dwarfs which cost a dime for a double feature plus a cartoon, a serial and the news reel.

While Pembroke had felt its share of despair in that depression year of yesterday, there were moments of mirth and excitement. The latter had gripped the town on the night in mention. At the sound of the horn many had congregated downtown to watch the fire department battle the major blaze of the decade.

As the sun rose that morning bystanders watched bank officials scurry in and out. Assurances were quickly given that no money had been lost. The firemen were cold and wet. They were dressed in an assortment of fire garb, few were completely equipped. Several had neither helmets nor boots. Their small engine still pumped continuously the hose lines that poured water on the ice crusted brick building. Having no breathing masks the men had been forced to retreat from within the repository of wealth in the fire. Orders and directions were shouted above the noise. The only link to their spanking new fire station built with PWA funds was the fire alarm box. Their training was non-existent. Their equipment was limited but their courage and enthusiasm were not.

We have in the words of the cigarette ads "Come a long way" in these fifty years. I expect we will move again as far in the next fifty. Today, Pembroke volunteers are fully equipped with flame proof coats and hoods. They wear boots that fit and helmets that are safe. Communications are up to date and would have been the envy of our tired fire fighters of 1937. Each engine and all officers are radio equipped. Every fireman carries a pager during the day and at night monitors alert them. Self contained air masks allow them to enter buildings and fight fires close up. Today one engine carries more hose and can pump more water than the combined engines of Pembroke and Allenstown in 1937. Training starts when a volunteer enters and continues till the day he leaves the department. For this equipment the men of the Pembroke Fire Department are grateful to the citizens of this town who have diligently supplied their needs.

Many other changes have occurred over the fifty years since our bank fire. In the main they parallel our growth. As population increases so do buildings in size, height, and density. The opportunity for major losses both in property and life are reflected in these changes. Ironically our population increase has occurred at a time when people are so busy that they find little time to volunteer for fire or other community services. During the 1930's we were a "home town". That is, people lived, worked, shopped, and played in town. The Great Mills at the foot of Main Street contributed to the economic and community life of Pembroke. From these mills at the sound of the alarm came the men that protected our town. Today there is little employment in Pembroke and we have become a "bedroom town." This places a burden on the few citizens who are employed locally and are members of the fire department. If the volunteer fire service which protects 95% of American towns and cities is to continue, then citizens must come forward to serve. The alternative, full-time fire protection, is costly.

Looking back to that long line of citizen fire fighters who have protected Pembroke including those cold wet few of 1937, it is our hope it won't be broken. To assure this we need some people who want to share in a tough, exciting, dangerous, but ever so rewarding hobby. If any reader wants to try, give us a call at the fire station. We can use you — and so can your neighbors.

Henry W. Munroe
Fire Chief

Pembroke Planning Board

To the Selectmen and Citizens of Pembroke:

Much is being written about the impact of growth and development on the towns in "southern" New Hampshire. A great deal of attention was given to growth and planning issues in the 1987 session of the Legislature with more focus scheduled for the 1988 session.

Pembroke has been experiencing the impact of growth and development first hand. Evidence of this is the number and complexity of the projects that were proposed during the past year. In addition more and more developers were represented at meetings by legal counsel and a bevy of consultants. Because the Planning Board is composed of volunteers from the town, often, the Planning Board found itself at a disadvantage in reviewing plans. This has resulted in an increased use of legal counsel, the Town Engineer and planning consultants to assist the Board in the review and understanding of plans. For the first time, the Planning Board has requested funds for a part-time planner and additional clerical assistance. We expect the push for growth in the town to continue and feel that we must be prepared to deal with developers as they bring proposals before the Board.

One indicator of the impact of growth on the town has been the increased interest of residents of the town in Planning Board meetings. The regular meetings of the Board, held on the fourth Tuesday of the month, are now held at the Pembroke Academy Auditorium. This move was made so that there is room for all who are interested in the meetings. In order to accomplish the amount of work before it, the Planning Board found it necessary to begin meeting twice a month, in addition to committee meetings. The second Tuesday of each month is a "work session" for the Board to review plans in detail with the Town Engineer, legal counsel and consultants. To accommodate the number of people attending, these meetings were moved from the town offices to the fire station.

Because of the nature and complexity of the projects and the need for a coordination within the town, a major effort was made to obtain input from all of the various town departments, boards and commissions on projects before the Planning Board. This was most evident with the G2S/Unicord wood burning power plant. Members of all of the departments, board and commissions in the town toured the Bridgewater plant and participated in the review of the plans during the nine month review process. The cooperation has continued on the other projects before the Board. By having the cooperation and input from other departments, boards and commissions in the town, Pembroke can present a united and consistent voice to developers with proposals for the town.

The most well known project in the town was the G2S/Unicord woodburning power plant on Route 106 that was approved in September. Other large projects that were approved during the year were the condominiums on Route 3 (Hodges), the condominiums on the site of the old Webster Mill (Wallace), Church Meadows and the Pike residential development on Academy and Cross Road. Many of these projects took a major portion of the year due to their complexity and the issues that arose during the review process. The last part of the year saw the beginning of review for the Allgeyer-Mason project of 209 homes. This project would have a major impact on the town if approved.

Committees of the Planning Board continued to work and meet during the year. The Road Committee, Zoning Committee and the Capital Improvements Committee met and developed several items that are being used by the Board. The Master Plan was updated, a public hearing held on it and the new plan was printed. Changes were made to the Zoning Ordinance for manufactured housing and changes were made to update the sub-division regulations to make them compatible with current state law.

The year found Pembroke very involved in regional planning activities. David Harrigan, Vice-Chair of the Planning Board, became the Chairman of the Central New Hampshire Regional Planning Commission. The Commission prepared the new maps for the updated Master Plan. The town also received \$3000 worth of assistance for a ground water mapping and water protection study. Representatives from the Planning Board and Conservation Commission are working with similar representatives from Chichester and Henniker and a consultant to prepare the plan which will be ready in early summer.

This year marked the end of Floyd Smith's service as a member of the Planning Board. Floyd has served Pembroke diligently and well for the past 15 years as a member of the Planning Board, the Chairman of the Board and the Chairman of the Roads Committee. The Board misses his input and his extensive knowledge of the town and projects within the town. While we understand his wish to enjoy his retirement, we miss his presence and wisdom at meetings. We also thank his wife, Ellie, for sharing Floyd's time with the town and wish them both well in "retirement".

Report of the Town Engineer 1987

During 1987, the increased cooperation between the various Town Departments, especially the Highway, Sewer, and Water Departments, was obvious in getting the many projects to run much more smoothly than in the past.

Several roads in Town have been upgraded or are currently being done at this time.

Pembroke Hill Road from Route 3 to the second entrance of Deerpath Lane was completely reconstructed this summer. We are currently in the process of surveying and designing this year's work, which is intended to complete Pembroke Hill to the Third Range Road, go along Third Range Road to Belanger Drive, as well as rebuilding an additional 900 feet of Pembroke Hill east of Third Range Road.

Continued growth and development contributed to new road construction by developers at Riverwood into the industrial area off of Route 106, as well as Terrie Drive at Stoney Brook - Phase V. Two other gravel roads improved and widened by developers in Town involve 1200 feet of Cross Road and Church Road from Route 3 to the entrance of Cross Road. Under the auspices of the Selectmen and Road Agent, Tobin Road from the Eighth Range Road into Chichester was improved to a gravel standard by private abutting land owners in accordance with the 1987 Town Warrant.

We have worked with the Selectmen of Pembroke and neighboring Chichester to enable a financial agreement to cover improvements on Robinson Road to be done in a timely fashion in conjunction with the Route 4/202 construction project.

The Engineer has continued to sit on the Planning Board, Road Committee and assist with street designs and maintenance. The Roadway Management Plan has served us well during 1987. Continuous review and updating will require that we identify additional Collector arteries to spread the impact of traffic converging onto Route 3 every few hundred feet.

We continue to review and inspect developments for compliance to road construction standards. This year several sand and gravel operations were required to submit site plans and performance bonds for reclamation of the land.

B. Gregory Miller
Town Engineer

Pembroke Town Library

The Pembroke Town Library has announced 109 new members for the year 1987. During this past year, the library has acquired a new set of encyclopedias - The World Book Encyclopedia - as well as a large collection of paperback books geared to young adults. Various improvements have been made at the library this year, including the installation of a wooden railing along the stage on the second floor and the installation of a buzzer system to alert the librarian of someone entering the library door. This assures prompt service to library patrons when the librarian is on the second floor. A new wooden typewriter table has been purchased and the children's table and chairs have been painted to improve the aesthetic appearance of our library.

We wish to remind library patrons and Pembroke residents that the library is supplying various tax forms and still provides copier services at 10¢ per copy.

Library hours are:	Monday and Friday	1:00 - 8:30
	Tuesday	10:00 - 5:00
	Wednesday and Thursday	1:00 - 5:00
	Saturday	1:00 - 12:00 (during the winter)

Ellen DeStefano
Chairman, Library Trustees

Central New Hampshire Regional Planning Commission

The Central New Hampshire Regional Planning Commission (CNHRPC) is an association of municipalities in central New Hampshire. Eighteen municipalities are within Merrimack County and two are within Hillsborough County. Merrimack County and twelve towns are currently members of the Commission.

The purpose of a regional planning commission is to prepare a coordinated plan for the development of a region. RSA 36:45-53 lays out the purpose, formation, powers and duties, organization, finances, and relationship with communities of a regional planning commission. RPC's are an extension of local government, are operated by member municipalities, and are advisory to them.

Reactivated in 1986, the CNHRPC has offices at the Merrimack County Nursing Home. An Executive Director, two planners and a secretary-bookkeeper are currently employed by the Commission. The staff provides support and technical assistance to the Commission and member communities.

Recent and current projects include the regional transportation plan, regional septage action plan and regional housing and community development plan. The Commission is also producing models and outlines for zoning ordinances, subdivision regulations, site plan review regulations, capital improvements plans, and master plans.

Local projects include four master plans, subdivision and site regulation and zoning ordinance revision, grant writing, graphics and mapping assistance, subdivision and site plan review, development impact analysis, water resource management and protection planning, capital improvements planning, and circuit rider planner assistance.

In the year ending November 30, 1987, CNHRPC activities in the Town of Pembroke included:

- discussing mandatory utility hookups and manufactured home regulation with a member of the Planning Board
- graphics assistance for the updated master plan
- attendance at the initial meeting of the Planning Board subcommittee on zoning revisions to discuss methods to conserve and protect farmland
- beginning a project to assist Pembroke in developing a Water Resource Management and Protection Plan.

Bill Klubben
Executive Director

Concord Regional Solid Waste/Resource Recovery Cooperative

The past year was a hectic and progressive one for the Concord Regional Solid Waste/Resource Recovery Cooperative (CRSW/RRC) as the project to construct a waste-to-energy incinerator to serve the 27 communities in the Cooperative made significant progress.

Early in the year, the \$48-million financing package for the construction of the state-of-the-art facility was completed and secured after lengthy discussions and negotiations with bond counsels, financial advisors, industry officials, community leaders, legal counsel, state officials and others.

With the financing in hand, Wheelabrator Environmental Systems began construction of the incinerator facility on the 23.8 acre site in Penacook in August 1987. At the present time it is anticipated the facility will be operational by late summer of 1989.

The Cooperative also decided, after three years of operations, to hire a full-time project director to monitor the construction of the facility, to coordinate location and permitting of an ash disposal landfill, handle administrative responsibilities and accounting and to serve as a day-to-day contact for member communities, state and federal agencies and other interested parties. After a multi-state search for a project director, the cooperative hired Ronald B. Ford of Concord, former Director of Public Works for the City of Concord.

At the present time the CRSW/RRC is joining with Wheelabrator Environmental Systems and the New Hampshire/Vermont Solid Waste District to contract the University of New Hampshire to conduct a scientific study of the affect of leacheate from landfill. The results of this study will help our Cooperative to better plan its ash disposal landfill for the protection of our residents in the generations to come.

While 1987 was a busy year for the Cooperative, 1988 promises to be even busier as the Cooperative prepares to continue its efforts to insure the facility is constructed in a timely manner and our member communities are prepared to begin delivering their solid waste to the facility for incineration.

Together, we have all come a long way in addressing a critical problem facing the State as a whole and our communities specifically. Continued cooperation and hard work by our member communities will enable us to bring this project to fruition and successful operation.

Pembroke's representative to the Cooperative is: Armand Tom Martel, Joint Board Member
William G. Herman, Cairman,
CRSW/RRC

Pembroke Conservation Commission

The activities of the Pembroke Conservation Commission expanded substantially in 1987. Recognizing that Pembroke has many valuable natural resources our efforts have focused on ways to conserve them and protect those lands that have particularly valuable characteristics. Growth pressures have caused us to become active participants in the town planning process. The Commission has walked several properties that are either up for subdivision or have dredge and fill permits filed. Our comments and efforts are designed to assist both the planning board and the town as a whole. We have intervened with the State Wetlands Board in order to review sites that have proposals requiring dredging and filling. In one case we influenced the unanimous decision to prohibit building in a wetlands where an endangered species lives and in another we were able to receive wetlands restoration in return for approval of an access road. We have also testified in person at a public hearing by the State Wetlands Board. The Pembroke Planning Board and the Conservation Commission have coordinated their efforts resulting in more useful information being considered.

Under a cost sharing program with the Soil Conservation Service, the Conservation Commission has set in motion the first of many forested land management plans. We are currently having a management plan being done for the Town Forest on Brickett Hill Road and for town owned land behind the Academy. The Commission is also very active in targeting land for protection in the Trust for New Hampshire Lands program. We have identified several parcels of land and hope that with the short term Trust for New Hampshire Lands program we can have long term benefits for our community. On the regional scale we are currently participating in a water resources protection plan with Chichester through the coordination of the Central New Hampshire Regional Planning Commission. When finished we will know where our potential water supplies are and where potential groundwater threats exist. The Commission was the sponsoring town organization in the second annual Hazardous Household Materials Clean Up Day held October 10. The third clean up day is also planned so what the papers for the date. Dale Robinson from the Commission chaired the Selectmens' Bulky Waste Committee which has produced some new and sensible guidelines that will help Pembroke control its own waste.

This year the state legislature changed the RSA governing Conservation Commissions allowing for alternate members. We now have a full contingent of regular members plus some enthusiastic alternates. If you are interested in conservation, contact the chair, Gordon Riedesel. We have plenty of room. Commission members this year attended the annual meeting of the New Hampshire Association of Conservation Commissions, monitored activities of the legislature, and joined several conservation organizations including the Audubon Society of New Hampshire, the Society for the Protection of New Hampshire Forests, the New Hampshire Timberland Owners Association, the Merrimack River Watershed Council as well as continued our membership in the New Hampshire Association of Conservation Commissions. The upcoming year will also be full of activities and we hope you can help.

The Conservation Commission has established the following objectives in order to meet the goal of preserving at least 20% of the open land in Pembroke.

- To protect prime wetlands in the town as determined by the Conservation Commission with townwide input.
- To protect prime farmland in Pembroke as determined by the Conservation Commission with input from town citizens.
- To protect prime forest property in the Town as determined by the Conservation Commission in input from the town.
- To protect property with special amenities including but not limited to hillsides, hilltops, mountains, valleys, rivers and streams.
- To protect property that shapes and guides development such as land that separates conflicting land uses.

Respectfully submitted,

Susan Seidner, Alternate

Pembroke Recreation Commission

Each year the Pembroke Recreation Commission supports: soccer league for children (grades 4-6), kiddie basketball (grades 4-6), little league baseball and softball, summer recreation softball (grades 9-12), fishing derby, summer recreation program, summer swimming and old home day activities.

Last year soccer goal posts were ordered and placed on the utility field, a new fence was installed at the major little league field and a ten-station physical fitness course was installed throughout the part.

Nancy Connolly and Cheryl Grasso directed our summer recreation program. Children participated in sports and activities, arts and crafts, and weekly field trips.

Helen Fryer organized our summer swimming program. Classes were offered in Beginner A, Beginner B, Advanced Beginner, Intermediate, and Swimmer. Mrs. Fryer continues to do an outstanding job coordinating the program.

Our intent next year is to install a new backstop at the major little league field; repair fences on all playing fields where needed; install new fences at the horseshoe pits; grade and maintain road leading to dock and around the park; purchase bike racks, player benches and redwood benches to be placed around the part; research the development of land by the point for a possible future soccer field; purchase and plant trees around the part to improve its appearance; and assist the Lions' Club in the construction of a pavilion.

Respectfully submitted,

Rose Galligan, Chairman

Old Suncook Village Vitalization Committee

This year, the Committee has been involved in the completion of the Main Street project. We had a delay in providing lighting for the Main Street. Complications arose when we had problems obtaining the illuminaries from the manufacturer. When we did receive them, they were damaged in shipment causing further delays. When they were finally installed, we had further complications because of incorrect wiring and improper voltage. After many phone calls to Public Service Company and the contractor, the problems were finally resolved. The Committee is pleased with the results and we hope you are.

This year, we are going to concentrate on dressing up the Main Street. Thanks to Jean Bates and her botanical class from PA, a park has been planned for the green space in front of the American Legion. The class began the project last fall with the planting of three trees and are returning this spring to complete it.

Also, the V.F.W., in conjunction with the Committee, have purchased trash receptacles to be placed on Main Street. Let's hope everybody pitches in to help keep Main Street clean.

Finally, special thanks to the Keeler Family, John Wallace and Lawrence Berube, who have taken a special interest in tastefully restoring their buildings to preserve their original character. Under a lot of modern facade work remains lovely historical architectural buildings and not just a bunch of bricks. The correct restoration brings out their beauty. Simply take a close look at what's been done.

Respectfully submitted,

Louis W. Brissette, Chairman

Pembroke Old Home Day

This year marked the sixth anniversary of the renewal of Pembroke Old Home Day and it was celebrated with tears of joy. Although, many looked at it as a rainy day, the committee did not. Tears of joy were shed as the town rallied to support their year long efforts.

As always our town's other municipal departments: selectmen, police, fire, highway and recreation were there to help and support us.

As in the past, businesses, merchants, churches and organizations alike answered our plea for financial aid and enabled us to far exceed our goal. And through the generous contribution of several businesses and friends, this year we all enjoyed our first televised parade.

We have witnessed over the past six years the growth of POHD and as our theme stated this year, "POHD-LOOKING TO THE FUTURE" that is what we, as a committee, have done.

We began by inviting the Allenstown selectmen to not only march in the parade, but to also judge the floats along with the Pembroke selectmen.

1988 will see a new beginning for the celebration of POHD. The invitation for Allenstown to become active participants has been extended and accepted.

We are, jointly, reaching out across the water to preserve this yearly event. The date is set, August 27, 1988 and the committee has already begun to meet. We invite you all to join us and help make this year's celebration the biggest and best ever.

Lorette I. Girard, Chairman
Pembroke Old Home Day Committee

Tri-Town Volunteer Ambulance Service

Tri-Town Volunteer Ambulance Service would like to express our appreciation for all the support you have shown us. We are now in our 16th year of service, and still receive the support necessary for our service to survive.

1987 was a very busy year for Tri-Town. We had 929 calls for medical care, 99 more than 1986. We transported 996 patients to area hospitals. The town of Pembroke had 254 calls in 1987, 93 taken by our paid personnel, and 161 by our volunteers. The breakdown of calls for the three towns are listed below.

	Pembroke	Allenstown	Hooksett
Paid Personnel	93	101	131
Volunteer Personnel	161	148	263
Total Calls	254	249	394

32 calls were either cancelled enroute or not transported

Tri-Town has requested a small increase in the budget. Our request for this year is \$7,000.00 for operations and \$13,620.00 for payroll, for a total of \$20,620.00. We are anticipating a total budget of \$87,835.00 for the year 1988. Major repairs have been taken this year for maintenance on the vehicles, and we expect more repairs to be done early this year. We still continue to upgrade our equipment, having some of the most modern equipment on the market today.

Tri-Town currently has 16 licensed ambulance attendants, slightly less than what is needed for the size of our area. Residents from communities outside our area who spend time at our headquarters continue to be a big help, but we are always looking to add more volunteers. Anyone interested in becoming a member should write a letter of interest to:

Tri-Town Volunteer Ambulance
c/o Membership Chairman
P.O. Box 149
Suncook, N.H. 03275

All training is provided by Tri-Town Ambulance, upon acceptance to our organization. Once again we would like to express our thanks to all our volunteers for dedication to our service - THEY CARE.

Tri-Town Volunteer Emergency Ambulance Service, Inc.

1987 Summary of Services Provided to Pembroke Residents by the Suncook Area Center Belknap-Merrimack Community Action Program

SERVICES	UNITS OF SERVICE	# OF HOUSEHOLDS/ PERSONS	VALUE
CONGREGATE MEALS - All senior citizens are welcome to our congregate meal site for nutritious hot meals, social/recreational activities, and field trips. Value - \$4.13 per meal.	1,387 Meals	24 Persons	\$ 5,728.31
MEALS-ON-WHEELS - Provides the delivery of nutritionally-balanced hot meals to homebound elderly or adult residents five days per week. Value - \$4.24 per meal.	6,751 Meals	29 Persons	28,624.24
SENIOR COMPANION PROGRAM - Provides friendly visiting and respite services for homebound elderly. Income eligible seniors (60+) serve as companions. Value to companions include mileage, weekly stipend (\$3.48 per unit). Value to visitees is compared to similar private services (\$4.50 per unit/hour).	1,220 Volunteer Hours	1 Person	4,245.60
FUEL ASSISTANCE - Income-eligible households, particularly the elderly, are assisted with energy costs during the heating season. The average assistance per household is \$498.56.	217 Applications	217 Households	108,187.52
WEATHERIZATION - Improves the energy efficiency of income eligible households through the application of caulking, weatherstripping, insulation and roof and furnace repair/replacement. Value includes materials and labor costs. \$801.44 average support costs.	5 Homes	5 Households	5,490.78 (materials)
PERSONAL EMERGENCY RESPONSE SYSTEM - Provides automated emergency response equipment to income eligible elderly, disabled and medically at-risk individuals who are physically or socially isolated. Value based on cost for similar private service. \$20.00 per month.	1 Unit	1 Person	240.00
WOMEN, INFANTS AND CHILDREN - Provides for specific foods to supplement the daily diet of pregnant or nursing women as well as children under 5. Participants receive medical and nutritional screening, counseling and education. Value includes monetary value of vouchers and clinical services. \$31.00 per unit.	260 voucher 260 packets	72 Households	8,060.00

SERVICES	UNITS OF SERVICE	# OF HOUSEHOLDS/ PERSONS	VALUE
HEAD START - This child development program serves children before they enter public school. Provides classroom and in-home learning services for both children and their families. Value - \$2,489.00 per child, per year.	5 Children	9 Persons	\$ 12,445.00
RURAL TRANSPORTATION — Provides regularly scheduled transportation to and from towns in Belknap and Merrimack Counties to medical and professional facilities, shopping centers and congregate meal sites. Value - \$2.43 per ride.	426 Rides	55 Persons	1,035.18
USDA COMMODITY FOODS - Distribution of Federal Surplus Foods to income eligible people through scheduled mass distributions. Value of Cheese - \$6.63/5 lb. block Value of Butter - \$1.44/1 lb. block Value of Dry Milk - \$3.83/4 lb. box Value of Rice - \$.29/2 lb. bag Value of Corn Meal - \$.57/5 lb. bag Value of Flour - \$.55/5 lb. bag Rounds, I, II, III and IV	1,943 Cheese 1,187 Butter 794 Dry Milk 392 Bags Rice 27 Bags Corn Meal 83 Bags Flour	1,943 Households 3,027 Persons	12,882.09 (Cheese) 1,709.28 (Butter) 3,041.02 (Dry Milk) 113.68 (Rice) 15.39 (Corn Meal) 45.65 (Flour)
EMERGENCY FOOD PANTRIES - Provides up to three days of food for people facing temporary food crisis. Value - \$2.25 per meal.	2,983 Meals	735 Persons	6,711.75
CLOTHING ASSISTANCE - Provides locally donated clothing to families in need. Value - \$25.00 per family.	842 Units	842 Households	21,050.00
INFORMATION AND REFERRAL - CAP provides utility, landlord/tenant, legal and health counseling, as well as referrals for housing, transportation and other concerns to anyone in need. Value of service varies from client to client.	2,406 Units	2,406 Persons	---

Concord Regional Visiting Nurse Association Annual Report to the Town of Pembroke

The Concord Regional Visiting Nurse Association continues to offer three major health services to the residents of Pembroke: Home Care, Hospice, and Health Promotion.

Home Care Services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional and paraprofessional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functioning of the patient within the least restrictive setting.

Hospice Services provide professional and paraprofessional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's remaining life by helping he/she remain at home in comfort and dignity. Emphasis is on pain and symptom management and skilled intervention to meet the patient's special physical and emotional needs.

Health Promotion Services focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate, or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Services rendered in the clinic setting are: child health, family planning, sexually transmitted disease, adult screening, immunizations, and HIV testing and counseling. Home visits are made in crisis situations or when needed health care cannot be given in the clinic. Senior Health services are provided at congregate housing sites. Professional and paraprofessional hourly home services are provided on a private fee-for-services basis. Emphasis is on promoting healthy children, families, and individuals through early intervention and health teaching.

Health Education and Instruction is part of each home visit or clinic visit.

Anyone in Pembroke may request service; patient, doctor, health facility, pastor, friend or neighbor. All requests are answered, but continuing home care will only be provided with a physician's order.

A call to the Concord Regional Visiting Nurse Association (224-4093) between the hours of 8:00 a.m. - 7:00 p.m. seven days a week is all that is necessary to start services or make inquiries. Hospice staff is on call (224-4093) 7:00 p.m. - 8:00 a.m.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for that person without a health plan who is unable to pay the full charge. However, for fee scaling, federal regulations require a financial statement be completed by the patient or responsible person. Town monies subsidize those visits that are scaled or that no fee is collectible.

This agency is certified as a Medicare/Medicaid Provider, licensed by the State of NH and is a member agency of the United Way of Merrimack County.

Total visits made during the year October 1, 1986 through September 30, 1987.

	No. of Clients	Visits
Home Care	209	1,429
Health Promotion	96	365

One Senior Health Clinic was held.

Pembroke Water Works

212 Main Street
Pembroke, NH 03275-1299

To our fellow citizens:

Again another year has gone and we find ourselves reviewing the past year's work and planning for years to come. As many of you know we, the five commissioners that sit on the Board of Water Commissioners, represent about 100 years of service to our water users. We are proud to serve you and feel that we have done our best in keeping the costs of delivering water down and the quality of the water up. We hope to do the same for years to come.

As we start the 75th anniversary year of Pembroke Water Works we are planning to add an additional water tank to the system and locate it on a hill in Hooksett. This will correct the imbalance in our system and help in raising the water pressure in many parts of Pembroke and Allenstown.

We now serve 3,002 homes and businesses in Pembroke, Allenstown and Hooksett. It may be hard to believe but since the start of 1985, just two years ago, we have added 487 new homes and businesses to our system. In the not to distant future we will be putting a new well on to the system. We have the land and the tests have already been completed so that the only thing remaining is the building and bringing in the pumps to pull the water from the ground. When you need it, we will be ready to provide it.

In the next few months we will be sending you a notice about water quality. Although Pembroke Water meets or exceeds all safety and quality requirements of the Federal Government, EPA requires that we sent you a notice dealing with the dangers of lead in water pipes or in the solder used on pipes in older homes. Don't let the notice alarm you. ALL WATER DEPARTMENTS must sent these notices. PEMBROKE WATER DOES NOT CONTAIN LEAD but we must sent you this notice. Look for it in your mail before June.

Pembroke Water Works
Pembroke, New Hampshire

We have examined the balance sheets of Pembroke Water Works as of December 31, 1987 and 1986, and the related statements of operations and retained earnings and changes in financial position for the years then ended. Our examinations were made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of Pembroke Water Works at December 31, 1987 and 1986, and results of its operations and the changes in its financial position for the years then ended, in conformity with generally accepted accounting principles applied on a consistent basis.

The schedules of operating expenses presented hereinafter were derived from the accounting records tested by us as a part of the auditing procedures followed in our examination of the aforementioned statements of operations and, in our opinion, they are fairly presented in all material respects in relation to the statements of operations taken as a whole, however, they are not necessary for a fair presentation of the results of operations of Pembroke Water Works.

Pembroke Sewer Commission

To: Citizens of the Town of Pembroke

In the fall of 1985 the Pembroke and Allenstown Sewer Commissions agreed to engage the engineering firm Dubois & King Inc. to study and locate sources of groundwater infiltration in our sewer systems. Groundwater infiltration is when water enters the sewer lines through breaks or cracks in the sewer pipes or through damaged or poorly sealed manholes. The first phase of this study was promptly completed that same year. Due to the unusually dry spring of 1986, the second phase was postponed until the spring of 1987 when the high ground water made infiltration flow measurements possible.

The conclusions reached in the infiltration study pointed out that although the Pembroke sewer system has some infiltration, the bulk of the groundwater infiltration is in the Allenstown sewer system.

The Pembroke Sewer Commission is making preparation to inspect, using video cameras, sewers to locate and rectify potential problem areas and make repairs to prevent future problems. We hope to maintain and improve our existing sewer system so that it continues to serve us for years to come. The Pembroke sewer system is now in its eleventh year of use.

Pembroke is currently using approximately one third of its allowed flow capacity in the wastewater treatment plant. Although Pembroke has grown rapidly in the last few years, it is unlikely that Pembroke will reach total capacity for several years.

As always we wish to thank you, the residents of Pembroke, for your continued support

Respectfully submitted,
Pembroke Sewer Commission
Michael Loso, Chairman

Abstract of the Meeting of the Pembroke School District

March 7, 1987 and March 10, 1987

The Pembroke School District Meeting on Saturday, March 7, 1987, was called to order by Moderator Thomas Petit at 10:00 a.m. at the Pembroke Academy auditorium. The reading of the Pembroke School District Warrant was the first order of business.

Article 1. TO HEAR THE REPORTS OF AGENTS, AUDITORS, COMMITTEES, OR OFFICERS CHOSEN, AND TO PASS ANY VOTE RELATING THERETO.

Mr. Paul DeMinico, Superintendent, discussed the administrative changes which have taken place within the district and briefly explained the direction in which the Pembroke Schools will be moving in the year ahead. Ms. Eleanor Harringer, Principal, Pembroke Hill School; Mr. Allen Zipke, Principal, Pembroke Elementary School; and Mrs. Roberta W. Doore, Acting Headmaster, Pembroke Academy; each summarized the activities and changes which had taken place during the year at their respective schools.

Article 2. TO SEE IF THE DISTRICT WILL VOTE TO AUTHORIZE THE SCHOOL BOARD TO ACCEPT GIFTS AND DONATIONS ON BEHALF OF THE SCHOOL DISTRICT.

Donald Hill moved that this article be accepted. Gerald Belanger seconded the motion. The motion was accepted by a voice vote.

Article 3. TO SEE IF THE DISTRICT WILL VOTE TO AUTHORIZE THE SCHOOL BOARD TO ACCEPT AND EXPEND ON BEHALF OF THE DISTRICT A SUM OF MONEY NOT TO EXCEED \$75,892.00 TO BE OBTAINED FROM THE FEDERAL GOVERNMENT OR OTHER SOURCES THAT MAY MAKE SUCH FUNDS AVAILABLE TO THE DISTRICT; PROVIDED THAT THE SCHOOL DISTRICT WILL NOT BE THEREBY REQUIRED TO RAISE ANY MONEY BY LOCAL TAXATION IN THIS OR SUBSEQUENT YEARS AS THE RESULT OF SUCH EXPENDITURE OF \$75,892.00.

Charles Mitchell moved that this article be accepted. Donald Hill seconded the motion. The motion was accepted by a voice vote.

Article 4. TO SEE IF THE DISTRICT WILL VOTE TO AUTHORIZE THE SCHOOL BOARD TO APPLY FOR, ACCEPT, AND EXPEND, WITHOUT FURTHER ACTION BY THE SCHOOL DISTRICT MEETING, MONEY FROM THE STATE, FEDERAL, OR OTHER GOVERNMENTAL UNIT OR A PRIVATE SOURCE WHICH BECOMES AVAILABLE DURING THE 1987-88 SCHOOL FISCAL YEAR, PROVIDED THAT SUCH EXPENDITURE BE MADE FOR PURPOSES FOR WHICH A SCHOOL DISTRICT MAY APPROPRIATE MONEY AND THAT SUCH EXPENDITURE NOT REQUIRE THE EXPENDITURE OF OTHER SCHOOL DISTRICT FUNDS. FURTHER, THAT THE SCHOOL BOARD HOLD A PUBLIC HEARING PRIOR TO ACCEPTING AND SPENDING SUCH MONEY AND HAVE THE APPROVAL OF THE MUNICIPAL BUDGET ACT.

Ryland Weisiger moved that Article 4 be accepted. Donald Hill seconded the motion. The motion was accepted by a voice vote.

Article 5. TO SEE IF THE DISTRICT WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF \$471,175.73 FOR ADDITIONAL COST ITEMS AS SET FORTH IN THE LATEST COLLECTIVE BARGAINING AGREEMENT WITH THE EDUCATION ASSOCIATION OF PEMBROKE FOR THE 1987-88 FISCAL YEAR: AND TO APPROVE THE 3 YEAR CONTRACT (1987-1990) BETWEEN THE PEMBROKE SCHOOL BOARD AND THE EDUCATION ASSOCIATION OF PEMBROKE.

Charles Mitchell made the motion to accept this article. Roy Annis, Sr. seconded the motion. The article was accepted by a voice vote.

Article 6. TO DETERMINE AND APPOINT THE SALARIES OF THE SCHOOL BOARD AND TRUANT OFFICER, AND FIX THE COMPENSATION OF ANY OTHER OFFICERS OR AGENTS OF THE DISTRICT.

Thomas Petit, Moderator, asked that Article 6 be combined with Article 7.

Article 7. TO SEE WHAT SUM OF MONEY THE DISTRICT WILL RAISE AND APPROPRIATE FOR THE SUPPORT OF SCHOOLS, FOR THE PAYMENT OF SALARIES AND BENEFITS FOR SCHOOL DISTRICT OFFICIALS AND AGENTS AND FOR THE PAYMENT OF STATUTORY OBLIGATIONS OF THE DISTRICT.

Donald Hill, Chairman of the Budget Committee, discussed the major changes in the 1987-88 Pembroke School District budget.

Donald Hill moved to adopt the budget of \$5,593,212.00 as presented. John Fillmore seconded the motion.

Gerald Fleury asked if, in the future, it would be possible to have a comparison of per student costs from one year to the next. Gerald Belander explained that preventative maintenance was very important and that if cuts in the maintenance budget continued, that much improved condition of the facilities could not be maintained. Next year, many of the same items cut from this year's maintenance budget will be requested again.

Both articles 6 and 7 were accepted by voice vote.

Article 8. TO CHOOSE AGENTS AND COMMITTEES IN RELATION TO ANY SUBJECTS EMBRACED IN THE WARRANT.

There being none, this article was passed over.

Article 9. TO TRANSACT ANY OTHER BUSINESS THAT MAY LEGALLY COME BEFORE SAID MEETING.

Mrs. June Cote read a proclamation honoring Gerald Belanger for the nine years he served on the Pembroke School Board. Stanley Grimes, on behalf of the Pembroke School Board, presented Gerald Belanger with a plaque in appreciation for serving nine years on the Board.

Chester Martel moved to adjourn the meeting. Motion was seconded by Donald Hill. The motion to adjourn was passed by a voice vote. The Pembroke School District Meeting was adjourned at 11:30 a.m.

The meeting on Tuesday, March 10, 1987, was called to order by Moderator Thomas Petit at 7:00 a.m. The Moderator read the School District Warrant. Patricia Bonenfant made the motion to open the polls and Harole Paulsen seconded the motion. The polls were declared open until 6:00 p.m. for the purpose of electing school board members and school district officers. The checklist was used with the following checklist supervisors and assistants attending: Henry Laramie, Arthur Fowler, Barbara Payne, Louise Roberts, Edward Currier, Maurice Lavoie, John Fillmore, Jr., Roland Young, Jr., and Mason Donaghey.

1. To choose a Moderator for the ensuing year.
Thomas E. Petit - 510 (elected)
2. To choose a clerk for the ensuing year.
Robert W. Doore - 470 (elected)
3. To choose two members of the School Board for the ensuing three years.
Joe R. Burkholder - 176
June F. Cote - 520 (elected)
Clinton A. Hanson, Jr. - 274 (elected)
4. To choose a treasurer for the ensuing year.
Helen Fryer - 477 (elected)

The polls were closed at 6:00 p.m. with 558 regular ballots cast and no absentee ballots. Tellers to count were: Barbara Payne, Robert Payne, Henry Laramie, Roland Young, Jr., and Darryl Borgman.

Respectfully submitted,
Roberta W. Doore
School District Clerk

Pembroke School Board

Pembroke School District Warrant

TO THE INHABITANTS OF THE SCHOOL DISTRICT IN THE TOWN OF PEMBROKE, QUALIFIED TO VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet at Pembroke Academy in said District on the 5th day of March, 1988 at 1:00 P.M. to act upon the following subjects:

1. To see if the District will vote to raise and appropriate the sum of \$6,300,000.00 for the construction and original equipping and supplying of a new Pembroke Middle School, said sum to be in addition to any federal, state, or private funds made available therefor, and to authorize issuance of not more than \$6,300,000.00 of bonds or notes therefor in accordance with the Municipal Finance Act (RSA Chapter 33); to authorize the School Board to contract or apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable for said projects and to comply with tall laws applicable to said project and to authorize the School Board to negotiate and issue such bonds or notes and to determine the rate of interest thereon and the maturity and other terms thereof; furthermore to authorize the School Board to use interest earned from short-term investment of bond or note proceeds to apply to the cost of construction, equipment, and furnishings of the project, and further, to authorize the School Board to take any and all action necessary to carry out any vote hereunder and to take any other action relative thereto. (2/3 ballot vote required) (Budget Committee recommends approval)

2. To see if the District will vote to raise and appropriate the sum of \$500,000.00 for the purpose of constructing athletic facilities at Pembroke Academy to include track facilities, soccer and other athletic fields, and tennis courts and to construct additional parking lot at Pembroke Academy, said sum to be in addition to any federal, state or private funds made available thereof, and to authorize issuance of not more than \$500,000.00 of bonds or notes therefor in accordance with the Municipal Finance Act (RSA Chapter 33); to authorize the School Board to contract or apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project and to authorize the School Board to negotiate and issue such bonds or notes an to determine the rate of interest thereon and the maturity and other terms thereof, furthermore to authorize the School Board to use interest earned from short-term investment of bond or note proceeds to apply to the cost of construction, equipment, and furnishings of the project, and further, to authorize the School Board to take any and all action necessary to carry out any votae hereunder and to take any other action relative thereto. (2/3 ballot vote required) (Budget Committee recommends approval)

3. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and to pass any vote relating thereto.

4. To see if the District will vote to authorize the School Board to accept gifts and donations from any source on behalf of the School District.

5. To see if the District will vote to authorize the School Board to accept and expend on behalf of the District a sum of money not to exceed \$80,907.00 to be obtained from the Federal Government or other sources that may make such funds available to the District; provided that the School District will not be thereby required to raise any money be local taxation in this or subsequent years as the result of such expenditure of \$80,907.00. (Budget Committee recommends approval)

6. To see if the District will vote to authorize the School Board to apply for, accept, and expend, without further action by the School District Meeting, money from the state, including N.H. Sweepstakes Surplus, federal, or other governmental unit or a private source which becomes available during the 1988-89 school fiscal year, provided that such expenditure be made for purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money and have the approval of the Municipal Budget Committee.

7. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.

8. To see if the District will vote to raise and appropriate the sum of \$71,963.00 for the purpose of establishing a half day public kindergarten for all eligible children in the district. The program will be voluntary for all children. The sum will provide equipment, supplies and staffing. (Budget Committee recommends approval)

9. To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries and benefits for school district officials and agents and for the payment of statutory obligations of the District.

10. To choose Agents and Committees in relation to any subjects embraced in the District.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Pembroke this 18th day of February, 1988

The School Board
Pembroke School Board
Suncook, New Hampshire 03275

Members of The Board:

I have examined the financial statements of the various funds and account groups of the Pembroke School District for the year ended June 30, 1987 and have issued my report thereon, dated September 20, 1987. As part of my examination, I reviewed and tested the District's system of internal accounting controls to the extent I considered necessary to evaluate the systems as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon to determine the nature, timing and extent of such auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal control is to provide reasonable but not absolute assurance as to safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily required estimates and judgments by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect to the estimates and judgments required in the preparation of financial statements. Further projection of any evaluation of internal accounting control to future periods is subject to the risk that procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

My study and evaluation of the District's system of internal accounting control for the year ended June 30, 1987 which was set forth in the first paragraph, would not necessarily disclose all weaknesses in the system nor detect fraud, if any should exist.

The following conditions, while not material weaknesses in internal accounting control merit your consideration.

1. INVENTORY OF FIXED ASSETS

As in the practice with many New Hampshire School Districts, the Pembroke School District has not maintained a record of its fixed assets. In order to adequately maintain control of its existing fixed assets, we recommend the district cause an inventory of these assets as soon as practical. As part of their long-term policies, District officials should initiate fixed asset records. Cost or consideration given is the general accepted method for valuing fixed assets, and should be recorded on all new acquisitions. Where adequate documentation of cost is unavailable for existing fixed assets, an estimate of the original cost is an acceptable standard under accounting principles for governmental entities. The existence of fixed asset records will not only aid district officials in their control of these assets, but should be an invaluable tool in long-range planning.

2. SCHOOL LUNCH SALES

Very little control exists over School Lunch Sales receipts. I recommend that the District investigate the feasibility of implementing control mechanisms at the point of sale.

3. STUDENT ACTIVITY FUNDS

Included in the Student Activities Funds is the athletic account, sums are transferred from the General Fund to this account and individual checks are issued from the athletic account to referees and umpires at the time the games are played. This activity should be accounted for under the General Fund.

4. PURCHASE ORDERS

Presently purchase orders are being issued at many different areas by anyone who needs to purchase materials. It is recommended that the purchase order issuance be centralized and persons needing to purchase materials submit a request for a purchase order.

PUBLICATION REQUIREMENT

The provisions of R.S.A. 71-A:21 require that only this shall be published in the next annual report of the School District.

However, we suggest that you consider the publication of the entire report which includes auditor's opinion, financial statements and notes to financial statements. No portion of either the auditor's opinion, financial statements or notes to financial statements may be published separately.

I extend my thanks to the officials and employees of Pembroke School District for their assurances during the course of my audit.

Very truly yours,
Brent W. Washburn, CPA

Report of the Superintendent of Schools

Growth in school enrollment combined with the newly adopted state recommended elementary standards continue to be the major issues facing the school community. The Pembroke School Board has been engaged during the past eight years in an ongoing process of assessing and upgrading school facilities to meet both changing educational demands and growth of our community. With the advice and assistance of the Space Needs Study Committee and of the Building Committee, the School Board proposes Phase III of its long range building program which is the construction of a new middle school on Pembroke Academy property. As you may recall, Phase I of the long range building plan included the renovation of Pembroke Academy. This was completed in 1983. Phase II was the substantial addition to the Pembroke Hill School which was completed in 1986. The School Board now focuses its attention on Phase III, the High Street School, Pembroke's oldest facility which currently houses students of grades 6-8. The Building Committee which deliberated throughout the fall recently submitted a report to the Pembroke School Board unanimously recommending construction of a new facility to house the middle school students. The facility located on the Pembroke Academy site east of the former Cass property and fire station, is designed for approximately 375 students and will meet all state standards and local program requirements for a middle school. The members of the building committee worked very hard throughout the year and, on behalf of the Pembroke School Board, I would like to extend my sincerest appreciation to all the members of the committee for their fine work.

On another space related topic and because all five school districts of SAU #53 are experiencing similar space issues, an SAU wide space needs study committee was organized to begin the investigation of a cooperative or an authorized regional A.R.E.A. (A.R.E.A.) at the middle grade level. All five towns of SAU #53 were represented on the committee which organized itself into three subcommittees; enrollment and statistics, curriculum and organization (benefits of cooperative vs. A.R.E.A.). The committee's consensus of opinion was that a proposal to construct any type of A.R.E.A. or cooperative middle school based upon information collected by the committee at this time would be unrealistic. The committee further stated that, in its opinion, a proposal for a joint venture at this time will not be embraced by the voters of the member towns. The committee is in recess and will reconvene later this spring.

On behalf of the SAU #53 School Board, I would like to thank the members of the committee for their work and their willingness to continue their work late this spring. The members of the SAU Cooperative/A.R.E.A. Committee are: Allenstown - Chairman Frank Danieli, Leigh McDonnell, Donald Coulesey; Chichester - Jane Welch; Deerfield - Joan Bilodeau, John Brinkler, Dennis Kuczewski; Epsom - Gary Benner, Thomas Lalish; Pembroke - Jerry Fleury, Stanley Grimes, Ronald Rush.

While the Board and the SAU staff have grappled with the space issues, the teachers, principals and support staff of the Pembroke School District have been very active in providing the children of Pembroke with the very best in service and in program. Many after school and weekend hours have been spent in the development of curricula, specifically in the A.R.E.A.s of writing, language arts and mathematics. The teachers and staff of the Pembroke School District deserve to be recognized and commended for their superior effort directed toward the development of programs and for their genuine concern for the children of Pembroke.

In addition to these program development activities, the School Board has requested that a review of the teachers evaluation process be undertaken. With the assistance of a consultant, the teachers, the principals, and a representative from the SAU office work on the review and revision of a supervision and evaluation model has begun. Additional training for principals and department heads will be conducted once the model is completed. It is expected that the end result will be improvement of instruction and identification of successful teaching practices.

The 1987 fall standardized test scores indicate that students in grades 4, 8 and 10 are scoring generally above national averages. Specific A.R.E.A.s of increase over last year's achievement results are reading at the 4th and 8th grade level. Much time has been devoted to the analysis of these test scores and as presented to you last year in my report, I offer the following cautionary note when one interprets and uses the results of test scores.

. . . standardized test scores are just one component in evaluating school effectiveness. Various factors enter into fluctuating test scores which may include: matching what is taught with what is tested, the number of students taking the test, the ability of students taking the test, the conditions in which the test was administered, and the amount of time spent preparing students on how to take standardized tests. The list is certainly not all inclusive. I bring this information to your attention so that judgements are not made on the success or lack of success of your school's based exclusively on test scores in a given year.

Upward trends in test scores (over time) along with declining drop out rates, increased enrollment in honor classes, improved reading scores, increased post secondard school admissions, increased student leisure time in academic pursuits (i.e. reading, computer), and increased interest in school activities show a more accurate picture which reflects a positive evaluation. If these trends are reversed, the picture would be negative. If trends are mixed, so is the picture. The point is that goals in education are complex and the measure of the success or failure of such goals is complex as well. When we look at the Pembroke picture, in its entirety, we have much to be proud of.

Chapter I, a federally funded program under the direction of Ms. Janet Snyder of SAU #53, continues to provide Pembroke students remediation in the A.R.E.A.s of reading and mathematics. These remedial instructional activities are intended to assist previously identified youngsters on site at the Hill School, High Street School and at Pembroke Academy. Presently \$21,515.86 in federal funds are used for the hire of 3 Chapter I tutors and for the purchase of instructional materials and equipment to assist youngsters in their learning. The Chapter I program serves a total of 56 students in grades 1-10. Federal funding for the 1988-89 school year is expected to continue and the same level of services are expected to be maintained.

While on the topic of grants and funding from out-of-district sources, the Pembroke School District recently (January 15, 1988) received approval of its grant proposal for the purchase of computers for teachers sponsored by the Governor's Initiative for Excellence program. This two-for-one dollar match will provide the Pembroke School District approximately \$50,000.00 in state funds for the purchase of computers for teachers and for the training of teachers in the use of this technology. The intent of the program is to assist teachers in effectively performing their professional responsibilities. A public hearing will be held during the spring semester to provide the taxpayers further information on the use of these funds.

The district's newly reorganized PALS program has been very active this year, especially with the new Hill School playground project. Citizen participation in an organized form such as PALS or in other forms such as periodic volunteerism in the Pembroke schools, is one very important factor for the success of the schools. I thank you all for your involvement in the schools and wish to encourage others to participate. Please feel free to contact the co-chairs of PALS, Mrs. Cindy Little or Mrs. Janet Dumas, or the school principal should you wish to become more active in your schools.

I am pleased to bring to your attention the hire of two very capable assistant superintendents who have worked tirelessly throughout this school year to provide the school districts of SAU #53 service and expertise in curriculum, instruction and financial management. Mr. Thomas Haley was elected in June to serve as assistant superintendent of schools. Tom's primary responsibility is to assist the school districts in curriculum, instruction and evaluation of programs. As most of you know, Tom came to the SAU office from Pembroke Academy where he served as Headmaster since February, 1982. Tom is certified as an assistant superintendent in the State of New Hampshire and is presently completing a certification of advanced graduate study (C.A.G.S.) from the University of New Hampshire. A native of Massachusetts, Tom has outstanding experiences as a teacher and school administrator prior to his move to Pembroke. Tom resides in Pembroke with his wife, Jean, and their two young children, Kate and Cara. Mr. Jack Henderson was elected in June to serve as assistant superintendent for business.

Jack has a strong academic background in business and personnel management, with master's degree in both area. He is certified as a New Hampshire assistant superintendent. Jack's past experiences as teacher, naval officer, town administrator and school business administrator, make him a very valuable addition to this office. Jack and his wife, Susan, and their two sons, Todd and Shawn, reside in Alton Bay.

Because of Tom Haley's change in responsibilities, the Pembroke School Board approved the hire of Mrs. Roberta Doore as its interim headmaster for the 1987-88 school year. Mrs. Doore assumed the interim headmaster's responsibilities when Mr. Haley took over as interim assistant superintendent at the SAU Office in January of 1987. I would like to extend my sincerest appreciation for the very fine job Bobbi Doore has done during this interim period. I also wish to inform you that the Pembroke School Board has charged a screening committee to review applications for the selection of a new headmaster for entry by July 1, 1988. The nomination and election of the new headmaster will take place by April, 1988.

I thank you for your support during my first year as your superintendent and look forward to working with you providing the very best for the children of Pembroke.

Respectfully Submitted,
Paul DeMinico, Ed.D.
Superintendent of Schools

Pembroke Academy Headmaster's Report 1988

Pembroke Academy faculty and students arrived at school the week before Labor Day and began a smooth transition into a new school year. I assumed the position of Interim Headmaster on January 5, 1987 after Mr. Tom Haley became the Interim Assistant Superintendent. Since that time Mr. Haley has been named Assistant Superintendent of Schools and I have continued as Interim Headmaster while the search for a permanent headmaster continues. All courses required by the new state standards are being offered to students this year. The writing and literature elective program in English has enriched the offerings to our students. In addition to the physical education required program, an elective physical education course is being offered. Students returned to Pembroke Academy and discovered a Writing Center staffed during the school day by teachers from a variety of disciplines. Students from all classes are encouraged to visit the center to get help in all phases of the writing process. Several new electives in the social studies curriculum allow students increased flexibility when meeting requirements in this area. Computer literacy may be gained by taking one of several courses being offered to students this year.

Curriculum review is an ongoing process in every discipline. Emphasis this year was placed on curriculum study in the areas of Mathematics and Language Arts. All students at the Academy, with the exception of the class of 1988, are following the requirements of the new high school standards. The Academy continues to be a fully approved high school as rated by the State Department of Education. We also are accredited by the New England Association of Schools and Colleges.

In June 1987, we graduated 153 seniors with 40 of our seniors also receiving Certificated of Proficiency from the Regional Vocational School in Concord. Just under 50% chose to continue their education at the post-secondary level.

Our students have continued to perform well on the SAT's. This year's results on the verbal section were 446 and on the math section were 462, as compared with last year's results of 462 and 508 respectively.

We are concerned about the alcohol and substance abuse problems which directly and indirectly affect our students and are continuously working to provide information to and assistance for our students. Pembroke Academy received grants from the New Hampshire Public Health Trust and from the State of New Hampshire which have helped us continue our efforts in this area. We held a seminar for a cross section of our community and have met with many professionals in order to develop an ongoing program to better assist our students.

We are continuing to monitor our student dropout figures, which are well below the state levels, and will continue to work with the "at risk" students to improve these figures. Pembroke Academy's rate was 12% over a typical class' four high school year period. The state average is just under 25%.

The faculty at Pembroke Academy has remained stable with only four changes for this school year; Ms. Deborah Brousseau, Special Education Liaison; Mrs. Jane Vaitkunas, Math; and Mr. Peter Mehegan, French; and Mrs. Paula Bailey, part-time French/Spanish. New positions added include: Mr. Richard Pickering, Physical Education/Science and Mr. Lloyd Wescott, Humanities. Mrs. Virginia St. Martin, Home Economics, is filling a position made available by a leave of absence.

Pembroke Academy was chosen to be part of a federally funded program called JAGS (Jobs for American Graduates). This program is designed to assist New Hampshire high school seniors with the transition from school to work. It uses career awareness and job preparation as its objectives. Mrs. Barbara Burns, Job Specialist, works with our students in this program.

Again this year the opportunity for international travel was made available to our students. In April, a group of Academy students accompanied by a faculty member, three parents and two members of the community spent five days touring England and then traveled to France where they toured for five days before returning home. At the same time another group of students accompanied by two members of the faculty visited England and concentrated on the theatre and Shakespeare related activities. Both groups have been meeting and making plans for another trip next year. Pembroke Academy has continued to support an active foreign exchange student program. This year we have hosted students from Finland, Austria, Denmark and Spain.

Pembroke Academy students have been active in class, club, and athletic activities and have brought recognition to the Academy and themselves through their efforts. Student artwork was entered in the Boston Globe art contest and a Gold Key Award was earned. Student artwork was displayed at Notre Dame College and at the Family Bank and Trust. Two students won \$500 awards in an essay contest sponsored by the Boston Globe. An honors course entitled "The Scientist as a Humanist" is being piloted at Hopkinton High School this spring. An Academy senior was one of twelve area students selected to attend this challenging program. We had three students attend St. Paul's Advanced Studies Program for six weeks in the summer. Two of these students are attending St. Paul's School during the school year in order to take advanced mathematics courses. An energy fair was held in our gymnasium. Over 250 students displayed their projects which demonstrated alternative sources of energy. Pembroke Academy musicians participated in the All-State Music Festival.

Student artwork was displayed and our jazz band performed at the Christa McAuliffe Education Festival. Eight students were inducted into the Whittemore Chapter of the National Honor Society. Two students were designated as "high scorers" by the National Merit Scholarship Board.

Pembroke Academy's athletic program has continued its outstanding reputation. Both the boys' and girls' varsity basketball teams earned places in the Class I tournaments. The girls' varsity softball team also earned a tournament place. For the first time, Pembroke Academy fielded a girls' JV soccer team. This was a most popular sport and they had a good season. The varsity field hockey team won a playoff game which earned it a place in the Class I tournament. In addition to the above sports, the Academy offers cross country, basketball, and track and field. Many athletes received recognition for their achievements throughout the year. Our varsity cheerleaders won first place trophies in both the cheerleading and the dance competitions.

The Drama Club joined forces with Concord High School and presented two one-act plays. In the spring they entered the one-act play competition at Plymouth State College. One of our members received the "Actress of the Year" award. Foreign language clubs held a variety of scholarship fund raisers. They also sponsored a foreign language week festival of activities to promote awareness of foreign languages. Latin students celebrated the Ides of March at an archaeological "dig". The Future Business Leaders of America chapter was honored for being one of the top five chapters in the State. Our local advisor was selected as "Advisor of the Year". Again this year Pembroke Academy has a state officer. A Pembroke senior was elected North Atlantic Regional Vice President of DECA. Having graduated, she is now working in the North Atlantic Region for DECA for one year.

The student senate sponsored two successful blood mobiles during the year. This group also organized a successful winter carnival week. The Key Club sponsored a Thanksgiving dinner for over 350 senior citizens. Pembroke Academy was represented at the annual World Affairs Senior for students which was held in Whitewater, Wisconsin. This event was sponsored by the Hooksett Rotary Club. We also sent representatives to the Hugh O'Brien Youth Leadership seminar and to both the Girls State and Boys State Conferences.

Our peer counselor group has continued to be recognized for its excellent training and its members are available to assist fellow students as needed. This group has made several appearances at other schools to assist these schools in starting similar programs.

Last year our junior class officers and their advisor planned and sponsored the first Academy chemical free after prom party. Students spent the night at the YMCA enjoying the pool and other facilities. Following these activities the group went out for breakfast before returning home via school bus.

During the year Pembroke Academy received the donation of an electric organ. The Academy and its music department appreciates this generous gift given by Mr. Andre St. Germain of Pembroke.

As you can see Pembroke Academy continues to provide both academic and extracurricular challenges for its students. I would like to thank the community, the Pembroke School Board, the Administrator and the staff and students for their support during my year as interim headmaster at Pembroke Academy.

Respectfully submitted,
Roberta W. Doore

Pembroke High Street School

Principal's Report 1987

The staff at Pembroke High Street School continues to work to provide a comprehensive program for the young adolescents of Pembroke. It is through a committed staff that we have such a fine program. Staff works hard not only in the classroom, but also in areas such as extracurricular activities, curriculum development, grant writing, school improvement committees, and self-improvement. Everyone is concerned with providing both a quality educational program and assisting students to work through the problems of "growing up".

Space and building inadequacies are having detrimental effects on the program we can offer to 6th-8th graders. The current High Street facility presents limitations to providing a full middle school program. Current difficulties include:

- undersized classrooms for 6th-8th grade students
- undersized and inadequately designed art and music rooms
- no lab facilities for science
- inadequate and undersized facilities for special education
- no athletic field
- limited gym use due to shared cafeteria use
- no space for industrial arts
- no space for home economics
- undersized media center (library and computers)
- no handicapped access to 1987 building
- no room for additional classrooms; every space is currently used

Several years ago we were forced to hold classes in the locker rooms and hallways due to overcrowding. Movement of the 4th and 5th grades to the Hill School temporarily alleviated that situation. Increase growth in Pembroke has once again brought us to a crowded situation. Despite these physical limitations many positive events have occurred at Pembroke High Street School.

Last spring the High Street School participated in an evaluation of our Health/Personal Development Program through the New England School Development Education Council. Educators from other middle schools in New England visited our school, talked to staff and students, and visited classes, their evaluation was very complimentary and concluded that our program provided an excellent comprehensive coverage of health and developmental topics important to young adolescents.

This fall we were successful in our application for a grant through the Artist's in Residence Program. This program places professional, practicing artists in schools to enhance the learning environment. A poet and short story writer spent ten weeks working with students at our school. Students worked on their writing and concluded the experience with a poetry reading. Student's work was collected in book form.

Extracurricular activities provide an important dimension to school life. In addition to social and athletic activities, staff offer students the opportunity to participate in such activities as art club, drama club, computer club, ski club, yearbook, newspaper, student government, and math club. The math club is a new activity this year. Students interested in math have the opportunity to compete against students in other schools in the state.

Curriculum is continually examined for grades R-12 in Pembroke. This year the focus was on math and language arts. A committee comprised of teachers from all Pembroke schools examined materials covered and methods and materials used. The result is a written curriculum describing the various skills and knowledge students should cover at each grade level.

New state standards require students to have a basic knowledge of computers prior to graduation from high school. Last summer a committee from the High Street School wrote a computer curriculum that was accepted by the state. The curriculum provides a sequence of instruction from grade 6-8 in computers. Students successfully completing the instruction will meet the state requirements prior to entering 9th grade.

I would like to thank Dr. Paul DeMinico, our Superintendent, and the staff of the Central Office for their encouragement and advice. I also want to thank members of the School Board, parents, and community members for their support of education in Pembroke.

Respectfully submitted,
Allen Zipke, Principal

The staff at Pembroke High Street School for 1987-88 is listed below:

John Farese	Counselor	Harry Dean
Kathy Weisiger	Librarian	LUNCHROOM PERSONNEL
Geraldine Perron	Nurse	Jeannine Nagle
Sandy Barlow	Library Assistant	Teresa Torres
Carolyn Patterson	Secretary	

Pembroke Hill School Principal's Report 1987

The new addition at Pembroke Hill continues to be a challenge as enrollment grows. September reached a high of 468 students, an increase of 55 over June's figures. This growth increased our classrooms to 23, making the grade level structure change yearly. The enrollment and grade structure as we ended December 1987 was: 4 Readiness classes/60 students; 5 Grade 1 classes with 104 students; 4 Grade 2 classes with 81 students; 4 Grade 3 classes with 85 students; 3 Grade 4 classes with 59 students; and 3 Grade 5 classes with 76 students; an overall total of 465 students.

This increased enrollment and need for ancillary classrooms added a modular unit to our building to support our Music and Art Programs. As we grow, we continue to utilize all possible space and offer a quality program to all students.

While students and staff continue to progress and grow in the academic areas of education, parents have been instrumental in two big programs this past year. Barbara Chase coordinated the installation of our new playground that has been the big excitement at Pembroke Hill this year. Linda Johnson has worked very hard to coordinate a Volunteer Program that has been very active and growing in hours by the month. It is always exciting to see parents working with children in our classrooms.

My staff continued in different positions this year, and we welcome a few new people to our staff. Welcome to Kevin Wason in Guidance, Emily Haywood in Speech and Ruth Ross in Chapter I. Welcome back to Loretta Gagne and Anna Marie Varsalone who were on leave last year.

I would like to say thank you to all the staff at Pembroke Hill for their hard work and special concern for children. Teachers are not only active daily with your children, but continue to grow professionally as they attend workshops and conferences to keep up with current trends and programs. The Pembroke Hill teachers are very progressive and child-centered. I am proud of them and what they do for your children.

Thank you to Dr. Paul DeMinico and his staff, the Pembroke School Board and you, our community, for your continued concern and support of our school. It is your interest and help that make Pembroke Hill an exciting, interesting and challenging place to be.
